### King County Fair.

Commencing on Sept 25, and continuing to the end of the week, or to the 28, it was a financial success in every respect. The exhibit of grain, flour and seeds was very small. In vegetables the display was very satisfactory. John Bennett of Whitcomb Co. and H. G. York of Salmon Bay, in particular made fine exhibits. Those from abroad consisted of the exhibit of apples, grapes and pears, which was surprising. One case of 48 pounds, was exhibited from the latter; also several large and rare specimens of honey in the case. The merchants and manufacturers of Seattle manifested their usual public spirit in displaying made by them or object of their usefulness they manufacture or keep in stock for sale. In particular the beauty and finish of the bedroom sets and office desks of Hall, Paulson & Co. made from maple and other native woods is worthy of the highest praise. What is still more satisfactory, is that this company are able to manufacture this

fine grade of work cheap enough to supply the home market and prevent imported articles in this line competing with them but to export them in quantities to California. The ladies of King Co. acted as if they were socially responsible for the success or failure of the fair. Their display was worthy of all praise. The only difficulty would be to decide who should be entitled to the first premium in the varied display of fancy goods and articles exhibiting the handicraft of the ladies of that county.

Very fine specimens of penmanship were exhibited by the Puget Sound Business college and by the University; while Mr. Piper exhibited his celebrated oil paintings, which attracted much attention. The display of plants and flowers was eminently satisfactory.

Wm. Catching, formerly of Snohomish city, but for some time past a resident of Forest Grove, Oregon, was there with an improvement on the washer which a man by the name of Cornelius sold so extensively around the Sound a couple years ago. Mr. Cornelius is the patentee of the improved machine, and Mr. C. is his agent. Besides the washer, Mr. C. has the right for this Territory for a stove machine, light enough to be portable and cheap enough so that it ought to be generally introduced throughout the lower Sound country. Judging from the character of the sawing done by the model, it is a success.

The opening address by Judge Burke on the afternoon of the first day, was fully equal to his usually able efforts on such occasions.

On the evening of the 27, an impromptu literary entertainment was a source of immense enjoyment to all.

### Washington Teachers Institute.

The capital city promises to be quite lively this fall, with a ten days fair, and the teachers Institute etc. The Institute preceded the fair, commencing its session Oct. 1, in Good Templar's Hall, in Olympia, J. P. Judson, the Superintendent of Public Instruction for the Territory, presiding. The session continued two days, after which, the teachers, on the invitation of Mr. Judson, as the president of the Olympia and Tenino railroad took an excursion to Tenino on the railroad. The different subjects discussed at the Institute were introduced by the following named persons: How to teach reading, by Mrs. P. C. Hall; penmanship, by J. N. Garrison; arithmetic by O. S. Jones of Seattle; spelling by J. L. Henderson, of Olympia; Geography by Miss D. T. Bunnell, of Olympia; History by F. E. Eldridge of Thurston Co.

The principal business of the Institute was the selection of a list of text books. Committees were appointed for each branch of studies taught in the public schools. After an examination and report by each committee, followed by a general discussion in the Institute, the following list of school text books was recommended to the Territorial Board of Education, by whom they were adopted as the authorized standard for the next five years.

The Independent Reader and Speller, by Madison Watson; Davies & Peck's Elementary and Complete Arithmetic; Monteith's Physical, Introductory and Manual Geography; Barnes Brief U. S. History; and Steele's Fourteen Weeks in Physiology.

The attendance was good, the exercises were harmonious and profitable. The next meeting of the Institute will be held at Seattle on the third Tuesday of July 1879.

The Thurston Co. Institute was permanently organized by electing Rev. J. E. Thompson, President; Rev. D. N. Utter vice President; M. G. Royal, Sec.; and J. L. Henderson, Chairman of Exec-

utive Committee. After adopting a programme for a meeting next spring, the county Institute adjourned to meet subject to the call of the Executive Committee.

### Puget Sound Business College.

This institution is now in a very prosperous condition. Its membership is rapidly increasing, and with an increase of students, it has increased its number of professors to correspond. D. A. Henshaw lately from the east, has recently arrived in Seattle and taken charge of the Penmanship department of the College. Prof. Gushue giving up Penmanship, but continuing in charge of the department of Book Keeping. The increased number of students making necessary this subdivision of labor. A visit to the college is all that is necessary to satisfy any one as to the qualifications of these gentlemen.

The preparatory department is superintended by Mrs. L. H. Gunn, a lady who holds the degree of M. S. and who is the wife of the President of the College. She is assisted by Miss Lima Penfield.

