

PUGET SOUND WEEKLY ARGUS SUPPLEMENT.

PORT TOWNSEND, WASHINGTON TERRITORY, JUNE 14, 1878.

Local and News Items

THE OLYMPIA CELEBRATION.—By posters which came from Olympia this week we learn that the arrangements made by the managers of the Fourth of July Celebration at that place are, so far, as follows: The steamer Isabel will run between Victoria and Port Townsend, connecting with the North Pacific, which latter boat will call at all the way ports between here and Olympia. The fare will be as follows, for the round trip: From Victoria, \$7; Port Townsend, \$4; Port Ludlow, \$3.50; Port Gamble, \$3.50; Port Madison, \$2.50; Seattle, \$2; Tacoma, \$1.50; Steilacoom, \$1. The order of the day for the celebration will be: Oration, Regatta, Aquatic sports, International game of base-ball and rifle-shooting, Grand ball, etc. A large attendance is expected.

MESSRS. D. W. SMITH, G. M. HALLER and W. A. INMAN, of this place, attended the recent session of the district court at La Conner. From the last-named gentleman we learn that the session was very harmonious. Judge Lewis made it a point to carefully explain the duties of all county officials, thus rendering the occasion profitable to those officers in attendance. There were but two criminal cases tried. Indian Taws, on trial for murder in the first degree, was convicted of manslaughter, and sentenced to five years' imprisonment. The man Connor, charged with drawing a revolver on John Ball, was convicted and sent up for six months.

SOLD.—The New England Hotel in Olympia, owned by Mrs. Jane Galliber, has been sold to its present occupants, Messrs. Wm. Young and E. T. Young. The latter gentleman has conducted the business for a few years past; and, by his gentlemanly manners and straight-forward dealings, has won a large trade and many friends. The price paid was \$5,425. This is one of the oldest established business houses on Puget Sound, and was formerly owned and conducted by the late Silas Galliber. We wish the proprietors every success.

ON Tuesday evening of this week the steamer Mastick left this place for Tacoma, having on board Capt. Geo. H. Burton's command (Company C, 21st Infantry) from Port Townsend, en route for Vancouver, W. T. The company consisted of some 27 in all. Capt. Burton's wife accompanied him. From late rumors it is presumed that these soldiers will see active service shortly in Gen. Howard's command against the Bannocks, out in Idaho.

The following is the list of passengers which left San Francisco on the City of Panama on the 10 inst: For Port Townsend—Mrs. Mary Conner and son, C. L. Hasty, and a number of Chinamen. Seattle—Nell Parsons, and family, Mrs. Lieutenant Mitchell and Arthur Brown. Tacoma—Miss C. Quinn, Joseph Quinn, O. G. Root, E. Gauss, C. Manson and R. W. Frost. Olympia—H. Bragden and C. Friedlander.

SENSIBLE.—Messrs. Dodd & Pugh, of the Central Hotel, have just completed a well for water to use in their business. A boring apparatus was used under a plan suggested and carried out by Mr. C. J. Hoxsie. The enterprise, we learn, is a complete success, and now its promoters are happy. A heavy expense could be saved in this way if others in town would follow the example.

MAKINE.—The bark Emerald, Capt. C. F. Swan, arrived at this port on the 11th inst., 47 days from Callao. On the same day the bark Emma Augusta, Capt. Raven, arrived, 19 days from San Francisco. The latter vessel came alongside of Union Wharf and discharged about 25 tons of merchandise for Waterman & Katz, and some 50 tons for Rothschild & Co.

We have had the pleasure of becoming acquainted with one of Port Townsend's late arrivals, Miss Daly, of the Central. Our bachelor friends are rejoicing over the fact that the necessity for a Mercer colony is decreasing with almost every incoming steamer.

We are pleased to notice that Mr. Wm. Vetter, recently doing business in this place, has started afresh. His present location is Senbeck. By reading his new advertisement, all will understand. Success to him.

FARMERS in the Skagit valley are complaining about blight in their potatoes.

