

PUGET SOUND WEEKLY ARGUS SUPPLEMENT.

PORT TOWNSEND, WASHINGTON TERRITORY, AUGUST 3, 1877.

LOCAL NEWS.

DIED.—At Ebey's Landing, Whidby Island, on Tuesday evening, August 1st, 1877, Mr. John Kelley. Deceased was a native of New Hampshire, was about 40 years of age, had been a Union soldier, and for some time prior to coming to Whidby Island was engaged as a "runner" for the New England Hotel at Seattle. His death was the result of serious injuries received on the 26th of July, while engaged with others in rolling logs from the beach between Ebey's Landing and Admiralty Head. Becoming jammed between the logs, one of his legs was so badly bruised that an amputation was soon thought necessary. After the accident he was immediately removed to Mr. G. D. Campbell's house where every possible attention including medical assistance was shown the unfortunate man. Mortification was the immediate cause of his death.

Read Mr. Fitzpatrick's new advertisement which appears this week. This gentleman offers inducements in his line well worthy of the attention and patronage of all both in and out of Port Townsend. As a public-spirited, enterprising business man of the period, he proposes to maintain his place in advance of all competitors. Having an old established business, and a wide spread reputation for his staunch business qualities and integrity, he will no doubt in the future obtain the increased patronage and favor that his past career deserves.

HOWARD'S HEROES.—At the request of Colonel Perry, the unfortunate, and it is believed, utterly groundless reports concerning him will be investigated by a Court of Inquiry. The special correspondent of the S. F. "Chronicle," writing from Kamia, under date of July 16th, says: "A more gallant and chivalrous soldier than Colonel Perry never bestrode a horse, and justice ought certainly be done him and the brave men associated with him, not only for their action at Cottonwood, but throughout the campaign."

INDIAN WAR.—The following are the casualties among the detachment from Port Townsend in the battles of July 11th and 12th near Clearwater, I. T.: Company A, 4th Artillery.—killed, Sargt. Workman and Corporal Marguard; wounded, Capt. Bancroft, Corporal Hess, Privates Patrick and D. Ann. Company C, 21st Infantry.—wounded, Lieut. C. A. Williams, Sergeant Ritchie (severely); killed, Private Wm. Hutchinsou.

EASTERN STRIKERS.—In nearly all of the States recently the scenes of riots, meetings have been held at which the strikers have made their demands and offered compromises on various terms. In many localities, however, there seems to be still no disposition on the part of the rebels to yield even partially, but a stubborn demand is made for old rates.

CAPT. Abernethy, of the schooner Mist, from Dungeness, has been to Port Ludlow within the last few days and brought down a load of lumber for Beacon Lodge, I. O. of G. T., located at Dungeness, for the purpose of finishing their fine two-story hall. The work will be done probably within the next two months.

We acknowledge a call this week from Noel Shakspeare, Esq., of Victoria, B. C., G. W. C. T., I. O. of G. T. Mr. Shakspeare has just returned from Whidby Island where he has been looking after the interests of the Temperance cause. He took his departure yesterday for home, on the North Pacific.

The public school of Port Townsend will not open until Monday, August 13th. Mr. Huffman has written that he will be here in time to open at that time. There will only be two teachers. It is not yet known who will occupy the other place.

Just received at Jas. Jones', a large stock of Jewelry, Gent's collar and cuff buttons, shirt studs, &c., &c.

PORT LUDLOW ITEMS.

PORT LUDLOW, July, 31, 1877.
ED. ARGUS:—
 A few lines from this place may be a little interesting to the readers of the ARGUS, as this place is very seldom heard of. The new building for the new mill is still being put up as fast as can be under the circumstances, and Mr. Robb, is just the gentleman that knows how to do it. The old mill was shut down yesterday on account of putting up some of the frame work on the new mill building, and there were quite a number of "blue faces" about town, principally on account of "John Barley Corn" being used a little too much the day before, but to-day the mill is running on full time again. The new schooner that was launched last week is about ready to take in lumber. There is but one schooner loading here, she will be loaded to-morrow and ready for sea. There are two more vessels due here now from San Francisco. Some of the young men of this place have organized what is called the "Port Ludlow Variety Troup"—not for the purpose of fighting the Indians—but for showing their talent on the stage before the public. Their first appearance was last Saturday night and it was a grand success. Next Saturday night they will play in Chinacum and make folks laugh that have not done so for sometime. They will also make a trip to Port Townsend shortly, and everybody should go to see them—they know how to make lots of fun.

