CLASS NO. 5, DOMESTIC MANUFACTURES
The Committee on Class No. 5 would
respectfully report that they find a very
fine display under division No. 1:
Meats, exhibited by Booth, Foss &
Borst of Seattle, comprising sausages,
corned beef, lard, ham, bacon, clear
perk, mutton, veal, roasts of beef, beef
tallow, mutton tallow and dressed beef.
The mutton was an entire sheep dress-
ed, and the veal a dressed calf. These
combined made a fine display and we
award, therefore, to Booth, Foss & Borst
the 1st premium for best and only dis-
play of dressed meats, \$2; sausages, \$1;
corned beef, \$2; bacon, \$1; lard, \$1;
and recommend a diploma for a display
of both dressed and prepared meats.
To Mr. A. W. Malson, of King coun-
ty, who placed on exhibition four fine
hams we award the first premium \$1.
DIVISION NO. 3.
Isaac Bank of Seattle, exhibited soap
of his own manufacture, to whom we
award at his option, \$2 or diploma.
We regret that there was not a com-
petitive display in this department, in
order to manifest more fully the capa-
bilities of the Territory to produce choice
meats.
There was no exhibition under Divi-
sion No. 2. It cannot be that we have
no fish in our waters, as we have daily
demonstration to the contrary. We
hope to see this department filled an-
other year.
Respectfully submitted

Mrs. Coulter, Thurston, sent a very
fine boquet, but too late for competition.
The Committee award her, as a special
premium, a diploma.
Your Committee think the display a
fine one; but hope, as our fair will be
earlier next year, to witness a large ad-
dition to our usual collections. They
adorn our halls and tables and occupy a
place in the exhibition that is hard to
fill, when, from any cause their perfum-
ery and colors are wanting.

CLASS NO. 7, DIARY.
The Committee to examine butter and
honey, report there were seven exhibits
of butter contending for premiums.
When all were good, we might say excel-
lent, it was not easy to decide which was
the best, especially as tastes and opin-
ions differ in regard to what constitutes
choice butter.
We found it necessary, in order to do
justice to all, to divide the butter into
two classes; namely, that which was new
and that which had been made a short
time. After careful examination and
tests we decided to give the 1st prem. on
new butter to H. A. March of Fidalgo,
\$10, and 2nd prem. to G. W. Hardin,
King, \$5. In the second class or but-
ter not newly made, we assign 1st prem.
to Ley Yung of Whidby Island, and to
Mrs. T. H. Hughes, King, 2nd prem. \$5.
To W. P. Smith, King, E. Eldridge,
Whatcom, and C. C. Hewitt, Thurston
we award diplomas for excellent butter.
We would especially call attention to
the simple yet superior method in which
Mr. Smith brings his butter to his cus-
tomers.
There was no cheese on exhibition.
DIVISION NO. 2.
There were two samples of honey, one
of which had been seriously injured in
its transportation, so much so as to ren-
der it impossible to compare with the
other, which was uninjured. Both
were choice honey. We are compelled
to assign the first premium to Mrs. A.
W. Moore of Olympia, and 2nd prem. to
Wm. Leason, Lewis Co.

Editorial Correspondence.
OLYMPIA, Oct. 7, 1873.
The Legislature Assembly of Wash-
ington Territory has come to an organi-
zation by the election of the following
officers:
In the Council—Wm. McLane, Presi-
dent; Beriah Brown, Chief Clerk; J. N.
Gale, Assistant Clerk; Levi Shelton,
Sergeant at Arms; Miss Brandt, Engross-
ing Clerk; Mrs. E. M. Morgan, Enroll-
ing Clerk; W. Fowler, Door keeper; Mr.
Lacy, Messenger; Rev. C. A. Hunting-
ton, Chaplain.
In the House—N. T. Caton, Speaker;
C. W. Frush, Chief Clerk; J. E. Eby,
Assistant Clerk; J. Isaacs, Sergeant-at-
arms; S. F. Scott, Door keeper; H. But-
ler, Messenger; Miss Mary O'Neil, En-
rolling Clerk; W. Guess, Engrossing
Clerk; J. Hughes, Watchman; Rev. P.
E. Hyland, Chaplain.
The officers of the House were pre-
sented by the Democratic Caucus, and
severally elected by acclamation, with-
out division. In the Council the candi-
dates were presented by open nomina-
tion, and the President and Chief Clerk
were elected by unanimous vote. Poli-
tically, the House is largely Demo-
cratic. The Council stands 4 Republi-
cans, 4 Democrats, and one Liberal Re-
publican (Mr. McLane). Thus far we
have seen no exhibition of party feeling,
except by defeated candidates for of-
fice, whose name is legion, and there
seems to prevail a wholesome disposi-
tion to avoid partisan legislation of
every kind.
We met here, Mr. Jacobs and Col.
Wheat, of the Land Department of the
N. P. Railroad, who were looking for
office room to remove that Department
from Kalama to this place. This is a
severe blow to the Land Ring, who own
Tacoma, as it takes from that place
nearly the only element of vitality it
now has.
Olympia seems to be in a very healthy
condition; trade appears brisk; many
improvements have recently been made
and others are in progress; and all the
citizens are hopeful of their Railroad
project.
The Prince Alfred will probably
connect with the Eliza Anderson this
trip. Among the passengers are Wm.
A. Harrington, of Crawford & Harrington,
and John E. Wheelock, formerly of
this place.
Gas fixtures.—Messrs. Waddell &
Miles have a fine stock of gas fixtures
on hand, and if any of our readers de-
sire such articles they would do well to
give them a call.
The North Pacific, which was
laid up on Monday, will have to
proceed to Victoria for repairs. The
necessary machinery will have to be
procured from San Francisco by the
next trip of the Prince Alfred and it
will probably take several weeks to
complete the job. The Eliza Anderson,
now on the route, is very much slower
than the North Pacific. She left for
Victoria this, Thursday morning, at 8
o'clock.
RAILROAD ELECTION.—The result of
the Railroad election in Thurston coun-
ty as far as heard from when the Eliza
Anderson left, is as follows: Olympia,
total 401, yes 372, no 29; Tumwater,
total 78, yes 62, no 15; Tenino, total 90,
yes 55, no 35. The precincts yet to
hear from will not change the result ma-
terially.
Copies of the painting of the
"Saramac at Tacoma," at Moore's for
50 cents each.
ENLARGED.—The Portland News, a
very readable sheet, has just received a
new office from Chicago, and has come
out in an enlarged form, with a new
dress throughout.
The people of this vicinity are
unanimous in their desire to have the
old mill rebuilt, and in addition to the
saw-mill to have a grist-mill attached to
accommodate farmers who are now com-
pelled to send their grain to a distant
place to be ground.—B. B. Mail.
BROKE DOWN.—The Eliza Anderson,
on her down trip, Thursday, broke down
and had to be laid up at Port Gamble.
The Goliath took passengers and mail to
Victoria and returned to Gamble, where
the Anderson, having been repaired,
took them and came on up Sound, ar-
riving here at 12 o'clock, midnight, Fri-
day.

