WASHINGTON
Secretary of State

Ballots mailed out by **October 21**

1 (800) 448-4881 | sos.wa.gov

On behalf of the Office of the Secretary of State, thank you for participating in our democratic process. I am pleased to present the 2022 General Election Voters’ Pamphlet to help you make informed decisions as you exercise your right to vote. This guide includes information about voting, and the candidates and measures that appear on your ballot.

Before you can participate, you must be registered to vote. Voter registration forms that are mailed or completed online must be received by Oct. 31, and we encourage you to review your registration information today at **VoteWA.gov**. After Oct. 31, you must visit an elections office or voting center during regular business hours or until 8 p.m. on Election Day, Nov. 8, to register to vote or update your registration and receive a ballot.

After you have voted your ballot, be sure to sign the return envelope. Your signature is important because election officials check that your signature matches the one on your voter registration record before they count your ballot. Next, return your ballot. If returning by U.S. mail — no postage needed — remember that ballots must be postmarked by Nov. 8 in order to be counted. You can also use an official ballot drop box anywhere in the state. Drop boxes are open until 8 p.m. on Election Day. Check **VoteWA.gov** to locate a ballot drop box or see the status of your ballot.

By voting, you are making your voice heard.

Sincerely,

Trova O’Heffernan
Assistant Secretary of State

How do I vote and return my ballot?

1

If you're registered to vote, there is no need to request a ballot. Your ballot will be mailed by **October 21** to the address you provide on your voter registration. If you need a replacement ballot, contact a county elections office listed at the end of this pamphlet.

2

Vote your ballot and sign your return envelope. We need your signature to accept your ballot. You are not required to vote every race on your ballot. We encourage using this pamphlet to help you decide.

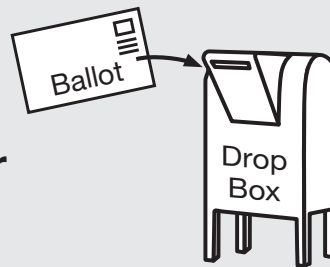

3

Return your ballot by mail, no stamp needed. If mailed, your ballot must be postmarked by **November 8**. Don't let a late postmark disqualify your ballot. The USPS recommends that you mail a week before Election Day.

Or, return your ballot to an official ballot drop box. Drop boxes are open until 8 p.m. on **November 8**. Find drop box locations at **VoteWA.gov**.

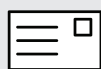

Or

If you cannot personally return your ballot, let only people you trust deliver it for you.

4

Check the status of your ballot on **VoteWA.gov** to see if it has been received by your county elections office.

Election staff will contact you before your ballot is processed if:

- Your signature is missing
- Your signature doesn't match your voter registration record

View election results online

After 8 p.m. on election night, tallied results from each county are posted at **results.vote.wa.gov**.

Results are updated as counties report and unofficial until certification.

Your district may have changed

Every 10 years, following the U.S. Census, legislative and congressional district boundaries are redrawn in a process called redistricting.

Redistricting ensures that each district has about the same number of people, which means equal representation in government.

As a result of redistricting, you may have been assigned to a new legislative or congressional district.

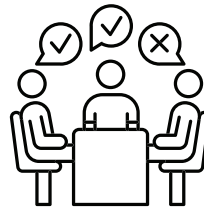

If you have changed districts, you will vote on different legislative or congressional races, beginning this year.

For more information about new district boundaries or the redistricting process, visit www.redistricting.wa.gov.

How do I know if something is true?

When reviewing online or printed information, think about:

- Who made this, and who is it for?
- Why did they make it?
- When was this made?
- What makes it believable?
- How might other people read this message?
- Ask the experts — consult a fact-checking site or ask an official source. Get trusted info from your county auditor or elections office.

i Advisory votes are the result of Initiative 960, approved by voters in 2007. The Office of the Secretary of State publishes the Attorney General's advisory vote description according to RCW 29A.72.283.

You are advising the Legislature if you do or do not favor a tax increase passed during the recent legislative session.

Repeal — means you **don't favor** the tax increase.

Maintain — means you **favor** the tax increase.

