

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON

That the organization known as Washington Fish and Wildlife shall no longer exist in its current form. From this day forward anyone who ever held the title of Fish Biologist for that organization shall be immediately furloughed. In reorganization all staff involved with Salmon or Steelhead shall also be furloughed. All current Laws, Codes and Regulations are immediately null and void. The only personal working for the new organization shall be those who are involved with the actual production of Fish in hatcheries. Any issues needing management will be dealt with by Wildlife managers until the Washington Legislature can deal with reorganization. The Legislature is mandated to hire Ecological Specialists and not Fish Biologists in the reorganization process. Hatcheries are to be created with the funds created by the furloughs.
