PUGET SOUND WEEKLY

MONDAY, September 3, 1866.

The Frightful White Man.

There must be something (says Livingston) in the appearance of a white man frightfully repulsive to the unsophisticated natives of Africa; for on entering villages previously unvisited by Europeans, if we met a child coming quietly and unsuspectingly towards us, the moment he raised his eyes and saw the man in the "bags" he would take to his heels in an agony of terror, such as we would feel if we met a live Egyptian mummy at the door of the British museum. Alarmed by the child's wild outcries, the mother rushes out of her hut, but darts back again at the first glimpse of the same fearful apparition. The dogs torn tail, and scour off in dismay; hens abandon their chickens and fly screaming to the tops of their houses. The so late peaceful village becomes a scene of confusion and hubbub until calmed by the laughing assurance of our men that white people do not eat black folks; a joke having oftentimes greater influence in Africa than solemn assertions. Some of our young swells, on entering an African village, might experience a collapse of self-inflation at the sight of all the pretty girls fleeing from them as from some hideous cannibals, or by witnessing, as we have done, the conversion of themselves into public hobgoblins, the mammas holding naughty children away from them, and saying: "Be good, or I shall call the white man to bite you."

THE MISSOURI.—Bayard Taylor finds nothing lovely in the Missouri river. He says of it, in a letter to the New York Tribune: "Even when one reaches the Missouri river there is little in that ugliest of all rivers to divert one's attention. A single picture of the swift tide of liquid yellow mud, with its dull green wall of cottonwood-trees beyond, is equivalent to a panorama of the whole stream. For the seventy or eighty miles during which we skirted the turbid surface was unrelieved by a sail, unbroken by the paddles of a single steamer. Deserted, monotonous, hideous, treacherous, with its forever shifting sands and snags, it almost seems to repel settlement, even as it repels poetry and art."

CLEARING SAVANNAH HARBOR.—The Government has awarded a contract for raising the vessels in the river and harbor of Savannah, which were sunk by the rebels to obstruct the channel. The gunboats and other vessels were scuttled and sunk at the time the city was evacuated. There are in all about twenty, some of them valuable, with all their guns and armaments on board.

A Washington letter says: "There seems to be but little value to money here. The cost of living is exorbitant. One member of Congress (Mr. Dodge, of New York, who ousted Brooks,) with his family, servants and horses, lives at one of the hotels, and pays for his living \$180 per day."

A lecturer, maintaining before a Mechanics' Institute that art could not improve nature, was overwhelmed by the laughter of his audience when one of them inquired—"How would you look without your wig?"

STRANGE SUPERSTITION.—A little girl was recently drowned in a mill-race at Titusville, Pa. Her parents are of foreign birth, and they have since brought a charge of abduction against a man and his wife of the same nationality. It appears that about a fortnight since, the defendants moved to a new house. They have a superstition, in common with others of their own people, that whoever first occupies a new dwelling for a period of two hours will meet with a shocking and untimely death. Anxious to relieve themselves of this dire fatality, they decoyed the little girl (deceased) and a younger sister into the house and detained them there several hours by locking them in a room. A few days after, one of them was drowned. While the superstition is preposterous, in the hearts and purposes of those who committed the act the child was virtually doomed to a horrible and untimely end, and it is not surprising that the parents should seek to bring them to account for their unfeeling conduct.

The history of Walker, like that of other men of mark, is not free from the romance of love as well as that of war. While a law student in New Orleans he conceived a warm attachment for a very interesting young lady who was deaf and dumb. She had been well educated, and was of very engaging manners. Her misfortune drew towards her the sympathies and regard of all tender-hearted persons. With his characteristic originality and peculiarity of feeling and sentiment Walker became enamored of this young lady. She reciprocated his regard, and for some time they were never happy unless together. He soon acquired a knowledge of her signs, and they conversed with great facility, the medium of their conversation is doubt adding zest to their enjoyment. At last some slight misunderstanding interrupted their intercourse, and before a reconciliation could be effected the young lady died. This event gave a tinge of melancholy to the thoughts and character of Walker. Perhaps, as many of his friends thought, it produced the great change in his character which ensued—a change from the quiet, modest student to the bold, daring, dauntless revolutionist and warrior.

A Buffalo paper tells the following: Red Jacket, the renowned Indian orator and chief of the Senecas, formed a strong attachment for Col. Snelling during the war 1812. Upon that officer being ordered to a distant station, Red Jacket went to pay him a farewell visit, and upon leaving him addressed him as follows: "Brother I hear you are going to a place called Governor's Island. I hope that you will be a Governor yourself. I understand that you white people think children a blessing. I hope that you may have a thousand. And, above all things, I hope, wherever you may go, you may never find whiskey more than two shillings a quart."

