THE BIRTH OF JANUARY, 1815.—In contemplating the present political condition of New Orleans, it brings to mind in strong contrast, the scenes which occurred there sixty years ago, one of which made the 8th of January a national anniversary and holiday. At that time General Jackson was in military command, and just preceding the famous battle, when the British army was investing the city, he had reason to suspect that a citizen was giving treacherous information to the enemy, and ordered his arrest. Judge Hall, the U. S. District Judge, granted a writ of habeas corpus to bring the prisoner before himself for hearing. The General disregarded the writ and ordered the arrest of the Judge. Immediately after the battle, when the victorious General entered the city amid the plaudits of a grateful people, his first act was to re-establish the parson's authority of the civil over the military power. He appeared before Judge Hall with uncovered head, and submitted to a vindictive fine of one thousand dollars which he promptly paid from his own pocket. In acknowledgment that under no stress of circumstances was the military superior to the civil authorities. Twenty years afterwards, on motion of Stephen A. Douglas, of Illinois, Congress remitted the fine and declared the act of Gen Jackson, in the presence of an invading army, justifiable under the rule of military necessity. General Jackson subsequently confessed to Mr. Douglas that no act of his life had him the cause of greater regret to him than that one act of using his military power to subvert civil authority, though he believed the necessity imminent at the time, as Louisiana was then a newly acquired territory and was overrun with spies and enemies.

Now, after sixty more years of Republican rule, we see the military dominating the civil authorities, under no pretext of insurrection, invasion or military necessity, but merely as an adjunct of a political party, to determine the result of a popular election. It is not a pleasant contrast to contemplate, as an evidence of our advancement in the recognition of civil rights.

MAIL IRREGULARITIES.—We have again and again to repeat, that there is no inhabited portion of the Union so badly served in mail accommodations as this. Mr. P. D. Moore commenced carrying the mail between Olympia and Victoria on Monday, the 4th. He arrived here with the mail from Olympia about 9 o'clock falling to connect with the weekly mail to Bellingham Bay and all the post offices on the west side of the Sound who were thus deprived of any mail for two weeks. On returning from Victoria he passed here in the night, and the Postmaster not being on hand to deliver the mail, none went from this office. Mail matter put in this office on Friday last for transmission South and East, could not be sent by any regular mail boat until the following Tuesday night. Mr. Moore arrived here again on the next Monday, without any mail from the East or South; the Postmaster at Tacoma refusing to deliver to him the great Southern mail before 6 o'clock in the morning, and Mr. Moore would not wait till that hour for it claiming that his contract and instructions from the Postmaster General only bound him to schedule time of arrival and departure and from the terminus of his route, and that the intermediate Postmasters were responsible for the delivery of the mail to him at any hour, night or day, he might call for it; which we are assured is the fact.

No provision is made for close connection with the Bellingham Bay route, all mail matter for which has now to lie over here for one week; and none for schedule time for arrival and departure from Tacoma, Seattle, or any other place on the Sound, except Olympia, and the consequence is that failures will be frequent and the whole mail service unreliable. Nobody is to blame for this but the Department at Washington, which has pursued towards this route a miserable half-hearted and parsimonious policy which makes it an exception to any other mail route in the land. It is nothing less than shameful.

INSANE ASYLUM COMMITTEE.—From the Olympia papers of Saturday last we learn that the Governor and Auditor appointed the following gentlemen a committee to investigate the affairs of the Insane Asylum, according to the request of the Medical Society, and that they accepted the trust and entered upon their investigation on Friday last: Dr. S. Ostrander, of Tumwater; J. M. Lowe Esq., of Olympia; Stephen Judson, Esq., of Shelton; Dr. J. C. Kellogg, of Seattle, and Drs. Hawthorne and Ballard, of Portland.

The committee is to be congratulated; it could scarcely have been better; and we are prepared in advance to endorse their report as a fair and intelligent conclusion of the facts which come to their knowledge. We only regret that the gentlemen making the appointments did not see the propriety and justice of giving public notice of the meeting, or any notice to those at whose instance the investigation was instituted as to the time or by whom the charges would be heard. The committee can only investigate such facts as are presented, and it is not their duty to make the presentation, unless they can do so without investigation as was demanded.

