CLARKE COUNTY FAIR.

RULES

Governing Trials of Speed-1868.

Rule 1. All entries shall be made with the Secretary at such time and place as may have been previously designated by the Society.

Rule 2. Three judges appointed by the Board, shall occupy the stand during all trials of speed, and all trotting and running, and said judges shall each be provided with a time watch, and at the close of each trial shall announce the time made by every animal; provided all trials of speed shall be to rule, and such rules shall be published with the programme.

Rule 3. Should a difference of opinion exist between the judges in the starting stand on any question, a majority shall govern.

Rule 4. The judges shall order the horses saddled or harnessed five minutes previous to the time appointed for starting; and, at the expiration of the time allowed between heats, any driver or rider causing undue detention, after being called up, by making false starts or otherwise, the judges may give the word to start, without reference to the situation of the horse so offending, unless convinced such delay is unavoidable on the part of the rider or driver, in which case not more than thirty minutes shall be consumed in attempts to start.

Rule 5. The horse first entering shall be entitled to the pole, the horse winning the heat shall for the succeeding heat be entitled to a choice of track. On coming out on the last stretch each horse shall retain the track first selected; any horse deviating shall be disqualified.

Rule 6. In all cases of dispute, and not provided by these rules, the judge for the day will decide finally; and in all cases of improper entries and dishonest conduct on the principals, they shall have power to declare the premiums forfeited. They shall also have power to mitigate the penalty of a rider or driver disobeying these rules by giving the next best horse a heat, instead of disqualifying the person so offending, should circumstances justify them in such mitigation.

Rule 7. Should any horse break from his trot, and thereby gain by such break, twice the distance so gained shall be taken from him on coming out. A horse breaking on the score shall not lose the heat by so doing.

Rule 8. A horse must win two heats to be entitled to a premium, unless he distance all other horses in one heat, unless it be a single dash.

Rule 9. All trotting in double harness, both horses must trot; either one breaking or gaining thereby shall be subject to the penalty affixed in rule 7.

Rule 10. Every trotting horse starting for a premium shall carry 150 pounds; if in harness, the weight of the vehicle not to be considered.

Rule 11. A distance for mile heats shall be 60 yards. The distance for two mile heats, 120 yards.

Rule 12. The time between mile heats, 20 minutes; time between two-mile heats, 35 minutes.

Rule 13. In running the following weights: A horse 2 years old, a feather; 3 years old, 80 pounds; 4 years old, 92 pounds; 5 years old, 100 pounds; 6 years old and upwards, 108 pounds.

RULES OF THE FAIR.

The Society will not be responsible for the omission to exhibit any article or animal not strictly in accordance with its rules.

All articles or animals entered for exhibition must have cards attached, with the numbers of the exhibitors, as entered at the Secretary's desk, and exhibitors, in all cases, must obtain their cards previous to placing their articles or animals on exhibition.

The Board of Managers will use every precaution in their power for the safe preservation of all articles and stock on exhibition, but will not be accountable for loss or damage. Exhibitors must give attention to their articles or animals during the Fair, and, at the close of the exhibition, attend to their removal.

No person will be permitted to act as a judge in the department where he is competitor.

In no case can the judges award special or discretionary premiums, but will recommend to the Board of Managers any article in their class which they may deem worthy of special notice and for which a premium has not been offered.

The judges on animals will have regard to the symmetry, early maturing, thorough breeding and characteristics of the breed which they judge, or they will make proper allowance for the age, feeding and condition of the animal, especially in the breeding classes, and will not give encouragement to over-fed animals.

The superintendents will attend each set of judges, in their respective departments, and point out the different articles or animals to be examined, will attach ribbons to the articles or successful animals, as ordered by the examining committees.

The Field Marshal shall have power to select all gate-keepers, to secure some competent person to take charge of and issue his badge during the days of the annual exhibition to preserve order, and perform such other duties as the Board of Managers shall decide.

The Field Marshal will call the judges to meet at three o'clock on the afternoon of the first day of the Fair, at the Secretary's room, for instructions from the President.

Any record of premiums awarded by this Society, which, by oversight or error of the superintendents or exhibiting committees, shall be subject to correction in the succeeding annual publication of the Society's transactions, whenever proof is furnished the publication committee that an oversight has been committed.