A WRITER in the New Orleans Christian Advocate says that so far as he has ascertained between 1,000 and 1,200 churches were burned during the war. These churches, he thinks, had cost the people not less than \$5,000,000. In the loss the Methodists were the greatest sufferers, the Baptists next, then the Presbyterians, and the Catholics, least.

MUSIC.—Let taste and skill in this beautiful art be spread among us, and every family will have a new resource. Home will gain a new attraction. Social intercourse will be more cheerful, and an innocent public amusement will be supplied to the community; public amusement bringing multitudes together to kindle with one emotion, to share the same innocent joy, having a humanizing influence; and among these bonds of society produces so much un-mixed good as music. What a fullness of enjoyment has our Creator placed within our reach, by surrounding us with an atmosphere which may be shaped into sweet sounds! And yet this goodness is almost lost upon us through want of culture of the organ by which this provision is enjoyed.

RATHER FORGETFUL.—There is a legend that one day a woman went to Brigham Young for counsel touching some alleged oppression by an officer of the church. Brigham, like a true politician, assumed to know her; but when it became necessary to record her case he hesitated, and said: "Let me see, sister—I forget your name." "My name!" was the indignant reply, "why I am your wife." "When did I marry you?" The woman informed the "President," who referred to an account book in his desk, and then said, "Well, I believe you are right. I knew your face was familiar!"

A committee called upon a flourishing licensed victualer to solicit a subscription for the support of a clergyman. "Can't do it gentlemen," was his reply. "I gave five pounds to Rev. Mr. P. yesterday." After much persuasion, however, they succeeded in getting him to put down a like amount for the Rev. Mr. R., and departed with thanks; but a minute afterwards he was overheard giving the following directions to an assistant: "Draw off five pounds worth of liquor, and fill with water. Take it out of the row of casks next to those that you watered yesterday for the Rev. Mr. P."

NOT TO BE BEAT.—An exchange says that a New York and Massachusetts regiment were encamped together on the Rapidan, and that a wholesome rivalry existed between them. A revival suddenly broke out in the Massachusetts regiment, and twelve were baptised. The New York Colonel looked savage when he heard of it, and roared out, "Adjutant, have seventeen men detailed for baptism, I'll be hanged if the Massachusetts regiment shall beat us."

A young couple had been married by a Quaker justice, and after the ceremony he remarked to the husband: "Friend, thou art now at the end of thy troubles." A few weeks after, the young man came to the good man, boiling with rage, his wife was a regular vixen. "I thought you told me that if was at the end of my troubles." "So I did, friend, but I did not say which end."

A COSTLY VICE.—According to the internal revenue statistics, there is now annually consumed in the United States, about 45,000,000 gallons of liquors—equal to 1 1/2 gallons for every man, woman and child. The wholesale price of the commonest article of whiskey is now in the neighborhood of \$2.50 per gallon.

TELEGRAPHIC.

[SPECIAL TO THE WEEKLY.]

New York, Aug. 28.—The Time's correspondent says all indications point to a speedy downfall of the Mexican Empire. From Tehuantepec on the Lower Pacific coast to the extreme northern frontier, every sea-port is closely besieged by outlawed liberal enemies. The whole line of northern frontier States as far east as Matamoras on the Rio Grande and Bagdad at the river's mouth is held by Liberals. On the coast of the Gulf of Mexico the Empire holds only one available seaport. Still we are told even Vera Cruz is kept in a constant state of alarm by the close proximity of large Liberal bands. Jalapa, San Louis Potosi and Michoacan are still in actual state of siege. The capital of Puebla and Orizaba are seriously threatened by Generals Dias and Figueroa. Marshal Bazue who started northward with the intention of engaging Juarez's main army and forcing it into territory of the United States, was hurrying back to the security of the Capital. Gen. Negra, Commander-in-Chief of Mexico and the surrounding departments, will leave for Puebla the moment Bazue arrives. The French army is now powerless, there are at least one hundred thousand Liberals in the field.

New York, Aug. 28.—A telegram correspondence of over seven hundred words from the Empress Charlotta in Europe to Maximilian, passed over the cable on Sunday, and was forwarded to Galveston, whence the dispatch would be sent to Vera Cruz.

CALIFORNIA.

EASTERN NEWS.

