## State and Territorial.

### Willamette Valley.

The hills of Polk county are becoming  
green.

Farmers are getting ready for active  
operations.

A three legged chicken is the latest  
sensation at Dallas.

The city fathers of Hillsboro order  
that saloons close at 10 o'clock.

There is talk of building a brewery  
and bakery at Dallas next Summer.

There remains in the granaries at  
Eola but 500 bushels of wheat and 200  
of oats.

T. W. May, and old pioneer of Clack-  
amas county, died at his home near Ore-  
gon City, aged 67 years. He leaves  
numerous children, grandchildren,  
and great-grandchildren in the vicinity.

The independent claims that the sta-  
tion accommodations at Hillsboro are to-  
tally inadequate to the comfort of the  
traveling public and demands that the  
O. & C. railroad company provide them  
at once, or pre-emptorily refuse to do so,  
in order that citizens may help them-  
selves in the matter.

The new bakery at Hillsboro is in  
operation to the great delight of bachelor  
residents.

Wolves have been making sad havoc  
among the sheep in the neighborhood of  
Zena, Polk county.

The amount of grain sown in Lane  
county last week, according to the local  
papers, was simply enormous.

The Eugene Mill Company have com-  
menced the work of building a stone  
wall below their dam to secure it from  
further breaks.

A new truck has been ordered for the  
Alert Hook and Ladder Company of  
Salem, at a cost of \$1,075. It will  
weigh 1,800 pounds.

The three men who escaped from the  
Eugene City jail last week forfeited  
bonds aggregating \$1,000. Two of them  
are young men, 18 and 19 years old,  
and were awaiting trial for grand larceny.  
The third, a man 33 years old,  
was under charge of attempting to com-  
mit rape. No reward has been offered  
for their apprehension.

### Southern Oregon.

The City Marshal of Roseburg puts  
vagrants to work on the streets.

Hon. J. N. T. Miller, just in from  
Lincoln, thinks the losses of stock in  
Lake county will not exceed 25 per  
cent.

Miners throughout Josephine county  
are working with a full supply of water,  
and there is every indication of a rich  
gold harvest.

Messrs. Herd & Cook will start their  
steam saw mill this week, and will soon  
be prepared to furnish all kinds of lum-  
ber. The mill is situated on Applegate,  
about four miles above Uniontown.

A shingle mill is being built on Hub-  
bard creek.

Thomas Dimick, of Scottsburg, in-  
tends to erect a cannery at Marshfield.

Last Wednesday night the Bay View  
saloon at Empire City was burglarized  
to the extent of about \$60.

The unremitting kindness of sub-  
scribers forces a complaint from various  
exchanges from the interior.

The boys on Jackass creek are tearing  
the ground loose now, and will have the  
best run of water they have had for  
twenty years.

Farmers are behind with their Spring  
work in Douglas county, but neverthe-  
less, will put in a larger acreage of grain  
than ever before.

The Coquille City and Coos Bay  
wagon road is exciting great local inter-  
est, a petition for its establishment being  
very generally signed.

Southern Oregon residents say this  
has been the hardest Winter for 18  
years. Spring is now advancing rapidly  
and genial weather prevails.

W. H. Wilson, of Yoncalla, is the  
champion sheep man of the county, he  
having brought his entire flock through  
the recent severe weather without the  
loss of a single head.

The people of Myrtle Point, Coos  
county, and vicinity are making strong  
efforts to get a bridge across the south  
fork at that place. It will cost about  
\$2,500 and will be built partly by sub-  
scription and partly by the county.

Crops are looking fine in Umpqua  
valley, and from present appearances we  
may look forward to an abundant har-  
vest. The farmers are taking advantage  
of the pleasant weather, and from every  
hill you can hear the granger whistling  
as he turns the furrow.

A gentleman of great experience and  
who knows the condition of every band  
in Jackson county, estimates the prob-  
able loss of sheep at thirty-five per cent.  
This will, of course, reduce the produc-  
tion of wool. But as prices have in-  
creased in the same ratio, there will be  
but little diminution in our cash receipts  
for wool in 1880.