J. F. McNaught Esq. is Lecturer on Commercial Law. Other members of the Bar will also give occasional lectures on different branches of the law during the fall and winter. In face of the endorsement and support this institution has received, and the success that has rewarded the efforts of Mr. Gunn, its President, in building up a first class Business College in so short a time, no further endorsement is necessary from the press, as the work it does speaks for itself.

### REPUBLICAN PLATFORM.

Resolved, 1st. That we maintain an unflinching fidelity to the principles of the Republican party and believe in its capacity to administer the affairs of the Government as faithfully and successfully in the future as it has done in the past.

2d. That an irredeemable currency is a national curse, and that all legislation tending toward inflation is suicidal to the financial interest of the country and the prosperity of our people.

3d. That all capital is based upon labor, and from it proceeds all national prosperity, and that all attempts to antagonize labor and capital, we deprecate as hostile to the best interests of all our people.

4th. We are in favor of a reasonable extension of time for the construction of the Northern Pacific Railroad with its Branch line across the Cascade mountains; provided that the company build at least twenty five miles of their branch each year after such extension, until the whole is completed, and provided that the lands within their grant in this Territory shall be open to actual settlers for pre-emption, or entry in limited quantities at a reasonable maximum price to be established by the Government, and provided that the main line of said road shall not be changed from its original location, and provided further that should the company fail to build the road according to the terms of such extension, all their right in the unearned portion of the land grant should immediately thereafter cease, and the lands revert to the government.

5th. We are in favor of the immediate restoration to the public domain of the lands on the branch line of the Northern Pacific Railroad as originally located over the Skagit Pass of the Cascade mountains, and that all settlers within the abandoned lines who have either paid double minimum price or have homesteaded less than 160 acres be compensated by the Government, and that all settlers within the limits of the with-

drawal, before notice thereof was received at the local land offices be confirmed in their title.

6th. The construction of the Seattle and Walla Walla Railroad is a work of vital importance to the people of the Territory, as also of the whole northwest and we earnestly recommend Government aid in its construction.

7th. We are unalterably opposed to any dismemberment of this Territory.

8th. That if the people of this Territory shall vote in favor of the Constitution, at the coming election, our delegate in Congress is hereby instructed to use his best efforts in favor of admission into the Union as a State, and if the constitution should be rejected he is instructed to procure, if possible, the passage by Congress of an act enabling this Territory to form a State government.

9th. The opening of the Columbia and Snake Rivers and the removal of the obstructions to navigation therefrom, is of great local as well as national importance, and should be aided and encouraged by liberal congressional appropriations.

10th. Having fully demonstrated the bad policy of our present Indian system, the same should be at once abolished; all Indian reservations should be opened to settlement, all annuities should cease, the tribal relations of Indians should not be recognized, and they should be made citizens on the same footing as other citizens, secured in the same rights and privileges, subject to the same duties and responsibilities, and liable to the same penalties for violation of law.

11th. The immigration into the United States of the Mongolian race is an evil that the government ought to prohibit, and we favor the speedy modification of all treaties that gives them the right to come hither, and we insist on the passage of such laws as shall protect our people from their encroachments.

### Report of Auditor of King Co.

From Auditor Booth's able report as recently published, the following items are gathered, relating to the finances of King county. The amount of tax assessed in 1877 for county purposes was \$21,372.34. The amount collected was \$18,402.58. Territorial purposes, assessed, \$9,520.92, and collected \$8,002.53. School purposes, assessed, \$9,520.92, and collected, \$5,533.43; of this, the treasure collected in money \$869.72, and the road super visors collected \$1,569.12. Jail purposes assessed \$4,713.21, and collected \$4,255.26. Of the \$15,142.76 received from other sources for county purposes, 10,167.51 was from grocery and liquor licenses. The amount received for school, Territorial, road and jail purposes, from other sources was; School, \$1,454.92; Territorial, \$569.94; Road \$331.19; Jail, 791.56.

The total amount of warrants issued payable out of the county fund was \$42,223.40; Road fund was \$5,498.01. The total amount of outstanding county warrants July 1, 1878 was 17,327.46. The actual indebtedness of the county lessened its was, \$14,707.69. The cost of assessing and making the county census \$1,311.81. Official fees of Auditor, \$1727.85. Ind King records of cases in District clerks office, \$434.45. Records purchased for county offices \$726.68. Printing \$1,259.16. Advertising lands sold to county \$673.55. Fees Co School \$131.55, office rent for Probate and District Judges \$639.64. Livery hire for use of county commissioners, \$39.62.

