I am pleased to present the 2021 General Election Voters’ Pamphlet. We offer this comprehensive guide as a reference to help you find information about the candidates and measures that appear on your ballot.

This general election you will have the opportunity to vote for local officials and measures that could have a significant impact on your community. Yet in order to make your voice heard, you must be registered to vote. Voter registration forms that are mailed or completed online must be received by Oct. 25, and we encourage you to check your registration information today at VoteWA.gov. After Oct. 25, you must visit your local elections office or voting center during regular business hours and until 8 p.m. on Election Day to register to vote or update your registration and receive a ballot.

Once you have completed your ballot, be sure to sign the return envelope. This is important, as election officials verify your signature matches the one on your voter registration file before they can count your ballot. Then, send your ballot via U.S. mail — no postage needed. Remember, all ballots must be postmarked by Nov. 2 in order to be counted. The U.S. Postal Service recommends that you mail a week before Election Day. You can also return your ballot using an official ballot drop box anywhere in the state. Drop boxes are open until 8 p.m. the day of the election. Check VoteWA.gov to locate a ballot drop box.

By voting, you are ensuring your voice is heard. Make an impact in your community and our state by voting this fall.

Sincerely,

Kim Wyman
Secretary of State

Statement
I was born and raised in East Wenatchee, where agriculture and small-town values were key components to our way of life. I was raised to always help your neighbor, to work for what you have, and stand up for what is right, even if you are standing alone. I will be forever grateful for the work ethics and values that my parents taught me, as that is what has helped me to succeed in my endeavors. In 2017, I accepted a position as a Deputy Prosecutor for our county and quickly advanced to Chief Criminal Deputy by August of 2017. My husband and I moved our family to Okanogan County because we value the small-town atmosphere, the community events and activities, and knowing that your neighbor is always watching out for you and ready to lend a helping hand if needed, which are values we want to teach our two young children. I am proud to call Okanogan County my home, am excited to raise my children in this community, and honored to represent our County as the Prosecuting Attorney. I have the skills, knowledge, and desire to work hard for our county, our people and our communities.

Elected Experience
It has been my honor to serve you as Mayor in our community over the last seven years. During that time, I have led the City through three close-call catastrophic wildfires, a flood, and a viral pandemic. These crises can have devastating and lasting impacts on our well-being, our families, our local businesses, and our economy. Time and again, our community has shown great resiliency fighting side by side against natural disasters and all manner of challenges. We will pull together now to recover economically. To that end, I have begun to work toward an economic development plan to help our businesses and economy become more robust. Infrastructure development, maintenance, and repairs continue to be a high priority.

Other Professional Experience
Professional career of twenty years in natural resource conservation planning and implementation. United States Army Veteran

Education
Graduated Okanogan High School in 1988
Bachelors degree from Central Washington University
Certificated in Project Management and Natural Resource Planner
Advanced Certificate of Municipal Leadership

Community Service
Served on the Board of Adjustment, City Council, and Mayor. Board member of the Economic Alliance, Council of Governments, Anti-Racism in Okanogan County

Statement
The municipal government of the City is a complex corporation led and facilitated by great local people providing needed services to the families that choose to live and work here. It would be a privilege to continue serving as Mayor, using my passion for service, my experience, and the many lessons learned from my time within our city government.

Elected Experience
In 2018 I was elected as Secretary of the Okanogan Fire Association. This position involves the detailed recording of the minutes of the Association’s monthly meetings, as well as taking part in discussion pertaining to the business of the Association and the Okanogan Fire Department. In 2019 I was elected as a member of the screening committee of the Hugh and Margie Colson Education Scholarship Trust. The committee discusses applicants’ packets, awarding tens of thousands of dollars annually to eligible students.

Other Professional Experience
I joined the Army in 2014, working as a Motor Transport Operator and the Training Clerk for my unit, where I managed every aspect of training for over 270 individual soldiers. I also performed the duties of company building manager and fire inspector, coordinating maintenance schedules and negating hazardous work environments.

Education
I experienced all of my schooling locally, except when attending Upper Columbia Academy for 3 years; receiving my diploma there in 2007. I attended Wenatchee Valley College in Omak, then moved on to earn my bachelor’s degree in Law & Justice at Central Washington University in 2012.

Community Service
I have spent time within several community-oriented organizations, including H.O.P.E., the American Red Cross and the Okanogan Volunteer Fire Department.

