

Whitman Middle School EReader Permission Form

The Whitman Middle School EReaders allow students to highlight text, make notes, look up words in an online dictionary, and have the book read aloud using a text to speech setting (Kindle only). Using this device is privilege and students are expected to treat the EReaders with care. Each EReader is valued at \$145.00. A parent or guardian needs to sign this form before a EReader will be assigned to your student. Students will be using EReaders in their classroom and may be bringing them home.

Parent Responsibilities and Permission

My child may use a EReader at school and at home. My student will follow the Seattle School District Acceptable Use Policy when using the EReader. I will pay for any willful, malicious, or accidental damage to the EReader as well as for any downloads to the EReader that are made without teacher permission by my student.

Student Responsibilities and Permission

I agree to take good care of the EReader. I will not throw, drop, or damage the EReader. I will not put it in my backpack/bookbag unless it is in a box or case, and will take it home only with permission from my parents/guardians. I will use the EReader as directed by my teacher. I will not download any content to the EReader. I will pay for any willful, malicious, or accidental damage to the EReader as well as for any downloads to the EReader that are made without teacher permission
