A RACE FOR A BRIDE.

A few days ago, says the Columbia, Ohio, Journal, a young man from abroad came to the city to have a talk with his lady love. The young lady was much excited and declared that if the young man ever married her it must be at once. This alarming declaration caused the young man to act at once, and he proceeded to the Probate Court to procure the required license. Here the astonishing intelligence awaited him that some other person had received license to marry the same lady named in his own application. This complicated affair but the young man, determined to forestall his rival, procured a Justice, and proceeded immediately to the residence of the young lady in question. Number one had been equally energetic, working however on a different policy. Number two took a Justice to the young lady. Number one again took a Justice, and when the aforesaid young man the second arrived upon the scene, number one and young lady were man and wife. A miss was as good as a mile, but the old proverb failed to console the disappointed candidate.

The young lady was Miss. P., of Uniontown; number one was a young farmer in the neighborhood, and number two a former Captain in some Ohio regiment. The farmer was the lady's favorite, the captain the young lady's accepted admirer on the part of the parents. The father, to expedite his plans, removed his daughter to the city, where arrangements were made for her marriage with the Captain.

Young farmer came upon the scene, found where the young lady was sequestered, stole an interview, forestalled his rival in the procuring of a license, assisted the lady to escape from a window, secured the services of Squire M., and was married at the United States Hotel.

A curious man in Taunton, Massachusetts, recently inserted a red hot poker into the fuse hole of an old shell to see whether it was loaded. He ascertained that it was

AN ENRAGED HUSBAND.—Shortly after dark on Wednesday evening two well dressed married men were promenading across a bridge in New Haven, Connecticut, each with a stranger woman, also fashionably dressed, leaning confidently on his arm. All at once this picture changed. A powerful, enraged man, who, in one of the thoughtless women, saw his own wife, and who had been watching the couples meandering, stole stealthily up, and before either of the guilty masculines could escape, each felt himself lifted from his feet, balanced a moment in mid-air over the railing of the bridge, and then occupying a miserable situation, almost buried in calm mud, knee deep, ten feet below. Both the victims were athletic men, and yet they were lifted over and plunged in the quagmire of mud below in far less time than it takes to tell it. Both floundered around in the mud for a good while—in the darkness it seemed an age to the flounders—but both managed to crawl out with ruined clothes, wiser if not happier men.

TO MAKE A WOMAN.—The Paducah (Ky.) "Record" says that an ingenious mechanic in that city is about to undertake to manufacture a woman out of the improvements, such as false hair, false teeth, false busts legs and calves, palpitating bosoms, etc.; and the only thing that stops him is how he will make the thing breathe. Before the "debris" is put together, thinks the "Record," there will be some invention that will answer his purpose. We would advise the seeker after knowledge not to give much for a patent on his invention, however—it will never pay. It is impossible to improve on the real article, and the "generality of mankind in general" will stick to the old-fashioned order of womanhood, with real busts, real hair, real teeth, and the other real arrangements to numerous to be referred to at the present time.

The Coroner's inquest to inquire into the murder of Dr. Robinson, at Salt Lake, has been concluded. The names of the persons who committed the deed are as much a mystery as ever, but the conviction in the public mind is stronger than ever that the murder was committed by seven men acting under and by the authority of the leaders of the Mormon Church. Every fact bearing upon the subject tends to confirm the belief, and there the matter will probably rest till the Judgment shall disclose all things.—*Idaho Statesman.*

NATURE'S BOOK.—It is very well to laugh at book students of nature, but they carry that about them which gives an interest to every flower, cloud and stone they see. They see the object, and then by the magic of association, the true beauty, strength, history, which surround and accompany it, reveal themselves. A leaf or a bird is but a letter in the great book, which is read only by those who can put the letters together; that is, who have the faculty of association.

DIED YESTERDAY.—Every day is written this little sentence—"Died yesterday." Every day a flower is plucked from some sunny home; a breach made in some happy circle; a jewel stolen from treasure of love. Each day, from the summer field of life, some harvester disappears—yes, every hour some sentinel falls from his post, and is thrown from the ramparts of time into the funeral of one who "died yesterday" winds like a winter shadow along the street.

"Died yesterday." Who died? Perhaps it was a gentle babe, sinless as an angel, and pure as a zephyr—one whose laugh was the gossamer of summer rills, boistering in the tower of roses—whose little life was a perpetual lullaby, a May-time crowned with the passion of flowers that never fade. Or, my hap, it was a youth, hopeful and generous, whose path was filled with flowers, with not a serpent lurking under neath—one whose soul panted for communion with the great and good, and reached forth with earnest struggle for the guardon in the distance.

But that heart is still now—he "died yesterday."

"Died yesterday." A young girl, pure as the orange flowers that clasped her forehead, was stricken down as she stood on the altar; and from the dim aisles of the temple, she was borne to the "garden of slumber." A tall, browned man, girt with the halo of victory, and, at the day's close, under his own vine and fig tree, fell to dust even as the anthem trembled on his lips; and he, too, was laid "where the rude forefather of the hamlet sleeps."

A SENATOR'S NAP.—On one occasion, during a speech by Mr. Baldwin, of Connecticut, Senator Foote, of Mississippi, fell a sleep, and when he waked up a Senator from Florida took him into the lobby, and repeated to him an imaginary invective, which he declared Baldwin had pronounced against him. Foote returned to the Senate in a rage, and began a violent personal attack upon Baldwin. "I will teach the Senator a lesson" he cried; "when he calls me the arch repudiator and robber thief!" The astonished Baldwin protested that he had made no allusion to Foote whatever. "What?" cried Foote, "does the Senator deny the fact, when I heard it with these ears!" Amid roars of laughter the Mississippian perceived that he had been made the subject of a practical joke. That is said to have been the last nap taken in Congress.—*Fraser's Magazine.*

An innocent young girl in Rochester, N. Y., after being accused and arrested for stealing gold rings, and handed around for two weeks from the jail to the police court, abused, treated as a felon, and condemned to the society of the degraded and corrupt, has at last been saved from a life in the State's prison by the confession of another girl.

If you are handsome, cultivate your boots, if you are homely, cultivate your brains.—*Josh Billings.*

OFFICIAL.

LAW OF THE UNITED STATES,
Passed at the First Session of the
Thirty-Ninth Congress.

[PUBLIC—No. 118.]

AN ACT to quiet the title to certain lands within the corporate limits of the city of Benicia and the town of Santa Cruz in the State of California.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That all the right and title of the United States to the land situated within the corporate limits of the city of Benicia, in the county of Solano, State of California, as defined in the act incorporating said city, passed by the legislature of the State of California April twenty-four, eighteen hundred and fifty-one, be, and the same are hereby, relinquished and granted to the said city, and its successors, upon trust, however, that so much of said lands as is in the bona fide occupancy of parties upon the passage of this act, by themselves or tenants, shall be conveyed by said city to such parties. *Provided, however,* That the relinquishment and grant by this act shall not extend to any lands within said corporate limits occupied as a military depot of the United States, or heretofore reserved by the United States for public purposes; nor shall they interfere with or prejudice any valid adverse right, or claim, if such exist, to said land or any part thereof, or preclude a judicial examination and adjustment thereof.

