## A message from Assistant Secretary of State Mark Neary

On behalf of the Office of the Secretary of State, I am pleased to present the 2020 General Election Voters' Pamphlet. We offer this comprehensive guide as a reference to help you find information on the candidates and statewide measures that appear on your ballot.

This general election gives you the opportunity to have a say in our government at the local, state, and national levels, and to choose who will serve as our nation's next president. In order to have your voice heard, you must be registered to vote. Voter registration forms that are mailed or completed online must be received by October 26, and we encourage you to check your registration information today at **VoteWA.gov**. If you are reading this message after October 26 and you are not registered, have moved since the last time you voted, or did not receive a ballot, you can go to your local elections office or voting center during regular business hours through 8 p.m. on Election Day to register to vote and receive a ballot.

Once you have completed your ballot, you can send it via U.S. mail — no postage needed — but remember, all ballots must be postmarked by November 3. A late postmark could disqualify your ballot. The USPS recommends that you mail a week before Election Day. After that, we recommend using an official ballot drop box. Drop boxes are open until 8 p.m. on November 3.

We are committed to ensuring a safe and secure election for all Washingtonians, especially during this challenging time. Returning your ballot through the mail or at one of nearly 500 ballot drop boxes statewide can help you maintain proper social distancing and stay healthy. To locate a ballot drop box, visit **VoteWA.gov**. For more information about COVID-19, visit **coronavirus.wa.gov**.

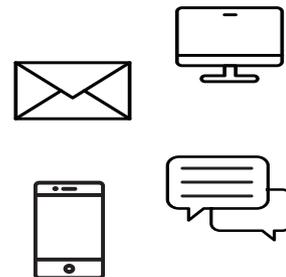

Sincerely,

Mark Neary  
Assistant Secretary of State

## Explanatory Statement

Written by the Office of the Attorney General

### The Law as it Presently Exists

School districts may choose to provide, or not to provide, sexual health education. Parents or legal guardians may have their children excused from any planned instruction in sexual health education.

If the school district offers sexual health education, it must be medically and scientifically accurate. It must also be age-appropriate and appropriate for students of any gender, race, disability status, or sexual orientation. It must include information about abstinence and other methods of preventing pregnancy and sexually transmitted diseases. It cannot consist only of information about abstinence.

A school may choose to provide comprehensive sexual health education using separate outside speakers or a prepared curriculum. Sexual health education must be consistent with guidelines developed by the state Department of Health and the Office of the Superintendent of Public Instruction. The Superintendent of Public Instruction and the state Department of Health must make these guidelines available on their web sites.

The Superintendent of Public Instruction, consulting with the state Department of Health, develops a list of sexual health education curricula that are consistent with state guidelines. State law encourages school districts that choose to offer sexual health education to review their program and choose a curriculum from the state list. School districts may choose or develop any other curriculum that complies with state law.

Any parent or legal guardian may review the curriculum offered in their school district.

### The Effect of the Proposed Measure if Approved

The Legislature recently passed a bill that would change the law about sexual health education. If the voters approve Referendum 90, then the law would change as described below. If the voters reject Referendum 90, then the law will remain as summarized above.

Referendum 90 would require public schools to provide comprehensive age-appropriate sexual health education. Parents and legal guardians would continue to have the choice to exclude their students from sexual health education.

Comprehensive sexual health education would mean

age-appropriate instruction in human development and reproduction. Districts would use curriculum, instruction, and materials that are medically and scientifically accurate. The instruction must use language and strategies that avoid discrimination against any student. Comprehensive sexual health education must include information about affirmative consent and bystander training. This means teaching about a conscious and voluntary agreement to engage in sexual activity as a requirement before sexual activity.

The curriculum, instruction, and materials would vary by grade level. For students in kindergarten through grade three, it must be instruction in social-emotional learning that is consistent with standards and benchmarks established by the Office of the Superintendent of Public Instruction. For students in grades four through twelve, it must include information about six topics. These are:

- The physiological, psychological, and sociological developmental processes experienced by an individual;
- The development of intrapersonal and interpersonal skills to communicate, respectfully and effectively, to reduce health risks, and choose healthy behaviors and relationships that are based on mutual respect and affection, and are free from violence, coercion, and intimidation;
- Health care and prevention resources;
- The development of meaningful relationships and avoidance of exploitative relationships;
- Understanding the influences of family, peers, community, and the media throughout life on healthy sexual relationships; and
- Affirmative consent and recognizing and responding safely and effectively when violence, or a risk of violence, is or may be present with strategies that include bystander training.

The law would phase in over time. Public schools must provide comprehensive sexual health education in grades six through twelve beginning in the 2021-22 school year. They must begin doing so in all grades in the 2022-23 school year. Public school districts must provide comprehensive sexual health education at least once to students in kindergarten through grade three, once to students in grades four through five, twice to students in grades six through eight, and twice to students in grades nine through twelve.

The Office of the Superintendent of Public Instruction must keep training materials up to date. Public school districts may either choose a curriculum from the list

developed at the state level or choose other curriculum. A district choosing a curriculum that is not on the state list must make sure that it complies with state law and consult with the Office of the Superintendent of Public Instruction. The Office of the Superintendent of Public Instruction must provide technical assistance to public schools.

At the beginning of the 2021-22 school year, public schools must let parents and legal guardians know that they will provide comprehensive sexual health education. The district must provide access to all such course materials that it will use during the school year.

Public school districts must report to the Office of the Superintendent of Public Instruction the curricula used to provide comprehensive sexual health education. The report must describe how it aligns with state law requirements. The Office of the Superintendent of Public Instruction must summarize this information and report it to the Legislature.

## Fiscal Impact Statement

### FISCAL IMPACT SUMMARY

Engrossed Substitute Senate Bill 5395 was enacted in the 2020 legislative session, but has not gone into effect because the voters submitted petitions to refer the measure to the November 2020 general election ballot. If the voters approve the referendum, ESSB 5395 would go into effect. There would be no fiscal impact to state government in the 2019–21 biennium and ongoing. There would be a fiscal impact to local government (school districts), but the impact is indeterminate. There are no known state or local revenue impacts that would result from the passage of this measure.

### SUMMARY

Referendum 90 places Engrossed Substitute Senate Bill 5395 (ESSB 5395) onto the 2020 general election ballot for approval or rejection by the voters.

Beginning September 1, 2021, ESSB 5395 would require every public school district to offer comprehensive sexual health education from a list of curricula provided on the Office of Superintendent of Public Instruction's (OSPI) website, or choose their own curricula using a tool provided by OSPI. Additionally, OSPI would be required to report to the Legislature data collected from school districts about the curricula they used to provide comprehensive sexual health education. Section 1(5)(a) of ESSB 5395 requires the Department of Health (DOH)

to consult with OSPI on the development of a list of comprehensive sexual health education curricula that are consistent with the 2005 guidelines for sexual health information and disease prevention and the Washington state health and physical education K–12 learning standards.

### GENERAL ASSUMPTIONS

- If approved, the effective date of the referendum is December 3, 2020.
- The fiscal estimates use the state's fiscal year of July 1 through June 30. Fiscal year 2021 is July 1, 2020 to June 30, 2021.

### REVENUE

The referendum has no known state or local revenue impact.

### EXPENDITURES

A vote to approve the referendum would result in no costs for state government, specifically OSPI and DOH. School districts may incur costs, but those costs are indeterminate and are dependent upon local decisions regarding the adoption process and training for any new curriculum adopted.

#### State expenditures

Curricula. OSPI currently offers a list of curricula as part of its open education resources. There is no additional cost associated with maintaining sexual health education curricula.

Review Tools. OSPI currently offers a review tool for districts to use when selecting comprehensive sexual health education. The tool would require very little modification to be used as directed in the bill. There is no additional fiscal impact related to staff time to accomplish this work.

Data Collection. OSPI currently collects district-level data related to comprehensive sexual health education. No expenditure impact is anticipated as a result of this additional data collection requirement.

Reporting: OSPI is currently required to report on sexual health education to the Legislature. The time involved in reporting the results of the data reporting is already believed to be captured; therefore, no expenditure impact is expected.

#### School district expenditures

Curricula. School districts may use free sexual health education curricula that is available. Any curricula costs for districts not currently offering comprehensive sexual health education, or not using curricula that meets the standard in ESSB 5395, would be discretionary. Should districts choose curricula at

a cost, two federally-funded grant programs are available to provide financial assistance to districts for implementation. DOH administers the Personal Responsibility Education Program (PREP), and Planned Parenthood of the Great Northwest and Hawaiian Islands administers the Teen Pregnancy Prevention Program (TPPP). Both are funded by the U.S. Department of Health and Human Services Office of Adolescent Health.

