**SURPRISE PARTY.**—On Tuesday evening we had the pleasure of attending one of the most pleasant parties of the season. It was a surprise for Mrs. Dodd, the estimable landlady at the Central hotel. From among the numerous friends of that lady, something over two dozen ladies and gentlemen assembled, and made the parlor of the Central the scene of mirth and pleasure. Not forgetting to provide cakes and other eatables, a supper was set out and partaken of about eleven o'clock, and soon after all wended their way homeward prepared to remember the evening as one of real enjoyment. Parlor games, including charades, &c., occupied the attention of the party for the most part, and none enjoyed them more than did "mine host" and lady of the establishment. In speaking of the last named couple, a great deal was expressed in the wish that "their shadows might never be less."

**HO FOR QUILLYHUTE!**—We learn that the steamer Dispatch will make one or two trips to the Quillyhute river, during the months of June and July of the present year. This will be a rare opportunity for those who may contemplate taking a trip to that favored section. We will announce particulars hereafter. In the meantime, let those who desire to go there get themselves in readiness to do so.

**STILL the world moves.** On Sunday last, when the Dispatch left for Neah Bay, a part of the freight consisted of a fine new gang plow. The implement in question is intended for use on the famous Quillyhute prairies, and is the property of Mr. Mart. Pullen. We predict a rapid progress in the farming enterprises of that section within the next few years.

Rev. Jas. Agnew, of the Presbyterian Church of this place, returned a few days ago from Presbyterian meeting at Snohomish City. He informs us that there was a very general attendance of the Presbyterian ministers at the meeting, and that a pleasant time was had.

Messrs. Waterman & Katz, agents for Wells, Fargo & Co., inform us that the Express company have reduced the cost of transporting small packages by their line so that they can now compete with the postoffice department.

At the sale of land for delinquent taxes, on Tuesday last, the county bid in all except one or two parcels which were knocked down to Mr. J. A. Kuhn.

PREACHING next Sunday in the M. E. Church, by Rev. S. A. Starr, morning and evening. Subject for the evening sermon: "What makes infidels?"

CAPT. McAlmond's new schooner, built at Dungeness, was to be launched on Tuesday of this week.

Messrs. Waterman & Katz, of this place, are receiving goods almost every week, in order to supply their growing trade. They handle large quantities of produce. On Wednesday of last week the schooner Perkins arrived from the islands with a load of barley, wheat, oats, potatoes, hides and oil—all for W. & K. This week the Perkins arrived again with 40 tons of grain for them and the sloop Quickstep also arrived with 15 tons, from San Juan. Yesterday morning the schooner San Buena Ventura arrived from San Francisco, with a load of assorted merchandise for them. The Dakota, this week, took away some 3,000 bushels of oats for them, besides a lot of hides, &c. A few days ago they shipped, per North Pacific, 1,000 bushels of potatoes.

If our local agitator would sign his name to his communications, like a man, we would be spared the necessity, in order to designate him, of applying to him such terms as the community know to be accurately descriptive of the man.

We learn that on Tuesday a little son of Mr. and Mrs. H. L. Blanchard, of this city, came near drowning by falling into a cistern at their house.

Mr. Holcomb desires to announce that he will hereafter use bills of fare in the restaurant, so that people can more readily order what they want.

THE "Seattle Daily Post" has been enlarged to an eight column paper. It is ably conducted, and deserves its extensive patronage.

THERE will be divine service, as usual, next Sabbath, in the Presbyterian church, conducted by Rev. Jas. Agnew.

THERE will be Easter services in the Episcopal church next Sunday, conducted by the pastor, Rev. E. Davis.

The above institution having been erected on a permanent footing, as the United States Hospital for Marine Patients on Puget Sound, the proprietor takes pleasure in announcing that no pains or expense will be spared in ministering to the comfort and convenience of private patients.

This is the largest General Hospital north of San Francisco, and by far the most complete in equipment. It has been thoroughly refitted and refurnished. Its general wards have accommodations for about one hundred patients and are peculiarly adapted for cases requiring the most careful treatment and constant supervision at increased expense. Those who desire them will be furnished with private rooms, entirely separate and distinct, at a slight additional cost.

The attention of Mill owners, and those interested in shipping, is called to the fact that seamen suffering from certain diseases will be treated outside the Hospital without expense to the vessel.

**TALKS ON TEMPERANCE.**

"Wee unto him that giveth his neighbor drink."

**PUBLIC MEETINGS.**

An earnest Temperance worker writes me as follows: "Our lodge is striving hard to build up the Order through public meetings. Have held some, which have resulted each time in a marked improvement in the feelings of the community, as well as, in most instances, an increase in numbers."

Such is legitimate lodge work. The lodge itself is simply a training school of Temperance, and stands in much the same relation to straight Temperance work that the drill-room does to the effective work of an army. Many lodges are slow to learn this, and often wonder how it is that an institution of such interest in its commencement should have so lost its hold on the community. And yet I opine, if there was nothing more to an army than its drill-room parade, the drill-room would gather around it very little of interest.

Every community has its own common-sense jury room. And that association which does not make good its pretenses, is sooner or later condemned to neglect and forgetfulness. We promise much, no more than we are able to perform, but far more than we can ever accomplish inside the lodge room.

It is a mistaken idea that in order to make a public meeting effective we must have a foreign speaker. The effectiveness of the meeting depends not so much on the speaker, as it does on its management, and the practical nature of the subject discussed. And there is not a lodge in the State but that has talent sufficient in its own membership, if rightly directed, to hold a series of public meetings, which shall both add to its own strength, and greatly quicken the temperance sentiment of the town in which it is located. More than this, at least half our lodges are to-day suffering from the want of just this kind of exercise.

This country, perhaps more than any other, is a land of public meetings, and those meetings mould and formulate that public opinion, which we seek to control, which we must have before abstinence and prohibition are the accepted creed and the acknowledged law of our people.—G. W. Sect., Hooker, of New York, in the "Good Templar Gem."

