## Welcome

## Action Items

- If you have an organization or topic you'd like us to highlight, please let Jolyn know

## Learning and Outreach

- We welcomed Lisa Brooks from the United Way of King County. Lisa shared quite a bit about the work that UWKC is doing to get people of the street and into housing. Annie will send out one sheets about moving people off the streets and into homes. Mike shared information about DSHS job fairs and he will send Jolyn Aleni's information to forward to the United Way.

CRE just happened in Spring and this year their focus was on housing and jobs. They will be doing mini-versions at Starbucks and at Family Resource centers. They saw 100 families in 4 hours at 1<sup>st</sup> Family Friday event. Mike asked for more scheduling info to try and add mobile CSO and Basic Food/Employment to the offerings.

## Budget

- Kerri reviewed the budget with us

## Other

- Kick Off Breakfast
  - Kerri and Jolyn have been on a couple of site visits and hope to have a venue nailed down by the July meeting
- Report out – Recognition Event no-shows
  - Most of the no-shows were guests of state employees or non-profits. There were 34 no-shows, and I sent 14 emails to staff members. I had 7 responses, and there wasn't an overwhelming consensus but 3 had a last minute conflict. One item to note – Make sure locale for next year ins on/near a bus line or some kind of public transportation.
