A message from Assistant Secretary of State Mark Neary

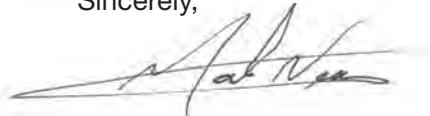

On behalf of the Office of the Secretary of State, I am pleased to present the 2020 General Election Voters' Pamphlet. We offer this comprehensive guide as a reference to help you find information on the candidates and statewide measures that appear on your ballot.

This general election gives you the opportunity to have a say in our government at the local, state, and national levels, and to choose who will serve as our nation's next president. In order to have your voice heard, you must be registered to vote. Voter registration forms that are mailed or completed online must be received by October 26, and we encourage you to check your registration information today at **VoteWA.gov**. If you are reading this message after October 26 and you are not registered, have moved since the last time you voted, or did not receive a ballot, you can go to your local elections office or voting center during regular business hours through 8 p.m. on Election Day to register to vote and receive a ballot.

Once you have completed your ballot, you can send it via U.S. mail — no postage needed — but remember, all ballots must be postmarked by November 3. A late postmark could disqualify your ballot. The USPS recommends that you mail a week before Election Day. After that, we recommend using an official ballot drop box. Drop boxes are open until 8 p.m. on November 3.

We are committed to ensuring a safe and secure election for all Washingtonians, especially during this challenging time. Returning your ballot through the mail or at one of nearly 500 ballot drop boxes statewide can help you maintain proper social distancing and stay healthy. To locate a ballot drop box, visit **VoteWA.gov**. For more information about COVID-19, visit **coronavirus.wa.gov**.

Sincerely,

Mark Neary
Assistant Secretary of State

Explanatory Statement

Written by the Office of the Attorney General

The Law as it Presently Exists

School districts may choose to provide, or not to provide, sexual health education. Parents or legal guardians may have their children excused from any planned instruction in sexual health education.

If the school district offers sexual health education, it must be medically and scientifically accurate. It must also be age-appropriate and appropriate for students of any gender, race, disability status, or sexual orientation. It must include information about abstinence and other methods of preventing pregnancy and sexually transmitted diseases. It cannot consist only of information about abstinence.

A school may choose to provide comprehensive sexual health education using separate outside speakers or a prepared curriculum. Sexual health education must be consistent with guidelines developed by the state Department of Health and the Office of the Superintendent of Public Instruction. The Superintendent of Public Instruction and the state Department of Health must make these guidelines available on their web sites.

The Superintendent of Public Instruction, consulting with the state Department of Health, develops a list of sexual health education curricula that are consistent with state guidelines. State law encourages school districts that choose to offer sexual health education to review their program and choose a curriculum from the state list. School districts may choose or develop any other curriculum that complies with state law.

Any parent or legal guardian may review the curriculum offered in their school district.

The Effect of the Proposed Measure if Approved

The Legislature recently passed a bill that would change the law about sexual health education. If the voters approve Referendum 90, then the law would change as described below. If the voters reject Referendum 90, then the law will remain as summarized above.

Referendum 90 would require public schools to provide comprehensive age-appropriate sexual health education. Parents and legal guardians would continue to have the choice to exclude their students from sexual health education.

Comprehensive sexual health education would mean

age-appropriate instruction in human development and reproduction. Districts would use curriculum, instruction, and materials that are medically and scientifically accurate. The instruction must use language and strategies that avoid discrimination against any student. Comprehensive sexual health education must include information about affirmative consent and bystander training. This means teaching about a conscious and voluntary agreement to engage in sexual activity as a requirement before sexual activity.

The curriculum, instruction, and materials would vary by grade level. For students in kindergarten through grade three, it must be instruction in social-emotional learning that is consistent with standards and benchmarks established by the Office of the Superintendent of Public Instruction. For students in grades four through twelve, it must include information about six topics. These are:

- The physiological, psychological, and sociological developmental processes experienced by an individual;
- The development of intrapersonal and interpersonal skills to communicate, respectfully and effectively, to reduce health risks, and choose healthy behaviors and relationships that are based on mutual respect and affection, and are free from violence, coercion, and intimidation;
- Health care and prevention resources;
- The development of meaningful relationships and avoidance of exploitative relationships;
- Understanding the influences of family, peers, community, and the media throughout life on healthy sexual relationships; and
- Affirmative consent and recognizing and responding safely and effectively when violence, or a risk of violence, is or may be present with strategies that include bystander training.

The law would phase in over time. Public schools must provide comprehensive sexual health education in grades six through twelve beginning in the 2021-22 school year. They must begin doing so in all grades in the 2022-23 school year. Public school districts must provide comprehensive sexual health education at least once to students in kindergarten through grade three, once to students in grades four through five, twice to students in grades six through eight, and twice to students in grades nine through twelve.

The Office of the Superintendent of Public Instruction must keep training materials up to date. Public school districts may either choose a curriculum from the list

developed at the state level or choose other curriculum. A district choosing a curriculum that is not on the state list must make sure that it complies with state law and consult with the Office of the Superintendent of Public Instruction. The Office of the Superintendent of Public Instruction must provide technical assistance to public schools.

At the beginning of the 2021-22 school year, public schools must let parents and legal guardians know that they will provide comprehensive sexual health education. The district must provide access to all such course materials that it will use during the school year.

Public school districts must report to the Office of the Superintendent of Public Instruction the curricula used to provide comprehensive sexual health education. The report must describe how it aligns with state law requirements. The Office of the Superintendent of Public Instruction must summarize this information and report it to the Legislature.

Fiscal Impact Statement

FISCAL IMPACT SUMMARY

Engrossed Substitute Senate Bill 5395 was enacted in the 2020 legislative session, but has not gone into effect because the voters submitted petitions to refer the measure to the November 2020 general election ballot. If the voters approve the referendum, ESSB 5395 would go into effect. There would be no fiscal impact to state government in the 2019–21 biennium and ongoing. There would be a fiscal impact to local government (school districts), but the impact is indeterminate. There are no known state or local revenue impacts that would result from the passage of this measure.

SUMMARY

Referendum 90 places Engrossed Substitute Senate Bill 5395 (ESSB 5395) onto the 2020 general election ballot for approval or rejection by the voters.

Beginning September 1, 2021, ESSB 5395 would require every public school district to offer comprehensive sexual health education from a list of curricula provided on the Office of Superintendent of Public Instruction's (OSPI) website, or choose their own curricula using a tool provided by OSPI. Additionally, OSPI would be required to report to the Legislature data collected from school districts about the curricula they used to provide comprehensive sexual health education. Section 1(5)(a) of ESSB 5395 requires the Department of Health (DOH)

to consult with OSPI on the development of a list of comprehensive sexual health education curricula that are consistent with the 2005 guidelines for sexual health information and disease prevention and the Washington state health and physical education K–12 learning standards.