**Advisory votes are non-binding.
The results will not change the law.**

40

Engrossed Substitute House Bill 2076

The legislature imposed, without a vote of the people, premiums on “transportation network companies” to provide workers compensation to their drivers, costing an indeterminate amount in its first ten years, for government spending.

This tax increase should be:

- Repealed
- Maintained

Ten-Year Projection

Provided by the Office of Financial Management
For more information visit www.ofm.wa.gov/ballot

Engrossed Substitute House Bill 2076 (ESHB 2076) Narrative Explanation (required for Indeterminate Cash Receipts)
<p>Section 1 requires transportation network companies (TNCs) to remit \$0.15 of every passenger fare quarterly to the newly created Driver Resource Center Fund beginning July 1, 2024. How much is collected will change each January 1 because remittance will be adjusted each year based on inflation. In addition, the Department of Labor & Industries has no way to predict how many passenger fares will be remitted or how many TNCs will be subject to interest and penalties due to failing to remit payments by the deadlines. For these reasons, fiscal impact associated with section 1 is indeterminate.</p> <p>Section 11 of the bill directs L&I to assess premiums for TNC drivers only for hours while the driver is engaged in passenger platform time and dispatch platform time effective January 1, 2023. These premiums would be used for potential future claims and would be deposited in the Accident and Medical Aid Accounts. L&I anticipates that there would be additional claims filed by these workers and L&I would receive additional premiums for this coverage. However, there is not sufficient data on these workers to determine the volume of additional claims or the level of additional premiums. This section of the bill is indeterminate.</p>

Federal Qualifications & Responsibilities

Except for the President and Vice President, all federal officials elected in Washington must be residents of the state. Only federal offices have age requirements above and beyond being a registered voter.

Congress

The United States' Senate and House of Representatives have equal responsibility for declaring war, maintaining the armed forces, assessing taxes, borrowing money, minting currency, regulating commerce, and making all laws and budgets necessary for the operation of government.

United States Senator

Senators must be at least 30 years old and citizens of the U.S. for at least nine years. Senators serve six-year terms. The Senate has 100 members; two from each state.

The Senate has several exclusive powers, including consenting to treaties, confirming federal appointments made by the President, and trying federal officials impeached by the House of Representatives.

United States Representative

Representatives must be at least 25 years old and citizens of the U.S. for at least seven years. Representatives are not required to be registered voters of their district, but must reside in the state. Representatives serve two-year terms.

The House of Representatives has 435 members, all of whom are up for election in even-numbered years. Each state has a different number of members based on population. After the 2010 Census, Washington was given a 10th Congressional District.

Statement

These last few years have been some of the toughest for our state that I can remember. But that has only made me more determined to be a strong voice in the other Washington for our workers and families—one who listens to the people of our state first and foremost, and always stands up for our values and priorities.

As your Senator, I focus on results and concrete ways I can make life better for people in our state. I led the Senate in passing legislation last year to get our kids back into the classroom safely, make COVID vaccines available to everyone who needed them, and help small businesses and families make ends meet through difficult times.

Right afterward, I got to work to help pass the Bipartisan Infrastructure Law, which will create good-paying union jobs in every part of our state, improve public transit, expand lower-cost clean energy, establish universal broadband, and upgrade our bridges, ferries, and ports to strengthen supply chains.

And, I negotiated a bipartisan budget that funds local priorities Washington workers and families like you have told me about, like helping veterans find housing and expanding job training.

I will always stand up to those who want to roll back workers' rights, jeopardize American democracy, or ban abortions. I believe the economy should work for everyone in our state, not just those at the very top. Instead of tax cuts for the rich, I want to lower families' costs for basics like health care and child care—make housing, college, and career and technical education more affordable, and invest in American manufacturing to bring good jobs back home.

I ask for your vote so I can keep fighting for you and everyone here in Washington state.