The report closes as follows. The expenses of the several Justice courts during the year, are found to be \$1821.53, while their credits in fees amount to \$ 498.10, leaving their net cost to the county, \$1,323.43. The expense of maintaining the district court is not less than \$1,570.53, and the

receipts from fines and cost bills at \$3,319.72, leaving the net cost to county of \$1,191.23, a difference of \$133.17 in favor of the district court.

Some five thousand dollars extra expenses have been incurred during the year, in fitting up the new jail, building jail fence, building house and fence on county farm, and furnishing said house for the county poor. The amount assessed for county and local purposes for the year 1878, is \$24,077.07, which together with the revenue from other sources and a judicious expenditure of the same, ought to clear the county of debt.

### School Report.

The following items are gathered from the school report of the Rev. J. R. Thompson of Sept. 12, 1878, published in the Olympia Transcript, as submitted by him in his official capacity as Co. Supt. of schools of Thurston county. It shows the condition of the schools in that county.

There are thirty organized school districts in the county, in twenty eight of which school has been taught three, six or nine months, during the past year. I have visited officially twenty seven schools since December 1st, and shall visit the remaining one in due time.

On taking charge of the County Superintendent's office, less than two years ago, I found 1003 persons within school age in the county, according to the district clerk's reports. This year they have reported 1,177 being an increase of 174 persons. The sum total of school tax levied this year is \$6,611.39. The delinquent tax list last year amounted to \$1,825.03, chiefly due from the N. P. R. R., and found not to be collected. Estimating the deficiency this year, I have appropriated \$5,296.50 among the school districts, \$4.50 per capita of the children reported.

The law firm of McNaught & McNaught of Seattle starts under the most favorable auspices. The senior member, Jas. S. McNaught, for the past ten years and upwards, has occupied the leading position, of being the most successful lawyer in the Territory; having during that period contested more cases in the courts than any other man in the Territory. The partnership of McNaught and Leary was dissolved for the purposes of forming this new partnership with a younger brother Mr. J. F. McNaught, who was on the Sound a number of years ago, and for a time studied law in the office of McNaught & Leary. He subsequently returned to the east and took a thorough law and literary course of study; graduating in 1875 at the Wesleyan University of Illinois, located at Bloomington, Ill. with the degree of B. S. and at the University of Michigan at Ann Arbor, Mich. with the degree of B. L. Since his return he has created a very favorable impression indeed. As these gentlemen will confine themselves exclusively to law business, it cannot be doubted, they will retain all the business they can do, and that of the very best character.

Local Items.

Have you heard of the new society? Very select you know; known as the B. C. F.

Olympia has a society of Spiritualists, known as the "Friends of Unity and Progress." Mr. G. A. Burnes is its President, and its roll of membership contains about thirty names.

The engineers in charge of the railroad survey of the Cowitz pass report that a thoroughly practicable route exists through that pass with comparatively easy grade and work. The official report will appear in due time.

It is something very rare to find in American law practice, the distinction preserved between the Attorney-at-law, who does all the office work, and prepares the papers for court, and the Advocate who conducts the cause in court. For a period of nearly eight years, Messrs. McNaught & Leary have preserved this distinction, and during all of this period they have done the leading business and been looked upon as the most successful lawyers in the Territory. Mr. McNaught performing the duties of the Advocate in attending to the causes during their progress through the courts; while Mr. Leary, beside doing the great amount of office work necessary to building up and maintaining so successful a business in an eminently satisfactory manner, has also attended to an immense amount of other business, which he has built up on the outside, as it were, of the regular law business. In this he has made for himself, the reputation of being one of the best business men on the Sound.

Notwithstanding these gentlemen have been so long together, they deem it best to separate now, and each to confine himself more particularly to his chosen sphere of labor. Mr. Leary will carry on the law business alone from this time forth. As nearly every one on the Sound has done business with him and knows what his abilities are for law business, it is unnecessary to predict that he will do a very large business, especially as he will seek to confine his attention to a general collection and real estate business, and can scarcely avoid mixing up with a great many other business enterprises, in which a legal education is of great assistance; yet which are usually considered to be outside of the regular law practice.

The Progress of Settlement up the Pill Chuck Valley.

During the past year there has been no new settlements made between this place and Dubuques in that valley, excepting Mr. William White, who purchased improvements of Ed. S. Gregory. The Dubuque families live about four miles from town. Mr. Rogers was the only settler above them, one year ago. There was only a trail to his place above them as the wagon road terminated at the Dubuques.

