Passed the Senate May 10, 1971.

Passed the House May 10, 1971.

Approved by the Governor May 21, 1971 with the exception of one item which is vetoed.

Filed in Office of Secretary of State May 21, 1971.

NOTE: Governor's explanation of partial veto is as follows:

VETO MESSAGE

"... This bill is a comprehensive litter control act. It established new litter control powers in the Department of Ecology, and imposes a tax upon those businesses which produce or sell items relating to the litter problem, in order to finance the administration of the act. However, by reason of the fact that the definition of "person" in section 3(7) includes state and local government, the act would by its terms impose the tax upon the State Liquor Control Board, and possibly upon certain local governmental agencies. I believe this result to be unwarranted, and accordingly have vetoed that item from section 3(7) of the act.

With the exception of the above item, Engrossed Senate Bill No. 428 is approved."

Initiative Measure To The Legislature

Ballot Title as issued by the Attorney General:

Regulating Shoreline Use and Development

AN ACT relating to the use and development of salt and fresh water shoreline areas, including lands located within 500 feet of ordinary high tide or high water and certain wetlands; requiring the State Ecological Commission, with the advice of regional citizens councils, to adopt a state-wide regulatory plan for these areas; requiring cities and counties to adopt plans to regulate shoreline areas not covered by the state plan; requiring both local and state-wide plans to be based upon considerations of conservation, recreation, economic development and public access; and providing both civil and criminal remedies for violations of the act.

BE IT ENACTED, *by the people*
of the State of Washington:

SECTION 1. Title. This act shall be known and cited as the "Shorelines Protection Act."

SECTION 2. Declaration of Policy. The people of the state of Washington hereby find and declare:

(1) That the saltwater and freshwater shoreline areas of this state are held in public trust for all the people of the state and their descendants; and that they are a valuable and endangered natural resource;

(2) That the present pattern of haphazard, inappropriate and uncoordinated development of the shorelines is:

(a) Threatening the public health, safety, welfare, comfort and convenience;

(b) Diminishing the values of the shorelines held in trust;

(c) Destroying the ecological balance of plant and animal communities;

(d) Reducing open space available for public recreation and esthetic enjoyment;

(e) Diminishing the capacity of lands and waters to produce food;

(f) Diminishing public access to publicly owned shoreline areas;

(g) Obstructing the view of the shorelines;

(h) Increasing air, water, solid waste, noise, visual and other pollution;

(i) Preventing the existence and development of properly situated and designed commercial and industrial developments requiring location in the shoreline areas;

(j) Reducing present and future job opportunities for the people of this state;

(k) Limiting public navigation;

(l) Reducing the value of private property;

(m) Reducing the attractiveness of the state to tourists, thereby jeopardizing an important state industry.

(3) That the adoption, implementation and enforcement of a comprehensive plan for the shorelines will have a significantly beneficial effect on the preservation and development of the shorelines for the public good.