The Olympia "Standard" labels a small portion of its reading matter "Interesting Miscellany," thus leaving grounds for a reasonable presumption that all of it except that portion belongs to the other kind.

The ladies of the Episcopal Church contemplate giving a strawberry festival at Fowler's Hall, on Thursday evening the 27th inst. Further particulars next week.

REMOR faintly whispers that the Suohomish "Star" has "failed," or in other words "petered out," once more. It deserved a better fate.

MR. DeLaitang is further improving his barber shop by having a new floor laid and the same raised several inches above the old one.

ECLIPSE of the sun next month—July 29th.

Telegraphic Summary.

SALT LAKE, June 10.—Three or four men have been killed on Goose creek, about 40 miles north of Terrace, Utah, by Indians, and most of the ranchmen in that vicinity have come into Terrace and Keilton. A small force of infantry leaves here to-day for those stations, as considerable alarm prevails along the railroad. Two companies cavalry left Corinne, Utah, yesterday for Ross Fork, Idaho. Nearly all the Bannack Indians have left their reservation near Fort Hall.

CARLIN, June 10.—Adjutant-General Adams, of the State of Nevada, left Carson last night with 140 stands of arms and 4,000 rounds of ammunition, en route for the scene of Indian hostilities, and arrived at Carlin this afternoon. He will leave Carlin for Tuscarora to-night, and will there organize a volunteer force for the protection of inhabitants in that part of the state.

OMAHA, June 10.—Widow Maggie Van Cott, Methodist revivalist, left Omaha to-day for San Francisco, where she will begin a series of revivals at Howard Street M. E. Church next Saturday. Yesterday at the First M. E. Church she preached morning and evening to immense congregations, and raised \$1,500 to pay the church debt.

OMAHA, June 10.—Gen. Crook has ordered three companies from Camp Douglas and two companies of cavalry from Fort Russel, to immediately proceed to Fort Hall, Idaho, and take the field to quell the Indian disturbance.

BOISE CITY, June 10.—Yesterday afternoon Capt. Harper's company of volunteers came across about sixty Bannack Indians, seven miles east of south mountain, who attacked him. He was compelled to retreat, the Indians following him seven miles, killing four white men and two Plute scouts and wounding Thomas Bones; also one man missing, several horses killed and wounded. Harper expects reinforcements this morning and then will return to the scene and recover the dead. Reports state that the hills are full of hostile Indians; need men and arms at once.

WASHINGTON, June 8.—The President has nominated John C. Fremont, of New York, Governor of Arizona, and John P. Hoyt, of Michigan, Governor of Idaho.

HAVANA, June 8.—The war in the island of Cuba is finished and the insurrection is entirely ended.

Letters of Postmaster-General Key and Alexander H. Stevens, regarding the Potter investigation, have created a sensation among the politicians, especially those attached to the Democratic party. The Republican leaders attach much importance to both these letters, and believe they will have a marked effect upon the country. A prominent Republican Senator said to-day that he regarded Key's appeal to the people of the South to elect only members of Congress who are pledged to resist, at all hazards, the revolutionary schemes of the mischief makers in the House, as both manly and patriotic, and that it will receive the approval of the people of all the North, who are opposed to the re-opening of the presidential question. This letter, said the Senator, will create consternation in the Democratic ranks, and have the effect to either stop the revolutionary course of a few Democratic leaders, or precipitate matters so that the country will clear away the mist before the eyes of many Democrats and show them that their leaders mean revolution and nothing else. Stephens' letter is discussed as much as is Gen. Key's, and its plain, truthful utterances are very annoying to those Democrats who are in sympathy with the Potter investigation.

ACCIDENT AND DEATH.—On Friday afternoon last, Mr. Solon T. Putnam, engineer of the steamer Donald, gave chase to a rat seen by him on deck while the vessel was lying alongside the dock at Port Townsend. He carried a wooden bar with which to strike the animal. In some manner the stick caught against the steamer's house, and he brought up against it with great force; the end towards him coming against his stomach. It did not enter, nor, for that matter, make an external bruise, but it hurt him internally, so that he died at his home in this city thirty-six hours afterwards. He was buried in this afternoon; the Masonic fraternity, of which he was an honored member, conducting the funeral services. Mr. Putnam leaves a wife and two children to mourn his loss. He was born in Maine, in 1835, but had been a resident of Puget Sound for nineteen years.—Seattle "Tribune" of the 10th.