Sec. 2. *And be it further enacted,* That all the right and title of the United States to the land within the corporate limits of the town of Santa Cruz in the State of California, as defined in the act of the legislature of that State, incorporating said town, be, and the same is hereby, relinquished and granted to the corporate authorities of said town and their successors, in trust for and with authority to convey so much of said lands as are in the bona fide occupancy of parties upon the passage of this act, by themselves or tenants, to such parties. *Provided,* That this grant shall not extend to any reservation of the United States, nor prejudice any valid adverse right or claim, if such exist, to said land or any part thereof, nor preclude a judicial examination and adjustment thereof.

Approved July 23, 1866.

[PUBLIC—No. 119.]

AN ACT for a grant of lands to the State of Kansas to aid in the construction of the Northern Kansas Railroad and telegraph.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there is hereby granted to the State of Kansas, for the use and benefit of the Saint Joseph and Denver City Railroad Company, the same being a corporation organized under the laws of the State of Kansas, to construct and operate a railroad from Elwood, in Kansas, westwardly, via Maryville, in the same State, so as to affect a junction with the Union Pacific railroad, or any branch thereof not farther west than the one hundredth meridian of west longitude, every alternate section of land designated by odd numbers, for ten sections in width on each side of said road, to the point of intersection. But in case it shall appear that the route of said road is definitely fixed, sold any section or any part thereof, granted as aforesaid, or that the right of pre-emption or homestead settlement has attached to the same, or that the same has been reserved by the United States, for any purpose whatever, then it shall be the

duty of the Secretary of the Interior to cause to be selected for the purposes aforesaid, from the public lands of the United States nearest to tiers of sections above specified, so much land, in alternate sections designated by odd numbers, as shall be equal to such lands as the United States have sold, reserved or otherwise appropriated, or to which the rights of pre-emption or homestead settlements have attached as aforesaid; which lands, thus indicated by odd numbers, and selected by direction of the Secretary of the Interior, as aforesaid, shall be held by the State of Kansas for the use and purpose aforesaid. *Provided,* That the lands hereby granted for and on account of said road shall be exclusively applied in the construction of the same, and for no other purpose whatever, and shall be disposed of only as in this act hereinafter provided. *Provided also,* That no part of the land granted by this act shall be applied to aid in the construction of any railroad or part thereof, or the construction of which any previous grant of land or bonds has been made by Congress. *And provided further,* That any and all lands heretofore reserved to the United States by any act of Congress, or in any other manner by competent authority, for the purpose of aiding in any object of internal improvement, or for any other purpose whatsoever, be, and the same are hereby, reserved to the United States from the operations of this act, except so far as may be found necessary to locate the route of said road through said lands; in which case the right of way for one hundred feet on each side of said road only shall be granted, subject to the approval of the President of the United States.

Sec. 3. *And be it further enacted,* That the sections and parts of sections of land which by such grant shall remain to the United States, within ten miles on each side of said road, shall not be sold for less than double the minimum price of the public lands when sold; nor shall any of said lands become subject to sale at private entry until the same shall have been first offered at public sale to the highest bidder, at or above the increased minimum price, as aforesaid. *Provided,* That actual and bona fide settlers, under the provisions of the pre-emption and homestead laws of the United States, may, after due proof of settlement, improvement, cultivation, and occupation, as now provided by law, purchase the same, at the increased minimum price aforesaid. *And provided also,* That settlers on any of said reserved sections, under the provisions of the homestead law, who improve occupy, and cultivate the same for a period of five years, and comply with the several conditions and requirements of said act, shall be entitled to patents for an amount not exceeding eighty acres each, anything in this act to the contrary notwithstanding.

Sec. 4. *And be it further enacted,* That the grant of the lands hereby made is upon condition that said company after the construction of its road shall keep it in repair and use, and shall at all times be in readiness to transport troops, munitions of war, supplies and public stores upon its road for the government when required to do so, by any department thereof, the government at all times having the preference in the use of the road for all the purposes aforesaid at fair and reasonable compensation, not exceeding that paid by private individuals or the average paid for like services on other roads. And the lands hereby granted, held, and reserved as aforesaid shall be to the benefit of said company, as follows: When the gov. of the State of Kansas shall certify that any section of ten consecutive miles

TROUBLES OF ENGLAND.

England is now experiencing, to some extent, the troubles arising from internal discord and threatened rebellion. Gradually her toiling population are learning the fact that they have rights in the land; that they were not created solely to be the ass to bear the burden for "my Lord," and to eke out an existence of deprivation, while an aristocratic, self-styled superior class appropriate the products of their toil to their own use and pleasure. They are learning that the hard-handed laborers are the bulwarks of the State, and as its foundation and support, have a right to a voice in the government and to ownership in the soil. A few years ago the advocates of reform scarce dreamed of popular suffrage, and would have been contented with having it extended to a mere fraction more of the people; now they ask its extension to the whole male population. As an evidence of the earnestness of the reformers in their work, they are holding meetings at the present time while rebellion is imminent in Ireland, not even the excitement consequent upon such a state of affairs being sufficient to draw their attention from the objects they are laboring to accomplish. Unless concessions are made by the governing class to the masses, before many years elapse, they will take them without asking. To satisfy the demands of the reformers and watch the movements of the Fenians, the Government of Great Britain has something to do; and especially so, as her commerce is likely to suffer from the depredations of Fenian privateers, fitted out in and escaping from American ports. However much such a system of warfare is to be deprecated, it is only bringing home to her the beauties of the system of piracy let loose from her ports to prey upon the commerce of the United States during the late rebellion. If the report is true of the sailing of the Fenian privateer Estella, England will be very likely soon to change her attitude on the Alabama question, and allow the claims our Government is now urging. If she does not recognize the liability of a nation for damage done the commerce of a friendly power by privateers

escaping from its ports, then she cannot consistently find fault with our Government for any injury the privateer Estella may inflict upon her commerce.

IMPROVEMENTS.—Notwithstanding the stagnation in business in this vicinity improvements are still going on. The new building of Yesler & Fry, on Commercial street, which has arisen on the spot where the famous old log cook house stood, is a fine two story building, and when completed will have the neatest finished front of any house on street, and will be a decided improvement on the looks of the place. Mr. Yesler is also making extensive repairs on his wharf. Mr. Kellog is putting up a fine dwelling house in the upper part of town, which will show to advantage.