New York, 29.—The Presidential party arrived via Jersey City this afternoon and were received by Mayor Hoffman, members of the Common Council and

city military. The Mayor made a brief speech of welcome which was fully responded to. Mayor Hoffman, in his welcome to the President, said the city of New York which now greets you, has never faltered in its devotion to the Union, and never will. It is the metropolis of the country and when it speaks, it does not speak in whispers or utter uncertain sounds. It speaks to-day, and I trust this great demonstration in which capital and labor are both united will cheer your heart and strengthen your hands in the great work of peace and restoration in which you are engaged. The people are impatient to greet you, their actions will speak more eloquently than words. After the Mayor's address city officials and others were presented, which ceremony continued about an hour. The procession party up Broadway was a magnificent ovation, every available place was occupied by the assembled thousands. Bouquets were showered down by hundreds, and the cheers which greeted Gen. Grant and Admiral Farragut were noticeable. On arrival at Delmontico's the party reviewed the division of troops. The party leaves at an early hour for West Point, riding through Central Park and taking special steamer at Manhattanville.

New York, 29.—Money easy; sterling dull and heavy; Government securities firm; business on Wall street almost totally suspended owing to the President's visit.

St. Louis, 29.—The cemeteries report 92 cholera interments yesterday, a decrease of thirteen from the day before.

Cincinnati, Aug. 29.—Board of Health yesterday, in view of the abatement of the cholera, resolved they would only meet once a month hereafter. None of the sanitary regulations are removed, however.

Washington, 31.—Despatches from Lieut. Gen. Sherman, dated Fort Laramie, says the reports of Indian troubles on the plains are greatly exaggerated, the telegraph wires not having been injured, no party that has been organized has sustained loss, no small bands roaming about stealing as represented, and no difficulty apprehended.

The steamer Orizaba with California dates to the 10th has arrived.

FOREIGN NEWS.

Paris, 30.—Noon.—The Debates in an editorial to-day, alludes to the honors paid American Embassy, making the significant inquiry of what is the value of demonstrations between the United States and Russia. It says France has done little to remove old friendship between herself and the United States.

SHIPPING.

San Francisco, 31.—Arrived ship Midnight, 117 days from New York. Tahitian schooner Maria, 28 days from Hushine, Sailed—30th—Sierra Nevada for

Astoria; brig Deacon for Puget Sound.

EUROPEAN.

Liverpool, Aug. 25.—Steamship Scotia sailed for New York to-day.

Berlin Aug. 22.—The address of the King embodying the principles of the moderate party passed the Lower House by a large majority, only 25 negative votes and these were of Poles and Catholics.

Munich, Aug. 24.—The districts which Bavaria cedes to Prussia are those of Graisfeld, Helier and Tharran, in Lower Franconia, containing 40,000 inhabitants.

Paris, 25.—The Empress of Mexico has gone to Miazmac.

Vienna, 25.—The Emperor Francis Joseph has determined to strengthen his Empire as well as his hold upon the affections and loyalty of his subjects by granting a new constitution and ministry to Hungary. The new ministry will soon be formed upon the basis of the constitution granted to the Magyars in 1848, the revocation of which was the cause of the revolution that year.

London, 25.—Advices received from Point de Gallé on the Island of Ceylon, via the Persian Gulf and Mediterranean, state that civil war had broke out in Japan—money market firm; Consols closing 88½ for money.

Birmingham, 27.—The reform demonstration to-day was an immense success and passed off without disturbance of any kind. The platform adopted was in favor of residential manhood suffrage. An address was delivered in the evening in support of the platform.

Consols closed at 84; 5-20's 71; money market easy.

CALIFORNIA NEWS.

San Francisco, 21.—A rumor is current that arrangements have been entered into between the California Steam Navigation Co. and owners of different opposition steamers running to Portland and down the southern coast, whereby the steamers have been induced to withdraw. It is reported that the Montana will make only one more trip before being laid up. On inquiring of one of the agents he states that he has no knowledge of any such arrangement, but there is reason to believe that the rumor is not without foundation.

Petaluma, 27.—At about eight this morning our city was startled by a terrific explosion at the depot of the Petaluma Railroad. On arriving at the depot the locomotive was found to have been blown up, and the scene which presented itself beggars all description. The locomotive was sent into fragments and hurled in every direction; two hundred yards from the locomotive lay the the engineer frightfully mangled in the agonies of death; on top of the car lay young Thompson, his head blown from his body. On the platform of the depot lay Col. Lewis nearly cut in two, near him

S. B. Dodge, agent of the depot, with his breast crushed in, Charles Yeoman, express messenger, was found badly injured but will recover....

EASTERN NEWS.

A meeting of army officers favorable to the President's policy was held at Willard's Hotel yesterday, Gen. Steadman presiding. The meeting decided to call a National Mass Convention of soldiers to meet at Chicago, on the 7th of September, to ratify the proceedings of the Philadelphia Convention.

