land, of estuary and open ocean, and corresponding with these altitudes we meet with changes in the flora and fauna. But no close inspection of these changes gives us the slightest right to believe that there has been any discontinuity of natural processes.

THE EVIDENCES OF EVOLUTION. There remains the third hypothesis, which I have spoken of as the hypothesis of evolution, and I proposed that, in the lecture to come, we should consider that as carefully as we have considered the other two hypotheses.

THE SILVER COMMISSION. The silver commission has completed its work by the selection of the three "experts" provided for by Congress.

REVENUE IN DEBT—I dwell on this point, for I would deter others from entering that place of torment.

THE CIRCUMSTANTIAL EVIDENCE. I have put before you in a few words, some little time ago a statement of the sun and substance of the circumstantial evidence as to the past of the world.

TOMATO CATSUP.—One bushel ripe tomatoes; slice, and sprinkled with plenty of salt; put in porcelain lined, kettle and simmer three or four hours.

DR. W. S. MINEER HAS RETURNED TO WALLA WALLA with a large stock of HOMOEPATHIC MEDICINES.

TO ADVERTISERS.—The Walla Walla Statesman has a much larger circulation than any other paper published in the Territory of Washington, and hence offers superior inducements to advertisers who would reach the very best class of paying customers.

THE DELEGATE VOTE.—All our advice from below go to show that Judson will carry the Sound, and come to the Cascades with a clear majority. All that is required of the democrats east of the mountains is to hold their own, and the election of a democratic delegate is assured.

THE CENTENNIAL.—A Philadelphia journal says that at the closing of the gates on the last Saturday night in September, the number of paying visitors who had attended the Exhibition was 4,071,813.

TILDEN'S CRUSHING REVEREND.—Judge Sinnott, Governor Tilden's confidential clerk, has made a statement in regard to the Governor's income tax return for 1862, that is an overwhelming and a crushing reply to all the attacks of the New York Times and the other base slanderers of his good name.

IS BAD ODDS.—Not a single paper published on the Sound gives Jacobs a hearty support. The Courier placed his name at the head of its editorial columns, but beyond this demonstration treats him with studied coolness.

THE "REBEL DEBT."—We take it for granted that radical politicians must be very hard up for material to secure votes for Hayes and Wheeler, or have an exceedingly small opinion of the intelligence of the people, when they will circulate the story that if the democrats succeed they will pass a law to pay the "rebel debt."

THE "REBEL DEBT."—The validity of the public debt of the United States authorized by law, including debts incurred for the payment of pensions and bounties for service in suppressing the insurrection or rebellion, shall not be questioned, but neither the United States nor any State shall assume or pay in respect of any debt or obligation incurred in aid of insurrection or rebellion against the United States, or claim for the loss or confiscation of any slave, but all such debts, obligations and claims shall be held illegal and void.

The Delegate Election.

The republicans have practiced impositions upon the people of the territory that cannot be justified. Ten years ago they put up a weak and imbecile man, named Flanders, for the position of delegate, and by force of party drill succeeded in electing him. This in entire disregard of the interests of the territory.

THE RAILROAD LAND GRABBERS.—During the three years he was in Congress he was an obedient party henchman as the mob of ordinary members. That was the period of enormous land grabs for railroads, and the record shows that Mr. Hayes voted for them all.

TILDEN'S ELECTION WILL THROW AT LEAST twenty five thousand surplus officials out of office, and convert them into good, substantial, wealth-producing citizens. This alone will save to the treasury of the country in the shape of salaries as much as \$20,000,000.

Taking Hayes Down a Peg.

The New York Herald all through the canvass has leaned toward the republican candidate for President, but at the same time is not blind to his shortcomings.

ESTIMATE OF HAYES' CHARACTER.—So far as we are able to judge from his record Mr. Hayes is a man some parts of whose conduct may be approved, while no part of it can be admired.

THE RAILROAD LAND GRABBERS.—During the three years he was in Congress he was an obedient party henchman as the mob of ordinary members. That was the period of enormous land grabs for railroads, and the record shows that Mr. Hayes voted for them all.

WE ARE TOLD, with great emphasis, that Governor Hayes deposits the waving of the "bloody shirt," and "does not believe in a new stirring up of suspicion, hatred and strife."

ADAMS ON THE CAMPAIGN.—Charles Francis Adams has written a letter in which he fully identifies himself with the opposition to the party in power.

IMPORTANT TO SOLDIERS.—One of the things that the soldiers of the late war most earnestly desire, is that their bounties may be equalized.

THE EUROPEAN WAR.—It is becoming more evident every day that Russia will not be able much longer to employ Serbia as a disguise to her designs upon Turkey.

THE SOUTH CAROLINA DEMOCRATS denounce Governor Chamberlain's proclamation as unwarranted by the laws and only furnishes a pretext for the asking of troops.

PUBLIC PLUNDERERS.

The official figures show that the various republican officials of the United States, since 1869, are defaulters to the government in the sum \$5,500,595.93. This sum looks pretty big in the face of republican professions that theirs is a party of purity and reform.

TWEED'S PASSPORT!—And now there is chalking in the shoes of certain radical officials over the return of Tweed. It was thought to be a good political card to blame his escape on a democratic sheriff, and charge the democratic party with conniving to keep him secreted.

THE ACQUITTAL OF BARCOCK.—The acquittal of Barcock on the safe burglary charge should surprise no one, for the evidence for the prosecution completely broke down in the course of the trial.

A FITTING MEMORIAL.—At the marble shop of Mr. Wm. Young can be seen a very handsome monument, just finished by that gentleman, which is designed to mark the last resting place of one of the unfortunate passengers who went down on board the ill-fated steamer Pacific last November.

THE ELECTION IN GEORGIA.—The election in Georgia on the 4th inst., is said to have been one of the quietest and most orderly ever held in the State.

HIS HOLINESS, Pope Pius, and his chief adviser, Cardinal Antonelli, have both been in ill health; but they are old men and have been sick so often before that fatal result is not especially probable.

BARCOCK has been tried for complicity in the safe burglary and acquitted, as since the empanelling of the jury, everybody expected. On the 19th ult., it was telegraphed that a number of the jurymen were known to have held intimate relations with the various rings in Washington.

MATRIMONY.—Any law or official rule which operates as an obstacle to marriage is an evil in so far as it is effective, and a greater evil if ineffective, because it puts a premium upon fraud and immorality.

PROCLAMATION BY THE GOVERNOR.—ELISHA P. FERREY, Governor of the Territory of Washington, do hereby declare that a GENERAL ELECTION will be held in said Territory, on TUESDAY, the seventh day of November, A. D. 1876.

DEMOCRATIC TICKET.—For President, SAMUEL J. TILDEN, of New York. For Vice-President, THOMAS A. HENDRICKS, of Indiana.

NEW ADVERTISEMENTS.—EMPLOYERS OF LABORERS.—THE COMPANIESHIP of the undersigned was dissolved by mutual consent to-day, Mr. ADAM STANG retiring.
