SPOKAN FALLS, W. T., THURSDAY, APRIL 1, 1880.

NEWS SUMMARY.

Capt. Geo. J. Ainsworth h rvested \$60,000 in a Portland usiness block.

a large attendance on the safe francisco sand lot. Kearney took a new departure. He invited the leaders of the Citizens' Protective Union to meet the leaders of the workingmen on the sard lot for an exchange of views, promising them respectful hearing. He also intormed his followers that the object of the Citizens' Union had been misapprehended; that they been misapprehended; that they intended to use the association for the amelioration of the condition Coast: of which I will briefly note the amelioration of the condition of the city, and for the good of the latering classes. His and the most popular varieties undemonstratively. Mayor Kalbuh dream with Warren with the condition of the most popular varieties.

The well-known I amelio known I amel

The well-known Lawton black-bare hopes of a mutual sottlement of questions which have so long vexed the people.

The well-known Lawton black-berry, which is a native of Chester county, N.Y., is largely planted here, and is one of the largest and best blackberries that we have. A fire broke out in the lower It is a little tender in its native A fire broke out in the lower It is a little tender in its nature hold or deck of the Facific Mail steamship City of Sidney, while lying at the San Francisco dock, March 14. The fire department, by continued effort, succeeded in fruit, when fully ripe, is soft, sweet the continued effort, succeeded in fruit, when fully ripe, is soft, sweet The roots of the rispberry are fined in the surface of the scandard varieties. Fully Warranted! SEND FOR PARTICULARS.

March 14. The fire department, by continued effort, succeeded in extinguishing the flames, "and," the fruit, when fully ripe, is soft, sweet and good. They are extensively however, till goods were damaged to the extent of \$10,000. The vessel was nearly ready to sail for Sidney.

The following in regard to Ruby creek mining district law, and many and decisions may be of softie information to those interested. Last summer the miners on "Ruby creek mining district," enable the five the surple of the surple that the summer the miners on "Ruby creek mining district," enable the five the support; hence, a mulch was repeated to the surface and regood canned. They commence ripening in August, and continue bearing till October. When the young cannet get the following local laws, towit: Claims first were to be 500 feet wide on the creek, afterwards the width was reduced to 250 feet, and to extend upon "each side to where the bedrock rises fifteen feet above the highest stage of water in the creek. Each claimant to does; clean out the grass and expect to be able to secure favorable legislation. NEW York, March 14—The Trib.

The rotos of the raspherry are very fine, and run to the surface and expect to be able to secure favorable legislation. NEW YORK, March 14—The Trib.

NEW WESTMINSTER, March 14-The steamer Royal City with the up country express, arrived at 2 o'clock this afternoon. She brings dealership She brings deplorable afternoon. She brings deplorable news from the upper country. Cattle, sheep, horses and pack trains are dy-ing with frightful rapidity. All through Nicolia, Kamloopa, Okana-gan and Lillooett, the destruction of stock life is frightful. The dead bod-ies lie in every direction embedded in the snow or on top of it, and present a picture of desolation as dismal as if a hight had fellow on wear living thing plant for a late crop.

The productive, and of first-rate quality.

For early, the Doolittle is very productive and good. There is a believe the canes and fruit are yellow and it is a vigorous grower; berries are the committee by the same vote and excellent.

The red raspberries are largely slanted in this country, for which should be reduced in the completion of the Texas Pacific.

Washington, March 13.—At to gan and Lillocett, the destruction of stock life is frightful. The dead bodies lie in every direction embedded in estimated by the four southern ment below a favorable report allow a favorable report to be made in this country, for which should be reduced by the four southern ment below the sow or on top of it, and present a picture of desolation as dismal as if a bit of the committee by the same vote auditionally as indiced it has. The few survives are worn to skeletions and wander the form the strength of the first from the districts named state committee on the slive strength.

the committee by the same vote authorize a favorable report to be made in most they are finable to obtain, on the bill to extend the time for the completion of the Texas Pacific. This arrangement will probably be agreed to at the next meeting, and both hills will doubtless be reported back to the seante on the same day. The friends of the Northern Pacific and respiratory for Troy, Albany and Mew York. It has short, spocky areas, and large, rich and firm fruit; a first-rate market berry. Transonia, Brincle's Orange, Pride of the Hudson, Highland Hardy, and Brandywine, are some of the standard varieties.