The steamer Polikofsky, Capt
Wait, arrived at 5 o'clock this morning,
from Port Madison, with 100 tons of
freight from the Coquimo and
Gawley, 25 tons being for this place.
THE FAIR.—A correspondent of the
Oregonian writing from Olympia, Oct. 5,
gives a long description of the Fair held
at this place from which we extract the
following:
The far famed W. W. I. A., or in more
explanatory terms, the "Western Wash-
ington Industrial Association," have
held their annual fair for 1873, have de-
cided that the moon is not made of
green cheese; that a stalk of field corn
should not be allowed to grow more than
twenty feet high; that Washington Ter-
ritory produces better fruit, vegetables
and more pretty girls than any other
State in the Union, which is saying con-
siderable in advance.
Seattle, one of the loveliest locations
on the Sound, having been selected by
the association for the purpose of hold-
ing their fair, your faithful correspon-
dent, together with about sixty other
Olympians, took passage on the noble
steamship Zephyr, on last Tuesday morn-
ing, for the Mecca of the great North-
west, making the trip safely in eight
hours, and arriving in Seattle about 4
P. M. After refreshing the inner man
we proceeded to the Fair grounds, situ-
ated on and in the Territorial University,
from which the most lovely view of the
Sound is visible, and the sunset scene
from the hill, well worthy a painter's
visit. The only objectionable part in
the ascent is the intolerable dust, "Oh
the dust, the dust, the horrible dust,"
would be the exclamation of the poet,
and in all truth the sandy deserts of
Arizona can hardly beat it. Well, on
our arrival we found everybody rushing
around with boxes, fivers, baskets and
parcels of all kinds, preparing for exhi-
bition, but owing to the short notice
given, but little was in order, and chaos
reigned supreme until the Committee of
arrangements put their shoulders to the
wheel, and Mr. R. H. Hewitt being ap-
pointed General Superintendent, things
began to take a more orderly aspect.
Notwithstanding it was not until Thurs-
day morning that the public could be
admitted, and from that until Saturday
evening, when the Fair closed, the flow
of visitors was unceasing.
Taken altogether, the Fair was quite
a success, financially and otherwise;
and we have no doubt it will be-
come, one of our institutions, and will
be backed by our citizens and the farmers
of our Territory.
THE NORTHERN PACIFIC.—It is now
generally conceded that the Northern
Pacific Railway was the direct cause of
the failure of the American banking
house of Jay Cooke & Co. The Herald
says: "A reputable house which con-
ducted the negotiation of their bonds
was doing a wrong to all the legitimate
commercial of the country." It adds,
with more emphasis: "When Jay
Cooke & Co. undertook to carry the
bonds of the Northern Pacific Railroad
they were laying the foundation of their
destruction, and the destruction of all
similar dealers in similarly baseless en-
terprises." And yet this road has a
land grant estimated at not less than
\$200,000,000 in value, while the whole
cost of the road will hardly exceed \$120,-
000,000. What then, is to be done for
the Northern Pacific? and who are they
that have ruined so promising an enter-
prise? Must Congress be called in for
relief in bond? or shall the 750 miles of
road already built go into bankruptcy
and be sold out to a new company at
ten cents on the dollar? Or shall it be
abandoned? It will certainly be built
but the tens of thousands of poor peo-
ple whom Jay Cooke & Co. induced to
take stock and purchase its bonds will
lose their all. The suit by the Union
Pacific Credit Mobilier ring has doubt-
less had an effect injurious to the bonds
of the Northern Pacific, and all other
railway companies doing work on bor-
rowed capital. And this is another
reason why that suit should be pushed to
a conclusion that will satisfy justice; for
it is only when confidence in the justice
of the Americans is satisfied, that credit
abroad will be restored.
A "FALL" IN WHEAT.—The accumu-
lation of wheat in the store-rooms and
on the several wharves in this city dur-
ing the past fortnight has been very
great, and at present there are probably
not less than 300,000 bushels stored
here. Yesterday about 3 o'clock the up-
per story of the north half of the O. S.
N. Co.'s new wharf, upon which about
10,000 bushels, besides a lot of machin-
ery, were stored, gave way with a loud
crash, and went through to the first
floor, upon which was also piled a large
lot of grain in sacks. Fortunately the
lower portion of the wharf was of suffi-
cient strength to bear the immense pres-
sure, and the whole was thus saved
from going into the river beneath, in
which case the loss would have been
considerable.
As it was, the damage is slight and
will be easily repaired.—Oregonian.

BERRIEN BROWN, EDITOR. Seattle, W. T., Oct. 16 1873.

Anchorage at Tacoma.

The Kalama Beacon of Oct. 4, has a statement to the effect that Capt. J. W. White, who sounded the harbor of Tacoma, stated publicly in Kalama that there was very little, if any, difference between Commencement Bay and Elliott Bay in point of anchorage and safety from winds. The following extracts from a letter written by a person posted on the subject to a gentleman in this city have been handed to us for publication:

"I have no means of knowing what Capt. J. W. White said while passing through 'Kalama on last Saturday' in regard to the harbor of Tacoma. I am however of opinion that he said nothing of the sort reported in the 'Beacon.' 'Capt. White and I were standing on the 'bridge' of the Lincoln together, while the soundings referred to were taken. We then agreed, as all must admit who know anything of the facts, that in front and a little to the westward of the 'old town' of Tacoma, there is a very narrow bench of anchorage—suitable for seers, sloops and schooners—that the water deepens very rapidly from the edge of this bench, and that there is scarcely a place either at the 'old town' or at the 'new,' where a large vessel like the Saranac would be justified in anchoring—the water being either too shallow or too deep.

