A message from Assistant Secretary of State Mark Neary

On behalf of the Office of the Secretary of State, I am pleased to present the 2020 General Election Voters' Pamphlet. We offer this comprehensive guide as a reference to help you find information on the candidates and statewide measures that appear on your ballot.

This general election gives you the opportunity to have a say in our government at the local, state, and national levels, and to choose who will serve as our nation's next president. In order to have your voice heard, you must be registered to vote. Voter registration forms that are mailed or completed online must be received by October 26, and we encourage you to check your registration information today at **VoteWA.gov**. If you are reading this message after October 26 and you are not registered, have moved since the last time you voted, or did not receive a ballot, you can go to your local elections office or voting center during regular business hours through 8 p.m. on Election Day to register to vote and receive a ballot.

Once you have completed your ballot, you can send it via U.S. mail — no postage needed — but remember, all ballots must be postmarked by November 3. A late postmark could disqualify your ballot. The USPS recommends that you mail a week before Election Day. After that, we recommend using an official ballot drop box. Drop boxes are open until 8 p.m. on November 3.

We are committed to ensuring a safe and secure election for all Washingtonians, especially during this challenging time. Returning your ballot through the mail or at one of nearly 500 ballot drop boxes statewide can help you maintain proper social distancing and stay healthy. To locate a ballot drop box, visit **VoteWA.gov**. For more information about COVID-19, visit **coronavirus.wa.gov**.

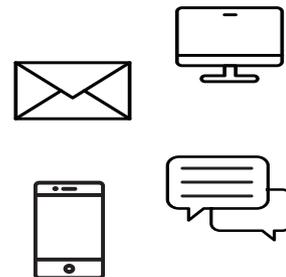

Sincerely,

Mark Neary
Assistant Secretary of State

Explanatory Statement

Written by the Office of the Attorney General

The Law as it Presently Exists

School districts may choose to provide, or not to provide, sexual health education. Parents or legal guardians may have their children excused from any planned instruction in sexual health education.

If the school district offers sexual health education, it must be medically and scientifically accurate. It must also be age-appropriate and appropriate for students of any gender, race, disability status, or sexual orientation. It must include information about abstinence and other methods of preventing pregnancy and sexually transmitted diseases. It cannot consist only of information about abstinence.

A school may choose to provide comprehensive sexual health education using separate outside speakers or a prepared curriculum. Sexual health education must be consistent with guidelines developed by the state Department of Health and the Office of the Superintendent of Public Instruction. The Superintendent of Public Instruction and the state Department of Health must make these guidelines available on their web sites.

The Superintendent of Public Instruction, consulting with the state Department of Health, develops a list of sexual health education curricula that are consistent with state guidelines. State law encourages school districts that choose to offer sexual health education to review their program and choose a curriculum from the state list. School districts may choose or develop any other curriculum that complies with state law.

Any parent or legal guardian may review the curriculum offered in their school district.

The Effect of the Proposed Measure if Approved

The Legislature recently passed a bill that would change the law about sexual health education. If the voters approve Referendum 90, then the law would change as described below. If the voters reject Referendum 90, then the law will remain as summarized above.

Referendum 90 would require public schools to provide comprehensive age-appropriate sexual health education. Parents and legal guardians would continue to have the choice to exclude their students from sexual health education.

Comprehensive sexual health education would mean

age-appropriate instruction in human development and reproduction. Districts would use curriculum, instruction, and materials that are medically and scientifically accurate. The instruction must use language and strategies that avoid discrimination against any student. Comprehensive sexual health education must include information about affirmative consent and bystander training. This means teaching about a conscious and voluntary agreement to engage in sexual activity as a requirement before sexual activity.

The curriculum, instruction, and materials would vary by grade level. For students in kindergarten through grade three, it must be instruction in social-emotional learning that is consistent with standards and benchmarks established by the Office of the Superintendent of Public Instruction. For students in grades four through twelve, it must include information about six topics. These are:

- The physiological, psychological, and sociological developmental processes experienced by an individual;
- The development of intrapersonal and interpersonal skills to communicate, respectfully and effectively, to reduce health risks, and choose healthy behaviors and relationships that are based on mutual respect and affection, and are free from violence, coercion, and intimidation;
- Health care and prevention resources;
- The development of meaningful relationships and avoidance of exploitative relationships;
- Understanding the influences of family, peers, community, and the media throughout life on healthy sexual relationships; and
- Affirmative consent and recognizing and responding safely and effectively when violence, or a risk of violence, is or may be present with strategies that include bystander training.

The law would phase in over time. Public schools must provide comprehensive sexual health education in grades six through twelve beginning in the 2021-22 school year. They must begin doing so in all grades in the 2022-23 school year. Public school districts must provide comprehensive sexual health education at least once to students in kindergarten through grade three, once to students in grades four through five, twice to students in grades six through eight, and twice to students in grades nine through twelve.

The Office of the Superintendent of Public Instruction must keep training materials up to date. Public school districts may either choose a curriculum from the list

developed at the state level or choose other curriculum. A district choosing a curriculum that is not on the state list must make sure that it complies with state law and consult with the Office of the Superintendent of Public Instruction. The Office of the Superintendent of Public Instruction must provide technical assistance to public schools.

At the beginning of the 2021-22 school year, public schools must let parents and legal guardians know that they will provide comprehensive sexual health education. The district must provide access to all such course materials that it will use during the school year.

Public school districts must report to the Office of the Superintendent of Public Instruction the curricula used to provide comprehensive sexual health education. The report must describe how it aligns with state law requirements. The Office of the Superintendent of Public Instruction must summarize this information and report it to the Legislature.

Fiscal Impact Statement

FISCAL IMPACT SUMMARY

Engrossed Substitute Senate Bill 5395 was enacted in the 2020 legislative session, but has not gone into effect because the voters submitted petitions to refer the measure to the November 2020 general election ballot. If the voters approve the referendum, ESSB 5395 would go into effect. There would be no fiscal impact to state government in the 2019–21 biennium and ongoing. There would be a fiscal impact to local government (school districts), but the impact is indeterminate. There are no known state or local revenue impacts that would result from the passage of this measure.

SUMMARY

Referendum 90 places Engrossed Substitute Senate Bill 5395 (ESSB 5395) onto the 2020 general election ballot for approval or rejection by the voters.

Beginning September 1, 2021, ESSB 5395 would require every public school district to offer comprehensive sexual health education from a list of curricula provided on the Office of Superintendent of Public Instruction's (OSPI) website, or choose their own curricula using a tool provided by OSPI. Additionally, OSPI would be required to report to the Legislature data collected from school districts about the curricula they used to provide comprehensive sexual health education. Section 1(5)(a) of ESSB 5395 requires the Department of Health (DOH)

to consult with OSPI on the development of a list of comprehensive sexual health education curricula that are consistent with the 2005 guidelines for sexual health information and disease prevention and the Washington state health and physical education K–12 learning standards.