The President's programme for a visit to Chicago to attend the ceremonies of laying the corner stone of the Douglas monument, fully announced. REDINGTON & CO'S Essence of Jamaica Ginger.

This valuable preparation containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to nausea, caused by riding in a railroad-car, or by sea-sickness, or other causes.

It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

A CHANGE.

It will be seen by reference to the name at the head of to-day's paper, that it has changed hands. It will be continued without any stoppage, and the time of subscribers and advertisers who have prepaid to the "WEEKLY" will be completed by the present proprietor. We shall continue to take the telegraphic despatches, and use all the means at our command to make the paper acceptable to its readers. We have purchased the paper with no expectation of its paying at the present more than enough to keep it living decently, and shall look to the future for our reward. Although at the present time there is a stagnation in business of this section in the Territory, yet we have unlimited faith in a time of prosperity coming, a revival in business, and an increased energy and enterprise in developing the resources of this portion of the Territory. The population of the country is increasing steadily, if not rapidly, and its progress is healthy. To lend our humble aid to the advancement of the interests of the surrounding country, shall be our constant aim. Politically the paper will be Union in sentiment, but shall advocate what we believe is right, and oppose what we believe is wrong, regardless of party.

It is stated that the Government has adopted a new plan of chastising marauding Indians. At the present time, two hundred Sioux Indians are employed as scouts on the Upper Missouri river, to keep in check and punish the murdering and robbing bands of Dakota. Government equips and arms them, they furnishing their own horses. It is also stated that authority has been given to raise and equip two hundred friendly Indians on this coast for a like service. This is a novel experiment, and, should it succeed, will be, no doubt, the most efficient and cheapest method of preventing Indian depredations, as they have a thorough knowledge of the geography of the country, and the manner of Indian warfare. At all events, when one of either side "loses his hair," it will be a gain to the country.

The President's visit to New York created great enthusiasm.

REPORT OF COMMISSIONER FARNSWORTH.

It will be seen by the following report of Mr. Farnsworth, that he has decided in favor of the Natches Pass. This decision is much to be regretted, as a good road over the best and most practicable route across the mountains would be of incalculable benefit to the Sound country—and by this unjust decision that consummation will be delayed a year or two longer. What influence induced Mr. Farnsworth to decide as he did, we do not know; but that he failed to comply with the intention of the act of the Legislature which appropriated two thousand dollars to be expended in making a road through the better of the two passes, we are fully persuaded. That the Snoqualmie is the best route, Mr. Farnsworth's own assertions, both oral and written, go to prove, as well as the assertions of every person who has ever traveled both routes. Early in June, Mr. Farnsworth explored the Snoqualmie Pass, and found no obstacle to crossing at that season—and even two or three weeks previous to that time, a party of surveyors crossed over that Pass to the Yakima valley. When Mr. Farnsworth returned to this place he spoke highly of the Snoqualmie Pass, as being an excellent one, the best in the Cascade Mountains; and, after returning to Vancouver, wrote to Mr. Denny advising him to commence work at once, and not wait until he had explored the Natches Pass, so well satisfied was he that he would be constrained to decide in favor of the Snoqualmie route on the grounds of its superior merit. From Seattle, Mr. Farnsworth proceeded to Steilacoom and reported to Mr. Downy as being ready to go through the Natches Pass, but at that time White river was so high that it could not be crossed, and the snow was so deep on the mountains in the Pass that it was impossible to get through. It was the duty of Mr. Farnsworth then to have decided in favor of the Snoqualmie route, as he had been through it, and it was impossible then to go through the other. Mr. Downy failed to furnish any person to accompany Mr. Farnsworth, and on the plea of not being ready, we believe, the exploration was postponed, and now, two months and more since his trip through the Snoqualmie, Mr. Farnsworth goes over the other route and decides that it is the best! That the Snoqualmie is an excellent pass, the testimony of every one who has ever traveled it, goes to prove. Mr. Richardson who has been surveying in the Yakima valley this summer, and who arrived here on Friday last, coming by way of the Snoqualmie Pass, says he cannot say anything but what is in favor of that route, and that it was easier to come through from the Yakima to Battlesnake Prairie, than from that prairie to Seattle. On the other hand,

Mr. Brisben and an other gentleman who arrived on Wednesday last, having come through the Natches Pass, say that the mountains are very steep in the Pass, and that the Natches river down which the road traverses, crossing it some forty or fifty times, cannot be forded until the latter part of July or August; and immigrants who crossed the Plains last year, and whom we conversed with just after their arrival, said it was by far the worst road between this and the Missouri river; and it is a well-known fact that a party of immigrants who attempted to cross last fall lost a large amount of stock, and were compelled to turn back and leave some of their wagons in the Mountains. We are also informed that this Pass has no grass for sixty or seventy miles, and this is the route Mr. Farnsworth has decided is the best.