Statement
As a lifelong citizen of Okanogan, and an active member of the Okanogan Fire Department, I have invested a great deal of time and sentiment into the Okanogan community. I want the collective population of the city to succeed, but without compromising the values and traditions we uphold.

As a resident of Okanogan, I hold our leaders and representatives to a standard by which they will always place our citizens’ best interests first. We are a close-knit community with a diverse culture. We always take care of one another, and we should expect the same from our city officials.

Having worked in the Bridgeport School District for more than 26 years, I bring a unique perspective to the School Board. During my career I taught at the elementary, middle, and high school levels, and I have extensive experience with special programs, both as a teacher and as a director. I retired from full-time teaching in 2017, and by the end of my career I was teaching high school aged children of my former elementary students. After retirement I substituted until the COVID outbreak. Now I would like to continue my involvement with education through a position on the School Board. As a former teacher I have a good concept of the needs of students and teachers. As a 48-year resident of Bridgeport, I also know the needs of the community and I am bilingual (English-Spanish). What is best for children and their education is my only agenda. I will approach this School board position with an open mind and a willingness to listen to all points of view in order to make the best decisions for children. I would appreciate your vote for the Bridgeport School Board. Corbin for Kids!

For those of you that don’t know me, I am a Chelan High School graduate. I am employed with the Chelan County Sheriff’s Office and live in Chelan. My wife and I have two kids who currently attend Morgen Owings Elementary. Since moving back to Chelan over four years ago, I have been an active volunteer. Coaching youth sports, participating in the Santa’s Stars program, and organizing a car wash to benefit a local veteran’s family are a few of the events that I have participated in. Running for the Lake Chelan School District board member position feels like a natural progression of my desire to continue serving the Chelan community. I have a vested interest in the success of our school district. As a parent and as a law enforcement officer I am met with challenges on a daily basis that require finding creative solutions. I believe my problem-solving skills will be a valuable asset to the school board. I am looking forward to working alongside our superintendent, school district staff, and school board members, to help our future generations succeed.

I have a unique perspective of the Chelan School District, as a community member, a parent and also an educator. This experience will allow me to be a well rounded School Board Director. The School District and the Board have maintained a high quality education for the students of this community. My vision would be to continue and extend the legacy that has been established. I want a safe and nurturing environment, teachers who inspire students to become life long learners, to teach and explore the arts, music, technology and practical life skills as well as the required academic subjects. These lay the ground work for student success as they go beyond high school, with the goal of becoming responsible, participating members of a community. Our challenge is to engage innovative methods that bring all, not just some or most, but all students into meaningful and successful learning experiences.

**Statement**
I’m a proud, 3rd generation graduate of Republic High School. In 2007, my wife and I moved back to my home town, because we didn’t want to raise our children in a bigger city. We wanted them to experience a better way of life. This included being educated in a small school, with the numerous opportunities such an environment can provide. Well run schools create better communities, and at that time, the school was the center of this community. We immediately knew we had made the right decision.

I’ve become increasingly concerned about the state of our school, the education of our children, and the treatment of our teachers and staff. I believe the school district needs a new direction, one that is based on community values, mutual respect, responsibility, and a large dose of common sense. I also believe that if you’re going to complain about a problem, you need to be part of the solution. This is why I’m running for School Board. Effective leadership is the foundation of any sound organization, and we need leaders that are focused on solving the problems in our school. Only then can it once again be the center of our community.

I have a passion for community service and enjoy and appreciate the time I’ve spent serving the students, parents, district staff, and community of the Republic School District while on the board. In addition to being a school board member, I’m a parent with kids in the school. This gives me a good base of understanding on how to serve the needs of students so they receive a quality education, have ample opportunities and are prepared for life after high school. I value a safe and healthy environment for students to learn in and hope our students have fun while learning. While on the school board, I’ve supported and pushed for improvements in curriculum, facilities, nutrition, student safety, Career Technical offerings and athletics. I fully believe that we need to prepare our students for college or careers once they graduate and send them off well prepared for what’s next.

Explanatory Statement

Written by Jim McNeill, Republic School District #309 Special Council

Passage of Proposition No. 1 would allow the Republic School District to replace an existing educational programs and operation levy that will expire at the end of calendar year 2022. The taxes collected by this replacement levy will be used to pay expenses of educational programs and operation that are not fully funded by the State of Washington, including, but not limited to, music, athletics and early childhood learning. Further information is available at the District’s website https://www.republic309.org/.