LEARNING A TRADE.—There lives a fellow out West who never did anything useful until after her husband died and left her half a dozen children to take care of. She thought a great deal of her husband, but he did not leave enough substance to buy him a grave-stone, and this fact set her to work. She determined that the poor man should have a respectable mark. So she got a marble slab, and went to work on it, making a grave-stone for the departed. Then she began to carve out her fortune. She finished the work and heaped the work of a stone-cutter at the same time. She soon did some other marble work, and sold it for sale. It proved acceptable, and she was given a permanent place in a marble yard and making regular artisans' wages and keeping her family in good style. Sometimes a husband does turn out a benefit to a woman, though she may not realize his use until she loses him.

There is a rumor current, which we hope is true, that Mrs. Sloan, who died recently in Pierce county, left a small fortune on deposit in a Victoria bank which will fall to her little children, who are now almost fatherless as well. Mr. Sloan having been so neglected in his reason by his benevolent or to recalculate his confinement—temporary we hope—in the asylum at Steilacoom. He is a clergyman of little property and was left with six small children, whose prospects were gloomy indeed. But now it is said that several years since she received a bequest, and unknown to her husband deposited it, and now it remains to provide home comforts for the darlings she was called upon to leave behind her. The story seems too good to be true.—Courier.

This is ten degrees colder than any weather we have before experienced on this coast during a residence of thirteen years.

J. L. Jamieson and Edward Webster having challenged one to skate a race for the champion medal, which I now hold, I hereby give notice that I have accepted the challenge and will skate the race on Thursday evening Jan. 14.

EDW. H. BROWN. Snow.—The first snow storm of the season commenced in this geography the latter part of last week. The fall here has not covered the ground; twelve miles north, it is said to be a foot deep; and a report comes that the wharf of Frost & Fowler, at Mukelton, which was heavily loaded with wood, was on Saturday night crushed into the bay by the additional weight of snow.

ANNUAL ELECTIONS.—The stockholders of the Seattle and Walla Walla Railroad held their annual election on Monday, 11th inst., and elected the following Directors: W. N. Bell, B. Gault, L. B. Andrews, H. L. Yealer, Wm. Reardon, A. A. Denny, F. Matthias, J. McNaught, John Collins, T. L. McKenny, J. M. Coleman, and T. B. Morris.

The By Laws were amended to do away with quarterly meetings of stockholders and to provide for the election of a Vice President.

ORDER OF FORESTERS.—Extra preparations are making in New York and Brooklyn for the reception of the Subsidary High Order of the Conventions of the Ancient Order of Foresters, which was to meet in New York on the 29th of December, to organize a Subsidary High Court of the United States as a branch of the High Court of England. The latter has a capital of \$4,000,000 has 5,000 Courts, and 500,000 members, including statesmen and titled persons.

The W. W. Nitzman of the 2nd inst. says: "Our citizens were shocked yesterday morning on hearing of the death of Mrs. Henry Cook, a highly estimable lady. It was known that Mrs. Cook had been ill for a couple of weeks, but a fatal result was not anticipated until a few hours previous to death. Her original complaint was typhoid fever, and to this was supplemented pneumonia, followed by a clot in the heart, which latter was the immediate cause of death. Mrs. Cook was a lady who had many friends and was held in great esteem. She leaves a husband and several children to mourn her loss."

A gentleman now a resident of this city was Corporal in the same company of Papal Zouaves that Don Alphonso, the new King of Spain, was Sergeant in, a few years ago and Don Carlos a Lieutenant. He describes Don Alphonso as a happy-go-lucky devil-care fellow with a fondness for an "a decided inclination for the "blowing bowl" from which he inhaled potations strong and deep and rarely went to bed sober. Don Carlos, his elder brother, was more and more an ungenial boasting with pride and arrogance and excessively tyrannical in his bearing towards his men—Victoria Colonist.

On and after February 1st, 1875, single letter rates to Canada will be 3 cents, prepayment obligatory; and all letters received from Canada will be delivered free of charge." The Telegraph Stage Co. has reduced the fare between this city and Panamint to \$40. Time, 3 days.

One of the oil wells at San Fernando is now yielding 40 barrels per day.