To Hon. John Denny and W. R. Downy:

In conformity with the provisions of an act of the Legislature of Washington Territory of 1865-66, entitled "An act to appropriate money to aid in the construction and repairs of certain roads," in which the duty devolved upon me, as Commissioner, to explore and report to you upon the practicability of the Snoqualmie and Natches Passes of the Cascade Mountains, I have the honor to report: That after an impartial examination of the two passes above named, and a careful estimate of the amount of labor or money required to place each in the condition contemplated by said act, I find the Natches the most practicable of the two passes, and susceptible of being converted into the best road with the amount of money appropriated by the above named act.

Respectfully submitted,  
LEVI FARNSWORTH,  
Commissioner, &c.

Olympia, Aug. 21, 1868.

The law of Congress passed at its last session, changing the time of holding the Legislative sessions of Washington Territory from annual to biennial, takes effect after the coming winter's session. It fixes the term of office of Representatives at two years, and that of Councilmen at four years, and increases the per diem of members to six dollars, with mileage as heretofore. The Chief Clerk will receive six dollars per day, and the House is allowed an Enrolling Clerk who will receive five dollars per day, as will all other officers elected by the Legislature. The election for members for the first biennial session, will be held at the election in June next.

DOCTOR R. B. WEBBER, one of the oldest settlers of Steilacoom and of this Territory, died on Sunday last, at one o'clock, and was buried on Monday, at two o'clock, with Masonic honors. Doctor Webber was a worthy man, and has left a large circle of friends and acquaintances to mourn his loss.

RAIN.—During the past week there has been considerable rain, making the weather cool and pleasant.

Early Days of Oregon.

Many interesting reminiscences of the early settlement of Oregon are elicited in the examination of witnesses in the case of the Hudson Bay Co., vs. the United States. Those who were here at time of the Whitman massacre will remember that the Indians were led by a half-breed called "Jo," who had been in the employ of Dr. Whitman. Every effort was made to capture this man, but no clue was ever obtained as to what became of him. It appears from the testimony of a recent witness that when the Indians found that the whites were about to make war upon them, Jo, in order to get out of the country and save his neck, represented to the Cayuses that the Mormons, who were then just coming to Salt Lake, were disaffected Americans who would help the Indians in the fight. The Cayuses called a Council, and sent three messengers with Jo, to the Mormons. When they arrived in the Snake country near to Salt Lake, east of Fort Hall, the Indians were poisoned, probably by Jo, their bodies and horses being found in that vicinity. Jo was never traced further, but he probably arrived safe in Mormondom. —Oregonian.

MINERAL OIL FOR FUEL.—An English paper states that a series of important experiments upon Mr. Richardson's method of burning mineral oil as a fuel for steamships and steam-engines, has been made at Woolwich Dockyard, with complete success. Ten pounds of water is the highest that has ever been evaporated per pound of the steam coals; upwards of 18 pounds of water has been evaporated continuously for many hours by oil from the celebrated Torbane Hill or Boghead mineral. The trials with the rock oil, though not reaching quite so high a figure, have been such as to prove the superiority of mineral oil over coal, and the perfect capability of maintaining the strongest fire without the slightest cessation or diminution of its intensity until the complete exhaustion of the store of fuel.

WE THINK THERE IS

no Medicine so efficacious in removing humors from the blood as SCOVILL'S BLOOD & LIVER SYRUP. It is recommended by Physicians in all parts of the country, for the cure of Scrofula, and other diseases of the Cuticle. Pimples or Sores indicate that the system is out of order. Unless something is done to cleanse the blood of these impurities, the result may be a more serious disease, such as Scrofula, Syphilis, etc. Those who wish to find a most efficacious remedy, and yet have no confidence in Patent Medicines generally, will never regret a trial of Scovill's Blood and Liver Syrup. LAW OF THE UNITED STATES,  
Passed at the First Session of the  
Thirty-Ninth Congress.

[PUBLIC—No. 69]

AN ACT authorizing documentary evidence of titles to be furnished to the owners of certain lands in the city of St. Louis.

