

Latest Appliances of Sea.

Henry Rhodes, Esq., of Victoria, has issued a circular addressed to engineers and other scientific persons...

Mr. Rhodes suggests that in all the spaces between the timbers of the vessel's frame, and between the deck beams, there should be air-tight metal cases fitted in...

Mr. Rhodes remarks that he is not an engineer or a professional man, but in view of the late disastrous wrecks both on the Pacific and Atlantic he deems it his duty to call the attention of practical thinking men...

Copies of Mr. Rhodes' circular have been sent to the various heads of Departments of the American, English and French Governments...

Mr. Rhodes also gives his views of the construction of life-rafts, simple and ready at all times to be launched...

Since the calamity of conflagration the people of Virginia City have been actively engaged in rebuilding...

The St. Louis Democracy are hopeful of having the National Convention held in that city...
