Rather Cool.

Here is a story of the days when traveling on canal boats was considered the most comfortable mode of getting along on the journey out West:

"Hallo, there, captin," said a Green Mountain Yankee to the captain of a packet on the Erie canal, "what do you charge for passage?"

"Three cents per mile and boarded," said the captain.

"Wall, I guess I'll take passage, captin, seeing as how I am kinder gin out walking so tarna-shun fur."

Accordingly he got on board just as the steward was ringing the bell for dinner.

Jonathan sat down and began to demolish the fixings to the utter consternation of the captain, until he cleared the table of all that was eatable, when he got up and went on deck picking his teeth vefy comfortably.

"How far is it, captin, from here to where I came aboard?"

"Nearly one and a half miles," said the captain.

"Let's see," said Jonathan, "that would be four and a half cents; but never mind captin, I won't be smally; here's five cents, which pays my fare up to here; I guess I'll go ashore now, I'm kinder rested out."

The captain vamoosed for the cabin, and Jonathan went ashore.

SHOCKED HER MODESTY.—Knight's Landing is a very nice place. They had a footrace there the other day, for a cool hundred. The Independent says a beautifully dressed young lady, sitting in front of a ten pound waterfall, saw one of the wind splitters coming on the course, clad in tights. They fitted him so well that the fair damsel conceived he was outdoing Menken and the Georgia Major. She put her hands up to her face and peering through her fingers, screeched out "Why, you n-a-a-sty man! I hope you won't win."

The definition of love is—
"A prodigal desire on the part of a young man to pay for some young woman's board."

It is not easy to straighten in the oak the crook that grew in the sapling.

A DESERTED CITY.—A correspondent of the Boston Traveller, writing from Germany, thus speaks of Antwerp: "It is melancholy to see a city once so wealthy and powerful as Antwerp now so decayed and deserted. Miles of streets are empty and silent as the Campagna; the churches have half a dozen worshippers; shopkeepers all wear a depressed and hungry look, as if customers were rare articles, and I certainly believe there are more streets than horses. I dressed myself for the table d'hote dinner at the hotel, excepting to meet a large company, but to my astonishment I saw a forlorn and solitary Englishman eating his soup. He told me that for two days he had the table all to himself, and was rejoiced to have some one to talk to besides the waiter."

MRS. PRATINGTON ON FASHIONS.—"There is one thing sure," said Mrs. Pratington, "the females of the present regeneration are a heap more independent than they used to be. Why I saw a gal go by to-day, that I know belonged to the historical class of society, with her dress all tucked up to her knees, her hair all buzzed up like as if she hadn't had time to come it for a week, one of her grandmothers old caps in an awful crumpled condition, on top of her head. Why, laws, honey, when I was a gal, if any of the fellows come along when I had my clothes tucked up that way, and my head kivered with an old white rag, why I would a run for dear life, and hid out of sight. Well, well, the gals then, were innocent unconfiscated critters; now they are what the French call 'blazes.'"

Fortune is as fickle as fashion. A certain Mrs. Walker, of Hartford, an Englishwoman by birth, who has hitherto been in "moderate circumstances," has recently become the heiress of a large property, valued at \$35,000,000. She, with her husband and children, are about starting for England to receive the "golden egg." It is said she will return and make Hartford her permanent residence. When in full possession of her property, Mrs. Walker will probably be the richest woman in the United States.

HYDRAULIC POWER IN GUNNERY.—At Woolwich, England, the military authorities are engaged in experiments upon a novel application of hydraulic power to gunnery. The experiments have been made with two models constructed according to the plans of the inventor, and the remarkable results of preventing the recoil in the discharge of cannon have been established.

MUTILATED GREENBACKS.—The Tribune's Washington correspondent, says that the immense quantities of mutilated currency redeemed and destroyed has created a drought in this class of Government circulations, and orders are pouring in daily by telegram and letters from banks all over the country asking supplies. The Superintendent of printing is working his available force extra hours, and is unable to keep up with the demand.

The N. Y. Tribune says: "The work on the monster ram Dunderberg is being pushed to completion with the utmost rapidity, and as their remains but little now to do, she may be expected to make a trial trip, in the course of a few weeks. Steam has been raised in her boilers several times lately, for the purpose of testing her massive engines throughout in every part, and every trial has been successful in the highest degree. It is said to be the intention of the Navy Department to fit out several of the largest, sea-going ironclads for distant cruises in order to show to foreign naval powers that Monadock and Miantonomah are not the only ironclads in our service that can stand ocean cruises, and it has been rumored that orders have been issued to prepare the Puritan now at this port, for immediate service."

Of course none other but a Western paper could have given us the following in a notice on the death of a prominent citizen: "He was the father of eleven sons, five of whom married sisters. He had one hundred and eighty-nine grandchildren; and at his funeral last Sabbath, two horses were stung to death by bees, and another came very near losing his life by the same."

VERY OLD LADY.—Rachel Byres, who lives in Boone county, Iowa, is a hundred and fourteen years old, stout, healthy and quite good looking. She was born in Georgia in 1752, before the French and Indian war, and is probably the oldest human being now living in the country.

At a fancy dress ball in Paris recently, a lady was seen with a low bodied dress while floating and waving an abundance of green gauze. She was politely asked by a gentleman what she personated. "The sea, monsieur." "At low tide, then, madam." The lady blushed and the gentleman spilled.

Billings says: "I could never find the meaning of the word 'collide' in Webster. But riding one day on a New York railway I saw it all. It was the attempt of two trains to pass each other on a single track. If I remember correctly it was a shocking failure."

Mr. John Bixler, of Beaver, Ohio, died recently, leaving a widow twelve years and a child nearly six months old. She is the youngest widow in America.

A down east editor declares that modesty is a quality that highly ornaments a woman, but ruins a man.

Benefit your friends that they may love you still more; benefit your enemies that they may become your friends.

STRANGE ELOPEMENT.—A young scamp in Michigan recently eloped with his step mother and \$300 in greenbacks belonging to his father.

What things increase the more you contract them? Debts.

OFFICIALS.

LAWYERS OF THE UNITED STATES; Passed at the First Session of the Thirty-Ninth Congress.

[PUBLIC—No. 106.]

An Act to extend to certain persons the privilege of admission in cases, to the United States government asylum for the insane.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That civilians employed in the service of the United States, in the quartermaster's department and the subsistence department of the army, who may be, or may hereafter become, insane while in such employment, shall be admitted on the order of the Secretary of War, the same as persons belonging to the army and navy, to the benefits of the Asylum for the Insane in the District of Columbia, as now provided by law in reference to soldiers and sailors in the army and navy.

Sec. 2. And be it further enacted, That the following classes of persons, under the following circumstances shall be entitled to admission to said asylum on the order of the Secretary of War, if in the army, or the Secretary of the Navy, if in the navy, to wit:

First, Men who, while in the service of the United States, in the army or navy, have been admitted to said asylum, and have been thereafter discharged therefrom on the supposition that they had recovered their reason, and have, within three years after such discharge, become again insane from causes existing at the time of such discharge, and have no adequate means of support.

Second, Indigent insane persons, who have been in the same service and been discharged therefrom on account of disability arising from such insanity.

Third, Indigent insane persons, who have become insane within three years after discharge from such service from causes which arose during and were produced by said service.

Approved, July 18th, 1866.

[PUBLIC—No. 107.]

An Act to provide for making the town of Whitehall, New York, a port of delivery.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the town of Whitehall, in the State of New York, which by existing law is a port through which imported merchandise may be exported in bond and for drawback to the adjacent British North American provinces, be, and the same is hereby, constituted a port of delivery within the collection district of Champlain, and that a deputy collector, as now authorized by law, shall there reside, who shall receive the same compensation as is now paid to the deputy collector now stationed at that port.