Whereas within the city of Saint Louis, in the State of Missouri, there are many lots, tracts, pieces and parcels of lands which were confirmed by the act of Congress of June the thirteenth, eighteen hundred and twelve, on the ground of inhabitation, possession, or cultivation of the same prior to December the twentieth, eighteen hundred and three, and in some cases there is no adequate documentary evidence of said confirmations; and in consequence of the death of the ancient witnesses, who knew the facts of said inhabitation, possession, or cultivation, the owners of said lands, in said cases where there is no adequate documentary evidence of said confirmations, are without complete evidence of title to the same, as against the United States; and whereas persons holding grants and confirmations of lands in said city of Saint Louis, under other acts of Congress heretofore passed, may, in some cases, be without perfect documentary evidence of said grants or confirmations by the United States, and difficulties may hereafter arise therefrom, to the great injury of such persons: Therefore—

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the district court of the United States for the eastern district of Missouri is hereby authorized, by proper decree, to declare released, granted, relinquished, and conveyed by the United States, in fee simple and in full property, all of the right, title, and interest of the United States, in and to any lot, tract, piece or parcel of land within the city of Saint Louis, in the State of Missouri, to the person or persons having the best claim or claims to the same; but nothing in this act shall authorize said court to declare released, granted, relinquished, and conveyed, as aforesaid, any land within any wharf, street, lane, avenue, alley, or other public thoroughfare, or within the boundaries of any land which has heretofore been granted or assigned by the United States for the use or support of schools, or within the boundaries of any land heretofore lawfully confirmed or lawfully granted by the United States, where full, sufficient, and complete documentary evidence of such confirmation or grant now exists of record.

Sec. 2. And be it further enacted, That every person desiring a decree in his or her favor, under this act, shall file a petition in said district court, asking for such decree and describing the land for which said decree is desired; and the United States and all persons claiming such land adversely to the said petitioner (if there be any such adverse claimants) shall be made defendants in said cause; and if any party to any such cause shall be a minor under the age of twenty-one years, a guardian ad litem shall be appointed by said court for said minor; and said district court shall have full and complete power, jurisdiction, and authority to hear, try, and determine all questions arising in said cause relating to the claim of the petitioner, the extent, locality, and boundaries of said claim; and all other matters connected therewith or concerning the same; and said district court shall also have power to make, prescribe, and enforce such rules and regulations as may be necessary and proper to carry this act into full and complete execution.

Sec. 3. And be it further enacted, That a copy of every petition which shall be filed under this act, and a copy of the writ or process thereto attached, shall be delivered to the district attorney of the United States for said eastern district of Missouri, by the United States Marshall for said district, which said delivery

shall make the United States a party to the cause specified in such petition, without any other or further proceedings, notice, service, writ or process whatever; and said district attorney shall make such defense therein for the United States as in his opinion the public interest may require; but no answer or other pleadings filed by said attorney in such cause shall be required to be verified by oath or affirmation.

Sec. 4. And be it further enacted, That for the purpose of more completely describing, identifying, and defining the boundaries, situation and locality of any lot, tract, piece or parcel of land sought to be released, granted, relinquished and conveyed under this act, the said district court shall have power to cause an accurate survey, plat, and description thereof to be made by a competent person at the expense of the petitioner; and all of the expenses and costs of all suits and other proceedings under this act shall be paid by the respective petitioners, and the payment thereof may be enforced by execution or otherwise.

Sec. 5. And be it further enacted, That every decree which shall be rendered under this act in favor of any petitioner shall be deemed a full, sufficient, and complete release, grant, relinquishment, and conveyance, in fee simple and in full property, to such petitioner, and to his or her heirs and assigns, forever, of all the right, title, and interest of the United States in and to the lands described in such decree.

Sec. 6. And be it further enacted, That whenever said district court or the circuit court shall render a final decree under this act, concerning any lot, tract, piece or parcel of land, such court shall cause to be transmitted to the Commissioner of the General Land Office a full, true and complete transcript of said final decree, and of the description or survey of said land.

Sec. 7. And be it further enacted, That any party to any final decree rendered by said district court in any suit or cause commenced under this act may appeal from said final decree of said district court to the circuit court of the United States for the district of Missouri, at any time within one year from the time of the rendition of said final decree, and not after that time; and on the granting of said appeal, a full, true, and complete transcript of said final decree, and of the petition, and all other pleadings and proceedings in said cause, and of the evidence therein, shall be transmitted to said circuit court. And when said appeal shall have been completed, said circuit court shall have full and complete jurisdiction over said cause, and may allow the pleadings to be amended if necessary, and may admit new parties if necessary, and shall hear, try and determine said cause de novo, without regarding any error, defect, or other imperfection in the proceedings of said district court, and shall render such final decree therein as the facts and the justice of said cause may require.

Sec. 8. And be it further enacted, That in case of any difference of opinion between the judges of the said circuit court upon any question arising in any such cause, the same may be certified to the Supreme Court of the United States, for its decision thereon as in other cases.

