BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

Sec. 1. RCW 43.135.010 and 1980 c 1 s 1 are each amended to read as follows:

The people of the state of Washington hereby find and declare:

(1) The continuing increases in our state tax burden and the corresponding growth of state government is contrary to the interest of the people of the state of Washington.

(2) It is necessary to limit the rate of growth of state government while assuring adequate funding of essential services, including basic education as defined by the legislature.

(3) The current budgetary system in the state of Washington lacks stability. The system encourages crisis budgeting and results in cutbacks during lean years and overspending during surplus years.

(4) It is therefore the intent of this chapter to:

(a) Establish a limit ~~((which))~~ on state expenditures that will assure that the growth rate of state ~~((tax revenue))~~ expenditures does not exceed the growth rate of inflation and state ~~((personal income))~~ population;

(b) Assure that local governments are provided funds adequate to render those services deemed essential by their citizens;

(c) Assure that the state does not impose ~~((on any taxing district;))~~ responsibility on local governments for new programs or increased levels of service under existing programs unless the costs thereof are paid by the state;

(d) Provide for adjustment of the limit when costs of a program are transferred between the state and another political entity; ~~((and))~~

(e) Establish a procedure for exceeding this limit in emergency situations;

(f) Provide for voter approval of tax increases; and

(g) Avoid overfunding and underfunding state programs by providing stability, consistency, and long-range planning.

NEW SECTION. Sec. 2. (1) The state shall not expend from the general fund during any fiscal year state moneys in excess of the state expenditure limit established under this chapter.

(2) Except pursuant to a declaration of emergency under section 4 of this act or pursuant to an appropriation under section 3(4)(b) of this act, the state treasurer shall not issue or redeem any check, warrant, or voucher that will result in a state general fund expenditure for any fiscal year in excess of the state expenditure limit established under this chapter. A violation of this subsection constitutes a violation of RCW 43.88.290 and shall subject the state treasurer to the penalties provided in RCW 43.88.300.

(3) The state expenditure limit for any fiscal year shall be the previous fiscal year's state expenditure limit increased by a percentage rate that equals the fiscal growth factor.

(4) For purposes of computing the state expenditure limit for the fiscal year beginning July 1, 1995, the phrase "the previous fiscal year's state expenditure limit" means the total state expenditures from the state general fund, not including federal funds, for the fiscal year beginning July 1, 1989, plus the fiscal growth factor. This calculation is then computed for the state expenditure limit for fiscal years 1992, 1993, 1994, and 1995, and as required under section 4(4) of this act.

(5) Each November, the office of financial management shall adjust the expenditure limit for the preceding fiscal year based on actual expenditures and known changes in the fiscal growth factor and then project an expenditure limit for the next two fiscal years. The office of financial management shall notify the legislative fiscal committees of all adjustments to the state expenditure limit and projections of future expenditure limits.

(6) "Fiscal growth factor" means the average of the sum of inflation and population change for each of the prior three fiscal years.

(7) "Inflation" means the percentage change in the implicit price deflator for the United States for each fiscal year as published by the federal bureau of labor statistics.

(8) "Population change" means the percentage change in state population for each fiscal year as reported by the office of financial management.

NEW SECTION. Sec. 3. (1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall deposit in the emergency reserve fund all general fund—state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expen-

ditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of biennial general fund—state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer to the education construction fund hereby created in the treasury.

(4)(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

NEW SECTION. Sec. 4. (1) After July 1, 1995, any action or combination of actions by the legislature that raises state revenue or requires revenue-neutral tax shifts may be taken only if approved by a two-thirds vote of each house, and then only if state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter.

(2)(a) If the legislative action under subsection (1) of this section will result in expenditures in excess of the state expenditure limit, then the action of the legislature shall not take effect until approved by a vote of the people at a November general election. The office of financial management shall adjust the state expenditure limit by the amount of additional revenue approved by the voters under this section. This adjustment shall not exceed the amount of revenue generated by the legislative action during the first full fiscal year in which it is in effect. The state expenditure limit shall be adjusted downward upon expiration or repeal of the legislative action.

(b) The ballot title for any vote of the people required under this section shall be substantially as follows:

"Shall taxes be imposed on in order to allow a spending increase above last year's authorized spending adjusted for inflation and population increases?"