Statement

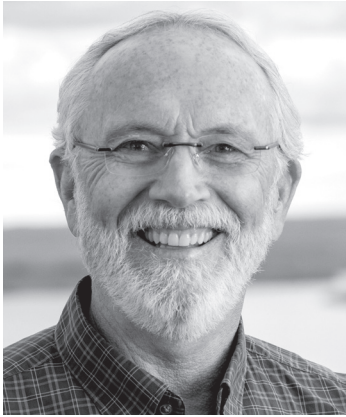

Tiffany Smiley grew up on a farm in rural Washington and dreamed of becoming a nurse. When she married her high school sweetheart, Scotty Smiley, and achieved her goal of becoming a triage nurse it seemed she'd achieved her version of the American Dream. That dream was shattered in April of 2005 when she was informed that her husband had been blinded by a suicide car bomber in Mosul, Iraq. At 23, Tiffany quit her nursing job and flew to Walter Reed Army Medical Center to be by Scotty's side.

At Walter Reed, Tiffany had to stand up to the federal government and fight for Scotty, his dreams and the care he had earned. For Tiffany, her experience with the military bureaucracy highlighted the challenges facing many service members and their families. Tiffany became their voice, going to Capitol Hill and meeting with anyone who would listen to her. She built coalitions with members from both sides of the aisle which ultimately resulted in real reform of the VA to help the catastrophically injured and their caregivers.

Drawing on her experiences as a veteran's advocate, Tiffany will build coalitions and work for policies that improve public safety and protect Washington families, combat spiraling gas prices and the inflation that's hurting the middle class and address the homeless crisis plaguing our communities. Tiffany will be a strong supporter of our men and women in law enforcement whose sacrifices keep our streets safe and allow Washington communities to thrive. As the mother of three school-age boys, Tiffany will invest in our schools to provide every child with a brighter future. Tiffany has earned the endorsement of the Washington State Republican Party. From a small farm in Eastern Washington to the nation's capital, Tiffany will be a voice for all of Washington.

Dan
Newhouse

(Prefers Republican Party)

Elected Experience

Chairman of Congressional Western Caucus, 2021 – Present. Central Washington’s Representative in Congress 2015 - Present. Washington State House of Representatives 2003-2009.

Other Professional Experience

Washington State Department of Agriculture Director, 2009-2013. Operates an 850-acre farm near Sunnyside where he grows hops, tree fruit, grapes, and alfalfa.

Education

Bachelor of Science, Agricultural Economics, Washington State University. Graduate of the Ag Forestry Leadership Program.

Community Service

Past President, Hop Growers of America, Hop Growers of Washington, and Yakima County Farm Bureau. Former member of the Columbia River Task Force and Central Washington Fair Board. Current NRA member.

Statement

Dan Newhouse is a champion for us in Congress. He pushes government to live within its means and cuts red tape so jobs can grow. He solves problems and stands up against the reckless spending that is causing the highest inflation in 40 years. As Chairman of the Congressional Western Caucus, Newhouse leads the charge to lower gas prices by unleashing the American energy sector and making the U.S. energy independent. And he tirelessly fights to protect our Snake River Dams and the clean, renewable hydropower they provide to Central Washington.

Dan understands this region. He’s keeping the Federal government accountable to clean up Hanford. He’s advancing forest management to reduce wildfire risk. And he knows the best land-use decisions come from local leaders and landowners, not federal bureaucrats.

A third-generation Yakima Valley farmer, Dan knows the threat China poses to American food security and national security. He authored the legislation that prohibits the Chinese Communist Party from purchasing any more American farmland.

Dan stands up against the radicals who want to “defund the police.” He works to increase funding to our local police departments and impose harsher punishments on criminals who target police officers. You can count on Newhouse to Back the Blue.

Newhouse is a champion for our veterans and wrote the law to make sure no veteran is ever denied emergency medical care. And to seniors: Dan will protect Social Security. You paid into the system, and Newhouse will help ensure the government keeps its promise to you.

Dan has been commended by business groups, Second Amendment supporters, pro-life organizations, and land rights advocates for his commitment to pro-jobs policies, traditional values, and individual liberty. He brings conservative Central Washington values to Washington, DC. Please vote to keep Republican Dan Newhouse working for us in Congress.

