

Statewide Database Licensing Intent to Participate (ProQuest)

YES, my library will participate in the Statewide Database Licensing Project subscription from ProQuest.

I understand that this subscription covers a 12-month period from July 1 through June 30 of each year, and during this period participating entities in Washington State will be invoiced by ProQuest for approximately half the cost of providing these databases. The remaining costs will be paid with federal Library Services and Technology Act funds from the Institute of Museum and Library Services administered by the Statewide Database Licensing Project.

I understand that by agreeing to participate in the Statewide Database Licensing contract for ProQuest, my library is agreeing to pay its share of the total cost once the library receives an invoice from ProQuest. I understand that renewals for subsequent years are automatic, unless a Cancellation form is submitted to the State Library by the announced deadline, usually in May.

I also agree that my library will comply with the terms of the ProQuest license agreement as modified for the State of Washington and posted on the WSL SDL web site at sos.wa.gov/q/PQ-EPLA.