The proposed three-year replacement levy would authorize collection of taxes to provide up to $495,000 each year from 2023 through and including 2025. The tax levy rate required to produce these levy amounts is estimated to be $1.47 in 2023, $1.46 in 2024, and $1.44 in 2025 (estimated levy rate per $1,000 of assessed value). The exact tax levy rate and amount to be collected may be adjusted based upon the actual assessed value of the taxable property within the District and the limitations imposed by State law at the time of levy. Exemptions from taxes may be available to certain homeowners. To determine if you qualify, call the Ferry County Assessor at (509) 775-5225 or Okanogan County Assessor at (509) 422-7190.
Argument For

The Replacement Educational Programs and Operation Levy is not an additional tax, but a continuation of the existing levy. It is a three year levy starting in 2023. The new levy will ensure the daily operation of our school’s programs. These programs include music, athletics and early childhood development as well as other educational programs and operating expenses.

The tax pays for the gap between state funding and the cost of our current programs. For a number of years the state has failed to fund the schools adequately and our local levy has to supplement our school to make up the difference. While the state has increased its support of the public schools, it still does not fully fund the state education system.

Our community has voted in the past to support our students and school district. Our students deserve the best education possible. Please vote YES for the levy!

Written By Cherie Exner

Argument Against

Local property taxpayers (homeowners and renters in their rent) are maxed out. We are still facing economic instability due to Covid-19, while many parents have incurred additional education expenses such as home tutoring, or had to quit jobs to do so themselves, for the last year and a half.

In 2018, the legislature determined levies are unfair and dramatically increased state school property taxes. Districts should no longer be relying on local levies to provide basic education because the state is now fully funding schools. The Republic SD, as of 2019-2020, is already excessively spending $17,500 per student per year for operational expenditures, capital outlays, and interest on debt. More than tuition at most private schools, and all from your taxes.

Currently, our nation’s school districts are flush with federal Covid-19 relief cash. Most are still trying to decide what to do with all the extra money. They don’t need to ask taxpayers for more. The district needs to respect hardworking taxpayers, stick to a budget, and continually reduce overhead and waste. Stop taxing people out of their homes.

The district needs to act frugally, starting now.

Written by Jeff Heckathorn

Rebuttal to Argument For

The schools are fully funded. The district has bad spending habits, and is asking taxpayers to fund their bad decisions. If needed, parents can advise on sensible belt-tightening measures. Also, for a 2023 levy, the district should be asking voters in 2022.

State taxpayers (from our dramatically increased property taxes) are the ones supplying state school funds. The constant refrain of not enough funds for schools is tiresome.

Written by Jeff Heckathorn

Rebuttal to Argument Against

This replacement levy allows our students continued access to athletics, music, early childhood learning, and other extra/co-curricular programs that are not fully-funded by the State of Washington. It is an Educational Programs and Operations levy (EPO) that replaces the expiring one to begin collection in 2022-2023.

PROPOSITION NO. 2
REPUBLIC SCHOOL DISTRICT NO. 309

CAPITAL LEVY FOR LIFE SAFETY, SECURITY AND INFRASTRUCTURE IMPROVEMENTS

The Board of Directors of Republic School District No. 309 adopted Resolution No. 2021-07-02, concerning a proposition to finance life safety, security and infrastructure improvements. This proposition would authorize the District to levy the following excess taxes, on all taxable property within the District, to make life safety, security and infrastructure improvements (including replacing/repairing roofs; upgrading HVAC; replacing elementary school fire suppression system; remodeling main entrances; and installing entry controls and security cameras):

Collection Year  Estimated Levy Rate/$1,000  Assessed Value  Levy Amount
2022      $1.48            $500,000
2023      $1.47            $500,000
2024      $1.46            $500,000
2025      $1.44            $500,000
all as provided in Resolution No. 2021-07-02.