GENERAL ASSUMPTIONS

- If approved, the effective date of the referendum is December 3, 2020.
- The fiscal estimates use the state's fiscal year of July 1 through June 30. Fiscal year 2021 is July 1, 2020 to June 30, 2021.

REVENUE

The referendum has no known state or local revenue impact.

EXPENDITURES

A vote to approve the referendum would result in no costs for state government, specifically OSPI and DOH. School districts may incur costs, but those costs are indeterminate and are dependent upon local decisions regarding the adoption process and training for any new curriculum adopted.

State expenditures

Curricula. OSPI currently offers a list of curricula as part of its open education resources. There is no additional cost associated with maintaining sexual health education curricula.

Review Tools. OSPI currently offers a review tool for districts to use when selecting comprehensive sexual health education. The tool would require very little modification to be used as directed in the bill. There is no additional fiscal impact related to staff time to accomplish this work.

Data Collection. OSPI currently collects district-level data related to comprehensive sexual health education. No expenditure impact is anticipated as a result of this additional data collection requirement.

Reporting: OSPI is currently required to report on sexual health education to the Legislature. The time involved in reporting the results of the data reporting is already believed to be captured; therefore, no expenditure impact is expected.

School district expenditures

Curricula. School districts may use free sexual health education curricula that is available. Any curricula costs for districts not currently offering comprehensive sexual health education, or not using curricula that meets the standard in ESSB 5395, would be discretionary. Should districts choose curricula at

a cost, two federally-funded grant programs are available to provide financial assistance to districts for implementation. DOH administers the Personal Responsibility Education Program (PREP), and Planned Parenthood of the Great Northwest and Hawaiian Islands administers the Teen Pregnancy Prevention Program (TPPP). Both are funded by the U.S. Department of Health and Human Services Office of Adolescent Health.

Professional Development: ESSB 5395 does not require that districts send their teachers to training or provide any other professional development opportunities in comprehensive sexual health education. Any costs incurred by districts for professional development would be discretionary. To manage discretionary costs, districts could choose to send teachers to professional development opportunities offered by OSPI at no cost.

Districts could incur costs for travel and substitute teacher reimbursement.

Adoption of Curricula. Adoption costs are dependent upon local school district practices. It is assumed that districts changing their curricula will use current adoption processes and available financial resources, therefore, no additional costs will be incurred. However, districts may be impacted by changing their curriculum adoption schedule, substituting the adoption of sexual health education curricula in the place of currently planned curriculum updates. If they choose to add sexual health education curricula to their adoption process, this could result in additional costs for curriculum review, meetings, and public comment. There is no way to estimate statewide costs of the adoption processes; therefore, there is an indeterminate fiscal impact on districts.

Argument for

Approve Referendum 90 for Safe and Healthy Kids

Young people in every community deserve age-appropriate information and resources to make good decisions about sex and relationships, to enable them to protect their health, keep themselves safe, and build their futures. Right now, too many students are not receiving high-quality, medically-accurate sexual health education, putting them at immediate risk of harm.

Approving Referendum 90 will uphold a new Washington law requiring all public schools to teach age-appropriate, inclusive, comprehensive sex education. This starts with social and emotional learning for younger students and includes teaching older students about ways to prevent pregnancy and practice affirmative consent.

It will keep kids healthy

Studies show young people who receive quality sex education are less likely to partake in risky sexual behavior, experience unintended pregnancy, or get a sexually transmitted infection.

Sex education also serves as prevention for sexual abuse and rape

Young people need information and resources about healthy relationships to understand how to respect personal boundaries, ask for consent, and learn how to say and receive a “no.” Kids experiencing abuse urgently need to know how to get help. Children who are being sexually abused often don’t understand what is happening until someone provides them with the tools to communicate with a trusted adult.

This year, parents, educators, and medical professionals from across Washington worked together to pass a comprehensive sex education law. Let’s protect that law, and young people’s futures, by approving Referendum 90.

Rebuttal of argument against

Parents, teachers, and pediatricians know that in states with quality sex education, teens are talking about consent, waiting longer to have sex, avoiding getting pregnant, and keeping themselves safe. R90 gives parents the ability to opt children out if they’re uncomfortable with content, and every district must collaborate with communities on curriculum selection. R90 requires age appropriate education, meaning social and emotional learning for self-control and interpersonal skills in grades K-3. Approve R90.

Argument against

Reject Referendum 90. Overturn the K-12 comprehensive sex education mandate.

The legislature passed a bill mandating a new comprehensive sexual education (CSE) curriculum for all students K-12. Huge numbers of students are failing math, science, and English. Olympia should prioritize improving literacy and helping students graduate, not creating a new mandate.

Reject Referendum 90. Restore local control for parents and local school boards.

The new CSE bill means unelected, unaccountable bureaucrats, not local communities, will develop statewide sex education standards for all students. It requires school districts to adopt a sex education curriculum that meets those standards. Parents and their local elected representatives will have little input in determining how they want their kids to be taught.

Reject Referendum 90. Stop the early sexualization of our kids.

Kindergarteners need to learn social skills and elementary students should focus on fundamental learning. Materials that currently meet state standards include graphic sexual subject matter. These are decisions that should be left to parents and local communities.

Reject Referendum 90. A costly mandate at a time when school budgets are being cut.

State and local budgets are facing massive deficits which threaten funding for basic programs. Schools cannot afford to add an expensive new requirement or design their own sex education curriculum that meets state standards.

Trust parents and local communities to develop school curriculum collaboratively. *Protect Local Control. Reject Referendum 90.*

Rebuttal of argument for

Referendum 90 is a blatant power grab by Olympia bureaucrats to take away parental control and impose a comprehensive sexual education curriculum starting in kindergarten. Parents and local schools are already doing an excellent job at this now. HHS.gov reports that for the last 25 years of available data, Washington’s teenage birthrate *dropped 69%*. Erin’s Law, which passed in 2018, addresses sexual abuse, prevention and online safety. *Vote reject* to retain parental and local control.

Explanatory Statement

Written by the Office of the Attorney General

The Constitutional Provision as it Presently Exists

The Washington Constitution generally prohibits investing public money in the stock of private companies. This means that state and local governments are limited to investing public funds in fixed-income securities, such as government and corporate bonds and certificates of deposit.

The Constitution currently exempts several funds from this restriction. This exemption applies to any public pension or retirement fund, the industrial insurance trust fund, and money held in trust for the benefit of people with developmental disabilities. The exemption allows state and local governments to invest money held in those funds as authorized by law, including by investing in stock as authorized by the Legislature.

In 2019, the Legislature enacted a law providing for long-term care insurance. Under that law, employees will pay premiums for state-sponsored long-term care benefits through a payroll deduction, beginning January 1, 2022. Those premiums will be deposited into a new Long-Term Services and Supports Trust Account (Trust Account). Under current law, money held in the Trust Account could not be invested in stocks.

The Effect of the Proposed Amendment if Approved

This Amendment would add the Trust Account to the list of funds that are exempt from the prohibition against investing public money in private stocks. This would allow money in the Trust Account to be invested in stock if the Legislature authorizes that form of investment.

