Mr. Bennett Creech of Cowlitz county, applied through his agent, Mr. Burbank, of the Council, for the refunding of \$137, paid by him in 1857, to Mr. Garfield.

A remarkable letter to be written by an officer whose duty it is to sit in judgment in contested cases.

Mr. Creech, not being able to hold the claim, wishes the money refunded, and Mr. Garfield promised Mr. Burbank to pay it immediately, but now refuses to do so.

The whole of the sums above mentioned, as we can show by Mr. Garfield's own receipts and acknowledgments, were paid to him, with the exceptions of \$258.

It is difficult to ascertain in what capacity he holds, and "where the little jokers lie," and impossible to understand why he should now, after a delay of three years, consult the Commissioner on private deposits, of which the Commissioner knows nothing whatever, and for which the Government cannot be made responsible.

With regard to the circulation of a report of cruelty to an orphan boy, neither I, or any of the gentlemen with whom I associate, have ever heard of it before, and I cannot regard it in any other light than an invention to call attention from other charges.

ISAAC W. SMITH, Register. LAND OFFICE, OLYMPIA, W. T., Jan. 31, 1861.

I hereby certify that the foregoing statement, so far as the same relates to the payments made by the parties therein specified, is strictly true, and that the sum of \$1648.00 remains unpaid and I further certify, that no part of said sum (\$1648.00) has been accounted for on the books of the Receiver; and that said payments were contrary to the instructions of the Commissioner of the General Land Office in this office.

The Christian Enquirer has the following characterization of an eminent preacher of New York, Rev. J. P. Thompson, D. D.:

Dr. Thompson's whole view of existence is drawn from the New York courts, the Tombs, and Wall street. God is simply an infinite judge of a New York court of appeals; life is simply a criminal court room; man is a culprit at the dock; and future retribution is the shadow of the galows eternally projected into futurity, with the Deity figuring as high sheriff in the perpetual act of capital punishment.

Dr. Thompson cannot conceive of man in any other capacity than a criminal on trial for his life, or human existence as anything but a judicial drama, or the Infinite Love acting otherwise than as a judge on the bench. We do not blame the Doctor for this misconception; we only think he has chosen the wrong profession in life.

Mrs. Winslow, An experienced nurse and Female Physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething, by softening the gums, reducing all inflammation.

Health, Strength and Happiness are obtained by cleansing the blood of its impurities. Blood, we are told, on the highest authority, is the "Life," or at least the medium of Life to the Body; and it is, we know, the great feeder of every part of the frame.

The Americans are a law-ridden people, as the Italians are a priest-ridden people. Dr. Thompson is a good representative of this American habit—a lawyer in the pulpit, who believes in his own method, and is disturbed by no visitations from any region above the world of judicial precedents.

EFFECT OF MUSIC ON THE SICK.—The effect of music upon the sick has been scarcely at all been noticed. In fact its expense, as it is now, as it is now, makes any general application of it out of the question.

One's happiness depends greatly upon the feelings that govern his heart. If sunshine is there, it will radiate out and make everything in the external world beautiful, or at least it will give to surrounding objects a bright side that may be contemplated with pleasure.

Gov. Hicks, of Maryland, positively refuses to call an extra session of the Legislature for fear of secession, as alleged.

The Committee of Thirty-three have rejected Russ' proposition by a vote of 13 to 3.

The New York Tribune of the 28th, says that \$1,000,000 was sent on Friday and \$700,000 on Saturday from the Sub Treasury to defend the South.

Florida advises of the 28th show that four-fifths of the delegates elected to the Convention were in favor of secession.

The allies have taken Peking, and were loaded down with spoils. The Emperor of China had fled from his palace to the Tartary.

SPOT FOR THE UNION.—We clip the following extract from a letter by Hon. Lansing Stout in the Sentinel. It bears date Washington, Nov. 16th:

This is a dark hour for our country. I am a Union man, and both in and out of Congress, every effort shall be made by me for the Union; but I can hardly see how the present condition of affairs can be bettered.

Brown says the "State of Matrimony" is a slave State. As Brown has a ternaugant wife, he certainly ought to know.

Health, Strength and Happiness are obtained by cleansing the blood of its impurities. Blood, we are told, on the highest authority, is the "Life," or at least the medium of Life to the Body; and it is, we know, the great feeder of every part of the frame.

NOTICE TO DONATION CLAIMANTS IN WASHINGTON TERRITORY.

MORE THAN FOURTEEN HUNDRED DONATION PAPERS (Notations and Final Proofs) are now lying in the pigeon holes of the Register's office, from the original surveys, as issued as soon as full and complete copies are made. To do the whole of that work would require the constant labor of the Register from two to three years, provided he had no other duties to perform. But when it is known that two-thirds of his time is occupied with conducting donation and pre-emption cases, persons having donation papers in the office may well look to the Register for the certificates and patents, believing that many would prefer having their donations completed now, rather than wait for the indefinite course of human events, and being well acquainted with the office, I am prepared to write out papers and prepare certificates for claimants in all parts of the Territory. I will also attend to the preparation and filing of declaratory statements and final proofs for pre-emption, and drawing maps of claims and townships. For preparing the papers and procuring a certificate for a donation claim, WHERE THERE IS NO CONFLICT, my charge is five dollars. For preparing a declaratory statement, and paying the government fee, three dollars. For town-ship maps, five dollars, and claim maps one dollar each. IN ALL CASES THE FEE MUST COME IN ADVANCE. Persons having bought land acquired under the donation law, should be careful to see that the certificates are issued. Address A. M. POE, Olympia, W. T.

My Nursery contains upwards of Thirty Thousand Trees, consisting of Pear, Plum, Cherry and Apple, one to six years from the trees, comprising all the choice and leading varieties, all of which, with very few exceptions, I guarantee to be true to name, as I have most of the varieties now in fruit-bearing in my orchard, and as I wish to dispose of all my present stock before the season, persons intending to purchase themselves with trees would do well to give me a call before purchasing elsewhere.

LONDON CLUB HOUSE GIN.

THIS CELEBRATED GIN—PRETENDING TO nothing but what it is, viz: a pure and unadulterated article, and assuming no artificial merits of what it is not, as some of its rival imitations do—after five years of public approval and very extensive sales in California, has been constantly changing the water as to be superior, not only as a beverage of general use, to any other article competing against it, but is UNRIVALLED IN ITS MEDICAL EFFICIENCY.