Sec. 9. And be it further enacted, That all of the right, title, and interest of the United States in and to all of the wharves, streets, lanes, avenues, alleys, and other public thoroughfares which are suitable, lying, and being within the corporate limits of the city of Saint Louis, in the State of Missouri, shall be, and the same are hereby, granted, relinquished, and conveyed by the U. S., in fee simple and in full property, to the said city of Saint Louis, and to the successors and assigns forever of said city: Provided, however, That no individual rights or titles acquired previously hereto shall be in any manner impaired or prejudiced hereby.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the right of way for a canal through the public lands of the United States lying in Humboldt county, State of Nevada, and the use of the land for tow-roads, cuttings, and embankments, to the extent of fifty feet on each side of the center of the canal, shall be, and is hereby, granted to the Humboldt Canal Company: Provided, That in cases where deep excavation or heavy embankment is required, such greater width, not exceeding two hundred feet, may be taken by said company as may be necessary.

Sec. 2. And be it further enacted, That, in order to create a reservoir for said company sufficient to feed said canal in all seasons, said company shall be, and is hereby, authorized, by a dam across the Humboldt river, at such point at or near the gap in the Fremont range of mountains through which said river passes, to flow so much of the public lands above said dam as may be required for the purpose of said reservoir.

Sec. 3. And be it further enacted, That there shall be, and is hereby, granted to said company the necessary sites along said canal for waste gates, mill sites, depots, and other uses of said canal, so far as places convenient for the same fall upon the public lands, and also the privilege of discharging the waste waters of said canal over any public lands into the said Humboldt river, at such places as may be suitable for that purpose: Provided, That the proper officers of said company shall transmit to the Commissioner of the General Land Office a correct plat of the survey and location of said canal, and of the sites needed for mills, depots, waste gates, and other uses of said canal, before the appropriation there of shall become operative:

And provided further, That unless thirty miles of said canal shall be excavated in one year, the whole within three years, from the date hereof, the grants hereby made shall cease and determine: And provided further, That if said canal shall at any time after its completion be discontinued or abandoned by said company, the grants hereby made shall cease and determine, and the lands hereby granted shall revert to the United States: And provided further, That nothing in this act shall be so construed as to interfere with any grant of the right of way and of public land heretofore made to any railroad company.

Approved, June 12, 1866.

[PUBLIC—No. 71.]

AN ACT to regulate and secure the safe keeping of public money intrusted to disbursing officers of the United States.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That from and after the passage of this act it shall be the duty of every disbursing officer of the United States having any public money intrusted to him for disbursement to deposit the same with the Treasurer or some one of the assistant treasurers of the United States, and to draw from the same only as it may be required for payments to be made by him in pursuance of law; and all transfers from the treasury of the United States to a disbursing officer shall be by draft or warrant on the treasury or an assistant treasurer of the United States: Provided, That in places where there is no treasurer of the United States, the Secretary of the Treasury may, when he deems it essential to the public interest, specially authorize in writing the deposit of such public money in any other public depository, or, in writing, authorize the same to be kept in any other manner, and under such rules and regulations as he may deem most safe and effectual to facilitate the payments to public creditors.

Sec. 2. And be it further enacted, That if any disbursing officer of the United States shall deposit any public money intrusted to him in any place or any manner, except as authorized by law, or shall convert to his own use in any way whatever, or shall loan, with or without interest, or shall for any purpose not prescribed by law withdraw from the

Treasurer or assistant treasurer, or any authorized depository, or shall for any purpose not prescribed by law transfer or apply any portion of the public money intrusted to him, every such act shall be deemed and adjudged an embezzlement of the money so deposited, converted, used, loaned, withdrawn, transferred, or applied, and every such act is hereby declared a felony, and upon conviction thereof shall be deemed and adjudged an embezzlement of the money so deposited, converted, used, loaned, withdrawn, transferred, or applied, and every such act is hereby declared a felony, and upon conviction thereof shall be punished by imprisonment for a term not less than one year nor more than ten years, or by fine not more than the amount embezzled nor less than one thousand dollars, or by both such fine and imprisonment, at the discretion of the court.

Sec. 3. And be it further enacted, That if any banker, broker, or person, not an authorized depository of public moneys, shall knowingly receive from any disbursing officer, or collector of internal revenue, or other agent of the United States any public money on deposit or by way of loan or accommodation, with or without interest, or otherwise than in the payment of a debt against the United States: or shall use, transfer, convert, appropriate or apply any portion of the public money for any purpose not prescribed by law; or shall counsel, aid, or abet any disbursing officer or collector of internal revenue or other agent of the United States in so doing, every such act shall be deemed and adjudged an embezzlement of money so deposited, loaned, transferred, used, converted, appropriated or applied; and any president, cashier, teller, director, or other officer of any bank or banking association who shall violate any of the provisions of this act shall be deemed and adjudged guilty of embezzlement of public money, and punished as provided in section two of this act.

