We understand that by checking the box labeled "YES" above, we are agreeing to purchase Cataloging and ILL (Resource Sharing) services and a WorldCat subscription from OCLC. We will be invoiced by OCLC for these services. The cost for these services will be equivalent to existing costs (for libraries already subscribing to these services) or will be based on an estimate provided by OCLC and the State Library.

By participating in this project, we will have access to the Washington Statewide Catalog of library holdings throughout the state, and other advantages as described in the project materials. We further understand that participating in this project does not require our library to change its current policies or procedures, except as needed to comply with OCLC membership terms & conditions.
