

The returns are all in, and there remains no doubt that, unless the alleged fraud in the state of New York are proved to have transpired, but that Garfield is elected president of the United States and Democrats must wait for another long four years before they receive a chance to govern the country.

It is not an asylum, a communal experiment, a religious colony, nor even a New World home designed exclusively for Englishmen. It is primarily a home for such Englishmen as find the old home too small, yet who are reluctant to scatter to they know not where. Many of the present settlers are English, but Americans and all other respectable people are heartily welcome.

For every advantage Tennessee offers for colonization purposes Washington territory can offer twenty. There is no country in the world which can give so many inducements or so wealthy in all that goes to make a country rich as this.

James Gordon Bennett. There is a faint prospect of some stalwart personal journalism in New York before long, says the Kansas City Times.

Colliery Explosion. One of the most interesting and pathetic of volumes could be prepared from the newspaper reports of colliery explosions in England.

The Public Domain. During the last fiscal year, 8,630,000 acres of public land were taken up, this year 12,000,000.

THE SITUATION. The returns are all in, and there remains no doubt that, unless the alleged fraud in the state of New York are proved to have transpired, but that Garfield is elected president of the United States and Democrats must wait for another long four years before they receive a chance to govern the country.

Colonizing.

Thomas Hughes, the world renowned author of "Tom Brown's School Days," and other sterling works which have been read by the English speaking people of the world has recently established a colony in Tennessee.