[PUBLIC—No. 72.]

AN ACT to provide for the settlement of accounts of certain public officers.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That all monies raised in the United States for the support of refugees or freedmen, and received by any officer of the United States army, shall be charged against such officer on the books of the Treasury Department and accounted for by him in like manner as if such monies had been drawn from the treasury of the United States, and if any part thereof shall have been expended for the use of refugees or freedmen, the same shall be passed to the credit of the officer, if, upon examination of his accounts, it shall appear to the proper accounting officer of the Treasury Department that the amount expended was properly disbursed for such refugees or freedmen; and on the adjustment of the accounts of the officer, or if any balance shall remain in the hands of such officer the same shall be paid into the treasury of the United States, for a fund for the relief of refugees or freedmen. And any officer having such balance in his hands, who, after being duly required, shall refuse or neglect to pay over the same, or shall, after due notice, fail to settle his account shall be proceeded against in the same manner as is provided for by existing laws in the case of disbursing officers who neglect or refuse to account for monies drawn from the treasury of the United States.

Sec. 2. And be it further enacted, That where accounts are rendered for expenditures for refugees or freedmen under the approval and sanction of the proper officers, and which shall have been proper and necessary, but cannot be settled for want of specific appropriation, the same may be paid out of the fund for the relief of refugees and freedmen, on approval of the commissioner of Bureau of Refugees and Freedmen.

[PUBLIC RESOLUTION—No. 41.]

A RESOLUTION making an appropriation to enable the President to negotiate treaties with certain Indian tribes.

AN ACT to facilitate commercial, postal, and military communication among the several States.

Whereas the Constitution of the United States confers upon Congress, in express terms, the power to regulate commerce among the several states, to establish post roads, and to raise and support armies; Therefore—

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That every railroad company in the United States, whose road is operated by steam, its successor and assigns, be, and is hereby, authorized to carry upon and over its road, connections, boats, bridges, and ferries, all passengers, troops, Government supplies, mails, freight and property on their way from any State to another State, and to receive compensation therefor, and to connect with roads of other State so as to form continuous lines for transportation of the same to the place of destination: Provided, That this act shall not affect any stipulation between the Government of the United States and any railroad company for transportation or fares without compensation, nor impair or change the conditions imposed by the terms of any act granting lands to any such company to aid in the construction of its road, nor shall it be construed to authorize any railroad company to build any new road or connection with any other road without authority from the State in which said railroad or connection may be proposed.

Sec. 2. And be it further enacted, That Congress may at any time alter, amend, or repeal this act.

**FRENCH MEDICAL OFFICE.**

**DR. JULIEN PERRAULT**, Doctor of Medicine of the Faculty of Paris, Graduate of the University, Queen's College, and Physician of the St. John Baptist Society of San Francisco.

Dr. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs, entrance on either Montgomery or Sacramento streets.

Dr. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual Faculties are weakened, Loss of Memory ensues, Ideas are clouded, and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptoms are pimples in the face, and itching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter, as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage, Gonorrhoea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

Dr. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, will warn out and discouraged, to call upon us.

Low charges and quick cures.  
Ladies suffering from any complaint incidental to their sex, can consult the doctor with the assurance of relief.

**FEMALE MONTHLY PILLS.**

Dr. PERRAULT is the only agent in California for Dr. Brov's Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms 10 and 11, or Box 973, P. O. San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc. All communications confidential.

SOME OF YOU CAN'T, AND WE SPITE YOU. You have tried every remedy but the ONE destined, by its intrinsic merit, to supersede all similar preparations. Copy of the Report of the Committee of Awards at the Fair of the **AMERICAN EXHIBITION,** NEW YORK, 1885. To the **FLORENCE SEWING MACHINE CO.,** for the Best Family Sewing Machine.

Highest Premium! Gold Medal!

**REASONS:**

- 1st. Its simplicity and great range of work.
- 2d. The reversible feed motion.
- 3d. The perfect finish and substantial manner in which the machine is made.
- 4th. The rapidity of its working, and the quality of work done.
- 5th. The self-adjusting tension.

The "Florence" was awarded the First and Highest Premium at the State Fair of California, the only Fair on the Pacific Coast at which any two double thread Sewing Machines were exhibited in competition in 1885.

The Florence received the only premium awarded by the Mechanics' Institute, of San Francisco, in 1884 and 1885, to any Sewing Machine. Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficient, and its use is easily learned. Every machine sold is guaranteed in the full sense of the word.