SAN JOSE, Jan. 8.—The examination of witnesses in the Vasquez case closed yesterday. Louis Shearer positively identified Vasquez as the man who shot Davidson. The principal witness for the defense was Vasquez himself. The general tenor of his testimony was to the effect that Lewis was the prime mover in the Trespassing affair. He (Vasquez) killed no one and endeavored to prevent the shooting. The defense asked an adjournment, which was granted to 9 o'clock to-morrow.

HAMILTON, Nev. Jan. 8.—The following is the list of losses in Treasure City by fire last night. None of the losers insured: Charles Carls, 2 houses \$40,000; Keller's store, \$3,000; Bibben's shoe shop, \$2,500; Mrs. Logan's dwelling, \$3,500; Albert Wilson's Saloon, \$3,500; P. Conner's Saloon, \$3,000; C. Smith, \$5,000; E. Karls, butcher, \$2,200; E. Meyer's 2 dwelling houses, \$4,000; Capt. F. Drake's dwelling, \$1,000; Mike Heron, dwelling, \$3,000; Moses Lyon's dwelling; Chas. Kimball's dwelling, \$100; Louis Smith, damage to stock, \$1,500; P. M. Celory, barber, \$500; C. Conner's dwelling, \$500; Mrs. Lane's dwelling, \$500.

SAN JOSE, Jan. 9.—The trial of Vasquez was finished to-day. Court opened at 9 a. m., the body of the hall being well filled and the gallery occupied by ladies. Dist. Attorney Briggs opened for the people, reviewing the evidence closely and demanded the extreme penalty of the law. Fully followed for the prisoner, touching slightly on the evidence, and made a thrilling appeal for mercy.

In the afternoon Mr. Collins addressed the jury on behalf of the prisoner, following fully his line of defense. The Attorney General appeared for the people, claiming that there were no grounds for mitigating the sentence, etc. The Judge then charged the jury who were taken to the jury room. The Court adjourned to 7 o'clock. In the evening the Court House was jammed. At 5 minutes before 8 Sheriff Adams announced that the jury had agreed upon a verdict. At 7 minutes past the jury brought in a verdict which read as follows: "We, the jury empaneled to try this case find the defendant guilty of murder in the first degree, and upon the death penalty. Each juror then stood up and separately answered that such was his verdict."

During the reading Vasquez sat apparently unmoved, gazing into vacancy. The Court made an order fixing the time of sentence for Jan. 23rd. The verdict has given entire satisfaction; it is believed that otherwise an attempt would have been made to take the prisoner from the officers. The matter of extension of time was considered merely formal. Few who have heard the readings imagine there can be any further change.

SAN FRANCISCO, Jan. 8.—On the way from this city, yesterday, the steamer Yosemite collided with the steamer Reform. Little damage was done to Yosemite, but the Reform was badly damaged. Passengers and baggage were transferred to Yosemite. The latter attempted to bring the Reform into port but in a few moments she sank in seven feet of water. She is owned by Nelson & Anderson. On the evening trip, about 10 o'clock last night, Yosemite fouled with bark Nicholas Thayer. She was running slowly at the time, near the wharf. The jibboom of bark ran through the upper works of the Yosemite, just forward of the paddle box, on port side, and she was jammed fast. Passengers were taken ashore.

Shortly before 6 o'clock this evening, by the fall of a staging in the Palace Hotel, three men, named Pritchard, Crawford and Mustard, were precipitated three stories to the ground. They were taken to a drug store on the opposite corner and medical assistance rendered. All three of them are badly hurt, but as yet it cannot be determined whether their injuries will prove fatal or not.

Frank J. Hays, alias Hazleton, was examined to-day in Police Court on a charge of murder, having caused the death of Robert Finley, alias Big Bob, who was stabbed in a saloon on the corner of Second and Mission streets, on December 28th. From the evidence

appeared that Finley attacked Hays with a bottle, and the latter stabbed him in self defense. The Court dismissed the complaint.

PORTLAND, Oregon, Jan. 9.—Steamer California sailed yesterday at 3 p. m. for Sitka and way ports.

