PATENT CLOSETS.

ONE EVIDENCE OF MEANNESS.

NOTHING NEW UNDER THE SUN.

Nothing new under the sun is the old story. The old was old in Solomon's day. The false and true will be always.

THE MIDDLE FORK OF SALMON.

Col. R. F. Bernard in speaking of the country where he is hunting the Sheep-Head Indians, writes us under date of the 16th as follows: "This country is made of streams and mountains. All except the streams are set up on edge, causing the traveler to go over two sides of it instead of one."

OUR WASHINGTON LETTER.

WASHINGTON, July 16, 1879. EDITOR STATESMAN.—Senator Thurman sums up the results of the late session of congress: "In my judgment no session of congress has done more for the vindication of the principles of American liberty."

FRENCH TRIBUTE TO BENNETT AND HIS AFRICAN AND ARCTIC EXPEDITIONS.

At a meeting of the Societe Geographique in Paris recently, Louis Simorel, engineer and traveler, introduced the subject of the departure of the Arctic exploring steamer Jeannette, and spoke warmly of the services rendered by James Gordon Bennett in the cause of science and progress.

THE PORTLAND STANDARD KEEPS UP WITH THE SPIRIT OF THE AGE.

The Portland Standard keeps up with the spirit of the age, and supplies its patrons with the latest and most interesting news of the day.

THE ZULUS ROUTED.

Official Announcement of Chelmsford's Victory over the Zulus.

LONDON, July 23.—In the house of commons to-day, the government announced the receipt of a telegram dated Cape Town, July 8th, stating that Lord Chelmsford remained in camp till the afternoon of July 31, awaiting the surrender of cannon and 1000 rifles, captured by the Zulus at Isandula.

GRAIN TO BE HIGH THIS SEASON.

In a public speech some months ago the Earl of Derby conceded that in view of the unlimited facilities possessed by this country for producing all cereals cheaply, and of the impossibility of re-establishing the old-time corn laws for the protection of domestic agriculture, the time was close at hand when the British farmer should abandon grain growing and seek his profit in meat production.

GOULD'S BOLDEST SCHEME.

The announcement that Jay Gould and partners have bought out the entire property and franchises of the Oregon Steam Navigation company will quite astonish most people, who were hardly aware that the Union Pacific had any intention of connecting with the ocean over a line of its own.

DIVERSITIES.

The best are the cheapest. This is more especially so in the matter of wives. The divorced wife of a Danbury man is the hired nurse of his second wife's baby.

ATEST MOVE IN THE GRANT GAME.

We noticed the other day the admirable strategy displayed by the executive committee of the boomers and boomer movement, and the promptness with which orders emanating from that authority were obeyed by the person most deeply interested.

TO THE PATRONS OF THE STATESMAN. Being desirous to pay the debts against the estate of Wm. H. Newell, deceased, I respectfully ask an early settlement.

THE Archduchess threatens us with pistol for one and breakfast for two, if we ever come within 50 miles of his sanctum again without coming over to see him.

DIVISION OF OREGON AND WASHINGTON. Some of our contemporaries are advocating this much needed measure hotly.

TILDEN AND THE PRESIDENCY. The Tribune reads the democratic papers which are nominating candidates for president.

SOLD. The Dayton News has been sold to other parties, the original editor leaving for fresh pastures.

OVERREACHED. It seems pretty evident that we were overreached by British diplomacy in the matter of the Halifax award.

ITS ORIGIN. Satisfactory evidence has been furnished as to how the yellow fever this year broke out in the city of Memphis.

THE Ohio republicans are in a decidedly anxious quandary. They undertook to conduct the campaign on the war issue.

LAST SESSION'S CAMPAIGN LITERATURE. The democratic congressional committee has established its headquarters in the rooms of the committee on military affairs.

Confession of Tom Lawton.

One of the most diabolical crimes on record is the murder, over a year since, of Tullis, a rich old farmer living in the Sacramento valley.