"On the occasion referred to, Capt. White explained what I know for sure, that this bench of moderate soundings is very narrow, and slopes rapidly into water of from thirty to over one hundred fathoms. I feel fully assured that he said nothing to vary his explanation then made.

"But I am unable to see the vitality of this issue. At the present it is as unimportant to discuss the soundings of Tacoma as it would be those of Lake Washington, or Swinomish Slough. The anchorage of Tacoma is sufficient, certainly for its present, and probably for its future commerce. Town sites are not so scarce on Puget Sound, as to require either the digging down of mountains, or the filling up of profound abysses—much less both at one place. We have had our day of speculation, feverish excitement and folly. The consequent collapse has followed, which will result in a careful investigation into the actual necessities of the Territory, irrespective of the interests of "rings, pools and land grabbers," and those actual necessities will be slowly but surely provided for by the people themselves."

Legislative Proceedings.

THURSDAY, Oct. 9, 1873. HOUSE met at 10 o'clock. Mr. Judson introduced H B 5—an act establishing a Common School system. Read twice and referred to committee. Mr. Judson introduced H B 6—an act to amend an act to provide for the assessing and collecting of county and Territorial taxes. Read once. Mr. Van Vleet introduced H B 7—An act relative to changing the boundaries of Coville and Clarke counties. Read twice and referred to committee. On motion of Mr. Frank Clark, the clerk was instructed to inform the Council that the House was ready to receive the Council in Joint Convention, whereupon the latter body appeared in the House and the Joint Convention was called to order by the President of the Council.

The Governor was then escorted to the Speaker's desk and proceeded to the delivery of his message. At its close the Joint Convention was dissolved, and the House adjourned until 1:30 p. m.

AFTERNOON.

Called to order. On motion of Mr. Lacy, fifteen hundred of the Governor's message were ordered printed for distribution. The Speaker announced that the reports of the Territorial Auditor, Treasurer and Librarian were on his desk.—The first two were referred to Committee, with orders to print.

CB 2.—An Act creating and providing for certain terms of a District Court for the 1st Judicial District. Read twice, and referred to the delegation from Walla Walla, Stevens, Whitman and Yakima Counties. On motion of Mr. Henry, the Clerk was instructed to give out no further printing until further orders from the House. House then adjourned.

THURSDAY, Oct. 9, 1873.

COUNCIL convened at 11 a. m. Word was brought by Clerk of the House that that body was ready to go into Joint Convention.

[Joint Convention reported in House proceedings.] Council returned to their chamber and then adjourned until 2 p. m. AFTERNOON Called to order.

H J R 2—Relative to visiting the penitentiary was taken up, and then, on motion of Mr. Wallace, laid on the table. Council again adjourned.

FRIDAY, Oct. 10, 1873.

Mr. Cline, from the Committee on Rules and Orders, made a report recommending the adoption of the Rules and Orders of last session, with slight amendments in regard to Messengers. Mr. Lacy, of Select Committee, reported CB 2—An act creating and providing for certain terms of Court in the First District, back and commended its passage.

Mr. Kuhn introduced H B 8—An act in relation to incorporating the city of Port Townsend. Read twice and referred.

Mr. Gile introduced H B 9—An act to amend an act entitled an act relative to hogs trespassing. Read 1st time.

Mr. Favorite introduced H B 10—An act relative to encouraging the growing and cultivation of timber in certain counties. Read twice and referred to delegation from Walla Walla, Whitman, Stevens and Yakima counties.

Mr. Brazee introduced H B 11—An act relative to Railways. Read 1st time.

Leander Monahan, King, lot of turkeys, 2nd prem diploma.

Mrs. Mary C. Thordike, King, geese, 1st prem. J. J. McGilvra, King, 2nd prem diploma.

Guinea fowls, diploma.

Various parties had guinea pigs on exhibition, but no premiums are or can be awarded them. The same of pigeons—but all that class will have their place in our shows hereafter.

At the Mutual Aid Fair three years ago, the prize was made, "that in a few years we will double the size of our fowls." Last year, we had quite an increase of fowls, and kinds on exhibition, but it was reserved to this Fair to "fill the bill," and make that promise good. There are many fancy fowls not shown; but all that is desirable in blood, for table use or eggs, can be had among us. The light and dark Brahmas, Leghorn and buff Cochons, are most if not all desirable qualities. We hope these kinds will be generally introduced.

If eggs for market are desired: 1/2 or 3/4 white faced black Spanish are the most profitable—one good point in the Asia is they cannot fly, even over a five foot fence, they are good green feeders, can hustle around and get their own living, and stand the climate well.

S. CRICHTON, W. MUNN, AL. PINKHAM, Judges.

CLASS NO. 13, MEDICINAL HERBS. The only medicinal herbs on exhibition were cultivated by C. W. Lawton, of King county. The Executive Committee award a special diploma.

CLASS NO. 14, NATURAL RESOURCES. The Executive Committee, to whom this class was assigned, report that only a few articles were exhibited in this department. The specimens of coal were quite small, so small as to be insufficient to enable us to express any opinion. As these specimens were from the Seattle Coal Company's Mine, we are spared the necessity of passing any judgment upon it—its reputation being fully established.

"Mr. Monahan of King County, placed on exhibition a few minerals, which, with the exception of one or two other specimens, were the only ones displayed. His collections were chiefly from Idaho, and consisted chiefly of rare petrifications. There were two other specimens pertaining to this Territory, one of which was plowed up in a field near Seattle a few days ago. This was a piece of talcose slate, and had been worked at some remote period by Indians into the form of a chisel; the other is a small piece of dark marble, which faces and bears fine polish. We therefore award to him a diploma for display of geological specimens.

Brick on exhibition by Flint & Sparrow, of Whatcom County, and J. S. McAllister of King County, to both of whom we award diplomas.

We also award a diploma to James Downing, of Chalm County, for specimens of drain tile. This is an article much needed in some portions of the Territory, and we cannot but advise their extensive use whenever required. The brick were good, but the perfect "brick" of the future is not yet seen among us. There is no doubt some defect in the clay or sand, or perhaps both, which prevented manufacturers from showing what they could do with proper material.

There is in our judgment room for improvement in this line of industry, and we hope our brick makers will continue their experiment until a first-class article is produced—a brick suitable for out door use, one that will stand our winter rains, which does not yet seem to be manufactured here.

