

# WASHINGTON STATE | CFD

## Campaign Leader Workshops

The Washington State Combined Fund Drive is excited to invite you to our annual Campaign Leader Workshops, scheduled for the second and third weeks in June. The state office is here to help you plan and build your agency's campaign, and the Campaign Leader Workshops are a great way to receive the tools you need to succeed.

Some of the items we will be going over during this hands-on training include:

- *CFD Basics (through a fun and interactive game)*
- *Managing your online profile (hands-on computer labs will be provided during the June 19 training)*
- *Marketing: Making the Ask*
- *Roundtable discussion on how to run your campaign*
