whether or not he will accept the  
highest honor a lawyer can receive  
in this country. Dispatches from  
New York say Conkling has not yet  
received official notification of  
his appointment and confirmation  
as associate justice; therefore, he  
declines to talk about it. His  
most intimate friends advise him  
against its acceptance, but others  
trust he will not decline, as they  
believe this is the only solution of  
the troubles in the republican  
party of the state of New York.  
David Davis had information at a  
late hour this evening that Conk-  
ling would not accept the office;  
and if any one in Washington  
knows, probably David Davis is  
the man.

formed friends that Judge Blatch-  
ford will be chosen.  
A press reporter has ascertain-  
ed positively that the supreme  
judgment was tendered to Senator  
Edmunds, and it was declined.  
A prominent senator says Ed-  
munds would have accepted the  
appointment if it had been ten-  
dered to him first. It is now  
thought that Judge Blatchford, of  
New York, will be appointed.

In the house, the democrats  
this afternoon caucused upon the  
policy to be pursued by the dem-  
ocrats relative to proposed chang-  
es in the rules. Mr. Kenna of-  
fered the following:  
Resolved, That in the judgment of  
this caucus amendments to the rules  
of the house of representatives, ap-  
proved by a majority of the committee  
on rules, are destructive of those just  
rights and necessary privileges of the  
minority which the democratic ma-  
jority in former congress never denied  
republican minorities; and we will  
resist their adoption by every parlia-  
mentary method at our command.

Resolved, further, That we will  
cheerfully support any amendments  
to the rules of the house which will  
tend to promote improvement in prop-  
erly facilitating public business and  
are not destructive of the rights of the  
minority and of the people they repre-  
sent.  
After a brief discussion, the  
resolutions were unanimously  
adopted. Caucus then adjourn-  
ed, subject to the call of the  
chairman.

WASHINGTON, March 8.—Gen.  
Grant is not a wealthy man. He  
has been represented to be very  
much in need of the pay provided  
for in Logan's bill restoring him  
to the army. At present, accord-  
ing to trustworthy reports, he is  
without any personal income.  
Now, however, it is thought cer-  
tain that the bill will fail in the  
house because the democrats have  
already agreed to a policy which,  
if carried out, will defeat the  
measure.

The Chinese Bill.  
BY TELEGRAPH, SPECIAL TO THE TIMES  
WASHINGTON, Mar. 6.—When  
the Chinese bill came up in the  
senate to-day, Slater of Oregon  
spoke in its favor. He trusted it  
would pass substantially as it came  
from the hands of the committee;  
but he feared it might not prove  
as effective as had been hoped.  
Under the narrowness of the treat-  
y stipulations the coming of class-  
es other than those specified as  
Chinese laborers are unrestricted.  
The rights which they may enjoy  
here are even greater than they  
were under the Burlingame treat-  
y. They may come as officers,  
teachers, traders and merchants.  
The question arises whether after  
coming here they may change  
their avocations and become la-  
borers as subjects of other na-  
tions. They would have this  
right, although possibly the treat-  
y carried with it the power to  
legislate so as to prevent this;  
but the difficulty of enforcing