In behalf of the Executive Committee. GEO. F. WHITWORTH, Pres., A. A. MANNING, Secy.

OFFICIAL PAPER OF THE CITY.
Seattle, W. T., Oct. 16 1873.

PERSONAL.—Judge McFadden, our Delegate to Congress, is in town.

Copies of the painting of the "Satanic at Asca," at Moore's for 50 cents each.

Dr. Wood has removed from his former residence to his own residence opposite the Brown Church.

THE TERRITORIAL EDUCATIONAL ASSOCIATION will meet at Olympia Tuesday evening, October 21st. Addresses will be delivered by distinguished gentlemen and leading educators. All interested in education are requested to be present. The papers of the Territory are requested to copy. ORANGE JACOBS, President.

I. F. MEEKER, Secretary.

A Verb.—The Executive Committee of the W. W. I. Association take this method to return the thanks of the Association to the Regents of the University for the use of building and grounds for the holding of the Fair. Also to those Ladies and Gentlemen of Seattle who aided in making the Fair a success by the furnishing of articles needed for decorating the hall by their labors and personal efforts and for their liberal contribution of the sum of \$378 24.

GEO. F. WHITWORTH, Pres., ALBERT A. MANNING, Secy.

IMPROVEMENTS.—W. G. Jamieson, the horologist, has put a new front into his store, which gives him more shop room and two very attractive show windows. A Mr. Piper, of Victoria, has taken the building formerly occupied by Striggham's bakery, and intends opening a confectionery store.

NEW SAFF.—The steamer Eliza Anderson, this morning landed a very large safe for Theodore Hoamer, Special Agent of the Northern Pacific Railroad Company. It is one of the largest ever brought to the Territory, and weighs 4,400 lbs. The safe was of great difficulty experienced in landing the huge heavy thing. It was finally drawn up by pure muscle, requiring the entire united strength of forty men to accomplish it.—Tribune Oct. 10.

Friend Prosch is not posted. We have in this town a safe of ten thousand lbs., one of seven thousand five hundred lbs., one of six thousand lbs., and several others about as large as the one of which he speaks.

THE RAILROAD VOTE.—The following is the official vote on the railroad subsidy, in Thurston county, taken from the official returns now in the hands of the County Auditor:

Table with 2 columns: Precinct, Yes. No.

Total number votes cast, 645

EMERSON.—Secretary Manning, W. W. I. A. furnishes the Intelligence the following figures in regard to receipts at the Fair: contributions, \$229; ball fund, \$31; tickets, sale of stock, etc. \$600; total \$860.

We are informed that there is an error in the amount of contributions, there being \$382 24 collected and turned over to the Secretary, instead of \$229 as reported above.

Telegraphic

EXCLUSIVELY FOR THE DAILY DISPATCH

WASHINGTON, Oct. 10.—Telegrams received this evening at the signal office from observers at Key West and Punta Rosa, Florida, state that a most destructive cyclone swept over those stations on the 6th inst. At Key West the wind reached a velocity of 80 miles an hour, and at Punta Rosa 90 miles an hour. At the latter place the sea rose 14 feet above the tide level, overwhelming every movable thing. Inhabitants of Punta Rosa are entirely without drinking water.

General orders from the War Department to-day announce army chaplains posts established on the Pacific coast at Camp Douglas, Utah Territory; Boise, Idaho Territory; Vancouver, W. T.; Klamath and Camp Warner, Oreg.; Presidio, San Francisco; Benicia barracks and Angel Island, Cal.; Camp Halleck, Nevada; Camp Whipple, Arizona.

CORNICANA, Texas, Oct. 10.—A special report that Gov. Davis and party just arrived from an Indian conference at Fort Hill. Chiefs Santana and Big Tree were released on condition that if Kiowas or any other Indians at any time hereafter raided on the Texas frontier, they, together with the raiders, would be arrested and troops be at once posted along the Texas frontier bordering in the reservations, the Indians who recently raided on Texas be turned over to the State authorities, all horses stolen from Texas to be returned to the owners, agents are to be appointed by the U. S. to call the roll daily, and only three days ration to be issued to the Indians at any one time.

NEW YORK, Oct. 10.—Mr. Camp, President of the Clearing House Association, stated to-day that financial matters were becoming brighter, banks are gaining rapidly in greenbacks, and confidence

is being restored. Banks, he says, have paid and are paying more currency than ever before. All demands for legitimate business purposes are being supplied. Loan certificates outstanding amount to about \$20,000,000, and are being cancelled as rapidly as the general welfare will admit. The Banks have as yet taken no action relative to a full resumption.

BOSTON, Oct. 10.—A capsized schooner was picked up to-day near Portland. The body of a woman was found, hauled to the wreck. It is supposed all hands perished. Eight persons have been arrested in Boston, charged with circulating obscene literature and all but one locked up in default of bail.

COLUMBIA, S. C., Oct. 10.—Secretary of State Hahan (colored) has been admitted as a student in the South Carolina University and three of the principal professors resigned in consequence.

MONTGOMERY, Ala., Oct. 10.—3 deaths from yellow fever have occurred in the last 24 hours.

MADRID, Oct. 10.—Report of a Carlist victory on the 6th inst. is officially declared to be false.

BRUSSELS, Oct. 10.—International Judicial Congress opened here to-day. Miles, of New York made a speech on the origin of International arbitration. David Dudley Field, of New York, was present. Letters from the King of Belgium and Count Scholichs were read.

BOMBAY, Oct. 10.—Railway from Bombay to Madras is completed.

PARIS, Oct. 13.—The members of Directing Committee of Right in the Assembly left here to-day for Brussels to meet Count de Chambord, who will arrive in that city at the same time. Count Marise Flaugny, the well-known politician, is dead.

Police seized 22,000 photographs of the son of the late Emperor, for sale in this city.

Count de Chambord has taken up his residence two miles from Geneva.

MADRID, Oct. 10.—The Government has issued an order imposing a duty of 5 per cent. upon all wines exported after this month.