MISCELLANEOUS.

Sitting Bull is preparing to be revictualled. Kansas is settling up. Go thou and do likewise.

Lumber dealers always have the largest board-bills.

An honest man is like an under-done steak—Very rare.

A dispatch from Rome says the Pope is ill in body and distressed in mind by plots and cabals designed to prevent the reforms he proposes.

Right Rev. Chas. J. Seghers, Bishop of Vancouver Island, who has been on a missionary tour among the Indians of Alaska for the past year, is expected home next month.

The Whatcom county tax levy for 1878, has been fixed as follows: Eight mills on the taxable valuation for school purposes; 4 for Territorial purposes; 4 for school purposes; and 2 for roads.

The late court-martial of Colonel and Major-General A. V. Kautz, at Omaha, acquitted him of the charges. The proceedings and findings of the court are approved, and he has been ordered to assume command of his regiment.

A New York dispatch of the 7th inst. says: The Grand Lodge of Freemasons of this state adopted the following: Resolved, That we refuse to recognize as a Freemason any person initiated, passed or raised in a body where the existence of a Supreme Being is denied or ignored.

Company C, 21 Infantry, Capt. George H. Burton, commanding, will soon after his arrival at Vancouver, W. T., report to the commanding officer of the troops encamped in that vicinity for duty. This company will take with it the necessary camp equipment.

According to the Cincinnati "Enquirer," high Democratic authority, the object of the Potter movement is two-fold. 1. To make Potter the author of the resolutions, governor of New York through the influence of Tilden. 2. To force Tilden upon the Democratic party as a candidate for the presidency in 1880.

A young man who is about sailing for Europe asks how he shall conduct himself in London fashionable society without appearing fresh and awkward. Judging from what we have read of London fashionable society, all that is necessary is to leave his brains at home, wear a one-burreled eye-glass, and say "aw" every other word.

INDIAN AGENCIES.—The officers and employees of the seven Indian Agencies in Washington Territory receive from the Government \$55,130 per annum, distributed as follows: Fort Colville, \$4,100; Neah Bay, \$9,430; Puyallup, \$10,000; Quinalt, \$5,750; Skokomish, \$7,400; Tahalip, \$6,600; and Yakima, \$11,500.—Seattle "Intelligencer."

Major James Tilton, well known in years gone by in this Territory, he having been in early days one of the foremost citizens, has been appointed engineer inspector of the water supply of the District of Columbia, including the cities of Washington and Georgetown. Gen. Tilton was for a long time Surveyor-General in this Territory. In 1855 he was the Democratic candidate for Delegate to Congress.

The camp-meeting at Ferndale, this county, which concluded its labors on last Monday afternoon after four days' religious exercises was not quite as successful as its chief promoters desired; owing to a combination of circumstances among which were the unfavorable weather, the earliness of the season, and the unavoidable absence of many interested in the cause. There was a large and enthusiastic attendance of Indians, which in a measure, made up for the sparse attendance of white people. The most notable event of the meeting was the marriage of 28 Indian couples. The clergy in attendance were Rev. Mr. Falchik of Seattle, presiding elder, Rev. Mr. Magill of Whidby Island and Rev. W. M. Stewart of Semiahmoo.—"Mail."

EDITORIAL NOTES.