such legislation would render it  
of little value in failing to negoti-  
ate for distinct prohibition against  
resident Chinese engaged in other  
labor avocations. Detailing the  
characteristics of these immigrants  
based upon information, to show  
their ability with American la-  
borers, he said he saw this morn-  
ing a telegram from Portland, Or-  
egon, stating that the six compa-  
nies were now hurrying coolies  
into that state to construct the  
Northern Pacific railroad. He was  
one of those who believed that  
either the Anglo-Saxon or mon-  
golian race would ultimately  
possess the Pacific states.  
Mr. George, of Oregon, em-  
phatically endorsed the bill and  
the amendments offered by Gro-  
ver and Farley. The two reasons  
governing his vote would be:  
Because, with almost entire unani-  
mity, the people of the states  
effected by Chinese immigration  
desired its passage, and a clear  
and direct (not second-hand or  
round-about) protection of Amer-  
ican laborers against a degrading  
and inferior race now threatening  
to overwhelm them. Replying to  
what he characterized as specula-  
tion in humanitarian philosophy,  
he said he preferred to incur the  
charge of inconsistency rather than  
subject the people of the Pa-  
cific states to a continuance of the  
dangers to which they are ex-  
posed, although he did not believe  
the bill transcended any constitu-  
tional principle.  
The following significant letter  
explains itself:  
To Hon. Jno. F. Miller:  
I have read your speech on the  
Chinese question with great satisfaction.  
I think it conclusive on all points dis-  
cussed. I do not see how any thought-  
ful lover of his country can counte-  
nance mongolian invasion, involving  
as it does primarily the subversion  
of our civilization. Hoar seems bent  
on submerging us with Asiatics. It is  
a mistaken notion that our declara-  
tion for the equality of rights of man  
compels us to open our country to all  
commerce. This reasoning would oblige  
us to surrender our homes to every  
wayfarer. There is neither sense nor  
religion in this. My judgment is that  
Providence has committed this contin-  
ent to our trust, to be used for His  
honor and glory, by making it the  
home of civilization. We would be  
derelict in our highest duty, if, to sub-  
serve the wishes of capitalists to pro-  
vide them with cheap labor, we all-  
owed the country to be overflowed by  
mere machine men, who are utterly  
destitute of all sense of honor, patri-  
otism or religion, and who are abso-  
lutely incapable of being impressed with  
such feelings.  
MONTGOMERY BLAIR  
WASHINGTON, March 7.—The  
Chinese bill was again taken up  
to-day. Mr. Miller, of California,  
called the attention of the senate  
to the recent popular demonstra-  
tion in California and Nevada in  
behalf of the bill, as forwarded to  
the clerk, and said he had read  
dispatches from mass meetings  
the largest, he said, ever held in  
California, San Francisco, Stock-  
ton, Los Angeles, Santa Cruz,  
Nevada City, Sonora, and various  
other points, reciting the proceed-  
ings and resolutions they adopted  
in advocacy of the bill now pend-

ing before congress. Farley said  
he had also received a number of  
dispatches of similar import from  
meetings at Sacramento, Oakland  
and elsewhere. He had a dis-  
patch from the governor of Neva-  
da, dated March 4, stating that  
measures for restricting the Chi-  
nese were in progress in all prom-  
inent towns in the state—unani-  
mously in favor of the bill.

WASHINGTON, March 8.—Con-  
sideration of the Chinese bill was  
resumed, when Senator Platt op-  
posed it. Mr. Platt continued  
speaking until after 3 o'clock and  
a vote was then taken on Ingalls'  
amendment to reduce the period  
from twenty years to ten. Lost  
by a tie vote. The affirmative  
vote on the Ingalls amendment  
included at least four senators  
who while preferring the ten year  
period will nevertheless vote for  
a longer period rather than vote  
against the bill. Several senators  
who are in favor of passing the  
bill without amendment were ab-  
sent temporarily.

Mr. Hoar resumed the discus-  
sion. He said the vote just taken  
showed it was the purpose of those  
having charge of the bill to force  
it through without regard to its  
effect upon the public faith of the  
government. He proceeded to  
refute in detail the argument  
made for the bill, and insisted  
that the passage of the pending  
bill would be a blow to christian-  
ity, civilization, and the prosper-  
ity of California.

A subsequent declaration by  
Hoar that the bill violates the  
spirit of the Declaration of Inde-  
pendence and the constitution of the  
United States and all moral law,  
called out Mr. Edmunds, who fur-  
cibly enlarged upon his argument  
of yesterday, showing the right of  
every nation to determine what  
people it will admit to its coun-  
try, and that under the Declara-  
tion of Independence and its con-  
stitution the U. S. government  
has frequently exercised a similar  
power.

WASHINGTON, March 9.—At  
1:40 o'clock to-day the senate re-  
sumed consideration of the Chi-  
nese bill.  
Mr. Hawley took the floor in  
opposition to the bill, and finished  
speaking at 2:15.  
Mr. Jones, of Nevada, followed  
Hawley, speaking extemporane-  
ously. He proceeded to review  
and criticize the arguments ad-  
vanced by the opponents of the  
bill, especially the two senators  
from Massachusetts.