MEMPHIS, Oct. 12.—Streets to-day are almost deserted. No crowds of citizens going to or from Church, no pleasure parties, nothing but hearses and attendants hurrying to the cemetery and quickly returning to receive other victims of the terrible scourge. The ceremony of burial has long been shorn of its formality. To meet the demands for removal of the dead, undertakers are required to move with a celerity more becoming merchandise transports. Occasionally a vehicle containing a visiting committee of some relief association passed at a rapid pace, but aside from these the city presented a most gloomy appearance. A perceptible change in the temperature about 3 o'clock this afternoon gave promise of a frost, in event of which a check to the spread of the disease may be effected, but a fearful increase of mortality will surely follow. A slight abatement of the disease is manifest to-day, as but few new cases are reported. There were but 44 deaths from all diseases.

SARASOTA, Oct. 12.—Seven deaths occurred here from yellow fever to-day.

PARIS, Oct. 12.—Count de Chambord was at Salzburg to-day and visited the Grand Duke of Tuscany. He received a deputation from France. What reply he made to the delegation is not known, but he will probably reach this city by the middle of the week.

CITY OF MEXICO, via HAVANA, Oct. 12.—Two priests of the Church of St. Loretto excommunicated all who recognize the Constitution and reforms instituted by the Government. Jesuits have been ordered to leave the country at the first opportunity. The President issued a decree the day following the publication of the reforms additional to the Constitution proclaimed on the 25th ult., commanding all functionaries and Government employees to affirm, without reservation, the reforms and to guard and cause to be guarded, the additions to the Constitution, under penalty of a forfeiture of their positions.—Congress decreed the following: Church and State shall be separate; Congress cannot make laws establishing or prohibiting any religion; matrimony to be a civil contract; religious institutions cannot possess the property; a simple promise to speak the truth, complying with the obligations contracted, with penalties in case of a violation, is substituted for the religious oath; nobody is obliged to give his or her services, without just compensation; no contract to be permitted which aims at the sacrifice of the liberty of men in matters of work, education and religious vows; the laws of the country do not recognize monastic orders nor permit their establishment by any denomination or under any pretense, and no contracts will be allowed to be made among persons consenting to their own proscription or banishment.

LONDON, Oct. 13.—Times special from Cartagena says that on the appearance of Admiral Lobo off the port, with the Government fleet, insurgent junta held a consultation and resolved to fight, although their vessels were hopelessly outnumbered. The minority wished to surrender, but the garrison, especially the deserters from the Spanish army, determined to fight. They took the whole of Friday to coal and provision their vessels, four of which sailed out of the harbor amidst the cheers of the insurgents. The engagement between the Government fleet and Government vessels took place off the harbor at noon on Saturday.

ADMIRAL LOBO had Victoria, Albatross, Ville de Madrid, Caracena, and 2 paddle wheel steamers. After two hours fighting, the insurgent vessels were driven back into harbor of Cartagena. They showed great spirit, but were badly handled. Narambla had at first to bear the brunt alone, the others firing at too long range. Victoria at the close endeavored to intercept the retreat of the rebel men-of-war and exchanged broadsides at close quarters. The rebel fleet was much damaged.

NEW YORK, Oct. 13.—The action of the Dean of Canterbury, in taking part in the celebration of the Lord's Supper in Madison square, at the Presbyterian Church Sunday Oct. 5, caused as was expected, much discussion among members of the Anglican and Protestant Episcopal Churches, and letters have been written to the Dean and Bishop Potter of the Diocese, by Right Rev. Dr. Tuger, late Missionary to Central Africa. A tardy publication is given this morning to these letters, the existence and import of which have been known for some days. In a letter to Bishop Potter, Dr. Tozer says: "It is by no means improbable that restless and unstable persons in England will seize upon this act of what I must presume to be open hostilities to discipline of the Church, as an excuse and apology for attending from time to time, attractive services of the Church of Rome. The result of this experience here in America, may be even more disastrous, so far as Dr. Smith's influence extends, it suggests the idea of a promise held out by the Episcopal Church in land, of becoming a haven of rest by men who are tossed to and fro by the multiplicity of contending creeds."

A committee to wait on Mayor Havemeyer, to see what could be done about modifying the Central system, and give 50,000 persons who were last year depending upon Commissioners of Charities, some means of earning their own bread, reported that the Mayor would do nothing; that he said he did not care if one million of people were without a chance of earning a livelihood this winter.

Steamship George Clyde, at Key West, October 8th, from Galveston for New York, reports that during a severe hurricane of the 6th, Capt. Gate, Second Officer, Chief Engineer and one seaman were washed overboard and drowned. Up to noon to-day, no more jurors had been obtained in the Stokes case.

The failure of H. Stevens is announced in the Stock Exchange.

CHICAGO, Oct. 13.—Patrick Lawless was stabbed and killed last night, in the southern part of the city by Jas. Walsh, who broke into a house and attacked the owner.

WASHINGTON, Oct. 13.—Ex-President Johnson arrived here.

The German Minister has received a dispatch from Berlin, saying that Madame Bismark is neither dead as stated in a published dispatch, nor even sick.

CHICAGO, Oct. 13.—The Common Council appropriated \$15,000 for the relief of Shreveport.

MEMPHIS, Oct. 13.—A light frost this morning inspires new hopes. Very few new cases reported up to noon. An important feature is noticeable that it soon runs its course. Many persons attacked a week ago are out on the street, while those attacked earlier are still confined to their rooms. Mortuary report from noon yesterday, till noon to-day, was 42, of which 30 were yellow fever. Trains leaving the city continue crowded.

CHICAGO, Oct. 13.—It is announced that the Union National Bank this city, which suspended during the recent panic, and went into voluntary liquidation, has at the solicitation of other banks here, and by permission of the Treasury Department, concluded to reopen tomorrow, and continue business. The capital of the bank is large and unimpaired, and regarded desirable by business men to keep it in the city.

PORTLAND, Oreg., Oct. 14.—The vote in all parts of the State was unusually light. In Portland and East Portland, the total number of votes cast was 1871, a falling off, of nearly 800. Smith's majority is 506. Reports from the principal towns give Nemith a majority of 116. The estimated majority in the State for Nemith, is 1000.

WASHINGTON, Oct. 13.—M. F. Conway, who was arrested on Saturday last for shooting Ex-Senator Pomeroy, will have a preliminary hearing at the Police Court to-morrow morning. Pomeroy denies the statement that he will prosecute Conway, and says complaint will be entered by the officers who made the arrest, but all who witnessed the shooting will be summoned together with the Ex-Senator, who will also give his testimony.