A man is in Lewiston jail, arrested in Palouse precinct, on a charge of petty larceny, and in default of payment is lodged in jail under a commitment naming him as J. Culpepper.

THE YEARLY GRAIN BAG CORNER. The usual yearly combination in grain bags has already taken place.

GOVERNOR GALE, OF OREGON. We have received a letter from an "ignominious" man, who pleads not guilty of knowing that there ever was such a governor of Oregon as our old friend.

THE FINEST MARBLE. And deposits of gypsum. Only the want of an energy population has prevented many other discoveries from being made.

VEGETABLES AND GRAIN. Can be raised three weeks earlier here than in any other part of the northwest.

PROPOSALS. SCALED PROPOSAL FOR BUILDING additions to School House in School District 34, in Walla Walla county.

RAILROAD DOWN SNAKE RIVER.

It is not from any knowledge we possess of the plans of the Utah Northern company that we now say that the only practical route for a railroad is straight down Snake river through that, to many, terra incognita "the big canyon."

WHICH is by means of a stationary engine at the top; but it must be coolly considered by the people who will ultimately be benefited, that the company are not doing this work for the mere fun of the thing.

THE YEARLY GRAIN BAG CORNER. The usual yearly combination in grain bags has already taken place.

GOVERNOR GALE, OF OREGON. We have received a letter from an "ignominious" man, who pleads not guilty of knowing that there ever was such a governor of Oregon as our old friend.

LECTURE. Mrs. Dr. Burr, Homeopathic physician, will lecture to ladies only, in the Court House, Tuesday, August 5th, at 7 o'clock P. M. Subject - Health. Admission Free.

THE GENERAL TEX AND HIS LIEUTENANTS. The general Tex and his lieutenants of all who visit Walla Walla. The bar is large, airy and cool, and handsomely furnished.

THE SCHOOL ROOM IN DISTRICT 24. Having been found too small, the directors propose to build additions to the school building for that purpose invite proposals in this issue.

CONTRACT LET. Messrs. A. S. Miller & Son, formerly of Salem, have been awarded a contract to build a bridge across the Touchet at Waitsburg, W. T., for the sum of \$2200. The bridge will be two spans, 80 feet each.

BIRTH LECTURE. Mrs. F. A. Logan, will give an original lecture in the City Hall on Sunday evening, August 31, at 8 o'clock, on the religious of the present, past and future. Admittance free.

THE HEAT. Chris Maier says that his harvest hands stand the heat amazingly well, notwithstanding it is 95 degrees in the shade. He says all the repairs in gold grain, and the more they eat the better they can stand it.

CONCRETE STONE. The corner stone of the new hospital will be solemnly blessed by the Rev. A. U. A. Blanchet, on Sunday next, at 7 o'clock, P. M. Father L. Schram will deliver the oration for the occasion. All are invited to the ceremony.

THE HERONS. This celebrated family appeared last evening at City Hall in their characteristic concert. Our city is fortunate in having them here. It is to be hoped they will extend their stay and give us another treat.

KEEP IT AT HOME. Our citizens ought to patronize an hotel who send down to San Francisco for every little thing they require. There is nothing like sending money out of the country for work that can be done just as well at home.

STRENGTHEN YOUR COLORS. The Potomac evidently does not believe in going down with colors flying, and has given up the ship without firing a shot. This week the weak minded competitor strikes his colors. In my view a defeated competitor we refrain from striking him any more.

TO BE SHIPPED. It is estimated that if prices continue good the farmers of this section will export no less than 1,500,000 bushels of wheat. The total yield will approximate 2,000,000; of this one fourth will be kept for home consumption. This estimate does not include any other grain.

COURTY FAIR. Our county fair is fast approaching, and we request our farmers and others throughout the county to furnish specimens of their unprepared productions. This committee is doing everything within their power to make this the best fair. The fair commences on the 10th of September, and continues ten days.

SUPPER FEEL. Phillip Ritz is shipping a load of fruit from his immense garden. The principal specimens are to Baker and Baker's. His orchards are literally bent down with the weight of the fruit; his orchard is the very best quality, and the most perfect flavor, and we can recommend our friends away off to send direct to him for anything they require.