Professional Development: ESSB 5395 does not require that districts send their teachers to training or provide any other professional development opportunities in comprehensive sexual health education. Any costs incurred by districts for professional development would be discretionary. To manage discretionary costs, districts could choose to send teachers to professional development opportunities offered by OSPI at no cost.

Districts could incur costs for travel and substitute teacher reimbursement.

Adoption of Curricula. Adoption costs are dependent upon local school district practices. It is assumed that districts changing their curricula will use current adoption processes and available financial resources, therefore, no additional costs will be incurred. However, districts may be impacted by changing their curriculum adoption schedule, substituting the adoption of sexual health education curricula in the place of currently planned curriculum updates. If they choose to add sexual health education curricula to their adoption process, this could result in additional costs for curriculum review, meetings, and public comment. There is no way to estimate statewide costs of the adoption processes; therefore, there is an indeterminate fiscal impact on districts.

## Argument for

### Approve Referendum 90 for Safe and Healthy Kids

Young people in every community deserve age-appropriate information and resources to make good decisions about sex and relationships, to enable them to protect their health, keep themselves safe, and build their futures. Right now, too many students are not receiving high-quality, medically-accurate sexual health education, putting them at immediate risk of harm.

Approving Referendum 90 will uphold a new Washington law requiring all public schools to teach age-appropriate, inclusive, comprehensive sex education. This starts with social and emotional learning for younger students and includes teaching older students about ways to prevent pregnancy and practice affirmative consent.

### It will keep kids healthy

Studies show young people who receive quality sex education are less likely to partake in risky sexual behavior, experience unintended pregnancy, or get a sexually transmitted infection.

### Sex education also serves as prevention for sexual abuse and rape

Young people need information and resources about healthy relationships to understand how to respect personal boundaries, ask for consent, and learn how to say and receive a “no.” Kids experiencing abuse urgently need to know how to get help. Children who are being sexually abused often don’t understand what is happening until someone provides them with the tools to communicate with a trusted adult.

This year, parents, educators, and medical professionals from across Washington worked together to pass a comprehensive sex education law. Let’s protect that law, and young people’s futures, by approving Referendum 90.

---

### Rebuttal of argument against

Parents, teachers, and pediatricians know that in states with quality sex education, teens are talking about consent, waiting longer to have sex, avoiding getting pregnant, and keeping themselves safe. R90 gives parents the ability to opt children out if they’re uncomfortable with content, and every district must collaborate with communities on curriculum selection. R90 requires age appropriate education, meaning social and emotional learning for self-control and interpersonal skills in grades K-3. Approve R90.

## Argument against

### Reject Referendum 90. Overturn the K-12 comprehensive sex education mandate.

The legislature passed a bill mandating a new comprehensive sexual education (CSE) curriculum for all students K-12. Huge numbers of students are failing math, science, and English. Olympia should prioritize improving literacy and helping students graduate, not creating a new mandate.

### Reject Referendum 90. Restore local control for parents and local school boards.

The new CSE bill means unelected, unaccountable bureaucrats, not local communities, will develop statewide sex education standards for all students. It requires school districts to adopt a sex education curriculum that meets those standards. Parents and their local elected representatives will have little input in determining how they want their kids to be taught.

### Reject Referendum 90. Stop the early sexualization of our kids.

Kindergarteners need to learn social skills and elementary students should focus on fundamental learning. Materials that currently meet state standards include graphic sexual subject matter. These are decisions that should be left to parents and local communities.

### Reject Referendum 90. A costly mandate at a time when school budgets are being cut.

State and local budgets are facing massive deficits which threaten funding for basic programs. Schools cannot afford to add an expensive new requirement or design their own sex education curriculum that meets state standards.

Trust parents and local communities to develop school curriculum collaboratively. *Protect Local Control. Reject Referendum 90.*

---

### Rebuttal of argument for

Referendum 90 is a blatant power grab by Olympia bureaucrats to take away parental control and impose a comprehensive sexual education curriculum starting in kindergarten. Parents and local schools are already doing an excellent job at this now. HHS.gov reports that for the last 25 years of available data, Washington’s teenage birthrate *dropped 69%*. Erin’s Law, which passed in 2018, addresses sexual abuse, prevention and online safety. *Vote reject* to retain parental and local control.

Engrossed Senate Joint Resolution No.

# 8212

The legislature has proposed a constitutional amendment on investment of public funds.

This amendment would allow public money held in a fund for long-term care services and supports to be invested by governments as authorized by state law, including investments in private stocks.

Should this constitutional amendment be:

Approved

**Explanatory Statement . . . . . 24**

**Arguments For and Against . . . . . 25**

## Final Votes Cast by the Legislature

Senate: Yeas, 45; Nays, 3; Absent, 0; Excused, 1

House: Yeas, 96; Nays, 1; Absent, 0; Excused, 1

The Secretary of State is not responsible for the content of statements or arguments (WAC 434-381-180).

## Explanatory Statement

Written by the Office of the Attorney General

### The Constitutional Provision as it Presently Exists

The Washington Constitution generally prohibits investing public money in the stock of private companies. This means that state and local governments are limited to investing public funds in fixed-income securities, such as government and corporate bonds and certificates of deposit.

The Constitution currently exempts several funds from this restriction. This exemption applies to any public pension or retirement fund, the industrial insurance trust fund, and money held in trust for the benefit of people with developmental disabilities. The exemption allows state and local governments to invest money held in those funds as authorized by law, including by investing in stock as authorized by the Legislature.

In 2019, the Legislature enacted a law providing for long-term care insurance. Under that law, employees will pay premiums for state-sponsored long-term care benefits through a payroll deduction, beginning January 1, 2022. Those premiums will be deposited into a new Long-Term Services and Supports Trust Account (Trust Account). Under current law, money held in the Trust Account could not be invested in stocks.

### The Effect of the Proposed Amendment if Approved

This Amendment would add the Trust Account to the list of funds that are exempt from the prohibition against investing public money in private stocks. This would allow money in the Trust Account to be invested in stock if the Legislature authorizes that form of investment.

## Fiscal Impact Statement

Not required by law

### Voter tip:

The ballot return envelope has free postage, but a late postmark could disqualify your ballot. The USPS recommends that you mail a week before Election Day.

## Argument for

### Washingtonians Support ESJR 8212 – a fiscally responsible investment decision

In 2019, the Washington State Legislature passed The Long Term Care Trust Act to address the growing long-term care crisis. 70% of adults over the age of 65 will require some form of long-term care but 90% are not insured for long-term care. The Long Term Care Trust fund will help families access and afford these critical services with a benefit of up to \$36,500 indexed to inflation. The fund is available to Washingtonians once they need assistance with three or more regular daily activities such as eating, bathing, or help with medications and are vested by paying into the program.

Benefits will begin being paid out in 2025 and do not count as income for determining eligibility for Medicaid or other state safety-net programs.

Voting in favor of this ballot measure helps to ensure the Long Term Care Trust fund can pay benefits to eligible Washingtonians over the long-term. This ballot measure, ESJR 8212, will allow the Long Term Care Trust fund to be included on the list of public funds exempt from current constitutional investment restrictions. If voters approve this ballot measure, the Long Term Care Trust fund could be invested in the same way that pension funds and ABLE funds are currently invested by our state. The Trust is self-funded with an independent commission and the state actuary responsible for regular certification of the program's solvency.

---

### Rebuttal of argument against

Support for ESJR 8212 is the fiscally responsible choice. With voter's approval, funds would be invested like the State pension and ABLE funds are currently invested, which allows for larger investment growth. Through each economic downturn the market has rebounded demonstrating the overall long term strength of the economy. Higher yield investment options are good for the people of Washington and critically important to Long Term Services and Supports programs in the future.

## Argument against

In 1889, the wise founders of the state of Washington wanted to protect public funds from potential losses of risky investments so they established safeguards in our state Constitution prohibiting stock market investments of our public funds.

SJR 8212 will overturn that safeguard for our new Long-Term Care Services and Supports Trust Program, a multi-Billion-dollar program established this legislative session in preparation for the coming "Silver Tsunami" of elderly needing services. With so much money in play, we must not lose sight of the stock market's high risk along with the questionable bottom line ethics of some Wall Street brokers.