Mr. Miller defended the people  
of California from the charges of  
passionate excitement on the Chi-  
nese question. He explained the  
purpose and meaning of recent  
demonstrations on the subject as  
being in the nature of petitions.  
Mr. Morrill admitted the power  
of the United States to discrimi-  
nate against the Chinese, but he  
would vote against the bill be-  
cause he did not believe there is  
at present any necessity for it.

Mr. Farley briefly advocated his  
amendment prohibiting the state  
and federal courts from admitting  
the Chinese to citizenship.  
Mr. Edmunds said this amend-  
ment was incongruous with the  
other provisions of the bill and  
had nothing to do with the treaty.  
It would be likely to load the bill  
down.

Mr. Sherman said he had long  
been convinced that some fair  
and just measure should be pass-  
ed to restrain Chinese immigra-  
tion. He fully admitted the right  
of the government to deal with  
the question, but he believed we  
should not go far in reversing our  
traditional policy. He thought  
five years' suspension would be  
as much as could be justified un-  
der the treaty. The suspension  
should not apply to skilled labor-  
ers, but only to the lower classes.

Mr. Farley's amendment was  
adopted by a vote of 25 against  
22.  
Mr. Grover's amendment, de-  
claring that the term "laborers"  
wherever used in the bill shall  
constitute skilled laborers and  
Chinese employed in mining, was  
also adopted by a vote of 25  
against 22.

An amendment was adopted  
striking out the requirements that  
passports shall be produced when-  
ever lawfully demanded, this pro-  
vision being considered superfluous.  
The bill was then reported from  
the committee of the whole to the  
senate, and a vote was taken on  
the Ingalls amendment, renewed  
by him, to reduce the period of  
suspension from 20 years to 10  
years.  
Messrs. Jones and Miller briefly  
spoke against the amendment,  
showing that its adoption would  
leave the Chinese question still  
open for agitation, and that the  
business interests of the Pacific  
coast could not be safely adjusted  
during so short a period.

The Ingalls amendment reduc-  
ing the suspension 10 years was  
then rejected by a vote of 21 to  
31.  
The senate at 5:30 P. M. passed  
the Chinese bill by a vote of 29  
years against 15 yeas. Following  
in the vote:

Yeas—Dayard, Beck of California,  
Cameron of Wisconsin, Cockrill, Coke  
Fair, Farley, Garland, George, Gor-  
ham, Hale, Harris, Hall of Colorado,  
Jackson, Jones of Florida, Jones of  
Nevada, Miller of California, Miller  
of New York, Morgan, Pugh, Ran-  
som, Stanton, Slater, Teller, Vance,  
West, Voorhees and Walker—29.

Nays—Aldrich, Alston, Blair,  
Brown, Conger, Davis of Illinois,  
Daves, Edmunds, Fry, Hoar, Ingalls,  
Latham, McMillan, McMillan and Mor-  
rell—15.  
Facts.—We learn from the Lewiston  
Teller that last Thursday morning the  
dwelling of Mr. Leacham, in Tam-  
many hollow, was burned to the ground  
with all the household wares, save a  
sawing machine. Mr. L. has a wife  
and four children, who were thus left  
without shelter. The immediate neigh-  
bors rallied and within 24 hours erect-  
ed, enclosed and covered another  
building, 12x16, and procured for the  
family a cook stove, and some of them  
came to town and soon raised a sub-  
scription in money of between one  
hundred and two hundred dollars and  
gave it to them, with which to buy  
other articles for the house.

SPOKAN FALLS, SATURDAY, Feb. 11.

We have been informed by a number of prominent men, owners of property in our city, that at the coming city election they will vote to elect as members of the city council only those who are openly in favor of the early introduction of water into the city, by any party or parties who will bear the expense. That is good sense, and is the opinion held by most of our citizens. The present council has treated the expressed wishes of property-holders with contempt. It has ignored the petitions of citizens and taxpayers, and legislated against the best interests of the town, in order to prepare the way for the advancement of personal interests. With the exception of a respectable minority, the present council is too largely interested in a job which most of our readers understand, and with which all will be quite familiar in the near future. Another feature which practically shadows the present council with distrust is the fact that Cannon's paper and his notorious tool and liar recommend their reelection.