A bill to prevent treating has been introduced in the legislature at Springfield, Ill. It is proposed to attach a penalty of from \$5 to \$15 to the pernicious practice of "setting up the drinks all around," the proceeds of the fines to go to the school fund; while candidates for office may be fined \$50 or imprisoned twenty days for offering to treat their constituents.

As an indication of the exportation of cattle and fresh meat from the United States, official figures state that 30,925 live hives, 19,724 sheep, and 1,562 hogs, and 72,409 carcasses of beef, 55,034 of mutton, and 9,908 of hogs were shipped to England last year from the port of New York alone.

Of 127 Democratic members of Congress interviewed regarding the presidential nominee of 1880, the majority were for Thurman, and only 57 for Tilden.

PENNSYLVANIA.—Fifty lodges have been organized in Pennsylvania since June 1, 1878

NEW YORK.—Nearly fifty lodges instituted in the State of New York since the Grand Lodge session, August, last.

Do the books of your lodge show how much money is annually expended in your town for intoxicating drink? If not, appoint a committee, and let them look the matter up. It is a question in which you are directly interested.

INDIAN TERRITORY.—Our soldier brethren stationed among the Five Nations are doing excellent work. They have organized two Indian and one colored lodge. Such a sufficient number of lodges are organized, they contemplate the organization of a Grand Lodge for Indian Territory.

TENNESSEE.—Past R. W. G. T. Colonel Hickman, has been doing splendid work in Tennessee. From October 17 to December 10 he had instituted 31 lodges, with a charter membership of 1,744. During the same time he had initiated into old lodges visited 157, making a total of 1,901 members added to the Order since the session of the Grand Lodge.

WOMAN'S WORK.—Sister Ada Van Pelt, G. W. C. T. of the Grand Lodge of Nebraska is one of the most indefatigable workers to be found in our Order. Almost continually in the field, in all seasons, and in all weathers, she is always seeking to do good work in the temperance cause, and add to the numerical strength of the Order in the State of Nebraska. Many new lodges have been instituted by her during the past year, and old ones visited and strengthened by her cheering words. We give the following examples as an evidence of what a woman can do who has the will and the way. During the month of December Sister Van Pelt instituted a number of lodges, notable among which were Bloomington Lodge at Bloomington, with one hundred and four charter members; Red Cloud Lodge at Red Cloud, with fifty charter members; and Edgar Lodge, No. 26, at Edgar, Clay county, with nearly seventy charter members. All honor to Sister Ada Van Pelt.

H BALDWIN of Monroe City, Ind., writes under date of Dec. 31, 1877, that his wife used Dr. Pierce's Favorite Prescription with wonderful results. It effected her entire cure, after several physicians had failed. The many similar letters positively affirming that the Favorite Prescription had cured the diseases and weaknesses peculiar to women, induced Dr. Pierce to sell it under a guarantee. Ladies need no longer submit to useless and painful local treatment, as the Favorite Prescription is a safe, sure, and speedy cure. Hundreds who had been bed-ridden for years have been restored to perfect health by its use.

**A SUDDEN DEATH.**

There is something terrible in the thought of having our friends stricken down at our side, without a parting word of endearment or consolation—one moment at our side in the flush of vigorous life, cherishing our hearts with their loving sympathy; the next at our feet, pale with death, dead to our cries and heedless of our tears. Every excessively fat person is in instant danger of such a death. Seventy per cent of the victims of obesity die of heart disease or apoplexy. Allan's Anti-Fat, the only remedy for obesity, reduces the weight by regulating the digestion and assimilation of the food. It is perfectly harmless, and its use will insure, in every instance, a reduction of weight from two to five pounds a week.

A FARM IN WHATCOM COUNTY and one in Jefferson County. The undersigned offers for sale, at a reasonable price, 100 ACRES OF LAND, situated on Birch Bay, near Semiahmoo, W. T. About 20 acres under cultivation; good log house, barn, stable and other buildings. A large portion of the land consists of rich alluvial bottom soil and is lightly timbered, well watered, near to market, &c., &c. Also 120 ACRES OF LAND SITUATED 3 miles from Port Townsend, in Jefferson County, of which between thirty and forty acres are in cultivation. The soil is of the richest kind, and a good farm can be made of it. This farm, as the other, has all necessary buildings including a lumber house upon it. It has a fine young orchard, and other improvements. Terms, Cash. Apply to CHAS. RECHMAN, or at the ARGUS office, Port Townsend.

THEOLOGICAL students reason that life there is counterfeit money, there must be genuine; so, if there be hinfels, there must also be Christians. If this be true of money and religion will not the same rule apply to "put up" medicines? Do not the cheap and worthless nostrums prove that there are genuine and meritorious "put up" medicines? The great popularity of Dr. Pierce's Golden Medical Discovery has resulted in the manufacture of many "shoddy" alterative and tonic remedies, but one after another, these have disappeared, the proprietors having found that, no matter how "good" they advertise, success depends upon merit. In South America, as well as in this country, the Discovery is the standard remedy for all scrofulous and eruptive diseases. It acts promptly on the stomach, liver, and blood, toning up, regulating, and purifying the system. It speedily allays all bronchial irritation, and cures the most stubborn cough or cold in half the time required by any other remedy.

**OUR WASHINGTON LETTER.**

WASHINGTON, D. C., Feb. 21, 1879.