From 2000-03 the Dow Jones Industrial Average (DJIA) lost a third of its value. Around 2008-09 the DJIA lost half its value during the Great Recession. This year the DJIA fell over 37% in less than six weeks from February 12, 2020 to March 23, 2020. Who knows where it is going from here? The long-term economic impacts of COVID-19 are still unknown.

Your vote is about prudent fiscal management of our tax dollars. A better idea is to invest public money into federal, state and municipal bonds that support public works we all depend on in Washington. They're *safe*. Don't let Wall Street brokers gamble with our hard-earned tax dollars.

The Founders didn't trust the stock market then, and we shouldn't trust it now. Please vote *no* on SJR 8212.

---

### Rebuttal of argument for

Your No vote will protect the long-term stability of the Trust Fund from being gambled on by Wall Street. SJR 8212's passage absolutely does not *guarantee* that long term care benefits will actually be paid out to eligible Washingtonians. Don't gamble with the people's hard-earned money. We can better safeguard our money *and* know that it is being invested in a responsibly prudent way by casting a strong *no* vote on SJR 8212.

### The Electoral College is a process, not a place

When you vote for President and Vice President, you determine a group of people called electors (also known as a slate) to represent Washington state in the Electoral College. The electors gather December 14, 2020 to cast votes for President based on the state's election results.

Each major political party chooses their own electors through the caucus and convention process.

### Washington has 12 presidential electors

Every state starts with two because every state has two U.S. Senators. Based on population, each state receives an additional elector for every Congressional District.

$$\begin{array}{r}
 2 \text{ U.S. Senators} \\
 +10 \text{ Congressional Districts} \\
 =12 \text{ Total electors}
 \end{array}$$

### The magic number

There are a total of 538 electoral votes in the nation. A presidential ticket needs at least 270 electoral votes nationwide to win. If no presidential ticket receives a majority of electoral votes, the U.S. House of Representatives elects the President and the U.S. Senate elects the Vice President.

### How electoral votes are distributed

Washington state is one of 48 states that uses a "winner-take-all" system; the presidential ticket that wins the popular vote in the state is entitled to all 12 of Washington's electoral votes.

# Federal Qualifications & Responsibilities

Except for the President and Vice President, all federal officials elected in Washington must be registered voters of the state. Only federal offices have age requirements above and beyond being a registered voter.

## President & Vice President

The President must be at least 35 years old and a natural born U.S. citizen. Voters indirectly elect the President through the Electoral College. The President is elected to a four-year term and cannot serve more than two elected terms.

The chief duty of the President is to ensure the laws of the nation are faithfully executed. This duty is largely performed through appointments for thousands of federal positions, including secretaries of cabinet-level agencies and federal judges (subject to confirmation by the Senate). The President is the commander in chief of the U.S. armed forces, has the power to sign and veto (reject) laws passed by Congress, and makes treaties with foreign governments (with Senate approval).

The Vice President serves as the presiding officer of the Senate. The Vice President becomes President if the office is vacated.

The order of major political parties is determined by the number of votes cast in this state for the President of the United States at the last presidential election. In 2016, the Democratic Party received the highest number of votes in Washington state and must appear on the ballot first.

Independent and minor party candidates follow major parties in the order of their qualification with the Secretary of State. (RCW 29A.36.161)

## Congress

The United States' Senate and House of Representatives have equal responsibility for declaring war, maintaining the armed forces, assessing taxes, borrowing money, minting currency, regulating commerce, and making all laws and budgets necessary for the operation of government.

### United States Senator

Senators must be at least 30 years old and citizens of the U.S. for at least nine years. Senators serve six-year terms. The Senate has 100 members; two from each state.

The Senate has several exclusive powers, including consenting to treaties, confirming federal appointments made by the President, and trying federal officials impeached by the House of Representatives.

In 2020 there are no United States Senators up for election in Washington state. The next scheduled election will be 2022.

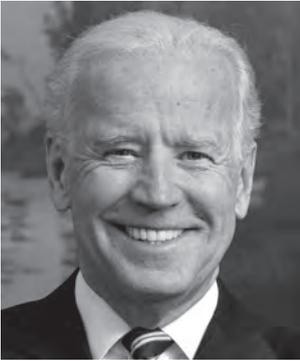

### United States Representative

Representatives must be at least 25 years old and citizens of the U.S. for at least seven years. Representatives are not required to be registered voters of their district, but must be registered voters of the state. Representatives serve two-year terms.

The House of Representatives has 435 members, all of whom are up for election in even-numbered years. Each state has a different number of members based on population. After the 2010 Census, Washington was given a 10th Congressional District.

**Statement**

Former Vice President Joe Biden believes we are in a battle for the soul of this nation. The current president threatens everything we stand for by fanning the flames of hate groups, dividing Americans, and tearing the fabric of the country apart. The stakes in this election couldn't be higher, and nothing will change if we don't defeat the current president.

Joe's parents instilled in him that when you see an abuse of power, it's your obligation to stand up to combat it. That's motivated him his entire life - as Senator from Delaware for 36 years and President Obama's Vice President for 8 years.

Joe stood shoulder to shoulder with President Obama to pass the Affordable Care Act, expanding health care for 20 million people. He wrote and passed the Violence Against Women Act, when domestic violence was considered a family matter. He took on the NRA and won - twice - including passing the assault weapons ban. And, he started talking about climate change as a moral issue of our time far before it was a mainstream issue.

His vision for America is based on equal opportunity for all. Treating everyone with dignity. A middle class where everyone - regardless of race, gender, sexual orientation, or disability - comes along.

As president, Joe will expand on the historic progress of the Obama-Biden administration and rebuild a strong, inclusive middle class. He'll protect and build on Obamacare with a public option. He'll restore our standing in the world.

Joe has a proven ability to bring people together and to deliver for the middle class. At this defining moment in our nation's history, it's going to take Joe's strong leadership to unite America and move our country forward.

**Statement**

Four years ago, President Donald J. Trump ran on a promise to put America First, and he has kept that promise. President Trump fought the establishment to lower taxes for hardworking middle-class families, create better trade deals that stopped the offshoring of American jobs, and rebuild our military.

President Trump stands by his oath to defend and protect the American people. That's why, as your President, Donald J. Trump has stood up to the radical left that would defund our police, allow our cities to devolve into lawless zones, and make our families less safe.

Lawless zones like CHOP, CHAZ, or whatever the radical left wants to call them cannot be allowed to happen again, and President Trump stands committed to stopping them. These aren't peaceful gatherings of protestors. They are a hotbed of crime, promoting the wanton destruction of our homes, our businesses, and innocent lives.

That's why President Trump stands proudly with our law enforcement who, day in and day out, put their lives on the line to keep our families and our children safe from dangerous criminals. Our men and women in blue deserve a President that has their back, who will work with them to make sure criminals are brought to justice, and not someone that would side with rioters that burn our buildings and destroy our communities.

As your President, Donald J. Trump will continue to deliver on his promise to Make America Great Again, by holding China accountable for the virus they unleashed upon the world. We can and we will defeat the invisible enemy, so we can continue the economic prosperity that President Trump delivered when he was elected.

Vote to put America First and to Make America Great Again. Vote Donald J. Trump for President.

While 3,000 miles separate Olympia from Washington, DC, it sometimes feels that there is an even greater divide between Washingtonians and the politicians who claim to represent them. The Evergreen State shares a name with our nation's capital, but not the same refusal to try new ideas.

Perhaps that is why more people in Washington state voted Libertarian in 2016 than ever before.

Washingtonians have made it clear they won't wait for the federal government to act, and time and again, they have been ahead of the pace of career politicians. After all, Washington was the first state where death with dignity, marriage equality, and recreational cannabis were all legal at the same time.

Just like those in Washington state, Libertarians know it doesn't have to be this way.

We can reduce healthcare costs without putting government in charge of highly personal medical decisions and creating a one-size-fits-all system. We can prioritize our national security without being involved in unnecessary foreign

wars and stationing troops around the world in dozens of countries away from their families. We can protect our communities without sacrificing freedom through failed initiatives like civil asset forfeiture, no-knock raids, qualified immunity, and the War on Drugs. We can value necessary responsibility for workers and employers without endless barriers of entry to professions and new businesses. We can balance the budget without raising taxes. By ending excessive government overspending, we can also eliminate the federal income tax.

I'm running for President not just to present a new way of addressing important issues. I'm running because Washington state deserves a better way — solutions that create real change for real people.

Our Green Party presidential ticket is campaigning for real solutions to life-or-death issues. Real solutions can't wait!

