OFFICIAL.

LAWS OF THE UNITED STATES,
Passed at the First Session of the
Thirty-Ninth Congress.

[PUBLIC—No. 81.]

An Act making appropriations for the repair, preservation, and completion of certain public works heretofore commenced under the authority of law, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the following sums of money be, and the same are hereby, appropriated, to be paid out of any money in the treasury not otherwise appropriated, to be expended under the direction and superintendence of the Secretary of War, for the repair, preservation, and completion of the following works, heretofore commenced under the authority of law, and for the other purposes hereinafter named, that is to say:

For examination and survey of works of improvement for which appropriations have been heretofore made, and concerning which no sufficient information is now in possession of the department, and for examination and survey at other points in the fourth section of this act specified, that is to say, on the Atlantic coast thirty thousand dollars; on the Pacific coast twenty-five thousand dollars; on the northwestern lakes one hundred thousand dollars; on the western and northwestern rivers one hundred thousand dollars. And the Secretary of War, when the public interests require it, shall cause examinations or re-examinations to be made, with suitable surveys of the works aforesaid, and all other works provided for by this act, and shall make such changes or modifications of the plans heretofore adopted for their improvement as shall be necessary and proper. And he shall cause such needful examination of other harbors and places in the fourth section of this act specified, upon the sea and lake coasts, and on western rivers, to be made as will enable him to determine what improvements thereof are required to render them safe and convenient for the navigation of the naval and commercial vessels of the United States and the cost of such improvements, and he shall make full report thereof, and of the plans deemed advisable therefor, to Congress, at the commencement of the next session, for such action as may be judged expedient and right. And if, upon such examination and survey of works first herein named, being works now existing or in process of completion, and concerning which no sufficient information is now in the possession of the department, there shall remain an unexpended

balance of appropriation properly applicable thereto from the sums herein appropriated, which may, in the judgment of the Secretary of War, be judiciously applied toward the economical and needful continuation or completion of such works, the Secretary of War shall direct such balance to be applied and used accordingly; but no moneys shall be used for such purposes, excepting from the balances remaining from appropriations herein made for the specific examination and survey of such works.

For extending the breakwater at Portland harbor, Maine, one hundred and five thousand one hundred and eleven dollars and five cents.

For improvement of navigation of Hudson river, New York, fifty thousand dollars.

For preservation of Provincetown harbor, Massachusetts, forty-three thousand and sixty-eight dollars and forty-four cents.

For improvement of Thames river, Connecticut, ten thousand dollars.

For extension and repairs at breakwater at Burlington, Vermont, twenty-seven thousand six hundred and seventy-two dollars and twenty cents.

For completion and repair of Delaware breakwater, Delaware bay, one hundred and seven thousand nine hundred and ten dollars.

For improving channel of Susquehanna river below Havre de Grace, Maryland, twenty-six thousand four hundred dollars.

For continuing improvement of Patapsco river, Maryland, five thousand two hundred dollars.

For construction of snag-boats and other apparatus for clearing western rivers, and for the outfit, working, and preservation thereof, five hundred and fifty thousand dollars.

And the Secretary of the Navy is hereby authorized and directed, upon such terms as may be agreed on by the Secretary of War and the Secretary of the Navy, to transfer to and place at the disposal of the Secretary of War such steamers of the United States, with boats and equipment belonging thereto, and used during the rebellion as portions of the river fleet, as may be so transferred in the judgment of the Secretary of the Navy without detriment to the public service, and as may be conveniently and fitly used in raising snags or removing obstructions from western rivers, so as to render them safe and navigable for vessels of the United States and for the uses of commerce; and if the same shall be purchased by the Secretary of War, the amounts required for the payment therefor shall be taken from the appropriation aforesaid.

For improving the mouth of the Mississippi river, seventy-five thousand dollars.

For improvement of the Mississippi, Missouri, Arkansas, and Ohio rivers, five hundred and fifty thousand dollars.

For improvement of the Des Moines Rapids, Mississippi, river, two hundred thousand dollars.

For improvement of the Rock Island Rapids, Mississippi river, one hundred thousand dollars.

For improvement of the Saint Clair Flats, Michigan, eighty thousand dollars.

For improvement of the Saint Mary's river, between Lake Superior and Lake Huron, fifty thousand dollars.

For improvement of Oswego harbor, New York, and preservation of the public works at that point, forty-five thousand dollars.

For improvement of Little Sodus bay harbor, Fairhaven, in Cayuga county, New York, thirty-three thousand eight hundred and forty dollars and forty-one cents.

For improvement at Big Sodus Bay harbor, Wayne county, New York, fifty-three thousand one hun-

dred and fifty-one dollars and eighty cents.

For improvement at the harbor of Genesee river, New York, seventy-five thousand six hundred and seven dollars and thirty cents.

For improvement of harbor at Buffalo, New York, one hundred thousand dollars.

For completing the sea wall at Buffalo harbor, New York, thirty-one thousand dollars.

For improvement of harbor and repair of public works at Erie, Pennsylvania, thirty-six thousand nine hundred and sixty-one dollars.

For improvement of Conneaut harbor, Ohio, twenty thousand five hundred and thirteen dollars and seventy-four cents.

For improvement of Ashtabula harbor, Ohio, twenty-four thousand seven hundred and eight dollars and eighty-two cents.

For improvement of harbor at Grand river, Ohio, twenty-four thousand and seventy-two dollars.

For improvement of harbor at Cleveland, Ohio, fifty-nine thousand eight hundred and six dollars.

For improvement of harbor at Black river, Ohio, ten thousand dollars.

For improvement of Harbor at Vermillion, Ohio, fifteen thousand three hundred and fifteen dollars and seventy-four cents.