Statement

Central Washington has a bold history of accomplishing incredible feats of engineering and a track record of visionary leadership. Our grandparents faced the daunting and overwhelming challenge of getting water to farmers and electricity to their homes. They tackled big problems with grit and determination.

Our ability to work together has been lost. Central Washington has been abandoned by Washington DC. It is the job of our Members of Congress to get people's attention, pass legislation and get things done. We have lost decades where we could've been creating a new generation of prosperity and increased quality of life for every resident here.

I come from a fourth-generation farming family in Yakima. I own and operate a small business that delivers locally grown meals to families in Yakima. For years, my previous business took me all over the world helping companies with marketing, technology, and improving their bottom line. I came back because Yakima is home.

I know we can turn this around. But, we have to stop the politics of division. If you are looking for a campaign that bickers about partisan issues that are designed to pull people apart, this is not your campaign. The goal of this campaign is to bring all people together to get things done. I've listened by holding town halls from the Methow Valley to Klickitat County. I've heard you want to keep our tax dollars here to invest in infrastructure, broadband, healthcare, housing and education. I'll protect medicare and social security, work with community leaders to develop programs to keep kids away from a path of crime and provide the police the support they need. Childcare and protecting our right to privacy are central to our maintaining a strong workforce. I'd be honored to earn your vote.

Other Professional Experience

Worked at family-owned orchard and fruit stand for 13 years.

Education

Executive MBA University of Washington, BA Pensacola Christian College.

Community Service

Strong advocate for military families, veterans, farmers, small business owners, students, and people with disabilities.

Statement

I'm blessed to represent the hardworking people of Eastern Washington and serve as your voice in Congress. Every week, I have the privilege of going to Washington, D.C. to fight for you – the veterans who selflessly served our country, the small business owners driving our economy, the farmers putting food on the tables of families around the world, and the next generation of entrepreneurs chasing after the American Dream.

As the Lead Republican on the Energy and Commerce Committee, I've had the opportunity to deliver results on some of the issues most important to Eastern Washington.

From securing America's energy future and making health care more affordable to protecting free speech and closing the digital divide, our committee has been at the forefront. In 2021 alone, I introduced 11 bills that were brought to the House floor, and I continued my work for you by helping lead 149 other pieces of legislation.

Additionally, I helped pass 64 bills out of the Energy and Commerce Committee and onto the House floor, 9 of which were signed into law.

In Congress, I will continue to make our nation's energy independence a top priority. I recently introduced a bill to flip the switch on American energy, restore our dominance on the world stage, and turn away dangerous adversaries like Russia and Venezuela. This is the key to providing hardworking families in Eastern Washington with the reliable and affordable energy they need to keep the lights on.

There is a lot to be excited about in the year ahead. Together, let's imagine what's possible and work hard to make it happen. I am grateful for the support of my family and all of you throughout this journey. It's time to get to work Eastern Washington.

Statement

I'm running because so many of us feel left out of decisions made in Washington, D.C. Our current Congresswoman is out of touch, rarely present, and has become part of the divisive extremism pulling our nation apart and eroding American values.

I offer a different vision. I'm a fourth generation Eastern Washingtonian from Spokane's Hillyard neighborhood. I'm proud to be raising my kids and running my practice here. My childhood was marked with hard times and family struggles, but I developed a strong work ethic and determination to secure a better future that I'll take to Congress.

I started my campaign by listening, holding town halls from Pend Oreille to Walla Walla, calling thousands of voters, and doing something our current Congresswoman refuses to do: answer questions directly. I've heard from folks across our district the importance of prioritizing Jobs, Families, and our Democracy.

Workers and families are struggling to make ends meet with the high price of gas, groceries, housing, and childcare. As a mom and business owner, I get it. Too many are at risk of going broke if they get sick or injured. Corporations making record profits, while paying poverty wages and unduly influencing policy, is not acceptable. We must ensure government works for the People, regardless of appearance, abilities, or address. I will prioritize tackling inflation, strengthening Unions, improving healthcare access and lowering costs, reducing education costs and debt, investing in childcare, expanding rural broadband, fixing roads and bridges, addressing climate change, and protecting voter rights.