To those who come daily in contact with the revolutionary faction of the Democratic leaders and with the men who shape the party programme in contemptuous defiance of the moderate counsels of such well-meaning men as Bayard, the assurances of the latter that they will oppose extreme partizan legislation at this session of Congress go for very little, because it is patent to all who will take trouble to review the history of the political achievements since the restoration of Bourbonism in 1875 that the course of the Ship of State has been steadily tending towards its ante-war moorings under the partial control exercised over its movements by the House, despite the efforts of that element of Democracy that has learned something by the events of the last two decades. In every instance those last mentioned have ultimately succumbed to the faction that shaped the Government policy for the 30 years prior to 1861. There is no reasonable ground to hope they will hereafter be more potential in preventing a return to the old spirit that dictated that policy; so that, crediting them with all they claim in the way of "good intentions," practically they might as well be blotted out of existence. If American citizens generally, who rejoice that the Government escaped the destruction plotted by the secession leaders, appreciate the purposes that led to this "needless session" of Congress as fully as those do who have heard them verbally discussed every day for the last four years and have noted the manner of their authors at short range, the distrust and apprehension now so generally prevalent would long ago have culminated in the permanent retirement from all controlling participation in public of every man daring to announce that his sympathies were with the fermenters of rebellion, save, perhaps, if the states of the ill-starred Confederacy. There is no pretense even that all needful legislation might not have been enacted prior to the 4th inst. and all our material interests have been saved the brood of nameless evils that a Congress in session menaces them with. To secure the partisan advantages to Democracy that would flow from the throwing down of every bar against, the hordes of illegal voters which that party is always able to organize to do its bidding and to remove whatever of restraint the election laws impose on the bull-dozers and mobocracy, our reviving business interests were subjected to the depressing influences of an extra session. The millions concerned must continue to starve, and freeze, and go naked that a little handful of professional politicians may perpetuate their hold on the spoils and make life-positions for them and their strikers. It seems generally believed that the President will approve of the repeal of the laws imposing the test oath on jurors and that permitting the troops at the polls, but that he will promptly veto any attempt to nullify the election laws. I may say, however, that there have been intimations heard to the effect that the President will be found lacking in the vertebral firmness to breast the tide of Democratic domination in the matter last named. According to these, Mr. Hayes has already shown a disposition to temporize and try the effect of "conciliation" on certain Democratic Congressmen, who have been tempted to aid him to avert a direct conflict by the promise of the patronage of several important Territorial offices. However, there seems no better foundation for these than for the thousand and one other rumors started to make a sensation. Putting party wholly aside, the composition of the more important Senate

Committees are calculated to excite anything but respect. There has not been even ordinary common-sense exhibited in using the mostly poor material in many instances. As with Randall's committees, men have been selected as chairman who, from the nature of the industries and interests of their sections, can have only the slightest concern in, and knowledge of, the particular matters of which their own respective committees, are made the special custodians. The chairmen of other committees seem to have been selected to make them as offensive as possible to those whose interests are mostly involved.

The Cameron Oliver breach of promise suit divides public interest with Congress and it promises to open an exceptionally filthy cess-pool.

**THE BASIS OF GOOD CREDIT.**

A good character is the corner stone of the foundation upon which credit rears itself. It deals with the moral, intellectual and financial ability of every man. To be deficient in any one of these qualities, which go to make up a perfect man of business is to weaken in a certain degree one's credit. Every act of a man's life needs to be guarded in order that failings in one direction do not render void excellencies in another. One wrong act in nature life has closed the career of thousands of men many of whom have made their names famous in the world's history. A man may be personally unpopular, yet possessed of a credit so high that his record is held up as a pattern for men to follow. Those things are generally most valuable that develop slowly, and nothing more so than good credit. The essentials are not difficult to acquire. They are within easy reach of every man, and include such homely and common traits as:

- Common honesty.
- Truthfulness.
- Temperance in all things.
- A right use of one's income.
- A due regard for our neighbor.

There follows a whole train of minor qualities that combine to exert a powerful influence in determining the credit and position of the man. Energy, promptness, civility, activity, attention to details, correct methods, celerity of action, having something to do, and doing it with a will; all combined build up and strengthen a good credit. It is not essential to success that a person act the part of a hypocrite, or indulge in falsehood in social or business life.

Show is an enemy to good credit except where it is supported by an ample income. Credit is extremely sensitive and takes alarm at the very appearance of evil. If there is a lack of proper attention to business; a putting off until to-morrow what should be accomplished to-day; a habit acquired of making excuses; engaging in business operations outside of one's legitimate pursuit; associating with dangerous men either in social or business life, credit becomes at once suspicious.

Temptations beset every man's pathway, and none leads more people astray than the desire to grow rich in haste. Thousands every year are drawn into and destroyed by the whirlpool of speculation. The prudent man never risks more capital than he can lose without becoming crippled. The men who have become famous as defaulters appreciate the demands of credit, and skillfully conceal their wrong course by a hypocritical style of living that deceives their associates. Oftentimes the world is dazzled by the success reached by the unscrupulous in acquiring fortune, but if we watch the career of such it will be noticed that they either close disastrously or

lose their standing in the community. Every action, every word of a business man should be guarded. There is no excuse for carelessness regarding matters of every day life. They all exert an influence upon the character and credit. Not only is it a duty we owe ourselves, but society demands that we should regard the claims of our neighbor.

The scarcity of Diamonds, Gold and Silver, and the difficulties met with in securing them, is a sure indication of their value.

Thus it is with a valuable medicine: Dr. Aug. Kaiser's celebrated German Pulmonic Elixir, through the jealousy of rivals, has met with the most bitter opposition, and apparently almost insurmountable obstacles have been thrown in its way; but its opponents might as well try to change the course of the Sun, sweep back the Ocean with a broom or put out a prairie fire with a tear.

For the cure of Throat and Lung diseases, such as Coughs, Colds, Consumption and Bronchial Affections, it is unequalled. Its cures are truly magical. Ask your Druggist for it. The genuine bears the Prussian Coat of Arms, the fac simile signature of Dr. Aug. Kaiser, and has his name blown in every 75 cent bottle. Trial bottle, 25 cents.

**OLD, TRIED, AND TRUE.**

People are getting acquainted—and those who are not ought to be—with the wonderful merits of that great American Remedy, the

**MEXICAN Mustang Liniment,**  
FOR MAN AND BEAST.

This liniment very naturally originated in America, where Nature provides in her laboratory such surprising antidotes for the maladies of her children. Its fame has been spreading for 30 years, until now it enters the household globe.

The Mexican Mustang Liniment is a matchless remedy for all external ailments of man and beast. To stock owners and farmers it is invaluable. A single bottle often saves a human life or restores the usefulness of an excellent horse, cow, or sheep.

It cures foot-rot, hoof-fall, hollow-horn, grub, scab-worm, shoulder-rot, mange, the bites and stings of poisonous reptiles and insects, and every such drawback to stock breeding and bush life.

It cures every external trouble of horses, such as lameness, scratches, swelling, sprains, founder, wind-cold, ring-bone, etc., etc.

The Mexican Mustang Liniment is the quickest cure in the world for accidents occurring in the family, in the absence of a physician, such as burns, scalds, sprains, cuts, etc., and for rheumatism, and stiffness engendered by exposure. Particularly valuable to

It is the cheapest remedy in the world, for it penetrates the muscles to the bone, and a single application is generally sufficient to cure. Mexican Mustang Liniment is put up in three sizes of bottles, the larger ones being proportionately much the cheapest. Sold everywhere.

**HOW'S YOUR LIVER?**

If the skin be yellow and muddy, the bowels constipated; if you have ringing in your ears, dull pains in the side, sick headache, sour stomach, hot or dry skin, spots before the eyes, bad taste in the mouth, cold feet and hands, sleeplessness, giddiness, loss of appetite, bad circulation of the blood, swollen limbs, &c., you may safely conclude your liver is out of order. The liver is more apt to become diseased than any other organ of the body, as its duty is to filter the poisons from the blood. When it becomes weak, obstructed and diseased it must fall to do its duty, and the whole body suffers. Try White's Prairie Flower, the greatest known liver purifier in the world. Sample bottle 25 cents, large size 75 cents. For sale everywhere.

**THE NORTHERN PACIFIC RAILROAD.**

This huge phantom that has occupied the dreams of politicians and formed itself into a mirage for the edification of emigrants during the past ten years seems about to be transformed into a reality at last. At least, there is a wild hope that the transformation process may COM-MENCE pretty soon. This hope has for a foundation the fact that material has been shipped for the construction of twenty-five miles of their road.

It has been said that several railroad companies, including the Northern Pacific and Texas Pacific, had formed a combination for the purpose of "log rolling" their measures through Congress. But this is denied on the grounds that their interests are so dissimilar as to make it practically out of the question to unite them in an effort for mutual profit. Whether it be the fact or not, certainly the outlook, as far as the Northern Pacific is concerned, is certainly far more favorable than it has been for years.

The people of this Territory have been badgered and disappointed by this dilly-dallying concern long enough. They are getting waked up to the fact that the commercial necessities of the times will FORCE a road soon, whether it is built by President Wright's corporation or a rival one. We are pretty sure that our citizens will not be compelled to struggle with hope deferred much longer.

WE feel extremely sorry for the Olympia "Transcript" man. Our letter to him was not a "begging off" one, but to see if he had in his heart one spark of manhood that would respond to a demand for JUSTICE. It seems we were mistaken in our surmise, and that he is even less gentlemanly than we had supposed. Why don't you publish our letter, Gunn? Who is the individual that "started for Port Townsend a few days ago, expecting to take charge of the ARGUS?" This is the first intimation we have had that anything of the kind would take place. Tell us who he is, pray, and all about it. Did Bro. Gunn really have any foundation for such a statement, or was he merely trying to lie out of his former assertion upon which we cornered him? Out with it, "Transcript," or you may be branded again. Before we "went for" Gunn on account of his meanness, the "Transcript" pronounced the ARGUS "the leading Republican paper in Washington Territory;" now it denounces us in its most virulent style. There seems to be no use whatever in trying to hold it accountable for its rash assertions, and we are forced to regard it very much as a decent man would a drunken bummer. Talk sense, Gunn, and be a man, and then you'll be respected.

THE amendment offered by Gen. Shields, in the Senate, to pension Mexican War veterans, was defeated by a vote of ayes, 20; nays, 29. The Senate by a vote of 23 to 22 refused to pension Jeff Davis as a Mexican veteran. The debate on the motion to exclude Jeff Davis, was very bitter. It has been suggested that had the pension bill for the benefit of Jeff Davis, as a Mexican veteran, passed, there would have been one introduced to reward him for services during the Rebellion.

THE army appropriation bill has passed the House.

**GRANT IS NEEDED.**

W. W. Union.

We do not believe there is another man living, the mention of whose name in the presence of an English speaking audience, will awaken the same enthusiastic response as does that of U. S. Grant. His successes at the head of the American army are in every land, and in nearly every language. His modest demeanor, his plain, straightforward ways, the pith and aptness of his public utterances, the firmness with which he maintains opinions, only reached after careful study, his tenacity of purpose, his evident aim and desire to uphold the freedom of the American citizen wherever located, have made his name the synonym of peace and strength. In troublesome times all naturally look to the man of approved strength, courage and knowledge to lead the way to safety and quiet. Is there a Republican in the land who would doubt for one moment what would be Grant's course if he was President to day? Is there a Democrat in Congress that would dare to dream of coercing Grant to sign a bill he did not approve by threatening to stop the government by failure to pass the regular appropriation bills? The latest advices from Washington are to the effect that threats of this character and the utterances of Hayes are making the Republicans in Congress fearful that Hayes has not the backbone to resist the attempt of the Democrats to make fraudulent elections possible. The "solid South" has the Northern Democracy by the throat and is striving by all the wit and strength it can master to get the nation in its deadly embrace. It is the "Solid South," the cringing, fawning cringing action of the Northern Democrats, the lack of backbone in Hayes that makes so many Republicans wish, and so many Democrats fear the nomination of Grant in 1880. He is wanted.

Discussing the record of the retiring party, the Brooklyn "Union" is of the opinion that, whatever attempts have been made to injure the national credit and honor, or to weaken or thwart the measures of a unified reconstruction, have been the work of Democrats, either in the foiled but active efforts of a minority, or in the more successful undertakings of the majority they have had for these four years in the House. The "tidal wave" that gave them control of the House of Representatives in 1875, wrecked the foundations of public credit, and threatened the barriers that had been reared for the protection of the rights of all the people.

AMONG the bills which failed to pass the 45th Congress was one introduced by Judge Jacobs for the purpose of giving Congressional sanction to the sales of school lands made in various counties of Washington Territory by virtue of an act of the Legislature, which was afterwards declared to be illegal. As the bill was a meritorious one, which affected the interests of many of his constituents, we trust that Mr. Brents will see that it is revived and passed by the 46th Congress.—Ex

THE Walla Walla "Union" clears up the "war cloud" which occasioned the arrest of Chief Moses, by explaining that Agent Wilbur had given him thirty days' leave of absence, and that the people became alarmed, thinking he had proved treacherous and would incite an outbreak. It thinks he has kept his faith better than some of the whites.

THE "Portland Daily Standard" has been enlarged to an eight-column paper. It is one of the newest papers on the coast.

MAJ. E. W. Blake, recently of San Juan, goes to New Tacoma, where he will remain.

**THE PACIFIC MAIL STEAMSHIP CO.**  
A DESERVING CORPORATION.

PRESENTATION OF A WATCH TO CAPT. H. G. MORSE.

Perhaps no corporation has grown more steadily in public favor than has the Pacific Mail Steamship Co., during the four years that its boats have been running between San Francisco and Puget Sound. The traveling public have been accommodated with steamboat facilities in advance of the actual demands of the trade. The Dakota, Alaska, City of Chester, Panama and others are all of the very best class, and the increase in their trade is due to a very proper appreciation on the part of the public generally.

Captain H. G. Morse, who has command of the Dakota ever since her first trip to the Sound, has so endeared himself to a large circle of friends at this place and Seattle that it was determined to present him with a watch as a token of their esteem and regard. The 7th inst. and Seattle were chosen as the proper time and place to make the presentation. The watch is a very handsome one, and cost \$400 in gold. The Seattle "Post" has such a complete and apt article upon the subject that we cannot forbear making the following quotations:

"Last evening being the time fixed for the presentation of this handsome and valuable present a few of the personal friends of the Captain met at his room aboard the Dakota, when Judge Lewis, in a very neat and appropriate speech, placed in his hands the SUBSTANTIAL TOKEN OF PERSONAL REGARD.

The Captain replied with great feeling, saying that he had always tried to do his duty both to the public and to the company which employed him; that before being placed on this route he had made numerous deep sea voyages; that his first experience here was stormy—when it didn't rain, the winds blew, and when neither of these, fog filled the air; that he had learned to like the coastwise route because of the many warm friendships formed. He said that the popularity of the Dakota was not alone due to his efforts; that Captain H. L. Tibbals, since his appointment as agent for the Pacific Mail Company, had, by his strict attention to business and his careful watch over the interests of shippers, very materially contributed to the popularity of this steamship; and that to the thorough capacity of Capt. Wm. Waite he was also indebted. The Captain said he should ever keep the splendid gift and remember with gratitude the generous donors. That in the future as in the past he should try to reciprocate so far as possible the UNEXPECTED KINDNESS THUS SHOWN HIM.

Engraved within the case of the present, which is really a very fine watch, are engraved these words: Presented to Capt. H. G. Morse, of the Steamship Dakota, by his friends of Port Townsend and Seattle, as a slight recognition of his many noble qualities. (Signed) Many Friends, March, 1879. The following gentlemen contributed to the purchase of the present:

Seattle—James McNaught, H. L. Yesler, Beckingham, B. Gatzert, W. H. White, W. A. Jennings, Geo. D. Hill, J. Coleman, J. Leary, J. C. Nixon, S. Baxter, Geo. Foster, Ebey & Co., Wm. Boyd, Capt. Wm. Waite, Geo. W. Harris, Jack Levy. Port Townsend—H. L. Tibbals, Sr., H. L. Tibbals, Jr., Capt. F. I. Burns, Dr. T. T. Minor, Col. L. H. Brigg, H. A. Webster, B. S. Miller, Wm. Dodd, David Allen, C. M. Gerrish.

Capt. Morse has commanded nine of the company's vessels. He first went six months as second officer, two years as first, and since that time has been in command, having been steadily in the employ of the company for ten years, lacking but seven days.

TWENTY-SEVEN YEARS His life has been spent in command of vessels. The regularity of time made by the Dakota is remarkable. Out of a total of 58 voyages to Seattle, there has been a difference of only 6 hours in 27 of them. On her last two voyages the Dakota only made a difference of eight minutes actual running time between San Francisco and Esquimalt."

It is but just to say that Capt. Morse's estimation of Mr. Tibbals represents the sentiments of about all the business men on Puget Sound. We hope the Company will continue to grow in popular favor, as it deserves.

Special Announcement.

A PRIVATE SCHOOL and  
**TRAINING CLASS**

Will be opened in two departments on  
**Monday, April 14th, 1879.**

To continue twelve weeks. Pupils of all grades will be admitted and classes will be formed in whatever branches desired.

**THE TEACHERS'**  
**Training Class**

Will be a special feature of this school and will be conducted by Mr. A. R. Huffman, a graduate and formerly a teacher of the North-Western Ohio Normal School. Those who expect to teach, and who have never had the advantages of a Normal Training will find this an excellent opportunity of becoming familiar with the intricate work of teaching. Students will have ample opportunity for doing the actual work of the school room under the eye of a competent critic. Attention will be given to the

- Organization of Schools, Programmes.
- Assignment of Lessons.
- Principles of School.
- Government, etc.

**SUPERIOR ADVANTAGES:**

1. Our teachers are NORMALLY TRAINED
2. Students will have the advantage of SEEING and DOING the actual work of the school room in all grades and kinds of schools—an advantage offered by no other institution in the Territory.
3. The work of STUDENTS in TRAINING will be overseen and kindly criticised by competent teachers.
4. Object Teaching, the basis of all instruction in common schools will receive special attention.
5. PRACTICAL TALKS ON PRACTICAL SUBJECTS will be given daily.
6. While pursuing the various studies the students will be led to determine the natural and logical methods of teaching them.
7. Students will do the reciting instead of looking indifferently on while the teacher does it.
8. Our books are the uniform series of the Territory.
9. Students will be supplied with the latest standard Educational Literature, free of charge.
10. Social and moral virtues will be inculcated daily, but no form of religious sectarianism.
11. Our climate is the most beautiful to be found.
12. Our scenery is unsurpassed in beauty.
13. By our telegraph and daily mail we are in constant communication with the world.
14. We have the best and largest cabinet of natural specimens in the Territory.
15. This will be the only truly NORMAL SCHOOL worth of California.

LOCAL NEWS.

OUR post-office building is being completed.

REV. S. A. STARR preached in Dungeness last Sunday.

It is said there is a wedding in prospect among our young folks.

OUR sportsmen are pleased to know that black bass are running.

HON. R. C. HILL, of Island County, was in town a few days ago.

NEXT Monday is the day set for the opening of our Normal School.

OUR city council held a meeting last Monday, and also one yesterday.

Mr. M. Gleason is back in his former position in the Customs employ.

WE hear it reported that the Olympia Oyster Company has suspended operations.

PUT away your uster, umbrella and overshoes. Spring poetry is becoming obsolete.

SEVERAL days during the past week have been so pleasant that picnic parties were gotten up.

Now is the time when thoughtful merchants are completing their stocks of spring goods.

MR. D. C. H. ROTHSCHILD left for San Francisco this week. He will be absent for a short time only.

A HEAVY wind-storm in the Straits last Thursday caused the L-shel to return to this port and lie over night at the dock.

MR. A. E. FIELDS, recently of the "Enterprise" meat market, of this place, has secured a position on the steamer Dispatch.

DR. HILL is offering for sale a lot of improved fowling pieces. Each one has a whistle attachment to decoy innocent game with.

LIVELY opposition in the teaming business now days. We understand that the rates of carriage hire have been materially reduced.

THE young musicians of Port Townsend are cultivating their talents profitably—at least so we should judge from the improvement in their playing.

THE price of potatoes has fallen in San Francisco, very much, lately. We understand that a part of those shipped below from the Sound were brought back.

ONCE more the green grocer's wagon traverses our streets, and the yearning housewives, who have been patiently waiting for "garden truck," are in their glory.

MR. HOLCOMB desires us to announce that he will take a few regular boarders, furnishing meals to order. Board by the day or week and satisfaction guaranteed.

THE schooner Mist, of Dungeness, probably sold by this time, to Mr. Baxter, of Seattle. If she changes hands she will be put into the sealing business, off Cape Flattery.

ON account of the minstrel troupe having an appointment here on the 17th inst., the Good Templars have concluded to postpone their open temperance meeting until Tuesday, the 22d.

THE members of "Rescue Engine Co." have received their certificates of membership, printed at the ARGUS Job Office. The work is pronounced to be "first-class and creditable to the office."

A FEW days ago we chanced to stroll around through the dining room of the Cosmopolitan hotel. That place of refuge for a hungry public was found to be in apple-pie order. Mr. Melhush has full charge there now, and keeps everything slick and shining. Good meals are served.

WE omitted last week to mention the fact that our enterprising townsmen, Mr. H. L. Tibbals, has recently purchased and brought to town two new carriages. The vehicles in question are both handsome, expensive and durable. They are for use in the express trade of this place. Mr. Tibbals shows himself to be the man for the public, by his strict attention to the wants and comfort of his patrons.

THE "Occidental" (neo "Dalgarno's") hotel is closed just at present, presumably for want of patronage. Mr. McDonnell, its late proprietor, has accepted a position at the "Cosmopolitan." The family of Capt. Dalgarno moved back again a few days ago into their old quarters. The hotel was one of Port Townsend's oldest institutions, and we are sorry to see it suspended operation.

THE Dakota, H. G. Morse, master, from San Francisco, March 31st, at 12:30 P. M., arrived to-day. Had variable winds with westerly swell. Made the run to Victoria in 66 1/2 hours. She brings 32 tons freight for Port Townsend; 92 Seattle; 12 1/2 Tacoma; 66 for Olympia; and the following passengers for the Sound: W. Craswell, H. Trubholm, W. B. Boyd and wife, E. W. Ray, Capt. F. J. Burns, J. J. Dolney, C. G. Seehaway, Mrs. Arper, and 18 steerage. Consignees: A. A. Quartermaster, C. C. Bartlett, C. Eisenbels, Collector of Customs, F. W. James, Geo. Barthrop, H. Landes, J. Jones, J. T. Norris, J. W. Blakeley, J. A. Martin, J. P. Peterson, J. G. Sternling, J. Fitzpatrick, J. J. Hunt, Dr. J. M. Ross, N. D. Hill, O. F. Gerish, Puget Mill Co., Russian Church, T. Flynn, Wells, Fargo & Co., W. M. Co.

NEW INSPECTOR.—We are gratified to announce that our old friend, Mr. John M. Izett, of Oak Harbor, has been appointed again as Inspector of Customs in the Puget Sound District. It will be remembered that Mr. Izett served efficiently in this capacity several years ago, but that he resigned and betook himself to the quiet pursuit of farming. The demand for good men in official position has again called him from the seclusion of private life, and he will at once enter upon the duties of his official position. He will go to San Juan, we understand, and cruise among the islands. Mr. Izett is a worthy gentleman, and highly respected by all who know him.

THE "Unitarian Advocate" very properly takes us to task for saying that Dr. Clarke's lectures are generally commended by the clergymen of the country. Our statement, to which Bro. Utter refers, was made upon the authority of a most elaborate showing made by Dr. Clarke himself, and verified by numerous newspaper commendations. Perhaps we are too credulous; at least we own to having made an assertion a little too broad in this instance. But the fact of the matter is that Dr. Clarke teaches a great deal that is salutary and commendable; and this perhaps explains why the objectionable part of his philosophy is inhaled when his lectures are commended as a whole.

THE MINSTRELS.—Mr. H. J. Clapham, business manager for Barlow, Wilson, Primrose and West's celebrated minstrels, informs us that they purpose playing in Port Townsend on Thursday evening, the 17th inst. This troupe is very large, and is spoken of in the highest terms of praise by the Portland and other papers, and above all has the reputation of being entirely chaste in all respects. Good critics pronounce them equal to the best artists in the world, so we anticipate a crowded house. Their performance will be in the good Templar Hall.

ANY one wishing to purchase a first-class piano or organ at a greatly reduced price, would do well just now to consult Mr. Miller. That gentleman has some superb instruments on hand to be disposed of very reasonably, for cash. The jewelry store kept by him has, we understand, been sent out to Mr. Bartlett. Mr. Miller will shortly engage in another business, so he informs us. We wish him success.

NEW BAND.—The "Port Townsend Amateur Band" was organized a week ago last Monday, with Mr. Harry Tibbals as leader. It includes about all of the young men in town, and promises a flattering result. The boys have been practicing industriously for some time, and will make their DEBUT at an early day.

MR. Geo. Kelly, formerly chief engineer on the steamer Mastick, is removing with his family to Seattle, this week. Mr. Kelly has purchased a residence in Belltown, and is preparing to occupy it.

AS we indicated recently, the firemen of this place will give a picnic and a ball on the 1st of May.

SCHOOL is out, and our young folks are having a fourth of July every day.

CAPT. Morse, of the Dakota, is no doubt pleased with his new watch.

WORK on Union wharf will commence soon.

**PUGET SOUND ARGUS.**

**Local and News Items.**

REPORT reaches here that Col. Larabee was recently married at the East to Miss Lillian Turner.—Ex.

THE suit against Simon Cameron by Mrs. Oliver has just been decided by the jury in his favor.

PROMINENT members of Congress give it as their opinion that the present session may continue all summer.

THE U. S. steamer Plymouth has returned to Boston from a the vicinity of Bermuda with yellow fever on board.

By a change in the signal service arrangements, Mr. Kubel, of the Olympian, will go to W. Mennuca, Nevada.

FRIEND J. M. Murphy, editor of the Olympia "Standard," has been re-elected President of the Blue Ribbon League, of that city.

By excessively high tides, some of the dikes on the Swinomish flats were broken last month, and a portion of the best agricultural land of that vicinity was flooded with salt water.

A new oyster bed has been discovered near Victoria. The "Colorist" mentions the fact and says the oysters are much larger than on the Sound and of a finer flavor.

SENSE PROPOS up to the 4th inst., to the four per cent. bonds amount to \$59,502,700. The Secretary of the Treasury issued a call for the balance of the 5-20's of 1877 on the 4th and on the 5th a call was issued for all the 5-20's of 1878. This will close the series of 5-20 bonds.

F. H. COOK, Esq., is an indefatigable founder of newspapers. His latest venture will appear in the Spokane region, in a few weeks. The material has been purchased and will be shipped up the river next week. The proprietor went East of the mountains last week.—Courier.

THE March number of the "West Shore" comes to hand most full of attractive illustrations and instructive reading matter. This periodical, under the efficient management of Mr. L. Stumel, is rapidly coming into favor among the best people throughout the entire north-western coast.

THE Walla Walla "Union" says that "There is no country on the face of the earth where a farmer can raise more grain to the acre, and get less for it, than in Eastern Washington and Oregon." The "Intelligencer" suggests a remedy for this that "the people of those sections unite, and with the aid of the people of Western Washington, push the Seattle and Walla Walla Railroad across the mountains."

MORE SPEDS FOR THE HAWAIIANS.—Mr. T. G. Wilson, who recently shipped 100 barrels of potatoes to Honolulu, per barkentine Jenny Pitts, will ship ten tons more to the same place by the Camden. Our dealers who have invested in potatoes to any extent this season will lose heavily. Among others, Mr. T. G. Wilson has 300 tons stored in San Francisco, unsold, and for which he can find no market. Six weeks ago, potatoes were worth 75 cents per bushel delivered here and now they are a drug in the market at from 30 to 40 cents.—Intelligencer.

THE late severe winter killed a great deal of stock east of the Mountains in Oregon and Washington, but the following from the "Inland Empire" indicates that there are still many immense herds remaining. It says: "Lang and Ryan, the great contractors, are now preparing for their third annual tour across the continent with a drove of 11,000 head of cattle purchased in this county alone. Since last November they have spent some \$118,000 in this county for horned cattle, horses and saddles. They have bought thirty-eight saddle horses from one factory in this town, besides scores of articles for a camp outfit. The saddles sell in Illinois or Missouri for as much as the original price of them here. They are now dividing out their cattle into bands at Rockville, near the John Day bridge, where they have nearly sixty men hard at work; and by the time these are joined by those in charge of the cattle purchased by them about Walla Walla and Dayton, they will have more than one hundred men and 18,000 cattle. The youngest stock will be started on ahead, while the older cattle will be kept back as long as possible to avoid severe weather. These cattle will not reach Kelton on the Union Pacific Railroad till late in October, when they will be rolling fat. The average drive is less than nine miles per day, hence the beef does not shrink on the long drive. This was what broke up the Kentucky "corner" in beef and set talks to journeying toward Oregon.