Argument for

Washingtonians Support ESJR 8212 – a fiscally responsible investment decision

In 2019, the Washington State Legislature passed The Long Term Care Trust Act to address the growing long-term care crisis. 70% of adults over the age of 65 will require some form of long-term care but 90% are not insured for long-term care. The Long Term Care Trust fund will help families access and afford these critical services with a benefit of up to \$36,500 indexed to inflation. The fund is available to Washingtonians once they need assistance with three or more regular daily activities such as eating, bathing, or help with medications and are vested by paying into the program.

Benefits will begin being paid out in 2025 and do not count as income for determining eligibility for Medicaid or other state safety-net programs.

Voting in favor of this ballot measure helps to ensure the Long Term Care Trust fund can pay benefits to eligible Washingtonians over the long-term. This ballot measure, ESJR 8212, will allow the Long Term Care Trust fund to be included on the list of public funds exempt from current constitutional investment restrictions. If voters approve this ballot measure, the Long Term Care Trust fund could be invested in the same way that pension funds and ABLE funds are currently invested by our state. The Trust is self-funded with an independent commission and the state actuary responsible for regular certification of the program's solvency.

Rebuttal of argument against

Support for ESJR 8212 is the fiscally responsible choice. With voter's approval, funds would be invested like the State pension and ABLE funds are currently invested, which allows for larger investment growth. Through each economic downturn the market has rebounded demonstrating the overall long term strength of the economy. Higher yield investment options are good for the people of Washington and critically important to Long Term Services and Supports programs in the future.

Argument against

In 1889, the wise founders of the state of Washington wanted to protect public funds from potential losses of risky investments so they established safeguards in our state Constitution prohibiting stock market investments of our public funds.

SJR 8212 will overturn that safeguard for our new Long-Term Care Services and Supports Trust Program, a multi-Billion-dollar program established this legislative session in preparation for the coming "Silver Tsunami" of elderly needing services. With so much money in play, we must not lose sight of the stock market's high risk along with the questionable bottom line ethics of some Wall Street brokers.

From 2000-03 the Dow Jones Industrial Average (DJIA) lost a third of its value. Around 2008-09 the DJIA lost half its value during the Great Recession. This year the DJIA fell over 37% in less than *six weeks* from February 12, 2020 to March 23, 2020. Who knows where it is going from here? The long-term economic impacts of COVID-19 are still unknown.

Your vote is about prudent fiscal management of our tax dollars. A better idea is to invest public money into federal, state and municipal bonds that support public works we all depend on in Washington. They're *safe*. Don't let Wall Street brokers gamble with our hard-earned tax dollars.

The Founders didn't trust the stock market then, and we shouldn't trust it now. Please vote *no* on SJR 8212.

Rebuttal of argument for

Your No vote will protect the long-term stability of the Trust Fund from being gambled on by Wall Street. SJR 8212's passage absolutely does not *guarantee* that long term care benefits will actually be paid out to eligible Washingtonians. Don't gamble with the people's hard-earned money. We can better safeguard our money *and* know that it is being invested in a responsibly prudent way by casting a strong *no* vote on SJR 8212.

The Electoral College is a process, not a place

When you vote for President and Vice President, you determine a group of people called electors (also known as a slate) to represent Washington state in the Electoral College. The electors gather December 14, 2020 to cast votes for President based on the state's election results.

Each major political party chooses their own electors through the caucus and convention process.

Washington has 12 presidential electors

Every state starts with two because every state has two U.S. Senators. Based on population, each state receives an additional elector for every Congressional District.

$$\begin{array}{r}
 2 \text{ U.S. Senators} \\
 +10 \text{ Congressional Districts} \\
 \hline
 =12 \text{ Total electors}
 \end{array}$$

The magic number

There are a total of 538 electoral votes in the nation. A presidential ticket needs at least 270 electoral votes nationwide to win. If no presidential ticket receives a majority of electoral votes, the U.S. House of Representatives elects the President and the U.S. Senate elects the Vice President.

How electoral votes are distributed

Washington state is one of 48 states that uses a "winner-take-all" system; the presidential ticket that wins the popular vote in the state is entitled to all 12 of Washington's electoral votes.

Federal Qualifications & Responsibilities

Except for the President and Vice President, all federal officials elected in Washington must be registered voters of the state. Only federal offices have age requirements above and beyond being a registered voter.

President & Vice President

The President must be at least 35 years old and a natural born U.S. citizen. Voters indirectly elect the President through the Electoral College. The President is elected to a four-year term and cannot serve more than two elected terms.

The chief duty of the President is to ensure the laws of the nation are faithfully executed. This duty is largely performed through appointments for thousands of federal positions, including secretaries of cabinet-level agencies and federal judges (subject to confirmation by the Senate). The President is the commander in chief of the U.S. armed forces, has the power to sign and veto (reject) laws passed by Congress, and makes treaties with foreign governments (with Senate approval).

The Vice President serves as the presiding officer of the Senate. The Vice President becomes President if the office is vacated.

The order of major political parties is determined by the number of votes cast in this state for the President of the United States at the last presidential election. In 2016, the Democratic Party received the highest number of votes in Washington state and must appear on the ballot first.

Independent and minor party candidates follow major parties in the order of their qualification with the Secretary of State. (RCW 29A.36.161)

Congress

The United States' Senate and House of Representatives have equal responsibility for declaring war, maintaining the armed forces, assessing taxes, borrowing money, minting currency, regulating commerce, and making all laws and budgets necessary for the operation of government.

United States Senator

Senators must be at least 30 years old and citizens of the U.S. for at least nine years. Senators serve six-year terms. The Senate has 100 members; two from each state.

The Senate has several exclusive powers, including consenting to treaties, confirming federal appointments made by the President, and trying federal officials impeached by the House of Representatives.

In 2020 there are no United States Senators up for election in Washington state. The next scheduled election will be 2022.

United States Representative

Representatives must be at least 25 years old and citizens of the U.S. for at least seven years. Representatives are not required to be registered voters of their district, but must be registered voters of the state. Representatives serve two-year terms.

The House of Representatives has 435 members, all of whom are up for election in even-numbered years. Each state has a different number of members based on population. After the 2010 Census, Washington was given a 10th Congressional District.

Statement

Former Vice President Joe Biden believes we are in a battle for the soul of this nation. The current president threatens everything we stand for by fanning the flames of hate groups, dividing Americans, and tearing the fabric of the country apart. The stakes in this election couldn't be higher, and nothing will change if we don't defeat the current president.

Joe's parents instilled in him that when you see an abuse of power, it's your obligation to stand up to combat it. That's motivated him his entire life - as Senator from Delaware for 36 years and President Obama's Vice President for 8 years.

Joe stood shoulder to shoulder with President Obama to pass the Affordable Care Act, expanding health care for 20 million people. He wrote and passed the Violence Against Women Act, when domestic violence was considered a family matter. He took on the NRA and won - twice - including passing the assault weapons ban. And, he started talking about climate change as a moral issue of our time far before it was a mainstream issue.