Approved, July 13, 1866.

[PUBLIC—No. 108.]

An Act to extend the benefits of section four of an act making appropriations for the support of the army for the year ending June thirtieth, eighteen hundred and sixty-six, approved March third, eighteen hundred and sixty-five.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section four of an act entitled "An act making appropriations for the support of the army for the year ending June thirtieth, eighteen hundred and sixty-six," be so construed as to entitle to the three months pay proper, provided therein, all officers of volunteers below the rank of brigadier general who were in the service on the third day of March, eighteen

hundred and sixty-five, and whose resignations were presented and accepted, or were mustered out at their own request, or otherwise honorably discharged from the service after the ninth day of April, eighteen hundred and sixty-five.

Approved, July 18, 1866.

[PUBLIC—No. 109.]

An Act granting aid in the construction of a railroad and telegraph line from the town of Folsom to the town of Placerville, in the State of California.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the right of way through the public lands between the Placerville and Sacramento Valley Railroad Company, a corporation existing under the laws of the State of California, is hereby authorized and empowered to lay out, locate, construct, furnish, equip, maintain, and enjoy a continuous railroad and telegraph line, with the appurtenances, from the town of Folsom to the town of Placerville, in the State of California, by the most feasible route, to be selected by corporation, and is hereby vested with all the powers and privileges and immunities necessary to carry into effect the purposes of this act.

Sec. 2. And be it further enacted, That there be, and is hereby, granted to the Placerville and Sacramento Valley Railroad Company, its successors and assigns, for the purpose of aiding in the construction of said railroad and telegraph line, and to secure the safe and speedy transportation of the mails, troops, munitions of war, and public stores over the line of said railway, every alternate section of public land, not containing gold or silver, designated by odd numbers, to the amount of ten alternate sections per mile, on each said railroad line, as said company may adopt, whenever, on the line thereof, the United States have full title, not reserved, sold, granted, or otherwise appropriated, and free from pre-emption or other claims or rights at the time the line of said road is definitely fixed, and a plat thereof filed in the office of the Commissioner of the General Land Office; Provided, That the word "mineral," when it occurs in this act, shall not be held to include iron or coal.

Sec. 3. And be it further enacted, That whenever said Placerville and Sacramento Valley Railroad Company shall have ten consecutive miles of any portion of said railroad and telegraph line ready for the service contemplated, the President of the United States shall appoint three commissioners to examine the same, and if it shall appear that ten miles of said railroad and telegraph line have been completed in a good and substantial manner, and in all respects as required by this act, the commissioners shall so report to the President of the United States, and patents of lands, as aforesaid, shall be issued to said company, confirming to said company the right, and title to said lands, situated opposite to and coterminous with said completed section of said road, unless said lands are covered by the exceptions of this act. And from time to time, whenever ten additional miles shall have been constructed, completed, and in readiness, as aforesaid, and verified by the commissioners to the President of the United States, then patents shall be issued to said company, conveying the additional sections of land, as aforesaid; and so on as fast as every ten miles of said road is completed as aforesaid: Provided, That said commissioners named in this section shall be paid by the company ten dollars per day for the time actually employed, and ten cents per mile for the distance

King County Fair.

On the 17th and 18th instant, the King county Agricultural Fair for 1866 will be held in Seattle, and we have no doubt that there will be a fuller exhibition of the agricultural products of this county than at any former one.

We have just received two or three numbers of the Puget Sound Daily, sent to us by our esteemed old bachelor friend, D. We have scanned carefully the columns of the paper alluded to, expecting to see a matrimonial announcement of our friend; as he started for Seattle, W. T., shortly after the arrival at that port of the precious cargo of young ladies, shipped from the Eastern States by the gallant Mercer.

The following persons were elected and installed as the officers of Seattle Lodge, I. O. of Good Templar, for the quarter ending Oct. 31st: G. F. Whitworth, W. C. T.; Rebecca Horton, W. V. T.; Wm. Hammond, W. S.; Louise Denny, W. T.; John H. Nagel, W. M.; Clara Whitworth, D. M.; Gertrude Boren, I. G.; D. W. Hughten, W. Sen.; John A. Shoudy, W. F. B.; Sally Lord, L. H. S.; A. Denny, R. H. S.; J. Settle, A. B. Sec.; D. P. Denny, W. Chap. Donald R. Lord, P. W. C. T.; Edward Steelman, Lodge Deputy.

PERSONAL.—Judge Darwin arrived on Thursday's boat, and is stopping at the Occidental. To judge from the manner and appearance of the gentleman, courts held by him will amount to something more than a farce. He evidently has legal ability and decision of character sufficient to command the respect of the bar and have the laws duly enforced.

BURNING OF A NEWSPAPER OFFICE.—The British Columbian newspaper office at New Westminster, we regret to learn, was destroyed by fire on the evening of the 29th ult. Everything was destroyed. The property was valued at four thousand dollars and was not insured. It is believed that the fire was the work of an incendiary.

Mr. John Collins has purchased the interest of Mr. Maddocks in the Occidental Hotel in this place.

Why are sailors badly off in first-class ships? Because they are expected to serve three mast-ara.

EASTERN NEWS.

New York, October 6.—The Herald's Ottawa (O. W.) special says: The Canadian volunteers have commenced disbanding and the civil corps has been disbanded.

The Herald's Montreal special says: The billiard match between Dion and McDavett for the championship of America and the provinces, was won by Dion at 12 o'clock last night by 226 points.

The Times' Washington special says: Louis N. Boggy of St. Louis, was to-day appointed Commissioner of Indian Affairs in place of Colby.

Washington, October 5.—The Assistant Secretary of State, F. W. Seward, has been appointed Secretary of State owing to the sickness of his father, who, without waiting to recover fully from his previous attack, devoted himself too closely for many hours a day to his official duties.

Ottawa (O. W.), October 5.—Three Colonels of Engineers have arrived, it is supposed with a view of fortifying the city.

CALIFORNIA.

San Francisco, October 6.—Private telegrams quote gold in New York yesterday at 149 1/2 and loading at 1/2 per cent. per day. With such a rate of interest at the metropolis of the country, all that can be spared from other sources will of course seek that market. The demand here is quite active and likely to continue so while there is such an inquiry for gold elsewhere.

Legal tenders—70,000 buying and 11,000 selling.

ARRIVED.—Oct. 2.—ship Imperial, 15 days from Kodiak.

Sailed—bark W. A. Banks, for Puget Sound; ship Caroline Reed, for Puget Sound.

San Francisco, October 8.—Arrived—British bark Australian, 11 days from Sydney with a cargo of coal; bark Mary 15 days from Bellingham Bay, with a cargo of coal.

Sailed—Bark Ethan Snow, for Honolulu; bark Legal Tender, for Puget Sound; steamer Pacific, at 4 o'clock, for Portland.

Portland, October 6.—Steamer Fideliter sailed at 6 p. m. for Victoria.

OREGON.

Portland, October 5.—The Senate at Salem to-day passed a bill to convene the biennial session of the Legislature in December instead of November as heretofore.

San Francisco, 7.—A telegram from New York states that the new screw steamer Idaho left for California Friday last. The Idaho is to run in the line between this city and Portland, alternately with the Mantana.

SHIPPING.

Arrived—6th, steamer Oriflamme, 73 hours from the Columbia river; bark Harvest Queen, 19 days from Port Blakely; str. Montana from Portland.

