I, Sam Reed, Secretary of State of the State of Washington and custodian of its seal hereby certify that, according to the records on file in my office, the attached copy of Initiative Measure No. 962 to the People is a true and correct copy as it was received by this office.

This is an information document only & not yet a valid measure!

The prohibition of proposing dangerous initiative & referendum measures

Article 1
Section 1

Prohibition against dangerous initiatives & referenda is essential in every aspect & this initiative will do just that.

Article 2
Section 1

The State shall pay for this initiative with a 1-2% if, & only if, it's deemed necessary.

Article 3
Section 1

A judge will decide whether to fine, sentence to community service, or a 1 to 5 year prison term for anyone who violates this law.

Article 4
Section 1

The initiative/referendum sponsor will be required by law to do all the necessary research on what the impact on what their bills will be & present all the results to the Secretary of State's office so they can choose wisely whether or not to allow the potential sponsor of these measures to start gathering signatures for their cause.

Article 5
Section 1

The state officials in Olympia shall require from the sponsor all the resources of the research so they'll know which measures to bar from the ballots & which ones not to.

Article 6
Section 1

The sponsor shall continue to be informed of the Attorney General's decision.

Article 7
Section 1

Dangerous initiative & referendum measures shall be prohibited from our ballots because, if they're passed by the voters, they can have all kinds of very devastating consequences for our state. Well have no police protection or any other vital services & communities will have to disband because the state government can't support them.

Article 8
Section 1

If a sponsor is convicted of violating this law they shall be permanently bared from proposing any more initiatives/referenda & shall be ordered so by the court. State government shall screen for such people.

Article 9
Section 1

No sponsor shall accept donations from either special interest groups (political candidates, major corporations, etc) or anyone who is not a legal resident of the State of Washington because very often they do not know what is best for our state. Neither will sponsors be allowed to pay anyone to gather signatures for their cause.