His vision for America is based on equal opportunity for all. Treating everyone with dignity. A middle class where everyone - regardless of race, gender, sexual orientation, or disability - comes along.

As president, Joe will expand on the historic progress of the Obama-Biden administration and rebuild a strong, inclusive middle class. He'll protect and build on Obamacare with a public option. He'll restore our standing in the world.

Joe has a proven ability to bring people together and to deliver for the middle class. At this defining moment in our nation's history, it's going to take Joe's strong leadership to unite America and move our country forward.

Statement

Four years ago, President Donald J. Trump ran on a promise to put America First, and he has kept that promise. President Trump fought the establishment to lower taxes for hardworking middle-class families, create better trade deals that stopped the offshoring of American jobs, and rebuild our military.

President Trump stands by his oath to defend and protect the American people. That's why, as your President, Donald J. Trump has stood up to the radical left that would defund our police, allow our cities to devolve into lawless zones, and make our families less safe.

Lawless zones like CHOP, CHAZ, or whatever the radical left wants to call them cannot be allowed to happen again, and President Trump stands committed to stopping them. These aren't peaceful gatherings of protestors. They are a hotbed of crime, promoting the wanton destruction of our homes, our businesses, and innocent lives.

That's why President Trump stands proudly with our law enforcement who, day in and day out, put their lives on the line to keep our families and our children safe from dangerous criminals. Our men and women in blue deserve a President that has their back, who will work with them to make sure criminals are brought to justice, and not someone that would side with rioters that burn our buildings and destroy our communities.

As your President, Donald J. Trump will continue to deliver on his promise to Make America Great Again, by holding China accountable for the virus they unleashed upon the world. We can and we will defeat the invisible enemy, so we can continue the economic prosperity that President Trump delivered when he was elected.

Vote to put America First and to Make America Great Again. Vote Donald J. Trump for President.

Statement

While 3,000 miles separate Olympia from Washington, DC, it sometimes feels that there is an even greater divide between Washingtonians and the politicians who claim to represent them. The Evergreen State shares a name with our nation's capital, but not the same refusal to try new ideas.

Perhaps that is why more people in Washington state voted Libertarian in 2016 than ever before.

Washingtonians have made it clear they won't wait for the federal government to act, and time and again, they have been ahead of the pace of career politicians. After all, Washington was the first state where death with dignity, marriage equality, and recreational cannabis were all legal at the same time.

Just like those in Washington state, Libertarians know it doesn't have to be this way.

We can reduce healthcare costs without putting government in charge of highly personal medical decisions and creating a one-size-fits-all system. We can prioritize our national security without being involved in unnecessary foreign

wars and stationing troops around the world in dozens of countries away from their families. We can protect our communities without sacrificing freedom through failed initiatives like civil asset forfeiture, no-knock raids, qualified immunity, and the War on Drugs. We can value necessary responsibility for workers and employers without endless barriers of entry to professions and new businesses. We can balance the budget without raising taxes. By ending excessive government overspending, we can also eliminate the federal income tax.

I'm running for President not just to present a new way of addressing important issues. I'm running because Washington state deserves a better way — solutions that create real change for real people.

Statement

Our Green Party presidential ticket is campaigning for real solutions to life-or-death issues. Real solutions can't wait!

COVID-19 Pandemic: The ever-growing sickness and death from COVID-19 in the US shows that the two governing parties are presiding over a failed state. Organized countries around the world have suppressed the virus. We will enact a comprehensive Test, Contact Trace, and Quarantine program to suppress community spread of the virus so we can safely re-open the economy and schools.

Police Brutality and Systemic Racism: We call for community control of the police through commissions selected by the community with the power to appoint police chiefs, set policies and budgets, and investigate and discipline police misconduct. We support reparations, including a massive federal investment in jobs, housing, schools, healthcare, and businesses in racially-oppressed communities that have been impoverished by generations of segregation, discrimination, and exploitation.

Economic Inequality: After 45 years of stagnant wages and growing inequality, working-class life expectancy is declining. We will enact an Economic Bill of Rights to end poverty and economic despair, including a job guarantee,

a guaranteed income above poverty, affordable housing, Medicare for All, free public education from pre-K through college, and doubling Social Security benefits for a secure retirement for every senior.

Climate Crisis: We will enact an emergency Green New Deal to achieve zero carbon emissions and 100% clean energy by 2030. We will ban fracking and new fossil fuel infrastructure.

Nuclear Arms Race: We will cut military spending by 75%, withdraw from the endless wars abroad, pledge no first use of nuclear weapons, and disarm to a minimum credible nuclear deterrent. On the basis of these tension-reducing peace initiatives, we will go to the other nuclear powers to negotiate complete and mutual nuclear disarmament.

Statement

The Socialist Workers Party demands the federal government immediately fund a massive public works program to provide jobs at union- scale wages for the millions thrown out of work. The COVID-19 virus has exposed the crisis of capitalism. Workers can build hospitals, housing, schools and day care centers and replace crumbling infrastructure.

The bosses divide working people by scapegoating immigrant workers who they exploit. My campaign demands amnesty for all undocumented workers in the U.S.

Workers Control of Production. Workers need to work! It is only at work that by acting together, we utilize our power and stand up to the bosses. Such resistance has taken place among Walmart workers, fruit packing workers in Yakima, machinists union shipyard workers on strike in Bath, Maine along with copper miners who struck in Arizona and Texas and among workers on the railroads – who all demand safe working conditions, control over line speed, pay raises and forty-hour work weeks.

Our campaign points to what is possible and needed. If workers wrested control of production, we could set up

workplace committees to combat the bosses' production of shoddy goods, expose their waste, as well as protect the environment.

Workers need our own party—a labor party – to fight to take political power out of the hands of the bosses and bankers and the Democrats and Republicans who represent them. We need to emulate what the workers and farmers of Cuba did when they made their revolution in 1959 - -establish a workers and farmers government. We call for arrest and prosecution of all cops who kill working people and we fight against women's oppression and defend a woman's right to choose abortion.

Statement

Dan Newhouse is a champion for us in Congress. He solves problems and stands up against reckless spending. True to his word, the first bill Dan signed onto in Congress was a Constitutional Balanced Budget Amendment. Newhouse pushes government to live within its means and cuts red tape so jobs can grow. When COVID-19 hit our nation, Newhouse fought for resources for health care providers, job creators, and small businesses, while holding China accountable for its deception.

A third-generation family farmer, Dan understands agriculture is the backbone of our economy. He recognizes the best land-use decisions come from local leaders and landowners, not federal bureaucrats.

Newhouse knows the issues that make Central Washington unique. He's keeping the Federal government accountable to clean up Hanford. He's an expert on water issues and is making the Yakima and Columbia Basin Projects a reality. He's advancing forest management to reduce risk of wildfires, and he's protecting our clean, renewable hydropower to ensure dams and salmon can continue to coexist.