For improvement of harbor at Huron, Ohio, thirty-nine thousand dollars.

For improvement of harbor at Sandusky City, Ohio, thirty-eight thousand five hundred and eighty dollars.

For improvement of the harbor at Toledo, Ohio, twenty thousand dollars.

For improvement of the harbor at Monroe, Michigan, thirty-one thousand and fifteen dollars and twenty-seven cents.

For improvement of harbor at Aux Bees Scies, Frankfort, Michigan, eighty-eight thousand five hundred and forty-one dollars.

For improvement of harbor at Grand Haven, Michigan, sixty-five thousand dollars.

For improvement of harbor at Black Lake, Michigan, fifty-five thousand six hundred and fifteen dollars and thirty-one cents.

For improvement of harbor at Saint Joseph, Michigan, six thousand dollars.

For improvement at the mouth of Saginaw river, Michigan, sixty-seven thousand five hundred dollars.

For improvement of harbor at Chicago, Illinois, eighty-eight thousand seven hundred and four dollars.

For improvement of harbor at Konoasha, Wisconsin, seventy-five thousand four hundred and sixty-one dollars and forty-one cents.

For improvement of harbor at Racine, Wisconsin, twenty-three thousand nine hundred and ten dollars.

For improvement of harbor at Milwaukee, Wisconsin, forty-eight thousand two hundred and eighty-three dollars and fifty-one cents.

For improvement of harbor at Sheboygan, Wisconsin, forty-seven thousand five hundred and ninety-eight dollars and ninety-one cents.

For improvement of harbor at Manitowoc, Wisconsin, fifty-two thousand dollars.

For repairs of government wharves and landings, and improving harbor at Marcus Hook, on Delaware river, Pennsylvania, five thousand dollars; *Provided*, That before expenses shall be incurred on said wharves and landings, it shall be shown to the satisfaction of the Secretary of War that the same belong to the United States.

For improvement of the harbor at Green Bay, at the mouth of Fox river, Wisconsin, thirty thousand five hundred dollars.

For constructing works and improving the entrance into the har-

bor of Michigan City, Indiana, seventy-five thousand dollars: *Provided*, That it shall be first shown to the satisfaction of the Secretary of War, that a sum equal to double the amount aforesaid has been expended by the Michigan City Harbor Company in the construction of a safe and convenient harbor at that place: *And provided*, That the passage of vessels to and from said harbor shall be free and not subject to toll or charge.

For improvement of the Kennebec river, in the State of Maine, between Sheppard Point and the city of Augusta, twenty thousand dollars.

For removal of obstructions to navigation in the Willamette river, between Portland and its mouth, in the State of Oregon, fifteen thousand dollars.

For continuing the repair of the piers in Saco river, in the State of Maine, forty thousand dollars.

Sec. 2. *And be it further enacted*, That the money appropriated by this act shall be so applied as to complete, or make the nearest approximation to completing, the work for which each specific appropriation is made; and it shall be the duty of the Secretary of War to apply the sums herein appropriated for other purposes than for examinations and surveys by contract: *Provided*, That no contract shall be made except after public advertisement for proposals in such form and manner as to secure general notice thereof, and the same shall only be made with the lowest responsible bidder therefor, upon security deemed sufficient in the judgment of the Secretary. And it shall be the duty of the said Secretary, at the earliest practicable time, to report to Congress the result of any survey or resurvey, with the plan adopted and the items of expenditure under said plan; and he shall make report of all action taken under the provisions of this act; and he shall accompany said report with a statement of the amount and date of all former appropriations for each work, and a full estimate for its entire and permanent completion, with the amount that can be profitably expended in the next fiscal year. And he shall also state in what collection district each work is located, and at or near what port of entry, light-house, or fort; what amount of revenue was collected at the nearest port of entry for the last fiscal year; and, as far as practicable, what amount of commerce and navigation would be benefited by the completion of each particular work: *Provided*, That he shall continue to make such a report at the commencement of every session of Congress until the works herein provided for shall all be completed.

Sec. 3. *And be it further enacted*, That whenever the Secretary of War shall invite proposals for any works, or for any material or labor for any works, there shall be separate proposals and separate contracts for each work, and also for each class of material or labor for each work; and he shall report to Congress, at its next session, all the bids with the names of the bidders. All persons not holding commissions in the regular army of the United States who shall be entrusted with the disbursement of the funds appropriated for the works named in this act, shall be required to give bond and ample security for the faithful application of the same; and no such disbursing officer in the army of the United States shall receive any commission or compensation for making such disbursements. And the moneys heretofore appropriated shall remain and be at the disposal of the Secretary of War, and subject to his control for the purposes named in this act, until the several works and improvements herein provided for are completed, any law or regu-

lation to the contrary notwithstanding.