The Attorney General has decided that one-half of the compensation chargeable for Government dispatches over the lines of the W. U. T. Co., along the Kansas Pacific R. R., may be retained by the Government, and applied to the payment of bonds issued by the United States, to aid in the construction of the road.

The President has caused an order to be issued from the War Department, giving full pardon to all deserters who may return to duty on or before the 1st January next, and who may serve faithfully during the remainder of their term of enlistment.

CHICAGO, Oct. 13.—Union National Bank will resume business in the morning. The result is hailed with general satisfaction and gave a million of banking capital to the city.

A grand benefit in aid of Memphis and Shreveport sufferers will be given to-night.

CINCINNATI, Oct. 12.—All banks and bankers of the Clearing House Association have resumed full currency payment to-day.

MEMPHIS, Oct. 13.—Fever ravages continue frightful, yet there are hopes of a speedy reaction. Sanitary work is being pushed so vigorously, that it is hoped the malaria will be eradicated in a few days. Physicians think the worst is passed, as new cases are not so many or malignant. If continued frosts succeed one which fell this morning, an abatement of the disease expected in a week or 10 days.

LONDON, Oct. 13.—A Times special says that Gen. Sebells has ordered people in the neighborhood of Cartagena to quit their houses, as a general bombardment by sea and land is soon to be opened.

Henry James has been returned to Parliament from Fauntun. Edwin James, in a speech to the electors of Marylebone, advocated Woman's Suffrage and received a vote of thanks.

SAN DIEGO, Oct. 13.—A gentleman who arrived from Camp McDowell says the rumors concerning 1000 Indians leaving their reservation is true. He refers to the Prescott Miner, the last issue of which says Lieut. Schuyler, commanding at Verde, tried to arrest Del Chea, a notoriously bad chief, who resisted and left the reservation with 1000 of his followers. The Lieutenant having but few soldiers was powerless to stop them. Gen. Crook has gone in person to that camp.

NEW YORK, Oct. 14.—Geo. Rook, a pugilist, fatally stabbed Richard Bradshaw in New York this morning.

JACKSONVILLE, Oct. 13.—Major Jackson of the First Cavalry passed through here to-day, en route for the East, on leave of absence. He reports that the Modoc captives left Fort Klamath yesterday morning for their home in Wyoming Territory. They will be transported in teams, under an escort of two companies, to Redding, and thence by railroad. Every thing was quiet at Fort Klamath. Weather here cold and cloudy.

MEMPHIS, Oct. 14.—No cases of fever this morning. Another light frost and it is now hoped the scourge will abate. Masonic relief board report 56 cases on hand; Odd Fellows, about 40; Firemen, 7. Contribution reports to-day heavier than any other day during the prevalence of the disease. 50 of those recently made orphans have been sent to the Church Home near Bantyn Station, Shelby County, in charge of the Sisters of Mercy, but that institution reports its inability to supply them with subsistence.

CINCINNATI, Oct. 14.—Vote of the city up to 10 o'clock indicates 15 to 20 per cent falling off from the usual vote.

PITTSBURG, Oct. 14.—Election is passing off quietly, a light vote being polled. Returns from 17 Wards up to 1 o'clock give Gordon, Rep., 464 majority for Superior Judge; Mackay, State Treasurer, Rep., 930 majority.

LONDON, Oct. 13.—£295,000 bullion shipped to New York. £62,000 withdrawn from the Bank of England to-day nearly all for American. Bank of England raised the rate of discount to six per cent.

Dispatches from Cartagena yesterday say the insurgent vessels are leaving the harbor, and another naval engagement is expected. The command of the insurgent fleet has been given to the Captain of the Tetuan.

MADRID, Oct. 14.—A dispatch from Habana, a few miles from Cartagena, says that heavy cannonading is heard there and it is expected that a naval engagement is in progress. It is reported that the provisions in Cartagena will only last 3 days.

NEW YORK, Oct. 14.—Boston Grange, composed of grain commission merchants, having been ordered to disband by the Grand Master of the National Grange, as it was not a farmer's grange, threaten to carry the matter before the National Grange. The Boston Grange retains its books and rituals, the members using the pass words and grips, and as it is composed of prominent business men a warm feeling exists.

MANCHESTER, N. H., Oct. 14.—Dwelling and stables of Davidson Taggart of Goffstown were burned last night and 17 blooded horses were consumed, including Ned Hastings, an Arabian stallion valued at \$12,000. Abdullah himself was the only horse saved.

NEW YORK, Oct. 13.—A suit is begun against Kenyon, Cox & Co., to restrain Daniel Drow, a special partner in the firm, from disposing of his property, which it is alleged he is doing in order to escape his connection with the Canada Southern R. R. bonds which was said to cause the failure of the firm.

MADRID, Oct. 13.—There is a rumor that Titon has been captured, but the Government has received no such intelligence. There is great rejoicing over the victory.

LONDON, Oct. 13.—Amount of bullion withdrawn from the bank of England to-day was £365,090 all for America. Over half a million dollars in specie were shipped for New York on Saturday.

A man who arrived here a few days ago, claiming to be Arthur Orton, disappeared.

EXCLUSIVELY FOR THE DAILY DISPATCH

MADRID, Oct. 7.—An insurgent vessel remains at Cartagena. The Government fleet consisting of the frigate Victoria, Alamanza, Cormen, and another, name not ascertained, passed the Gulf of Almonia yesterday.

COPENHAGEN, Oct. 7.—Session of the Rigsdag was opened yesterday. No royal speech was delivered. A dispatch was received at the Ministry of War to-day, from Gen. Marcenes, announcing a great victory by his troops, over a large body of Carlists, near Agarene in Navarre. The route of the insurgents was complete, many being killed and wounded. Gen. Marcenes says his forces are in close pursuit of them.

NEW YORK, Oct. 9.—Theological session of the Evangelical Alliance this morning discussed Christian Life and listened to the reading of a paper on Personal Religion, from Dr. Fuller of Baltimore, who took occasion to denounce in terms of great severity, the Roman Catholic Church. Philosophical session of the Alliance met at St. Paul's Church, Chas. Kead, M. P., presiding. Rev. Dr. J. H. James, of Westminster, England, read a paper on the relation of modern literature to Christianity, taking what is called the purely European view of the question.