INCIDENTS OF THE FAIR. During the progress of the late fair there was, of course, much confusion; at one time three or four men did the work, and about two hundred instructing them how to do it. A big hand reached his wits and grabbed Bill Bender, who was in the hottest place, and seemed determined to prevent him doing anything - he had to be nearly choked before he would let go. Mendel, of M. Co., 1st cavalry, was doing his best to help save property, when a man struck him on the temple, inflicting an ugly wound; he would have received a whipping in return if the crowd had not prevented by holding Mendel. When the horse was taken from the top of the building the boys let go a little too soon and the stream from the pipe knocked them over to the other side of the roof. There were some in authority who did not know their business. We think from what we observed through at the fair that the late city council ought not to have accepted the resignation of Wm. Bender as foreman. He has fought ten more about twice than the most of us ever knew.

100° IN THE SHADE. After the lovely weather of the summer the recent degree of heat has been more than usually felt, yet we find nothing to complain of. There is less sickness than we ever heard of before; in the east would be termed "brooding, searching and over-crowding;" here is little more than felt. Night comes with cool and pleasant breezes that makes the heart rejoice, and blankets are in demand. We have no railroads here, it is true, but we are certainly favored with the most delightful climates on earth.

THE GREAT FAIR. With the unprecedented yield in these Walla Walla valleys the forthcoming fair ought to be the best ever held in the upper country. Many visitors are expected from all parts of the coast. The directors will take care of everything entrusted to them for exhibition, and safely return them. We ought to have a good exhibition of minerals from all the mountains. Any of these latter entrusted to us will be exhibited, classified and promptly returned.

TO MINERS AND OTHERS. We have already on hand a good supply of mineral specimens for exhibition at the forthcoming fair. It will be sent down free of charge if the miners will send down good sized samples of their quartz; such things as coal, limestone, marble, &c., would be welcome. All such sent to the STATESMAN office will be taken care of. Ship some out boys, and we will pay the freight.

COME BACK, GIRLS. Since our Walla Walla belles have left, the young men complain of the unmitigated dullness of the city. No parties, singing, dancing or even birthday parties times a year. Unless they return from Portland in a V. M. conveyer pretty shortly, a delegation headed by Herschell may be expected down after them.

GILT EDGE. The best butter we ever tasted is that made by Jock Morgan at his ranch on the Simcoe reservation. Its reputation extends throughout the country from tide water to the ocean. Jock makes a specialty of it, and deserves the reputation he has.

THE GRAIN MARKETS REMAINS UNCHANGED. Last week's quotations still rule. The farmers on the highlands bordering on Snake river, obtain nine cents per bushel more than Walla Walla farmers.

WE ARE READY TO GET ON WALLA WALLA. We are ready to get on Walla Walla having more handsome, good looking numbers in her brass band than any other city ten times her size.

BUSINESS LOCALS.

PERSONAL. We acknowledge the honor of a call from Hon. Thos. Brents. Bishop Blanchet and Rev. Father Schram arrived by last Wednesday's train. The Bishop confirmed some 35 communicants. The Rev. Mr. Wells arrived on Thursday. He will remain a few weeks and take charge of the Episcopal Church pending the appointment of a new minister.

Master Fredrick Brechtel, son of our esteemed townsman Oscar Brechtel, will leave on Sunday for Santa Clara college, where he goes to finish his education. A friend of his from the East says there is no more grain between Waitsburg and Dayton than in the whole state of Maine.

Hon. Phillip Ritz returned on Friday last from his trip to the water. Farmers and settlers generally would do well to visit his nursery and inspect the most complete nursery in the Northwest. Major Bahbit, chief ordnance officer of this department, arrived in the city on Sunday last. The Major has proved himself a brave and true man under all circumstances, and his recent appointment to Fortness Monroe will be a loss to the Pacific shore.