THE LEGISLATURE.—On Monday, December 3d, the Council organized by electing B. F. Dennison, President, (an excellent selection); Mr. Porter, Chief Clerk; Mr. Lane, Assistant Clerk; Mr. Wright, Sergeant-at-Arms; Mr. Wood, Door-keeper. The House, after meeting and adjourning for several days without having a quorum present, finally organized by electing Mr. Miles, of Lewis county, Speaker; Mr. Charles Eagan, Chief Clerk; Mr. Browning, Assistant Clerk; Mr. Turpin, Sergeant-at-Arms; Mr. Yeager, Door-keeper. This was about all that was done last week.

In another column of the paper will be seen a notice of the commencement of next term of the University of Washington Territory, on the 7th day of January next. The facilities this Institution now affords for acquiring an education, recommend it to the citizens of the Sound for patronage and encouragement, and we hope to see a liberal attendance in future and an increased interest manifested in its prosperity.

GRANTED A NEW TRIAL.—Powell, the murderer, has been granted a new trial by Judge Hewett. It is probable he may yet escape suffering the penalty the law prescribes for the commission of his crime, and we do not know that it would be right to punish a man for the innocent amusement of shooting people's brains out.

See the advertisement in to-day's paper of sale of goods at the Custom House, at Port Townsend, Wednesday next. It is an opportunity to purchase goods that should not be lost by those wanting to invest in such articles.

PASSENGERS BY THE JOSIE Mc NEAR.—The following passengers arrived by the steamer Josie McNear, at Seattle, Dec. 17th:

A. O. Grant, Murphy, Clancy, Downey, Mr. Loon, Getchell, Miss Burnett, Spooner.

The Coquimbos sailed from Port Madison on the 11th, for San Francisco.

Interview with Count Bismark.

The Berlin correspondent of the Tribune, G. W. Smalley, gives the following account of an interview with Count Bismark:

The conversation touched slightly on American topics. He said: In our relations with the United States I have never had a doubt. The new party in Prussia, to which I am supposed to belong, at the outbreak of your war, besought the King to recognize the South. I opposed it inflexibly. To me it was clear that the North only could be the true ally of Prussia; with the South we had nothing in common. The Government of Prussia never wavered in its friendship for yours; the sentence was uttered proudly, and the burning eye flamed brighter than ever. It is a traditional policy with us. Frederick the Great, I think, was the first European sovereign to recognize your independence. I am heartily glad that America understands and reciprocates the friendly feeling we have steadily maintained.

Here follows a curious statement, a fact not known to me before, and I think unpublished in America.

At the beginning of our war, said Count Bismark, Austria was stronger than we were on water, and Italy was not sure to us. It was proposed to me that the leading Southern naval officers should join us with five thousand men and suitable vessels. They were not to come as a Confederate navy but as individuals, and the most eminent officers among them were included in the offer. I consulted your Minister, to know whether an acceptance of this offer would be offensive to the American Government. Mr. Wright was in doubt, and wrote to Washington. He received instruction to oppose the scheme, and I at once declined having anything to do with it. Semmes made the proposal.

SWELL MARRIAGES IN GOTHAM.—A late letter from New York contains the following:

Within the few days past we have had an unusual out-cropping of so-called fashionable weddings, the arrangements of which have kept Brown, the dandy sexton of Grace Church, as busy as a bee, morning, noon, and night. "At home" receptions, in the most extravagant and expensive style, follow each other in rapid succession. Cards were out for one of these yesterday to the number of 700. The recipients embraced people of every walk in life—bankers and brokers, merchants and magistrates, lawyers and legislators, politicians and priests. The cost of the fete is said to have been five or six thousand dollars. Today a marriage came off at Trinity Chapel upon the same "gorgeous" principle. The bride is the daughter of a well-known shipping merchant in South street. No fewer than thirty bridesmaids, all clad in spotless white, "assisted" on the occasion. The bridegroom is the junior partner in a private banking house down in William street, and as his father in law is a man of immense wealth, and his wife an only daughter, the young gentleman, has doubtless, (speaking after the manner of men) made a good thing of it.

A miserly bailiff coming into the possession of a baronetcy, and desiring an appropriate "coat of arms," adopted one representing a tin plate, over which was placed a fork, signifying "Fork over the tin."

Thanks to Capt. Finch, of the Anderson, for favors.

THE CROWN OF MEXICO.—It may be forgotten that a member of the Bonaparte family was offered forty years ago the crown of Mexico. The story is told by the Emperor himself in his sketch of Joseph, the eldest brother of the first Napoleon: "While Joseph was living as a philosopher, on the banks of the Delaware, thinking of nothing but doing good to those around him, he received a proposal which surprised and touched him. A deputation of Mexicans came to him to place at his disposal the crown of Mexico. The ex-King of Naples and Sapin answered the deputation nearly in these terms: 'I have borne two crowns and I would not take a single step for a third. Nothing can be more flattering to me than to see men who, when I was in Madrid, refused to recognize my authority, come now in my exile to ask me to put myself at their head. But I do not believe the throne you wish to raise up can make you happy; and every day I spend on the hospitable soil of the United States proves to me more and more the excellence of Republican institutions for America. Preserve them, then, as the precious gift of Providence. Put an end to your intestine quarrels; imitate the United States, and look out among your fellow-citizens for some one more capable than I am to play the great part of Washington.'

WRITING FOR NEWSPAPERS.—It is not enough to think and to know, says the North British Review. It requires the faculty of utterance, and a peculiar kind of an utterance. Certain things are to be said in a certain manner; and your amateur article writer is sure to strengthen in any manner but the right. Perhaps of all styles of writing there is none in which excellency is so rarely attained as that of newspaper writing. A readable leading article may not be a work of the loftiest order, or demand for its execution the highest attribute of genius; but, whatever it may be the power of accomplishing with success is not shared by "thousands of clever fellows." Thousands of clever fellows, fortified by Mr. Thackeray's opinion, may think they could write the articles which they read in morning journals; but let them take the pen and paper and try.

Essence of Jamaica Ginger.

This valuable preparation containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to nausea, caused by riding in a railroad-car, or by sea-sickness, or other causes.

It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

of said road is completed in good, substantial and workmanlike manner as a first class railroad, then the said Secretary of the Interior shall issue to the said company patents for so many sections of the land hereinbefore granted as lie opposite to and coterminous with the said completed sections. And when certificates of the governor, aforesaid, shall be presented to said Secretary, of the completion, as aforesaid, of each successive section of ten consecutive miles of said road, the said Secretary shall in like manner issue to said company patents for the said sections of said land as aforesaid for each of said sections of road until said road shall be completed: *Provided*, That if said rail road company or its assigns shall fail to complete at least one section of said road each year from the date of its acceptance of the grant provided for in this act, then its right to the lands for said section so falling of completion shall revert to the government of the United States: *Provided further*, That if said road is not completed within ten years from the date of the acceptance of the grant hereinbefore made, the lands remaining unpatented shall revert to the United States.