NEW YORK, Jan. 8.—A Washington special says, in anticipated forthcoming message of the President, the fact will be disclosed that there have been no new instructions in regard to the use of troops issued to the Commander of the Department in which Louisiana is situated, and that Governor Kellogg made his call on Gen. Emory for troops on Monday last by virtue of a requisition in September. No orders have emanated either from Washington or from Gen. Sheridan. Gen. Sheridan is not to take command until Monday night. The message will be unusually pointed in reference to the situation and duties which have necessarily devolved upon both Congress and the Executive by various complications of the case. In an editorial reference to the message, the Times hopes it will be more creditable to himself, Cabinet and party and people of the United States, who, if it thoroughly approved Sheridan's course, would stand disgraced before the civilized world.

The call for an indignation meeting on Monday relative to the recent military interference in Louisiana, makes a profound impression because it is signed by such men as Wm. C. Bryant, Wm. M. Evarts, H. Butler, Duncan, Edw. D. Connor and others, regardless of party.

WASHINGTON, Jan. 8.—Honington, Franchot, Harry Brown and D. D. Colton are here in the interest of the Central Pacific Railroad, endeavoring to have Tom. Scott's bill amended so as to connect with Texas Pacific Railroad and Central Pacific at Fort Yuma, thus giving the latter undisputed control over the great route with California.

A bill recently passing the House, granting the right of way from Winnemucca, Nevada, to Columbia River, to the Oregon Central Pacific Railroad, amends on motion of H. Duman, without a dissenting voice, by incorporating a proviso giving the State of Oregon absolute power to regulate rates of freight and passage.

If negotiators act promptly in settling on details of Hawaiian reciprocity treaty on a such a general character as is understood to be contemplated, no doubt of a prompt ratification by the Senate.

SALT LAKE, Jan. 9.—The first severe storm and cold weather during the winter occurred yesterday and last night along the Union Pacific Railroad. In the morning the thermometer was 16 degrees below zero at Omaha and 26 at Cheyenne. Snowing and blowing, at Cheyenne and westward. The Union Pacific train is reported 11 hours late at Great River this evening.

SAN FRANCISCO, Jan. 9.—T. L. Johns, editor of the Express, died last night at his lodgings, 117 North St. from the effects of an overdose of morphia taken to alleviate the pain from dyspepsia. Deceased was an Englishman, and for a considerable time was the British Admiralty clerk. He moved to Victoria in 1862-3; came to Sacramento and has resided here since 1864. Deceased was 38 years of age, and leaves a wife and two children.

A laborer employed in the Palace Hotel fell today a distance of 25 feet and sustained serious injuries, the extent of which has not been determined. He was crossing a timber, and missed his footing by walking a trifle out of his course. He would have had a safe passage had he escaped the mishap.

SACRAMENTO, Jan. 9.—At half past two o'clock this afternoon, an alarm of fire was rung and it was discovered that the Western Hotel was on fire. It originated in the oil room. The second porter of the Hotel was in the room trimming the lamps, when some of the oil caught on fire, and he endeavored to extinguish the flames but was badly burned in the process. Every effort made with appliances at hand to quench the flames were without avail. The alarm was given too late to save the building and the lives of those who perished amidst volumes of dense smoke and scorching heat long before the engines were at work. Dense throngs of men, women and children crowded K St. and the alley in the rear of the hotel. A second alarm was sounded to the relief of the engine called out, but with this reinforcement the chance of saving the block were dulled. The fire was attacked from the front and rear at the same time and was quenched from floor to floor until confined to the roof looms. Here great difficulty was experienced in reaching the flames, the firemen being driven out of the third story, while the fire was at its height. The people in the alley beheld a fearful sight in the third story; there was the blanched face of a man who knew that death stared at him on every hand. Before the murmur of horror had ceased in the crowd below, it was gone. The man and his family perished. He could have saved himself at the risk of broken limbs, had he known there was a balcony under the mass of smoke rolling beneath him. Several others were known to have perished in the flames.

LONDON, Jan. 10.—The steamer Kathleen Mary from Oahu for Falmouth, has been lost at sea and twenty drowned.