No license shall be granted by the Society on the Fair grounds for any dance house, or gambling, or any other improper entertainment. And any person who shall take out a license to sell anything on the Fair grounds, and resort to any game of chance in order to effect sales, or who shall sell or offer for sale, or give away, any article forbidden to be disposed of by said license, shall forfeit his right in said license, and the Marshal shall have power to close up his place of business.

Twenty per cent. on the amount of premiums entered for, will be charged as an entrance fee, to be paid at the time of entering, except trials of speed.

Persons awarded diplomas will pay 25 cts. on delivery. All articles on exhibition must remain throughout the Fair; and no premium will be paid on any article or animal taken away before the close of the Fair, without a written permit from the President; and said permit must be placed on file by the Secretary. All entries to be made by 5 o'clock P. M. of the first day.

All animals competing for premiums, and all premium animals must be paraded on the Park at such times as the Secretary through the Marshal shall designate. No reckless riding or driving will be allowed on the ground. Hay and Oats will be provided on the ground at reasonable rates.

Terms of Admission to the Fair Grounds: Season Ticket, \$1.50; Day, 75 cts; Season for double carriages, 1.00; Day for single carriages, 50 cts; Day for the above half price.

Ladies and children between 8 and 14 years of age half price. Children with their parents under 8, free. The admission on the Fourth day of the Fair, at the Base Ball Club Ground will be only 50 cts.

It has been resolved that if there is more than two Base Ball Club entries, the first match game shall take place on Friday, between the hours of 9 a. m. and 1 p. m., and the other game on Saturday between the same hours.

REMARKS.—It is made obligatory that persons attending the Fair, shall have their badges in a conspicuous place.

We made a flying visit to the Fair Ground this (22d.) We walked through the Pavilion and were much pleased with the exhibition. It's the first Fair ever held in the county, and as a commencement is very creditable. It shows that the people are alive. Throughs of good-looking men and beautiful ladies are seen on every hand. We noted many articles of interest and taste. The beautiful as well as the useful are well represented. There were ploughs, there was a wagon by Brand, sofas, cushions, hair-wreaths, combinations of muslin, sties, bugs, &c. Feather-wreath, by a child 7 years old. Decadent works of various kinds, a lamp-mat of great beauty, by Miss Ella Stoughton, aged 12 years. Eggs, beetle-cases, steel frames, wrought-knives, snippers, work-boxes, pictures, jellies, cakes, common and frosted Bread, &c. &c. There were chickens of J. M. Martin's make and of Hathaway's. The products of the earth are varied and very fine. Mammoth squashes raised by Mr. Towley. Turnips, potatoes, beans, wheat, cabbages and dried apples.

J. H. Timmons is one of the sweetest men on this coast. Why? He has brought a wagon-load of honey to the Fair, luscious enough to sweeten a disappointed office-seeker.

DROWNED.—Drowned in the Columbia river near the residence of his mother, in this county, on the 15th inst., Mr. Jefferson Knight, aged twenty-five years. The deceased had started from this to the Oregon side of the river in a flat boat, in company with Mr. Charles Zeck, and two younger brothers, and at the distance of a hundred yards or more from the shore, was precipitated backward over the bow of the boat, by the slipping of the oar at which he was working, from its rowlock. He fell into the water in a manner, and under circumstances most favorable to immediate strangulation. The boat passed directly over him, probably injuring him in his passage. He came up once, and that only partially to the surface, in the rear of the boat, and sunk before it was possible to afford him relief. The body was recovered the next day by the aid of neighbors and friends, and interred on Wednesday last in the family burying ground on the old homestead.

A clap of thunder from beneath a clear sky could not have been more sudden or unlooked for than this terrible calamity. In less, perhaps than two minutes, one who was hale, strong and hopeful, lay a corpse on the river's bottom. There is probably no young man in the county who stands higher in the estimation of the people than did the deceased, or who has better prospects for the future. It is the uniform testimony of those who knew him best, that his death is a great loss to the community in which he lived. May a remembrance of his worth be a source of consolation to his deeply afflicted mother, sisters and brothers, and may they look to Heaven as the only source of consolation for anguish like theirs.

A Federal was reading during the war that England and France had acknowledged the Rebels as belligerents. He read it "thudly." "England and France have acknowledged the Rebels as Belligerents."

Our New Portland Advertisers.

We would call attention to our numerous Portland advertisements. It would be an act of supererogation to recommend Messrs. Mitchell, Dolph & Smith as their reputation as lawyers is so great.