Last fall, after a trip to Lopez Island, we took occasion to mention the necessity of a postoffice on the southern end of the island. Since then the residents in that vicinity have thought the matter over more seriously, and have drawn up a petition for the establishing of a postoffice at a point designated as "Mackaye Harbor." This place is a bay, as its name indicates, on the south side of the island, and is a proper and suitable location for a postoffice; and, in the course of time a thriving little town will doubtless grace its shores. The petition (which by the way is accompanied by 32 signatures) sets forth the following facts as urgent reasons why its prayer should be acceded to: That the location selected is eight miles from the only office now on the island; that many of the petitioners have, under the present arrangement, from nine to twelve miles to travel for their papers and letters; that Mackaye Harbor is near the south end of the island, while the office now established is near the north end, and that the former is the finest harbor the island affords, having a wide entrance, good anchorage, and being free from rocks, etc.; that it is only three miles from the present route of the mail steamer; that in case of a severe storm, when the steamer could not safely cross to Port Townsend, the harbor designated would afford her a safe place of refuge; and lastly, that the residents of the southern part of the island are not only compelled to undergo great inconvenience regarding their mail matter, but are seriously retarded in improving their farms on account of the labor at present required to send away produce or obtain the necessities of life for themselves. Such an appeal, having so much of indisputable merit in its reasonings, ought to succeed. We had the pleasure this week of forwarding the requests of these settlers to the Honorable D. M. Key, U. S. Postmaster-General, and earnestly hope he will give the matter his immediate attention. When such conveniences as postoffices are petitioned for, at points where they can be supplied just as well as not, we are quite sure that all who really desire to see the country settled up and developed will only be too glad to assist in making the necessary provisions.

By a private letter, dated at St. Paul's Island, Alaska Ter'y, May 14, 1878, and kindly shown us, we learn that during the past year there has been a great deal of sickness there. The records show 16 deaths for '76, 17 for '77 and 13 so far in '78. During the year '74 deaths occurred from an accident by fire; and the rest from various causes, pulmonary diseases predominating. Of the 13 for '78 ten died of pulmonary troubles—all natives. The writer says he doesn't believe there is a perfectly healthy native on the island. Farther on he speaks of Mr. John M. Morton, son of the late senator O. P. Morton; says he was very sick—in fact came very near dying—but has happily recovered at last. His disease was "febricitis," and was brought on by exposure and by some indigestible matter lodging in or near the "vermiform appendix." His wife recently went there from San Francisco, and expects to return with him in the fall. Dr. Spaulding, of San Francisco, is to take the place of Dr. C. H. Wheeler, formerly of this place, but now employed there.

"Let him that thinketh he standeth take heed lest he fall." Lie low this week, oh ye Custom House denizens, and hear Rome (the black-mail sheet) howl. Its "business men" cannot devote ten or fifteen minutes out of professional hours to walking a few yards and testifying to substantiate charges made, but they can consume whole days and much "midnight oil" dove-tailing together scurrilous attacks on gentlemen.

He that would be humbled, let him occupy a government position. From the columns of the opposition paper he shall gather much information about himself. His self-esteem shall be knocked galley west. He shall discover himself to be inconsiderable murphies. Yea, verily u-m-m-m.

INCONSISTENT.—That fellow in town who vaunteth himself with pride over his much knowledge of etiquette, and hasteneth to step on the train of his sweetheart's dress. H-a-a-o w shiftless!

Following the example set them on this side of the water, the citizens of Saanich, B. C., are talking of starting a cheese factory.

WHO IS RESPONSIBLE?

There is a column of complaints and lamentations in the last "Standard," over the annually decreasing appropriations for the Territories and particularly over the recent passage of a bill by the lower House of Congress which reduces the number of members of the Territorial Legislatures, cuts down the pay, limits the amount for public printing in each Territory to \$2500, and authorizes the Governors of the several Territories to apportion the members of the Legislative Assemblies, in all cases where the legislators do not meet before the next election. While we fully agree with the "Standard" in disapproving this legislation, yet we are inclined to go a step farther and inquire "who is responsible?" The bill was reported by a Democratic committee, was passed by a Democratic House against the protest of every Republican delegate in Congress. The Democratic party is not only responsible for this law, but for all reductions in appropriations for the Territories during the last five years. It has had control of the House of Representatives, in which all appropriations must originate since 1873, and when the "Standard" condemns the policy which has been pursued, it only condemns its own party.

