What: Call for Ideas by December 1, 2009 For: 2011 CSLP Adult Summer Library Program Manual Theme: Novel Destinations

Below you'll find some of the ideas suggested for the 2011 Adult Manual on the theme, "Novel Destinations." FYI, the overall theme for 2011 is Global/World Cultures/Travel. The Children's slogan is "One World—Many Stories, the Teen's slogan is "You Are Here."

I am especially interested in your ideas for:

- Underserved populations such as seniors, assisted living and nursing home residents
- Setting the Scene: library decorations, bulletin boards, props, etc.
- Family literacy and family programs

If your library has presented any successful programs that fit this theme, please tell me about them. If you think of any other programs, decorations, activities, send them in! Thanks!
