

# Library Language learning solutions

## PROVIDING A WIDER VARIETY OF LANGUAGE LEARNING TOOLS TO PATRONS

**Provide patrons with the best possible language learning experience.**

### Highly Engaging Learning Experience

TELL ME MORE combines cutting edge technology with proven instructional design to keep learners actively involved in the program. Learners enjoy a multi-media experience that features 3-D animations, speech recognition, speech analysis and interactive exercises.

### High Impact, High Quality

This product brings value to your library. Address the needs of learners at a variety of skill levels with a program rich in diversity and cultural learning.

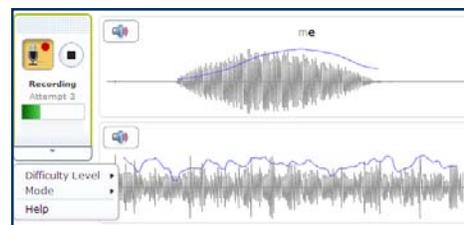

### Easy Implementation & Management

Implementation is a snap with TELL ME MORE! Our Services Experts are on-hand to ensure easy program set up and rollout!

**More content, more activities and more awards than any other solution.**

### Unlimited Pronunciation Practice

With the most sophisticated speech recognition and analysis tools available, learners are able to refine their pronunciation skills and receive demonstrated feedback for improvement. Both pitch and intonation are analyzed as well as the ability for a native speaker to understand the learner. Feedback is provided through 3-D animations and native speaker recordings.

### Beginner to Advanced Learning Levels

Get started immediately with learning paths designed to reflect the wide variety of learning levels.

### Unique Programs for Each Language

Each program is built from scratch to reflect the culture and heritage of the language and features a variety of authentic based materials, imagery, activities and resources.

**The perfect solution to providing patron access to an engaging language learning experience.**

### Features of TELL ME MORE V10:
