TO DELINQUENT SUBSCRIBERS.
 Should you ask us why this dunning, Why these sad complaints and murmurs; Murmurs loud about delinquents Who have read the paper weekly, Read what they have never paid for, Read with pleasure and with profit, Read of State affairs and prospects, Read of news both home and foreign, Read the essays and the poems, Full of wisdom and instruction; Read the fascinating stories Faithfully inserted weekly.

Should you ask us why this dunning, Why these sad complaints and murmurs; Murmurs loud about delinquents Who have read the paper weekly, Read what they have never paid for, Read with pleasure and with profit, Read of State affairs and prospects, Read of news both home and foreign, Read the essays and the poems, Full of wisdom and instruction; Read the fascinating stories Faithfully inserted weekly.

Sad it is to hear such message When our funds are all exhausted, When the last greenback has left us, When the gold coin all has vanished—
 Gone to pay the paper maker,
 Gone to pay the tolling printer,
 Gone to pay the landlord tribute,
 Gone to pay the faithful mailer,
 Gone to pay old Uncle Samuel;
 Uncle Sam, the rowdies call him.

Sad it is to turn our ledger—
 Turn the leaves of our old ledger—
 Turn and see what sums are due us;
 Due for years of pleasant reading—
 Due despite our patient waiting—
 Due despite our constant dunning—
 Due in sums from two to twenty.

Would you lift a burden from us?
 Would you drive a spectre from us?
 Would you taste a pleasant slumber?
 Would you have a quiet conscience?
 Would you read a paper paid for?
 Send us payment—send us payment—
 Send the payment that you owe us!

Late News.

Chicago, April 9.—Much suffering and destitution is reported in Georgia and Alabama. Gov. Jenkins has issued a proclamation calling on capitalists to come forward, or the people will starve.—The Huntsville (Ala.) Independent says several cases of actual starvation have occurred in that county, and publishes a statement of the Probate Judge of Marshall county, that a careful census shows that there are 2180 persons whites and blacks, absolutely helpless from age, sickness or infirmity, and families, representing in all 2,000 persons, are dependent for a living on work but unable to earn it, are living off the residue of the people. In Marshall Co. there were not more than 20 with means more than adequate for their wants.

Albany, N. Y., April 9.—Mr. Littlejohn introduced a bill into the Assembly incorporating Wm. H. Webb, M. O. Roberts and others, forming the North American Steamship Co., with a capital of three millions, to operate a line of steamers on the Atlantic and Pacific coasts and the Mediterranean.

Chicago, April 9.—Gov. Oglesby has issued his proclamation for the observance of the 15th of April, the anniversary of President Lincoln's death, as a day of fasting and prayer. The anniversary falls on Sunday, but it is a precedent for its annual observance hereafter.

The United States Senate, on Tuesday passed the bill to supply the deficiency of land granted to the State of Oregon to aid the

construction of the military road from Eugene City to the eastern boundary of the State.

The Wisconsin Senate, last Saturday, instructed its committee on Federal relations to report a resolution requesting Senator Doolittle to resign.

Schenck of Ohio, from the military committee reported the Senate bill granting the right of way to the Cascade Railroad through the military reservation in Washington Territory, with an amendment providing that no more than sixty feet in width shall be occupied at any place where the space between the river and the bluff is narrow. The amendment was agreed to and the bill passed.

The committee on ways and means will report an internal revenue bill next week on the basis of reducing taxation \$50,000.—In making the reduction, the committee has as much as possible made examinations of raw material entering into general consumption.

Ashley, of Ohio, introduced a bill to aid in the construction of a railroad and telegraph from Salt Lake City to the Colorado river; read twice and referred to the committee on public lands.

Buffalo, April 7.—Dispatches from Boston, Philadelphia and other cities, report the firing of salutes by the Republicans in commemoration of the passage of the civil rights bill by the Senate.

Semmes, of pirate Alabama notoriety, was released yesterday by order of the President, on his original parole under the Sherman-Johnson arrangement.

Chicago, April 7.—The Canadians are again in great alarm.—They have reliable reports that war vessels and convoys, including 2 schooners loaded with cannon, are fitting out at Chicago. There are rumors that an expedition under B. Doran Killan, consisting of 8 steamers, with 5,500 men, has sailed from New York for New Brunswick. Another report gives Bermuda as its destination. It is believed that Sweeney designs an attack on Central Canada.

An official proclamation from Col. O'Mahoney announces the escape of James Stephens from Ireland, his arrival at Paris, and his speedy arrival in the United States to heal the dissension unfortunately prevailing in the ranks of the brotherhood here.

An important bill is under consideration in the Senate, and is likely to pass. It relieves the Chief Justice of the Supreme Court from circuit duty and relieves the docket of the Supreme Court in the same manner, by establishing a Court of Appeals in each circuit composed of the district judges; which Court of Appeals shall have final jurisdiction over all cases except where the question of the construction of the Constitution, any treaty, revenue or patent law, or where the court shall certify that the adjudication involves a legal question of sufficient importance to require a final decision in the Supreme Court.

NO TIME FOR ARGUMENT.—“Ain't it wicked to rob dis chicken post, George?” “Dat's a great moral question, Sam; we ain't got time to argue it now—hand me another pallet.”

INDIAN DISTURBANCE.—A few days ago Mr. H. A. Webster, Indian Agent at Neah Bay, arrested an Indian engaged in the murder committed in that neighborhood last fall, and placed him on board a schooner, probably the *Wester*, for safe keeping. The Indians marshalled their braves and liberated the arrested Indian, threatening Mr. Webster with serious bodily injury if he attempted to interfere. Mr. Webster immediately made the facts known at Olympia, and on Monday a detachment of soldiers went down by the *Eliza Anderson* from Fort Steilacoom for the purpose of settling the disturbance.

MONOPOLY.—The merchants of Walla Walla are required by the O. S. N. Co. to pay freight to the company before they receive their goods. This must be very inconvenient to them inasmuch as the freight is required to be paid at Wallula. It is a great pity that the O. S. N. Co. can't be suppressed. It is a perfect nuisance. If it were not for it a number of boats would be put on the Columbia, and the public would then receive such treatment and accommodation as is always to be found where a wholesome state of opposition exists.

QUICK TRIP.—The schooner *Crosby* made the trip from Cape Disappointment Light to Port Angeles in thirty hours. She will proceed hence to Portland, laden with lumber.

The proprietors of the *London Times* found their profits so large at the end of '65 that they made every man in the office a present of two weeks additional salary.

The schooner *Crosby* landed at Port Ludlow, on Monday morning last, materials for building a new steamer at that place.

MAJOR GEN. GORDON has been delivering a speech before the Legislature of Massachusetts on the Northern Pacific Railroad. He strongly favors the Northern over the Central route. He said that the heaviest grade did not exceed 66 feet to the mile, and drew very favorable conclusions in favor of that route from its more easy connection with the marts of Asiatic commerce. Boston, Chicago and Buffalo are deeply interested in the project, and thoroughly alive to the importance to them of the early completion of the road. The object will undoubtedly be to connect the Columbia with the Missouri river, and it is believed that 500 miles will do it. A company of capitalists, with engineers and members of the press will leave St. Paul, Min., in May for the purpose of passing over the route to the Columbia.

The *New York Herald* calls attention to the cautious manner in which the President in his peace proclamation in reference to West Virginia, nowhere calling it a State, and asks: "Does the President doubt the constitutionality of the act creating the State of West Virginia? If he does the whole matter will have to come before the Supreme Court."

[SPECIAL TO THE SEMI-WEEKLY.]

**TERRIBLE
EXPLOSION!**

GREAT LOSS OF LIFE!

Additional from the Labouchere

New York dates to April 17th.

San Francisco, April 16.

About one o'clock this afternoon, a terrible explosion occurred in the assay office of G. W. Bell adjoining Wells, Fargo & Company's Express Office. Captain Samuel Knight, Superintendent of Wells, Fargo & Company's Express, — Bell, L. E. Webster, and several others were instantly killed, and many others very badly injured, and many others missing. The nature of the explosion is not known but is supposed to have been caused by a barrel of nitro glycerine oil. The concussion was felt throughout the entire city.

Washington, April 14.—President Johnson sent a message to the House of Representatives today, informing them that the Secretary of the Navy has taken measures to send a fleet to the fishing grounds to protect American interests there. The President did not deem any recommendations to Congress necessary at present in regard to the matter.

In the House of Representatives yesterday, after two hours debate, it was voted to grant an annuity of two thousand, and five hundred dollars to the mother of the gallant McCook boys in addition to that which she now draws since the death of her husband during the Morgan raid.

San Francisco, April 18.—A New York dispatch, under date of April the 17th, quote gold at 126½. Legal tenders are 79½ buying and 80 selling.

San Francisco, April 18.

The steamer *Labouchere* left here at four p. m., Saturday, and was wrecked on the same night. The fog was very dense, and the vessel got on the breakers before her commander discovered the danger. All the passengers who were in bed when the vessel struck, immediately rushed on deck. The engine was reversed, and the vessel hauled off the rock when it was discovered that the water was coming in very rapidly.

The pumps were started, and the passengers put into the boats and upon a raft which had been constructed, and headed for the shore — ten miles distant, which they reached safely with the exception of two in a small boat, which capsized — both mulattoes lost.

When the intelligence reached town the *Shubrick* was sent to the rescue. She reports the *Labouchere* a total loss. Several of the *Labouchere's* passengers returned by the *Shubrick*, the remainder were taken by the *Montana* towards Oregon.

THE ROBBERY OF MR. SCOTT.—Mr. Lawson Scott, proprietor of the Iowa Market, corner of Second and Morrison streets, who was knocked down and robbed of about \$700, on Wednesday night, near Mill street, on Fifth, was unable to proceed about his business yesterday, on account of injuries received about the head from the robbers. No clue has been obtained, as yet, that will serve to apprehend the "pads" concerned in the matter. It was a bold affair, and one that has given some alarm in the community for the safety of persons. Mr. Scott received the greater portion of the money at one of our hotels, early in the evening, and soon after took his purse out of his pocket in a store to pay a bill, where he was with his wife trading. Mrs. Scott left her husband at the Market and proceeded home accompanied by her two children, and thinks she saw two men about the place where her husband was robbed, which would leave the inference that parties were engaged in the scheme who have an acquaintance with the city, and knew about the route that would be taken by Mr. Scott, when he went home—whenever they were, they must undoubtedly have seen him when he received the money, or when in the store where he took his purse out of his pocket to pay a bill. It is a bad matter, but we think the authorities may ferret the case out, and bring the guilty parties to justice.—*Oregonian*.

FROM LEWIS RIVER.—The steamer *Cowlitz* arrived at her wharf in this city yesterday, from a point five miles up Lewis river, and intermediate places, well freighted with farm products and twenty eight passengers. We recollect but a few months since when Capt. Kerns began this trade that his trips once a week proved a losing operation. Now he makes two trips a week, and appears to find plenty of business. A trading post on Lewis river, if started by some enterprising man, would soon develop quite a town. The district is known to be rich, agriculturally, and for dairy purposes is rarely excelled on the coast.—*Oregonian*.

THE ROBBER OF COLLECTOR ADAMS.—Private advices from San Francisco state that detective Lees has learned sufficient to convince him who the robber of Collector Adams was, and has arranged for his arrest at New York, where the thief now is, very probably. The person on whom the suspicion so well grounded rests, left San Francisco for the East by way of Niagara.—*Oregonian*.

Political matters in Montana are getting mixed about as bad as in Congress. The Union men do not recognize the approaching Territorial Convention, and are preparing to defeat, at Washington any measures it may devise. They also declare that they will not recognize any acts passed by the Legislature that convened on the 5th of March.

OWYHEE WEATHER.—A private letter from Ruby City, Owyhee, dated March 23d, states that the weather was pleasant, and the snow thawing off very fast. All the mills but those of Moore & Fergus, and the *Cosmos* Company were stopped.

The rain has raised the streams in middle and southern Oregon so that the stages have been obliged to stop in many places.

INDIAN FIGHT AT SUN RIVER.—A letter from Helena, says the *Oregonian*, dated March 5th, says: On the afternoon of March 1st, an engagement took place between a band of Blood warriors and a party of whites at the Sun River Bridge, one of the whites, James Malone, being badly wounded in the fight, and three others that were captured were immediately hanged. The *Backfoot*, *Bloods* and *Piegans* are reported by reliable parties that arrived in Helena yesterday, to be nearly all in open hostility to the whites. Of four men who left Fort Union some time ago with an express for Fort Benton, only one has been heard from. He is reported to have been found with his back pierced with arrows, and it is supposed that his three companions were also killed by the red devils. Horse stealing is extensively carried on, over twenty head having been recently stolen at Sun River alone. The prospectors and ranchmen at Sun River are fortifying, and will act purely on the defensive, until their numbers are increased. They do not feel strong enough to meet the savages in the open field, but will hold their present position at all hazards. Expresses have been sent to all the small parties of whites east of the Pelly Pear Divide, requesting them to rally for defence at Fort Benton and Sun River.