*COVID-19 Pandemic:* The ever-growing sickness and death from COVID-19 in the US shows that the two governing parties are presiding over a failed state. Organized countries around the world have suppressed the virus. We will enact a comprehensive Test, Contact Trace, and Quarantine program to suppress community spread of the virus so we can safely re-open the economy and schools.

*Police Brutality and Systemic Racism:* We call for community control of the police through commissions selected by the community with the power to appoint police chiefs, set policies and budgets, and investigate and discipline police misconduct. We support reparations, including a massive federal investment in jobs, housing, schools, healthcare, and businesses in racially-oppressed communities that have been impoverished by generations of segregation, discrimination, and exploitation.

*Economic Inequality:* After 45 years of stagnant wages and growing inequality, working-class life expectancy is declining. We will enact an Economic Bill of Rights to end poverty and economic despair, including a job guarantee,

a guaranteed income above poverty, affordable housing, Medicare for All, free public education from pre-K through college, and doubling Social Security benefits for a secure retirement for every senior.

*Climate Crisis:* We will enact an emergency Green New Deal to achieve zero carbon emissions and 100% clean energy by 2030. We will ban fracking and new fossil fuel infrastructure.

*Nuclear Arms Race:* We will cut military spending by 75%, withdraw from the endless wars abroad, pledge no first use of nuclear weapons, and disarm to a minimum credible nuclear deterrent. On the basis of these tension-reducing peace initiatives, we will go to the other nuclear powers to negotiate complete and mutual nuclear disarmament.

**Statement**

The Socialist Workers Party demands the federal government immediately fund a massive public works program to provide jobs at union- scale wages for the millions thrown out of work. The COVID-19 virus has exposed the crisis of capitalism. Workers can build hospitals, housing, schools and day care centers and replace crumbling infrastructure.

The bosses divide working people by scapegoating immigrant workers who they exploit. My campaign demands amnesty for all undocumented workers in the U.S.

*Workers Control of Production.* Workers need to work! It is only at work that by acting together, we utilize our power and stand up to the bosses. Such resistance has taken place among Walmart workers, fruit packing workers in Yakima, machinists union shipyard workers on strike in Bath, Maine along with copper miners who struck in Arizona and Texas and among workers on the railroads – who all demand safe working conditions, control over line speed, pay raises and forty-hour work weeks.

Our campaign points to what is possible and needed. If workers wrested control of production, we could set up

workplace committees to combat the bosses' production of shoddy goods, expose their waste, as well as protect the environment.

*Workers need our own party—a labor party – to fight to take political power out of the hands of the bosses and bankers and the Democrats and Republicans who represent them. We need to emulate what the workers and farmers of Cuba did when they made their revolution in 1959 - -establish a workers and farmers government. We call for arrest and prosecution of all cops who kill working people and we fight against women's oppression and defend a woman's right to choose abortion.*

## Herrera Beutler

(Prefers Republican Party)

### Elected Experience

Fighting for Southwest Washington families and small businesses in Congress since 2010. My focus is on economic recovery, protecting seniors, and fighting against government waste. Washington State House of Representatives, 2007-2010.

### Other Professional Experience

Former Senior Legislative Aide, U.S. House of Representatives. Before that, jobs from nanny to retail at the Vancouver Mall to picking blueberries.

### Education

B.A., University of Washington, Communications

### Community Service

Advocate for low-income parents and children facing medical complexities; working to prevent and promote treatments for kidney disease; helping veterans, small businesses and students succeed; preserving economic security for residents in rural communities

### Statement

Serving Southwest Washington families and communities is my mission. I listen to you, and I stand up to both political parties including my own to put our region's needs first. Of Washington's 12 members of Congress, I've been ranked "most effective" for championing solutions for jobs, affordable health care and preserving the way of life that makes our area special.

*Economic recovery and jobs:* Our region must remain a great place to earn a living and support a family. I've helped pass laws boosting the average family's paychecks by \$2,300 and creating thousands of jobs. My yearly Jobs Fairs have secured good-paying employment for countless residents. I lead efforts to help our wood products industry, protect manufacturing jobs, and preserve fishing jobs and ports. And I won't let up; we need economic recovery now more than ever.

*Responding to COVID:* When our frontline health workers need protective equipment, small businesses need help to survive and workers need emergency relief, I work tirelessly to take care of people's needs.

*Fighting Oregon's tolling scheme:* Oregon wants to toll Washington commuters who use the I-5 and I-205 bridges – with none of the money going to upgrade those structures. That's unfair, and it jeopardizes our ability to fix the I5 bridge. I'm opposing any tolling plan that treats Southwest Washington residents unfairly.

*Protecting sportsmen, preserving salmon:* My legislation to control predatory sea lions and improve salmon numbers on the Columbia River is now law. I'm working to bring back our salmon and steelhead.

*Seniors have earned Social Security and Medicare.* That's why I've fought to strengthen these programs for senior citizens who depend on them. Nobody will work harder for Southwest Washington than I will. It's an honor to serve you in Congress and I ask for your vote.

## Carolyn Long

(Prefers Democratic Party)

### Elected Experience

Not a career politician - I'm running for Congress because Southwest Washington deserves someone fighting for us in D.C.

### Other Professional Experience

I've taught at WSU Vancouver since 1995. I grew up working at our family's small business, John's Fresh Produce, then worked a union job at Safeway, and was a waitress at Red Robin.

### Education

B.A., University of Oregon. Ph.D., Rutgers University

### Community Service

I've focused my campaign on helping our communities -- from volunteering at the local Food Bank and farm, providing a resource guide to help folks get through this crisis, and holding virtual town halls listening to you and answering your questions.

### Statement

This has been a challenging year for many Southwest Washington families. It shows what happens when career politicians ignore us and fail to plan ahead. That's why I've promised never to take a dime from corporate interests. Here's what I'll fight for:

*Affordable Health Care & Prescription Drugs:* We need affordable health care that we can rely on when we need it most. I'll work with Democrats and Republicans to increase quality, affordable options, including allowing people of all ages to buy into a public option that increases competition and lowers costs. We must also protect our earned benefits, Social Security and Medicare, which we must allow to negotiate lower prescription drug prices. We must put Washingtonians before health insurers and the drug industry.

*Prioritizing Small Businesses:* Small businesses are the backbone of our economy. I'll put them first and will stand up to the huge corporations lobbying for corporate tax breaks. Main Street drives our economy, not Wall Street.

*Investing in Us:* Infrastructure investments create family-wage jobs. We need to improve our roads and bridges and expand access to broadband internet to allow digital learning and eCommerce from all corners of Washington. I'll prioritize providing multiple pathways to success, including no-interest student loans for colleges and universities, investing in vocational training, and promoting registered apprenticeships.

For 10 years, we've had the same representative in Congress. It's clear that we need a change. *We deserve a government that works for the people -- not one working for multi-billion dollar corporations and wealthy campaign contributors.* I'm tired of politicians serving special interests while working families pay the price.

As your new Representative, I will work only for you and will always put the needs of Southwest Washington first. I ask for your vote.

**Community Service**

**Statement**

Taking care of workers, expanding healthcare, and rebuilding our economy from this crisis will take proven leadership and a plan. I have both.

When I was elected Mayor of Tacoma, people were losing their homes and businesses were struggling. It's happening again as the Trump Administration bails out their wealthy donors. I'm running for Congress to help workers, families, students, seniors, and small businesses, not Wall Street.

By investing in people, local businesses and infrastructure, we can rebuild our economy to work for everyone. It's what I did in Tacoma by working to raise the minimum wage, pass paid family leave, improve high school graduation rates from 55% to 89%, and invest \$500+ million in transportation, housing and utilities - creating good paying jobs.

Let's focus on health and safety, put people back to work, and reduce carbon emissions. We can start by manufacturing medical supplies and equipment, vaccines, and life-saving drugs here in the South Sound, and provide tuition-free college for high-demand professions like nursing, healthcare, and teaching.

It's time to boldly pursue housing for all, universal healthcare, a clean energy grid, and an economy that works for everybody. In Congress, I'll expand career and technical education and apprenticeships, and protect a woman's right to choose. I'll take care of our military service members, their families, and veterans. As the daughter of a soldier, I know they deserve opportunity and security for their sacrifices.

I'm honored to be endorsed by former Governors Christine Gregoire and Gary Locke, former Congressman Norm Dicks, Tacoma Mayor Victoria Woodards, and the International Union of Operating Engineers Local 612. They know I'm the proven leader we need for tough times. Help make history by electing the first African-American from Washington and the first Korean-American woman to Congress.