Sec. 4. *And be it further enacted*, That the Secretary of War is hereby directed to cause examinations or surveys, or both as aforesaid, to be made at the following points, namely: At Superior City, Eagle Harbor, Marquette, and Lac la Poudre, on Lake Superior, and at Ausable river, in the State of Michigan; of the Ohio river between Pittsburg, Pennsylvania, and Buffington Island, West Virginia; of Sandusky river, Ohio; at Chester harbor, Pennsylvania; at Bridgeport, Connecticut; at Hell Gate, New York; at the port of Ogdensburg, New York; at San Francisco, California; at the "Grand Chain," in the Ohio river; at the harbor of Baltimore, between Fort McHenry and the mouth of the Patuxent river, in the State of Maryland; of the Mississippi river, between Fort Snelling and the Falls of Saint Anthony and the upper or Rock River rapids of the Mississippi river, with a view to ascertain the most feasible means, by economizing the water of the stream, of insuring the passage, at all navigable seasons, of boats drawing four feet of water; of the Minnesota river, from its mouth to the Yellow Medicine river, in order to ascertain the practicability and expense, by slack-water navigation or otherwise, of securing the continued navigability of said stream during the usual season of navigation; and for examining and reporting upon the subject of constructing railroad bridges across the Mississippi river, between St. Paul, in Minnesota, and St. Louis, in the State of Missouri, upon such plans of construction as will offer the least impediment to the navigation of the river; of Rock river; the Kennebec river, above Gardiner, Maine; the Penobscot river above Hampden, Maine; at the Zambro river, Minnesota; at the Cannon river, Minnesota; at the harbor and the mouth of the Eighteen-mile creek, at Olcott, New York; at St. Croix river, above the ledge; from the mouth of Illinois river to La Salle; together with such necessary estimates of cost, as hereinbefore provided, as will enable the Secretary of War to determine what improvements and public works shall be necessary at the respective points aforesaid. And the Secretary of War shall cause a survey to be made at the harbor of Burlington, Vermont, and the harbor of Dunkirk, New York; at the Harbor at Oak Orchard Creek, New York; and at Muskegon, White river, Manistee, South Haven, and New Buffalo, in the State of Michigan; the Fox and Wisconsin rivers, in the State of Wisconsin; and the Rock river, in the States of Illinois and Wisconsin, with its connection with Lake Winnebago; and the upper Columbia river, Oregon.

Approved, June 23, 1866.

[PUBLIC RESOLUTION—No. 49.]
JOINT RESOLUTION to pay the State of Vermont the sum expended for the protection of the frontier against the invasion from Canada, in eighteen hundred and sixty-four.

Be it resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Treasury be, and hereby is, authorized to pay the State of Vermont any sum that may be found due, after the same shall have been audited by the proper officers of the Treasury Department, expended by the State of Vermont for the defense and protection of the frontier from invasion from Canada, in eighteen hundred and sixty-four: *Provided*, That the amount to be audited and paid shall not exceed the sum of sixteen thousand four hundred and sixty-three dollars and eighty-one cents.

Approved, June 23, 1866.

PROSPECTS OF MAXIMILIAN.

The present state of affairs in Mexico indicate the speedy demise of the mushroom Mexican Empire, which was sired by France and damed by Austria. This bantling is the illicit offspring of an unholy lust for power, unsanctioned by the law of nations, and foisted upon the Mexican people by brute force, in accordance with the dogma that "might makes right," and its speedy overthrow by the Mexican people will be hailed with pleasure. The Liberal party in its contest with the usurping forces has exhibited a degree of courage, endurance and constancy that was hardly to be expected of a people so given to revolutions and changes of rulers. They have contended against fearful odds and beaten the enemy from nearly the entire territory of the nation, and what few points are still held by the invaders are almost in a state of siege. England acted as midwife and Spain as wet-nurse at the birth of the monster, and we presume they will attend as mourners at its death, and tender their sympathy and condolence to its bereaved parents. The moral influence—if not the material and physical aid—of the United States, has had much to do in hastening a collapse of the bogus Empire. It has encouraged the Mexicans, and discouraged the Imperialists. The hopes of a permanent Empire in Mexico were based upon the belief that the United States Government would be overthrown by the rebellion, and from it they would meet with no serious opposition; but this cherished anticipation having proved delusive, discouragement and despair of success seized their minds, and faltering in their exertions, they have everywhere been defeated by the Mexicans. If the United States has not in this instance maintained the Monroe Doctrine by actual war, it has by its moral force thrown in that direction, without shedding blood or expending treasure, achieved the same result. Many denounced the course of our Government in not lending armed aid to Mexico immediately on the suppression of the rebellion, but in this instance, as in many others, the wisdom and sagacity of Secretary Seward as a diplomatist and statesman is being fully verified, and he is

achieving without loss to the country what others with less statesmanly ability would have accomplished only at a cost of rivers of blood and mines of treasure. The Empress Charlotta of Mexico has been on a diplomatic mission to France, and it is said that she has succeeded so well with Napoleon that she has been advised to visit the United States and use her great diplomatic talents in behalf of the Mexican Empire here. We cannot conceive what object she expects to accomplish by an appeal to our Government, unless it is to induce it to intercede with the Mexicans to let Maximilian retire in peace from Mexico, and return to the Empire of his humbled brother, Francis Joseph, of Austria.

LOOKING UP.—We understand that Mr. Meigs sent to this place last week for a number of men to work in his mill. Several vessels are now at Port Madison waiting for lumber, and a number more are expected shortly. The mill will be run night and day, in order to supply the increasing demand. We are pleased to learn that the lumbering business is looking up, and that the home and foreign market both are improving.

TELEGRAPHIC. THE LATEST.

[SPECIAL TO THE WEEKLY.]

EASTERN NEWS.

Buffalo, Sept. 7.—The Express publishes a letter taken from a Hamilton, Canada West, paper, said to have been picked up in the streets, containing an intimation of a plot to burn Buffalo. It was stated some time since, that there was a plot to burn the towns along the northern border. The whole thing is thought to be bosh.

New York, Sept. 8.—There were ten new cases of cholera, and three deaths reported yesterday. The weather has changed perceptibly and it is hoped the disease will again abate. There were three fresh cases of cholera in Brooklyn yesterday and forty-five deaths from all diseases.

It is said that a new effort is being made to persuade General Sheridan to resign and accept the command of the Irish army. At the head quarters of Stephens' wing of the Fenians in this city, arms and ammunitions are being received in large quantities. Orders have been issued to the volunteers in Canada to be in readiness to march to the border.