A NOVEL PROCESSION.—The scholars of Father Chirrouse' school will give an exhibition in this place this evening. Yesterday afternoon the company marched through town to the music of the fife and drum, the musicians all being Indian boys. The standard bearer, carrying the American flag, was dressed in an infantry coat with large epaulets on the shoulders, regulation cap of the U. S. A., and light-colored pants with red stripes down the outside seams, the balance of the company wore similar caps and pants and scarlet colored neck coats, trimmed with a dark colored braid. The company numbered some fifty or sixty persons, ranging from six-year-olds up to manhood. In marching they kept very good time, and presented a rather gay and dashing appearance for Mr. Lo.

Mr. M. R. Maddocks has purchased an interest in the Seattle Drug Store of Mr. G. Kellogg. The business will be carried on under the firm name of Kellogg & Maddocks in future.

The following named vessels are now receiving cargoes at Utsalady: British ship Royal Tar, Siamese vessel Silas Green, brig Sheet Anchor, and the Lancaster.

ARRIVED.—Barkentine Wm. H. Gwiley at Port Madison.

All persons indebted to G. Kellogg, will please call and settle their accounts. A change in the firm makes it necessary that the books be balanced. All accounts not settled before the 20th of Oct., will be handed to the proper officer for collection.

G. KELLOGG. Seattle, Oct. 8, 1866-n29-17.

Non-Resident Notice. Gustaf Sutor & Emil Sutor, co-partners doing business under the firm name of G. Sutor & Co., plaintiffs, vs. Thomas W. Davidson, defendant.

In the District court of the U. S. 3d Judicial District, W. T., holding terms at Port Townsend in the county of Jefferson.

You are hereby notified that the above-named plaintiffs have filed a complaint against you in the above-named court, which will come on to be heard at the first term of the court which shall commence more than two months after the 9th day of October, A. D. 1866, and unless you appear at said term and answer, the same will be taken as confessed, and the prayer thereof granted.

The object and prayer of said complaint is to recover judgment against you on four promissory notes now held by them, and executed by you, of the following description, to-wit: One given by you July 23d, 1862, payable sixty days after date to the order of G. Sutor & Co., for \$1,253 43-100 and interest at 7 1/2 per cent. per month.

One given Sept. 10th, 1863, payable to Prager & Davis or order for \$700. One given Oct. 28th, 1863, payable to the order of Goldstone & Bro., for \$1,733-89-100 and interest at 2 1/2 per cent. per month.

One given July 24th, 1863, payable to the order of Myer & Treist, for \$104 75-100, all of said notes being now held by the plaintiff, and amounting in the aggregate to \$3,952 07 and interest according to their tenors.

REMOVAL OF THE CUSTOM HOUSE.
—Collector Wilson informs us that he has received a telegram from Washington, in answer to one sent by him asking for information in relation to the removal of the Custom House from Port Angeles to Port Townsend, confirming the news heretofore received of the passage and approval of an act for its removal on the first of this month. The instructions to Mr. Wilson relating to the matter were sent by mail and have not yet arrived, hence the delay in making the change.

The Army Bill.

The new army bill creates an army of sixty regiments; five of artillery, and forty-five of infantry. This is an actual increase in the regular army of four regiments of cavalry and thirteen of infantry. Two of the new cavalry regiments and four of the infantry regiments are to be composed of negroes, and four of the infantry regiments called the Veteran Reserve Corps, are to be of men who were wounded in the late war, but are still fit for garrison or light duty. In both infantry and cavalry all the original vacancies in the grades of First and Second Lieutenants are to be filled from volunteer officers and soldiers. With respect to the higher grades, it is provided that in the cavalry two-thirds, and in the infantry one-half of the officers shall be from the volunteers, and the remainder from the regulars, all of whom shall have served at least two years during the late war. The officers of the Veteran Reserve Corps are to be either regulars or volunteers wounded in the line of duty during the war, and selected by appointment of the President. The negro troops are in every respect on an equal footing with white troops. Enlistments in the cavalry are to be for five years; in the infantry for three years.

Cariboo Items.

Times are very dull on Canning ham Creek; the only company taking out any steady pay is the Standish company, who are working on a bench in the canon. Several companies are prospecting on the right hand bank of Antler creek with a view of reaching the hill channel. One company will start a tunnel during the present week. The Bed Rock Flume company washed up about two hundred feet of the Flume with very satisfactory results.

There are two companies at work on California Creek, making wages. The water of Stevens creek has been brought into this creek by means of a ditch.

Cod-fishing.—The schooner Flying Dart, Capt. Howe, arrived last evening in 38 days from the fishing grounds in Ochotsk Sea. She brings a full cargo of codfish (about eighty tons, well dried merchantable fish,) and is the first from the fleet that left this port for the Asiatic coast last spring. Capt. Howe reports speaking or hearing of every vessel of the fleet from this port, with the exception of the schooner Pride of the West, which sailed about the first of April, and has not been heard from since. *Chronicle & Chronicle.*

EASTERN NEWS.

Chicago, 30.—A Washington special dispatch says an unusually protracted session yesterday of the Cabinet, has been the cause of no little speculation. The knowing ones aver that aside from that of removals and appointments, the subject of Mexican affairs was discussed. Rumor even goes so far as to declare that information has reached Government that Maximilian intends to abandon Mexico by December. The administration is considering how is best to act in restoring the Liberal government to power.

Washington, 2.—The household effects left at the Arlington mansion by Gen. Lee, or rather the fragments remaining of them, were recently delivered to the party authorized by General Lee to receive them. This was done, the National Intelligencer says, under an order from the President. It appears that nearly everything of any value had been stolen. Many valuable paintings, including family portraits, were taken from the frames, packed in boxes, and stored since 1861. These boxes have been broken open and everything of real value taken away, and the letters and private papers of Gen. Lee scattered over the house.

New York, 3.—Santa Anna was over run yesterday by parties who are anxious to enter the service of Mexico. It is reported that a firm on South street has been commissioned to buy up six steamers for the service of the Liberals. The loan of five million dollars which Santa Anna was negotiating has been concluded with three banking houses in this city.

New York, 3.—The Herald's special says the Fenian prisoners in the Toombs will be tried next week. The Herald's Washington special says Gen. Dix will only hold his appointment as naval officer for a few days—he has accepted the mission to France, which I understand was offered to him with Mr. Seward's full and cordial approval. Whether this fact is an indication of a change in our foreign policy, I must leave you to infer from the General's well-known opinions in regard to Mexico and the Monroe doctrine.

New York, 2.—The Herald says Santa Anna is negotiating a loan of five millions of dollars for the purpose of carrying out his plans of reconstruction in Mexico, and is assured of success in negotiating the same in a few days. It is believed by those high in authority in Canada that Secretary Seward has used his diplomacy to bring about a league between Santa Anna and the Fenians.

New York, 2.—The Herald's South American correspondent says the idea of making peace with Spain is not believed for a moment among the Chilians. They are anxious to carry war

into the enemy's country, and demand that their navy appear before Cadiz. The Secretary of Foreign Affairs remarked at a dinner during the last week of August, that Chili would ever regard Spain in the light of a national enemy. It is very doubtful if any agent would be received who might come from Spain to propose terms of peace. Defensive operations in the vicinity of Valparaiso are still being made. The three steamers purchased here are being fitted out for ships of war.

CALIFORNIA.

San Francisco, 2.—The first section of the Western Pacific Railroad, extending from San Jose to Vallejo canon above Vallejo mill, a distance of 20 miles, was inaugurated to-day.