### EASTERN STATES.

**Grave Charge Against a Parish Priest**  
CHICAGO, March 10.—A young woman, re-  
siding near Mason City, Ill., has made a  
formal complaint before Bishop Spaulding,  
of Peoria diocese, charging Thos. Duggan, a  
parish priest at Delavan with committing  
an outrage upon her while she was acting  
as his housekeeper. The bishop has insti-  
tuted a careful examination.

**Early Opening of the Hudson.**  
NEW YORK, March 11.—The season of  
navigation on the Hudson opened yesterday,  
an earlier day than ever before in the past  
10 years, and about a month earlier than  
has been the case.

**The Grand Programme.**  
GALVESTON, March 11.—The announcement  
is confirmed that General Grant will sail  
for home on the 15th. He will visit Galves-  
ton and New Orleans, and from the latter  
city, himself, in company with Mrs. Grant  
and Mrs. Kitty Felt will take a trip to Den-  
ver, at which point the ladies will sojourn  
during the general's contemplated tour  
through the mining regions of Wyoming and  
Colorado. It is the intention of the party  
to return to Galveston during the latter part  
of April or first of May.

**Bold Robbery at Sydney, Nebraska.**  
CHENEY, March 11.—A bold and suc-  
cessful robbery of gold bullion occurred at  
Sydney, Nebraska, today, while the Union  
Pacific express agent (Snider) was at din-  
ner. The amount taken is variously esti-  
mated at \$20,000 to \$300,000. Entrance  
was effected through the floor of the express  
office. The robbery was evidently planned  
in advance of the treasure coach from the  
Black Hills.

A later telegram from Sydney, just re-  
ceived, states that the treasure has been re-  
covered, except \$13,000. It was found un-  
der a pile of coal near the U. P. tracks, where  
a trackman had seen the robbers conceal  
something in the afternoon. One of the  
missing bricks, valued at \$8,000, is from  
the Esmeralda mine on Black Tail gulch  
near Deadwood, partly owned by Hibbard  
of the Cheyenne and Black Hills Telegraph  
Company. Of the balance, \$2,000 is in ex-  
press packages and the rest bullion. The  
immense weight of the treasure—480 pounds  
of gold—was carried off by the express  
company in a cart, and they were compelled to  
carry it at the first available spot, a coal  
pile.

**Good's Chinese Bill.**  
NEW YORK, March 11.—Good's Chinese  
bill was reported favorably in the House  
yesterday, and there is little doubt of its  
passage. The Representatives of the far  
Western States are doing all in their power  
to secure votes for the bill, and the House  
party in the House will support the measure  
for political benefit. They hope it will  
result to the advantage of their chief aim  
among the voters of the Pacific slope.

**Cash Statement.**  
NEW YORK, March 11.—Parnell has ar-  
rived. He states that \$200,000 has been  
raised and \$100,000 remitted to Ireland.

**The Fatal Explosion.**  
INDIANAPOLIS, March 12.—A total of 10  
persons were killed at the explosion of the  
flax mill of Lehman, Rosenthal & Co., at  
Frankfort, Indiana, yesterday. The bodies  
were mutilated almost beyond recognition,  
and were thrown from 50 to 100 yards dis-  
tance. Rogers' head was blown entirely  
away and not a vestige of it could be found.  
Parts of the boiler were blown 300 yards  
away. The building and all its contents  
were entirely destroyed by fire. The loss  
is estimated at from \$75,000 to \$100,000.

**Railway Disaster.**  
RAWLINS, Wyo., March 12.—During a heavy  
snow storm at an early hour this morning  
overland passenger trains 3 and 4 collided  
at Red Desert. The engineer of train 4  
probably died from his injuries. No passen-  
gers were hurt.

**The Levees at New Orleans.**  
NEW ORLEANS, March 12.—A break oc-  
curred in the levee near the barracks. It  
is being closed and the levee strengthened.  
The river is very high, causing apprehension  
of a breach. It will not withstand the storm.  
Crevasse 30 feet wide are reported in the  
levee on the Bayou La Fourche, five miles  
below Lockport.