The Herald's Ottawa (Canada) dispatch says: An order has been issued to the Quebec volunteers to hold themselves in readiness to march to the border. The engineers stationed at Quebec, have also received orders to be ready to march on or about the 23d of this month to the border. They will be engaged in the protection of the defences along the lower Canada frontier. The Canadians hope that a further divis-

ion will arise in the Fenian Brotherhood from the Troy Congress. Government agents are believed to be at work in Troy. The Herald's Troy despatch says that the Fenian Congress concluded a secret session yesterday. From some talkative members, it has been ascertained that a vote of thanks to General Banks for his neutrality resolutions was adopted. Chicago, 8.—The damage to the Philadelphia Union League house by fire, is about \$40,000. A large reward has been offered for the arrest of the incendiary. The janitor has been arrested.

Philadelphia, 7.—The Southern Unionist's Convention adjourned sine die yesterday afternoon. CALIFORNIA.

San Francisco, 8.—Steamer Yosemite was discovered on fire at 4 o'clock this morning, while lying at her berth at Broadway wharf. She had brought down from Sacramento a large amount of grain, which had been safely discharged on the dock. All the hands therefore were fortunately up when the fire was first seen, and the alarm was promptly given and water from the wharf-pipes turned on. Damage about \$1,500. The steamer Julia will take the place of the Yosemite to-day.

A dispatch from New York announces the safe arrival at that city, on the 7th of September, by Central American Transit Company's steamer Santiago of passengers who left San Francisco by the Moses Taylor on the 6th of August.

Gold in New York yesterday 145½@146, sterling was firmer at 107; legal tenders 71½@72½. SHIPPING.

San Francisco, 8.—Arrived—Brig Hugh Barclay, 15 days from Port Discovery, with lumber.

Sailed—Sept. 8th, steamer Active for Victoria.

MEXICO.

The Times' New Orleans special dispatch says: A private letter received from Monterey says that Maximilian abdicates in favor of Prince Napoleon on the tenth.

REDINGTON & CO'S

Essence of Jamaica Ginger.

This valuable preparation containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to nausea, caused by riding in a railroad-car, or by sea-sickness, or other causes.

It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

[SPECIAL TO THE WEEKLY.]

EASTERN NEWS.

Philadelphia, Sept. 4th.—The Southern Union Convention met at 10 o'clock. The committee on credentials reported the number of delegates present as follows: Texas 15; Louisiana 18; Tenn. 31; Virginia 51; Georgia 8; Alabama 14; Kentucky 13; Mississippi 4; Missouri 30; Arkansas 2; North Carolina 7; Maryland 60; District of Columbia 27. Total, 292. The committee on permanent organization reported ex-Attorney General Speed of Kentucky as President and one Vice President from each State.

Chicago, 5.—Despatches from Detroit say that Grant and Farragut are in that city, having left the Presidential party in Cleveland, they took steam last night and arrived in Detroit this forenoon.

The President made a speech from the balcony of the Kennard House, Cleveland, last night, during the delivery of which a remarkable scene took place. The crowd interrupted him by hooting and shouting, and in one instance, by calling the President traitor. The friends of the President replied to the numerous hisses with cheers, and when he had finished his speech he was saluted with loud and continued plaudits. A Paris letter writer says the Empress Charlotta having been successful in her visit to Napoleon, has been advised to visit the United States for the purpose of bringing her great diplomatic talent to bear at Washington.

Chicago, 5.—The President arrived at Detroit last evening where Grant joined the party.

Madrid, August 28.—One of the Spanish frigates succeeded in capturing the Chilean privateer Tornado off the coast of Spain.

New York, 4.—The Paris Temps says the Pope is on the eve of ceding the States of the Church to Napoleon, and assuming for himself the title of Viceroy.

CALIFORNIA.

San Francisco, Aug. 31.—Arrived—French bark Gustave, 145 days from Bordeaux with merchandise.

September 1st—British ship Mary Francis, 50 days from Hong Kong.

Sailed August 31st—Steamer Continental for Mazatlan; brig Jeannie, for Kanagawa and Shanghai.

FOREIGN NEWS.

Liverpool, Sept. 6.—Steamship Moravian, which sailed to-day for Quebec, took over 200 British regulars for service in Canada.

London, Sept. 6.—In the Admiralty court to-day, an appeal was made by the counsel of defendant for the release of the sev-

en ex-rebel blockade runners (steamers), seized at Liverpool some weeks ago, the judge decided that the United States Minister, Mr. Adams, or the United States consul at Liverpool be required to file written authority for their prosecution.

London, Sept. 6.—Noon.—Consols are better, the figure, at noon to-day, being 89½; 5-20's, 73; Erie, 46½; Illinois Central, 79½.

Paris, Sept. 6.—Various diplomatic changes are expected immediately.

Florence, Sept. 6.—The cholera is making sad ravages in Italy.

SHIPPING.

San Francisco, Sept. 6.—Sailed—Br. ship, for Queenstown; bark Cambridge, for Tahaita; Hamburg bark Bertha, for Sydney.

EASTERN NEWS.

Chicago, Sept. 6.—The ceremonies of laying the corner stone of the Douglas monument, which took place to-day, were most impressive. They were accompanied by a most enthusiastic ovation to President Johnson. After the stone had been laid by the President, General Dix delivered an oration on the life and character of Douglas, concluding with his last words: "Tell them to obey the laws and support the Constitution of the United States."

San Francisco, Sept. 6.—Warren Eldridge, for several years a clerk in the treasury department of Wells, Fargo & Company's Express, was arrested for embezzling \$40,000 from his employers.

SHIPPING.

San Francisco, 6.—Sailed—British ship Vertigure, for Port Angeles, bark Carlotta, Puget Sound, bark Charles Davens, for Puget Sound, steamer Orizaba, for Portland.

Sailed—Hamburg ship A. H. Millie, for Liverpool.