The ship Imperial, which arrived from Kodiac to-day, reports a terrific shock of an earthquake on the fifth of September, at 11 o'clock, P. M. Captain Hutchins, of the Imperial, says that three houses were shaken down, and nearly all the chimneys in town. A violent shock lasted about forty seconds. The sensation on ship-board was terrific, seeming as though the ship was going at railway speed over the rocks, while articles were shaken down which had not been disturbed by the most violent gales. Other slight shocks were felt at intervals for 48 hours.

CALIFORNIA.

San Francisco, October 5.—Messrs. Newman & Co. have just completed the first silk dress pattern ever made in California. It is 38 inches wide by 12 yards in length, is strong and substantial, and soft and glossy. The manufacturers have made arrangements for conducting the business of silk manufacturing on an extensive scale from the raw material imported.

Private telegrams quote gold in New York yesterday at 147½ @ 148½ and scarce; sterling exchange, dull at 108. Legal tenders are 71 buying and 71½ selling.

SHIPPING.

Arrived—U. S. Revenue Cutter Joe Lane from a cruise. Sailed—Steamer Del Norte for Crescent City; bark Geo. Washington for Puget Sound; brig T. W. Lucas for Puget Sound.

EASTERN NEWS.

New York, October 3.—The headquarters of Santa Anna continue thronged with visitors: Gen. Buckley, President of the Knights of the Golden Circle, has offered his services and sympathy to the cause. General Sweeny had a long interview with the old chief yesterday on the subject of Fenian enlistments. The adherents of General Ortega, the rival claimant to the distinguished honor of the delivery of the Mexican Republic, exhibit bitter hatred of Santa Anna. They claim that he is a spy of the French Government and that they have documents to prove it. Ortega will leave this city soon for Mexico.

Essence of Jamaica Ginger. This valuable preparation containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs. As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind. It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period. It gives immediate relief to nausea, caused by riding in a railroad-car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc. **REDINGTON & CO.** SOLE AGENTS FOR THE PACIFIC COAST. no22-6mo

OFFICIAL.

LAWS OF THE UNITED STATES, Passed at the First Session of the Thirty-Ninth Congress.

[Continued from first page.]
 actually and necessarily travelled each way.
 Sec. 4. *And be it further enacted*, That said Placerville and Sacramento Valley railroad shall be constructed in a substantial and workmanlike manner, with all the necessary drains, culverts, bridges, viaducts, crossings, turnouts, stations, and watering places, and all other appurtenances, including furniture and rolling stock, equal in all respects to railroads of the first class, when prepared for business, with rails of the best quality, manufactured from American iron, and a uniform gauge shall be established the entire length of the road. And there shall be constructed a telegraph line of the most substantial and approved description, to be operated on the entire route: *Provided*, That said company shall not charge higher rates to the government, its officers or agents, than they do to individuals for telegraphic services, and that said railroad shall be and remain a public highway for the use of the government of the United States free of all toll or other charge upon the transportation of any property or troops of the United States, any the same shall be transported over said road at the cost, charge, and expense of the corporation or company owning or operating the same when required by the United States to do so.
 Sec. 5. *And be it further enacted*, That the President of the United States shall cause such land to be surveyed for twenty miles in width on both sides of the entire line of said road, after the general route shall be fixed, and as fast as may be required by the construction of said railroad; and the odd sections of land hereby granted shall not be liable to sale, or entry, or pro-emption, before or after they are surveyed, except by said company, as provided in this act; but the provisions of the act of September, eighteen hundred and forty-one, granting pro-emption rights, and the acts amendatory thereof and of the act entitled "An act to secure homestead to actual settlers on the public domain," approved May twenty, eighteen hundred and sixty-two, shall be, and the same are hereby, extended to all other lands on the line of said road when surveyed, excepting those hereby granted to said company; and the sections and parts of sections of land which by the aforesaid grant shall remain in the United States within ten miles on each side of said road, shall not be sold for less than double the minimum price of public lands when sold.
 Sec. 6. *And be it further enacted*, That each and every grant, right, and privilege herein are so made and given to and accepted by said Placerville and Sacramento Valley Railroad Company, upon and subject to the following conditions, namely: That the said company shall commence the work on said road within one year from the approval of this act by the president, and shall complete the whole road by the fourth day of July, eighteen hundred and sixty-nine.
 Sec. 7. *And be it further enacted*, That the United States make the several conditioned grants herein, and that the said Placerville and Sacramento Valley Railroad Company accept the same upon the further condition that if the said company make any breach of the conditions hereof and allow the same to continue for upwards of one year, then in such case, the title to the public lands herein reserved for the construction of said road shall revert to the United States.
 Sec. 8. *And be it further enacted*, That all people of the United States shall have the right to subscribe to the stock of the said Placerville and Sacramento Valley Railroad Company until the whole capital is taken up, by complying with the terms of subscription.
 Sec. 9. *And be it further enacted*, That the acceptance of the terms, conditions, and impositions of this act by the said Placerville and Sacramento Valley Railroad Company shall be signified in writing, under

the corporate seal of the said Company, duly executed, pursuant to the direction of its board of directors first had and obtained, which acceptance shall be made within one year after the passage of this act, and not afterwards, and shall be deposited with the Secretary of the Interior.
 Sec. 10. *And be it further enacted*, That the said company is authorized to accept to its own use any grant, donation, or loan, power, franchise, aid or assistance which may be granted to or conferred upon said company by the Congress of the United States, by the legislature of any State, county, or municipal corporation, or by any corporation, person or persons, and said corporation is authorized to hold and enjoy any such grant, donation, loan, or power, franchise, aid, or assistance, to its own use for the purpose aforesaid.
 Sec. 11. *And be it further enacted*, That unless the said Placerville and Sacramento Railroad Company shall obtain bona fide subscription to the stock of said company to the amount of four hundred thousand dollars, with five per centum paid within one year after the passage and approval of this act, it shall be null and void.
 Sec. 12. *And be it further enacted*, That Congress may at any time, having due regard for the rights of said Placerville and Sacramento Valley Railroad Company, add to, alter, amend, or repeal this act.
 Sec. 13. *And be it further enacted*, That all lots in villages, towns, and cities shall be exempted from, and not subject to, the operations of this act.
 Approved, July 13, 1866.
 [PUBLIC—No. 110.]
 AN ACT relating to lands granted to the State of Minnesota to aid in the construction of railroads.
Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That whenever it shall appear that the United States have sold or disposed of any lands granted to the Territory or State of Minnesota for the purpose of aiding in the construction of railroads, after the definite location of the line of road, and before the withdrawal of said lands from the proper local land office, said State may by its agent select, in lieu of the lands so sold or disposed of, from any of the lands of the United States subject to sale, being odd numbered sections, within twenty miles of the line of the proper road, a quantity of land equal to that so sold or disposed of; and the lands so selected shall be substituted for those so sold or disposed of by the United States, and may be disposed of by said State in all respects as if said substituted lands had been parcel of the original grant to the State: *Provided*, however, That nothing herein contained shall be so construed as to diminish the quantity of land granted by act of May fifth, eighteen hundred and sixty-four, to the State of Minnesota to aid in the construction of a railroad from St. Paul to Lake Superior.
 Sec. 2. *And be it further enacted*, That the time named in the act granting lands to the Territory of Minnesota to aid in the construction of a certain railroad, "from Saint Paul and from Saint Anthony, by the way of Minneapolis, to a convenient point of junction west of the Mississippi river, to the southern boundary of the Territory," approved March third, eighteen hundred and fifty-seven, for the construction and completion of said road, is hereby extended for seven years from the passage of this act.
 Sec. 4. *And be it further enacted*, That all the lands heretofore granted to the Territory and State of Minnesota to aid in the construction of railroads, shall be certified to said State by the Secretary of the Interior, from time to time, whenever any of said roads shall be definitely located, and shall be disposed of by said State in the manner and upon the conditions provided in the particular act granting the same, as modified by the provisions of this act: *Provided*, That when the original quantity granted to aid in the construction of any road has been increased, the quantity authorized to be sold from time to time correspondingly: *And provided*, further, That

