

Procedures for Cataloging eBooks

1. Create a MARC record for the eBook using the eBook material type.

Add Title (Find by title or author)

Edit Title: Edition

ISBN – eISBN

Material type – Electronic Book

Publication Date

remove pg# and size

2. Add a copy for each title purchased.

Barcode range starts with 80001.

The call number will be KIN followed by the regular call number prefix and/or Dewey number. Example: KIN FIC HOP.

Put in the purchase price of the Kindle ebook.

Add circulation type **ebook**.

Add date acquired.

Indicate Kindle 1 in the field “Volume, Issue, etc.” Put the word “Kindle” in **description** and put the number of the Kindle ereader (as in Kindle 1) in the **number** field.

For sublocation, choose “La Center High School Library” from the dropdown menu.

For vendor, choose “Amazon” from the dropdown menu.

For Funding Source, choose “eReader Grant”, etc. from the dropdown menu.

3. Add the eBook to the eBooks Resource List for each Kindle device so that students have a list of all books on each Kindle that is easily accessible.