Total vote polled to-day 20,000. The Union party gained a decided victory, with the exception of three out of seven Supervisors. The Fireman independent candidate beat Braunan 140 votes in third ward. The working of the registry law gives general satisfaction to all Union men.

Money in active demand. The Bank of England has reduced its rates to 5 per cent.; demand for exchange and bullion for next steamer promises to be moderate; coin drafts on Atlantic cities 2½; telegraphic transfers 5½ per cent.; sterling, 49 pence.

San Francisco, 7.—Arrived—Bark W. H. Gawley, 13 days from Port Madison.

We call attention to the advertisement of Mr. Gorton's Saloon in another column. Mr. Gorton has taken the Saloon formerly kept by Mr. James Pray, where he will be happy to entertain his friends. Give him a call, and you will be sure to "smile."

The Convention of Southern Union men in session at Philadelphia last week, sustains Congress in its action on reconstruction.

NEWSPAPER INFLUENCE.—A correspondent of the German reformed Messenger mentions the impression made upon a traveler just from Europe while in a western city, by witnessing the eagerness of Americans for newspapers. He says: "He hastily approached me with eyes gleaming with admiration and delight." "What a wonderful race the American people are," was his earnest outburst. "Every man with his newspaper! See the drayman there, sitting on the dray, eagerly reading his newspaper; and that hackman, mounted on his perch, with his whip on his knee, diving into his newspaper, and yonder, that laborer, stopping on the corner to buy his newspaper; and see that paver, repairing the levee, with a paper just sticking out of his pocket, where he has just placed it for further reading as he has leisure. So I have seen it in every town and city. There is nothing like it in Europe. No other people, through all its ranks, can be so thoroughly versed in current information of the country and the world. Wonderful people these American people," was his pointed summing up, as if to hint at the profound prophesy embodied in this popular phase and fact. This expression brings to view the vast educational value and effect of the newspaper, secular or religious, in American society, touching our social, civil, or individual interest—moulding and fashioning national, social or political character.

NEW PROPELLING POWER.—An interesting trial of a new mode of propulsion for vessels by steam has been made on the Thames. The Nautilus, an eighty-seven ton boat, fitted with Ruthven's hydraulic propeller, was fairly and successfully tried against a river boat. The propeller consists of a turbine wheel below the water line, which throws out, with great force water admitted from the bottom by four nozzles, two at the stem and two at the stern. The vessel of course goes forward when the latter, and backward when the former are used. If the stream of water be sent in opposite directions, the vessel turns as on a pivot. A rudder is not really wanted. Numerous advantages are specified; among them that the water of a leak would be rapidly forced out, and made to serve, instead of to sink the vessel. All the machinery of motion is out of the reach of injury by an enemy, and the Government has ordered the building of a gunboat on this principle.

A singular case has just come before the French tribunals. A young girl eleven years of age attempted successively the life of her mother and sister for the sole purpose of drinking their blood. The child has been examined by physicians, and proved to be attacked by the strange mania of anthropophagy. Her extreme youth leads the physicians to hope that her cure may be accomplished.

Remember, it is not what people eat, but what they digest, that makes them strong. It is not what they gain, but what they save, that makes them rich. It is not what they read, but what they remember, that makes them learned. It is not what they profess, but what they practice, that makes them good.

The statue of Washington removed from Lexington, Virginia, by General Hunter, has been sent back by the President.

IF YOU WANT A Good Drink

Go to the Corner of Mill and Commercial streets to CHARLIE'S SALOON.

The bar is supplied with the best of Wines, Liquors and Cigars, YOU BET!

Fancy Drinks of all kinds served in the Best Style. CHARLIE H. GORTON. Sept. 10, 1866. no24:tf

GRAEFFENBERG

UTERINE CATHOLICON

If faithfully used according to directions will cure every case of Diabetes, and greatly mitigate the troublesome effects caused by a relaxation of the out let of the bladder. It is a most successful remedy for gravel and other diseases of the Kidneys and Bladder, and for Female Diseases is unequalled. The CATHOLICON uniformly cures Prostatitis Uteri, Whites, all irregularities of the Monthly Terms, Suppression, Incontinence of the Urine, Bloating and Dropsical Swellings, and all Diseases of Pregnancy. The specific action of this medicine is immediate and certain upon the Uterine and Abdominal Muscles and Ligaments: restoring them to as healthy a state as those of childhood and youth, so that patients who have used the GRAEFFENBERG COMPANY'S UTERINE CATHOLICON cannot sufficiently express their gratitude for the relief afforded. Redington and Co. Agents, 416 and 418, Front St. San Francisco. Sept. 3, 1866—n24:6m.

WE THINK THERE IS no Medicine so efficacious in removing humors from the blood as **SCOVILL'S BLOOD & LIVER SYRUP.** It is recommended by Physicians in all parts of the country, for the cure of Scrofula, and other diseases of the Cuticle. Pimples or Sores indicate that the system is out of order. Unless something is done to cleanse the blood of these impurities, the result may be a more serious disease, such as Scrofula, Syphilis, etc. Those who wish to find a most efficacious remedy, and yet have no confidence in Patent Medicines generally, will never regret a trial of Scovill's Blood and Liver Syrup. **REDINGTON & Co.,** Agents, 416 and 418 Front St. San Francisco. Sept. 3, 1866—n24:6m

Ahead of All Others is the
"Martha Washington" HAIR RESTORER.

It is used by all and is acknowledged to be superior to any preparation in market.

It keeps the hair soft and glossy.
It changes the hair to its original color.
It prevents the hair falling out.
It prevents premature baldness.
It makes old heads look young, and, in fact, it will do all expected of a good, genuine Hair restorative.

Do not be humbugged by buying any other preparation. Try it, by all means try it, and you will never regret it.