on the completion of any ten miles of road, the State may sell one half the quantity of lands which said State is authorized so dispose of on the completion of twenty miles.
 Sec. 4. *And be it further enacted*, That the lands granted by act of Congress to the State of Minnesota, to aid in the construction of railroads in said State, specifically lying in place, on any division of ten miles of road shall not be disposed of until the road shall be completed through, and coterminous with the same: *Provided*, however, That this provision shall not extend to any lands authorized to be taken to make up deficiencies.
 Sec. 5. *And be it further enacted*, That so much of any act as conflicts with the provisions of this act is hereby repealed.
 Approved, July 13, 1866.
 [PUBLIC RESOLUTION—No. 54.]
 A Resolution to authorize the President to place at the disposal of the authorities of Portland, Maine, tents, and hospital furniture, and clothing for the use of families rendered homeless by the late fire.
Be it resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the President of the United States is hereby authorized to place at the disposal without charge, of the city authorities of Portland, Maine, such clothing, condemned or ordered sold, and such surplus camp and garrison equipment, bedding, and hospital furniture, on hand, as can be spared by the army, for the use of families rendered homeless and destitute by the recent conflagration; and that it shall be the duty of the Quartermaster's Department to deliver these articles at Portland, and to take a receipt for the same of the Mayor of the said city, and to receive and properly dispose of the same when no longer needed.
 Approved, July 14, 1866.
 [PUBLIC RESOLUTION—No. 67.]
 JOINT RESOLUTION amendatory of a joint resolution entitled "A resolution respecting bounties to colored soldiers, and the pensions, bounties, and allowances to their heirs," approved June fifteen, eighteen hundred and sixty-six.
Be it resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That words, "at the time of his enlistment," at the end of section one of the "resolution respecting bounties to colored soldiers, and the pensions, bounties, and allowances to their heirs," approved June fifteen, eighteen hundred and sixty-six, be, and the same are hereby, stricken out.
 Sec. 2. *And be it further resolved*, That whenever application shall be made by any claimant for bounty under the provisions of the joint resolution aforesaid, by or through any agent or attorney, such agent or attorney shall hereafter be required to file with each claim his oath or affirmation that he has no interest whatever in said bounty beyond the fees for collection of the same, which are hereby fixed and established as follows, viz: for the preparation and prosecution of claims for, and the collection and remittance of, all sums not exceeding fifty dollars, the sum of five dollars; for all sums exceeding fifty and less than one hundred dollars, the sum of seven dollars and fifty cents; and for all sums exceeding one hundred dollars, the sum of ten dollars; and said fees shall include all expenses incident to the collection of said claims, except the expenses of the necessary affidavits and notarial or other acknowledgments, which shall be defrayed by the claimant; and any agent or attorney who shall charge, directly or indirectly, in any case, a greater sum for his services in preparing and prosecuting said claims and collecting and remitting the amount due, shall be deemed guilty of a misdemeanor, and shall, upon conviction, be punished by fine not exceeding three thousand nor less than one thousand dollars, and shall be forever excluded from prosecuting military or naval claims against the government.
 Sec. 3. *And be it further resolved*, That in case the payments shall be

made in the form of a check, order, or draft upon any paymaster, national bank, or government depository, it shall be necessary for the claimant to establish by the affidavits of two credible, that he is the identical person named therein; but in no case shall such checks, orders, or drafts be made negotiable until after such identification.
 Sec. 4. *And be it further resolved*, That it shall not be lawful for any soldier to transfer, assign, barter, or sell his discharge, for the purpose of transferring, assigning, bartering, or selling any interest in any bounty under the provisions of said resolution; and all such transfers, assignments, barter, or sales heretofore made are hereby declared null and void as to any rights intended to be conveyed by any such soldier.
 Approved, July 26, 1866.

GRAEFENBERG
 UTERINE CATHOLICON
 If faithfully used according to directions will cure every case of Diabetes, and greatly mitigate the troublesome effects caused by a relaxation of the out let of the bladder. It is a most successful remedy for gravel and other diseases of the Kidneys and Bladder, and for Female Diseases is unequalled. The CATHOLICON uniformly cures Prolapsus Uteri, Whites, all irregularities of the Monthly Terms, Suppression, Incontinence of the Urine, Bloating and Dropsical Swellings, and all Diseases of Pregnancy. The specific action of this medicine is immediate and certain upon the Uterine and Abdominal Muscles and Ligaments; restoring them to as healthy a state as those of childhood and youth, so that patients who have used the GRAEFENBERG COMPANY'S UTERINE CATHOLICON cannot sufficiently express their gratitude for the relief afforded. PUGET SOUND WEEKLY.

MONDAY, October 8, 1886.

A Good Work.

Rev. A. C. McDougall delivered a course of lectures on temperance, at the Methodist church in this place, during the past week, and organized a lodge of Good Templars. Some thirty persons joined and were initiated into the order. To say that the cause of temperance is one of mercy to man—laboring to raise the fallen from the degradation and misery into which intemperance has plunged them, and to prevent others from entering upon this direct road to ruin, is simply what every one knows. Of late years the use of ardent spirits is increasing, and everywhere around us we see the destructive effects of its work. Squalor, poverty, crime and premature death, are its attendant traits. The efforts of the temperance advocates to ameliorate this sad state of affairs, and check this growing evil, is a blessing to mankind; and those philanthropists engaged in the work have the well-wishes of community for their success. The lodge organized here starts with flattering prospects, and it is to be hoped that it will be fruitful in doing good. Those who have enrolled themselves in this mission of mercy, are deserving of much commendation.

The Snake Indians who infest the country of Eastern Oregon, lately attacked and captured the Dalles and Canyon City stage, severely wounding the driver. He was struck by a ball which passed through both cheeks, tearing away a portion of the roof of the mouth. The day following the capture of the stage, Clark's station was destroyed, the occupants making a narrow escape with their lives. The outrages committed by these savages have become of so frequent occurrence in that section, that they may almost be looked for as regular transactions. It is strange that a portion of country of as much importance as that is, can receive no protection from the depredations of these savages.

RETURNED HOME.—Hon. Elwood Evans arrived home from a visit to the Atlantic States, Thursday last, on the steamer Eliza Anderson. Mr. Evans is looking well, and evidently enjoyed his visit. His many friends will hail with pleasure his return, and extend to him a cordial greeting. Judging from the energy and ability displayed in an official capacity, generally by Mr. E., we have no doubts as to his success in whatever business called him to the East.

Steaming seems to be very at present on the Sound, whether it is profitable or not. On Monday last there were several steamers arriving at this port.

Sanctimonious. (Communicated.)

To live for self exclusively, not opening the generous impulses of the heart to the need of others around us, is to tie up all the passports to noble man and womanhood, and grovel along the dusty way of life, with no friends—truly so—on this side, or no glad ones looking kindly for us on the other. A generous hospitality either of means, or of kind words, or good deeds, whichever most we are in possession of, will always insure the giver the largest share of happiness. None are so poor but they can always impart something to the needy one. If means are not at hand, we can always show a generous sympathy, and in so doing, gather largely of happiness ourselves. A mean, stingy, selfish person, has no friend—truly so. Men may fawn around and court his presence, if he is what is termed a man of wealth, for the sake of the crumbs that may be strewn along his pathway; but let his wealth "take to itself wings," and how soon will such a man be looked at with scorn, and the cold shoulder turned to him on every corner, while that man will always be respected and honored who has a kind word or generous sympathy to impart to the struggling rank and file of life around him; although he may never have a dollar to jingle in his pocket, or a second coat to his back, or sandals to his feet.

The sun shines alike upon the just and the unjust, upon the selfish and the generous. True, they are, in a great degree, the creatures of circumstances, yet it is with ourselves, to a certain extent, that we are what we are. If we cultivate the developments of our better natures, in a due degree of politeness to all, and a proper respect for their opinions, we shall find that the same will be accorded to us. It is pleasant to plant flowers by the wayside of life, than to plant thorns upon which to rend ourselves. A generous nobleness is always appreciated. Think not that it is lost; there is nothing lost that is truly good. It is treasured up to our credit, and its influences may reach on into the future, to an extent unappreciated by the hurrying, bustling crowd; yet some one has been cheered and encouraged by these generous words or deeds. Unselfish words are jewels of goodness; diamonds that never tarnish, but grow more brilliant with constant use. Mentor.

THE IRON CROWN OF LOMBARDY.—It is asked what Austria intends to do with the iron crown of Lombardy, if she intends to preserve that historical relic now that the plains of Italy have slipped from her grasp? The crown in 174, was received by Charlemagne from Pope Adrian I. In 1452 it was carried back to Rome, where it did duty at the coronation of Frederick IV., and in 1530 Charles V. placed it on his head at Bologna. In May, 1806, another conqueror seized upon it at Milan. At present it is in the hands of Austria who sent it to Vienna when war was declared in 1859.

HOSKA MORRILL, of Pittsfield, Mass., aged 39, was married a few days ago. Being unable to get out of his carriage, the ceremony was performed while the parties sat in the vehicle.

The Oregon Legislature has ratified the amendment to the Constitution of the United States, by a vote of 25 to 23.

A Splendid Dream.

There is no vaster dream dreamed on earth than that of these Americans, and yet it is all within the limits of the possible, so far within them that its realization is more probable than its failure. Judging, as human beings are alone entitled to judge, on the evidence, it is much more likely than not that in 1966 the American people will be one hundred and fifty millions, speaking one language, and that English, and possessed of all the knowledge that language contains, with a country of all climates and all scenes; resources scarcely explored, and an almost total freedom from physical distress. Every race, culture and capacity will be represented in its borders, and nearly every civilization compatible with Republicanism and a very elastic Christianity. The number of the States will be at least fifty, and in each a marked and peculiar society will have formed under the gradual operation of laws as different as the marriage laws of Wisconsin and Vermont now are, and of social systems as separate as those of Maryland and Massachusetts. Experiments of the most gigantic character will have been tried to the full, experiments as wild as the Western one of a nearly unlimited right of divorce, or as the one idea so precious to every Democratic mind, of dispensing with every control save that of the parish constable. A hundred and fifty millions of men of all races and all instincts will be living together on one soil under all climates and possessed of every resource, coal, and iron, and corn, and wine, coal fields so endless that even an American lavishness cannot waste them, iron fields so vast that they will consume forests covering a copious corn fields which will feed the world, and vineyards which even now send their products to the owners of Hermitage and Johannisberg. There is no science such a race may not prosecute in peace for ages, no form of literature it may not develop, no discovery possible to man it may not hope to make. It will, without an effort, raise \$1,500,000,000 of revenue by a taxation lower than that of England now is, and employ the whole, or nearly the whole of it in works of peace. Distress, or tumult, or resistance to authority, or dread of freedom in its most unrestrained forms, will, says the American, be as unknown in that land as ignorant and violent crime. Every man will be secure in his home, every man equal, every man free to do whatsoever of good his hand can find, or his brain invent, or heart conceive. So great will be the love of the people for these institutions, that the idea of attack will fade away. For what nation could dream of attacking a country in which thirty millions of armed males, capable of becoming soldiers in six weeks, will perish rather than suffer menace, and will own ships greater in number than those of the rest of the earth? Yet so great will be the content of this people that Europe will pass on its way unharmed, unimpeded, and uncontrolled, save indeed, it may be, by an extorted agreement that America shall always be left open, a secure harbor of refuge, the "shadow of a great rock" to the poor, and the miser and North alike the land shall be open, and while the Danes, eastern out of his home, may find in Maine a refuge, and in a manner as kindly his own, the Ital-

ian unable to prosper may grow Lacrima Christi on the slopes of Virginia, or renew the myrtles of Sicily by the waters of the Gulf of Mexico. There is room for all and to spare, and when the tale is complete, and Americans outnumber every white race, there will stretch before them other territories to possess, lands more vast, mountains more various, plains more rich, rivers still broader, cultivations and possibilities of social life yet more manifold and great for they may cross the Isthmus, fix a capital greater than Rome at a spot where the President can look from the White House upon two oceans, and stretch away, pressing on in innumerable hordes over the glorious wilderness of Brazil and the rich alluvium of the Amazon, and mine the Andes, and fill these wonderful plateaus where, as in Bogota, the apple and the pine-apple grow side by side, and so spread slowly down away to the Antarctic zone. The half of the earth will then be American, and the curse of divided language done away; and the human race, rid at last of physical misery, of war of inequality, and of the paralysis of power produced by fears of each other, may commence a career as new as that which began when man first instituted marriage and discovered fire. It is a pleasant dream, one which makes New England farmers better and softer, and nobler amidst their sordid care; and it is all possible, or at least conceivable.—Es

A great many side hits are being made at the Plantation Bitters, by a score or two of disinterested friends who have endeavored to imitate or counterfeit them. It is all to no use. The people won't be long imposed upon. The Plantation Bitters are increasing in use and popularity every day, and "that's what's the matter." They are in the same sized bottle, and made just as they were at first, and will continue to be, or we shall stop making them. The Plantation Bitters purify, strengthen and invigorate. They create a healthy appetite. They are an antidote to change of water and diet. They overcome effects of dissipation and late hours. They strengthen the system and enliven the mind. They prevent miasmatic and intermittent fevers. They purify the breath and acidity of the stomach. They cure Dyspepsia and Constipation. They cure Diarrhoea, Cholera and Cholera Morbus. They cure Liver Complaint and Nervous Headache. They make the weak strong, the languid brilliant, and are exhausted nature's great restorer. The Recipe and full Circular are around each bottle. Clergymen, Merchants, and persons whose sedentary habits induce weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, liver complaint, constipation, &c., will find IMMEDIATE and permanent relief in these Bitters. But above all, they are recommended to weak and delicate females and mothers. They are sold by all respectable merchants. See that each bottle has our private United States Stamp over the cork and steel plate side table. Beware of refilled bottles. See that the stamp has not been tampered with. Any person pretending to sell Plantation Bitters by the gallon has swindled and imposed, and should be immediately reported to us. P. H. DRAKE & CO. 21 Parke Row, N. Y.

MUSTANG LINIMENT. OVER A MILLION DOLLARS SAVED.