The roots of the raspberry are very fine, and run to the surface. The roots of the raspberry are to the surface of the Northern Pacific and Texas Pacific railroads. It is under-to-most of the standard varieties.

The currant is so vigorous and hardy that it will adapt itself to the almost any kind of soil and treat-hand. This is one reason why it in the formation of the Northern Pacific and Texas and T

benturies the great food manu-factory for Europe. The failure of the heart disappear entirely or of the crops in Great Beittain diminish. In 1894, Dr. Decisine and on the Continent, and our exceptionally corrous harvests exceptionally enormous harvests people, in twenty-savan of whom this summer, have impressed the effects of tobacco on the this fact upon the most careless observer. Secondly, the forced overflow of the icide working population of the cities and towns late the per conditions may be permitted by the permitted by sources before the people as nevtobacco-smoking, they are inconar before. The number of emitastable in children. Even the grants from the ea tern cities restricted use of tubacco by chil-to the West and Southwest more than trebled in 1879 the number the blood, and sometimes to chloof any previous year. In each rotic anamia, paleness of the of these instances, be it rememface, emaciation, morbid sounds

bered, an unemployed, half starved mechanic, clerk or professional man has become a tiller of the soil; the consumer has become a producer, and by so much the material wealth of the country the material wealth of the country than them increased.

The purpose of the puller response to the consumer has become a producer, and by so much the general absorption of the public mind in new centerprises, there seems to be danger that the consumer has been increased.

In the rush of immigration and the general absorption of the public mind in new centerprises, there seems to be danger that the consumer we cannot will reflect to our new country will reflect to the row country will reflect to the row country will reflect to the responsibilities of the consumer of their attention to providing adequately for the fellucational needs of the rising generation. Here at the Falls we have to-day an institiference to the subject white certainly does not speak. For us, Thus far our winter schools, although not absolutely a failure have produced nothing to arguers enthusiasm, and some who argues through not absolutely a failure have produced nothing to arguers enthusiasm, and some who argues through the responsibilities of the traiter. If our public school system is most to be a failure, it must be intelligently and learnity upheld by every parent and every property ladder. If we wish for ground schools, we must give the matter for the directors or teachers.

The school affairs of this district (No 8) are at this time in an indefinite, if most contained shape. It may be well to have it known that our present condition render the instance of the responsibilities on "to the directors or teachers."

The school affairs of this district (No 8) are at this time in an indefinite, if not confined shape it may be well to have it known that our present condition render the matter care of the proposition of the pr

How to Reach this Country.

Inquiring letters are so frequentle referred, as to the best mode of reaching this new country, the rates of fare, the shortest routes, &c., that we have compiled the following facts for the express benefit of those who would come among us. Those persons who have triends contemplating a visit to this country, either for pleasure or profit, ought secure some extra copies of this week's edition of The Tries.

extra copies of this week s-entition of The Tribes:

There are three routes which Eastern people may take in coming hither. If a person wants to save time, and desires to bring stock, wagons, &c., the quickest and most direct route would be to come from Ounda to Option; thence by wagon roud to this need country, traversing the distance from Dadon in two or three weeks, when rouds are good—say in the mo.il. of June, July or August. The so having-nether wagons nor teams, can come by rail to Kelton, at a cost of about \$500 in emagrant ear, thence by stage to Walla Walla, at an expense of \$75, exclerative of meals, and on to Colfax or Spokan Palls, et an additional expense of t n and