Together, we can stop the extremism, the partisanship, and find common ground to move our communities forward. I'd be honored to earn your vote.

Endorsed: State Senator Andy Billig, State Representative Marcus Riccelli, State Representative Timm Ormsby, Former State Senator Lisa Brown, WA State Labor Council AFL-CIO, and many more.

Statement

For far too long, people in this district have dealt with top-down leadership, in which decisions are made without the consent or cooperation of the people affected. It is time for community based servant leadership that is honest, transparent, and with integrity. We can't get more functional systems of education, employment, housing, policing, infrastructure or healthcare without starting at the root cause: the lack of adequate resources within the communities themselves.

I make a firm commitment to make no decisions without first learning from the people those decisions will affect. I offer to represent the people not by command or decree but by cooperation. Together, we can craft a better future for all in the 15th legislative district. As your state Senator, I will serve and represent all our communities and advocate for real and lasting change. How is my ballot counted?

1

Your county receives your ballot

Deposit your ballot in an official drop box by 8 p.m. on November 8, Election Day, or return your ballot by mail — postage paid — but make sure it's postmarked by Election Day! Don't let a late postmark disqualify your ballot. The USPS recommends that you mail it back at least one week before Election Day.

Election staff will contact you before your ballot is processed if:

- Your signature is missing
- Your signature doesn't match your voter registration record

2

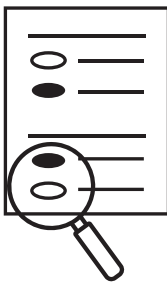

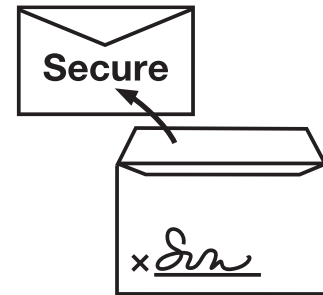

Your signature is verified

Your signature is important and we need it to accept your ballot. The signature on your return envelope is compared to the signature on your voter registration record. If the signature matches, your ballot is accepted and you are credited for voting to ensure **only one** ballot is counted for you.

3

Envelopes and sleeves are separated

The return envelope is opened and the security envelope or sleeve containing your ballot is removed. They are separated to ensure the secrecy of your vote.

4

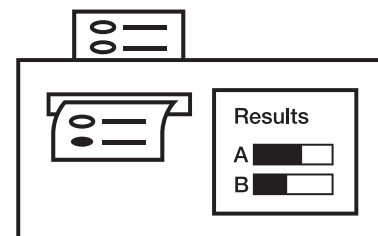

Your ballot is reviewed and scanned

The security envelope or sleeve is opened and election staff review your ballot to verify that it can be successfully scanned. Each voting system is certified and tested before every election.

5

Your ballot is counted

After 8 p.m. on Election Day all scanned ballots are tallied. Ballots will be scanned and tallied over the next several days until all the votes are counted. Every county conducts a post-election audit.

ELECTIONS ARE SECURE AND ACCURATE

Tabulation equipment is certified by the Washington Secretary of State and the federal Election Assistance Commission. The system is never connected to the internet.

Logic and Accuracy

- Before each election, a public logic and accuracy test is conducted to ensure that voting equipment is ready for use and properly prepared to count ballots.
- The logic and accuracy test is verified by independent observers and the Office of Secretary of State.

Post-Election Audit

- Post-election audits are conducted prior to the certification of each election.
- The office to be audited is selected by political party and nonpartisan observers.
- Batches to be audited are randomly selected.
- The audit compares the vote totals from the tabulation system to a hand count of physical ballots.

Statement

Moving to Franklin County in the late 50's as part of the Columbia Basin Project, my family as most were WWII Vets looking to make something out of mostly nothing, just sand. The values that I learned from my parents and those pioneers, set a foundational belief in me of our Constitution and God given rights that these and others before them had fought for. I believe in these rights and will stand to protect and preserve them.

