

A MESSAGE FROM SECRETARY OF STATE KIM WYMAN

Washington's nonprofits provide assistance for crises locally and globally, through the everyday needs filled by food banks to the extraordinary necessities of disaster relief. I'm extremely proud that Washington employees provide resources for this noble mission.

I am honored to co-chair the Washington State Combined Fund Drive (CFD), through which more than 17,000 state and higher-education employees and retirees contribute to charitable causes through payroll contributions and office fundraising events. Money raised by the CFD is distributed to more than 3,000 charities around the world, enabling these nonprofits to continue and expand their aid work for those who need it most.

The CFD has grown to be one of the most successful giving programs in the country. Washington is America's 13th most populous state according to the U.S. Census Bureau, and Governing Magazine ranks us 12th in the number of state workers. Yet the CFD is the nation's third-largest employee giving program. In 2018 alone, our active and retired public employees pledged more than \$5.4 million to local, national and global causes through the CFD. Our employees also logged more than 13,000 volunteer hours with charities through the CFD, saving them more than \$400,000 in labor costs.

I promise to continue and promote this inspiring legacy of generosity. Thank you to all of our wonderful donors and volunteers for your determined efforts and generous contributions. Words cannot fully express how grateful we are for your selflessness.

Sincerely,

KIM WYMAN

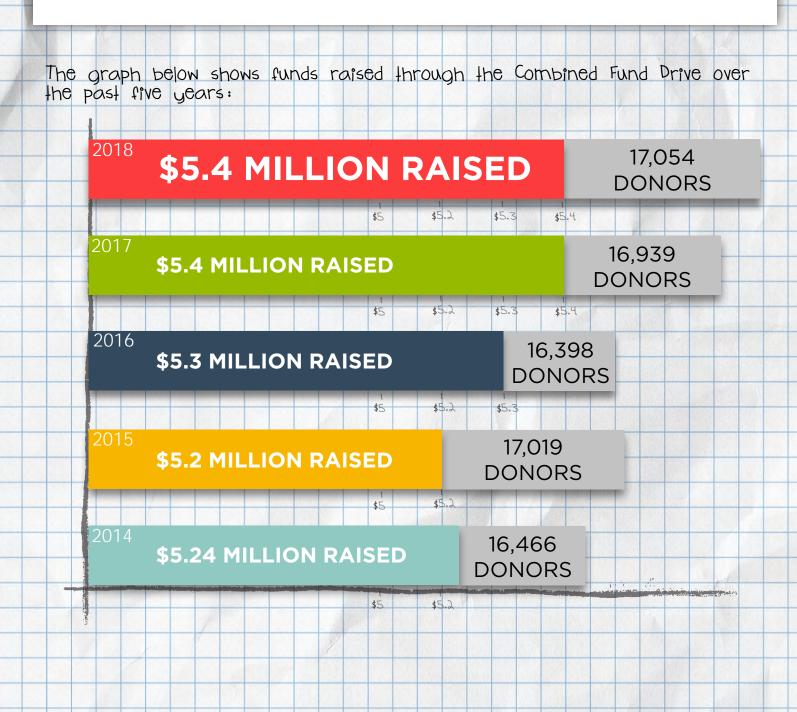

Secretary of State

Empowering Washington public employees, retirees and higher education faculty to strengthen our communities through the funding and support of charities.

With the help of our incredible volunteers and generous gifts from our donors, the Combined Fund Drive has created a legacy of giving back. In the last six years, more than \$30 million has been pledged as a result of incredibly fun and innovative giving campaigns that have entertained and inspired state employees.

DISASTER RELIEF CENTER

With so much devastation in the world, it can be hard to find a way to help. The CFD Disaster Relief Center provided an easy resource for donors looking to make a difference in regions affected around the world. In 2018, Washingtonians donated to dozens of charities assisting people, pets, and property.

Below are some of the disaster relief campaigns CFD donors participated during 2018:

HURRICANE MARIA

Hurricane Maria may have struck the island of Puerto Rico in 2017, but the effects are still being felt today. It took over 11 months for power to be restored. Washington state employees donated through their payroll to help those in need.

HURRICANE MICHAEL

Hurricane Michael was the third-most intense Atlantic hurricane to make landfall in the United States. This destructive hurricane caused lives to be lost in the U.S. and Central America, and was the costliest Atlantic hurricane. Various charitable organizations headed south towards the storm to help. Our donors showed their support through payroll contributions helping with funding and support to those in need.

INDONESIA TSUNAMI

On September 28, 2018 a magnitude 7.5 earthquake along the Palu-Koro fault line triggered a deadly tsunami in Indonesia. Violent, ten-foot waves flooded the coastal cities of Palu and Donggala. They swept away homes and businesses, and destroyed roads, bridges, and other crucial infrastructure. Officials announced that more than 2,250 people were killed, and expected the death toll to rise. CFD donors chose to help make a difference by donating directly to charities assisting in these efforts.

HURRICANE FLORENCE

Hurricane Florence ravaged the Carolinas, leaving thousands displaced and causing millions in damage. CFD donors stepped up and helped by sending funding to multiple charities assisting in those relief efforts.

WILDFIRE RELIEF

Wildfire damage crisscrossed our state, devastating California, Oregon and other regions in our nation. Washington employees came together again and helped by donating to relief efforts that assisted in saving residents, their pets, and property, and helping the displaced.

first week to give

When committed organizations and businesses team up to bring local charitable giving to their communities, it makes a world of difference.