**Sherman Writes a Letter.**  
CHICAGO, March 12.—General Sherman  
has written a letter to N. L. Sander of this  
city, wherein he says concerning his candi-  
dacy: "I have been considered by the public  
as a candidate and have so regarded myself,  
with the purpose neither to press anyone to  
support me, nor to decline any aid if it is  
offered me. This position I intend to  
occupy to the end. I do not think it neces-  
sary for me to belittle or arraign Gen. Grant.  
Senator Blair or anyone else, nor will I  
use my official position to promote my can-  
didacy."

**Fractional Currency.**  
WASHINGTON, March 12.—The scarcity of  
fractional silver is caused by its presenta-  
tion for redemption under recent law.  
There are \$21,000,000 of such coin in the  
treasury, which will be exchanged at all  
sub-treasuries for United States notes when  
the appropriation is made for that purpose  
by Congress.

**The Post Calls the Kettle Black.**  
Senator Hill's attempt to fasten on Kellogg  
a charge of blackmail in connection with  
a recent woman scandal is likely to  
produce an explosion from Kellogg in the  
Senate.

**Report Adversely.**  
The House committee on war claims de-  
cided to report adversely upon thirty claims,  
amounting in the aggregate to above \$1-  
000,000.

**The Marchals' Pay.**  
WASHINGTON, March 13.—Representative  
McMahon, who has charge of the deficiency  
appropriation bill, which includes \$600,000  
for the pay of marchals, and \$400,000 for the  
government printing office, says that he in-  
tends to press it against all other business  
brought forward in the House. He thinks  
that the bill will certainly be passed in the  
House by Wednesday next, and he hopes  
that he can get it through by Tuesday.

**Teller's Opinion of the Dis Settlement.**  
Senator Teller says that the terms pro-

posed in Secretary Schurz's bill are so liber-  
al that the legislation will result in an  
inducement of other tribes to massacre their  
agents and his employes, ravish their wives  
and daughters, and burn the buildings of  
the agency, for under the terms the secretary  
has suggested the Utes will be better off than  
they were before, while the citizens of Col-  
orado and the government will suffer all the  
disadvantages of the change. Teller thinks  
that Dury is a sharper man than Schurz,  
for every actual and possible advantage of  
the new arrangement is on the side of the  
Indians. Instead of being punished for the  
crime they have committed, Senator Teller  
says that the Utes are now rewarded, and if  
this arrangement is consummated by act of  
Congress, it will merely encourage such out-  
breaks among the Indians as occurred last  
Fall.

**Army and Navy Appropriations.**  
The House committee on appropriations  
has finished the army and navy appropriat-  
ion bill and will be ready to report them to  
the House as soon as the consular and diplo-  
matic and Indian appropriation bills are  
disposed of.

**Postal Changes for the Pacific Coast.**  
Postal changes for the Pacific Coast last  
week: Established—Ruby, Whatcom county,  
W. T.; Geo. B. McCoy postmaster; Wilken-  
stein, Kluckit county, W. T.; Matthias  
Walker postmaster. Discontinued—Kay,  
Thurston county, Wash. Postmasters ap-  
pointed—Wm. McLeod, Dillie, Washington  
county, Oregon; Boyd P. Quilley, Sheridan,  
Yamhill county, Oregon.

**Northern and Texas Pacific Railroads.**  
It is understood that the Northern Pacific  
and Texas Pacific railroads have combined  
their forces and will work jointly to secure  
favorable legislation. The Tribune says:  
"There ought to be no question as to the pas-  
sage of bills pending in Congress to extend  
time for the completion of the Northern  
Pacific to the Sacramento mountains, New  
Mexico. Their ledges and ponies were cap-  
tured and taken to Fort Smith. The In-  
dians are supposed to belong to Victoria's  
band."

**House Cleaning in Chinatown.**  
SAN FRANCISCO, March 13.—J. C. Stead-  
man, one of the Health Inspectors of Chinat-  
own, reports that the Chinese are doing  
something toward complying with the health  
laws. New sewers and closets are being  
constructed and other measures are being  
taken to guard against infectious diseases and  
overcrowding. There were 245 men dis-  
charged from the S. P. R. R., who have  
since left for Oregon. Large numbers are  
said to be also leaving for the East. A Chi-  
nese newspaper, and proclamations from dif-  
ferent companies, counsel Chinamen to  
comply with every demand of the Board  
of Health. There is considerable obstruction,  
however, from the property owners, who  
say that it is impossible to comply with the  
cubic air ordinance as it exists at present.

