WAC 434-335-330 Logic and accuracy test certification. (1) The official logic and accuracy test shall be certified by the county auditor or deputy, the secretary of state representative, and any political party observers for a state primary or general election in accordance with RCW 29A.12.130. Additionally, the county auditor must verify in writing that the version numbers for all software, firmware, and hardware of the voting system used have not changed from the certified versions.

(2) The county auditor shall provide the secretary of state representative copies of the following documents:

(a) Test results;

(b) A zero report;

(c) Signed verification of the version numbers;

(d) Signed certification of the official logic and accuracy test;

(e) A test log of:

(i) The number of accessible voting units to be used in the primary or election; and

(ii) The electronic duplication system, if electronic duplication will be used in the primary or election; and

(f) Any other documentation requested by the secretary of state representative in advance of the official test.

(3) Copies of the certification documents must be retained by the secretary of state and the county auditor. All test results, test ballots, the signed certification, and a copy of the tabulation programming or the actual tabulation equipment must be kept in secure storage ((until the equipment is used for a primary or election. The secure storage must use numbered seals and logs that will detect any inappropriate access)) as defined in WAC 434-261-045 until ballots are to be tabulated.

(4) If, for any reason, changes are made to the ballot counting programming after the official logic and accuracy test, an emergency logic and accuracy test must be conducted pursuant to WAC 434-335-310.

WAC 434-335-550 Direct recording electronic target area tests. Each county employing a direct recording electronic voting device must conduct a test to confirm that the target area indicated on each ballot face is programmed correctly. If the direct recording electronic device is going to be employed as an electronic ballot marker, the county must follow the requirements of WAC 434-335-560. Otherwise, the county must test ((all ballot styles on at least one)) each device to ensure that the programming is correctly counting and accumulating every office, measure, and selection by the voter.

<u>AMENDATORY SECTION</u> (Amending WSR 08-05-120, filed 2/19/08, effective 3/21/08)

WAC 434-335-560 Electronic ballot marker test. Each county employing an electronic ballot marker must conduct a test to confirm the target area indicated on each ballot face is programmed correctly. The county must test all ballot styles ((~~on at least one device to ensure the programming is correctly marking the target area for every office, measure, and selection by the voter~~)) <u>using the ballot marker programming and test all devices to ensure each device is marking ballots correctly</u>.
