TO MEET THE PRESSING WANTS OF many person on Puget Sound needing Medical and Surgical aid, and for comfortable rooms, good care and Moderate Prices, I have fitted up a Hospital, where every convenience and comfort will be provided in convection with experienced and skillful Medical and Surgical attendance.

We aim to make this a permanent Institution, and to give special attention to cases of fracture and injuries of all kinds that are constantly occurring in the saw mills, coal mines and logging camps surrounding us.

Scattle being centrally located, with regard to these interests, and more accessible than any other point, we mean with the aid of these advantages, and by giving personal and thorough attention to its enture management, to build up an Institution indispensable to the sick and distinction in the confidence and that of the public.

The Hospital is in a pleasant and healthy located and the confidence and that of the public.
