- Jolyn will contact Junelle at King County and find out their dates for kick-offs. In process

Subcommittee Reports

Training, Recognition, Agency Fairs, Procurement

- We will have our first training committee meeting this week.
- **We still need additional committee members! We don't have anyone signed up for procurement.** Given the current size of the committee, we may need to double up on volunteer roles in the short run.

Outreach & Learning

We are pleased to welcome Julian Yaeger to the Committee. He has been working at the United Way in Customer Service for 2.5 years and was the LE from United Way this fall where he caught the fundraising bug! Julian has a background in political work and lives with his wife and almost 1 year-old in Ballard.