No meeting to nominate councilmen in the true interests of this entire city will be held under two weeks. It has leaked out, however, that a convention in the interest of a few who have a job to work up will be held in a few days. The people are beginning to get their eyes open, and are determined to rid themselves at the election in April of some of the barnacles which are bent on sucking the life out of the city.

NEWS OF THE WORLD BY TELEGRAPH EXPRESSLY TO THE Daily Evening Times.

The Chinese Bill.

WASHINGTON, March 10.—An analysis of the final vote on the Chinese bill shows 21 democrats and 8 republicans recorded in favor of the bill in the shape in which it passed. Davis of Illinois is recorded against it. Adding to these the totals announced, the showing is 30 democrats and 8 republicans in the affirmative, and 22 republicans, one democrat and one independent in the negative, leaving 14 members unaccounted for.

PACIFIC COAST.

Great Explosion. VICTORIA, B. C.—A terrible explosion occurred at camp thirteen yesterday. Hugh Craig was sent into the magazine end of tunnel to get some more fuse. In the magazine there were 8 cases

of giant powder and several kegs of black powder. Suddenly a tremendous explosion shook everything for half a mile around. Craig was blown up against the roof of the tunnel, and fell to the ground in a shattered and unrecognizable mass.

Thomas Williams, who was at the large 150 feet away, and who saw the whole occurrence, is injured in the hands, eyes and head, and has his ear drum ruptured.

John Lawson was badly cut in the right arm.

Jim Dogon, who was standing only about 20 feet from the magazine, was only slightly hurt in one eye.

Hugh Craig belonged to San Francisco.

No one knows what caused the explosion; but the supposition is that Craig attempted to remove a cup from the fuse and the giant powder was exploded by the concussion.

Kallock.

SAN FRANCISCO, March 10.—To-day, on motion of Judge Dwinelle, ex-Mayor Kallock was admitted to the supreme court to practice law in all the courts of the state. It is not his intention to enter upon the practice of law to any great extent, but he and his friends are so much annoyed by petty cases brought against them that he had concluded it would be more convenient and economical, and perhaps equally successful, to defend them in person.

GENERAL NEWS.

BY TELEGRAPH, SPECIAL TO THE TIMES

Hop Sing Disappointed.

NEW YORK, March 10.—U. S. Commissioner Shields to-day gave a decision refusing to give naturalization papers to Hop Sing, a Chinaman who applied for them yesterday. Hop Sing said he owned part of a silver mine in Nevada and had been in this country several years. The commissioner based his refusal upon the decision of Judge Sawyer in a like case, who held that the applicant was not a free white person within the meaning of the statute.

The Great Strike.

OMAHA, March 10.—The strike unions, flushed with their victory, made a raid on seab laborers on grading yesterday. In a special meeting to-day they seriously contemplated taking the Burlington Missouri railroad depots and offices and the daily Herald office; but subsequently they reconsidered the move. To-morrow morning two companies of regulars, about 100 men and a howitzer and a gattling gun from Fort Omaha, are to be stationed at the B. & M. freight depot grounds to protect the B. & M. graders from violence of the mob and so called labor union. The B. & M. Co. will put on strong force of their own workmen, and will be protected by military until all danger is passed. The regulars are to be called out under a request of Governor Vance made to President Arthur. Three hundred men employed at the Omaha smelting works stopped to-day saying they were afraid to continue under the present state of affairs, as there was danger of being raided by the

mob to compel them to strike for \$1.50 per day. They did not ask a raise of wages, most of them get \$1.65. The labor union and mob held an enthusiastic meeting to-night and determined to enforce, if possible, the established price of \$1.75 per day for common labor. More serious trouble is expected. Nine companies of military will arrive in Omaha early to-morrow morning. Companies C and E of the 5th U. S. cavalry, and Co. F of the 9th infantry, left Fort Lincoln this evening by special train for Omaha, and will arrive at 4 o'clock to-morrow morning. 150 cavalry under command of Emil, and two companies of infantry from Fort Omaha, will also arrive in the morning with gattling guns, howitzers, &c. The B. & M. railway Co. will at once put men to work under military protection, and in this way the crisis may be precipitated, particularly if the mob parades or attempts demonstrations of violence. The ringleaders are to be arrested, probably on a charge of conspiracy. Hot times are anticipated to-morrow, as the citizens are determined to put down mob rule and settle the question, forcibly, if necessary.