Within the past year a trail has been cut out from there for five miles farther, a road located and surveyed and the road accepted by the proper authorities last August; and two miles of this newly located road is now a wagon road so that Mr. Andrews, one of the settlers drew lumber on his land with a wagon to build him a house recently. The settlers who have located there within that time are, Wm. Clark, Hart Andrews, Chas. Nemyre, Williams, John Sexton, McSorley Brothers, and Andrew O'Connor.

The McSorley Bros. expect a number of friends and relatives to come up soon, from California to settle with them there. Mr. O'Connor has put in most of his time the past summer, in helping several of the above named persons make those first improvements, always so necessary, yet which show off so little, in the first moving on to, and settling upon, wild land. Nearly all the rest of his time has been occupied in cutting out this new road, for which he receives no compensation whatever. This trail terminates at the starting point of the Stillaguamish road, as surveyed by Mr. Brown recently, at what is known as the big burn, and on which Mr. O'Connor has sown about a bushel of grass seed, the past summer. All that is needed to make thousands of acres of pasture, is for this seed to get a start, so the tame grass can spread over the burn.

Perhaps the largest stock of stoves and hardware connected with a store of that class ever on the Sound is now to be found at the store of H. McAleer & Co. on Commercial street in Seattle. In one shipment they received 160 stoves recently, and within a couple weeks thereafter forty stoves more, making in all 200 stoves inside of two weeks, and other goods in that line in proportion. As specialties worthy of introduction into general use are noted the Richmond air tight, coal and wood heating stoves; the Richmond range; and the Bonanza and Empire City stoves.

Happening to call at the store of F. W. Wusthoff recently when in Seattle we were surprised at the variety of the stock of arms, ammunition, fishing tackle and sportsman outfit kept by him as well as the low price at which they were offered for sale. We had expected to see first class stock of general hardware and were not disappointed in this respect, but did not expect to find him prepared to sell all the leading rifles, shot guns, revolvers etc., at prices in many cases 30 per cent below what we knew to be the regular Portland prices for the same grade of goods. Mr. W. keeps the Remington, Winchester, Sharp and Ballard rifles; shot guns of all grades single and double barrel, muzzle and breech loaders; with all the leading English and American revolvers. Call there, examine and satisfy yourselves of the truth of this statement.

Attention is called to the ad. of F. W. Wald in another column, the successor to the firm of Wusthoff & Wald, the pioneer hardware dealer in mechanic's tools and general hardware on the Sound. Mr. Wald occupies the old stand, and not only keeps up but enlarges the old stock. None will regret dealing with him. Examine his stock at the old stand, Seattle W. T.

Summons.

TERRITORY OF WASHINGTON, 1878. THIRD JUDICIAL DISTRICT. IN THE DISTRICT COURT OF SNODISH COUNTY:

Complaint filed in the County of Snodish, in the office of the Clerk of said District Court. Thomas French, Plaintiff, vs. Luther L. Thomas, Defendant. THE UNITED STATES of AMERICA SEND GREETING To Luther L. Thomas.

You are hereby required to appear in an action brought against you by the above named plaintiff, in the District Court of Snodish County, holding terms at Snodish City, in and for said County of Snodish, Washington Territory, and to answer the complaint filed therein, within twenty days (exclusive of the day of service), after the service on you of this summons, if served within said county of Snodish, or if served out of that County but in this District, within thirty days, otherwise within sixty days, or judgment by default will be taken against you, according to the prayer of the complaint.

The said action is brought to recover a judgment against you for the sum of Seven Hundred and Fifty-one and 91/100 dollars with interest from June 1st 1878 and for costs of suit; the said sum being for work labor and services done by the said plaintiff for you said defendant and by others the claims of whom have been assigned to said plaintiff. And you are hereby notified, that if you fail to appear and answer the said complaint as above required, the said plaintiff will take judgment against you for the sum of \$751.91, interest and costs.

Witness the Hon. J. R. LEWIS, Judge of said court, and the seal thereof this 30th day of August, A. D. 1878.

FOR SALE!!! Diamond Wheat

BY G. T. SORNSON. PARK PLACE, SNODISH COUNTY W. T.

There is nothing like this celebrated grain in America. It will yield a third more to the acre than any other grain grown on the same kind of soil, with similar treatment. It grows like rye, hence is frequently called MAMMOTH RYE.