Sec. 4. *And be it further enacted*, That as soon as the said company shall file with the Secretary of the Interior maps of its line, designating the route thereof, it shall be the duty of the said Secretary to withdraw from the market the lands granted by this act, in such manner as may be best calculated to effect the purposes of this act and subserve the public interest.

Sec. 5. *And be it further enacted*, That the United States mail shall be transported on said road and its extension, under the direction of the Post Office Department, at such price as Congress may by law provide: *Provided*, That until such price is fixed by law the Postmaster General shall have power to fix the compensation.

Sec. 6. *And be it further enacted*, That the right of way through the public lands be, and the same is hereby, granted to the said Saint Joseph and Denver City Railroad Company, its successors and assigns, for the construction of a railroad as proposed; and the right is hereby given to the said corporation to take from the public lands adjacent to the line of said road material for the construction thereof. Said way is granted to said railroad to the extent of one hundred feet in width on each side of said road where it may pass through the public domain; also all necessary ground for station buildings, workshops, depots, machine-shops, switches, side tracks, turn-tables, and water-tanks.

Sec. 7. *And be it further enacted*, That the acceptance of the terms, conditions, and impositions of this act by the said Saint Joseph and Denver City Railroad Company shall be signified in writing, under the corporate seal of the said company, duly executed pursuant to the direction of its board of directors first had and obtained, when acceptance shall be made within six months after the passage of this act and not afterwards, and shall be deposited with the Secretary of the Interior.

[PUBLIC—No. 120]

AN ACT to regulate the registering of vessels.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the act approved on the tenth day of February, in the year one thousand eight hundred and sixty-six, entitled "An act to regulate the registering of vessels," shall not be construed or construed to effect or limit the operation of the act approved on the twenty-third day of December, in the year one thousand eight hundred and fifty-two, entitled "An act authorizing the Secretary of the Treasury to issue registers to vessels in certain cases," but the same shall be in full force and effect, anything in the act first aforesaid to the contrary notwithstanding.

Approved July 23, 1866.

[PUBLIC—No. 122]

AN ACT to amend the acts approved August six, eighteen hundred and sixty-one, and July sixteen, eighteen hundred and sixty-two, establishing a Metropolitan Police in the District of Columbia, to increase the efficiency thereof, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the chief executive officer of the police shall hereafter be styled major; the present sergeants shall be called lieutenants; the roundsmen called sergeants; and the patrolmen called privates; and that, in addition to the officers and employees the Commissioners of the Metropolitan Police, in the District of Columbia, are now authorized by law to appoint, the said commissioners be authorized to appoint one captain, who shall be the inspector of the force, command it in sickness or absence of the major, and perform such other duties as the said commissioners may direct; one clerk in the office of the major, who shall have charge of the records of the sanitary company, and perform such other duties as the major, by direction or with the approval of the commissioners, may prescribe; twenty sergeants, and fifty patrolmen or privates.

Sec. 2. *And be it further enacted*, That the provisions of the sixth section of the act of July sixteen, eighteen hundred and sixty-two, authorizing the selection of justices of the peace by the Board of Police, to officiate at the respective station-houses, be construed to provide for the hearing of all cases of offences against statutory, corporation or common law, of which the said board is charged by law with the execution and all fines imposed by any justice within either of the jurisdictions of the metropolitan police district shall be, by the justices imposing the same, paid into the hands of the treasurer of the board of police, on the first Thursday after the same shall have been collected, who shall duly receipt therefor, in duplicate, to the credit of the city or county within which the offense was committed; and such justices shall, in each case, return the original receipt to the treasurer of the same jurisdiction; and the treasurer of the police board shall pay over such sums monthly to the proper officers of said cities or county, upon proper receipts, except as hereinafter provided.

Sec. 3. *And be it further enacted*, That from and after the expiration of licenses already granted it shall be unlawful for any person or persons keeping an ordinary, restaurant, saloon, or other place where spirituous liquors are sold within the District of Columbia, to give, sell, or dispose of any intoxicating drinks without a license approved by the Board of Police; and hereafter no such license shall be considered legal by any of the authorities having jurisdiction within said district, until the same shall have been approved by the Board of Police, and so certified by the secretary thereof under the office seal.

Sec. 4. *And be it further enacted*, That the Board of Police shall provide specific rules for uniform clothing of the police force, which shall be procured by each of the members thereof, respectively, strictly in conformity with such rules, at his own expense and risk, and he shall be removed from such force for not complying with such rules.

Sec. 5. *And be it further enacted*, That from and after the passage of this act the property clerk of the metropolitan police district shall be vested with all the powers now conferred by law upon notaries public in the District of Columbia. He may administer oaths and certify depositions which may be necessary to establish the ownership of any property or money lost, abandoned or returned to him under the directions of the Board of Police, other than such as may be so returned as the proceeds of crime; and upon satisfactory evidence of such ownership he shall deliver the same to said owner, his heirs and legal representatives, and to him or them only except it be proven impracticable for such owner, heirs or representatives to appear, when the same may

be delivered and receipted for upon such proof of ownership and the filing in the office of said property clerk, of a duly executed power of attorney from said owner or his heirs or legal representatives. And any property or money returned to the property clerk as the proceeds of crime, and which shall not be called for as evidence by any proceeding in the courts, of the District within one year from the date of such return, may unless specially claimed by the owner within that time, be thereafter treated as unclaimed, abandoned, or lost property or money, as provided in the act of July sixteen, eighteen hundred and sixty-two.

Sec. 6. *And be it further enacted*, That where animals or articles of property, other than money, are returned to the property clerk as the proceeds of crime, when shown by sufficient evidence to be necessary for the current use of the owners and not for sale, (except perishable property that may be delivered to the owner on ample security taken by the committing magistrate for his appearance at the criminal court to prosecute the case,) the Board of Police shall have power, in its discretion, to authorize the property clerk to place the same in the custody of such owners upon sufficient bonds being given by said owner or owners in the sum of twice the value thereof, conditioned for the production of the same at any within one year, when required for use in court as evidences in any proceeding thereon, in accordance with the provisions required by the act of July sixteen, eighteen hundred and sixty-two. And in cases of large quantities of goods, held for sale by the owners, that may come into the possession of the property clerk as the proceeds of crime, the same may be delivered to the said owner, his heirs or representatives, as provided in section five of this act, upon ample security to prosecute, except those of an estimated value of fifty dollars, which shall be retained by the property clerk until the discharge or conviction of the accused, as required by said act.