The people of Washington are resilient and deserve leadership that reflects their character. Jay Inslee's proven experience in difficult times and his successful economic vision are exactly what Washington needs as we rebuild our economy and help families and businesses recover from the pandemic.

The measure of our leaders is how they respond to unexpected crises. When Washington became ground zero in the country for COVID-19, Governor Jay Inslee met this health and economic crisis head-on, with bold action based on science and guided by public health experts.

The Ellensburg *Daily Record* praised Governor Inslee, writing, "In the moment when he has been tested the hardest, Inslee has stepped up, making the tough calls and providing the leadership needed to get this state through the COVID-19 crisis." The Chair of the University of Washington's Department of Global Health praised Inslee's leadership for "having saved countless lives."

Under Inslee's leadership, Washington recovered from the last great recession to become the country's #1 rated economy, and our state is poised to rebound more quickly thanks to the Governor's progressive policies. Our state has the nation's best Paid Family and Medical Leave, we have expanded health care coverage to 800,000 Washingtonians and created a long-term care benefit for seniors that puts us in a better position to address public health dangers and immediate economic hardship.

Inslee's Career Connect program provides on-site training and apprenticeships for thousands of students who have plans other than four-year college and his investments in forward-thinking renewable energy industries have prepared us to endure and recover from the economic pain so many are now living through.

Governor Inslee's steady leadership and pioneering vision make him exactly the governor we need now to guide us to a better, stronger and more just future for Washington.

The Lieutenant Governor’s most important job is serving as Senate President. As the only candidate who has served in the Senate, I’m uniquely positioned to get results. I’ve used my position as Majority Floor Leader to establish the most generous paid family leave program in the country, close big business tax loopholes, expand voting rights, protect reproductive healthcare, build light rail, and pass critical COVID-relief.

While Congress is mired in gridlock and special interest money, here in Washington we’ve taken bold action, often with bipartisan support. As Lieutenant Governor, I’ll keep fighting for inclusive economic recovery, universal healthcare, and quality education accessible to all.

### Statement

As Secretary of State, my most critical responsibility is to inspire public confidence in Washington's elections. We achieve that when access and security are balanced. That's why we created a secure statewide voter registration system to implement accessible same-day voter registration; established the first Elections Security Operations Center to respond to foreign interference and cybersecurity threats; and coordinated the efforts to develop robust state and county continuity of operations plans to respond in a pandemic.

Because Washington is a nationally recognized leader, we have been able to help other states innovate and secure their elections by expanding mail-in voting options during the coronavirus pandemic. I am proud to be the only candidate with elections experience – in fact, I've run over 120 elections in Washington.

This has helped earn the endorsements of all three former Secretaries of State and over 50 Democratic, Republican, and independent County Auditors and Elections Directors. They understand the complexities of this job and share my passion for accessible and secure elections, streamlined business services, open public records, and preserving state history.

### Statement

Voting rights and election security are under attack across the country. In a time of persistent voter suppression and election interference, we need a Secretary of State who will boldly defend every vote and every voter.

I'm running for Secretary of State because I have 30 years of experience as a senior defense intelligence and national security analyst defending our country from attacks. I believe that this office needs a new type of leader to protect our election systems and voter information against current and emerging threats.

Currently, our national and state election officials are putting party before our democracy. Our state's top election official has not denounced threats to defund the US Postal Service or condemned dangerous attacks on voting by mail. These threats to election security must not go unchallenged. In contrast, as a legislator I've supported every effort to expand voting rights and have passed bipartisan laws to protect elections and election workers for all of us.

The needs of this office have changed. It's time for a new era in Washington state elections. I am prepared to face these challenges and lead through the uncertain times ahead. I'd be honored to earn your vote.

Mike shares our Washington values; the incumbent treasurer supports Donald Trump for President.

A financial transparency champion, Mike led efforts to make the legislature's records open for public view. He passed laws to expose "dark money" in politics. He wrote the Corporate Crime Act that increases financial penalties by 100 times. The Treasurer's Office thanked Mike for working to pass laws that improved treasury investments.

Mike will put working families' and retirees' needs first. He will fight to return a billion dollars of Washingtonians' unclaimed money stuck in the treasury back into your hands. Mike opposes a personal income tax and successfully supported laws reducing property taxes.

The son of educators, Mike will keep a watchful eye on your \$100 billion pension investments. He won't miss required Investment Board meetings. The incumbent treasurer personally attended just 3 of these 18 critical pension meetings since the fall of 2017. Endorsed by: Washington Education Association, State Nurses Association, State Labor Council, Washington Conservation Voters, Senator Patty Murray and leaders throughout Washington.

**Statement**

It is an honor to serve you as State Treasurer. I'm proud of the achievements my office has made with the help of an excellent Treasury team.

I've been a strong advocate for an adequately funded Rainy Day Fund and will continue to steadfastly protect pension reserves and work to eliminate the unfunded pension liability. I will continue to advise the legislature on reducing the amount of state debt that is too high. I'm proud of the state debt refinancing that saved the state over \$450 million in interest and achieved a triple-A bond rating for the first time in state history. We will continue to expand the programs that help local governments with their financing & investment opportunities and continue to grow the financial literacy program.

Managing public funds should not be subject to partisan politics. That is why I'm proud and honored to have the endorsement of past State Treasurers Mike Murphy and Dan Grimm, both Democrats. Bipartisan support is also evident in the over 50 current and past County Treasurers and County Officials that have endorsed my re-election.

I humbly request your vote to continue the work safeguarding public funds and increasing the transparency of state finances.

**Statement**

I have had the honor of serving as the elected Washington State Auditor for the past four years. I am proud of being the first woman to hold this position. Prior to State Auditor, I served as Pierce County Executive and Pierce County Auditor. I have a proven and tested public record of leadership.

As State Auditor, it is a privilege to lead over 400 employees working across the state to provide fiscal and accountability audits of all local and state governments. We have increased the number of cybersecurity and performance audits, while conducting numerous investigations including uncovering the largest fraud on record.

My vision to "increase trust in government" means greater transparency and accountability of public money. To accomplish this goal, I have created a user-friendly, interactive website that gives you important information about each government that serves you. Having an independent, objective review of public dollars is the hallmark of my work at the State Auditor's Office.

I have been endorsed by many people and organizations, which are listed at my website: [www.patmccarthyauditor.com](http://www.patmccarthyauditor.com). I am seeking re-election to this important job and ask for your support.

I spent 11 years as a police officer and detective, 3 years of this as a law enforcement performance auditor. Previously, I ran a grocery department with approximately 50 employees and \$400-500k sales per week.

**Education**

I obtained my B.S. in Molecular Biology from UW in 2007. I am also finishing my MBA in Finance from WSU. Additionally, I hold several professional certifications through my job in law enforcement, including a performance auditor certification from ILEAA.

**Community Service**

I operate an animal rescue called Secondhand Hearts on our farm and also rescue horses from kill pens across Washington.

**Statement**

The State Auditor's Office deserves someone who will finally unlock its full potential to serve Washington. This position has a vital role in oversight of your public dollars, but it also has the power to perform auditing that can change the way government agencies spend that money more efficiently.

I am the candidate in this race that has the most hands on experience with government auditing and government process at the investigative level. I also have perspective on all types of Washington governments instead of those just within our major cities.

We need an auditor that combines all of this experience with a desire to bring *lean* business practices to the office and to make recommendations in Washington agencies that will create jobs and opportunities across all of our state. Wherever my department can find opportunities for us to spend money on products and materials made by Washington businesses, we will recommend these opportunities be prioritized by our state government.

This November, remember that your auditor should be less about their party and more about their boss: You.

**Community Service**

Former board member of Conservation Northwest and Washington Environmental Council.

**Statement**

Hilary Franz is proud to serve as Commissioner of Public Lands. She is relentless in creating bold, transformational change. As the leader of Washington’s wildfire fighting force, Hilary pushed for new strategies to reach fires quickly and keep them small. She then secured record-setting funding for our wildland firefighters.

Hilary is a defender of our public lands. When the federal government tried to open our waters to offshore drilling, Hilary refused to allow drilling equipment to cross our coastline. In the face of climate change, Hilary is prioritizing wind and solar power and making investments to save our forests.

Hilary leads by bridging divides and bringing people together. She’s earned high marks from leaders across the state, including from conservative leaders in rural Washington, who’ve praised her willingness to solve local issues, increase funding for schools, invest in rural economic development, and tackle our forest health crisis.