The berry resembles wheat, only is twice or three times as large, some grains being one half inch long. It ripens the earliest of any grain grown here if sown in the fall, as early as any other grain if sown in the spring. The seed was procured at the east and planted the past spring. The crop is thoroughly matured and is offered for sale in one pound packages at 25 Cents per Pound.

will be sent by mail to any address at that price, with 8 cts added to defray postage. Orders left with L. WILSON at Snodish City W. T., will be promptly attended to, or Address, G. T. SORNSON, Park Place, Snodish Co. W. T. n 138 30w

NOTICE.

I have on hand and for sale at low rates, a large amount of soldiers additional homestead scrip, to every piece of which the Commissioner's certificate of approval is affixed. Immediate application to public lands can be obtained with this scrip, without the operation of the Homestead, or Pre-emption rights. n 138 tt W. M. THETLOT.

NOTICE.

DISSOLUTION OF PARTNERSHIP. THE firm of ALBEE & GETCHELL is this day dissolved, by mutual consent; O. F. Albee will carry on the business, and will assume all debts of the late firm. Snodish City, Oct. 7th 1878. O. F. ALBEE, W. H. GETCHELL. n 137 4w

TREASURER'S TAX NOTICE.

NOTICE is hereby given that the Tax Law of Snodish County, for the year 1878, is now due and in my hands for collection. To all taxes remaining unpaid on December 1st 1878, ten per cent penalty will be added. Tax payers will please hand in their receipts, road and road property receipts. JOHN D. MORGAN, Treasurer. ## Secure Homes!

The best opportunity ever offered

Secure Homes on easy terms that will soon be very valuable.

THE VALUABLE MUKILTEO TOWNSITE PROPERTY

Is divided into twenty-two strips of about nine acres each, extending back from near the water so as to include meadow and garden land already cleared, besides timber land on the bluff. Five of these fine Homesteads already sold. Credit will be given at low rates of interest to those unable to pay cash down. Also desirable property on the front for sale or lease on reasonable terms for business purposes. Bargains offered in tracts of 40 and 80 acres of land adjoining the Mukilteo townsite. The natural advantages of

### MUKILTEO

Are not excelled by any other place on the Sound, for fishing, milling, ship building or manufacturing purposes. All the steamers down the Sound to Snohomish, Whatcom and Island Counties, stop there going and returning; it is also on the direct route of ocean steamers up the Sound. There is also an excellent location for establishing of warehouses, to which to ship the products of Snohomish, Whatcom and Island Counties in deep water vessels. On these premises will also be sold a band of cattle, some thirty or forty head in all, thus affording those purchasing homes a chance to secure stock if they so desire.

In addition to the above, will be sold 320 acres of the finest marsh land in the Territory, known as the Hurley Ranch, with 20 acres of upland. This is only four miles from Snohomish City on

### La GRANDE MARSH,

Well drained, not subject to overflow, soil extra fertile, dry and nearly ready for the plow. There is a wagon road to the premises, and products can be taken by this road or by boats from the premises to market. TERMS EASY. The best chance ever offered in the Territory to secure a fine farm. JUST THE LOCATION FOR A COLONY! as it can be subdivided into forty acre tracts, each of which will yield an abundant support for a family. Address

## Puget Sound

# Business College,

FRONT STREET, NEAR COLUMBIA,

## SEATTLE, W. T.

The Leading Commercial College on the Pacific Coast.

THE DESIGN of this institution is to impart a practical and useful BUSINESS EDUCATION. Young and middle-aged men are thoroughly fitted for Bankers, Merchants, Book-keepers, Cashiers, Clerks and Salesmen, by our great system of ACTUAL BUSINESS TRAINING. By this system the student receives, while in the school, the same practice in conducting business affairs that he would in a bona fide Bank, Office, or Counting House.

The great advantages of thorough scientific and practical instruction, as carried out at this institution, have long been felt and recognized in the mercantile community, where its graduates have received the preference and been rapidly promoted to positions of honor and profit.

### Young Men and Ladies.

Wishing to prepare themselves for the practical duties of life, will find at this school unsurpassed facilities. Students learn just what they need to insure success. Each student receives separate instruction, and can thus advance as rapidly as his ability will permit, not being kept back by those more deficient.

### THE COMMERCIAL COURSE.

The Business Course is by far more thorough and extensive than that of any other Business College on the Coast. It embraces the following branches:

BOOK-KEEPING, BY BOTH SINGLE AND DOUBLE ENTRY, as applied to the simplest as well as the most complicated kinds of business, such as Wholesale and Retail Merchandising, Farming, Manufacturing, Mining, Brokerage and Exchange, Importing and Jobbing, Commission, Railroad, Banking, etc.