WASHINGTON, Oct. 9.—Treasury reserves are now being drawn on daily to pay actual expenses of the Government. There is no apprehension at the Department that the draft upon \$4,000,000 reserve will be very heavy in the ordinary course of business. The amount of outstanding legal tenders is now shown to be over \$356,000,000 and will be reduced again to those figures at the earliest practicable moment. It may be before the issue of the next public statement. Secretary emphatically asserts that the outstanding legal tenders are not to exceed the minimum demands a dollar more than the absolute demands of the Government require.

Secretary Robeson is examining the Polaris survivors as to the loss of the ship and the death of Captain Hall. Later—Examination of the Buddington party of the Polaris survivors will be made chiefly in the interests of science. Secretary of the Navy discredits the report of a foul death of Capt. Hall.

BUFFALO, Oct. 9.—Steam barge boats Wm. Newman and Wm. Baxter left for Syracuse yesterday with full loads of grain, competing for the State prize of \$10,000.

LITTLE ROCK, Oct. 9.—There was another frost here this morning.

NEW YORK, Oct. 9.—Of 63 nurses and physicians sent from here to Shreveport by the Howard Association, not one has taken the fever. 56 nurses have also been sent by them to Memphis, and to-day the following dispatch was received: MEMPHIS, Oct. 9.—Send us thirty-five female nurses in addition to those previously received. Fever is increasing and many of our first citizens have died. (Signed,) A. D. LONESTART.

SHREVEPORT, Oct. 9.—Dr. Brazz says the backbone of the epidemic was broken. 10 deaths to day.

BOSTON, Oct. 9.—A fire broke out in the box factory of Geo. E. Page & Co., on Broadway, Cambridge. Building was entirely destroyed and a hundred men thrown out of employment. Loss estimated at \$60,000; partially insured.

NEW YORK, Oct. 9.—It is said Irving well prove that Kelly, now in Sing Sing prison, killed Nathan with an iron dog which was obtained of a caulkier in the Brooklyn Navy-yard; that the \$10,000 in bonds, which were in Nathan's safe, were seen in Kelly's hand a few days after the murder; that these bonds were negotiated; and that Nathan's watch and chain were pawned in Centre St. the day after the murder. Six jurors were obtained in the Stokes case, up to the adjournment of Court.

LONDON, Oct. 9.—Carlists profess to have certain information that their General, Ollo, on the 6th inst., defeated and routed the army of Generals Morones and Mercina and compelled them to retreat to Punta Le Reia, 13 miles southwest of Pampeona, leaving behind a large number of dead and wounded.—Carlists claim this to be the greatest victory of the campaign.

Sir Samuel Baker and wife arrived in England.

Right Hon. Edmund Hammond, Under Secretary of Foreign Affairs, has resigned.

NEW YORK, Oct. 9.—A Washington special says that owing to small receipts from Revenue, the Treasury officials say it will be necessary to issue \$8,000,000 or \$9,000,000 of the \$44,000,000 reserve to meet Government current expenses for the present month.

Detectives arrived this morning with John T. Irving, who made a statement in San Francisco that he was present at the killing of Mr. Nathan, in this city, about 3 years ago.

William Orton was elected President of the W. U. Telegraph Co., to day.

The bank will remain open for adjustment of accounts, and it is stated that the assets will meet all liabilities.

WASHINGTON, Oct. 9.—The Talaposa arrived last evening and anchored in the stream. No communication is permitted from the shore with the Polaris survivors.

MADRID, 8.—The rifles seized on the steam Yacht Deerhound, have been deposited at Ferrol. Firing was kept up all day yesterday between the Carthagena Insurgents, and the besieging troops.

A battalion of Greeks having tendered their services to the Republicans, Senor Castelar has addressed them a letter of thanks, but declines their offer.

NEW YORK, Oct. 9.—Some banks have virtually resumed the payment of greenbacks. Mr. Camp, manager of the Clearing House, says that since the issue of loan certificates, there has not been so many greenbacks as were seen yesterday when clearances were made.

The Wall street President when spoken to on the subject, said he thought greenbacks had become sufficiently plenty to allow resumption. In case however, the pressure became too great the banks would no doubt fall back on the plan followed during the past two weeks as a measure of safety. There seems to be no reason, he said, why the payment of Legal Tenders should not go on. Trade was prosperous; produce men were paying for and receiving larger quantities of grain than had been received in any time before; shipments of grain from the West had been greater during the past week than during any week in the history of the country, and all this had been paid for in greenbacks.

The failure of Gibson, Caseona & Co., and S. B. Hurd, is announced to-day at Stock Exchange.

BOSTON, Oct. 9.—Elliott Block, New ton, Mass., owned by J. W. Bacon, was burned last night. Bacon's loss is \$35,000, insured for \$2,000. Other losses not stated.

LEGISLATIVE PROCEEDINGS, FOURTH BIENNIAL SESSION, COUNCIL.—Council met at 11 o'clock.

After prayer by the Chaplain, Rev. C. A. Huntington, the President announced the standing committees for the session.

Mr. Wood was granted a leave of absence for two weeks.

Mr. Smith of Clarke, introduced C. B. No. 1, relative to changing the name of Laura Lamb to Laura Tripp. Read twice.

Mr. Stine introduced C. B. No. 2, creating and providing for certain terms of the District Court of the First Judicial District. Read three times and passed.

Messrs. Wood and Wallace were appointed on the Joint Committee to wait upon the Governor.

GOVERNOR BOOTH.—It is evident to all observant persons that Governor Booth is a rising man, who is destined to occupy a very prominent position in the future politics of the country.

He has a fine intellect, improved by many years of diligent study, is perfectly free from all the trickery of the latter-day politicians, and these traits, taken in connection with his well-known honesty and independence of character, have raised him very high in the estimation of the people. His independent action and powerful influence in the recent campaign of this State have elicited for him many warm compliments from the most influential newspapers of the Union, and his name is frequently connected with the presidency.—Heraldry Flag.

A statement of the assets and liabilities of the firm of Jay Cooke & Co. of Philadelphia, New York and Washington and has been prepared by them to be submitted to the creditors. The following is the summary: Liabilities, \$7,993,409. Assets—Bills receivable on banks, insurance and other stocks, bonds and real estate, \$7,867,640; loan to Northern Pacific Railroad, \$3,750,000 stock of Oregon Navigation Company \$1,500,000; loans to Northern Pacific Railroad on bonds of the Company, \$4,068,215; second mortgage railroad bonds stocks, etc., \$2,530,356; total, \$15,966,211. The above exhibit of liabilities is exclusive of \$1,701,140 loans of the firm which are secured by good collateral. The excess of the collateral upon these loans has been estimated and included in the assets. The firm expects to soon submit a proposition for settlement with its creditors, which it believes will be acceptable to the latter, although it will, of course, require time in the conversion of its assets. The handsome showing made leaves no doubt of its ability to pay every dollar of its indebtedness with interest and still have a surplus of several million dollars.