The Great Flood.

HELENA, Ark., March 10.—Among those brought to town Monday, fleeing from the overflow were two women who had been confined, one on a raft and the other in a gin house after being driven from the houses by the slightest comforts known to civilized world. The wind was cutting mercilessly around them. The mothers were hardly half clad, and had no garments at all for their little ones, nor fire or food. The swift current rushed around them, and anxious eyes looked for rescue. The water, in the meantime, was rising rapidly and adding to the despair which had already well nigh culminated in death.

People generally lost all personal property, even their clothing.

The water was coming rapidly, and they were able to save only themselves.

Supplies were issued to-day for 5 days to 11,494 people by sub-commissioners of this city.

EMERSON, FISHER & CO.,

CINCINNATI, OHIO. Top Buggies and Phaetons.

Best material, good workmanship, handsome style, strong, durable vehicles in every respect. 70,000 CARRIAGES Manufactured by EMERSON, FISHER & CO., are now in use in every part of the American Continent.

They give unflinching satisfaction. All their work is warranted. They have received testimonials from all parts of the country of purport similar to the following, hundreds of which are on file, subject to inspection:

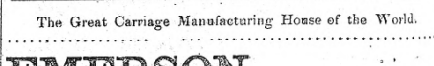

Moses, Emerson, Fisher & Co. GALE Ills. Jan 16, 1879. I have used one of your Top Buggies three years, and three of them two years in my city stable, and they have given me perfect satisfaction and are in excellent order. S. M. ALLEN, Stevens, Corvallis & Astoria, Oregon, N. C. July 17, 1878. Dear Sirs:—I have been using the Emerson & Fisher Buggy I bought in my city for nearly 18 months as my one road. It is a fast horse, drive at full speed, sometimes with two grown ladies and myself in the buggy, and it is to-day worth all the money I paid for it. I say the Emerson & Fisher Buggies will do. A. M. LEAGUE, Farmer.

The favorable reputation the Carriages have made in localities where they have been used for several years by Livemen, Physicians, Farmers and others requiring hard and constant use, has led to an increased demand from those localities, to meet which the manufacturing facilities of their mammoth establishment have been extended, enabling them to turn out in good style. LOCAL INTELLIGENCE

Masonic Lodge meets every third Saturday night of each month.

From Monday's Daily

Let the Truth be Known

The mine known as the Maid's Lode, located near Spokan Falls, of which we have heard and read so much, as to its richness, extent and developments, in the columns of the Chronicle, turns out, in confirmation of the judgment of many practical as well as scientific quartz miners who have examined the mine and tested the ore, to be perfectly worthless, as the following extract from a letter dated, San Francisco, Feb. 25, 1882, written by a reliable gentleman, a former resident of Spokan Falls, and now living in San Francisco, will verify. He says:

"The samples of quartz from the Maid's Lode and extensions have proved absolutely barren. I have not succeeded in getting five cents from the whole of them." "The samples of quartz referred to were selected from among the best specimens to be found in the Maid's Lode and extensions, and were in sufficient quantity to give them a thorough test, which was done by several of the best assays in San Francisco.

The misrepresentations published in the Chronicle from time to time—one being that the ore yielded \$100 per ton,—will do more to injure the legitimate mining enterprises of Eastern Washington and Idaho than can at the present time be estimated, as it is a well ascertained fact that there are many rich mines already found in both territories.

From Tuesday's Daily

A number of railroad officials are in our city.

Don't forget the entertainment at Fife's Hall this evening.

School will be opened in the Benj. Cheney Academy on the 3d day of April.

We noticed upon our streets today Hon. Alex. S. Abernethy and Will H. Andrews, of Cheney.

Although the "thaw" has been general on our prairies, the snow in the timber and hills has merely settled a little.

Four years ago, we rode over these hills and found green grass abundant on the 1st of March. Now we have a foot of snow in the timber, which bids fair to disappear only with the present month.

From Wednesday's Daily

Maj. James O'Neil, of Chewelah, is at present in our city.

Mr. J. E. Roe took his departure for Portland today, on business. During his absence he will purchase some fine trucks for use in his business in this city.