Mr. H. Metzger has returned from Portland and will open a branch house in connection with A. A. Cohen of Portland very shortly. He will run a general commission business in hides, wool, wheat, pelts, furs and tallow. His advertisement will appear in our next issue.

Hon. Don Stewart, one of the liveliest and most able of our citizens, called on us yesterday. He lives at present on Union Flat, and has one of the finest ranches up there. Mr. Stewart is an pioneer of civilization in this upper country, and says Walla Walla beats the world.

ANOTHER FIRE. - Just as the shades of evening were beginning to close over us on Tuesday evening, people were saying how warm it was, and praying for our usual evening breeze, an alarm of fire was raised, to which the fire bells responded furiously as is usual on such occasions, and we arrived at the engine house just in time to take our place on the rope. If ever there were a set of men who had the starch taken out of them in a short time it was the precious few who hauled the engine to the scene of the conflagration. The street was lined with people, yet there they stood looking on, and very few rushed out to assist in pulling the engine. Maybe it was the heat of the weather that prostrated them, at any rate it was not to their credit, and we ourselves have said it. The engine managed to get to the fire, which was next door to the International brick hotel, at the lower end of town. The burning building had at one time been an hotel. By the time the engine arrived the building was wrapped in flames and the International looked ready to go; the window frames were smoking and the glass cracking, and the wind was blowing right against it, and it is only staying to-day because there was so little wood work for the flames to feed on. Even if the floors in the rooms next to the fire had not been carpeted, it would now be a mass of badly burned bricks. After the usual delay in obtaining water the boys rushed to the burning building and the light and pointed stream on the fire, and then on the hotel. However, the old building was doomed, for the fire had gained such headway that the pitch pine boards were literally belched up. For a time the buildings and street were filled with a great amount of smoke, and the fire continued to burn on the fire, and then on the hotel. However, the old building was doomed, for the fire had gained such headway that the pitch pine boards were literally belched up. For a time the buildings and street were filled with a great amount of smoke, and the fire continued to burn on the fire, and then on the hotel. However, the old building was doomed, for the fire had gained such headway that the pitch pine boards were literally belched up.

TO LAWRENCE T. POOLEE, Defendant. You are hereby required to appear in an action brought against you by ISABELL POOLEE, Plaintiff, in the District Court of the First Judicial District of Washington Territory, holding terms at the city of Walla Walla, in and for the county of Walla Walla, to answer the complaint of Plaintiff, filed in Walla Walla county within twenty days after the service of this summons, exclusive of the day of service, if served in this county. If not served in said county but in said district, in thirty days. If served in any other Judicial District in the Territory, in forty days. If served by publication, within sixty days after the date of this summons, or the day of publication, whichever first occurs. If not served in said county but in said district, in thirty days. If served in any other Judicial District in the Territory, in forty days. If served by publication, within sixty days after the date of this summons, or the day of publication, whichever first occurs. If not served in said county but in said district, in thirty days. If served in any other Judicial District in the Territory, in forty days. If served by publication, within sixty days after the date of this summons, or the day of publication, whichever first occurs.

BUSINESS LOCALS.

TEX SALOON. The genial Tex continues to be the recognized authority on the liquor quest on. Strangers visiting Walla Walla rush to his saloon to enjoy a julep or iced drink of any kind. The bar room is large, airy and cool, all the papers are found on the tables, and none but finest liquors and cigars passed over the bar.

MRS. DR. BIRZ. Graduate of the Homeopathic school of medicine and a member of the State Medical Society of California and Oregon. Treats all diseases of women and children. Office on 3d street, between Main and Alder. Consultation free. Electricity a specialty. 28-1/2

PIANOS ORGANS. Persons who contemplate purchasing Pianos or Organs, will do well to call and see Stanley Bros., at the furniture store above the bridge, as they have a good stock of instruments, and sell at reasonable prices. They are agents for the Estey Organ and other fine Pianos. 28-1/2

ICE CREAM. Tom Taylor's ice cream, candy and soda saloon during this warm weather, is one of the most frequented places in the city. Tom leaves nothing undone about his place to please his customers. The patronage he receives proves his success. Give him a call some warm evening.