PARIS, Jan. 10.—Duo de Broglie has informed MacMahon that he will be unable to organize a Ministry until the Assembly decides on Constitutional bills. President to-day requested the Ministers

to remain in office until the vote was had on bills and a new Government was formed. All acceded except Chabod, Minister of Interior, whom Grivat will replace. The Bien Public says the proposal is in favor of dissolution of assembly, numerously signed by members of all sections of the left.

MADRID, Jan. 10.—Alfonso arrived at Barcelona and left for Madrid. Council of Ministers has tendered the Count Valmiera the office of Capt. General of Cuba. He will refuse unless granted a reinforcement of 20,000 men, which he deems indispensable to suppress the insurrection. If he goes he will first prepare a plan for gradual emancipation of slaves.

LONDON, Jan. 10.—A Post Office dispatch says a lively correspondence is progressing between Gorman and Spanish Governments, with regard to the outrage by Carlists on the German vessel Gustan. It is rumored that the German Corvette Victoria and Lonia have been ordered to be in readiness to proceed to chastise the Carlists if necessary. Cape Town advices of the 10th of Dec. say the country has been visited by a storm, doing much damage on the land and sea.

Further difficulties are anticipated between China and Japan in consequence of the latter objecting to the terms of treaty.

WASHINGTON, Jan. 10.—Rumors of dissensions in the Cabinet on account of the Louisiana troubles. It has been stated that Fish tendered his resignation. It seems that three members of the Cabinet are not in accord with the President.

NEW YORK, Jan. 10.—The London Times of December 25th, gives an account of a terrible accident on the Great Western Railroad. Thirty-one persons killed and upwards of 70 wounded. The train consisted of 13 cars and 2 engines, travelling at the rate of 40 miles an hour, when by the breaking of one of the wheels 3 cars were thrown off the track and dashed to pieces. Most of the occupants were instantly killed.

NEW YORK, Jan. 11.—A Tribune special says Fish will retire from the Cabinet if the President sustains the military invasions in Louisiana. Probably Cabinet resignations have yet been tendered are untrue. Fish is not spoken of as Sheridan's military course is indefensible on legal or constitutional grounds. Brant is fully as positive.

SAN DIEGO, Jan. 11.—M. A. Forster at Los Fares, has an artesian well down 200 feet, but no prospect of flowing water yet. The experiment if successful will demonstrate the feasibility of these wells in the extreme Southern portion of the State. Old settlers are predicting a dry season, similar to that of 1863-4. Weather is cloudy with a southeast wind.

NEW YORK, Jan. 11.—An indignation meeting was held at the Cooper Institute to-night, to denounce the outrage against the political rights of the people of Louisiana. One of the most remarkable events of the kind ever witnessed in this city. Doors opened at half an hour before the usual time. The rush was terrific and at a quarter past seven standing room could not be found in the hall. Before the meeting began reporters crowded out places by crashing the throng of men and clambered into the organ gallery, while on the platform there was scarcely room for the speakers. William Cullen Bryant and Peter Cooper were among the last to arrive and were heartily cheered. August Belmont called the meeting to order and nominated Major Wickham Chairman who came forward and read the following dispatch from McHenry and other Conservatives: "New Orleans, Louisiana, send greeting to-night. Her people will not be goaded into conflict with United States Troop, a Committee is preparing evidence to refute the slanders of Sheridan, and called upon the moral support of sister States to restore to us our right to self-government." Mr. Bryant first addressed the meeting, followed by M. E. Ewart, Hon. L. Taylor, Wm. E. Dodge, Geo. F. Curtis and ex-Governor Salmon.

MADRID, Jan. 11.—The King will enter the capital on the 15th. It is reported that Don Carlos is determined on vigorous prosecution and will accordingly direct a resumption of active operations.

LONDON, Jan. 11.—Don Carlos has issued a proclamation dated at Badajoz, He says as head Spanish Bourbon he contemplates with profound sorrow the attitude and course of Alfonso, whose inexperience led him to be the instrument of the same persons who expelled him and his mother. He avers he will remain faithful to his holy mission and keep his flag unsunk.

NEW YORK, Jan. 11.—Steamship China arrived at Hong Kong from San Francisco via Yokohama on the 8th of Jan. Steamer Vancouver arrived at Yokohama from San Francisco on Jan. 6th. Steamship Altoun sailed from Yokohama for San Francisco on Jan. 9th.