(3)(a) The state expenditure limit may be exceeded upon declaration of an emergency for a period not to exceed twenty-four months by a law approved by a two-thirds vote

of each house of the legislature and signed by the governor. The law shall set forth the nature of the emergency, which is limited to natural disasters that require immediate government action to alleviate human suffering and provide humanitarian assistance. The state expenditure limit may be exceeded for no more than twenty-four months following the declaration of the emergency and only for the purposes contained in the emergency declaration.

(b) Additional taxes required for an emergency under this section may be imposed only until thirty days following the next general election, unless an extension is approved at that general election. The additional taxes shall expire upon expiration of the declaration of emergency. The legislature shall not impose additional taxes for emergency purposes under this subsection unless funds in the education construction fund have been exhausted.

(c) The state or any political subdivision of the state shall not impose any tax on intangible property listed in RCW 84.36.070 as that statute exists on January 1, 1993.

(4) If the cost of any state program or function is shifted from the state general fund on or after January 1, 1993, to another source of funding, or if moneys are transferred from the state general fund to another fund or account, the office of financial management shall lower the state expenditure limit to reflect the shift.

Sec. 5. RCW 43.135.060 and 1990 2nd ex.s. c 1 s 601 are each amended to read as follows:

(1) ~~After July 1, 1995, the legislature shall not impose responsibility for new programs or increased levels of service under existing programs on any ((taxing district)) political subdivision of the state unless the ((districts are reimbursed for the costs thereof by the state:~~

~~(2) The amount of increased local revenue and state appropriations and distributions that are received or could be received by a taxing district as a result of legislative enactments after 1979 shall be included as reimbursement under this section. This subsection does not affect litigation pending on January 1, 1990.~~

~~((3)) subdivision is fully reimbursed by specific appropriation by the state for the costs of the new programs or increases in service levels.~~

(2) If by order of any court, or legislative enactment, the costs of a federal or ((taxing district)) local government program are transferred to or from the state, the otherwise applicable state ((tax revenue)) expenditure limit shall be increased or decreased, as the case may be, by the dollar amount of the costs of the program.

~~((4))~~ (3) The legislature, in consultation with the office of financial management or its successor agency, shall determine the costs of any new programs or increased levels of service under existing programs imposed on any ((taxing district)) political subdivision or transferred to or from the state.

~~((5))~~ (4) Subsection (1) of this section does not apply to

(1) All earnings of investments of surplus balances in the state treasury shall be deposited to the treasury income account, which account is hereby established in the state treasury.

(2) Monthly, the state treasurer shall distribute the earnings credited to the treasury income account. The state treasurer shall credit the general fund with all the earnings credited to the treasury income account except:

Initiative Measure 602**

AN ACT Relating to limitations on state revenues; amending RCW 43.135.060 and 43.84.092; adding new sections to chapter 43.135 RCW; adding a new section to chapter 82.33 RCW; adding a new section to chapter 43.88 RCW; creating new sections; repealing RCW 43.88.520, 43.88.525, 43.88.530, 43.88.535, 43.88.540, 43.135.010, 43.135.020, 43.135.030, 43.135.040, 43.135.050, 43.135.070, 43.135.900, and 43.135.901; and declaring an emergency.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

NEW SECTION. Sec. 1. FINDINGS AND DECLARATIONS. The people of the state of Washington declare that:

(1) The continued growth in the burden of tax levies and other revenue generating assessments imposed on the citizens and businesses of the state of Washington and the corresponding growth in state government is contrary to the interests of the people of the state of Washington.

(2) It is necessary to reaffirm the people's will to limit the rate of growth of state government while assuring adequate funding of essential services, including basic education as required by Article IX, section 1 of the state Constitution.

(3) During periods of severe economic downturns or fiscal emergencies, receipts of state revenue collections may decline below the state revenue collection limit established in this chapter and, therefore, it is necessary and vital for the state of Washington to maintain an adequate reserve of state revenue collections to provide a resource for the stable financing of essential state services during such periods.

(4) A state tax limitation was passed by a vote of the people at the November 6, 1979, state general election. However, because of a high base calculation, that state tax limitation has not been effective in carrying out the intent of the people to limit revenues and the growth of state government.

NEW SECTION. Sec. 2. INTENT. It is the intent of the people of the state of Washington to:

(1) Establish a limitation that will assure that the growth rate of state revenue collections does not exceed an established percentage of the economy as represented by total state personal income.

(2) Reaffirm that the state shall not impose upon any political subdivision of the state the responsibility for new programs, programs previously offered by the state, or increased levels of service unless the costs of these programs or services are paid or reimbursed by the state.