**News Summary.**  
North Carolina delegates are solid for  
Sherman—Not profits of the Western  
Union Telegraph Co. for the quarter ending  
March 21st will be about \$1,335,071—Re-

## Hidden Treasures of Arizona.

At several points in Yavapai county,  
during the past sixteen years, some won-  
derfully rich gold quartz has been picked  
up. The finders, in every instance, made  
diligent search to discover the veins  
from which the float was supposed to  
come, and failed, in every instance, to  
find the hidden bonanza. We append a  
few notable cases which occurred in the  
neighborhood of Prescott and the country  
adjacent:

In 1864, William Rice was hunting in  
the country between Whipple and Lynx  
creek. His camp was out of meat,  
and Willard was determined to bring  
back some venison. He wounded a  
fat buck, and while following him  
up over that rough country, stumbled  
and fell, spraining his ankle. In at-  
tempting to rise, his hand rested on  
what proved to be a piece of the richest  
kind of gold quartz. He looked care-  
fully, but found no ledges. He carried  
the specimen to camp, where it created  
much excitement, and, although the  
whole of Lynx Creek turned out in the  
hunt, the vein remains undiscovered to  
this day.

In the Fall of 1872 Pete Reed, Char-  
ley Hall and others discovered on Tur-  
key creek several large specimens of  
homeycomb quartz, literally filled with  
the yellow treasure. The boys were  
elated, and thought they had "struck it"  
sure, but long and careful prospecting  
failed to unearth the vein, and it has  
not been found yet.

During the Bradshaw excitement of  
1871, some parties brought into  
that camp about twenty pounds of  
the richest quartz ever found in Yava-  
pai county. It was worth over \$100,000  
per ton. The finders were the lions of  
the camp. Experts, merchants, saloon  
keepers, every one courted their ac-  
quaintance. It was considered a rare  
distinction to take a drink—at your own  
expense—with one of them. Merchants  
offered them credit, barkeepers cheer-  
fully "hung up" the drinks, and mining  
speculators advanced them some ready  
cash. After a while they returned to  
the scene of the discovery, on Humbig  
creek, and although they hunted faith-  
fully for nearly two months they did not  
find the ledge.

In 1866, a prospector in the country  
between Groom creek and the Haas-  
yamps, came across a piece of float  
quartz which was half gold. He took  
it to the Chase mill, then owned by  
Noyes & Curtis, and several parties  
searched a long time to find the mine,  
but they only had their labor for their  
pains—the mine was never found. In  
every instance mentioned it is the opin-  
ion of experienced prospectors that the  
veins from which the ore came have been  
covered up by a slide from the adjacent  
hills, or by the natural decomposition of  
the veins themselves, and that the rich-  
est gold ledges in Yavapai yet remain  
undiscovered.—Arizona Democrat.

## Wedded Love

"Make the bed easy, Mr. B." said old  
Uncle Abe to the undertaker, who was  
preparing the coffin for his aged wife.  
"Make the bed soft and easy, for her old  
bones are tender and soft, and a hard  
bed will hurt them." He forgot for a  
moment—that old, gray haired man—  
that she was dead; that the old bones  
were done aching forever. Sixty-  
four years! Just think of it in this age  
of divorce. Sixty-four years had they  
dwelt under the same sorrows of life;  
together mourned over the coffin of their  
first born; together rejoiced in the  
prosperity of their sons and daughters,  
and now she has left him alone. No  
wonder he forgot. Her loving hand  
had so long cared for him, for he had  
been the feeble of the two. "Until  
death do us part," said the marriage  
service that united them so many years  
ago. Death had parted them, but the  
love still survived. Tenderly had he  
cared for her all these years, and now  
tenderly did he watch the making of the  
last bed of this still loved wife. He had  
bravely braced the storm of life with  
her by his side, but now that she was  
gone he could not live, and in a few days  
they laid him by her side.—New Orleans  
Picayune.