NEW YORK, Jan. 11.—The Sun's New Orleans special says: Claimants to seats ejected by the Military have been declared duly elected by Congressional officers of election in their parishes. There were no contesting claimants to seats. Nobody disputed their right, but returned board neither admitted nor rejected them, simply referring the cases to the House for decision. Se their presence excluded nobody else having color of right.

The same special says: Kellogg asked the Congressional Committee to investigate the elections of 1872, saying he would gladly abide by the decision as to the legality of his claims to Governorship. The Committee accordingly intimated their willingness to accept the duties of such arbitration, if all parties would bind themselves to acquiescence in their decision in writing. McEnery and Penn promptly agreed to abide by their decision, but Kellogg declined to adhere to the compact he had himself invited, so the Committee abandoned the effort.

HARRISBURG, Pa., Jan. 11.—The House of Representatives this evening adopted resolutions condemning the recent Military usurpation of power in Louisiana, directing the Chair to appoint a Committee to report resolutions embodying the sense of the House in the premises.

OMAHA, Jan. 11.—Convicts in the State Penitentiary, under the lead of the notorious McWalters revolted to-day, seized and overpowered the Guards, shot one Kull's Gasher, wounding him severely, another is reported to be dying and two keepers approaching the armed crowd were wounded by shots from the convicts. The Warden was absent in the City. His wife and children and a female convict were locked in the upper part of the building. Great apprehension is felt for the convicts as they are desperate men. The Warden and large bodies of citizens are patrolling outside the prison, as it is momentarily expected the convicts will rally forth. Governor Furness has applied to General Ord for aid. The companies troops leave on this evening on a special train for Lincoln.

WASHINGTON, Jan. 11.—To-day the case of French vs. Edwards, et al. error from Circuit Court of California, is on for review. This was an action for ejectment. Plaintiff conveyed lands to Trustees for the use of a certain Railroad, providing in the deed that the conveyance and trust should be void in case the road was not built. The road not having been built, this suit was commenced to recover possession. The Court held that the land was legally conveyed to the Trustees and still vested in them, therefore plaintiff could not recover. Justice Swayne delivered the opinion.

SAN FRANCISCO, Jan. 12.—At a meeting of the Board of Supervisors last night, the Finance Committee presented their report, setting forth that in the matter of alteration in Assessors' books, reducing the assessment of real estate and personal property, different well-known citizens, investigation had failed to elicit the best evidence as to how it was done or who did it. It was examined under oath every person whose assessment had been reduced and they testified they never ordered it done; never knew when it was done; never paid anybody anything. Their gratification when they found how cheaply they were assessed was only excited by their mortification when called upon to pay upon the restored valuation. From the nature of the case, further investigation without other evidence will be useless.

CHICAGO, Jan. 12.—At a regular quarterly meeting of the Chicago Presbytery yesterday, the Committee on Ninth Church submitted the following: Committee reported in the matter of Ninth Church report they have conferred with session of that Church and found that affairs in Church have recently taken a turn and are likely to conduct speedily, to result satisfactory to Presbytery and all parties concerned. We therefore suggest the Presbytery adjourn; when it shall adjourn, to meet on the first Monday in February to hear the final report of Committee. In regard to papers from Presbytery the Sacramento Committee would say that as Dr. McKays has not requested them to be received by this body, no action on that subject seems to be called for at present. Therefore we recommend those papers to be placed on file by the Presbytery and that a stated clerk be instructed to inform the Presbytery of Sacramento of the disposition in the matter on the part of this Presbytery.

K. W. PATTERSON, ARTHUR JACKSON, S. M. MOORE. Report was accepted and ordered placed on file. This was the committee to which was referred the communication and resolution from Sacramento Presbytery.

In view of authentic reports of extreme desolation prevailing in large districts of Nebraska and Kansas, where crops and vegetation generally have been devastated by grasshoppers and the horrors of starvation added to the rigors of a severe winter, citizens of this city are requested to meet in the City Hall to-morrow, at 3 p. m., to take measures for the relief of the sufferers. The call is signed by Mayor Otis, H. H. Selby, O. Eldredge, I. Friedlander and fifteen other prominent citizens.