Sec. 7. *And be it further enacted*, That hereafter no person shall assume or practice the occupation of detective within the limits of the District of Columbia, who shall not first receive a specific appointment for that purpose, unless pursuing the detection of criminals as a private business outside of such authority, and not otherwise specifically authorized by law, any person so practising shall enter into bonds to the Board of Police with surety in the sum of not less than ten thousand dollars, to be approved by the Board of Police, for a faithful and correct return to said board, in such manner and at such times as the Board of Police shall direct, of all business transacted by such private detective; and in each and every case of a forfeiture of such bond or bonds for failure to make such returns to said board as required, or for failure of persons accused by such bonded private detectives to appear to answer charges in court, it shall be the duty of the attorney of the United States for the said District to immediately prosecute the sureties thereon to the full extent of a recovery of the forfeitures. And it shall be the duty of any person prosecuting the business of a private detective who may arrest a person for crime, to bring the person arrested with all evidence of the evidence of the alleged crime, including property or money which may become evidence, immediately to the office of the Superintendent of Police, or the nearest police station, where the case shall undergo an examination before the magistrate as signed thereto, as required by law and the rules of the Board of Police governing the Metropolitan Police force.

Sec. 8. *And be it further enacted*, That upon the execution of a private detective's bond it shall be the duty of such private detectives to report to the secretary of the Board of Police, who shall file such bond and record the name, age, description, nationality and residence of said private detective; and it shall be unlawful for such detectives or any member of the Metropolitan Police force, to compromise a felony or any other unlawful act, or to participate

in, assent to, aid or assist any person suspected of crime to escape a full judicial examination by failing to give known facts or reasonable excuses of suspicion, or withholding any information relative the charge or suspicion from the police magistrate or justice, or in any manner to receive any money, property, favor, or other compensation from any person arrested for any crime, or supposed crime, or to permit such permit such person to go at large without due effort to secure an investigation of such supposed crime; and for violation of the foregoing provisions of this section, the said police or private detective, or other person guilty thereof, shall be deemed as having compromised a felony, and be thereafter prohibited from acting as an officer of the Metropolitan Police force, or as a private detective, and shall be prosecuted to the extent of the law for aiding criminals to escape the ends of justice.

Approved, July 23, 1866.

PUGET SOUND WEEKLY.

MONDAY, December 17, 1866.

ADDRESS

Of Mr. Geo. McConaha at the Exhibition of the University of W. T., Dec. 7th, 1866.

By request of several citizens, Mr. George McConaha handed us for publication the following address delivered by him at the Exhibition at the close of the late term of the University:

Dear Friends, we are pleased to behold your kind and benevolent faces upon this occasion. We thank you, who have gone so far, and learned so much in life's journey, that you look back and smile upon us who are just entering upon the path of knowledge. We thank you, who have ascended high up the hill of science, that you pause a moment in your path and bestow a cheering glance upon us who, almost invisible back in the far distance, are laboring to surmount the obstacles which intercept our path. May you continue on your way in peace, and may the light of your example reflect blessings upon us who shall live to fill your stations in the broad and busy world.

We thank you, kind Instructors, for your goodness, and your careful and affectionate teachings. You have corrected our many errors; you have warned us when danger was near; you have removed obstacles when they impeded our progress; you have cheered us when weary and discouraged; you have told us of the bright rewards which await us if we acquire wisdom and practice virtue, and of the fearful results of ignorance and vice: In the name of my companions I sincerely thank you for the many kind favors you have bestowed upon us.

Dear Lady, accept through me a token of that regard, an exponent of that feeling, which each and all of us have in our hearts for you. We do not present this for its value, or that you are in need of such an article; but we give it to prove that we shall ever hold you in fond remembrance; that your smiling face, your ladylike demeanor, shall ever be bright within our memory. Then, kind Instructress, accept it with our heart-felt thanks, and may God, the keeper of all hearts, watch over you and over us, and may we yet meet above in realms of celestial bliss.

Kind Instructor, we also make this presentation to prove that we feel indebted for the many deeds of kindness which we have received at your hands. Do not harbor the idea that we deem this equivalent for the many troubles we have caused you, but accept it as an exponent of that love and high regard which we entertain for you, beloved Teacher; and we pray that you may forgive the many offenses of which we have been guilty. We shall ever remember you with love and esteem. My tongue cannot express that gratitude which lingers within our hearts; but we are determined, with the blessing of God, to testify to it in our future actions, by using all our exertions, all our abilities, and all that we may attain, in the promotion of virtue and to the good of mankind.

Dear Companions, I now turn to you. Our connection as members of this school has been that of harmony and pleasure; but with this day it may close forever. Some of us may never again sit in these seats and "list to that voice which wooed us

to be wise." We may never again sport upon the noisy green, or wander in the forest shade. Other scenes and other pursuits may await us, "But parting shall only draw closer the tie that binds us." The setting sun, the evening star, and the light of the silver moon, shall ever remind us of the joys days we have spent together, and while we live, may we dwell on the past with fond recollection. "And oh! in heaven my our friendship be purified and perpetuated."

Now, kind Friends, beloved Instructors and associates, we bid you a reluctant adieu.

TELEGRAPHIC. THE LATEST.

[SPECIAL TO THE WEEKLY.]

New York, 9.—The London Herald is authorized to state that the Alabama claims have been revived by the American Minister in a most conciliating manner and friendly tone; they are now under consideration in the Cabinet.

The Globe hints no serious difficulty has occurred between the British Government and the United States, growing out of the course of the latter in not maintaining neutrality in Fenian matters. Other papers discredit the report.

Washington, 10.—In the House a bill providing for the meeting of the 40th Congress on the 4th March, passed by 127 to 80.

New York, 12.—A Boston dispatch says a Fenian privateer successfully eluded the Federal authorities and sailed from Newbury port, several days ago, for the Irish coast. The vessel is alleged to be the schooner Estella, of 700 tons, armed with a most improved destructible ordnance, and a picked crew of men of more than two hundred, who have seen service in our Iron-clads—her officers are all men of experience.

Fenian officers state that before leaving for Ireland Stephens issued letters of marque and reprisal to the Estella to capture, sink and destroy all English vessels out of neutral waters. Captain Burk announced his intention of making the Atlantic too hot for British ships, and declared that the incoming Cunard steamers were to be captured at all hazards, and to that end the Estella has sailed directly in the track of the expected vessels—others will follow as chance offers, and his purpose is to detail a portion of the arms and men on the Estella to the first available English vessel captured, and thus improvise other privateers.

Hullfax, Dec. 12.—The Gunboat Malvern left yesterday, as is supposed, in search of Fenian privateers. Great activity exists here in naval and military circles.

Washington, 12.—Gen. Robert Allen has been assigned to the command of the Military Division of the Pacific.

CALIFORNIA.