Hilary’s Washington roots run deep, from her grandparents’ cattle ranch in Pierce County to raising her three boys on a farm on Bainbridge Island. Endorsed by the Washington State Labor Council, National Women’s Political Caucus, Washington Conservation Voters, Sierra Club, Washington Education Association, and Democratic and Republican leaders across Washington.

**Community Service**

Board Member, Small Faces Child Development Center; Board Member, Ghana Together; Board Member, Commencement Bay Rowing Club (youth program).

**Statement**

Our public lands have been ravaged by natural disasters including tree infestations and forest fires. They’ve also been damaged by a political disaster: state managers that have focused on serving special interest groups instead of providing for taxpayers, school districts, and outdoor recreational enthusiasts.

No more policy-by-press-conference, or angling for higher political office. It’s time for new leadership. Sue is running to bring that new leadership to DNR, the agency responsible for managing our state’s 3 million acres of trust land.

Informed by a lifetime of managing natural resources, Sue will work to ensure that Washington’s working forests continue to provide a steady, reliable stream of income for our public schools. We’ll do this by adopting proven forest management techniques that reduce disease and excess fuel loads in our forests, which accelerate devastating forest fires. Sue will use her experience as a UW and NOAA fisheries and habitat biologist to strike the right balance between protecting wildlife and protecting Washington’s forest economy.

Raised in rural Washington, Sue has a distinguished career in natural resource management, including service as a regulatory liaison for a major hydropower construction project. She has raised two adult children and survived breast cancer.

**Statement**

Our schools are facing a defining moment. Teachers aren't happy, families are stressed, students are struggling, and the opportunity gap is widening. The delivery of public education has changed dramatically, and we've been forced to adapt. Now is our chance to reimagine a better education system because *the status quo is no longer an option*.

To improve our school system, we need to: use technology to *innovate classrooms* and unlock possibilities for more *personalized learning*; provide school schedules that fit the needs of *working families* and teachers; and teach students *key life skills* like managing finances, living independently, and resolving conflicts.

With kids of my own in public schools, I support parental choice and local control. *The incumbent ignored parents and educators by championing a policy that teaches sexual positions to 4th graders!* Meanwhile, nearly half of Washington's students are failing to meet state standards in core subjects. I am endorsed by parents, teachers, and school board members across Washington because *I respect community input*.

I am running for Superintendent because I believe *our kids deserve better* and can achieve more. If elected, we will update our school system to meet the needs of families, teachers, and the future economy.

Senator Braun has a proven record of delivering real results on jobs, education, the budget, and protecting the most vulnerable. He authored the first tuition cut in state history, reducing tuition by thousands and helping to make college more affordable for families across the state.

Senator Braun listens. He works hard for us. He fights effectively for the families and communities in our area. And he is a strong advocate for the developmentally disabled and mentally ill.

He is dedicated to reform government in ways that make our tax dollars spent by state government work harder to help people in need and less to keep bureaucrats and state officials in comfortable positions.

These are challenging times for our families with over a million people out of work and businesses shutting their doors. State revenues are in decline. Many in Olympia will call for billions of dollars in higher taxes. Senator Braun's answer is different. He doesn't support higher taxes on people who have lost their jobs while public officials and employees receive pay raises.

## Sam Hunt

(Prefers Democratic Party)

### Elected Experience

North Thurston School Board, 1995-2003; Washington State Representative 2001-2017; Washington State Senator 2017-Present

### Other Professional Experience

Sam's lived in Olympia for 40 years. Both children live and work in Olympia. He taught school in Pasco, worked for the US Senate Appropriations Committee, Washington State Senate, Governor Booth Gardner, and Department of Information Services.

### Education

BA Washington State University; graduate study, WSU and University of Oregon

### Community Service

Olympia Kiwanis Club; former member The Nature Conservancy of Washington Board, Washington State Historical Society Board, and Thurston County Democrats former chair.

### Statement

Experience counts, especially in difficult times. Sam's a leader who gets things done. He headed major election reforms putting Washington first in the nation in voting access. He sponsored online voter registration, vote by mail and the new presidential primary. Washington will lead the country in turnout with no lines to vote.

He supports improved, equitable public education funding. He will work to reduce the reliance of property taxes to fund education, class sizes reduction, and well deserved salary improvements for educators.

Sam chairs the State Government, Tribal Relations & Elections Committee, serves on the Senate Ways & Means and K-12 Education Committees. He's a strong supporter of state employees and works hard to ensure worthwhile projects and programs are funded.

COVID-19 painfully shows our healthcare system's failures. This experience proves we need universal healthcare. It also illustrates our antiquated tax structure, taxing high wage earners at a lower percentage than middle and low income, must change. He supports a progressive tax structure that includes a capital gains tax and sales and property tax reductions. Senator Sam Hunt will work hard to move Washington forward and help us emerge from these very difficult times. Please vote for Sam.

# Judicial Qualifications & Responsibilities

Washington judges are nonpartisan. Judges must be registered Washington voters.

---

## Judges

Judicial candidates must be in good standing to practice law in Washington and are prohibited from statements that appear to commit them on legal issues that may come before them in court.

### **State Supreme Court Justice**

The Washington Supreme Court is the highest judiciary in the state. State Supreme Court justices hear appeals and decide cases from Courts of Appeals and other lower courts. Nine justices are elected statewide to serve six-year terms.

### **Court of Appeals Judge**

Court of Appeals judges hear appeals from Superior Courts. A total of 22 judges serve three divisions headquartered in Seattle, Tacoma, and Spokane. Court of Appeals judges serve six-year terms.

### **Superior Court Judge**

Superior Courts hear felony criminal cases, civil matters, divorces, juvenile cases, and appeals from the lower courts. Superior Courts are organized by county into 30 districts. Superior Court judges serve four-year terms.

Candidate statements are printed exactly as submitted. The Office of the Secretary of State does not make corrections of any kind or verify statements for truth or fact.

**Dave  
Larson**

23 years as a highly rated trial attorney, 12 years as a judge.

**Other Professional Experience**

Judge Larson is a leader in the judiciary, serving on the Legislative, Therapeutic Courts, Public Trust & Confidence Committees; the Civic Learning Council, and Council on Independent Courts. **Community Service**

2018 "Hero" of Federal Way Schools award. He attends St. Vincent DePaul Parish. A member of Kiwanis, where he founded the Aktion Club, for people with developmental disabilities.

**Statement**

Judge Dave Larson is our best choice for state Supreme Court Justice because he will protect our civic rights and uphold the law and constitution as written. Judge Larson has a record of fairness and impartiality, which is why he's enjoyed strong support from Democrats, Republicans, and Independents over his career. During this time of growing division, we need a Justice like Dave Larson.

Judge Larson has been a champion for improving our courts. As the Presiding Judge of Federal Way, he's supported reforms to reduce domestic violence, combat drug addiction, and better serve the mentally ill. Judge Larson knows these same approaches can be used to reduce the impacts of the homelessness crisis, humanely making our communities safer.

If you know Judge Larson, you know how much he cares about the people who appear in his courtroom. He's fair, compassionate, and respectful. Dave's also a great legal mind, he knows the law and the State Constitution. As a faculty member of the state's Judicial College, he taught other judges about judicial independence.

**Statement**

I am proud to serve you on our highest court, where I bring diverse judicial experience and a reputation for fairness and common sense--making sure laws are applied without bias or political influence. I have presided over therapeutic drug courts, developed innovative programs for children and families, and managed hundreds of trials, including felony criminal trials and complex civil litigation. I'm committed to ensuring victims are heard and supported.

As Washington's first Native American Justice, I'm proud of my record of accomplishments and appreciate my role as a voice for underrepresented communities. I've worked hard to earn the respect of my peers, those who appear in my courtroom, and voters looking for qualified, impartial, independent judges.

An award winning advocate for children and youth, I've worked to restore young lives rather than create a cycle of incarceration. We must invest in early intervention to deter criminal behavior, providing pathways for success for those who do commit crimes.

My thoughtful approach is reflected by "exceptionally well qualified" evaluations. I'm endorsed by my Supreme Court colleagues, judges statewide, as well as the State Labor Council, Washington Conservation Voters, the National Women's Political Caucus-WA, Women of Color in Politics, and more.

In these challenging times, the fair administration of justice must withstand threats posed by the pandemic and increasing attempts to politicize courts. I work every day to maintain the independence and integrity of our courts, and I trust the people of Washington to elect judges who safeguard access to justice and respect the law.

As the only current Justice from Eastern Washington, I bring important perspectives to the Court. As a former constitutional law professor, I respect legal traditions. As a parent and former school board chair, I understand how court decisions impact Washington families.