Gentlemen:—I had a negro man worth \$1,200 who took cold from a bad hurt in the leg, and was n-e-l-e-c-t for over a year. I had used everything I could hear of without benefit, until I tried the Mexican Mustang Liniment. It soon effected a permanent cure. J. L. DOWNING. Montgomery, Ala., June 17, 1859. "I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensable article for Sprains, Sore, Swellings or Galls on Horses. Our men have used it for Burns, Bruises, Sore, Rheumatism, &c., and all say it acts like magic. J. W. HEWITT. Furness American, Wells, Fargo's and Harding's Express. The sprain of my daughter's ankle, occurred while skating last winter, was entirely cured in one week, after she commenced using your celebrated Mustang Liniment." ED. SEELY. Gloucester, Mass., Aug. 1, 1865. It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered. Families, livery men and planters should always have it on hand. Quick and sure it certainly is. All genuine is wrapped in steelplate engravings, bearing U. S. Stamp of DEMAS BARNES & Co. over the top. An effort has been made to counterfeit it with a cheap stone-plate table. Look closely.

Lyon's Katharion.

It is a most delightful Hair Dressing. It eradicates scurf and dandruff. It keeps the head cool and clean. It makes the hair rich, soft and glossy. It prevents hair falling out and falling out. It restores hair upon prematurely bald heads. This is what Lyon's Katharion will do. It is pretty in cheap durable. It is literally sold by the cartload, and yet its incredible demand is almost daily increasing, until there is hardly a country store that does not keep it, or a family that does not use it. E. THOMAS LYON, Chemist, N. Y.

Lyon's Extract Ginger.

LYON'S EXTRACT OF PURE JAMAICA GINGER—for indigestion, Nausea, Heartburn, Sick-Headache, Cholera Morbus, Flatulency, &c., where a warming, stimulant is required. Its careful preparation and entire purity make a cheap and reliable article for culinary purposes. Sold every where at 50 cents per bottle. Ask for "LYON'S" PURE EXTRACT. Take no other. CAUTION—See that the private U. S. Stamp of Demas, Barnes & Co. is over the cork of each bottle. None other is genuine.

Lyon's Flea Powder.

DRIVE TO FLEAS.—It is well known that Lyon's genuine Hygienic Powder will perfectly destroy everything in the shape of fleas, ticks, bed-bugs, mites, &c.; that it is perfectly poison to the insect tribe, but entirely harmless to the human species and domestic animals. The powder has the signature of P. H. Drake & Co., and the private stamp of Demas Barnes & Co. Anything else of this kind is an imitation or counterfeit. Any druggist will procure the genuine if you insist you will have no other. Oct. 8, 1864-1871.

FLORENCE SINGING MACHINES

Copy of the Report of the Committee of Awards at the Fair of the AMERICAN EXHIBITION, NEW-YORK, 1863.

To the FLORENCE SINGING MACHINE CO., for the Best Family Sewing Machine.

Highest Premium, Gold Medal

REASONS

1st. Its simplicity and great range of uses. 2d. The reasonable cost. 3d. The perfect finish and brilliant metal.

The "Florence" was awarded the First and Highest Premium at the State Fair of California, the only one on the Pacific Coast at which any Sewing Machine was exhibited.

The Florence received the only premium awarded by the Mechanics' Institute of San Francisco, in 1861 and 1862, for any Sewing Machine, Sewing Machine Co., or Agent.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best.

It is the most simple, the most useful, the most efficient, and its use is easily learned.

Every machine sold is guaranteed in the full sense of the word.

WE THINK THERE IS

no Medicine more efficacious in removing humors from the blood as SCOVILL'S BLOOD & LIVER SYRUP.

It is recommended by Physicians in all parts of the country, for the cure of Scrofula, and other diseases of the Cuticle. Pimples or Sores indicate that the system is out of order.

Unless something is done to cleanse the blood of these impurities, the result may be a more serious disease, such as Scrofula, Syphilis, etc.

Those who wish to find a most efficacious remedy, and yet have no confidence in Patent Medicines generally, will never regret a trial of Scovill's Blood & Liver Syrup.

MEDICAL INSTITUTE

ESTABLISHED BY DR. J. C. YOUNG IN 1850. 536 Washington Street, Below Montgomery, San Francisco, California.

Consultation by Letter, or otherwise, Free.

It would be equally useless and unnecessary to enumerate here the diseases cured at the Institute. All classes of complaints are treated; but I consider it my duty to mention those of a special nature, as upon such the unfeeling and irresponsible quack dwells, with phrases well calculated to deceive those ignorant of the emptiness of his profession. First among the special complaints is Seminal Weakness.

I am aware that by dwelling upon so unenviable a subject as the decay of manly vigor through the loss of the vital principle of life, the ignorant may asperse my motive; but the desire to point out to those who suffer languish and decay, the true cause of their affliction, is too great an incentive to be forced into abeyance. How extended the terrible disease of Seminal Weakness is, no one but the practical apothecary who devotes his time to its treatment can tell; but its presence can be detected by the most inexperienced by noting the following symptoms: Weakness of the back and limbs; languishing, coldness; loss of muscular power; nervousness; irritability; cold feet and hands, accompanied by hot head; symptoms of consumption; short breath; dizziness of the face; aversion to society; confusion of the mind; loss of memory; nightly emissions; colorless, slight discharges upon the least excitement; trembling; palpitation of the heart; irregular appetite; variable temper, etc.

Young men, if you experience any of the various symptoms enumerated above, pause to consider. The present is the golden moment in which you may secure health and happiness. You may feel strong now, but if you have ever practiced the vice of self-abuse even in the slightest degree, you have the seeds of the weakness in your system, and their undermining influence will, sooner or later, dash the fair edifice of your strength to the ground, leaving you a helpless, object being. It is not a disease that declares itself at once. Therein lies its great danger; for while the patient is being treated for some supposed affection of the heart, lungs, brain or digestive functions, he sinks into a general debility that adds him to the list of the victims of the terrible disorder, Seminal Weakness. See in the bent form and languishing steps, the poor victim of that seductive vice. Mark the course of the destructive complaint in the hollow cheek and dull eye. Drowsiness is one of the preliminary symptoms. At first it is easily shaken off, but it grows eventually into a great disinclination to pursue his regular business. The mind becomes apprehensive, and restless nights succeed days of depression. It is the nature of the complaint to assume sudden changes that leave the poor victim but little hope of recovery. In a single instant it may wither your fond hopes and blast your honest aspiration. Marriage is sought by a natural impulse as a hope of relief. This is an error of the first magnitude for the system, unprepared for the exigencies of the occasion, suddenly fails, and he finds himself in a deplorable condition, from which there is but the slightest hope of recovery. Or if the marriage should result in offspring, they are puny, distorted, decrepit and degenerate.

The Records

of our institutions for the safety of those who are afflicted with mental troubles, bear fearful testimony of the wide spread and disastrous influence of this dreadful complaint; but such notices as the following, that hardly at the time arrest the eye, give to the world the only intelligence it has:

Insanity.

San to the Insane Asylum.—The following insane persons were examined yesterday by Judge Blake, of the probate court, and sent to the Insane Asylum at Stockton: T. W. Plummer, native of Maine, aged 21 years, single, and by occupation a farmer; His malady appeared about five months ago, and is the result of secret vice. John Wall is another victim of solitary habits.—San Francisco Call, Oct. 12, 1865.

Yet the quotation speaks for itself in unmistakable language. It points out with unerring fidelity to every person afflicted with seminal weakness, one of the ultimate ends of that degrading complaint. At any time before reason became unseated, these poor victims had they read the warning and followed its advice, might have been saved. Let others, similarly afflicted, who have not yet passed the barrier where all hope is lost behind, take warning by their untimely fate, and seek that relief which alone can secure them life and happiness. Consult then, at once, a physician whom long practice and research has made thoroughly conversant with every disease; one who will sympathize with your sufferings, giving to you all the assurance of a patient and permanent cure, without hindrance from business, change of diet, or fear of exposure, or ask compensation for their trouble, and in whose secrecy the utmost confidence can be reposed.