GENERAL ASSUMPTIONS

- If approved, the effective date of the referendum is December 3, 2020.
- The fiscal estimates use the state's fiscal year of July 1 through June 30. Fiscal year 2021 is July 1, 2020 to June 30, 2021.

REVENUE

The referendum has no known state or local revenue impact.

EXPENDITURES

A vote to approve the referendum would result in no costs for state government, specifically OSPI and DOH. School districts may incur costs, but those costs are indeterminate and are dependent upon local decisions regarding the adoption process and training for any new curriculum adopted.

State expenditures

Curricula. OSPI currently offers a list of curricula as part of its open education resources. There is no additional cost associated with maintaining sexual health education curricula.

Review Tools. OSPI currently offers a review tool for districts to use when selecting comprehensive sexual health education. The tool would require very little modification to be used as directed in the bill. There is no additional fiscal impact related to staff time to accomplish this work.

Data Collection. OSPI currently collects district-level data related to comprehensive sexual health education. No expenditure impact is anticipated as a result of this additional data collection requirement.

Reporting: OSPI is currently required to report on sexual health education to the Legislature. The time involved in reporting the results of the data reporting is already believed to be captured; therefore, no expenditure impact is expected.

School district expenditures

Curricula. School districts may use free sexual health education curricula that is available. Any curricula costs for districts not currently offering comprehensive sexual health education, or not using curricula that meets the standard in ESSB 5395, would be discretionary. Should districts choose curricula at

a cost, two federally-funded grant programs are available to provide financial assistance to districts for implementation. DOH administers the Personal Responsibility Education Program (PREP), and Planned Parenthood of the Great Northwest and Hawaiian Islands administers the Teen Pregnancy Prevention Program (TPPP). Both are funded by the U.S. Department of Health and Human Services Office of Adolescent Health.

Professional Development: ESSB 5395 does not require that districts send their teachers to training or provide any other professional development opportunities in comprehensive sexual health education. Any costs incurred by districts for professional development would be discretionary. To manage discretionary costs, districts could choose to send teachers to professional development opportunities offered by OSPI at no cost.

Districts could incur costs for travel and substitute teacher reimbursement.

Adoption of Curricula. Adoption costs are dependent upon local school district practices. It is assumed that districts changing their curricula will use current adoption processes and available financial resources, therefore, no additional costs will be incurred. However, districts may be impacted by changing their curriculum adoption schedule, substituting the adoption of sexual health education curricula in the place of currently planned curriculum updates. If they choose to add sexual health education curricula to their adoption process, this could result in additional costs for curriculum review, meetings, and public comment. There is no way to estimate statewide costs of the adoption processes; therefore, there is an indeterminate fiscal impact on districts.

Argument for

Approve Referendum 90 for Safe and Healthy Kids

Young people in every community deserve age-appropriate information and resources to make good decisions about sex and relationships, to enable them to protect their health, keep themselves safe, and build their futures. Right now, too many students are not receiving high-quality, medically-accurate sexual health education, putting them at immediate risk of harm.

Approving Referendum 90 will uphold a new Washington law requiring all public schools to teach age-appropriate, inclusive, comprehensive sex education. This starts with social and emotional learning for younger students and includes teaching older students about ways to prevent pregnancy and practice affirmative consent.

It will keep kids healthy

Studies show young people who receive quality sex education are less likely to partake in risky sexual behavior, experience unintended pregnancy, or get a sexually transmitted infection.

Sex education also serves as prevention for sexual abuse and rape

Young people need information and resources about healthy relationships to understand how to respect personal boundaries, ask for consent, and learn how to say and receive a “no.” Kids experiencing abuse urgently need to know how to get help. Children who are being sexually abused often don’t understand what is happening until someone provides them with the tools to communicate with a trusted adult.

This year, parents, educators, and medical professionals from across Washington worked together to pass a comprehensive sex education law. Let’s protect that law, and young people’s futures, by approving Referendum 90.

Rebuttal of argument against

Parents, teachers, and pediatricians know that in states with quality sex education, teens are talking about consent, waiting longer to have sex, avoiding getting pregnant, and keeping themselves safe. R90 gives parents the ability to opt children out if they’re uncomfortable with content, and every district must collaborate with communities on curriculum selection. R90 requires age appropriate education, meaning social and emotional learning for self-control and interpersonal skills in grades K-3. Approve R90.

Argument against

Reject Referendum 90. Overturn the K-12 comprehensive sex education mandate.

The legislature passed a bill mandating a new comprehensive sexual education (CSE) curriculum for all students K-12. Huge numbers of students are failing math, science, and English. Olympia should prioritize improving literacy and helping students graduate, not creating a new mandate.

Reject Referendum 90. Restore local control for parents and local school boards.

The new CSE bill means unelected, unaccountable bureaucrats, not local communities, will develop statewide sex education standards for all students. It requires school districts to adopt a sex education curriculum that meets those standards. Parents and their local elected representatives will have little input in determining how they want their kids to be taught.

Reject Referendum 90. Stop the early sexualization of our kids.

Kindergarteners need to learn social skills and elementary students should focus on fundamental learning. Materials that currently meet state standards include graphic sexual subject matter. These are decisions that should be left to parents and local communities.

Reject Referendum 90. A costly mandate at a time when school budgets are being cut.

State and local budgets are facing massive deficits which threaten funding for basic programs. Schools cannot afford to add an expensive new requirement or design their own sex education curriculum that meets state standards.

Trust parents and local communities to develop school curriculum collaboratively. *Protect Local Control. Reject Referendum 90.*

Rebuttal of argument for

Referendum 90 is a blatant power grab by Olympia bureaucrats to take away parental control and impose a comprehensive sexual education curriculum starting in kindergarten. Parents and local schools are already doing an excellent job at this now. HHS.gov reports that for the last 25 years of available data, Washington’s teenage birthrate *dropped 69%*. Erin’s Law, which passed in 2018, addresses sexual abuse, prevention and online safety. *Vote reject* to retain parental and local control.

Explanatory Statement

Written by the Office of the Attorney General

The Constitutional Provision as it Presently Exists

The Washington Constitution generally prohibits investing public money in the stock of private companies. This means that state and local governments are limited to investing public funds in fixed-income securities, such as government and corporate bonds and certificates of deposit.

The Constitution currently exempts several funds from this restriction. This exemption applies to any public pension or retirement fund, the industrial insurance trust fund, and money held in trust for the benefit of people with developmental disabilities. The exemption allows state and local governments to invest money held in those funds as authorized by law, including by investing in stock as authorized by the Legislature.

In 2019, the Legislature enacted a law providing for long-term care insurance. Under that law, employees will pay premiums for state-sponsored long-term care benefits through a payroll deduction, beginning January 1, 2022. Those premiums will be deposited into a new Long-Term Services and Supports Trust Account (Trust Account). Under current law, money held in the Trust Account could not be invested in stocks.

