## PUGET SOUND WEEKLY ARGUS SUPPLEMENT.

PORT TOWNSEND, WASHINGTON TERRITORY, JULY 6, 1877.

PORT TOWNSEND.

Accommodation.—The steamer Plantom is to be placed on the route-tween this port and Seattle. She will leave here on Monday and Saturday mornings at the above named hour. Ports Gamble and Ludlow are to be included in the stopping places. There seems to have been some difficulty within the last few months, to get a vessel for this route, that could not be bought off. As the Phantom has been started to accommodate the traveling public, obtaining the necessity of frequently waiting either at Seattle or this port two or three days for the North Pacific, it is hoped she may succeed, and public convenience be suited.

The steamship, City of Panamarrived at Port Townsend, J. F. Chapman, C. M. Brainard, C. V. S. Gibbs, and in steerage; Seattle, E. T. Gage, H. E. Wells & wife, H. B. Peck & wife, Geo. Roberts, Mrs. E. Condon, J. Pache, and 39 others. The following are the receivers of freight. Abgus, 1 pkg., B. S. Miller, 2, Crisenbeis, 20, Chambers & Edmondson, 5, C. C. Bartlett, 20, T. T. Minor, 1, F. W. James, 31, Geo. Barthop, 2, H. L. Tibbals, 2,000, Waterman & Katz, 80, Wm. Korter, 1.

SETTLING Up.—A gentleman who has just arrived from the valley of Pickt river, says that he is going back to make a home there; also that others are going, and in the course of a month there will be in all about 20 settlers on or near the river. This is rapid work in the way of filing up the country with a hardy, industrious and valuable population. Three months ago there were but one or two settlers in the above named?

On Saturday last, the following officers were elected in Mount Back.

On Saturday last, the following officers were elected in Mount Baker Lodge, No. 9, 1. O. of O. F., located in Port Townsend. A. H. Tucker, N. G., H. C. Willison, V. G., H. L. Blanchard, R. Sec., Jas. Jones, Treas.

Services in the Presbyterian Church, of this town, will be con ducted next Sabbath, morning and evening, by Rev. J. B. H. Hewitt. Preaching as usual in St. Paul's Church, by the pastor.

UNION Wharf Co. has determined upon a list of uniform prices to be hereafter charged for the use of the wharf. Take a look at the cards being distributed by them. The new arrangement begins with July 1.

Dr. Power, the recent graduate from Salem, Ogn., has gone into partnership with Dr. Minor, of this place. We wish him all the success that an ambitious young man like him would naturally wish for.

Mn. Thos. Tallentire, of the Argus office formerly of Olympia, has been officially authorized to receive sub-scriptions to the Olympia and Teni-no railroad. He will be pleased to hear from any one.

We are informed of the recent completion of the boat house of the life-saving station at Neeah Bay, by Mr. C.W. Holt, contractor, and Wm. A. McCurdy, superintendent.

SALOON RE-OPENED.—The little saloon on the end of Union wharf has been re-opened by Richard McDonnell, of this place.

CAPT. S. M. Percival, of Olympia has returned from a visit to the Eastern States.

Steele's Pain Eradicator sells at every port on the Sound. It is the best Internal and External Cure for Aches and Pains in the world.

to Jas. Jones will receive by every steamer from San Francisco and up Sound all kinds of small fruit.

Oil Cake Meal. For sale by N. D. Hill.

Just received at Jas. Jones', a large stock of Meerschaum Pipes.

little chance of material aid from England.

Last Saturday's "Review" sums up the political situation, so far as concerns European Turkey, thus:
At the end of a costly campaign, though it may perhaps have been victoriods, Russians will depend on the permission of Austria to effect a permanent conquest in Turkey.

### PUGET SOUND ARGUS.

LOCAL NEWS.

VESSEL NEARLY LOST.—On Saturday last, in the afternoon, just after a heavy blow, and while the sea was still running high, the little schooner "Oreas," 10 70-100 tons burthen, was stranded on the Southwest point of Lopez Island, about 14 miles outside the entrance of Griffin's Bay. The crew immediately went on shore, and made the vesself of the season parted, however, and was carried out to sea by the receding waves. On Sunday morning she was discovered by the steamer "Dispatch," towed back, and beached on the sand, opposite San Juan town. Maj. Blake, to whom we are indebted for the above, informs us that her papers were surrendered to him, on the supposition that the wreck was complete; however it is now thought that with some little trouble she may be set affoat without serious damage. The main loss in the matter is the cargo, valued at \$400. It is entirely gone, and will result in scrious damage to Messrs. Cane & McLaughlin, of the Oreas Island Lime Works, who are also owners of the schooner. VESSEL NEARLY LOST .- On Sat

of the schooner.

MARHEM-At the residence of the bride's parents, New Dungeness, W. T., on Sunday, July 1, 1877, by J. J. Rogers, J. F., Mr. Charles Myers and Miss Maria Rollins. It is no use to grow poetical, or try to sound forth any higher praises than would be conveyed by the simple statement that these two young hearts have begun in a way which, if followed through life, can but incr ase their earthly happiness as present events recede more and more into the dim shades of the past.

What others think.—"Allen Weir, former editor of the Academio Journal, is now editor and proprietor of the "Argus." Our loss is Port Townsend's gain."—"Academic Journal." The paper in which the above complimentary notice appears. io Journal." The paper in which the above complimentary notice appears, is published at Olympia, W. T., by the pupils of the Olympia Union Academy. Said Academy, under the competent management of Prof. Royal, is already one of the most creditable of Washington Territory institutions.