An unsolicited Testimonial of Cure.

Let all who are afflicted with Seminal Weakness read the sworn-to certificate first published without the Doctor's knowledge. A remarkable case. [Revenue stamp.] This is to certify that I was afflicted with seminal weakness to a degree that brought on severe fits. The trouble commenced about three years ago, when I first learned that the practice of self-abuse was ruining me. I first had nervous trembling in the limbs, pains in my back, and trouble in

my mind, a confusion and loss of memory, and other debilitating symptoms of seminal weakness. I gradually grew worse and worse until finally the fits came on. At first I only had a momentary loss of mind, a dizziness. This grew worse, until in a short time, I would remain in a confused state—for some time after I had them in my sleep. I was satisfied that I must be cured, or I would perish miserably in one of the attacks that now became as frequent as twice or three times a day, seizing me without warning and prostrating me to the earth, where I would remain for an hour insensible. I lost all recollection of persons and things. I could remember nothing for two minutes, but my great suffering. I swallowed bottle after bottle, and box after box of patent medicines. Nothing did me good. In despair of ever being well, I prayed for death; but I was not to die for help was at hand. My friends visited the Dr. J. C. Young Institute, and I was placed under the care of Dr. Benj. F. Joasselyn. I very soon experienced a change; I grew better and better, and I could go to work. My mind became clear; the fits grew lighter; I was soon perfectly free from them, and now, for over two months I have not experienced them at all. All the symptoms of seminal weakness are gone, and I feel as well as I ever did. It is to DR. BENJ. F. JOSSSELYN that, under God, I owe my life; and from the gratitude I owe him, I give this, my testimony of his skill and success. If this should induce any one unfortunately afflicted with seminal weakness to submit their case to him, I shall feel that I have, in part at least, paid the great debt I owe.

BENJ. BROWN. [Seal] [Revenue stamp] Subscribed and sworn to before me this 1st day of December 1864. [Notarial seal] W. G. ANDREWS, Notary Public.

Important to Persons

afflicted with Venereal: There are no maladies worse than those arising from the contamination of venereal poison. None are more terrible in their effects, or more disastrous in their results. After upwards of twenty years' practice in diseases of a private nature—fifteen of which have been in this city—I unhesitatingly declare that Mercury will not cure Venereal, but dries it on the surface, to allow it to poison the blood, to re-appear in the skin upon the body, and in the throat, mouth and nose. Those who have had any form of Venereal, and were treated with mercury were not cured, but they still have the festering virus lingering in the system and feeding upon the delicate tissues, to be communicated to the wife or transmitted to the children. As terrible as it is in the person who contracts it, it becomes of still greater importance when transmitted to innocent offspring, whose sore heads, cankered mouths, diseased limbs, running eyes and blotched skin are the constant reproaches to the sins of the parent. Be warned in time and secure health by applying at the Dr. J. C. Young Institute. The Doctor effects a cure in recent cases in a few days, and finds no difficulty in curing those of long duration, without submitting the patient to such treatment as will draw upon him the slightest suspicion, or oblige him to neglect his business, whether in doors or without. The diet need not be changed. Cure always guaranteed or no pay required. Only purely vegetable remedies used.

Important to Females.

When a female is in trouble or afflicted with disease, and requires medical or surgical assistance, the inquiry should be, "where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community?" The Doctor, understanding how imperatively necessary these requirements are, feels called upon to interpose, and by calling the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female diseases for 20 years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore, families can rely upon him as a fatherly friend. All in affliction can find in him one who can feel and sympathize with and befriend them in their trouble—one in whose secrecy the utmost confidence can be reposed. Consultation by letter or otherwise, free. See address below. The celebrated female remedies compounded from the private prescriptions of Dr. YOUNG, have now obtained a most extensive popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimony of efficacy declare them to be pre-eminently superior in their action. No lady should be without these renovating agents. None genuine unless prepared at this office. Sent by mail or express to any part of the State. The great Female Medicine—Fremont's Powders for married ladies. New, safe and infallible, lasting from four to six months. Price \$10. French Laxer, or Female Monthly Pills, for suppressions. After fifty years of use these pills stand unrivalled in efficacy. Price \$5 per box.

To Correspondents:

Persons in the interior are often deterred from consulting the Doctor because they cannot spare the time or incur the expense of a visit to the city. To such he would say that a plain statement of the symptoms and information bearing upon the complaint will enable him to prescribe for them so that they can be cured at home. None need have any false delicacy about writing, no matter what the nature of their complaint, as the communication will be seen only by the Doctor, and will be treated with the utmost confidence, and either returned or destroyed. Consultation free! Address thus—

FRENCH MEDICAL OFFICE.

DR. JULIEN PEREAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University, Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PEREAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs, entrance on either Montgomery or Sacramento streets.

DR. PEREAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual Faculties are weakened, Loss of Memory ensues, Ideas are clouded, and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptoms are pimples in the face, and itching in different parts of the body. Patients suffering from this disease, should apply immediately to DR. PEREAULT, either in person or by letter, as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks. Patients suffering from venereal diseases in any stage, Gonorrhoea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system. DR. PEREAULT'S diploma is in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required. Patients suffering under chronic diseases, can call and examine for themselves. We insist investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promise. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us. Low charges and quick cures. Ladies suffering from any complaint incidental to their sex, can consult the doctor with the assurance of relief. FEMALE MONTHLY PILLS. DR. PEREAULT is the only agent in California for Dr. BROT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage. Persons at a distance can be cured at home, by addressing a letter to DR. PEREAULT, corner of Sacramento and Montgomery streets, Rooms 10 and 11, or Box 973, P. O. San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc. All communications confidential. no17-174

STOP THAT COUGHING.

SOME OF YOU CAN'T, AND WE SPITE YOU. You have tried every remedy but the ONE best, by its intrinsic merit, to supersede all similar preparations. It is not surprising you should be reluctant to try something else after the many experiments you have made of the public as a certain cure; but

NEWELL'S PULMONARY SYRUP is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis, and Consumption. Thousands of people in California and Oregon have been already benefitted by the surprising curative powers of

NEWELL'S PULMONARY SYRUP and with one accord give it their unqualified approbation. We now address ourselves to all who are unacquainted with this, the great Panacea of the age, for the healing of all diseases of the Throat and Lungs, assuring you that

NEWELL'S PULMONARY SYRUP has cured thousands and it will cure YOU if you try it. This valuable medicine is pleasant to the taste; soothing, healing and strengthening in its effects; entirely free from all poisonous or deleterious drugs, and perfectly harmless under all circumstances.

Certificates from many prominent citizens of San Francisco accompany every bottle of

FLORENCE SEWING MACHINES.

Copy of the Report of the Committee of Awards at the Fair of the AMERICAN INSTITUTE, NEW YORK, 1865. To the FLORENCE SEWING MACHINE CO., for the Best Family Sewing Machine.

Highest Premium! Gold Medal!

REASONS: 1st. Its simplicity and great range of work. 2d. The reversible feed motion. 3d. The perfect finish and substantial manner in which the machine is made. 4th. The rapidity of its working, and the quality of work done. 5th. The self-adjusting tension.

The "Florence" was awarded the First and Highest Premium at the State Fair of California, the only Fair on the Pacific Coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded by the Mechanics' Institute, of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficient, and its use is easily learned. Every machine sold is guaranteed in the full sense of the word. Send for Circulars and Samples of Work.