The Effect of the Proposed Amendment if Approved

This Amendment would add the Trust Account to the list of funds that are exempt from the prohibition against investing public money in private stocks. This would allow money in the Trust Account to be invested in stock if the Legislature authorizes that form of investment.

Voter tip:

The ballot return envelope has free postage, but a late postmark could disqualify your ballot. The USPS recommends that you mail a week before Election Day.

Argument for

Washingtonians Support ESJR 8212 – a fiscally responsible investment decision

In 2019, the Washington State Legislature passed The Long Term Care Trust Act to address the growing long-term care crisis. 70% of adults over the age of 65 will require some form of long-term care but 90% are not insured for long-term care. The Long Term Care Trust fund will help families access and afford these critical services with a benefit of up to \$36,500 indexed to inflation. The fund is available to Washingtonians once they need assistance with three or more regular daily activities such as eating, bathing, or help with medications and are vested by paying into the program.

Benefits will begin being paid out in 2025 and do not count as income for determining eligibility for Medicaid or other state safety-net programs.

Voting in favor of this ballot measure helps to ensure the Long Term Care Trust fund can pay benefits to eligible Washingtonians over the long-term. This ballot measure, ESJR 8212, will allow the Long Term Care Trust fund to be included on the list of public funds exempt from current constitutional investment restrictions. If voters approve this ballot measure, the Long Term Care Trust fund could be invested in the same way that pension funds and ABLE funds are currently invested by our state. The Trust is self-funded with an independent commission and the state actuary responsible for regular certification of the program's solvency.

Rebuttal of argument against

Support for ESJR 8212 is the fiscally responsible choice. With voter's approval, funds would be invested like the State pension and ABLE funds are currently invested, which allows for larger investment growth. Through each economic downturn the market has rebounded demonstrating the overall long term strength of the economy. Higher yield investment options are good for the people of Washington and critically important to Long Term Services and Supports programs in the future.

Argument against

In 1889, the wise founders of the state of Washington wanted to protect public funds from potential losses of risky investments so they established safeguards in our state Constitution prohibiting stock market investments of our public funds.

SJR 8212 will overturn that safeguard for our new Long-Term Care Services and Supports Trust Program, a multi-Billion-dollar program established this legislative session in preparation for the coming "Silver Tsunami" of elderly needing services. With so much money in play, we must not lose sight of the stock market's high risk along with the questionable bottom line ethics of some Wall Street brokers.

From 2000-03 the Dow Jones Industrial Average (DJIA) lost a third of its value. Around 2008-09 the DJIA lost half its value during the Great Recession. This year the DJIA fell over 37% in less than six weeks from February 12, 2020 to March 23, 2020. Who knows where it is going from here? The long-term economic impacts of COVID-19 are still unknown.

Your vote is about prudent fiscal management of our tax dollars. A better idea is to invest public money into federal, state and municipal bonds that support public works we all depend on in Washington. They're *safe*. Don't let Wall Street brokers gamble with our hard-earned tax dollars.

The Founders didn't trust the stock market then, and we shouldn't trust it now. Please vote *no* on SJR 8212.

Rebuttal of argument for

Your No vote will protect the long-term stability of the Trust Fund from being gambled on by Wall Street. SJR 8212's passage absolutely does not *guarantee* that long term care benefits will actually be paid out to eligible Washingtonians. Don't gamble with the people's hard-earned money. We can better safeguard our money *and* know that it is being invested in a responsibly prudent way by casting a strong *no* vote on SJR 8212.

The Electoral College is a process, not a place

When you vote for President and Vice President, you determine a group of people called electors (also known as a slate) to represent Washington state in the Electoral College. The electors gather December 14, 2020 to cast votes for President based on the state's election results.

Each major political party chooses their own electors through the caucus and convention process.

Washington has 12 presidential electors

Every state starts with two because every state has two U.S. Senators. Based on population, each state receives an additional elector for every Congressional District.

$$\begin{array}{r}
 2 \text{ U.S. Senators} \\
 +10 \text{ Congressional Districts} \\
 \hline
 =12 \text{ Total electors}
 \end{array}$$

The magic number

There are a total of 538 electoral votes in the nation. A presidential ticket needs at least 270 electoral votes nationwide to win. If no presidential ticket receives a majority of electoral votes, the U.S. House of Representatives elects the President and the U.S. Senate elects the Vice President.

How electoral votes are distributed

Washington state is one of 48 states that uses a "winner-take-all" system; the presidential ticket that wins the popular vote in the state is entitled to all 12 of Washington's electoral votes.

Federal Qualifications & Responsibilities

Except for the President and Vice President, all federal officials elected in Washington must be registered voters of the state. Only federal offices have age requirements above and beyond being a registered voter.

President & Vice President

The President must be at least 35 years old and a natural born U.S. citizen. Voters indirectly elect the President through the Electoral College. The President is elected to a four-year term and cannot serve more than two elected terms.

The chief duty of the President is to ensure the laws of the nation are faithfully executed. This duty is largely performed through appointments for thousands of federal positions, including secretaries of cabinet-level agencies and federal judges (subject to confirmation by the Senate). The President is the commander in chief of the U.S. armed forces, has the power to sign and veto (reject) laws passed by Congress, and makes treaties with foreign governments (with Senate approval).

The Vice President serves as the presiding officer of the Senate. The Vice President becomes President if the office is vacated.

The order of major political parties is determined by the number of votes cast in this state for the President of the United States at the last presidential election. In 2016, the Democratic Party received the highest number of votes in Washington state and must appear on the ballot first.

Independent and minor party candidates follow major parties in the order of their qualification with the Secretary of State. (RCW 29A.36.161)

Congress

The United States' Senate and House of Representatives have equal responsibility for declaring war, maintaining the armed forces, assessing taxes, borrowing money, minting currency, regulating commerce, and making all laws and budgets necessary for the operation of government.

United States Senator

Senators must be at least 30 years old and citizens of the U.S. for at least nine years. Senators serve six-year terms. The Senate has 100 members; two from each state.

The Senate has several exclusive powers, including consenting to treaties, confirming federal appointments made by the President, and trying federal officials impeached by the House of Representatives.

In 2020 there are no United States Senators up for election in Washington state. The next scheduled election will be 2022.

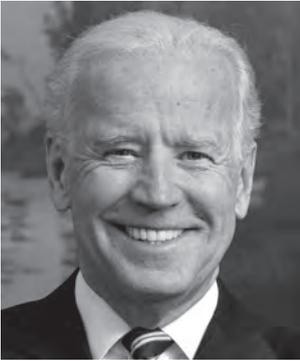

United States Representative

Representatives must be at least 25 years old and citizens of the U.S. for at least seven years. Representatives are not required to be registered voters of their district, but must be registered voters of the state. Representatives serve two-year terms.