THE SCANDAL. - It will be seen by a card in another column that an entire and complete restoration is given to the late scandal in the Grande Ronde Valley. Nothing else can be required, for here the parties who spread the false report retract it over their own signatures.

 DEALERS IN

**AGRICULTURAL MACHINERY!**

**THE CELEBRATED BAIN WAGONS.**

The Leading Wagon of the United States and the Best Wagon Made.

The great and constantly increasing popularity of the Bain Wagon is due to the extra care taken in selecting material, the thorough seasoning of all the wood before using, the rigid inspection to which the work is subjected at its various stages, the employment of nothing but the best skilled free labor, (no Convict labor being used) in discarding piece work and paying mechanics by the day, thus insuring honest work and producing a wagon which for strength, durability, and lightness of draft, is unequalled by any other wagon made. Full Round Edge Tires, projecting over the felloes and protecting them from wear, oil cups with Brass Screw Caps, and patent Skein tightners, will be on all Bain Wagons imported the coming season.

**MOWERS AND REAPERS.**

The Champion Combined Reaper and Mower is the most complete harvesting machine made. Not only is it well constructed throughout, of excellent material and with every facility for cutting grain and raking grain, but it embraces every device for the convenience of the farmer. The Self-Raking apparatus is remarkably simple and not liable to get out of order. The rake delivers the grain at the side of the machine and out of the way of the team in making the next round. It is under complete control of the driver, and can be set to rake automatically, delivering a bundle at each revolution, or by means of the foot treadle, to rake at the will of the driver large or small gables, or the rake can be held to carry a bundle around a corner, or any distance. This machine is also complete as a Dropper or as a mower. Each machine is built as a Mower, and so arranged before it leaves the factory that a Dropping Attachment or a Self-Rake Attachment can be added at any time by the farmer, and no tools are required to put on or take off these attachments, except such as are sent in the tool box with each machine. Two smooth edged mowing knives and one serrated edged grain sickle are furnished with each Champion Combined Mower and Reaper.

**HAINES' SINGLE GEAR HEADERS.**

To the farmers who still adhere to the old and economical method of harvesting with headers, we offer the genuine Haines' Headers with single or double drapers made by A. J. Hodge & Co., of Pekin, Ill., with many valuable improvements for the season of 1879, which will be found on no other headers in the market, as they are made to our order, from suggestions of some of the best farmers in the Territory, and for our exclusive sale. Farmers who want the best header made, should examine our machines before buying.

**The "Tiger" Self-Discharging Sulky Hay Rake.**

Awarded the First Medal of the of Highest Honor at the Centennial Exposition and Field Trial.

A perfect Self-Discharging Sulky Rake, high wheels, with hickory spokes, solid wrought iron axles, twenty steel teeth tempered in oil, dumps from both wheels, discharged by a slight pressure of the foot. Any boy or girl that can drive a horse can operate it as well as the strongest man. In simplicity, strength and durability, ease of operating or adjusting to any variety of crop or surface it is without a rival.

**"Mansfield" Portable and Stationary Steam Engines.**

These Engines combine lightness with ample power, and economy of fuel and water in the greatest degree, being the only Portable Engine manufactured in the United States having Steam Jacket and Balance Steam Valve. For mechanical construction, accessibility of all its parts, regularity of speed and thorough workmanship, THIS ENGINE HAS NO RIVAL IN THE WORLD.

**THE NEW ECONOMIZER ENGINE.**

In Agricultural Engines which require frequent removals, it becomes an object of great importance to have as little weight as possible to transport, and yet have the material of sufficient strength, and put together with skill to withstand the hardships to which they are subject, and especially the Thresher's Engine, which is probably subjected to more abuses than almost any other class of engines, as they are moved very often and over all kinds of roads. In these respects the manufacturers of this Engine have taken great pains to build an engine and boiler that will stand the test for years. We invite competition with those of other makers.

**PAINÉ BROTHERS.**
