

INITIATIVE 873

I, Sam Reed, Secretary of State of the State of Washington and custodian of its seal, hereby certify that, according to the records on file in my office, the attached copy of Initiative Measure No. 873 to the People is a true and correct copy as it was received by this office.

The Washington State Legislature shall pass an income tax which will force the tiny percentage of individuals and, or, corporations who possess or control ninety five percent of all the money in the State of Washington to pay ninety five percent of all the taxes that can be levied by the Washington State Legislature, County Commissions, City Councils, Port Commissions or any other body authorized to introduce, change or levy taxes in the State of Washington.

The ultra wealthy pay fifty five percent of the taxes out of their pocket change, whereas, we peasants forced to pay taxes on every dollars that passes through our hands are deprived of everyday necessities.

The ultra wealthy can easily provide the twenty five billion dollars which will cover the present annual budget and since they will, now, be paying ninety five percent of it will began to consider how the size of the budget can be reduced.