ONE MORE CONVERT.—The worst correspondent of the Chicago Tribune writes that Gen. Butler made this confession to a delegate on the day preceding the convention: "I ought not to have run this year. It was bad judgment, but the zeal of mine enemy hath eaten me up." After the convention, he said: "Grant dare not fight me any way. My seat is secure in Congress and I can go back there and make a motion to cancel the back pay measure, and carry it. I never needed the back pay, if the President did." Doubtless the action of the convention has convinced the General that the people are pretty unanimously opposed to the back pay swindle, and that he can best win favor by urging its repeal.

The Walla Walla Company have now under consideration a plan for bringing water into the city. The new plan is to take water from Mill Creek, about two miles above the town, and bring it down in a five-inch pipe to a reservoir near Isaac's Mill, and from thence on to town in pipes. It is said that this will give a fall of ninety feet. With such a pressure, street and garden sprinkling would be easily done. If this project be carried into effect, the Company propose laying mains through all the principal streets of the city.

HOW LONG SHALL WE SLEEP?—The fact is, says the Christian Advocate, that as life becomes concentrated, and its pursuits more eager, short sleep and early rising become impossible. We take more sleep than our ancestors, and we take more because we want more.—Six hours sleep will do very well, for a plowman or brick-layer, or any other man who has no exhaustion but that produced by manual labor, and the sooner he takes it after the labor is over the better. But for a man whose labor is mental, the stress of the work is on the brain and the nervous system, and for him who is tired in the evening with a day of mental application, neither early to bed or early to rise is wholesome. He needs letting down to the level of repose. The longer the interval between the active use of the brain and his retirement to bed, the better his chances of sleep and refreshment. To him an hour after midnight is probably as good as two hours before it, and even then his sleep will not so completely and quickly restore him as it will his neighbor who is physically tired. He must not only go to bed later, but he longer. His best sleep probably lies in the earlier morning hours, when all the nervous excitement has passed away, and he is no absolute rest.

The Albany Democrat tells this: "We have just heard of an act of a heroic woman of Linn, which ought to be handed down to posterity as an example worthy imitation. Harvest came on, her husband was too unwell to attend to business, so she turned out and took charge of the harvesting business, superintending the cutting and threshing, frequently taking an active hand herself. In this manner over 2,000 bushels of grain were harvested, garnered and sold—all by her direction and under her personal supervision. She took the money home last Saturday and turned it over to husband, who was thus enabled to come to the Fair this week and all the shows and other amusements, leaving his wife at home to take care of the children and barn! Heroic wife! Devoted husband!"

BENICIA, CAL. NARROW GAUGE.—The Tribune of September 27th says: Magary, the general manager of the Central Narrow Gauge Railroad, informs us that, within the next three weeks, the company will transfer their headquarters from San Francisco to this city, the terminus of all their railroad enterprises in this State. This of itself will not only add to our immediate population but will also inspire confidence in the "bona fides" of the company. We understand, also, that the company's agent is now in England negotiating for the iron and rolling stock for the road, and that it is confidently expected the first thirty miles of the road will be finished and in running order by the 1st of June next.

We see by the Eugene City Guard that Rev. Mr. Fairchild, formerly of this place, has arrived there and entered upon the discharge of his duties as pastor of the M. E. Church.

Several of our farmers are shipping their wheat crop to the Portland market. The freight is eighteen cents a bushel. This is the first season wheat has been sent to that market from this county. Our farmers are beginning to find out that our bunch grass land is good wheat land. Our neighbors at Walla Walla made that discovery several years ago; and this season two-thirds of the wheat crop of Walla Walla, is raised on upland, and we predict that such will be the case in this county in a few years.—Mountaineer.

The Port Townsend Argus has been furnished by Capt. Frank Tucker, light-keeper, with the number and classes of vessels passing the Dungeness Light House during the quarter ending Sept. 30th:

July—13 ships, 39 barks, 1 brig, 22 schooners, 9 sloops, 41 steamers—total 125.

August—5 ships, 29 barks, 4 brigs, 14 schooners, 10 sloops, 30 steamers—total 92.

September—3 ships, 32 barks, 1 brig, 24 schooners, 11 sloops, 39 steamers—total 110.

For the quarter, total number of ships 21; barks 100, brigs 6, schooners 60, sloops 20, steamers 110—total 327.

COST OF A WAR.—The whole sum paid to Germany by France on account of the late war was \$1,278,354,800. Of this \$1,000,000,000 was indemnity. This is only part of the cost of the war. We must add another \$1,000,000,000 for what it cost France to pay and support her own armies, and for the losses by the destruction of property, the suspension of industry, etc. Two thousand five hundred millions will not be too much to cover the whole cost of that short war.

A timber fall has occurred in Wisconsin, which is estimated to be three miles in width and from sixty to ninety miles in length. The engineers, in locating a railroad line through this mass of fallen timber, were obliged to walk on trees twenty feet from the ground. A large portion of the timber is first-class pine, and there is also considerable hard wood mixed with it.

A Good Nurse.—The wife of Don Carlos is described as "a very majestic and beautiful." She is only 26 years old; her countenance is very pleasing, but at the same time indicates great courage; she is tall and her bearing is noble; her eyes at times seem to be black, but they are really of a very dark blue, and her hair is golden. She is the daughter of the late Duke Ferdinand Charles II., and is the niece of the Count de Chambord.

Over the North Western Stage Company's route from La Grande to Walla Walla, Pendleton and the Dalles, there is annually consumed 938,800 pounds of grain, and 619 tons of hay. The cost of the grain is one and a half cents per pound, amounting to \$13,932. The hay averages \$25 per ton, and amounts to \$15,475. These two items alone amount to nearly \$30,000.

A couple of English tourists passed through Walla Walla last week for Mount Idaho, where they contemplate settling. They had 500 pounds of baggage, principally shotguns and fishing tackle, which they had brought from the "Old Country, you know."