The House of Representatives has 435 members, all of whom are up for election in even-numbered years. Each state has a different number of members based on population. After the 2010 Census, Washington was given a 10th Congressional District.

Statement

Former Vice President Joe Biden believes we are in a battle for the soul of this nation. The current president threatens everything we stand for by fanning the flames of hate groups, dividing Americans, and tearing the fabric of the country apart. The stakes in this election couldn't be higher, and nothing will change if we don't defeat the current president.

Joe's parents instilled in him that when you see an abuse of power, it's your obligation to stand up to combat it. That's motivated him his entire life - as Senator from Delaware for 36 years and President Obama's Vice President for 8 years.

Joe stood shoulder to shoulder with President Obama to pass the Affordable Care Act, expanding health care for 20 million people. He wrote and passed the Violence Against Women Act, when domestic violence was considered a family matter. He took on the NRA and won - twice - including passing the assault weapons ban. And, he started talking about climate change as a moral issue of our time far before it was a mainstream issue.

His vision for America is based on equal opportunity for all. Treating everyone with dignity. A middle class where everyone - regardless of race, gender, sexual orientation, or disability - comes along.

As president, Joe will expand on the historic progress of the Obama-Biden administration and rebuild a strong, inclusive middle class. He'll protect and build on Obamacare with a public option. He'll restore our standing in the world.

Joe has a proven ability to bring people together and to deliver for the middle class. At this defining moment in our nation's history, it's going to take Joe's strong leadership to unite America and move our country forward.

Statement

Four years ago, President Donald J. Trump ran on a promise to put America First, and he has kept that promise. President Trump fought the establishment to lower taxes for hardworking middle-class families, create better trade deals that stopped the offshoring of American jobs, and rebuild our military.

President Trump stands by his oath to defend and protect the American people. That's why, as your President, Donald J. Trump has stood up to the radical left that would defund our police, allow our cities to devolve into lawless zones, and make our families less safe.

Lawless zones like CHOP, CHAZ, or whatever the radical left wants to call them cannot be allowed to happen again, and President Trump stands committed to stopping them. These aren't peaceful gatherings of protestors. They are a hotbed of crime, promoting the wanton destruction of our homes, our businesses, and innocent lives.

That's why President Trump stands proudly with our law enforcement who, day in and day out, put their lives on the line to keep our families and our children safe from dangerous criminals. Our men and women in blue deserve a President that has their back, who will work with them to make sure criminals are brought to justice, and not someone that would side with rioters that burn our buildings and destroy our communities.

As your President, Donald J. Trump will continue to deliver on his promise to Make America Great Again, by holding China accountable for the virus they unleashed upon the world. We can and we will defeat the invisible enemy, so we can continue the economic prosperity that President Trump delivered when he was elected.

Vote to put America First and to Make America Great Again. Vote Donald J. Trump for President.

Statement

While 3,000 miles separate Olympia from Washington, DC, it sometimes feels that there is an even greater divide between Washingtonians and the politicians who claim to represent them. The Evergreen State shares a name with our nation's capital, but not the same refusal to try new ideas.

Perhaps that is why more people in Washington state voted Libertarian in 2016 than ever before.

Washingtonians have made it clear they won't wait for the federal government to act, and time and again, they have been ahead of the pace of career politicians. After all, Washington was the first state where death with dignity, marriage equality, and recreational cannabis were all legal at the same time.

Just like those in Washington state, Libertarians know it doesn't have to be this way.

We can reduce healthcare costs without putting government in charge of highly personal medical decisions and creating a one-size-fits-all system. We can prioritize our national security without being involved in unnecessary foreign

wars and stationing troops around the world in dozens of countries away from their families. We can protect our communities without sacrificing freedom through failed initiatives like civil asset forfeiture, no-knock raids, qualified immunity, and the War on Drugs. We can value necessary responsibility for workers and employers without endless barriers of entry to professions and new businesses. We can balance the budget without raising taxes. By ending excessive government overspending, we can also eliminate the federal income tax.

I'm running for President not just to present a new way of addressing important issues. I'm running because Washington state deserves a better way — solutions that create real change for real people.

Our Green Party presidential ticket is campaigning for real solutions to life-or-death issues. Real solutions can't wait!

COVID-19 Pandemic: The ever-growing sickness and death from COVID-19 in the US shows that the two governing parties are presiding over a failed state. Organized countries around the world have suppressed the virus. We will enact a comprehensive Test, Contact Trace, and Quarantine program to suppress community spread of the virus so we can safely re-open the economy and schools.

Police Brutality and Systemic Racism: We call for community control of the police through commissions selected by the community with the power to appoint police chiefs, set policies and budgets, and investigate and discipline police misconduct. We support reparations, including a massive federal investment in jobs, housing, schools, healthcare, and businesses in racially-oppressed communities that have been impoverished by generations of segregation, discrimination, and exploitation.

Economic Inequality: After 45 years of stagnant wages and growing inequality, working-class life expectancy is declining. We will enact an Economic Bill of Rights to end poverty and economic despair, including a job guarantee,

a guaranteed income above poverty, affordable housing, Medicare for All, free public education from pre-K through college, and doubling Social Security benefits for a secure retirement for every senior.

Climate Crisis: We will enact an emergency Green New Deal to achieve zero carbon emissions and 100% clean energy by 2030. We will ban fracking and new fossil fuel infrastructure.

Nuclear Arms Race: We will cut military spending by 75%, withdraw from the endless wars abroad, pledge no first use of nuclear weapons, and disarm to a minimum credible nuclear deterrent. On the basis of these tension-reducing peace initiatives, we will go to the other nuclear powers to negotiate complete and mutual nuclear disarmament.

Statement

The Socialist Workers Party demands the federal government immediately fund a massive public works program to provide jobs at union- scale wages for the millions thrown out of work. The COVID-19 virus has exposed the crisis of capitalism. Workers can build hospitals, housing, schools and day care centers and replace crumbling infrastructure.

The bosses divide working people by scapegoating immigrant workers who they exploit. My campaign demands amnesty for all undocumented workers in the U.S.

Workers Control of Production. Workers need to work! It is only at work that by acting together, we utilize our power and stand up to the bosses. Such resistance has taken place among Walmart workers, fruit packing workers in Yakima, machinists union shipyard workers on strike in Bath, Maine along with copper miners who struck in Arizona and Texas and among workers on the railroads – who all demand safe working conditions, control over line speed, pay raises and forty-hour work weeks.

Our campaign points to what is possible and needed. If workers wrested control of production, we could set up

workplace committees to combat the bosses' production of shoddy goods, expose their waste, as well as protect the environment.

