DON ELDRIDGE

**LOOKS AT THE IMMEDIATE
FUTURE OF SAN JUAN
and SKAGIT COUNTIES**

Northwest Washington stands on the threshold of a great future.

Big developments are in store for us. We welcome them, knowing that they can produce an even better way of life than we have now.

In considering these changes, we must be grateful that here, in the 40th District, time has been on our side. We have not yet suffered from over-population, indiscriminate industrialization, or the problems of too-rapid urbanization that now trouble many other areas. We have been granted a reprieve and we will use it wisely.

With careful, well-informed forethought, we can turn to our future with confidence.

As an outstanding legislator who is highly admired and respected by his colleagues, Don Eldridge is completely qualified to take a leading role in coping with tomorrow's problems today.

Through his experience, knowledge and leadership, the people of the 40th District can look forward to an era of prosperity, enjoyed in a framework of excellence.