Explanatory Statement

Written by Jim McNeill, Republic School District #309 Special Council

Passage of Proposition No. 2 would help Republic School District pay costs of making life safety, security and infrastructure improvements throughout existing school facilities, including, but not limited to: (1) replacing and/or repairing roofs; (2) upgrading and/or improving heating, ventilation and air conditioning systems and equipment (HVAC); (3) replacing elementary school fire suppression system; and (4) remodeling main entrances and acquiring, installing, replacing, implementing and modernizing entry controls, security cameras and other life safety and security systems. The School Board determined that these improvements are necessary due to deteriorating infrastructure and student and staff life safety and security needs. Further information is available at the District’s website https://www.republic309.org/.

The proposed four-year capital levy would authorize collection of taxes to provide $500,000 each year from 2022 through and including 2025. The tax levy rate required to produce these levy amounts is estimated to be $1.48 in 2022, $1.47 in 2023, $1.46 in 2024, and $1.44 in 2025 (estimated levy rate per $1,000 of assessed value). Exemptions from taxes may be available to certain homeowners. To determine if you qualify, call the Ferry County Assessor at (509) 775-5225 or Okanogan County Assessor at (509) 422-7190.

Should this proposition be approved?
LEVY . . . YES □       LLEVY . . . NO □
**Argument For**

The Capital Levy for Life Safety, Security and Infrastructure Improvements will help the district to attend to critical needs in the existing buildings. It will allow the district to replace or repair aging roofs and systems in the school which have deteriorated.

The levy allows the district to make life safety, security and infrastructure improvements in both the elementary and high school buildings. These include upgrading HVAC, replacing the elementary school fire suppression system, remodeling main entrances and installing entry controls and security cameras.

Vote YES for Republic schools and support a safe environment for our students.

Statement
As a parent in the district I have felt underrepresented on the school board as perhaps many of you have, and with circumstances being what they are, there is no time like the present to get involved. I want to encourage and empower others to participate in every level of our Constitutional Republic for ourselves and especially our children for the strengthening of our community as a whole. I’ve spent enough time researching a host of interests and also homeschooling my kids to know there are some things better left to the professionals yet that doesn’t necessarily mean carte-blanche access to any and all aspects of their lives as I still believe in the principles set forth in the Constitutions and take the Oath I swear to it most solemnly without reservation. Though the students are not yet to the age of majority, it is the role of each their respective parents to protect and prepare them in tandem with our many talented educators to help train them up with both strong minds and moral fibers as they face new challenges confident in their abilities to maximize their potential for success regardless of their chosen pursuits of happiness in life.

Sign in to VoteWA.gov to access your customized voting information.

VoteWA is a collaboration between the Office of the Secretary of State and all 39 Washington counties to create an advanced, centralized system for both voter registration and election management.
How is my ballot counted?

1. Your county receives your ballot
   Deposit your ballot in an official drop box by 8 p.m. on November 2, Election Day, or return your ballot by mail — postage paid — but make sure it’s postmarked by Election Day! Don’t let a late postmark disqualify your ballot. The USPS recommends that you mail a week before Election Day.

2. Your signature is verified
   We need your signature to accept your ballot. The signature on your return envelope is compared to the signature on your voter registration record. If the signature matches, your ballot is accepted and you are credited for voting to ensure only one ballot is counted for you.

3. Envelopes and sleeves are separated
   The return envelope is opened and the security envelope or sleeve containing your ballot is removed. They are separated to ensure the secrecy of your vote.

4. Your ballot is reviewed and scanned
   The security envelope or sleeve is opened and election staff review your ballot to verify that it can be successfully scanned. Each voting system is certified and tested before every election.

5. Your ballot is counted
   After 8 p.m. on Election Day all scanned ballots are tallied. Ballots will be scanned and tallied over the next several days until all the votes are counted.
Vote by mail
Washington votes by mail every election. We were the second state in the nation to adopt vote by mail and the first to provide all postage paid. A ballot is mailed at least 18 days before each election, ensuring you have time to cast an informed ballot without waiting in line.

Online voter registration
We offer online voter registration. Register to vote or update your address at VoteWA.gov.

Top 2 Primary
Washington uses a Top 2 Primary system where the two candidates who receive the most votes in the August Primary Election advance to the November General Election, regardless of their party preference.

No party affiliation
Washington voters do not register by party affiliation. Vote for any candidate regardless of their party preference.

Voters’ Pamphlet
Only a few states produce a Voters’ Pamphlet like this one. The state pamphlet is mailed to every household before each General Election.

Same day registration
Citizens can register and vote a ballot until 8 p.m. on Election Day.