N. B.—Be sure to ask for the "MARTHA WASHINGTON" HAIR RESTORER, and take no other.

REDINGTON & Co. Sole Agents.
416 and 418 Front St. San Francisco.
Sept. 3, 1866—n24:6m

Dissolution.

Seattle, Aug. 27, 1866—n3:4m

PUGET SOUND WEEKLY.

MONDAY, September 10, 1866.

The Prussian Needle Gun.

The "needle-gun" in use in Prussia is a formidable weapon—described by the London Times as a converted Enfield on the Snyder system, with improved ammunition devised by the Woolwich laboratory. This rifle possesses the advantage of being simple, safe, cheap, non capping, and little liable to get out of order. Moreover, it does not require such a reduction of the stock as to destroy the efficiency of the weapon which for military purposes is required to act as a pike as well as firearm. A portion of the upper side of the breech end of the barrel is cut out for the admission of the cartridge. This vacant space is closed after loading by a lump of steel—the "breech-stopper" or "breech-piece"—which hinges upon the side of the barrel, and forms a false breech, against the face of which the back end of the cartridge rests; the barrel is, in fact, shortened to this extent. A plunger or piston transmits the blow of the hammer through the stopper to the cap of the cartridge, which is withdrawn after being fired by a little instrument which forms part of the stopper. The cartridge is one on the "central fire" system, the chief novelties being the case and bullet. As regards the former, the object has been to provide a case which shall uncoil or unwind to a certain extent on discharging. The bullet is a combination of various constructions, none of them original, producing together a projectile of a sufficiently distinctive character. It has the general form and appearance of the Enfield rifle bullet, with its hollow base and baked clay plug; it has the cannelures which originally characterized the Tamisier and the Minnie bullets; and the wood plug in the head to which Mr. Metford and Mr. Whitworth may lay some claim. The cartridge is perfectly impervious to moisture; it is safe, not liable to lead or foul; it admits of about fourteen rounds being fired in a minute; and it shoots from twenty to twenty-five per cent. better than the service Enfield ammunition.

A very learned and compassionate judge in Texas, on passing sentence on John Jones, who had been convicted of murder, concluded his remarks as follows: "The fact is Jones, that the Court did not intend to order you to be executed before next spring, but the weather is very cold; our jail, unfortunately, is in a very bad condition; much of the glass in the windows is broken; besides owing to the great number of prisoners, not more than one blanket can be allowed to each; to sleep sound and comfortable, therefore, is out of the question. In consideration of these circumstances, and wishing to lessen your sufferings as much as possible, the Court, in the exercise of its humane compassion, hereby orders you to be executed to-morrow morning, as soon after breakfast as may be convenient to the Sheriff and agreeable to you."

FIREARMS.—The Military Board appointed for an examination of the various firearms have carefully examined sixty-one different rifles and muskets, and report that the most effective, safe and substantial arm is the Springfield rifle, with the Borcan improvement, which changes it to a breech-loading rifle.

A Great Railway Enterprise.

The Imperial Mexican Railway, connecting the Capital city with Vera Cruz, a distance of 350 miles, is one of the grandest enterprises ever undertaken. In a distance of 55 miles an elevation of 7,000 feet is to be overcome, corresponding to one hundred and ninety feet per mile, or 2 feet in every 44 feet throughout the whole distance. The most abrupt ascent ever achieved was that on the Copiapa line in Chili, 196 feet per mile in 17 miles; but the chief incline of the Mexican Railway, at Maltrata, will overcome 211 feet per mile in a distance of 23 miles. In achieving this part of the work, the engineers have been called upon to construct over the river Metlac, midway between the cities of Orizaba and Cordova, a viaduct which when completed, will surpass any structure of the kind now existing in the world, and will, of itself, be worth a trip to Mexico to see. This viaduct, to consist of an iron bridge, now nearly completed in England, will carry the road over the Barranca de Metlac at the enormous height of 380 English feet, being nearly 150 feet higher than any such work now extant. About one hundred and sixty miles of this road will be opened this month, and the whole is under contract to be completed on the 30th of April, 1869. The Road is built under the superintendance of Colonel Andrew Talbot an eminent American engineer.

ANECDOTE OF GEN. SCOTT.—The New York correspondent of the Boston Journal relates the following:

"The terms 'Fuss and Feathers,' applied to the old chief, grew out of nothing personal, for he was a man whose personal tastes were very simple. But he was very exact in his discipline, and he required every officer while on duty to be dressed according to his rank in the minutest thing. General Hamilton, who was on his staff, related to me the other day a very characteristic anecdote. The General's headquarters in Mexico comprised two rooms, one opening into the other. In the rear room General Scott slept. One night after the General had retired one of the staff wanted some water. It was in the front room. The evening was warm and the hour late, being near midnight. The officer started to go in his shirt sleeves. He was cautioned against the experiment as a dangerous one, for if the General caught him in his quarters with his coat off he would punish him. The officer said he would risk it; that the General was asleep and he would make no noise. He opened the door softly and went on tip-toe to the water pitcher. He had no time to drink before he heard the tinkle of the bell and the sentinel outside of the door entered. 'Take this man to the guard-house,' was the brief order, and the coatless officer spent the night on a hard plank under guard."

The Rhode Island Legislature has appointed a select committee, with Gov. Burnside at its head, to erect a monument to soldiers from that State who fell during the war.

The necessary excavations for the foundations of the Branch Mint at Carson City, Nevada, are now being made, and it is said that the work will go steadily on until the building is contemplated.

THE NORTH POLE.