Not Delinquent tax list for Jefferson county, the Shoriff came to us
with a notification that parties whose
property had appeared in the published list had recently settled all
demands, and their names together
with accompanying 'description of
property might be taken out. This
news came just after the press-work
on the page containing said list was
don't for the present week; so that
the parties referred to need not think
anything is wrong.

ox Sunday, the 15th inst., there will be a Church dedication by the M. E. society of this town. Their Church building having been almost entirely re-built, they are prepaing for a formal opening. Rev. C. V. Anthony, of Portland will he in attendance to deliver the dedication sermon; and Revs. A. Atwood, of Scattle, and B. J. Sharp, of Dungeness, are expected to assist in the eremonies.

HAVING has commenced in Dungeness. We noticed quite an amount on Capt. McAlmond's farm, already cut and nearly cured. Crops in the vicinity named are looking splendid. Farmers who have been these long years sighing for better times, are now gracefully stuffing their hands in their pockets and fumbling around among the imaginary twenties that are to occupy those receptacles text fall.

Those Blocks.—Mr. Thos. Jackman, butcher, of this city, claims to have the two largest meat blocks in the United States. They are red fir wood, perfectly round and solid, and measure 5 feet across. They were taken from a log picked up on the beach not far from here, and originally measured 6 feet in diameter, but were reddeed in size to suit convenience.

The startling announcement reach es us this week, that Mr. O. E. Hook-er has discovered coal near Port Disan a this week, that Mr. O. E. Hookerbas discovered coal near Port Discovery Bay. If it be true that good coal can be obtained within ten miles of the above named bay, it will prove an especially fortunate thing for the lower Sound, as being so much easier of access than at any other point, it can be shipped at much larger profit to owners.

CAPT. Frank Tucker, of the Dungeness Light House, does not want travellers to mistake his place for a boarding house. The Capitain is right. He has been seriously imposed upon many a time since his occupancy of the light house. Passengers and freight, hound for Dungeness, would be landed at his place without so much as asking whether he could accommodate them or not.

FINE IMPROVEMENT.—The splen did new warehouse belonging to Messrs Rothschild & Co., having been completed, is now fast filling up with goods. It is a substantial, roomy building restsng upon a wharf running out into the bay, and is one of the many noteworthy evidences, in the line of improvements, of thrift, enterprise and prosperity, lately added to this city.

SUBSTATILL INTROVEMENT.—The structure known as Union Wharf, which has been undergoing repairs for some time past, now has a complete support of new piles in place of the old ones that had done duty so long. To Mr. Hadlock, the contractor and boss workman, much credit is due for the substantial character of the job. The wharf is now in good condition.

A MINTYRE.—We wish to be excused for omitting to make mention in last week's issue, of the completed preparations for a ball on the Fourth. In the rush of business incident to inserting several columns of delinquent tax lists, the item was left out, greatly to our chagrin when, after the press work was done, the mistake was discovered.

Massace was discovered.

According to the eard of Mr. H.
L.Blanchard, attorney-at-law, inserted in last week's issue, it will be
seen that this gentleman is now conducting the law business alone in
this town instead of under the firm
name of Dennison & Blanchard as
formerly. The dissolution of parimership we are told has been completely effected.

Ox Tuesday last, as advertised, bids were received at the Custom House in this town, for furnishing rations and ship chandlery for revenue vessels for the next year. The bid of Rothschild & Co., for furnishing rations, being the lowest, was accepted; that of Mr. O. F. Gerrish, for ship chandlery, being the lowest in its line, was also accepted.

m is ino, was also accepted.

Thuousus some hasty and mistaken source of information, several of the up Sound papers last week published an item, stating that Mr. Murphy, of this town, had committed suicide by cutting his throat. The gentleman mentioned, though by no means well, is still alive and improving in health.

It hardly sounds well to brag, but parties who have lately had job-work done at the Arous office have been so loud in their praise of our new material, and above all of the style in which it is put together, that our foreman is getting to be one of the best natured fellows in existence.

PERSONAL.—It is our pleasant, duty to acknowledge a call this week from Maj. E. W. Blake, of San Juan Island, whose acquaintance we were pleased to make The Major is a very pleasant gentleman; and, it is hoped, will long occup a sacred nook in the circle of our triends.

A GENTLEMAN in Dungeness desires us to men tion the fact that if some one would insert an advertisement of a patent bee-hive, purchasers might be found. Will not some of our scientific farmers in Oregon or California favor us?

Anoruma doson persons have re-cently added their names to the: al-ready voluminous list of victimized Arous patrons. Tell you what, these subscribers coming in by the dozen, help to count up among the stray ones occasionally captured.

THE Vancouver "Independent" is edifying its readers with a "large amount of reading matter, furnished by the sheriff." If it is put in that mild way, the Araus onght to have special claims on the reading public for the next three weeks.

MARKIED.—In Port Townsend, W. T., on the 2nd inst., by J. A. Kuhn, P. J., Mr. Francis Walker and Miss Margaret E. Frazer, both of Port Ludlaw, Jefferson County, W. T.

PORT Discovery mill which has r pairs, is running again, and turn-ing out quantities of lumber.