My priorities this year include addressing the urgent and critical needs of the justice system during the pandemic: new protocols for remote court hearings, safe courthouse operations, and protection of public safety and the rights of the accused and incarcerated. I have always enjoyed broad, nonpartisan support, and I ask for your vote to continue serving you and upholding the rule of law.

**Statement**

Judge Scott Ahlf is the clear choice for Superior Court Judge because of his unequalled judicial experience and commitment to public safety, diversity, and justice.

Born and raised in Thurston County, Judge Ahlf is a trusted and experienced member of the Bench. Now, as we deal with the devastating effects of the virus, Judge Ahlf is at the forefront of protecting the safety of our courts. He has also been appointed Co-Chair of the Washington State Courts' COVID-19 Recovery Task Force.

Scott Ahlf has earned a well-deserved reputation for the nationally recognized Olympia Community (therapeutic) Court system for first time offenders convicted of lesser crimes. Judge Ahlf has also led efforts to protect the women and children who have been victimized by the horror of domestic violence.

Judge Ahlf is endorsed by over 60 Judges including former Washington State Supreme Court Chief Justices Alexander, Fairhurst, and Madsen, public safety officials, and community leaders. Scott Ahlf is the best choice for Superior Court Judge because of his dedication to the law, ensuring access to justice, and holding serious offenders accountable for their criminal behavior. Please cast your vote for Scott Ahlf for Superior Court Judge. Thank you.

If a primary election was held for an office, the two candidates who received the most votes in the Primary advanced to the General Election.

Each candidate for partisan office may state a political party that he or she prefers. A candidate's preference does not imply that the candidate is nominated or endorsed by the party, or that the party approves of or associates with that candidate.

The election for President and Vice President is different. Candidates for President and Vice President are the official nominees of their political party.

Dear voters,

We have been through a lot this year. And no matter who you are, this upcoming election will mean a lot. We expect this election to have the highest voter turnout of any in recent memory. Some election administrators are predicting turnout as high as 90 percent. The August primary had the highest turnout of any primary since the 1960s.

While I am heartened by what high voter turnout means for our democracy, I know the Auditor's Office has a lot of work ahead to pull off a flawless election. And I know my staff is up to the job.

You can help. Here are a few things you can do:

**Check your voter registration status.** If you have moved, sign onto [VoteWA.gov](http://VoteWA.gov) and update your address.

**Please vote early!** Ballots will be mailed on October 8. By returning your ballot as soon as possible, you avoid any delays in the mail. There is normally a tidal wave of ballots around election day. If more people turned in their ballots early, it would help us a great deal.

**Use a drop box!** We have 29 drop boxes across Thurston County, the highest number per capita of any county in Washington State. Drop boxes are a safe and convenient way to make sure your ballot gets back to us on time.

**Please be patient.** Physical distancing requirements because of the COVID-19 pandemic mean that we will be processing ballots slower than usual this year. The deadline to certify the election is three weeks after election day. To keep our staff safe, we will be using much of that time to count all the votes.

Also, we will again be at South Puget Sound Community College's (SPSCC) Mottman Campus offering Voter Services during the general election. So, if you need a replacement ballot or to register to vote after October 26, go to SPSCC, **not the Thurston County Courthouse!** You can get a replacement ballot and register to vote using our drive-thru Voting Center. This model will not only protect the health of our election workers, but yours as well. Please help us spread the word.

**Check your ballot status.** Once you've returned your ballot, you can check your ballot status at [VoteWA.gov](http://VoteWA.gov) to verify your ballot return envelope has been received by elections. If you return your ballot close to election day, it will take a few days to make it through the system.

Lastly, if you have any questions, contact us. Our partners at the Department of Homeland Security have told us there is already a lot of misinformation about elections being spread around. If you see misinformation, let us know. If it's on a social media platform, we will work with Facebook, Twitter etc. to get it taken down. You can trust the Auditor's Office to give you accurate information. Call us at 360.786.5408 or go to our website ([thurstonvotes.org](http://thurstonvotes.org)) if you have questions.

Democracy works best when everyone can participate. Your Auditor's Office is working long hours to ensure your vote will be counted and that your voice is heard.

Respectfully,

Mary Hall  
Thurston County Auditor

### Other Professional Experience

I have a strong background in law and finance that will guide my approach to complex issues. Since 2015, I have been a Judicial Assistant for Superior Court. Beforehand, I worked as a Law Clerk/ Office Manager in a law firm.

### Education

I graduated from Christian Brothers University, where I obtained a B.A. in Business Administration with a minor in Pre-Law.

### Community Service

I am currently the Treasurer of the Latino Caucus, a member of Thurston County Democrats and Thurston County Women Democrats. I support and advocate for organizations such as: CIELO, One America, and FESS.

### Statement

Residents of Thurston County deserve affordable housing, better protections for our environment, and stronger fiscal responsibility for their hard-earned tax dollars. While the price of housing continues to increase, we see residents and their families leave due to the inability to obtain affordable housing.

Protecting the environment is essential to healthy living and allows us to maintain the natural beauty and charm of our county. Together we will ensure water sources, state parks and wetlands are protected, while allowing a balanced growth in our communities. We can combat the effects of climate change by reducing our carbon footprint and limiting our greenhouse gas emissions.

Taxpayers deserve accountability and transparency regarding what is being funded and deficit spending. Reviewing the budget with departments will assist with accountability and ensuring that budget adjustments are made to address critical needs within each department. By making budget adjustments we should consider the cost effectiveness of each critical need to assist in determining priorities.

The issues affecting our county are complex and they need to be addressed holistically and approached with long-term solutions in mind. These solutions may be challenging, however with support and determination, they can be achieved. I humbly ask for your vote.

### Statement

Over 27 years, I have watched crime skyrocket, fueled by drug abuse and enabled by *weak leaders*. I have seen taxes and fees rise to an *unsustainable* level such that senior citizens, the disabled and the struggling young can no longer afford keep or buy a home.

*I'm against building a new courthouse!* It will cause a massive tax burden on working people and is *unnecessary*. We must fix the existing courthouse and maintain it properly. We must also balance the budget, with spending cuts and growth that will expand the tax base *without increasing taxes*.

I will *streamline building permits*. Making permits easier and faster to obtain will *create more affordable housing*, allowing better rural development and *create jobs*. I will prioritize *property rights*. Remove excessive regulations, which make property unusable. De-list the pocket gopher, it's not endangered. End this *pocket gopher* nonsense.

To preserve the Environment we must *eliminate homeless camps*. They destroy our pristine wetlands, woods, and *salmon habitat*. Camps are a source of crime and disease. Using the Marysville model, we will send camp residents to *jobs*, labor based drug treatment or into the legal system. I will fund *more sheriffs and corrections officers*.

# 5 Tips to Ensure Your Ballot is Counted

- 1. Ballots must be postmarked by Election Day.** If it's Election Day and you haven't mailed your ballot, **put it in one of our 29 drop boxes!**
- 2. You must return your ballot in the declaration envelope.** If you only return the security sleeve, we have no signed declaration and your ballot won't be counted.
- 3. Sign your voter's declaration on the outside of the envelope.** If you don't sign, we will send you a form. If you don't return the signed form, we can't count your ballot.
- 4. Make note of how you signed when you registered and sign that way on your *return envelope*.** This is

what we use to verify your signature. If your signature has changed, contact us. **Don't sign someone else's voter's declaration** or have anyone else sign for you, even a family member. *We will challenge the signature.* If we challenge your signature, we send a form asking you to sign a voter's declaration and return it to us. If the letter matches the signature on the return envelope, we can count it.

**5. Power of attorney cannot be used to sign someone else's ballot.** If you can't sign, **make any mark** on the signature line and **have two witnesses sign.**

### Statement

Now more than ever, we need less partisan politics and more common sense to address the complex issues facing our community, businesses and families. My family has been an active part of Thurston County for seven generations, and we believe in the future of this community.

Working on behalf of the citizens of Thurston County, I want to continue progress towards reducing regulatory road blocks for small businesses and home builders and improved access to county services for the public. I was the only county commissioner to vote against new property taxes and the proposed \$400 million courthouse in downtown Olympia.

Since this voter's pamphlet was required to be written in May, it would have been irresponsible to project what lies ahead as we begin to recover from this pandemic. One thing is for sure, we need a balance between economic growth and the health and welfare of our citizens.