There is not much doing in the ship-yard at present, and some of the carpenters are taking a rest; and so will I.

A report directed by the British Government into the murder of August McLellan, the Scotchman killed in Kemper county, Miss., during the Christolm massacre, has been presented to the Attorney-General. The evidence discloses that the murder of Christolm was the result of a deliberately planned conspiracy, and that it was intended to kill the other parties arrested with him. The parties implicated number fifty. Of these twenty-one had been indicted for offences against the election laws in November last. The trials in the State Courts were to have been held prior to the massacre, but the indictments were all stolen from the Clerk's Office. The trials in the Federal Courts were to take place in May last, and the witnesses against the parties to be tried were Judge Christolm, Rosenbaum, Hopper brothers, and Gilmer. All those indicted were Democrats, and the witnesses were Republicans. It was to prevent these trials that the conspiracy was hatched, the purpose being to kill all the parties named as witnesses. As a question of fact, it is clearly established that McLellan was not a citizen of the United States. Whether he forfeited his rights as a British subject by reason of connection with the Confederate military service is for the British authorities to determine. A copy of the testimony will be furnished the representative of Great Britain by the State Department. McLellan was a bachelor and legal successor to his property will require a decision upon his citizenship.

NEW SCHOONER.—On Thursday last Hall Bros., launched a new schooner at Port Ludlow. She is named "Wailele," hailing from San Francisco. Her dimensions are: Length, 60.9 feet; depth, 7.6 feet; breadth, 19 feet; and measures 48.47 tons. We learn that she is owned in San Francisco and will be used for freighting among the Society and Hawaiian Islands.

At Port Gamble, on Wednesday evening, a man by the name of Shoe, while playing base-ball broke his arm.

Mr. T. P. Hasty and Mr. Hathaway, both of Island county, came to town yesterday afternoon.

Work has been suspended on the Barkentine, building at Port Ludlow for the present.

Just received at Jas. Jones' a lot of blotting, drawing, tissue gold and silver paper, card board, etc., etc.

Telegraphic Summary.

PARIS, July 24.—It is reported Turkey has sued for peace and Russia will not treat until she holds Constantinople.

BUCHAREST, July 24.—The Czar will return to St. Petersburg on the 1st of August.

ATHENS, July 23.—A transport with 25,000 rifles and a very large quantity of ammunition and torpedoes will arrive next week.

PESTH, July 26.—A dispatch says that Prince Gortshakoff has notified the Great Powers that Russia will not treat directly with the Porte. The questions to be solved will be submitted to the Great Powers.

THE "Times" Bucharest dispatch says the Russians are organizing municipal governments in Dalat and other towns held by them south of the Balkans.

A regular campaign has been opened by the entire Russian press against England. Some journals laugh at the insignificant force England can spare for an eastern war; while others declare odious England is fighting Russia even now, seeing that Egyptian troops have been equipped with English money, while all agree in regarding English antagonism with utter indifference and not to be dreaded by Russia.

A telegram from Belgrade says the minister of finance has introduced a bill in Skuptschina sanctioning a loan of 2,000,000 ducats, which has been concluded with foreign bankers.

A special from Athens says the decree for the organization of the army was issued to-day. In three weeks the cadres will be completed, and the army will number 150,000 men.

PESTH, July 26.—8,000 persons in a meeting to-day passed resolutions and declared the extension of Russian power inconsistent with the interests of Austro-Hungary and calling upon the Government to endeavor to bring about a cessation of the present inhuman method of warfare, and to give timely protection to Austro-Hungarian interests.

SHUMLA, July 26.—The Russians were defeated in the assault on Silistria on Monday. The governor of Van, Asia Minor, says the Russians have completely evacuated the district of Bayazid.

Tulleman and Raouf Pasha have effected a junction of their forces and are now at the head of an army of 60,000 men on the southern side of the Balkans.