We have also received a card from J. G. Chapman, a lawyer of singular skill and cleverness in the management of a case. If you want to make your wife smile like a sunshiny lake, go to Van Fridagh, and buy her Paris bonnet. The choicest of millinery goods you will find there at reasonable rates.

Van Fridagh is an old friend of ours. He and his lady come out on the steamer with us from the States. He was returning from Paris, where he had been on a visit. If you want the latest style of hats, go to Meussdorffer Bros. Lay aside that old cabbage leaf you have been wearing and get a new hat: Times will be better, Grant is bound to be elected. Give up your old hat and get a new one. Meussdorffer Bros. will soon move into their elegant store, opposite the New Columbian. It will be the finest store in the United States. Don't be afraid he'll over charge you because he has first quality goods. He sells cheap.

"Fast sales and small profits" is his motto. You will find a gentleman to deal with, a high-minded, honorable business man. Go to McHenry, if you want to trade with a whole-souled man. He'll fit you out in the crockery line.

If you want good clothing for half price, hats, caps, cutlery, tobacco, cigars or Yankee notions, go to Hyman Bros., Original Cheap Johns. There you can get as good articles as anywhere in Portland, and almost for half price.

If you want a saddle or anything connected with a horse or carriage, go to Congle or to Twing. You'll find either of them ready for a trade. Their stands are not far apart. They have the best of everything in their line at reasonable prices.

We would call attention to Kellogg's boarding-house in Portland. Mr. Kellogg is one of the best tables on this Coast. If you don't believe it, give him a trial.

DES MOINES, SEPTEMBER 24th.—At Green City, Cass county, on Saturday last, two men named Kelly and Tern, while in a house of ill fame got into a row, which ended by the former shooting the latter through the heart, killing him almost instantly. The murderer escaped, but the officers followed him closely and on Tuesday captured him on the prairie near Lewis. He was brought back to Green City, put on trial and bound over. The Justice gave him in a charge of two Constables to take to jail. Immediately after a mob of fifteen men in disguise burst into the room, took the criminal from the officers and carried him to a tree near by and hanged him. The last news from there is to the effect that the community is greatly excited and were about to mob the house where the tragedy began and hang the old woman in charge.

The Republican party is the recorded friend of education, the parent of the homestead law, the supporter of our system of National Improvements, the builder of the Pacific Railroad and the preserver of the Union. The Democratic party is the party of National dishonor, repudiation and anarchy. Its composition includes the organized ignorance, prejudice bigotry and barbarism of the country, and it feeds on the worst passions of bad men as its chosen food.—Oregonian.

There is "200 lbs" of sound sense in that. Don't you think so Bro. Simple Semple Brown Beriah?

SAN FRANCISCO, OCT. 19.—The N. Y. World's proposition for the withdrawal of Seymour has been the all absorbing topic of conversation in this city since Saturday. The direct admission of the anticipated defeat which is implied in the proposition, has chilled the democratic heart. Some of them denounce it, as a "Yankee trick." Others that Belmont has sold the party out to the bondholders' interest; but all admit its disastrous effect upon the prospects of the party.

A CHINESE LIBRARY.—The St. Petersburg Gazette says that there is now in the Russian capital the richest Chinese library in the world. It consists of 11,607 volumes, and 1,168 wood engravings and 271 manuscripts. The books are on all sorts of subjects, and among them are several rare works, one or two of which are unique, there being no copies of them in even the largest libraries in China. The library was collected by M. Skatchoff, now Consul-General in Peking, during a residence of 15 years in the Chinese empire. Recently M. Skatchoff offered to sell it for 2,000 roubles (£1,100) to the Imperial Library of St. Petersburg and the Russian Academy of Sciences, but both institutions were compelled to decline the offer for want of funds.

Brick Pomeroy's new plank matches Blair's. He advocates "the equality of the States or another war." How did such a pugnacious fellow keep out of the last war? Who held him during four years, and especially the last year of the war when the Confederates needed help?—Albany Register.

Brick is like the man that was going to fight and sung out to the bystanders to prevent him, "hold that man two of you; one can hold me."

The Democracy have been trying to raise the wind for a long time. They got a whole bag full when they secured Frank Blair.—Albany Register.

The reason they couldn't raise it is "they don't know beans." That's what's the matter.

We heard a rumor that the Washougal Post-office was discontinued.

Great Earthquake in San Francisco. Numbers Killed and Immense Destruction of Property.