The Entertainment

Fife's Hall was filled with men, women and children last night, who had come to enjoy the Dramatic and Musical entertainment given by some of our esteemed citizens for the benefit of the public school. Although the audience was kept waiting some time (as usual), the curtain was finally drawn, with the following programme, as announced by Mr. H. W. Stratton:

Quartet—"Moonlight on the Lake," under the leadership of Mrs. Brandt; by Mrs. Gray, Misses Brandt, Ricksek and Ellis, and Messrs. Gillison, Hayward, Warren and Bart.

Duet—"Matrimonial Sweets," by Mrs. Whitehouse and Mr. Gillison.

Duet—"What are the Wild Waves Saying?" by Mrs. Hyde and Mr. Armstrong.

Dramatic—"Widow Bedotte," Mrs. Bunts and Mr. Maxwell.

Tableaux—"Joan of Arc," Mrs. F. T. Clark.

Five minutes' recess.

Duet—"Laird and Watch," Messrs. Armstrong and Hayward.

Reading—"Gone with a Handcuff Man," by James L. Bayley.

Solo—"Thou art so Near and yet so Far," Mrs. Gray.

Duet—"The Gypsy Countess," Mrs. Hyde and Mr. Armstrong.

Tableaux—"Four o'clock in the Morning," Mrs. Pope and Mr. Gillison.

Song—"John Anderson, My Jo," Mrs. Whitehouse and Mr. Turner.

Shadow Pantomime—"Mrs. Snipkius and Mrs. Wobblechin," presented by Mrs. Cowley and Mrs. Lockhart, assisted by Rev. Dr. Nevius.

The programme furnished a pleasant evening's entertainment. We cannot refrain from mentioning that the quartet was highly spoken of; the Dutch Veeloped most laughable; the Gypsy Countess lovely; Widow Bedotte the most interesting feature of the evening; and Joan of Arc first-class, although the smoke made producing the light was almost unbearable.

Proceeds of the entertainment will amount to nearly one hundred dollars.

Mrs. Lockhart and Mrs. Cannon are entitled to great credit for their untiring efforts to make the entertainment what it proved to be—a success.

From Thursday's Daily

J. N. Glover returned from Portland last night.

The Tennant Dramatic company is to visit this portion of country in a few days.

Six steamers, four barkentine, five schooners and two sloops were built in the Puget Sound ship yards during 1881.

Born—At Ainsworth, March 8, to the wife of Wm. A. Fairweather, a daughter. Mother and child are doing nicely, and "Billy" is reported to be a happy father.

The Union says: "A gentleman, whose statements are always made in a guarded manner, asserts that more than three hundred new buildings will be built in New Tacoma during the present year."

From a letter received in this city from a reliable man in New Tacoma, we learn that an agent has arrived from the East who will load the vessels now unloading iron at that point, and others on the way, with Eastern Washington wheat.

In commenting on the TIMES' editorial of last week about the destruction of fish by emptying seawater into our rivers, the Walla Walla Union says: "We believe the same complaint could be justly set forth in Walla Walla valley, and that it is but right, while we prohibit the catching of fish at certain seasons, that we also guard against the greater and more destructive evil above mentioned."

THE WEST SHORE—Oregon's Illustrated Magazine, is now one of the institutions of the country. It is just entering its eighth successful year of publication, and starts out with brighter and better prospects than ever. Its circulation is large and wide-spread, reaching into every state and territory in the Union, and the amount of good it is doing for the Pacific Northwest cannot be calculated in dollars and cents. It is handsomely illustrated, ably conducted, moral in tone, costs only \$2.00 per annum, and, therefore, deserves the most liberal support. It is the only reliable exponent of the resources of the Pacific Northwest, and every resident of this section may well feel proud of it. The original founder of the publication, Mr. L. Samuel, is still at the helm, and judging by his past efforts, we can expect the West Shore to be better than ever during 1882.

For the special accommodation of our subscribers, and to assist in swelling the list of this most desirable publication, we will, for the next two weeks, receive subscriptions for the West Shore at this office at publisher's rates, or they can be forwarded direct to the publisher, L. Samuel, Portland, Oregon.