Workers need our own party—a labor party – to fight to take political power out of the hands of the bosses and bankers and the Democrats and Republicans who represent them. We need to emulate what the workers and farmers of Cuba did when they made their revolution in 1959 - -establish a workers and farmers government. We call for arrest and prosecution of all cops who kill working people and we fight against women's oppression and defend a woman's right to choose abortion.

Statement

During this pandemic, families across the 1st Congressional District are struggling and concerned about the future. Now more than ever, we need strong leadership that's focused on helping those in need, protecting health and safety and restoring our economy. As your Congresswoman, I am determined that we come through this difficult stretch stronger than ever. My focus is on putting partisanship aside and delivering results.

The first known COVID-19 case struck in Washington State before anywhere else. President Trump denied the threat and wasted precious time. By contrast, I moved quickly, securing funds to backfill state and local public health accounts. Washington State immediately received over \$11 million, with continued ongoing support. I also advocated for employee retention tax credits to keep an estimated 60 million people employed with benefits. They were incorporated into the pandemic relief Heroes Act.

As the economy reopens we face an uncertain recovery. We need smart, decisive action to restore our economy. My background as a successful businesswoman and entrepreneur means I understand how to bring businesses back and create jobs.

My proposal to expand child tax credits, which could reduce child poverty 38 percent, has been incorporated into pandemic relief legislation. I also developed provisions, adopted last year, to make the process of applying for financial aid easier for students. I've pushed to expand farmers' access to markets, improve access to broadband, and to increase the supply of affordable housing.

My core values remain unchanged. As I have done from the day I took office, I'll protect Social Security, Medicare and a woman's right to choose. I have endorsements from Democratic groups, labor, local leaders and many others.

The fallout from this pandemic is challenging, but I'm committed to putting people back to work and preserving the middle-class. I ask for your support.

As a small business owner, HOA President, and Sultan City Councilmember I have broad experience managing budgets, taxes, and regulations. I have learned how to faithfully represent my community's diverse perspectives, served as its watchdog against wasteful spending, and helped our city achieve its highest bond rating.

Congress is supposed to represent you and work to solve the problems that matter most. Immigration remains broken, Social Security runs out of money by 2035, and our national debt grows by Trillions of dollars every year. It's also clear our nation needs to become more self-reliant, manufacturing more vital goods here and not sending jobs and money overseas.

You deserve a fair, efficient, and effective tax system that supports entrepreneurship, job creation, and everyday taxpayers, while fulfilling societal needs and core responsibilities such as infrastructure - bridges, highways, rail lines, and our power grid. Responsible infrastructure investment may have prevented the I-5 Skagit River Bridge collapse. As a board member of the US 2 Safety Coalition, I was instrumental in acquiring over \$200 Million in safety improvements to our rural highway. I will bring this type of experience to Congress.

I will fight any attempts to weaken or destroy your constitutional rights, especially our 1st Amendment - freedom of speech, assembly, religion, the press and our 2nd Amendment - your right to bear arms to protect yourself and those you hold dear. We should especially serve and lift up our veterans and military families who have sacrificed for all these freedoms.

Finally, I believe that serving in Congress should be a short-term privilege, not a career, with the goal of restoring America to its founding values - a land where everyone has equal opportunity to experience the richness of life, liberty, and the pursuit of happiness. I humbly ask for your vote.

Habitat restoration along the Green River and other waterways. Work with Mountains to Sound Greenway.

Statement

Two years ago, you sent me to Congress because you knew I would advocate for you the same way I stood up for children and families for over 20 years as a pediatrician. You trusted that I would work for affordable, universal healthcare, lower prescription drug prices, a cleaner environment, common sense gun safety, and a woman's right to make her own healthcare decisions. I have, and I will.

As the first pediatrician and the only female doctor in Congress, I have worked to protect children and shape national healthcare policy. Since the onset of the COVID-19 pandemic, I have advocated unambiguously for increased testing, protective equipment for our healthcare professionals and frontline workers, and support for families and small businesses.

As the daughter of a teacher and the product of public schools, I joined the Education & Labor Committee — because we need an economy that works for all Americans. I have worked to ensure that every child has access to excellent public education and advanced training so they are career-ready. This means career and technical education, university education, or apprenticeship. I strongly support our workers' right to collectively bargain.

I am the only member of Congress from the Pacific Northwest on the Agriculture Committee. I have worked across the aisle for our farming community by funding research, supporting trade, encouraging sustainable agriculture, advocating for sensible immigration reform, and getting the Yakima Basin Plan signed into law. I will continue my work to address climate change, safeguard our elections, and protect our threatened species and wild lands.

With over 35 town halls throughout this 7000 square mile district, meeting with you has helped me serve you.

It is a privilege to represent you as a member of Congress and I ask for the honor of your vote.

Community Service

Statement

I spent the early part of my career working on Capitol Hill learning about public policy and government leadership. It wasn't until a visit with a wounded soldier, at the height of the Iraq war, that I became inspired to enlist in the military to serve my country in uniform. As a Captain in the US Army and as a member of the elite Ranger Regiment, I underwent the most intense training our military has to offer and deployed on four combat tours. It was during this time that I learned that the best leaders are servants to those they are entrusted to lead. I decided to run for Congress because too many in D.C. have failed to be servants to the people. My military background combined with my experience working in the Private sector, managing healthcare facilities, and passion for servant leadership has prepared me to serve you in Congress.

I'm prepared to fight for Veterans, Small Business Owners, and workers. The people of the diverse 8th Congressional District deserve someone in Capitol Hill who will represent them. I plan to focus on creating middle class prosperity by limiting runaway spending and onerous regulations. I will fight to defeat the Socialist ideologies on the radical left while lowering the cost of healthcare and protecting coverage for pre-existing conditions. I will fight for our Constitutional rights that the founders knew would ensure equal opportunity for all, the environment, and the National defense while maintaining economic prosperity.

I love my Country and passionately believe that all should be able to achieve the American Dream. I ask for your support so we can realize that dream together.

Endorsers: Dave Reichert, Reagan Dunn, Slade Gorton, Rob McKenna, Jan Shabro, Clay Myers, Congressmen Dan Crenshaw, Mike Gallagher, Mike Waltz, and War Veterans Fund.

Education

Community Service

Statement

Our district is a tremendously diverse and hard-working community, one that I have been proud to call home my entire life. I grew up in the city of SeaTac, and have lived in Kent, Tacoma, and now Bellevue where I live with my wife Sara, and our children Kendall and Jack. Kendall is a Sophomore at the UW and Jack is a Junior at Issaquah High School.

As our nation faces unprecedented challenges, I am focused on strengthening the middle class, ensuring equality of opportunity for all, and investing in our future. We must provide a progressive path forward where everyone can thrive. Working class families, like the union one I grew up in, do not have the same opportunities as previous generations. This must change. We must grow from the middle out, increase economic opportunities, protect unions, make higher education more affordable and accessible, and provide good paying jobs.