Two French gentlemen recently explored the island of Spitzbergen in a manner never before done. They have measured the mountains, mapped the whole of the coast, examined the vegetable products, the geological composition, &c., of the island. They found that the long day extending over several months, during which the sun never sets, becomes intensely hot after a month or two, by the unceasing heat of the sun. In this period vegetation springs up in great luxuriance and abundance. The North Pole is only a matter of 600 miles from the island and it is thought by the two explorers, as by many others, that the Pole itself, and the sea which is supposed to surround it, could be reached from Spitzbergen without any great difficulties being encountered. A singular fact noticed by the explorers in connection with this island is the enormous quantities of floating timber which literally cover the waters of the bays and creeks. A careful examination of those floating logs would, no doubt, lead to a conclusion as to whence and how they came, and probably suggest new theories for the solution of geographical problems connected with the Arctic Seas.

EXTRA TRAIN.—The following good story is again in circulation: A year or two after Tyler's accession, the President contemplating an excursion in some direction, his son went to order a special train of cars. It so happened that the Superintendent was a very strong Whig. On "Bob's" making known his errand, that officer bluntly informed him that his road did not run any special train for the President. "What!" said Bob, "did you not furnish a special train for the funeral of General Harrison?" "Yes," said the Superintendent, patting Bob on the back, "and if you'll only bring your father in that shape, you shall have the best train on the road."

The Governor of Florida has secured control over the education of the freedmen in that State, and reverend Mr. Duncan has been appointed General Superintendent. Thirty-two schools, which are self-sustaining, have been organized in the principal towns. A large majority of the teachers are Southern men, but some are negroes and some are Northerners.

A young girl, named Molly Mohan, accompanied one of the Penian regiments from Wisconsin to the field as its "daughter." She is sixteen years old, the daughter of a Union soldier who died of wounds received at the battle of South Mountain. She is said to be highly educated. She wears trousers and a short woolen dress, on which is embroidered the Irish harp in silk.

The Canadian Parliament has passed a retaliatory tariff, taxing corn and other coarse grains imported into Canada from the United States, 10 cents per bushel. Wheat is exempted, but flour is taxed 60 per cent.

OFFICIAL.

LAWS OF THE UNITED STATES, Passed at the First Session of the Thirty-Ninth Congress.

[PUBLIC RESOLUTION—No. 45.] A RESOLUTION to provide for the payment of bounty to certain Indian regiments. Resolved by the Senate and House

of Representatives of the United States of America in Congress assembled, That the Secretary of War be, and he is hereby, authorized and required to cause to be paid to the enlisted men of the first, second, and third Indian regiments the bounty of one hundred dollars, under the same regulations and restrictions as now determine the payment of bounty to other volunteers in the service of the United States. Approved, June 18, 1866.

[PUBLIC RESOLUTION—No. 48.] JOINT RESOLUTION to authorize the Distribution of surplus copies of the American State Papers in the custody of the Secretary of the Interior.

Be it resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Interior be, and he is hereby, directed to distribute by mail or otherwise four hundred copies of the American State Papers, second series, in seventeen volumes, in the manner following, to wit:

To each member of the Senate and House of Representatives of the present Congress, one copy of each said seventeen volumes; and to such public and college libraries as may be designated by the Joint Committee on the Library, one copy each. Approved, June 23, 1866.

[PUBLIC No.—82.] AN ACT to provide for the revision and consolidation of the statute laws of the United States.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the President of the United States be, and he is hereby, authorized, by and with the advice and consent of the Senate, to appoint three persons, learned in the law, as commissioners, to revise, simplify, arrange, and consolidate all statutes of the United States, general and permanent in their nature, which shall be in force at the time such commissioners may make the final report of their doings.

Sec. 2. And be it further enacted, That, in performing this duty, the commissioners shall bring together all statutes and parts of statutes which, from similarity of subject, ought to be brought together, omitting redundant or obsolete enactments, and making such alterations as may be necessary to reconcile the contradictions, supply the omissions, and amend the imperfections of the original text; and they shall arrange the same under titles, chapters, and sections, or other suitable divisions and subdivisions, with head-notes briefly expressive of the matter contained in such divisions; also with side notes, so drawn as to point to the contents of the text, and with references to the original text from which each section is compiled, and to the decisions of the federal courts, explaining or expounding the same, and also to such decisions of the State courts as they may deem expedient; and they shall provide by a temporary index, or other expedient means, for an easy reference to every portion of their report.

Sec. 3. And be it further enacted, That when the commissioners have completed the revision and consolidation of the statutes, as aforesaid, they shall cause a copy of the same, in print, to be submitted to Congress, that the statutes so revised and consolidated, may be re-enacted, if Congress shall so determine; and at the same time they shall also suggest to Congress such contradictions, omissions, and imperfections as may appear in the original text, with the mode in which they have reconciled, supplied, and amended the same; and they may also designate such statutes or parts of statutes as, in their judgment, ought to be repealed, with their reasons for such repeal.

Sec. 4. And be it further enacted, That the commissioners shall be authorized to cause their work to be printed in parts, so fast as they may be ready for the press, and to distribute copies of the same to the members of Congress, and to such other persons, in limited numbers, as they may see fit for the purpose of obtaining their suggestions; and they shall, from time to time, report to Congress their progress and doings.

Sec. 5. And be it further resolved, That the statutes so revised and consolidated shall be reported to Congress as soon as practicable, and the whole work closed without unnecessary delay.

Sec. 6. And be it further enacted, That the commissioners shall each receive as compensation for his services at the rate of five thousand dollars a year for three years, with the reasonable expenses of clerical service and other incidental matters, not to exceed two thousand dollars annually for such expenses. Approved, June 27, 1866.