REGISTER OFFICE, VANCOUVER, W. T. Oct. 21st, 11 o'clock, a. m. We have just received this telegram through the politeness of Mr. C. H. HUNN, telegraph operator. ENOCH G. ADAMS, Editor. Sonoma, Oct. 21st.

A slight earthquake felt here at 7 minutes past 8 o'clock, this morning. SACRAMENTO, Oct. 21st.

Nothing heard from San Francisco since the earthquake which occurred at 8 o'clock. Great damage done at Petaluma and Oakland. SAN FRANCISCO, Oct. 21st.

Earthquakes occurred at 13 minutes before 8 o'clock this morning. Several persons are reported to have been killed—a number have been wounded by falling walls, &c. Heyneman Building, on California street, is destroyed, and many others are seriously injured.

San Francisco, Oct. 22, 12 M.—The shock of the earthquake lasted 42 seconds. Several millions' worth of property lost; seven killed, and several wounded. The shock was principally felt between Montgomery Street and the water front. Custom House considerably damaged.

LATER—Coffee and Rice, merchants building, entirely ruined. Custom House had to be vacated, not in fit condition to be occupied.

SAN FRANCISCO, Oct. 21.—A shock of earthquake occurred at five minutes before eight o'clock this morning. Several buildings were destroyed, among which is the Livingston Block, consisting of a row of one-story brick buildings, on the South side of California street, below Sansome. Most of the buildings which were seriously injured were in this vicinity and their foundations rested upon made ground. Several lives are reported to be lost and a number of people were injured, principally by falling walls and also by runaway teams. The City Hall, which was seriously damaged by the earthquake in 1865 is now in an unsafe condition and no business will be done to-day.

The people are utterly demoralized and panic stricken. The first shock was from east to west and was followed by about a dozen light shocks, terminating with a heavy shock, and was about as heavy as the great shocks in 1865. Business on Front street is generally suspended. Advice from Oakland report the long ferry damages so that cars will not be able to run on it for several days.

GRASS VALLEY, Oct. 21.—Quite a severe shock of an earthquake was felt here this morning about 8 o'clock, causing lamps to vibrate and occupants of second stories to vacate briskly. About five minutes after there was another very slight shock.

MARYSVILLE, Oct. 21.—The shock here was very slight being noticed only by a few.

RIVER NEWS.—The Steamer Julia arrived yesterday at noon from Astoria. She reports the fog is clearing off. The Brewster had been off the bar several days, but may have crossed yesterday. No other sailing vessels in sight.

DE.—The John L. Stephens, from San Francisco, and the George S. Wright, from Victoria, are both now due at this port, but nothing had been heard of either at a late hour last night.—Oregonian 22d.

Some of the old subscribers have not had their papers; the first number of this year, sent to them. The Editor bought out the concern, when the outside was set up and struck off. There have been so many new subscribers in town we have run out of copies. Those who have not got the first number will have their subscription commence Oct. 24, 1868, and end Oct. 24, 1869. Our subscription is swelling to a thousand. Have patience, you shall have papers.

We call attention to Dr. Kidd's stock of Drugs. The doctor does not advertise, but he was the first subscriber that paid in advance for the REGISTER when we bought it out. Reader, go thou and do likewise.

Truth Must Prevail! Bristol's Sarsaparilla and Pills are a sure cure for vitiated or impoverished blood; are certain to purge out and carry off all bad humors; are the best of all medicines for the stomach, liver and kidneys. Try them! Try them!

Local Matters.

Oct. 22d.—The Fire Department out "in best bib and tucker," to take part in the Fair. Flags flying, band playing, red shirts and white gloves—good-looking men. Must have been a fire somewhere—so many fire clothes. Don't forget the ball tonight. Firemen's balls are always lively and interesting. Young America No. 4, made up of young boys, looked very nice as well as the others. The juveniles seemed to enjoy it hugely.

Monday we made a flying visit to Portland. We saw many friends, got many subscribers, and had a good time generally. On the boat we met Messrs. Meacham and Slater, opposing candidates for Presidential Electors for Oregon. Capt. Craig, Depot Quartermaster, also went to Portland at the same time. Purser Ingalls showed us every attention.

L. B. Young has an excellent hair ointment, called "Moon Fun." It is a Chinese preparation, invented by the Emperor Ping Wang and his most learned mardarin Soek Een. It is highly spoken of. If you wish to be young call on B. Young. Though no cheat he will share you. B. Young is guilty of mean fun, cutting and shaving, and should be bearded in his den for his barbarous doings.