San Francisco, 12.—The Congressional brings intelligence that the Imperialists and French had evacuated Mazatlan on the 11th of November. The Liberal forces took possession. The French

also evacuated Durango. In the retreat they were severely handled by the Liberals—one French column was entirely cut up, losing 200 men and 3 pieces of artillery.

Chicago, 13.—The House yesterday rejected the amendment to the bill regulating the President's appointing power, intended to prevent the removal of Cabinet officers without the consent of the Senate—yeas, 72; nays, 87.

New York, 13.—Dispatches received last night from Sheridan, dated New Orleans, say affairs on the Rio Grande are in good condition, the act of Segwick gave rise to no complications.

Escobado, a Mexican General, called on me to ask me not to hold him responsible. There is not a city or State in Mexico that takes issue against Juarez' Government.

New York, 13.—Two steamers sailed to-day for Vera Cruz to take French troops to France.

In the House to-day Stevens introduced a bill to establish a civil government in North Carolina—referred to Territorial committee. A resolution that the Postoffice committee inquire into the expediency of re-establishing the Southern Mail Company to California, was referred.

By Cable—London, 12.—The Fenian troubles in Ireland are increasing. Another regiment has been ordered to Ireland, and will soon start.

Chicago, 8.—The British Minister informs Seward that the case of the condemned Fenians in Canada has been referred to the Home Government; meanwhile the executions have been postponed.

EUROPE.

London, 7.—The Morning Post demands of the Government a rigid examination into Fenian organizations in England and the manner in which the deposits of arms in Liverpool and elsewhere are guarded.

Liverpool, 7.—All deposits of arms in this city have been placed under armed guards. The excited state of the Irish people renders these precautions necessary.

Paris, 7.—The French officers had taken a farwell interview with the Pope yesterday.

The French vessels of war have blockaded Creswell. (?)

A large fleet of French war vessels and transports are now ready for Mexico.

Dublin, 7.—The purposes and proceedings of the Fenians monopolize attention. The Irish lodge of Orangemen held a meeting and issued an earnest call for all members of the Order to support the Government in its endeavors to keep the peace.

EASTERN NEWS.

Tallahassa, 6.—The Florida House of Representatives have unanimously adopted a resolution against ratifying the constitutional amendment.

An editor compliments a contemporary thus: "Mr. Brown is a clear thinker, and a ready and vigorous writer, and a first-rate fellow, to boot."

AUCTION!

BY order of the Secretary of the Treasury, I will sell at Public Auction, at Port Townsend, W. T., on Wednesday, December 19 1866, at ten o'clock, A. M., the following articles, the property of the United States:

- 1 large Iron Boat, 32 feet keel.
1 " Surf " 28 "
1 Custom House boat 29 ft keel
1 pair Cart Wheels.
Lot of Blocks, Old Iron, &c.

P. A. WILSON, Collector. Custom House, Port Townsend, Nov. 30, 1866.

A great many side hits are being made at the Plantation Bitters, by a score or two of disinterested friends who have endeavored to imitate or counterfeit them. It's all of no use. The people won't be long imposed upon. The Plantation Bitters are increasing in use and popularity every day, and that's what's the matter. They are in the same sized bottle, and made just as they were at first, and will continue to be, or we shall stop making them.

The Plantation Bitters purify, strengthen and invigorate. They create a healthy appetite. They are an antidote to change of water and diet.

They overcome effects of dissipation and late hours. They strengthen the system and enliven the mind.

They prevent miasmatic and intermittent fevers. They purify the breath and acidity of the stomach.

They cure Dyspepsia and Constipation. They cure Diarrhea, Cholera and Cholera Morbus.

They cure Liver Complaint and Nervous Headache.

They make the weak strong, the languid brilliant, and are exhausted nature's great restorer. The Recipe and full Circular are around each bottle. Physicians, Merchants, and persons whose sedentary habits induce weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, liver complaint, constipation, &c., will find immediate and permanent relief in these Bitters. But above all, they are recommended to weak and delicate females and mothers.

They are sold by all respectable merchants. See that each bottle has our private United States Stamp over the cork and steel-plate label.

Beware of imitations. See that the stamp has not been tampered with. Any person pretending to sell Plantation Bitters by the gallon is a swindler and impostor, and should be immediately reported to us.

Barnes' Magnolia Water.

A toilet delight! The ladies' treasure and gentleman's boon! The "sweetest" and largest quantity. Manufactured from the rich Southern Magnolia. Used for bathing the face and person, to render the skin soft and fresh, to prevent eruptions, to perfume clothing, &c.

It overcomes the unpleasant odor of perspiration. It removes redness, tan, blotches, &c. It cures nervous headache and allays inflammation.

It cools, softens and adds delicacy to the skin. It yields a subdued and lasting perfume. It cures mosquito bites and stings of insects.

It contains no material injurious to the skin. It is what every lady should have. Sold everywhere. Try the Magnolia Water once and you will use no other Cologne, Perfumery, or Toilet Water afterwards.

DEMAS, BARNES & Co., Props. Exclusive Agents, N. Y.

Sold by all Druggists and dealers everywhere.

MUSTANG LINIMENT. OVER A MILLION DOLLARS SAVED.

Gentlemen:—I had a negro man worth \$1,200 who took cold from a bad hurt in the leg, and was useless for over a year. I had used everything I could hear of without benefit, until I tried the Mexican Mustang Liniment. It soon effected a permanent cure."

J. I. DOWNING.

Montgomery, Ala., June 17, 1859.

"I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensable article for Sprains, Sores, Scarcies or Galls on Horses. Our men have used it for Burns, Bruises, Sores, Rheumatism, &c., and all say it acts like magic. J. W. BEWITT.

Foreman American, Wells, Fargo's and Harding's Express.

"The brain of my daughter's uncle, occasioned while skating last winter, was entirely cured in one week, after she commenced using your celebrated Mustang Liniment." ED. SEELY.

Gloucester, Mass., Aug. 1, 1865.

It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered. Families, livey men and planters should always have it on hand. Quick and sure it certainly is. All genuine is wrapped in steelplate engravings, bearing U. S. Stamp of DEMAS BARNES & Co. over the top.

An effort has been made to counterfeit it with a cheap stone-plate label. Look closely.

Lyon's Katharion.

It is a most delightful Hair Dressing. It eradicates scurf and dandruff. It keeps the head cool and clean. It makes the hair rich, soft and glossy. It prevents hair turning gray and falling out. It restores hair upon prematurely bald heads.

This is what Lyon's Katharion will do. It is pretty—it is cheap—durable. It is literally sold by the ear-ful, and yet its incredible demand is almost daily increasing, until there is hardly a country store that does not keep it, or a family that does not use it.

E. THOMAS LYON, Chemist, N. Y.

Lyon's Extract Ginger.