Having been appointed by the Commissioners and then Elected in November of 2021 to fill the remaining term. I immediately went to work to establish a set of Core Values and Guidelines for Ethics, Fairness, Honesty and Integrity, built on Caring, Courtesy and Respect. Focusing on never being satisfied with the status quo and continually setting high measurable goals.

I will continue to work hard to earn your trust, confidence, respect and support, not compromising my Constitutional Oath and Value's. We have made great progress and will continue to develop the Assessor's office into one that is adequately staffed, highly trained and equipped to meet the responsibilities of serving the residents of Franklin County.

Statement

I am Matt Beaton and I want to continue to be your Franklin County Auditor. I am committed to bringing you strong leadership in county government. I continue to press for transparency and accountability. I recently pressed for the release of a sealed decade old independent report completed after an audit uncovered our state's largest fraud right here in Franklin County. The report was never released as originally intended but sealed for "legal reasons". It's time the people of Franklin County see what it says about their government.

I will build an Elections Team for the next 10 Years. The national election in 2020 raised a lot of concerns in the elections field. We have listened to the public and will work to support the integrity of the results.

These last several years have been challenging for our County, State and Nation. The Auditors Department team are dedicated to maintain the professional service you have come to expect. They have worked to keep the workplace and customers safe while maintaining full hours throughout the pandemic.

I will continue to work hard on your behalf to make sure we have an efficient and cost-effective government in Franklin County. Thank you.

Since becoming Commissioner, the Franklin County Emergency Fund is being replenished and previous shifting of Road Dept. funds to the General Fund has been curtailed. The Drug Needle Share was removed from Franklin County. Presently, I am concerned with Franklin County Roads and movement of people and goods; escalating property assessments; upholding your constitutional rights and your choice during any pandemic or crisis. Statement

As a lifelong resident of Franklin County, I care about what happens in our county, and I want to protect what's working in the county and improve what's not. Franklin County continues to grow at a rapid pace and I want to ensure priority issues are well represented on the Board of Commissioners. The last four years there have been controversial issues that have not been dealt with effectively. I have the experience and qualifications in county government, successful board, committee and project assignments that have included county, bi-county, state and national appointments, in water quality, criminal justice and public safety, environmental land use, and solid waste. I have experience in working with individuals from diverse backgrounds, I have a collaborative leadership style, and I represented my constituents by making decisions in the best interest of the entire county. With Franklin County being one of the fastest growing counties in the U.S., this puts a strain on our community, our schools, on our air and water. It is imperative that we develop growth over the next 20 years responsibly while protecting our agricultural land, natural resources, and our quality of life.

Please vote for Rick Miller for Franklin County Commissioner.

I have been a licensed Washington State Funeral Director and Embalmer since 1988. I am an American Board Medicolegal Death Investigator since 2019.

Education

I graduated from Connell High School 1980, I received an Associate degree from BYU Idaho in 1985, followed by a Mortuary Science degree from Cypress Mortuary School in 1987.

Community Service

I sat on the Franklin County Board of Equalization. I have helped out in many positions in my church. Also, I helped out at Chiawana High School career days.

Statement

During my tenure as Coroner, I have obtained the status of American Board of Medicolegal Death Investigator and have required that of all full time staff. The Coroner's Office received full accreditation by the International Coroner's and Medical Examiners association.

I have built trust and a cohesive working relationship among many other agencies that has been crucial to solving complex issues during investigations. These partnerships include law enforcement agencies, Forensic Pathologists, prosecutors, defense attorneys and county commissioners.

Throughout this positive change I have committed to being financially responsible which included staying under budget every year. Through grants and cooperative agreements I have brought equipment, training, and expertise to our Office that has enabled us to be timely, effective, and thorough in our service to the community.

My goals for the next term if I am re-elected are to complete a regional autopsy facility and in-house pathologist in coordination with several surrounding counties. Also, I will create a Toxicology lab at the Franklin County Coroner's Office, funded primarily through grants and state funds. Finally, I will continue to provide a professional and compassionate Coroner's Office.

I ask for your support in my re-election as the Franklin County Coroner.