COMMERCIAL CALCULATIONS, embracing the most rapid and abbreviated method of calculation in Percentage, Profit and Loss, Interest and Discount, Domestic and Foreign Exchange, General Average, Equation of Payments, Interest Accounts, Averaging Accounts, Partnership Settlements, etc.

PENMANSHIP, including careful instruction in the finger, muscular, whole-arm and combined movements, as applied to plain business writing, ledger headings, etc.

CORRESPONDENCE, embracing instruction in composition of business letters, use of capitals, rules of punctuation, folding, addressing, etc.

COMMERCIAL LAW, comprising lectures upon all the features of mercantile law important to the business man.

GENERAL LECTURES on political economy, business ethics, commercial geography, business success, etc.

In the teaching of the Commercial Course, THEORY AND PRACTICE are combined in such a manner as to make each an essential help to the other.

### THE SCHOOL-ROOM and COUNTING-ROOM

Are united upon a plan that secures to the student all the practical advantages of each. There is in active operation a Banking House, with Checks, Drafts, Notes, Bills of Exchange, Certificates of Deposit, etc., fully illustrating the Banking business. The school-room is elegantly fitted up with

JOBGING and IMPORTING EMPORIUMS.

GENERAL BANKING OFFICES.

COMMISSION and FORWARDING,

INSURANCE and EXPRESS OFFICES, &c.

The Student buys, Sells, Ships, Barbers, Consigns, Discounts, Tures, Draws Checks, Notes and Drafts, Gives Leases, Deeds, Etc. and goes through the entire routine of business. He becomes acquainted with changing books from single to double entry, and vice versa; and also with Joint Stock and Partnership Books, and every style and form of book-keeping practiced in well regulated Business Houses.

It is impossible for attentive and industrious students to pass through this course of business training without becoming accomplished accountants and practically educated business men. A course of business training is no less important to a merchant and farmer or manufacturer than to the merchant. If one would make farming or manufacturing pay well, he must not merely be a farmer or manufacturer but a competent business man.

### Rates of Tuition for the Business Course.

PAYABLE IN ADVANCE IN U. S. GOLD COIN.

SCHOLARSHIP for the commercial course, as above explained.

SIX MONTHS DAY SESSIONS.....\$50.00

" " NIGHT " ..... \$40.00

PARTIAL COURSE—Persons who wish a partial course, can receive instructions in the branches of the Business Course at the following rates:

THREE MONTHS DAY SESSIONS.....\$30.00

ONE MONTH NIGHT " ..... \$12.00

THREE MONTHS EVENING SESSIONS.....\$25.00

ONE MONTH " " ..... \$10.00

Students can enter at any time, there being no vacation to interrupt their progress.

Night school open to day scholars free of charge.

### The Telegraphic Institute is the Most Complete Institution of the kind in the country.

It is first class in all of its appointments, is fitted up in the most thorough manner, and its pupils receive the same practice as if in a regular office.

### Rates of Tuition for the Telegraphic Dept.

COMPLETE COURSE, for six months..... \$50.00

TELEGRAPHY, by the month..... \$10.00

To all pupils in the business Department, only one half of the above rates will be charged.

The Complete Course will include a thorough training in everything pertaining to the formation of practical and successful operators, as well as careful instruction in filling out blanks, writing up the business forms, and keeping the books pertaining to Telegraph Offices.

PUPILS FINDING IT INCONVENIENT to pay for the Full Six Month's Business Course in advance, can pursue the same by paying \$50.00 in three monthly installments of \$20.00 each.

### PREPARATORY DEPARTMENT.

THE PREPARATORY DEPARTMENT is intended for the younger pupils, and those whose early education has been neglected.

### FOR INSTRUCTIONS IN THE PREPARATORY DEPARTMENT.

SIX MONTHS DAY \$25.00 | SIX MONTHS NIGHT \$30.00

ONE MONTH " \$ 5.00 | ONE MONTH " \$ 5.00

SINGLE BRANCHES—Penmanship, one month \$5.00, three months, in advance, \$12.00. For book-keeping and different branches of the Business Course, other than penmanship, when pursued alone, the terms will be the same as for the Full Business Course, for the same length of time.

SPECIAL BRANCHES: Ornamental Penmanship, Drawing, Higher Mathematics, Surveying, Navigation, Civil Engineering, etc. are practically taught in the College at reasonable rates, the tuition varying, according to the number and length of lessons.