LYON'S EXTRACT OF PURE JAMAICA GINGER—for indigestion, Nausea, Heartburn, Sick Headache, Cholera Morbus, Flatulency, &c., where a warming stimulant is required. Its careful preparation and entire purity make a cheap and reliable article for culinary purposes. Sold every where at 50 cents per bottle. Ask for "LYON'S" PURE EXTRACT. Take no other.

CAUTION—See that the private U. S. Stamp of Demas, Barnes & Co. is over the cork of each bottle. None other is genuine.

Lyon's Flea Powder.

DEATH TO FLEAS.—It is well known that Lyon's genuine Maguetic Powder will perfectly destroy every thing in the shape of fleas, ticks, bed-bugs, roaches, &c.; that it is perfectly poison to the insect tribe, but entirely harmless to the human species and domestic animals.

The genuine has the signature of E. LYON, and the private stamp of DEMAS BARNES & Co. Anything else of this kind is an imitation or counterfeit. Any druggist will procure the genuine if you insist you will have no other.

MEDICAL INSTITUTE!

ESTABLISHED BY DR. J. C. YOUNG IN 1850. 536 Washington Street, Below Montgomery, San Francisco, California.

Consultation by Letter, or otherwise, Free.

It would be equally useless and unnecessary to enumerate here the diseases cured at the Institute. All classes of complaints are treated; but I consider it my duty to mention those of a special nature, as upon such the unfeeling and irresponsible quack dwells, with phrases well calculated to deceive those ignorant of the emptiness of his profession.

Seminal Weakness.

I am aware that by dwelling upon so uninviting a subject as the decay of manly vigor through the loss of the vital principle of life, the ignorant may asperse my motive; but the desire to point out to those who suffer, languish and decay, the true cause of their affliction, is too great an incentive to be forced into abeyance. How extended the terrible disease of Seminal Weakness is, no one but the practical specialist who devotes his time to its treatment can tell; but its presence can be detected by the most inexperienced by noting the following symptoms: Weakness of the back and limbs; languishing feelings; loss of muscular power; nervousness; irritability; cold feet and hands, accompanied by hot head; symptoms of consumption; short breath; flushings of the face; aversion to society; confusion of the mind; loss of memory; nightly emissions; colorless, slight discharges upon the least excitement; trembling; palpitation of the heart; irregular appetite; variable temper, etc.

Young men, if you experience any of the various symptoms enumerated above, pause to consider. The present is the golden moment in which you may secure health and happiness. You may feel strong now, but if you have ever practiced the vice of self-abuse even to the slightest degree, you have the seeds of the weakness in your system, and their undermining influence will, sooner or later, dash the fair edifice of your strength to the ground, leaving you a helpless, object being. It is not a disease that declares itself at once. Therein lies its great danger; for while the patient is being treated for some supposed affection of the heart, lungs, brain or digestive functions, he sinks into a general debility that soon adds him to the list of the victims of the terrible disorder, Seminal Weakness. See in the bent form and languishing steps, the poor victim of that fascinating vice! Mark the course of the destructive complaint in the hollow cheek and dull eye! Drowsiness is one of the precursory symptoms. At first it is easily shaken off, but it grows eventually into a great disinclination to pursue his regular business. The mind becomes apprehensive, and restless nights succeed days of depression. It is the nature of the complaint to assume sudden changes that leave the poor victim but little hope of recovery. In a single instant it may wither your fond hopes and blast your honest aspirations. Marriage is sought by a natural impulse as a hope of relief. This is an error of the first magnitude, for the system, unprepared for the exigencies of the occasion, suddenly fails, and he finds himself in a deplorable condition; from which there is but the slightest hope of recovery. Or if the marriage should result in offspring, they are puny, distorted, decrepit and degenerate.

The Records.

Four institutions for the safety of those who are afflicted with mental troubles, bear the testimony of the wide spread and disastrous influences of this dreadful complaint—but such notices as the following, that hardly at the time arrest the eye, give to the world the only intelligence it has:

Insanity.

Sent to the Insane Asylum.—The following insane persons were examined yesterday by Judge Blake, of the probate court, and sent to the Insane Asylum at Stockton: T. W. Plummer, native of Maine, aged 21 years, single, and by occupation a farmer. His malady appeared about five months ago, and is the result of secret vice. John Wall is another victim of solitary habits.—San Francisco Call, Oct. 12, 1866.

Yet the quotation speaks for itself in unmistakable language. It points out with unerring fidelity to every person afflicted with seminal weakness, one of the ultimate ends of that degrading complaint. At any time before reason became unseated, these poor victims had they read the warning and followed the advice, might have been saved. Let others, similarly afflicted, who have not yet passed the barrier where all hope is left behind, take warning by their untimely fate, and seek that relief which alone can secure them life and happiness. Consult then, at once, a physician whose long practice and research has made thoroughly conversant with every disease; one who will sympathize with your sufferings, giving to each and all assurance of a perfect and permanent cure, without hindrance from business, change of diet, or fear of exposure, or ask compensation for their trouble, and in whose secrecy the utmost confidence can be reposed.

An unsolicited Testimonial of Cure.

Let all who are afflicted with Seminal Weakness read the sworn-to certificate first published without the Doctor's knowledge. A remarkable case. [Revenue stamp.] This is to certify that I was afflicted with Seminal Weakness to a degree that brought on severe fits. The trouble commenced about three years ago, when I first learned that the practice of self-abuse was ruining me. I first had nervous trembling of the limbs; pains in my back, and trouble in

my mind, a confusion and loss of memory, and other debilitating symptoms of seminal weakness. I gradually grew worse and worse until finally the fits came on. At first I only had a momentary loss of mind, a dizziness. This grew worse, until in a short time, I would remain in a confused state—for some time after I had them in my sleep. I was satisfied that I must be cured, or I would perish miserably in one of the attacks that now became as frequent as twice or three times a day, seizing me without warning and prostrating me to the earth, where I would remain for an hour insensible. I lost all recollection of persons and things. I could remember nothing for two minutes, but my great suffering. I swallowed bottle after bottle, and box after box of patent medicines. Nothing did me good. In despair of ever being well, I prayed for death; but I was not to die for help was at hand. My friends visited the Dr. J. C. Young Institute, and I was placed under the care of Dr. Benj. F. Josselyn. I very soon experienced a change; I grew better and better, and I could go to work. My mind became clear; the fits grew lighter; I was soon perfectly free from them, and now, for over two months I have not experienced them at all. All the symptoms of seminal weakness are gone, and I feel as well as I ever did. It is to DR. BENJ. F. JOSSELYN that, under God, I owe my life; and from the gratitude I owe him, I give this, my testimony of his skill and success. If this should induce any one unfortunately afflicted with seminal weakness to submit their case to him, I shall feel that I have, in part at least, paid the great debt I owe.