The fare on the Cascades is excellent. We saw the statue, we did. We go our pile on statuary, especially when placed over a fountain.

Purser Ingalls on board the Cascades has a statue of Horatio Seymour. It needs close inspection to detect all the fine points. Like its original on the poll it will be flattened; when it runs.

We learn that Winfield S. Chapman, our young friend and former pupil, has been appointed in Portland Deputy Surveyor under Mr. Morse. Mr. Chapman is son of Colonel Chapman so well known. The young man is but eighteen years old, and displays rare talent. His friends have reason to be proud of him, and we wish him abundant success.

Why is the Seymour pin when worn like the word "assassination"? Because it is one as upon another, to begin with.

We were amused to see a Democrat wearing a Seymour pin. The other day it was worn in plain sight. Gradually it began to withdraw. We lifted up his coat, it had almost crawled under his armpit. It is supposed by Nov. 3d it will work back, down, and off.

Every one that goes to Portland should attend Dr. Wythe's Lectures. He has the classical elegance of the leading Unitarian Clergymen with the clearness and fire of ancient Methodism.

We would call attention to Dr. Wall's Ad. He can furnish drugs and medicines to cure every ill flesh is heir to. He has a fine establishment.

Gen. E. Hamilton of Portland, an old friend, is in town attending the Fair.

Readers, will find something to their interest in reading Capt. Babbitt's advertisement of the sale of condemned Ordnance Stores in another column.

Oct. 23d.—The Firemen's ball last night was a success. There were thirty couples present. The supper at the Pacific House was excellent. H. Redburg, Henry Howard and Henry Winkelman, Musicians.

House Races—Trotting on Thursday afternoon, first race entered by M. Shae and Mr. Nichols, mile heats, best 3 in 5, won by Shae, time first heat, 4 minutes; second heat won by Shae, time 3 minutes 35 seconds, Nichols withdrawing.

Second race—Trotting between same parties and same horses, best 2 in 3, first heat won by Shae, time 4 minutes 3 seconds; second heat won by Shae, time 3 minutes 25 seconds.

The rain has come at last. It is pouring.

We would call attention to all interested to the following communication from Sister Precedes, Lady Superior: "The Sisters of Charity desire to inform the Ladies of Vancouver and vicinity, that they are invited to attend a meeting on Tuesday next, the 27th instant, at two o'clock p. m., at the convent to make arrangements and preparations for a Fair in benefit of the orphans under their charge."

We acknowledge the receipt of the life like portrait of Capt. Craig, U. S. A. Q. D. It is inscribed, on the back with these lines: And when upon this little treasure This eye in after years shall beam, With thou not recognize with pleasure, The small tribute of an humble friend.

We shall place this duplicate in an album among the dead and living heroes of the war, their worthy conferees, as the gallant Captain wears scars he won at Antioch and other glorious fields.

We would inform our Portland subscribers that Saturday the 21st is the great day of the Fair. The Washington Base Ball Club will have games between 9 a. m. and 1 o'clock p. m., when the races will begin. Two Premiums are awarded on this day.

A full account of the Fair will be published in next week's issue, list of premiums awarded, &c., &c.

Oct. 23d.—The torch-light procession of the fire companies last night was splendid. The ball at Oro Fino Hall was respectively large and largely respectable.

A Muddle.—The first Monday of November is the time appointed for holding the District Court at Vancouver, and the Monday thereafter the Olympia term commences. Judge Hewitt, by virtue of the act disapproving the Legislative re-assignment of the District Judges, must hold both terms. This will give less than one week to the Vancouver term. Now we are informed that a large number of important cases are pending for trial and a great number of witnesses have been summoned from distant portions of the District to be in attendance at great expense and trouble. We are assured by members of the bar that it will be utterly impossible to clear the docket or any respectable portion of it in three or four days, and consequently the interest of litigants generally suffers by the inability of Judge Hewitt to stay longer. Judge Dennison was applied to to assist, and wrote that he would come, but later advices from Judge Hewitt state that Judge D. cannot come. Some members of the bar have expressed their willingness to defray all the expenses of a Judge in coming here and finishing the business. In view of the public interests, we would suggest that the proper parties should make an effort to secure the services of Judge Wyche to finish such business as may remain on the docket after Judge Hewitt is compelled to return to Olympia. A petition to that effect is now being circulated and signed by everybody.