Dan votes to ensure health care is accessible, affordable, and decisions are between a patient and doctor.

Newhouse is a champion for our veterans. He wrote the law to make sure no veteran is ever denied emergency medical care.

To seniors: Dan will protect Social Security. You paid into the system, and Newhouse will help ensure the government keeps its promise to you.

Most candidates say the right things, but Dan Newhouse has a proven track record backing up his words. He's been commended by business groups, Second Amendment supporters, pro-life organizations, and land rights advocates for his commitment to pro-jobs policies, traditional values, and individual liberty. He brings conservative Central Washington values to Washington, DC. Please vote to keep Republican Dan Newhouse working for us in Congress.

Statement

In 1929 our nation was plunged into an unprecedented economic depression under a Republican president, Herbert Hoover, who did nothing to end Americans' suffering. In 1932, Americans overwhelmingly elected Franklin Roosevelt to the White House. President Roosevelt promised bold plans to put Americans back to work, and he followed through on those plans. Roosevelt put thousands to work building the dams on the Columbia River that still power Central Washington's economy. Roosevelt also put Social Security in place, providing millions of seniors a dependable income that continues to this day.

Republicans called those programs "socialism," but the American people saw them for what they were; putting the needs of people first. Today, we face a new economic crisis that again calls for big, bold actions by the federal government. But just as they did in 1932, Dan Newhouse and Donald Trump are calling these actions "socialism." They were wrong in 1932, they are wrong today.

We need to put Americans back to work, and we need to create the right incentives so that American workers get a bigger piece of the economic pie that they create. We need a basic level of health-care for every American that is affordable, and that isn't tied to a job. We need to make college affordable. We need immigration reform that keeps families together, with a pathway to citizenship for hard-working, tax-paying, law-abiding immigrants. We need to transition to clean energy.

We have a choice. We can continue to follow Dan Newhouse and Donald Trump down the same path that, today and in 1929, led to massive unemployment and a crippled economy, or we can choose a new path. Please support me with your vote to put Americans back to work so we can build a better, more prosperous America.

Statement

The people of Washington are resilient and deserve leadership that reflects their character. Jay Inslee's proven experience in difficult times and his successful economic vision are exactly what Washington needs as we rebuild our economy and help families and businesses recover from the pandemic.

The measure of our leaders is how they respond to unexpected crises. When Washington became ground zero in the country for COVID-19, Governor Jay Inslee met this health and economic crisis head-on, with bold action based on science and guided by public health experts.

The Ellensburg *Daily Record* praised Governor Inslee, writing, "In the moment when he has been tested the hardest, Inslee has stepped up, making the tough calls and providing the leadership needed to get this state through the COVID-19 crisis." The Chair of the University of Washington's Department of Global Health praised Inslee's leadership for "having saved countless lives."

Under Inslee's leadership, Washington recovered from the last great recession to become the country's #1 rated economy, and our state is poised to rebound more quickly thanks to the Governor's progressive policies. Our state has the nation's best Paid Family and Medical Leave, we have expanded health care coverage to 800,000 Washingtonians and created a long-term care benefit for seniors that puts us in a better position to address public health dangers and immediate economic hardship.

Inslee's Career Connect program provides on-site training and apprenticeships for thousands of students who have plans other than four-year college and his investments in forward-thinking renewable energy industries have prepared us to endure and recover from the economic pain so many are now living through.

Governor Inslee's steady leadership and pioneering vision make him exactly the governor we need now to guide us to a better, stronger and more just future for Washington.

Statement

As we navigate the unprecedented challenges that lie ahead, it’s critical we have state leaders with the experience, competence and civility to guide our government on the path to a more prosperous future for all.

As a lifelong Washingtonian and Democrat, I’ve served at every level of government and been committed to promoting values of a more fair and just economic system, a strong public education system, and a commitment to our environment to ensure generations to come will be able to enjoy the peerless natural beauty of our state. I will continue to champion these causes while fulfilling the other duties constitutionally assigned as Lieutenant Governor.

With your continued trust, this office can ensure we don’t roll back the progress we have worked so hard for in Washington State. We have an opportunity to build a state that is better than it was before and not sacrifice our most vulnerable in the name of progress.

I’ll build on my record of proven leadership and break barriers as Washington’s first openly gay statewide executive.

The Lieutenant Governor’s most important job is serving as Senate President. As the only candidate who has served in the Senate, I’m uniquely positioned to get results. I’ve used my position as Majority Floor Leader to establish the most generous paid family leave program in the country, close big business tax loopholes, expand voting rights, protect reproductive healthcare, build light rail, and pass critical COVID-relief.

While Congress is mired in gridlock and special interest money, here in Washington we’ve taken bold action, often with bipartisan support. As Lieutenant Governor, I’ll keep fighting for inclusive economic recovery, universal healthcare, and quality education accessible to all.

Statement

As Secretary of State, my most critical responsibility is to inspire public confidence in Washington's elections. We achieve that when access and security are balanced. That's why we created a secure statewide voter registration system to implement accessible same-day voter registration; established the first Elections Security Operations Center to respond to foreign interference and cybersecurity threats; and coordinated the efforts to develop robust state and county continuity of operations plans to respond in a pandemic.

Because Washington is a nationally recognized leader, we have been able to help other states innovate and secure their elections by expanding mail-in voting options during the coronavirus pandemic. I am proud to be the only candidate with elections experience – in fact, I've run over 120 elections in Washington.

This has helped earn the endorsements of all three former Secretaries of State and over 50 Democratic, Republican, and independent County Auditors and Elections Directors. They understand the complexities of this job and share my passion for accessible and secure elections, streamlined business services, open public records, and preserving state history.

I ask for your vote to continue this important work and maintain the nonpartisan integrity and citizen-oriented philosophies of this office.

Statement

Voting rights and election security are under attack across the country. In a time of persistent voter suppression and election interference, we need a Secretary of State who will boldly defend every vote and every voter.

I'm running for Secretary of State because I have 30 years of experience as a senior defense intelligence and national security analyst defending our country from attacks. I believe that this office needs a new type of leader to protect our election systems and voter information against current and emerging threats.

Currently, our national and state election officials are putting party before our democracy. Our state's top election official has not denounced threats to defund the US Postal Service or condemned dangerous attacks on voting by mail. These threats to election security must not go unchallenged. In contrast, as a legislator I've supported every effort to expand voting rights and have passed bipartisan laws to protect elections and election workers for all of us.

The needs of this office have changed. It's time for a new era in Washington state elections. I am prepared to face these challenges and lead through the uncertain times ahead. I'd be honored to earn your vote.

Washington State Representative; House Capital Budget Committee Member.

Other Professional Experience

Community Service

Statement

Mike will be an independent treasurer who has *never accepted corporate campaign donations*. He will stop the longtime practice by treasurers of investing in the same corporations that fund their campaigns. Mike shares our Washington values; the incumbent treasurer supports Donald Trump for President.