BENJ. BROWN. [Seal] [Revenue stamp] Subscribed and sworn to before me this 1st day of December 1864. [Notarial seal] W. O. ANDREWS, Notary Public.

Important to Persons

afflicted with Venereal. There are no maladies worse than those arising from the contamination of venereal poison. None are more terrible in their effects, or more disastrous in their results. After upwards of twenty years' practice in diseases of a private nature—fifteen of which have been in this city—I unhesitatingly declare that Mercury will not cure Venereal, but dries upon the surface, to allow it to poison the blood, to reappear in hideous marks upon the body, and in the throat, mouth and nose. Those who have had any form of Venereal, and were treated with mercury were not cured, but they still have the festering virus lingering in the system and feeding upon the delicate tissues, to be communicated to the wife or transmitted to the children. As terrible as it is to the person who contracts it, it becomes of still greater importance when transmitted to innocent offspring, whose sore heads, cankered mouths, diseased limbs, running eyes and blotched skin are the constant reproaches to the sins of the parent. Be warned in time and secure health by applying at the Dr J C Young Institute. The Doctor effects a cure in recent cases in a few days, and finds no difficulty in curing those of long duration, without submitting the patient to such treatment as will draw upon him the slightest suspicion, or oblige him to neglect his business, whether in doors or without. The diet need not be changed. Care always guaranteed or no pay required. Only purely vegetable remedies used.

Important to Females.

When a female is in trouble or afflicted with disease, and requires medical or surgical assistance, the inquiry should be, "where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community?" The Doctor, understanding how imperatively necessary these requirements are, feels called upon to respond, and by calling the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for 30 years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore, families can rely upon him as upon a father. All in affliction can find in him one who can feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation, by letter or otherwise, free. See address below. The celebrated female remedies compounded from the private prescriptions of Dr. YOUNG, have now obtained a most extensive popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimony of efficacy declare them to be pre-eminently superior in their action. No lady should be without these renovating agents. None genuine unless prepared at this office. Sent by mail or express to any part of the State. The great Female Medicine:—Preventive Powders for married ladies. To Correspondents:

Persons in the interior are often deterred from consulting the Doctor because they cannot spare the time or incur the expense of a visit to the city.—To such he would say that a plain statement of the symptoms and information bearing upon the complaint will enable him to prescribe for them so that they can be cured at home. None need have any false delicacy about writing, no matter what the nature of their complaint, as the communication will be seen only by the Doctor, and will be treated with the utmost confidence, and either returned or destroyed. Consultation free. Address thus—

WE THINK THERE IS no medicine so efficacious in removing humors from the blood as SCOVILL'S BLOOD & LIVER SYRUP. It is recommended by Physicians in all parts of the country, for the cure of Scrofula, and other diseases of the Cuticle. Pimples or Sores indicate that the system is out of order. Unless something is done to cleanse the blood of these impurities, the result may be a more serious disease, such as Scrofula, Syphilis, etc. Those who wish to find a most efficacious remedy, and yet have no confidence in Patent Medicines generally, will never regret a trial of Scovill's Blood and Liver Syrup. REDINGTON & Co., Agents, 416 and 418 Front St. San Francisco. Sept. 3, 1866—n24-6m

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University, Queen's College, and Physician of the St. John Baptist Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs, entrance on either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists (involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward: patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded, and there is a disinclination to attend to business, or even to reading writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptoms are pimples in the face, and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter, as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks. Patients suffering from venereal diseases in any stage, Gonorrhoea, Gleet, Stricture, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system. DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required. Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything; nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us. Low charges and quick cures. Ladies suffering from any complaint incidental to their sex, can consult the doctor with the assurance of relief. FEMALE MONTHLY PILLS. DR. PERRAULT is the only agent in California for Dr. BROT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage. Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms 10 and 11, or Box 973, P. O. San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc. All communications confidential. no17;ly

GRAE ENBERG'S UTERINE CATHOLICON

If faithfully used according to directions will cure every case of Diabetes, and greatly mitigate the troublesome effects caused by a relaxation of the out let of the bladder. It is a most successful remedy for gravel and other diseases of the Kidneys and Bladder, and for Female Diseases is unequalled. The CATHOLICON uniformly cures Prolapsus Uteri, Whites, all Irregularities of the Monthly Turns, Suppression, Incontinence of the Urine, Bloating and Dropsical Swellings, and all Diseases of Pregnancy. The specific action of this medicine is immediate and certain upon the Uterine and Abdominal Muscles and Ligaments; restoring them to as healthy a state as those of childhood and youth, so that patients who have used the GRAE ENBERG COMPANY'S UTERINE CATHOLICON cannot sufficiently express their gratitude for the relief afforded. Redington and Co. Agents, 416 and 418, Front St. San Francisco. Sept. 3, 1866—n21;6m.

STOP THAT COUGHING.

SOME OF YOU CAN'T, AND WE SPITE YOU. You have tried every remedy but the ONE best one, by its intrinsic merit, to supersede all similar preparations. It is not surprising you should be reluctant to try something else after the many experiments you have made of trashy compounds foisted on the public as a certain cure; but

NEWELL'S PULMONARY SYRUP

is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis, and Consumption. Thousands of people in California and Oregon have been already benefitted by the surprising curative powers of

NEWELL'S PULMONARY SYRUP

and with one accord give it their unqualified approbation. We now address ourselves to all who are unacquainted with this, the great Panacea of the age, for the healing of all diseases of the Throat and Lungs, assuring you that

NEWELL'S PULMONARY SYRUP

has cured thousands and it will cure YOU if you try it.

This valuable medicine is pleasant to the taste; soothing, healing and strengthening in its effects; entirely free from all poisonous or deleterious drugs, and perfectly harmless under all circumstances.

Certificates from many prominent citizens of San Francisco accompany every bottle of

NEWELL'S PULMONARY SYRUP.

FLORENCE SEWING MACHINES.

Copy of the Report of the Committee of Awards at the Fair of the AMERICAN INSTITUTE, NEW YORK, 1865. To the FLORENCE SEWING MACHINE CO., for the Best Family Sewing Machine.

Highest Premium! Gold Medal!

REASONS:

- 1st. Its simplicity and great range of work. 2d. The reversible feed motion. 3d. The perfect finish and substantial manner in which the machine is made. 4th. The rapidity of its working, and the quality of work done. 5th. The self-adjusting tension.

The "Florence" was awarded the First and Highest Premium at the State Fair of California, the only Fair on the Pacific Coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The FLORENCE received the only premium awarded by the Mechanics' Institute, of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the FLORENCE has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficient, and its use is easily learned. Every machine sold is guaranteed in the full sense of the word. Send for Circulars and Samples of Work.
