GARFIELDE

ELECTED !!!

CLARK COUNTY HURRAH! HURRAH!

The eloquence of Gurfielde has trium The eloquence of Garfielde has triumphed over all his enemies! The proof eagle of the Northwest scars onward and upward with his eye to the sun; the bats hide themselves from the gaze of day, in deserted ruins; the ponderous owl of the W. W. Statesman atands alone, in glum silence, on the rotten stamp of Democracy; the vipers, Denny Dennison, Flanders, Barnard, Wilson and Ritz, trail their silony lengths along the col-Sennison, Flancers, Barnard, Wilson and Rits, trail their sliny lengths along the col-umn of Liberty, and shoot out their ferked tongues, and hiss, but he is beyond their reach. Away, in the clear Haven of a glorione future, Salucius Ghifielde, elected by the unboughtsuffrages of the freemen of the Northwest, whom no monon lies could one. Northwest, whom no monopolies could con-trol, mounts to higher fame. The poor boy, taught by the light of a pine knot, will tread the Halls of Congress; the destitute lawyer, whom misfortane drove to delve in the mine of Cariboo, will speak in the marble balls of the Nation, to the Nation's willing car; the honest man, whose family slept on the hard floor, that the last penny should go to satisfy the extortionate avarice of Judge Lancaster. elamoring fer his two per cent. a month has found trothers, generous brothers, is the freemen of the Northwest, and the guar-dian Spirit of America has extended her mgis over genius under the cloud of misfor-

he has triumphed over them all. His noble
wife, who, uncomplainingly, shared his mis
fortunes during long years of poverty, will
partake of his prosperity, and the atmospheric
refraction that so delighted the "sage of
Lewis River" has proved a true owner of
victory and resilection. There was a second victory and exaltation. Three cheers for Garfielde and the triumph of Republican principles in Washington Territory!

-A defeated sandidate for a county office to whose intemperance of speech and want of discretion many attribute his defeat, was heard to complain since the election that one of the shining lights of the successful party 'carried a revolver in his pocket," adding, his tongue, 'here's the only revolver that I ever carry.' "Yes." replied a bystander, 'and that's the identical pistol with which you committed political suicide."

-Murphy's face is classically, des as the backside of a spanked baby, with two dead fishes' eyes in it. His eyes could be better described as two pewter buttons set in

Washington Territory has achieved more in the election of SELUCIUS GARFIELDE than any one at a hasty glance would suppose. It is not the mere triumph of one political party over the other, it is a triumph of force party over the other, it has triumph of force over fraud, fairplay over foulplay. friends over foes, ballots over bribes, candor over cupidity, intelligence over ignerance, poverty over plenty, mind over matter, penury over pensions, principles over prejudices, valor over wanting, rillified over vitifiers, worth over mealth, wiedom over wise, right over wrong.

A FancyFair, conducted by the benevolens lade of the Cowlitz Prairie and vicinity, will be held on the 6th, 7th and 8th of July in the new Academy, Cowlitz Prairie, the proceeds of which will be applied to aid the completion of that educational edifice. Parties of ladies from Portland and Van-

It will be a very agreeable and delightful ex-cursion to parties from Portland, Vancouver, and Columbia river, to travel from thence to and Columbia river, to travel from thence to the Cowlits, Prairie, and enjoy the pure air of Columbia river, and by their presence and generous contribution aid in doing a good work—the charity of our neight or and the education of his children.

Opposition Against Imposition !- The Carrie is the people's steamer, running from Portland, to acc commodate travel, to Cowlitz Landing, Puget Sound and way places. Her cabins are splendid, and officers accommodating. The O. S. N. Co. have started the Wenut to crush out the Carrie, intending, if they can run her off, to run no further than Monticello, and thus prevent the settlement of Coulitz county, and injure Washington Territory. In crushing the Carriethey crush and oppress the people. The O. S. N. Co. not only tries to control our policies, to opand oppress the people. The O. S. N. Co, not only tries to control our politics, to oppress and bleed the people, but they undertake to say that we shall have no independent transprotation. People, will you permit it?

A letter similar to the one published in the evidence of the Coffey-Fletcher affair, as written by Van Vleet, we have authority from Mr. Fletcher to state was sent to the Herald office for publication, netwithstanding Mr. Sylvester Pennoyer has denied it. Mr. G. W. Jones and Eli Fletcher will certify to fact of Mr, Fletcher's statement.

M. FIELD.

The Democrate of this Territory have most signally failed in their attempt at driving square man into a round hole.

his way home, and is expected on the next steamer. Senator Corbett arrived home by the last steamer. Though not as distinguish-

the last steamer. Though not as distinguished a statesman as his colleague, Corbett has proven himself every way worthy of the confidence of the people of Oregon.

Nothing has tended so much to bring the State of Oregon to the notice of the American people as the presence in the United States Senate of George H. Williams. He hastaken a prominent part in every important debate from the Reconstruction Act (of which he was the father) to the rejection of the Johnson Clareudon Alabama Claims Treaty. The debate in which he figured most conspiciously, however, and in which he reflected the greatest credit upon himself and his Jtate, was on the "See Murphy Claim." His able exposition of the absurdity of such claims and the ruinous consequences of allowing them, opened ous consequences of allowing them, opened the eyes of the Senate to the magnitude of the claims involved, and for the admission of the claims involved, and for the admission of which this would form the all-important pre-cedent. Though skillfully disguised in the prayer of a "poor lone woman" for a pitiable amount, they failed to "draw the wool over the eyes" of the Oregon Senator sufficiently to make him consent to allowing it. The bold stand he took had no doubt much to do with

determining the action of a wavering Senate. Senator Williams has made for himself a national reputation by his ability, and the in fluence thus obtained he has exerted untiring-ly and unselfishly for the benefit of his State, and from Astonia to the Dalles the result of his labors are being at this moment sensibly feit. Honor to whom honor is due.

We understand that Frank Clark promise we understand that Frank Clark promised that in the event of the election of Garfielde he would take no further part in the politics of Washington Territory:

dead Democracy of Clarke County is to be buried immediately, Our informant says that, although the face looks perfectly natural, the body is in such a corrupt state that it will not admit of keeping long enough for its dear friends to take "the last sad lingering ook" at the lifeless corpse.

The following is a verbatim description o the body, as given by our informant: The bands are perfectly overed with blood; in one is a circular signed "MANY OFFIZENS!" in the other a copy of the telegram sent to the Olympia Standard (the signers of this dispatch will act as pall bearers a the funeral.) The physicans stated that on the morning of the day of its death, inflamation of the bowels took place, hence the necessity of immediate interment. The body will be buried in the Ku Klux burial ground, immediately in the rear of Pat O'Keane's whicky shop. The funeral procession will start from Mike Wintler's store, and the Rev. Ben Hayden will deliver the funeral oration. All members in good standing in the Ku Klux Order, are invited to attend, dressed in full moore ning.

PRESTO! CHANGE!

The municipal election of Portland, was to have been held on the first Menday in June, but feeling confident the Democracy of Washington Territory would carry everything by storm, and that the County Democratic ticket would be elected entire, and that Yancouver Precinct would give an overwhelming Democratic majority, the wise-seres of that city thought it excellent policy to postpone their city election until the flat of June, so as to get the benefit of the influence it would exert in their coming election. Just so! Presto change!

Dear Sir:
Your communication requesting our terms of advertising was duly received, but from a prejudice. I had formed against advertising cures for secret diseases, "it was left unanswered. During an accidental conversation in a Drog Store the other evening, my mind was changed on the character of your Buchu. It was then highly commended for other disease by two physicians present. Included please find our rates of advertising.