LONDON, July 26.—A dispatch dated Erzeroum the 25th, says the movement of the Russian centre along its whole line indicates a serious engagement shortly.

LONDON, July 28.—The "Times" Vienna correspondent confirms the defeat of Suleiman Pasha near Yeni Saghra, yesterday. It is feared the Russians, encouraged by this success will again begin marching on Adrianople. Of 150 Bulgarian prisoners recently brought to Constantinople, 15 were immediately shot.

The same correspondent telegraphs that the English fleet is not to enter the Bosphorus, because it is supposed Russia would not be slow in seizing Gallipoli and the Dardanelles ports.

If public opinion throughout the Continent is agreed that the peace settlement must be made by Europe, Austria and England, as powers most immediately interested must throw off their rescue and make their voices heard when the terms of peace are under discussion. England and Austria can then intervene with all the more force, because they remained neutral during the struggle. England has abandoned her intention of going to Gallipoli and Austria has hitherto abstained from entering Bosnia. Austria and England, however, to be listened to, must be ready to support their demands. Russia is aware, better than anyone else, that nothing can be definitely concluded if opposed by Austria and England and everything seems to show that she is disposed to respect these susceptibilities. Hence it is that rumors of peace are circulating. It is generally believed the other powers will proceed in accord with Austria and England.

THE INDIAN WAR.

Gen. Howard telegraphed from his headquarters on the Clearwater, I.T., under date of July 27, says in purport as follows:

Have asked to have troops at Missoula to detain Joseph until he (Howard) can strike his rear; the two companies at that place and help from volunteers being considered ample, taking into consideration the present demoralized condition of the hostile Indians Howard's troops will push through rapidly.

An other dispatch from Gen. Howard, dated Sunday the 29th, says: All my column with 20 days' rations are now south of Clearwater. Col. Green is to day one day's march this side of Florence. Wheaton is at Lewiston. Everything in the best possible condition for the present and capture of the enemy, provided Montana troops can check his advance.

A dispatch from Col. Green, dated July 30th, says: We will leave to-day for the buffalo country in pursuit of Joseph, who is thought to be there. The impression is that he will try to escape consequences of his manifold murders as the Sioux did.

Twenty-five Spokane Indians have sent word to Gen. Howard that they want to join him in his chase after the hostiles.

BUCHAREST, July 30.—A dispatch from Sibova states that an important engagement was fought Sunday near Ruse-telak between the Czarovitch and the Amhad Eyoub-Pasha. The Turkish corps is reported defeated with a loss of 30 guns, 10 standards and 5,000 prisoners.

Later official dispatch confirm the foregoing. The number of Turkish prisoners is now given at 8,000. The Russians will probably at once resume the offensive and follow up their advantage.

Her Majesty's steamers Flamingo and Condoe, who go to the Danube to protect British interest and assert Great Britain's treaty right to maintain two gunboats on the Danube will be accompanied to the Black Sea by the iron-clads Shannon and Agincourt, to support the m should their passage be opposed.

HORRIBLE!—Mr. Albert Hall who arrived at Walla Walla from the seat of war, relates to the Watchman the following harrowing details of the late Indian massacre, he having heard the story from Mrs. Chamberlain herself:

"The Indians first shot her husband, not being quite dead, they beat his brains out with the butt of a rifle. They next shot her, wounding her in the arm with a ball and in the breast with an arrow, which the fiends tried to push through, as it was hard to pull out. In her intense agony she begged them to kill her and let her children live, but they refused and brutally outraged her body, too shocking to mention, even far less describe; the mother of Mrs. Chamberlain being compelled to witness the outrage. They next butchered her six-year old girl in a most cruel and heart-rending manner. Her baby received a slight cut with a knife about the throat. Its cries angered one of the savages and he caught it up in his arms and cut part of its tongue off, then cast it to one side in the grass. The next morning at 10 o'clock, when help came, the child was found still alive, and mother and baby are now at Mount Idaho, liable to start for their eternal home any day. Call this exaggerated if you please, but our informant, Mr. Miller, declares deeds were done, not less shocking, but too revolting to go to any journal."
