DRESS GOODS AND SILKS.

In these Departments we have never had a rival in this Territory, in either Price or Style, and this season we are far in advance of any other in the inducements we are prepared to offer. A price list of those goods can give no definite idea to any lady of what we are offering. However, we submit some items, with which the public are familiar, which will convey some impression of prices, but any estimate of the styles can only be arrived at by a personal examination.

Domestic Goods.

In this Department we are now offering some of the most substantial Bargains ever shown in the Territory, and an examination of our prices is respectfully invited as the only means of getting a clear idea of what we offer.

It only serves as an illustration of the prices we charge for Popular Goods, but the real inducements those prices represent can only be understood by seeing them.