A financial transparency champion, Mike led efforts to make the legislature's records open for public view. He passed laws to expose "dark money" in politics. He wrote the Corporate Crime Act that increases financial penalties by 100 times. The Treasurer's Office thanked Mike for working to pass laws that improved treasury investments.

Mike will put working families' and retirees' needs first. He will fight to return a billion dollars of Washingtonians' unclaimed money stuck in the treasury back into your hands. Mike opposes a personal income tax and successfully supported laws reducing property taxes.

Statement

I have had the honor of serving as the elected Washington State Auditor for the past four years. I am proud of being the first woman to hold this position. Prior to State Auditor, I served as Pierce County Executive and Pierce County Auditor. I have a proven and tested public record of leadership.

As State Auditor, it is a privilege to lead over 400 employees working across the state to provide fiscal and accountability audits of all local and state governments. We have increased the number of cybersecurity and performance audits, while conducting numerous investigations including uncovering the largest fraud on record.

My vision to "increase trust in government" means greater transparency and accountability of public money. To accomplish this goal, I have created a user-friendly, interactive website that gives you important information about each government that serves you. Having an independent, objective review of public dollars is the hallmark of my work at the State Auditor's Office.

I have been endorsed by many people and organizations, which are listed at my website: www.patmccarthyauditor.com. I am seeking re-election to this important job and ask for your support.

Other Professional Experience

I spent 11 years as a police officer and detective, 3 years of this as a law enforcement performance auditor. Previously, I ran a grocery department with approximately 50 employees and \$400-500k sales per week.

Education

I obtained my B.S. in Molecular Biology from UW in 2007. I am also finishing my MBA in Finance from WSU. Additionally, I hold several professional certifications through my job in law enforcement, including a performance auditor certification from ILEAA.

Community Service

I operate an animal rescue called Secondhand Hearts on our farm and also rescue horses from kill pens across Washington.

Statement

The State Auditor's Office deserves someone who will finally unlock its full potential to serve Washington. This position has a vital role in oversight of your public dollars, but it also has the power to perform auditing that can change the way government agencies spend that money more efficiently.

I am the candidate in this race that has the most hands on experience with government auditing and government process at the investigative level. I also have perspective on all types of Washington governments instead of those just within our major cities.

We need an auditor that combines all of this experience with a desire to bring *lean* business practices to the office and to make recommendations in Washington agencies that will create jobs and opportunities across all of our state. Wherever my department can find opportunities for us to spend money on products and materials made by Washington businesses, we will recommend these opportunities be prioritized by our state government.

This November, remember that your auditor should be less about their party and more about their boss: You.

Statement

Hilary Franz is proud to serve as Commissioner of Public Lands. She is relentless in creating bold, transformational change. As the leader of Washington’s wildfire fighting force, Hilary pushed for new strategies to reach fires quickly and keep them small. She then secured record-setting funding for our wildland firefighters.

In the face of climate change, Hilary is prioritizing wind and solar power and making investments to save our forests.

Hilary leads by bridging divides and bringing people together. She’s earned high marks from leaders across the state, including from conservative leaders in rural Washington, who’ve praised her willingness to solve local issues, increase funding for schools, invest in rural economic development, and tackle our forest health crisis.

Hilary’s Washington roots run deep, from her grandparents’ cattle ranch in Pierce County to raising her three boys on a farm on Bainbridge Island. Statement

Our public lands have been ravaged by natural disasters including tree infestations and forest fires. They’ve also been damaged by a political disaster: state managers that have focused on serving special interest groups instead of providing for taxpayers, school districts, and outdoor recreational enthusiasts.

No more policy-by-press-conference, or angling for higher political office. It’s time for new leadership. Sue is running to bring that new leadership to DNR, the agency responsible for managing our state’s 3 million acres of trust land.

Informed by a lifetime of managing natural resources, Sue will work to ensure that Washington’s working forests continue to provide a steady, reliable stream of income for our public schools. We’ll do this by adopting proven forest management techniques that reduce disease and excess fuel loads in our forests, which accelerate devastating forest fires. Sue will use her experience as a UW and NOAA fisheries and habitat biologist to strike the right balance between protecting wildlife and protecting Washington’s forest economy.

Raised in rural Washington, Sue has a distinguished career in natural resource management, including service as a regulatory liaison for a major hydropower construction project. She has raised two adult children and survived breast cancer.

Statement

Our schools are facing a defining moment. Teachers aren't happy, families are stressed, students are struggling, and the opportunity gap is widening. The delivery of public education has changed dramatically, and we've been forced to adapt. Now is our chance to reimagine a better education system because *the status quo is no longer an option*.

To improve our school system, we need to: use technology to *innovate classrooms* and unlock possibilities for more *personalized learning*; provide school schedules that fit the needs of *working families* and teachers; and teach students key *life skills* like managing finances, living independently, and resolving conflicts.

With kids of my own in public schools, I support parental choice and local control. *The incumbent ignored parents and educators by championing a policy that teaches sexual positions to 4th graders!* Meanwhile, nearly half of Washington's students are failing to meet state standards in core subjects. I am endorsed by parents, teachers, and school board members across Washington because *I respect community input*.

I am running for Superintendent because I believe *our kids deserve better* and can achieve more. If elected, we will update our school system to meet the needs of families, teachers, and the future economy.

Statement

I believe that our district needs new, bold leadership. It was not my intention to run, however due to the pandemic and the historic lack of response to the healthcare crisis, I felt voters deserved a choice. Our district needs someone who doesn't take money from insurance and pharmaceutical companies: someone who represents you, not corporations.

Even before millions of people lost their jobs, 500,000 Washingtonians were uninsured. Families, like mine, were struggling to pay high premiums. When elected, my first priority will be passing universal healthcare. Thank you for reading my statement. I hope to meet you soon!

I am proud to serve you on our highest court, where I bring diverse judicial experience and a reputation for fairness and common sense--making sure laws are applied without bias or political influence. I have presided over therapeutic drug courts, developed innovative programs for children and families, and managed hundreds of trials, including felony criminal trials and complex civil litigation. I'm committed to ensuring victims are heard and supported.

As Washington's first Native American Justice, I'm proud of my record of accomplishments and appreciate my role as a voice for underrepresented communities. I've worked hard to earn the respect of my peers, those who appear in my courtroom, and voters looking for qualified, impartial, independent judges.

An award winning advocate for children and youth, I've worked to restore young lives rather than create a cycle of incarceration. We must invest in early intervention to deter criminal behavior, providing pathways for success for those who do commit crimes.

My thoughtful approach is reflected by "exceptionally well qualified" evaluations. I'm endorsed by my Supreme Court colleagues, judges statewide, as well as the State Labor Council, Washington Conservation Voters, the National Women's Political Caucus-WA, Women of Color in Politics, and more.

Statement

As Washington's Chief Justice, I am dedicated to upholding the rule of law in a fair and impartial manner. Courts are a critical branch of government, where every person—regardless of circumstance—must be treated fairly, with dignity, and free from bias.