As usual the "Standard" makes a fling at Governor Ferry because he is authorized to make the first apportionment and insinuates it will not be fairly and honestly done. The future can only be judged by the past. The apportionment law of 1873, which is now in force was drawn up by Governor Ferry. It was conceded by both Republicans and Democrats to be eminently just and was adopted by a Democratic council and a Democratic House, with very slight modifications.

The "Standard" must not suppose that because Speaker Randall issued his edict to the Democratic members of the Ohio legislature that the Congressional districts in that state must be so gerrymandered as to cheat the Republicans out of eight members of Congress, which has just been done, that a like fraud will be perpetrated in this Territory. The Democratic party has a patent right for those kind of things, and Republicans are not disposed to infringe upon it.—Olympia "Courier."

GRAND LODGE OF MASONS.—The Twentieth Annual Communication of the Grand Lodge of Washington Territory, A. F. M., convened at Olympia, the 5th inst. There was a general attendance from all parts of the Territory, and all lodges but two being represented. Good feeling and amity characterize the proceedings. The following officers were elected for the ensuing year: M. W. Elisha P. Ferry, Grand Master; R. W. Lewis P. Berry, of Walla Walla, Deputy Grand Master; R. W. Geo. W. Dargin, of Vancouver, S. G. Warden; R. W. Harry H. Wolf, Dayton, J. G. Warden; R. W. Thos. M. Reed, G. Secretary; R. W. Benj. Harned, G. Treasurer; J. R. Thompson, G. Chaplain; Wm. McMicken, G. Lecturer; J. D. Laman, G. Orator. The Grand Lodge closed Thursday evening about 10, after which the members went in a body to the residence of Gov. Ferry, and an admirable strawberry feast was served by the ladies of the Executive Mansion. The guests will long remember the festival and the hospitality they received.—"Courier."

The bark Remejo, Captain Howard, 24 days from San Francisco, arrived in port yesterday. She will discharge freight at the Hudson Bay Co's. wharf, and proceed to Burrard Inlet to load lumber for New Zealand. The steamer California sails this morning for Wrangell with the following passengers: Admiral J. Prevost, Mrs. Charles Prevost, R. A. Duggan, J. D. Graham, and 20 others and about 50 tons of freight.—Victoria "Standard" of the 8th.

ANY SICK SAILOR WHO HAS PAID A Hospital dues for two months preceding his application for admission, is entitled to Hospital relief.

Port Townsend Hospital.

The above institution having been placed on a permanent footing, as the United States Hospital for Marine Patients on Puget Sound, the proprietor takes pleasure in announcing that no pains or expense will be spared in ministering to the comfort and convenience of private patients.

This is the largest General Hospital north of San Francisco, and by far the most complete in equipment. It has been thoroughly refitted and refurnished. Its general wards have accommodations for about one hundred patients and are peculiarly adapted for cases requiring the most careful treatment and constant supervision at limited expense. Those who desire them will be furnished with private rooms, entirely separate and distinct, at a slight additional cost.

The attention of Mill owners, and those interested in shipping, is called to the fact that seamen suffering from contagious diseases will be treated outside the Hospital without expense to the vessel.

The Mexican Mustang Liniment is a matchless remedy for all external ailments of man and beast. To stock owners and farmers it is invaluable. A single bottle often saves a human life or restores the usefulness of an excellent horse, ox, cow, or sheep.

It cures foot-rot, hoof-rot, hollow horn, grub, screw-worm, shoulder-rot, mange, the bites and stings of poisonous reptiles and insects, and every such drawback to stock breeding and farm life. It cures every external trouble of horses, such as lameness, scratches, swine, sprains, founder, wind-gall, ring-bones, etc., etc.

The Mexican Mustang Liniment is the quickest cure in the world for accidents occurring in the family, in the absence of a physician, such as burns, scalds, sprains, cuts, etc., and for rheumatism, and stiffness caused by exposure. Particularly valuable to Miners.

It is the cheapest remedy in the world, for it penetrates the muscles to the bone, and a single application is generally sufficient to cure. Mexican Mustang Liniment is put up in three sizes of bottles, the larger ones being proportionately much the cheapest. Sold everywhere.