Statement

The criminal justice system touches each of us personally, even if we never set foot in a courtroom. I have spent countless hours meeting with families of murder victims, parents who have lost children to crime, drugs, suicide, and with others impacted by life's tragedies. We raised our family in this community, so I have a strong connection with all of you. I look forward to continuing to serve as your prosecutor.

Our county recently partnered with Benton County's Veteran Court program, and we hope to expand participation. As a Civil Affairs Officer in the Army Reserve, I recognize the duty we owe to those who have served our nation and face challenges upon return to civilian life. Programs like the veteran court, drug court, and mental health court have been examples of successful therapeutic courts in our community.

I have served as your prosecuting attorney for the past 12 years. I hope I have earned your trust to do the right thing even when it may be difficult. Effective leadership is not measured during calm seas but how one navigates life's storms. I will continue to lead with honor and integrity as your Franklin County Prosecutor.

Elected Experience

Other Professional Experience

Steve is a registered professional engineer in the State of Washington.

Education

BS in mechanical engineering from Brigham Young University.

Community Service

Steve has served as a leader in his church in both adult and youth organizations. He has served in various positions in the Boy Scouts of America, including scoutmaster for 7 years.

Statement

Education is vital to our success both as a community and as a country. For the past 8 years I have served on the Pasco school board, working together with district leadership to determine the best educational vision and priorities for the success of our children. While these past two years have been challenging, we are moving forward again. I am committed to taking the lessons we have learned and building on them to make our education system even better.

I believe we need a strong public education system that serves all of our children – one that will prepare them for productive and happy lives. This depends largely on our ability as a system to teach the basics – reading, writing, math and science. It also depends on our students learning about their great heritage and the blessing it is to be an American. Not divided by race or religion or any other classification, but Americans.

I am asking for your support to return me to the board. It is my goal to continue to work on needed improvements while highlighting and building on the many good things that are happening in our school district.

Elected Experience

I have no elected experience, but I'm a Pasco mom and a well respected educator and eager to bring new ideas to the board.

Other Professional Experience

I'm an educator with 6 years of experience in the classroom.

Education

Pasco High School; Bachelor of Arts in K-8 Elementary Education - WGU Washington; Master of Arts in English Language Learning Education - WGU Washington.

Community Service

I visit my students' homes at the beginning of every school year to build relationships with them and their parents. I proudly volunteer at after school activities. I dedicate my spare time to my family and my three dogs.

Statement

I'm a proud native of Pasco and my two children attend Pasco schools. As a bilingual elementary dual language teacher, I know what is necessary for schools to be effective places of learning. Students benefit most when schools are safe and welcoming environments. Mental health must be a priority.

I believe expanding our Career and Technical Education programs will help prepare our children to be productive citizens in the real world ahead of them. I will support Pasco's growing dual language program by providing teachers and students with the resources they need to effectively educate multilingual students. I will work in conjunction with district staff to ensure that our adopted curriculums meet state standards and provide a rigorous education to our students.

We must address the root causes of the teacher and substitute shortage to ensure our students are receiving the best education possible. Lowering classroom size across all grade levels will also benefit students as they receive more one-on-one time with their teachers. As a steward of your hard earned tax dollars, I will work collaboratively with the public and district to make smart, budget conscious decisions that will positively impact student achievement. I'm grateful for your vote.

Statement

Thank you for the opportunity to serve the ratepayers of the Franklin County PUD over the last decade. I ask you for the opportunity to serve one final term.

I believe that I have been able to bring positive change to the PUD through my past years of service helping to stabilize rates and make us more competitive with other PUD's. Additionally, I have helped to leverage the PUD's investment in broadband to the point where it is now profitable, and have worked to correct decisions on a failed natural gas generation facility. Every decision that I have made has been to try to make the PUD safer, more efficient, and less of a financial burden to the ratepayers who are really the owners of the PUD.

I have been a Franklin County resident and PUD ratepayer for 36 years. As a self-employed civil engineer, and small business owner, I have a clear understanding of the importance of low, stable utility rates and the importance of a reliable electric system. I believe that I have helped to improve the PUD.

I would like to continue to be your PUD Commissioner.