In these challenging times, the fair administration of justice must withstand threats posed by the pandemic and increasing attempts to politicize courts. I work every day to maintain the independence and integrity of our courts, and I trust the people of Washington to elect judges who safeguard access to justice and respect the law.

As the only current Justice from Eastern Washington, I bring important perspectives to the Court. As a former constitutional law professor, I respect legal traditions. As a parent and former school board chair, I understand how court decisions impact Washington families.

My priorities this year include addressing the urgent and critical needs of the justice system during the pandemic: new protocols for remote court hearings, safe courthouse operations, and protection of public safety and the rights of the accused and incarcerated. I have always enjoyed broad, nonpartisan support, and I ask for your vote to continue serving you and upholding the rule of law.

Eastern Washington deserves appellate court judges who have a broad and deep knowledge of the law. You also deserve an appellate court judge who has stood with people from all walks of life (business owners to evicted renters) when they face the ups and downs of the legal system. I bring these to the bench, as well as strong legal knowledge and the experience of walking people, like you, through the system.

Washington's Constitution states governments (including judges) are established to protect individual rights. Judges should respect the constitution, legislature, and juries, which is why I have sought and received the endorsement of Senators Padden and Holy who are on the Senate Law and Justice Committee. Community Service

Statement

My diverse background provides the experience and broad perspective that maintains a balanced and practical decision-making body to fairly serve all citizens and economic sectors of Okanogan County.

We will never NOT be an agriculture and natural resource based County. In collaboration with many interests we are moving forward to improve our position in this regard. However, it takes patience, cooperation and collaboration, not fighting, to effectively overcome the challenges faced by these sectors.

I believe good leadership requires that we rely on facts not fallacy. It is easy to gain political popularity by repeating popular views but a bold reckoning of reality that promotes constructive solutions is real leadership.

Seeking re-election during an unprecedented pandemic is not ideal for an incumbent. I am immersed in day-to-day developments in state policy, responding to an anxious constituency, and closely engaged with my colleagues in seeking a logical path. Therefore, I will stay focused on this work keeping the campaign as a lessor priority.

It takes nearly a whole term to grasp the workings and challenges of County Government. Re-elect Chris Branch and we will keep the train on the track over the long haul. Thanks for your support.

Born in Brewster, Washington in 1976 I have lived and worked in Okanogan County for most of my life. My childhood was spent on the family ranch learning the hard lessons that cattle and alfalfa production doled out. I went on to college and received a degree from Washington State University in Agriculture Technology and Management. Over the past three and a half years I have learned much about being a County Commissioner and working for the people of Okanogan County.

Statement

As Okanogan County Commissioner, I feel it is a privilege to serve its residents. My interest in helping Okanogan County and the people that call it home led me to run for, and become, an Okanogan County Commissioner. Working to fairly represent you and listen to your concerns has been, and will continue to be, my top priority. Being fiscally responsible and maintaining an environment of trust between residents and County government must be at the forefront of the tasks that a County Commissioner must strive to achieve. I believe in these goals and am grateful for the chance to continue to meet these for everyone in Okanogan County.

Grand Coulee Dam School District No. 301J

Proposition No. 1

Supplemental Educational Programs and Operation Levy

The Board of Directors of Grand Coulee Dam School District No. 301J adopted Resolution No. 19-20/07, concerning supplemental funding for educational programs and operation. This proposition would authorize the District to supplement, in response to recent legislative changes, the remaining two years of the levy approved at the February 2019 special election, by levying the following excess taxes on all taxable property within the District, for support of educational programs and operation expenses not funded by the State:

Collection Year	Estimated Levy Rate/\$1,000 Assessed Value	Supplemental Levy Amount
2021	\$1.00	\$302,522
2022	\$1.00	\$311,597

all as provided in Resolution No. 19-20/07. Should this proposition be approved?

- LEVY YES
- LEVY NO

Resolution No. 19-20/07

A RESOLUTION of the Board of Directors of Grand Coulee Dam School District No. 301J, Grant, Douglas, Lincoln and Okanogan Counties, Washington, providing for the submission to the voters of the District at a special election to be held on November 3, 2020, in conjunction with the State General election to be held on the same date, of a proposition authorizing a supplemental excess tax levy to be made annually for two years commencing in 2020 for collection in 2021 of \$302,522 and in 2021 for collection in 2022 of \$311,597 for the District's General Fund to provide for subsequently enacted increases affecting the District's maximum levy authorized under ESSB 5313 necessary to pay

educational programs and operation expenses not funded by the State of Washington; designating the Secretary to the Board and special counsel to receive notice of the ballot title from the Auditor of Grant County, Washington; and providing for other matters properly related thereto.

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF GRAND COULEE DAM SCHOOL DISTRICT NO. 301J, GRANT, DOUGLAS, LINCOLN AND OKANOGAN COUNTIES, WASHINGTON, as follows:

Section 1. Findings and Determinations. The Board of Directors (the "Board") of Grand Coulee Dam School District No. 301J, Grant, Douglas, Lincoln and Okanogan Counties, Washington (the "District"), takes note of the following facts and makes the following findings and determinations:

(a) Pursuant to Resolution No. 18-19/02, adopted by the Board on November 26, 2018, a proposition was submitted to the District's voters for their approval or rejection at a special election held on February 12, 2019, authorizing a three-year General Fund replacement educational programs and operation excess tax levy commencing in 2019 for collection in 2020 of \$475,000, in 2020 for collection in 2021 of \$503,500, and in 2021 for collection in 2022 of \$533,710, the proceeds of such levies to be used to pay educational programs and operation expenses not funded by the State of Washington (the "State"), all as more particularly set forth in Resolution No. 18-19/02, and that proposition was approved by the requisite number of voters.

(b) Pursuant to Engrossed Substitute Senate Bill 5313 (2019), effective July 28, 2019 ("ESSB 5313" or "Laws of 2019, ch. 410"), the Washington State Legislature (the "Legislature") increased the educational programs and operation levy authority of school districts, commonly known as the levy lid. For tax collections commencing in 2020 and thereafter, ESSB 5313, among other things, resets the maximum levy lid at an amount equal to the lesser of (i) \$2,500 per student for school districts with fewer than 40,000 full-time equivalent students or (ii) \$2.50 per \$1,000 of assessed value. See Laws of 2019, ch. 410, § 2 (codified at RCW 84.52.0531). RCW 84.52.053(2) expressly authorizes a school district with an existing educational programs and operation levy to seek voter approval of supplemental educational programs and operation levies to provide for subsequently enacted increases affecting the school district's maximum levy.

(c) Under a prior reduction in the maximum levy lid and resulting District budget reductions, it appears certain that the money that will be available for the General Fund for the school years 2020-2021, 2021-2022 and 2022-2023 will be insufficient to permit the District to

meet the educational needs of its students and pay educational programs and operation support expenses not funded by the State, all as more particularly set forth in Section 3 of this resolution, during such school years, and that it is necessary and in the best interests of the District that a supplemental excess property tax levy of \$302,522 be made in 2020 for collection in 2021 and \$311,597 be made in 2021 for collection in 2022 for the District's General Fund to provide the money necessary to meet those expenses.