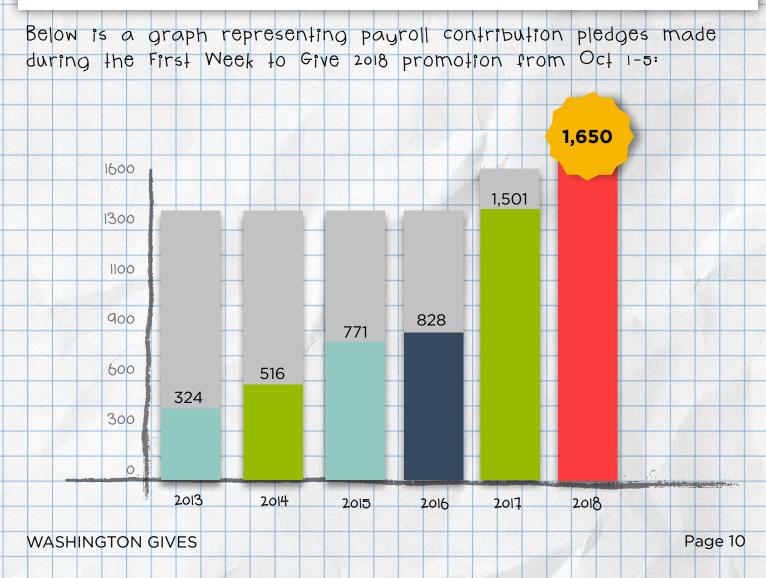

The partnership with the WSECU broke records for another amazing year during the First Week to Give. Donors gave over \$49,642 to member charities during the first week of the Annual Giving Campaign and logged 284 volunteer hours.

A big shout out and thank you to our partners for the First Week to Give:

The promotion gave a \$5 Starbucks card to any state employee who either started a new donation, or increased their current donation by \$5 or more. They could also qualify by submitting one hour of volunteering time during that week.

Thank you to everyone who took their time to donate to First Week to Give!

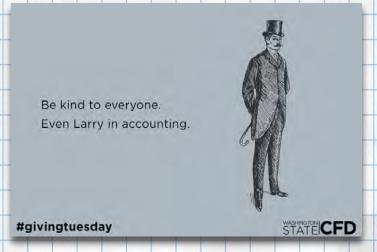

#GivingTuesdayGram

Giving Tuesday has become one of the most high profile days for giving throughout the world, and the CFD celebrated by running an online promotion that had a huge impact.

For a \$2 donation, donors sent a #GivingTuesday Gram to co-workers. An email with one of four special CFD e-cards was sent to each recipient, who then had the opportunity to see who gave them an e-card by donating another \$2 of their own.

It was a success in spreading kindness throughout the state with some laughs and love being sent! The CFD raised over \$740 with the help of 346 donors.

Thank you!

CFD NON-SPECIFIED FUND

In addition to promoting and raising funds for thousands of charities, the CFD works to raise money for the CFD Non-Specified Fund through promotions and events. Donors can choose to give through payroll contributions and fundraising events for the CFD Non-Specified Fund.

Any administrative costs associated with running the CFD are deducted from the CFD Non-Specified Fund first. Any remaining costs are charged to our member charities through a quarterly administrative fee.

2018 CFD Non-Specified Fund Payroll Contribution \$203,835.78

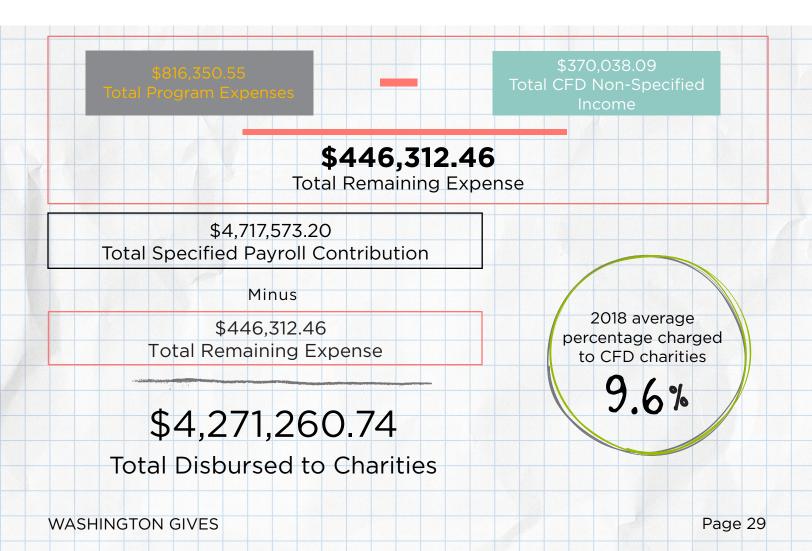

2018 CFD Non-Specified Fund Fundraising Dollars \$166,202.31

FINANCIAL BOTTOM LINE

Why do we say "average charge to charity"?

The CFD splits its remaining costs among member charities that receive funds from specified payroll contribution income that donors choose. The costs are administered as a percentage of the whole. The more a charity receives in specified contributions, the higher costs are when disbursing to their organization. Charities not receving funding are not charged an administrative fee.