From Friday's Daily

Born—In this city, March 10, to the wife of Wm. Nicodemus, a son.

Rt. Rev. Bishop Paddock has left Walla Walla, to reside in New Tacoma.

DIED.—We are sorry to learn that Mrs. Al. Hawk, formerly of this city, recently died at Olympia, of consumption.

PROBABLY ANOTHER MAN.—Last Sunday's Oregonian says: "Calvin N. Williamson, the young man who disappeared from Spokan Falls last July, was in Portland Dec. 20, and visited the O. R. & N. Co.'s office. Fifty dollars, sent by some relative to pay railroad fare, still awaits him at the general ticket office. He was last heard from at Freeport, shortly after New Year's.

THE WOODWORKER brick, the best structure in this city, is beginning to assume a metropolitan aspect, with telegraph and offices of professional men up stairs and two heavy drams on the first floor.

HARD WORDS—"J," a correspondent writing in the Spokan Times, and reflecting upon the character of C. B. Carlisle, of the Spokan Chronicle, uses some of the hardest language we have ever seen in print. Among other things he designates Carlisle a liar, a conceited, cowardly, hypocritical scoundrel, a miscarriage and a black-mailer. The writer evidently means business, and if his accusations are not true a libel suit or a head-punching match will be the result.—Gazette.

There will be no libel suit or head-punching.

TO-DAY'S NEWS

Messrs. Dodge & Sayre call their excellent restaurant the Maison Doree.

NEW PAPER.—A private letter from Portland informs us that C. G. Livingston and another party are about to start a new paper in Cheney.—Tribune.

We are indebted to Sergeant Moore for information that Ike Beatty and a man named Barth were recently crushed in a mine near Superior City, Montana.

BENJ. P. CHENEY ACADEMY.—An advertisement in another column gives information regarding the opening of the academy at Cheney. Mr. Hiram Oreut, of Boston, has this to say regarding the teachers selected by Hon. Benj. P. Cheney: "Prof. Felch and Miss Bunker both stand high as to character and as scholars, and are qualified for present and future work of the school; and because of this classical culture they are all the better fitted for the instruction now needed in the school. Their experience has been such as to fit them for the work of organizing and thorough instruction in the elementary branches."

MYSTERIOUS DISAPPEARANCE

More Information Wanted.

C. N. Williamson's ranch is situated on the south end of Moran prairie, about nine miles southeast of Spokan Falls. "New" Williamson, as he was familiarly known hereabouts, owned a span of gray horses, one flea-bitten and chunky, branded E or F on left shoulder, about 9 years old, the other a dirty white, slender, with dim brand, 8 or 9 on shoulder. He had returned from the railroad work with over \$100 in his possession. Soon after the 20th of July last, it seems, his wagon was driven alongside his out field, a few oats cut and carried to the wagon, after which no tracks could be followed. Farming implements were left in the field, and door of house locked, indicating a hasty departure. His parents supposing he would soon return, waited for several months, and then had published in the Spokan Times a card asking for information regarding his whereabouts. His father received word that a wagon, containing harness and cooking utensils had been abandoned near the mouth of Dry creek, in Walla Walla valley, and proceeding hither, recently, recognized the issue. No trace of the missing man can be found. It is presumed that some one hired him to drive to Walla Walla, and dealt foully with him on the way. He was about 23 years of age, 5 feet 7 1/2 inches high, weight about 180 pounds, dark brown hair and moustache, dark blue eyes, and of pleasant address and few words. A vigorous search for any evidence of his whereabouts will be made as soon as the snow has disappeared. The grief-stricken parents request that all persons between Spokan Falls and Walla Walla—on any route—keep a lookout for any evidence showing which road he may have traveled. He wore a 7 or 7 1/2 black wool felt hat, No. 8 boots, dark blue beaver coat and black vest, overcoat, well worn and cut saquee fashion with one sleeve replaced by new cloth a little different in color and quality on left arm, brown jumper, and brown duck overalls, probably crossed Snake river about the 25th of July, at Texas, Central or Penawawa ferry. Ferry-men and others who please study this subject, and if possessed of any definite information, report to papers, or to Mr. R. G. Williamson, Spokan Falls. Walla Walla, Lewiston, Colfax and Cheney papers please copy.