(d) The District's proposed two-year excess tax levy authorized pursuant to this resolution provides for subsequently enacted increases affecting the District's maximum levy under ESSB 5313 by supplementing the excess property taxes to be collected for the remaining two years of the District's existing three-year General Fund replacement educational programs and operation excess tax levy authorized by the voters on February 12, 2019 pursuant to Resolution No. 18-19/02.

(e) Pursuant to Article VII, Section 2(a) of the Washington Constitution and RCW 84.52.053(2), the District may submit to its voters at a special election, for their approval or rejection, a proposition authorizing the District to levy supplemental excess property taxes to provide for subsequently enacted increases affecting the District's maximum levy under ESSB 5313 necessary to pay educational programs and operation expenses not funded by the State.

(f) Prior to the time the ballot proposition authorized in this resolution is submitted to the voters, the District will have received approval of its supplemental educational programs and operation tax levy expenditure plan from the Office of the Superintendent of Public Instruction under RCW 28A.505.240 as required by RCW 84.52.053(4), a copy of which will be on file with the District after approval.

Section 2. Calling of Election. The Auditor of Grant County, Washington, as *ex officio* Supervisor of Elections (the "Auditor"), and the proper officer of the county to which the District belongs pursuant to chapter 28A.323 RCW, is requested to call and conduct a special election in the manner provided by law to be held in the District on November 3, 2020, in conjunction with the State General election to be held on the same date, for the purpose of submitting to the District's voters, for their approval or rejection, the proposition authorizing a supplemental General Fund educational programs and operation tax levy on all of the taxable property within the District (the assessed value of such representing 100% of true and fair value unless specifically provided otherwise by law) to be made annually for two years commencing in 2020 for collection in 2021 of \$302,522, the estimated dollar rate of tax levy required to produce

such an amount being \$1.00 per \$1,000 of assessed value and in 2021 for collection in 2022 of \$311,597, the estimated dollar rate of tax levy required to produce such an amount being \$1.00 per \$1,000 of assessed value, all in excess of the maximum tax levy allowed by law for school districts without voter approval. The exact tax levy rate and amount to be collected may be adjusted based upon the actual assessed value of the taxable property within the District and the limitations imposed by law at the time of the levy.

Section 3. Use of Taxes. If the proposition authorized by this resolution is approved by the requisite number of voters, the District will be authorized to levy the excess property taxes up to the amounts provided in this resolution (in addition to the excess property taxes authorized pursuant to Resolution No. 18-19/02) to meet the educational needs of its students and pay educational programs and operation support expenses not funded by the State during the school years 2020-2021, 2021-2022 and 2022-2023, all as may be authorized by law and determined necessary by the Board. Pending the receipt of those taxes, the District may issue short-term obligations pursuant to chapter 39.50 RCW or contract indebtedness pursuant to RCW 28A.530.080. Upon receipt, the District may use those taxes to repay such short-term obligations or indebtedness, all as may be authorized by law and determined necessary and advisable by the Board.

Section 4. Form of Ballot Title. Pursuant to RCW 29A.36.071, the Grant County Prosecuting Attorney, as the county prosecuting attorney of the county within which the majority area of the District is located, is requested to prepare the concise description of the aforesaid proposition for the ballot title in substantially the following form:

PROPOSITION 1

GRAND COULEE DAM SCHOOL DISTRICT
NO. 301J

SUPPLEMENTAL EDUCATIONAL PROGRAMS
AND OPERATION LEVY

The Board of Directors of Grand Coulee Dam School District No. 301J adopted

Resolution No. 19-20/07, concerning supplemental funding for educational programs and operation. This proposition would authorize the District to supplement, in response to recent legislative changes, the remaining two years of the levy approved at the February 2019 special election, by levying the following excess taxes on all taxable property within the District, for support of educational programs and operation expenses not funded by the State:

Collection Year	Estimated Levy Rate/\$1,000 Assessed Value	Supplemental Levy Amount
2021	\$1.00	\$302,522
2022	\$1.00	\$311,597

all as provided in Resolution No. 19-20/07. Should this proposition be approved?

LEVY YES..... LEVY NO.....

Section 5. Authorization to Deliver Resolution to Auditor and Perform Other Necessary Duties.

The Secretary to the Board (the "Secretary") or the Secretary's designee is directed to: (a) present a certified copy of this resolution to (i) the Auditor and (ii) the Auditor of Douglas County, Washington, the Auditor of Lincoln County, Washington, and the Auditor of Okanogan County, Washington (collectively, the "Joint County Auditors"), no later than August 4, 2020; and (b) perform such other duties as are necessary or required by law to submit to the District's voters at the aforesaid special election, for their approval or rejection, the proposition authorizing the District to levy supplemental excess property taxes to provide for subsequently enacted increases affecting the District's maximum levy under ESSB 5313 necessary to pay educational programs and operation expenses not funded by the State. If after submitting this resolution to the Auditor and the Joint County Auditors, the Secretary, in consultation with the Chair of the Board, the Auditor and the Joint County Auditors, determines it is not in the District's best interests to submit the proposition authorized in this resolution to the District's voters at the November 3, 2020 election due to circumstances regarding the coronavirus disease 2019 (COVID-19), the Secretary is authorized to request and direct the Auditor and the Joint County Auditors to remove the proposition from such election without further Board action.

Section 6. Notices Relating to Ballot Title. For purposes of receiving notice of the exact language of the ballot title required by RCW 29A.36.080, the Board hereby designates (a) the Secretary to the Board (B. Paul Turner), telephone: 509.631.3124; fax: 509.633.2530; email: pturner@gcdsd.org; and (b) special counsel, Foster Garvey P.C. (Jim McNeill), telephone: 509.777.1602; fax 800.533.2284; email: jim.mcneill@foster.com, as the individuals to whom the Auditor and the Joint County Auditors, shall provide such notice. The Secretary is authorized to approve changes to the ballot title, if any, determined necessary by the Auditor or the Grant County Prosecuting Attorney.

Section 7. General Authorization and Ratification. The Secretary, the District's Business Manager, the Chair of the Board, other appropriate officers of the District and special counsel, Foster Garvey P.C., are severally

authorized and directed to take such actions and to execute such documents as in their judgment may be necessary or desirable to effectuate the provisions of this resolution. All actions taken prior to the effective date of this resolution in furtherance of and not inconsistent with the provisions of this resolution are ratified and confirmed in all respects.

Section 8. Severability. If any provision of this resolution is declared by any court of competent jurisdiction to be invalid, then such provision shall be null and void and shall be separable from the remaining provisions of this resolution and shall in no way affect the validity of the other provisions of this resolution, or of the levy or collection of excess property taxes authorized herein.

Section 9. Effective Date. This resolution takes effect from and after its adoption.