All people, no matter their background, should have access to quality, affordable healthcare. Our healthcare system needs to be restructured to create a path to universal access to healthcare through a plan like Medicare for All. As the Chairman of the House Armed Services Committee, I have also prioritized making sure that all of our service members and their families, no matter who they are, receive the support they need and have earned.

I work hard to make sure every person in our district has access to the best this country has to offer; not only because it's the right thing to do, but because this is also my home—it's personal to me.

It is a true privilege to serve our community and I would be honored to have your vote.

Statement

You Deserve Representation in Congress that listens to you!

You deserve to be heard and understood. The US House of is the closest representation to the people and the most accountable branch of government elected every 2 years. It's also the most powerful branch of government, with the power of the treasury and the power of oversight. Representatives must serve the voters!

I believe public service should be like "jury duty", regular people like you and I should go and serve for a while, then return home and live under the laws we helped pass. That's real accountability. Career politicians are the biggest problem in government today. This has been demonstrated in real time with the handling of the coronavirus lockdowns. The good intentions that started the process quickly devolved into political favoritism and opportunities to advance agendas. This should never happen in an emergency or any other time. The "suspension" of our civil rights is an outrage and no freedom loving American should ever stand for it. I will always fight to defend your God given, constitutionally protected rights. I will fight to keep you free to live your life as you see fit and to keep you free from unnecessary government interference in your home, place of worship, and schools.

I support President Trump and his America first policy. I support strong borders and stopping the illegal immigration, human trafficking, and drug related gang activity that porous borders create. A physical barrier is needed as soon as possible. I also would seek to drastically reduce the disastrous H1B guest worker visa program. American companies need to hire American workers first!

I am a pro-life, pro-Trump constitutional conservative and I am committed to serve you in the U.S. Congress with energy, integrity, and commitment.

How is my ballot counted?

1 Your county receives your ballot

Deposit your ballot in an official drop box by 8 p.m. on November 3, Election Day, or return your ballot by mail — postage paid — but make sure it's postmarked no later than Election Day! A late postmark could disqualify your ballot. The USPS recommends that you mail a week before Election Day.

Election staff will contact you before your ballot is processed if:

- Your signature is missing
- Your signature doesn't match your voter registration record

2

Your signature is verified

The signature on your return envelope is compared to the signature on your voter registration record. If the signature matches, your ballot is accepted and you are credited for voting to ensure only one ballot is counted for you.

3

Envelopes and sleeves are separated

The return envelope is opened and the security envelope or sleeve containing your ballot is removed. They are separated to ensure the secrecy of your vote.

4

Your ballot is reviewed and scanned

The security envelope or sleeve is opened and election staff review your ballot to verify that it can be successfully scanned.

5

Your ballot is counted

After 8 p.m. on Election Day all scanned ballots are tallied. Ballots will be scanned and tallied over the next several days until all the votes are counted.

Statement

The people of Washington are resilient and deserve leadership that reflects their character. Jay Inslee's proven experience in difficult times and his successful economic vision are exactly what Washington needs as we rebuild our economy and help families and businesses recover from the pandemic.

The measure of our leaders is how they respond to unexpected crises. When Washington became ground zero in the country for COVID-19, Governor Jay Inslee met this health and economic crisis head-on, with bold action based on science and guided by public health experts.

The Ellensburg *Daily Record* praised Governor Inslee, writing, "In the moment when he has been tested the hardest, Inslee has stepped up, making the tough calls and providing the leadership needed to get this state through the COVID-19 crisis." The Chair of the University of Washington's Department of Global Health praised Inslee's leadership for "having saved countless lives."

Under Inslee's leadership, Washington recovered from the last great recession to become the country's #1 rated economy, and our state is poised to rebound more quickly thanks to the Governor's progressive policies. Our state has the nation's best Paid Family and Medical Leave, we have expanded health care coverage to 800,000 Washingtonians and created a long-term care benefit for seniors that puts us in a better position to address public health dangers and immediate economic hardship.

Inslee's Career Connect program provides on-site training and apprenticeships for thousands of students who have plans other than four-year college and his investments in forward-thinking renewable energy industries have prepared us to endure and recover from the economic pain so many are now living through.

Governor Inslee's steady leadership and pioneering vision make him exactly the governor we need now to guide us to a better, stronger and more just future for Washington.

The Lieutenant Governor’s most important job is serving as Senate President. As the only candidate who has served in the Senate, I’m uniquely positioned to get results. Statement

As Secretary of State, my most critical responsibility is to inspire public confidence in Washington's elections. We achieve that when access and security are balanced. That's why we created a secure statewide voter registration system to implement accessible same-day voter registration; established the first Elections Security Operations Center to respond to foreign interference and cybersecurity threats; and coordinated the efforts to develop robust state and county continuity of operations plans to respond in a pandemic.

Because Washington is a nationally recognized leader, we have been able to help other states innovate and secure their elections by expanding mail-in voting options during the coronavirus pandemic. I am proud to be the only candidate with elections experience – in fact, I've run over 120 elections in Washington.

Statement

Voting rights and election security are under attack across the country. In a time of persistent voter suppression and election interference, we need a Secretary of State who will boldly defend every vote and every voter.

I'm running for Secretary of State because I have 30 years of experience as a senior defense intelligence and national security analyst defending our country from attacks. I believe that this office needs a new type of leader to protect our election systems and voter information against current and emerging threats.

Currently, our national and state election officials are putting party before our democracy. Our state's top election official has not denounced threats to defund the US Postal Service or condemned dangerous attacks on voting by mail. These threats to election security must not go unchallenged. In contrast, as a legislator I've supported every effort to expand voting rights and have passed bipartisan laws to protect elections and election workers for all of us.

The needs of this office have changed. It's time for a new era in Washington state elections. I am prepared to face these challenges and lead through the uncertain times ahead. I'd be honored to earn your vote.

Statement

I have had the honor of serving as the elected Washington State Auditor for the past four years. I am proud of being the first woman to hold this position. Prior to State Auditor, I served as Pierce County Executive and Pierce County Auditor. I have a proven and tested public record of leadership.

As State Auditor, it is a privilege to lead over 400 employees working across the state to provide fiscal and accountability audits of all local and state governments. We have increased the number of cybersecurity and performance audits, while conducting numerous investigations including uncovering the largest fraud on record.

My vision to "increase trust in government" means greater transparency and accountability of public money. To accomplish this goal, I have created a user-friendly, interactive website that gives you important information about each government that serves you. Having an independent, objective review of public dollars is the hallmark of my work at the State Auditor's Office.

I have been endorsed by many people and organizations, which are listed at my website: www.patmccarthyauditor.com. I am seeking re-election to this important job and ask for your support.

Other Professional Experience

I spent 11 years as a police officer and detective, 3 years of this as a law enforcement performance auditor. Previously, I ran a grocery department with approximately 50 employees and \$400-500k sales per week.