I am honored to serve you, and it will take your support to keep me in office representing your voice. Let's ensure this is the best place to live and work for generations to come. I ask for your vote and support. Thank you!

From better and more effective service from key departments to whole new ways of thinking on public policy, we must constantly innovate, or be left behind. I say let's move forward.

Inclusion. 2020 has already proven that we're all in this together. All races. All genders. One community, one shared future. County government will benefit from a focus on diversity and inclusion.

Infrastructure. This is the primary function of government, and what fuels the local economy. Invest wisely, and we all share in the return. From transportation to flood mitigation, our investments will impact generations to come. Let's invest wisely.

I place the health and safety of our community above all else. Thurston County needs leadership committed to our working families and local businesses as we rebuild from the devastating effects of the current crisis. It's time for a change.

### Statement

As your Commissioner, I am continuing my commitment to providing safe, reliable, affordable water service to residents and businesses while promoting fiscal responsibility and protecting sustainable water supplies.

Having lived here for 44 years, I care about the people and the environment, and our access to healthy groundwater supplies, a vital resource, that must be protected for the benefit of all Thurston County residents!

Thurston PUD has saved money and increased energy efficiency by upgrading the infrastructure and shrinking our carbon footprint. During my two terms, this community owned nonprofit utility has grown to serving nearly 10,000 customers. I believe future growth and development will be built on group water systems rather than single exempt wells. The public realizes what is at stake with the mismanagement of our water resources. The warning signs are already present, higher perched aquifers have been reaching depletion in late summer. A coordinated approach is needed to best maintain sustainable intact groundwater.

It is apparent to me that fiber optic broadband is a necessary utility. It is used for employment, education, entertainment, and emergency response! When ready, and fiscally able, our PUD can expand to successfully provide wholesale fiber to homes and businesses.

## Fire Protection District No. 3 (Lacey) Proposition No. 1 Levy Lid Lift

The Board of Fire Commissioners of Lacey Fire Protection District No. 3 adopted Resolution No. 876-07-20 concerning a proposition to restore the District's regular property tax levy. This proposition would, if approved, restore the 2021 regular property tax levy to \$1.50/\$1,000 assessed value and set the limit factor by which the levy may increase in 2022 through 2026 at 106%. New revenues would be used for limited fire protection, prevention and emergency medical services purposes, including maintenance, operation and replacement costs. The maximum permitted levy amount for 2026 would be used for the purpose of computing the limitations for subsequent levies under chapter 84.55 RCW.

## Explanatory Statement

Proposition 1 will restore the District's regular property tax levy to the maximum statutory rate of \$ 1.50 per \$1,000 of assessed value for collection in 2021 and set the limit factor for calculating annual levy rates at up to 106% for the next five years (2022-2026). The 2026 levy amount will be used to calculate subsequent levy limits. The voters previously restored the District's regular property tax levy rate to \$1.50 in 2014. Because of the statutory 1 % limitation on property tax increases, the District's current levy rate in 2020 is under \$1.43. Population growth, demands for emergency response, and increasing operating costs are challenges to District service delivery. The District's current levy rate is inadequate to support continuing levels of service. Approval would allow the District to maintain adequate levels of emergency fire protection and prevention and emergency medical services; repair or replace fleet vehicles; and support an operational reserve account as recommended by the State Auditor. The full amount authorized may not be levied if the District receives adequate funds from other sources.

Explanatory Statement prepared by P. Stephen DiJulio -Foster Garvey P.C., special counsel to the District.

## Argument For

Why Approve Proposition 1?

*Seconds count* when you call for help. No matter the time of day or day of the week, the responders of Fire District 3 (FD3) must be prepared to answer your call in a professional, compassionate, and timely manner. This takes continuous training, up-to date equipment, and adequate facilities. And all this takes adequate funding. The citizens of Fire District 3 are fortunate to have an excellent staff of professional and volunteer responders ready and able to answer your call. Response times are tracked and available for public review on the District's website because *seconds count*.

Innovative changes are necessary to address the increase in the number (about 15,000 in 2019) and type of calls for service. The majority are medical emergencies. Staffing an aid car for high call volume areas, seeking grants to support new programs, working on fall prevention and "Hands-only CPR" training, and continuing fire prevention programs must continue. FD3 is constantly looking for ways to ensure and maintain lifesaving response times.

When voters approved a similar measure in 2014, it allowed FD3 to keep all 4 fire stations staffed; improve the volunteer station on Yelm Highway; and increase collaboration with partners to ensure the safety of citizens.

Prop 1 is not a new tax. Approval restores the previously authorized tax level. Your approval is needed to ensure adequate support for lifesaving responses. Please join us and approve prop 1. Thank you for voting.

(B) The school district boards of directors of one or more public schools that are not providing comprehensive sexual health education in either the 2019-20 school year, the 2020-21 school year, or both, must prepare for incorporating information about affirmative consent and bystander training into the comprehensive sexual health education curriculum, instruction, and materials required

(b) Beginning in the 2022-23 school year, comprehensive sexual health education must be provided to all public school students.

(c) The provision of comprehensive sexual health education to public school students as required by (a) and (b) of this subsection (2) must be provided no less than:

(3) The office of the superintendent of public instruction and the department of health shall make the Washington state health and physical education K-12 learning standards and the January 2005 guidelines for sexual health information and disease prevention available to public schools ((districts)), teachers, and guest speakers on their web sites. Within available resources, the office of the superintendent of public instruction and the department of health shall also, and to the extent permitted by applicable federal law, make any related information, model policies, curricula, or other resources available ((as well)) on their web sites.

(4) The office of the superintendent of public instruction, in consultation with the department of health, shall

This list ~~((shall be intended to)), which may serve as a resource for schools, teachers, or any other organization or community group, ((and shall))~~ must be updated ((no less frequently than)) at least annually, and must be made available on the web sites of the office of the superintendent of public instruction and the department of health.

The initial review required by this subsection (5) must be completed by March 1, 2021.

(6)(a) Public schools ((that offer sexual health education)) are encouraged to review their comprehensive sexual health education curricula and choose a curriculum from the list developed under subsection (4) of this section. Any public school ((that offers sexual health education)) may identify, choose, or develop any other curriculum((;)) if ((the curriculum chosen or developed)) it complies with the requirements of this section.

(b) If a public school chooses a curriculum that is not from the list developed under subsection (4) of this section, the public school or applicable school district, in consultation with the office of the superintendent of public instruction, must conduct a review of the selected or developed curriculum to ensure compliance with the requirements of this section using a comprehensive sexual health education curriculum analysis tool of the office of the superintendent of public instruction.

The person or entity to whom the request is directed must grant the written request to have the student excused from this instruction in accordance with this subsection. In addition, any parent or legal guardian may review the comprehensive sexual health education curriculum ((offered)) provided in his or her child's school by filing a written request with the school district board of directors,

the principal of the school his or her child attends, or the principal's designee.

~~(((7) The office of the superintendent of public instruction shall, through its Washington state school health profiles survey or other existing reporting mechanism, ask public))~~ (b) At the beginning of the 2021-22 school year, each school providing comprehensive sexual health education must notify parents and guardians, in writing or in accordance with the methods the school finds most effective in communicating with parents, that the school will be providing comprehensive sexual health education during the school year. The notice must include, or provide a means for electronic access to, all course materials, by grade, that will be used at the school during the instruction.

(8)(a) Public schools ((to)) shall annually, by September 1st, identify to the office of the superintendent of public instruction any curricula used by the school to provide comprehensive sexual health education((- and shall report the results of this inquiry to the legislature on a biennial basis, beginning with the 2008-09 school year)) as required by this section. Materials provided by schools under this subsection (8)(a) must also describe how the provided classroom instruction aligns with the requirements of this section.

(b) The office of the superintendent of public instruction shall summarize and, in accordance with RCW 43.01.036, report the results provided under (a) of this subsection (8) to the education committees of the house of representatives and the senate biennially, beginning after the 2022-23 school year.

~~(((8) The requirement))~~ (9) RCW 28A.600.480(2), which encourages school employees, students, and volunteers to report harassment, intimidation, or bullying ((under RCW 28A.600.480(2))), applies to this section.

(10) Nothing in this section expresses legislative intent to require that comprehensive sexual health education, or components of comprehensive sexual health education, be integrated into curriculum, materials, or instruction in unrelated subject matters or courses.

(11) For the purposes of this section:

(a) "Affirmative consent" means a conscious and voluntary agreement to engage in sexual activity as a requirement before sexual activity;

- (d) “Public schools” has the same meaning as in RCW 28A.150.010.