BEFORE Congress adjourned an additional appropriation of \$12,000 was made for a light house and fog-signal at Point Wilson, near Port Townsend. This makes \$20,000 that can now be devoted to that purpose. A fifth class light will be put up, and it is expected that work will soon be begun. Arrangements have also been about perfected to secure the title to the necessary land at Point-no-Point, about half way from Port Townsend to Port Madison, and as soon as this is done a light house will also be put up there. The growing commerce of the Sound will find these of great advantage, and they should have been built years ago.

HON. T. J. DRYER died in Portland, March 30, 1879, aged 71 years, 2 months and 20 days. In early years his name was a household word all over Oregon. He founded the "Oregonian," Dec. 4, 1850, and by his vigorous pen made his influence felt although he was long in the minority. Soon after President Lincoln was inaugurated he was appointed minister to the Sandwich Islands. He has been out of position and very poor for many years. Broken down physically and almost mentally he was but another of the thousands of the best minds of the day wrecked by the use of strong drink.

**AMERICAN GOODS IN ENGLAND.**

The Englishman is truly alarmed at the progress in European markets made by goods of American manufacturers. A writer in the London "Standard" declares that he has in his travels found that American calicoes and cotton had superseded the same style of English goods on the Continent. At home he finds his ironmonger selling American spades, saws, chisels, hammers and axes, and other dealers with stocks of American locks, bolts, stoves and lamps. American leather is sent to England to be made up into shoes. English carriages are built out of materials which have crossed the Atlantic. Slates are now quarried in the United States to roof English homes. "My grocer, my butter man, and probably my butcher," says this writer, "deal largely in American goods of all kinds;" even the cigarettes which he smokes are made in Richmond, Va., and the pen with which he writes not from Birmingham, but from an American manufactory.

**BATTISTE'S HAIR INVIGORATOR.**

M. Battiste Delaitang, Tonsorial artist of Port Townsend, Washington Territory, begs to inform his numerous patrons and the public generally, that he has prepared from the original receipt of Professor Montalbert, the celebrated chemist of Paris, and from chemical extracts of rare medicinal plants found only on the North-west coast of America, a most elegant addition to the usual toilette articles in the shape of an invigorator and rejuvenator of the hair. This delightful preparation cleanses the hair from all impurities; prevents dandruff, heals all skin disease of the head, imparts a gloss and softness and beautiful color to the hair; restores its growth by its healthy and tonic action, and prevents its falling off. In short

**Battiste's Hair Invigorator** is the "sine qua non" of all the inventions for the improvement, beautifying and growth of the hair. The material of which it is composed are harmless and can be used freely according to directions accompanying each bottle. Every lady desirous of having beautiful hair should consider her toilette table incomplete without a bottle of this delicate and elegant cosmetic. **Telegraphic Summary.**

VICTORIA, B. C., April 6.—The relations of the province with the Dominion are approaching a crisis in consequence of the new tariff and of the tardiness of the Canadian government in announcing its railway policy, causing much uneasiness, even among the friends of the confederation. Dr. Ash, a member of the local parliament, has given notice of the following motion:

That the House is of the opinion that the tariff of customs duties now about to be enforced, will be injurious to the interests of the province; and that unless the building of the Canada Pacific Railway is immediately commenced in this province, and vigorously carried on, it is unjust to require that an increase of taxation be levied to provide for the construction of private works and for the protection of industries which, without direct railway communication, can not possibly serve them, should be borne by the people of British Columbia.

April 7, 1879.  
 EDITOR ARGUS.—The steamer Favorite, Capt. "Billy" Williamson, came in here to-day for the purpose of moving Mr. Geo. Kelly and family to Seattle, where he has purchased a house and lot, and will expect to make his home in the future. The best wishes of all hereabouts go with them.

The tug Mastick, having been chartered by parties at Neah Bay to take the Neah Bay Indians out, off Cape Flattery, for the purpose of catching seal, went down last week to enter upon the contract. On going out they were requested to go much further than was considered safe. The Captain thought it too risky a business; and, not leaving lost any seal quite so far out, nor wishing to take a trip to sea, concluded to turn back. He arrived here last Saturday, and the boat is subject to the orders of any parties wanting towing done, which orders will be attended to with promptness and dispatch.

The mill has been shut down for some time undergoing some very necessary repairs, in the way of shafts, pulleys, and beltings.

The query is, why is it the ARGUS does not come here on Thursday instead of Friday, as is often the case. Please inform your many readers at this place.

H BALDWIN of Monroe City, Ind., writes under date of Dec. 31, 1877, that his wife used Dr. Pierce's Favorite Prescription with wonderful results. It effected her entire cure, after several physicians had failed. The many similar letters positively affirming that the Favorite Prescription had cured the diseases and weaknesses peculiar to women, induced Dr. Pierce to sell it under a guarantee. Ladies need no longer submit to useless and painful local treatment, as the Favorite Prescription is a safe, sure, and speedy cure. Hundreds who had been bed-ridden for years have been restored to perfect health by its use.

**A SUDDEN DEATH.**  
 There is something terrible in the thought of having our friends stricken down at our side, without a parting word of endearment or consolation—one moment at our side in the flush of vigorous life, cheering our hearts with their loving sympathy; the next at our feet, pale with death, dead to our cries and heedless of our tears. Every excessively fat person is in instant danger of such a death. Seventy per cent of the victims of obesity die of heart disease or apoplexy. Allan's Anti-Fat, the only remedy for obesity, reduces the weight by regulating the digestion and assimilation of the food. It is perfectly harmless, and its use will insure, in every instance, a reduction of weight from two or five pounds a week.