## A Cute Boy.

There is a probable boy in New York  
who will probably not have much  
trouble in holding his own in this  
world. Sent by his employers for some  
money at the bank; he was counting the  
money when a bystander said, "You've  
dropped a bill." Recollecting the game,  
instead of stooping down he put his foot  
on the bill and continued counting.  
When through he picked up the bill and  
was walking off, when the bystander re-  
marked, "I guess I was mistaken. I  
must have dropped the bill, myself."  
"I'll keep it to remember you by," said  
the boy as he went away.

Four Lexington, Ky., editors were the  
title of Colonel. This is not much for  
the total population of Colonels.

LOCAL NEWS AND COMMENTS.

The steamer Dakota left Utsalady for Frisco via Seattle, with a load of grain.

Our friend H. Brewster has rented D. Kellogg's farm on Stillaguamish flats.

An Indian died at the Reservation Wednesday and was buried the following day.

The steamer James Mortie, was crammed full of passengers for Utsalady the other day.

CRAB SOCIALS are all the rage, if we should judge from the multitude that were squatted around the bench the other evening.

A FEW of the feminine sex were overjoyed this morning, by finding their wash tubs and water barrels brim full.

From the bay window of our sanctum, we gazed with pleasure on our esteemed friend, giving his pet the benefit of the spring rays.

MR. W. ABBOTT, an enterprising gentleman of the Skagit gold mines, has started a ferry some five or six miles above Goodell's Landing.

REPORTS reach us to the effect that rich "diggins" have been struck on Three Fools creek, in the vicinity of Ruby creek, and that a new district has been established.

MARRIED.—At the residence of the brides parents at La Conner, W. T., March 10, 1880, by Rev. Davis, Mr. Charles A. Caldwell, of Tacoma, W. T., to Miss Sussie O. Terlice.

THE steamer J. B. Libby ran ashore near Anacortes; and the Fanny Lake grounded on the flats below this city, which was caused by the dense fog prevailing at that time.

FIRE.—The house and household effects of Mr. Robert Kennedy took fire and burned down one day last week. Mr. K., among other things, lost a valuable gold watch. His loss is considerable, which we exceedingly regret.

BOATING and clam-bake parties appear to be the order for Sunday afternoon recreation this fine weather. The first of the season, which was an exceedingly enjoyable one, took place last Sunday afternoon not a thousand miles from La Conner.

MR. WIER, editor of the Port Townsend Argus, paid our sanctum a visit yesterday. We were exceedingly happy to form the acquaintance of Mr. W., as he is a well-informed gentleman, and we hope that at some future day he will rank as one of the noted editors of the State of Washington.

In our issue of last week we were led from information which we regarded as reliable, to assert that Hon. W. H. White, of King county, was the introducer and advocator of the new Revenue Law. Our remarks were not actuated by any desire or design to impinge Mr. White, but merely to show the Democratic Press, of Port Townsend, that the bill was purely a Democratic and not a Republican measure. Mr. White in our columns this week explains the matter and places us and the public corrected, as far as he was connected with the bill, and brings to light views of the bill which will be read with interest and appreciated by the public.

The only observations of St. Patrick's Day was a United States ensign waving with the gentle zephyr from the veranda of one of the numerous hotels of this city, and badges of evergreen leaves worn by the gentlemen, whilst the telegraph office displayed the regular national color of old Erin. At 2 P. M., Mr. Kirby delivered an address at the Hotel de Kirby. His remarks were chiefly applied to the king of our little isle, which although, not as extensive as Erin in territory, still is as green, "Erin go breagh." The following is a full report as taken by our reporter:

The preliminary hearing of Mrs. Thomas Clark and her son for the shooting and killing of Michael Padden near Whatcom on the 8th inst., was heard before Justice Marston that precinct on last Tuesday, Hon. W. H. White appearing for the Territory and Hon. O. Jacobs for the accused. The learned counsels made an able presentation of the case from their respective standpoints, and Justice Marston, after taking the case under advisement until 10 o'clock the following day, ordered that Mrs. Clark and her son be committed to jail at Jefferson County to await the action of the District Court at its next regular session at La Conner.