Education

Community Service

I operate an animal rescue called Secondhand Hearts on our farm and also rescue horses from kill pens across Washington.

Statement

The State Auditor's Office deserves someone who will finally unlock its full potential to serve Washington. This position has a vital role in oversight of your public dollars, but it also has the power to perform auditing that can change the way government agencies spend that money more efficiently.

I am the candidate in this race that has the most hands on experience with government auditing and government process at the investigative level. I also have perspective on all types of Washington governments instead of those just within our major cities.

We need an auditor that combines all of this experience with a desire to bring *lean* business practices to the office and to make recommendations in Washington agencies that will create jobs and opportunities across all of our state. Wherever my department can find opportunities for us to spend money on products and materials made by Washington businesses, we will recommend these opportunities be prioritized by our state government.

This November, remember that your auditor should be less about their party and more about their boss: You.

Statement

I'm running to be your Attorney General because as a lifelong Washingtonian and father of four little kids, I believe that they deserve a better, safer Washington. Everyone agrees that the homeless situation in our cities has spiraled out of control, and no one is doing anything about it. This is unacceptable! For 8 years, homelessness, drug abuse, and crime have been on the rise. As Attorney General, I will make this a priority! I am dedicated to making sure law enforcement and first responders have the tools, training, and resources they need to do their job well.

As an owner of a 3rd generation manufacturing company, I understand the struggles that Washington businesses face every day, and I will fight to make Washington a more business friendly state. I'm proudly endorsed by a former Washington Attorney General, State Senators, State Legislators, County Sheriffs, First Responders, radio talk show hosts, business owners, community leaders, and many more elected officials from all over the state!

Thanks for your vote — it's time to roll up our sleeves, get to work, and take back our streets and parks!

Hilary Franz

(Prefers Democratic Party)

Elected Experience

Commissioner of Public Lands 2017-present; Bainbridge Island City Council 2008-2011; served on Puget Sound Transportation Futures Task Force; Puget Sound Regional Council Economic Development Board; and Puget Sound Salmon Recovery Council.

Other Professional Experience

Nonprofit Executive Director 2011-2015, developing solutions to statewide natural resource and economic development issues; Attorney, representing communities, local governments, tribes, unions, and nonprofits on agriculture, forests, fish and wildlife, aquatics, and labor issues.

Education

JD, Northeastern University; BA, Smith College.

Community Service

Former board member of Conservation Northwest and Washington Environmental Council.

Statement

Hilary Franz is proud to serve as Commissioner of Public Lands. She is relentless in creating bold, transformational change. As the leader of Washington’s wildfire fighting force, Hilary pushed for new strategies to reach fires quickly and keep them small. She then secured record-setting funding for our wildland firefighters.

Hilary is a defender of our public lands. When the federal government tried to open our waters to offshore drilling, Hilary refused to allow drilling equipment to cross our coastline. In the face of climate change, Hilary is prioritizing wind and solar power and making investments to save our forests.

Hilary leads by bridging divides and bringing people together. She’s earned high marks from leaders across the state, including from conservative leaders in rural Washington, who’ve praised her willingness to solve local issues, increase funding for schools, invest in rural economic development, and tackle our forest health crisis.

Hilary’s Washington roots run deep, from her grandparents’ cattle ranch in Pierce County to raising her three boys on a farm on Bainbridge Island. Endorsed by the Washington State Labor Council, National Women’s Political Caucus, Washington Conservation Voters, Sierra Club, Washington Education Association, and Democratic and Republican leaders across Washington.

Power Manager, Grays Harbor PUD; Senior Power Analyst, Seattle City Light; Senior Environmental Analyst, Seattle City Light; Research Scientist/Publications Manager, BioSonics, Inc.

Community Service

Board Member, Small Faces Child Development Center; Board Member, Ghana Together; Board Member, Commencement Bay Rowing Club (youth program).

Statement

Our public lands have been ravaged by natural disasters including tree infestations and forest fires. They’ve also been damaged by a political disaster: state managers that have focused on serving special interest groups instead of providing for taxpayers, school districts, and outdoor recreational enthusiasts.

No more policy-by-press-conference, or angling for higher political office. It’s time for new leadership. Sue is running to bring that new leadership to DNR, the agency responsible for managing our state’s 3 million acres of trust land.

Informed by a lifetime of managing natural resources, Sue will work to ensure that Washington’s working forests continue to provide a steady, reliable stream of income for our public schools. We’ll do this by adopting proven forest management techniques that reduce disease and excess fuel loads in our forests, which accelerate devastating forest fires. Sue will use her experience as a UW and NOAA fisheries and habitat biologist to strike the right balance between protecting wildlife and protecting Washington’s forest economy.

Raised in rural Washington, Sue has a distinguished career in natural resource management, including service as a regulatory liaison for a major hydropower construction project. She has raised two adult children and survived breast cancer.

Statement

Our schools are facing a defining moment. Teachers aren't happy, families are stressed, students are struggling, and the opportunity gap is widening. The delivery of public education has changed dramatically, and we've been forced to adapt. Now is our chance to reimagine a better education system because *the status quo is no longer an option*.

To improve our school system, we need to: use technology to *innovate classrooms* and unlock possibilities for more *personalized learning*; provide school schedules that fit the needs of *working families* and teachers; and teach students key *life skills* like managing finances, living independently, and resolving conflicts.

With kids of my own in public schools, I support parental choice and local control. *The incumbent ignored parents and educators by championing a policy that teaches sexual positions to 4th graders!* Meanwhile, nearly half of Washington's students are failing to meet state standards in core subjects. I am endorsed by parents, teachers, and school board members across Washington because *I respect community input*.

I am running for Superintendent because I believe *our kids deserve better* and can achieve more. If elected, we will update our school system to meet the needs of families, teachers, and the future economy.

Our state is facing difficult budget decisions as the impacts of the shutdown slowed our economy and created record unemployment. As we balance our state budget, our priorities must be protecting our public school system, making sure healthcare is affordable and accessible, and providing a strong social safety net.

Even before COVID-19, working and middle class families were falling behind in our unfair tax structure, and many priced out of our communities. We need new leaders who understand the experience of local families, with expertise to keep us safe and healthy. With your vote, I'll be the *only* nurse in the State Senate, a frontline healthcare provider with important perspectives as a working mom living next door to the home where I grew up.

I'm the only candidate refusing corporate money – I'll be accountable to you, not lobbyists. It was my honor to serve you these past-three legislative sessions. My twenty-three-year military career as a naval officer coupled with executive experience as a mayor has given me a unique perspective on leadership and working with others to accomplish mutual goals.