We noticed on the Fair ground some blooded sheep, swine and horses. We saw a fine Cotswold Ram belonging to Mr. Lewis Van Vleet. We did not know the owners of the other stock, or would designate their contributors. We have not visited the race course, so cannot report progress.

Friday, 9 A. M.—The sun has made its appearance.

It is some expected that John F. Caples of Portland will deliver a lecture at Eddings's Hall, on Friday night. The Good Templars will probably have a jubilation any way.

Lewis Van Vleet, President of the Clarke County Agricultural Society, delivered an oration Oct. 22, 4 p. m. Not able to give a synopsis of speech we go to press so early.

All persons indebted to Marsh and Dargan, are requested to settle with Stray and Cook, Attorneys, at their office, MARSH & DARGAN.

This is the most successful tonic of the age. Young, middle-aged and old, are brought to life by its effects. The Bitters always has a marked good effect. No change of diet is necessary. Eat all you wish, of the best and most nutritious food. It is the greatest cure ever known for an overworked and distressed stomach, which it restores in a few moments. We know that we have the best and most popular medicine in the world. We are not afraid to show what it is composed of. PHYSICIANS ARE COMPELLED TO RECOMMEND IT. CALABAZA BARK has been celebrated for over two hundred years, and was sold during the reign of Louis XVI, King of France, for the enormous price of its own weight in silver. It is remarkable for Diarrhoea, Fevers, Weakness, Constipation, &c. CASCARILLA BARK—For Diarrhoea, Colic, and diseases of the stomach and bowels. DANDYON—For Inflammation of the Lungs and Dropsical Affections. CAMELILE FLOWERS—For enfeebled digestion. LAYNER FLOWERS—Aromatic, stimulant and tonic—highly indicated in nervous debility. WINTERGREEN—For Rheumatism, &c. ANISE—An aromatic carminative, creating flesh, muscle and milk; much used by mothers nursing. Absorbents, orange, caraway, coriander, snake-root, &c.

Another wonderful ingredient, of Spanish origin, imparting tenacity to the complexion and brilliancy to the hair, is put into our Bitters for the commerce of the world, and we withhold its name for the present. With this recipe before the community, and evidence of its efficacy, it is not surprising that every bottle of our Bitters stands upon the rock of truth. Almost every family has some case of suffering which the PLANTATION BITTERS will alleviate and cure.

They are recommended by the highest medical authorities, and are warranted to produce an immediate beneficial effect. They are exceedingly agreeable, perfectly pure and harmless. None—Any person pretending to sell Plantation Bitters, look out for the eagle, as our trade mark and impostor. It is put up only in our log cabin bottle. Report of the Judges at the Great American Institute Fair, New York City, 1867. The whole number of Sewing Machines on exhibition is thirteen; of these, twelve are entered for competition. The article bearing the number 720 (the Florence Sewing Machine) is declared to be the best on exhibition. It must also be stated incidentally that this is better than any of its class known to the judges. (Note—The Board of Managers determined to elevate the standard of excellence in articles on exhibition by declining to give the first premium to any article unless it was pronounced by competent judges to be of great utility, and equal or superior to any like article known to them, whether on exhibition or not.) Its merits are, and its thorough workmanship. First—Its material, and the thorough workmanship. Second—More absolute novelty than marks the usual improvements in Sewing Machines. Third—The ingenious arrangement for adjusting the thread, during the passage of the shuttle, and the gathering up of it in the finish of the stitch. Fourth—The Reversible Feed. Fifth—The variety of work which can be done upon it. We therefore decide that it receives the award of First Class.

WM. PRATT, IRA L. GARDY, L. J. KNOWLTON. The Committee on Family Sewing Machines. At the numerous Fairs held on the Pacific coast in the last four years, have unanimously decided in favor of the Florence, this machine having taken every First Premium since the Agency has been established in California. Among the gentlemen who served as Judges were Messrs. Messrs. Thomas Hainshaw, George Schumler, Leonard Blair, J. N. Andrew, Thomas C. McElwain, A. F. Hitchcock, and S. O. Brigham—men well known as being among the first and best mechanics in the State—establishing beyond question the superiority of the Florence as a Family Sewing Machine.

If there is a Florence Sewing Machine within one thousand miles of San Francisco that is not giving entire satisfaction, if I am informed of it, it will be attended to WITHOUT EXPENSE TO THE OWNER, OR DELAY TO THE USER. SAMUEL HILL, Agent, 111 Montgomery Street, San Francisco.
