**Amendment 3 Correction For Exhibit G - Periodical Database Title Count**

We released Exhibit G with only the first database tab locked down and the rest unlocked. Our error as all the tabs were supposed to be locked down. Please use this corrected G Revision 3 with this problem corrected in preparing your response as described following:

Please submit proposals using Revision 3 of the Exhibit G Periodical Database Title Count Template Form, specifically the version with this file name: "Copy-exhibit-g--periodical-title-count-rev3.xlsx". Changing and customizing the file name before submission is appropriate, and is recommended.

Submissions using earlier versions of the Exhibit G Periodical Database Title Count Template Form may be declared nonresponsive, at the discretion of the RFP Coordinator. We apologize for any inconvenience.