Growing up in rural Skagit County, I have a deep personal connection to our district and its people. I understand the importance of promoting our farms and businesses. As we rise to a post COVID-19 future, now more than ever, we need people who reflect the values and needs of our rural communities and can provide steady, pragmatic leadership. We must get Washington back to work, ensure that gains made in behavioral health are maintained and that the government works to create jobs and entrepreneurial opportunities by reducing burdensome regulations. 2021 will prove to be a difficult legislative session as we work to find solutions to bring us out of a recession created by COVID-19. I will continue to work across the aisle toward collaborative solutions.

My priorities include reducing tax burdens, continuing to focus on transportation and infrastructure, ensuring decisions in education are kept at the local level and protecting your constitutional rights.

Statement

We need fundamental change and accountability from our elected officials. Large corporations control the time, attention and purse strings of our officials who then prioritize corporate interests over the interests of their constituents. I have listened to the promises of change for decades. Enough is enough! The pandemic has exposed the greed and corruption within our society. Lobbyists continue to defend a healthcare financing system that has produced one of the least healthy populations in the developed world at the most cost! Our system of capitalism and a free market economy has been undermined by politicians who allow it to be controlled by huge monopolies. That is not what our founding fathers envisioned. Those corporations glorify their profits from the earth with no regard for her health. We must and address her needs in order to guarantee life for all our children! Re-electing career politicians and expecting different results has failed. Our country is anemic and needs an infusion of fresh blood, now! Together, we can bring health and recovery within our state and beyond as we send energetic, new leaders to our halls of government. There is a better way! It starts at home in the 39th LD!

Statement

Our community is facing a critical moment with the rise of a global pandemic and resulting economic slowdown. Unfortunately, we still see too much partisanship and division instead of joining together to get our economy working again.

I'm excited to step up to this challenge. This situation demands leadership. I'll bring my business experience, my results-based approach in the State Senate and my love of this community to bring back a strong economy and a vibrant thriving Eastside.

As the chair the education committee, I've worked to increase investments in education, improve our economy, invest in public health, pass safe schools and responsible gun legislation, increase computer science programs for students, continued strong support for reproductive rights, and protect and recognize the important role immigrants play in our economy. My timely broadband bill is helping build connectivity for distance learning across Washington.

Let's end divisive, partisan politics and work together to build an even stronger, fairer economy that creates more opportunity for every resident of Washington. I'm honored to serve you in Olympia and ask for your vote. I'm endorsed by Alliance for Gun Responsibility, Planned Parenthood Votes, Washington Conservation Voters, Teachers, School Board members and more.

I have built scores of custom homes throughout the 41st District. After raising our girls in downtown Kirkland, my wife and I moved back into her childhood home in Newport Hills.

Education

Seven years after graduating from UW with a BSc in Construction Management, I became a fulltime homemaker.

Community Service

I have 40 year + leadership in local service clubs and church. One of my interests is the adoption of alternative fuels and advanced vehicle technologies through my involvement with the Clean Cities Association. I keep up with my former UW football teammates in Master's level Track and Field.

Statement

Despite forewarnings from fiscal conservatives across our state, imploring our current Legislators to put our historic budget surplus into the rainy day fund, they not only spent that money, they also increased taxes to levels that were predicted to be unsustainable.

It is long overdue to pluck from the private sector smart, current, and conservative business pros to salvage what is left from this beyond challenging era in which we now find ourselves. Prudent management of our tax dollars will be crucial to solving our traffic congestion issues, lack of affordable housing and other problems plaguing our state.

Through partnering and running businesses for 35 years, I faced severe multi million dollar budget contractions to survive for another day. I also led 3 successful taxpayer revolts against local bond measures that stopped 100's of millions of dollars of irresponsible public sector spending.

Using that acumen, I promise not to tell you what I think you want to hear. Instead I will deal with the cold hard truth of what must be done to salvage our state's economy and the way of life we all hold so dear.

I'm running to give voters an alternative. I support lower taxes, transparency in government, public safety, rights of the vulnerable, parental rights, and First Amendment freedoms.

Many voters, like me, have been ignored by our state representatives. We feel unheard as politicians pass tax increases, but not effective homelessness plans. Statement

Judge Dave Larson is our best choice for state Supreme Court Justice because he will protect our civic rights and uphold the law and constitution as written. Judge Larson has a record of fairness and impartiality, which is why he's enjoyed strong support from Democrats, Republicans, and Independents over his career. During this time of growing division, we need a Justice like Dave Larson.

Judge Larson has been a champion for improving our courts. As the Presiding Judge of Federal Way, he's supported reforms to reduce domestic violence, combat drug addiction, and better serve the mentally ill. Judge Larson knows these same approaches can be used to reduce the impacts of the homelessness crisis, humanely making our communities safer.

If you know Judge Larson, you know how much he cares about the people who appear in his courtroom. He's fair, compassionate, and respectful. Dave's also a great legal mind, he knows the law and the State Constitution. As a faculty member of the state's Judicial College, he taught other judges about judicial independence.

Judge Larson has the character and legal experience we need in our next Justice. Judge Dave Larson. For Justice. For All.

Statement

I am proud to serve you on our highest court, where I bring diverse judicial experience and a reputation for fairness and common sense--making sure laws are applied without bias or political influence. I have presided over therapeutic drug courts, developed innovative programs for children and families, and managed hundreds of trials, including felony criminal trials and complex civil litigation. I'm committed to ensuring victims are heard and supported.

As Washington's first Native American Justice, I'm proud of my record of accomplishments and appreciate my role as a voice for underrepresented communities. I've worked hard to earn the respect of my peers, those who appear in my courtroom, and voters looking for qualified, impartial, independent judges.

An award winning advocate for children and youth, I've worked to restore young lives rather than create a cycle of incarceration. We must invest in early intervention to deter criminal behavior, providing pathways for success for those who do commit crimes.

My thoughtful approach is reflected by "exceptionally well qualified" evaluations. I'm endorsed by my Supreme Court colleagues, judges statewide, as well as the State Labor Council, Washington Conservation Voters, the National Women's Political Caucus-WA, Women of Color in Politics, and more.

Statement

As Washington's Chief Justice, I am dedicated to upholding the rule of law in a fair and impartial manner. Courts are a critical branch of government, where every person—regardless of circumstance—must be treated fairly, with dignity, and free from bias.

In these challenging times, the fair administration of justice must withstand threats posed by the pandemic and increasing attempts to politicize courts. I work every day to maintain the independence and integrity of our courts, and I trust the people of Washington to elect judges who safeguard access to justice and respect the law.

As the only current Justice from Eastern Washington, I bring important perspectives to the Court. As a former constitutional law professor, I respect legal traditions. As a parent and former school board chair, I understand how court decisions impact Washington families.

My priorities this year include addressing the urgent and critical needs of the justice system during the pandemic: new protocols for remote court hearings, safe courthouse operations, and protection of public safety and the rights of the accused and incarcerated. I have always enjoyed broad, nonpartisan support, and I ask for your vote to continue serving you and upholding the rule of law.