GOOD SALESMAN.—They tell a story in New London illustrative of Groton business enterprise, which runs thus: A green grocer in Groton sent his clerk to New London one morning last summer with a bag of green corn to dispose of. The young man was gone all day, and at night returned with the bag of green corn on his shoulder, and dumped it on the floor with the remark: "There's your green corn, go and sell it yourself—I can't." "Why," said the green grocer, "haven't you sold any?" "Sold any! No," said he, "I've been all over New London with it, and nobody said anything about my green corn. Two or three fellows asked me what I had in my bag, and I told 'em it was none of their d—d business."

PLACER DIGGINGS.—The citizens of Vancouver have again been aroused by fresh reports coming in from the mines, the last of which is that good prospects have been struck in a gulch below where the quartz ledge crosses. We were shown a prospect taken from one pan of dirt, which we think would weigh about six cents, and looked as though it had been washed but very little. We are promised a full report of the discovery in a few days. It is also rumored that placer diggings have been found within forty miles from this city which promises well.—*Herald*.

THE SEMI-WEEKLY.

SEATTLE, APRIL 19, 1886.

THE PARTY LAST NIGHT.—Brown thinks that Mr. D. Sires, of Sires' Hotel, is a brick. Of this, Brown is firmly convinced. Brown is a simple fellow and is easily won with kindness. He says that the way to win his particular esteem is to act the gentleman with him in every respect, and that the least deviation from the path of strict gentlemanly conduct deprives the party of his esteem forever; and he confidentially informed us that that was one cause of his high regard for his host at Sires' Hotel. Now, Brown got a complimentary ticket to the party last night, in consequence of his being connected with the press, and "shaking the light fantastic toe" being one of Brown's particular delights, he attended the party aforesaid. Brown thinks the party a success—a decided success. In fact, he is firmly convinced that it was the success of all the successes that he ever knew. But the party was not the only thing that fascinated Brown. Brown's particular weakness is an extraordinary regard for the fair sex, and he informed us (confidentially, of course) that he is still suffering from having fallen violently in love with about half a dozen of the magnificentest women in the world. Brown says that no adjective so accurately describes the supper as bully. "Consequently" says Brown, "the supper was emphatically bully." Brown is a little eccentric, and sometimes makes some very eccentric observations. We were there (having also received a complimentary ticket) and our opinion is that the affair was deserving of Brown's high estimation of it.

The schooner A. Crosby arrived at this port from the Columbia river via Victoria on Tuesday morning last. She reports the waters of the Columbia rather high. The steamship California, a new propeller, owned by the C. S. N. Co., arrived at Victoria on Friday last, about noon. She brought about two hundred passengers. On Saturday morning the California sailed from Victoria for San Francisco via New Westminster, B. C.

LECTURE—S. Garfield, Esq., delivered a most interesting lecture on Tuesday evening, at the M. E. Church, to a crowded house. Subject—"Westward the Star of Empire takes its way."

The Standard man and Tribune man still continue to pitch into each other. Go in, lemons—we still continue to holler for the upper dog. THANKS—To A. S. Pinkham for kind favors.

We are informed by Capt. Perkins of the schooner Crosby, that Mr. Middleton, who superintended the building of the steamer George T. Wright, intends building a new boat at Port Ludlow.

NEW STORE AT PORT TOWNSEND.—The attention of our readers is respectfully called to the advertisement of J. F. Blumberg & Co.'s new store at Port Townsend.

A FENIAN DENIED BURIAL IN A CATHOLIC CHURCH.—Bartholomew Higgins, a promising young lawyer of Waterford, was buried yesterday. He died of consumption after a short illness. The deceased had a large circle of friends who sincerely mourn his early demise. He was a prominent Fenian, a circumstance that excluded his remains from being received in the Catholic Church of the village. Arrangements had been made for the funeral services in the church, when a telegraphic dispatch was received from the Bishop, the tenor of which is not known, but as the reverend father in charge, who was a warm friend of the deceased, declined to open the building for the ceremony, it is supposed that the Bishop refused his sanction to the occupation of the church for the purpose stated. From this it would seem that the heads of the Romish Church are determined in their opposition to Fenianism in this country.—Troy Times.

The following is a portion of the report of a committee at a fair, out west: "For best bed-comforter, Miss Sally Jones."