[PUBLIC—No. 83]

AN ACT making further provisions for the establishment of an armory and arsenal of construction, deposit, and repair on Rock Island, in the State of Illinois.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of War be, and he is hereby, authorized and directed to change, fix, and establish the position of the railroad across Rock Island, and the bridge across the Mississippi river at and on the island of Rock Island, so as best to accord with the purposes of the government in its occupancy of said island for military purposes; and in order to effect this is authorized to grant to the railroad company a permanent location and right of way on and across Rock Island, to be fixed and designated by him, with such quantity of land, to be occupied and held by the company for railroad purposes, as may be necessary therefor; and that that the said grant and change be made on such terms and conditions, previously arranged, between the Secretary of War and the companies and parties in interest, as will best effect and secure the the purposes of the government in occupying the island.

Sec. 2. And be it further enacted, That the Secretary of War be, and he is hereby, authorized to grant to grant to the companies and parties in interest such other aid, pecuniary or otherwise, towards effecting the change in the present location of their road and bridge and establishing thereon a wagon road for the use of the Government of the United States to connect said island with the cities of Davenport and Rock Island, to be so constructed as not materially to interfere with, obstruct, or impair the navigation of the Mississippi river, as may be adjudged to be fair and equitable by the board of commissioners authorized under the act of April nineteenth, eighteen hundred and sixty-four, entitled "An act in addition to an act for the establishment of certain arsenals," and may be approved by him.

Sec. 3. And be it further enacted, That the provisions of the act, approved April nineteenth, eighteen hundred and sixty-four, entitled "An act in addition to an act for the establishment of certain arsenals," be so extended as to include the small islands contiguous to Rock Island, and known as Benham's, Wilson's, and Winnebago islands.

Sec. 4. And be it further enacted, That the following sums be, and they are hereby, appropriated, out of any money in the treasury not otherwise appropriated, for Rock Island arsenal, to be applied as follows, viz:

To liquidate claims for property in Benham's, Wilson's and Winnebago islands, and for property in Rock Island which has been taken, in pursuance of law, for military purposes, two hundred and ninety-three thousand six hundred dollars, or so much thereof, and no more, as may be necessary to pay the respective claimants such amounts as may be reported by the board of commissioners authorized by the act of April nineteenth, eighteen hundred and sixty-four, and ordered by the United States circuit court to be paid to each.

To secure water-power at the head of Rock Island, one hundred thousand dollars.

To erect store houses for the preservation of arms and other munitions of war, and to establish communication between Rock Island, Iowa, and Rock Island, Illinois, one hundred thousand dollars. Approved, June 27, 1866.

MONDAY, September 10, 1866

Doubtful Goal.

Mr. Downy has written a letter to Sheriff Wyckoff, asking through him—the citizens of King county to contribute liberally to the fund for improving the Natches road. The assurance exhibited in making this application is certainly refreshing, especially when we consider that they have by some "influence" just prevented our favorite route from receiving the benefit of the appropriation to which it was so justly entitled. We do not for a moment suppose that Mr. Downy used any "influence" having a bearing upon the Commissioner's decision, and if we did, an account of the conversation between Mr. Elder and Mr. Downy, at Steilacoom, on the Monday following Mr. Farnsworth's return from examining the Natches route, would disabuse our mind of such an impression. Mr. Downy inquired of Mr. Elder where his interest was, whether in Pierce or Thurston counties? Mr. Elder answered in both, we believe. Then, said Mr. Downy, if you have any "influence" with Mr. Farnsworth, you had better use it, as I am afraid he will decide in favor of the Snoqualmie Pass, as he considers it the best route. (This is the substance of the conversation as related to us, though not in the exact words.) Mr.

At a meeting of the citizens of King county, held in Seattle, on the evening of Sept. 4th, Mr. John Denny was called to preside and Mr. Richardson was chosen Secretary.

On taking the Chair, Mr. Denny stated the objects of the meeting in a brief but forcible speech.

On motion of Mr. Terry, the Chair appointed a committee of three to draft resolutions, expressive of the opinion of the citizens of King county in reference to Farnsworth's decision in regard to the Snoqualmie and Natches passes. The Chair appointed Messrs. Terry, Reynolds and Andrews.

Mr. Wyckoff presented a letter from Mr. Downy.

Mr. Yesler moved the letter be answered by Mr. Denny.

A motion was made that the County Commissioners be requested to order the immediate opening of the Snoqualmie road as laid out from its junction with the Cedar river road to Ranger's Prairie.

On motion, Mr. Denny was requested to report to the County Commissioners the action of the meeting.

JOHN DENNY, Pres't.
E. RICHARDSON, Sec'y.

PREAMBLE AND RESOLUTIONS.

WHEREAS an examination of the Snoqualmie Pass was made in June last, by Mr. Levi Farnsworth, Commissioner, in accordance with the provisions of an act of the Legislature, and advice given by Mr. Farnsworth to Mr. John Denny, Sub Commissioner, to go on with the work, thereby virtually deciding in favor of the Snoqualmie Pass: and WHEREAS said Commissioner Farnsworth has since—and long after the time

A meeting was held on the fourth inst. to give expression to the sentiment of the citizens of King county in relation to the matter of the decision of Road Commissioner Farnsworth, and to consult upon what action should be taken in regard to completing the Snoqualmie road. Mr. John Denny made an able speech, showing the imperative necessity of this road to this section of country, and it will be well for us if his advice be heeded and the road completed at the earliest possible period.

A man by the name of James M'Clusky, residing at Sehome, Bellingham Bay, was reported as being drowned on the 4th inst. He had resided eight years at Bellingham Bay, and was in the habit of running a boat to Whidby Island. His boat was found floating about with the sail partially lowered, and it was believed that he had fallen or been knocked overboard.

A ball was given by the ladies of Seattle, at Yesler's Hall, Wednesday evening last, the proceeds of which were to be applied to paying freight charges on an organ for the Episcopal Church. The ball was well attended, and passed off pleasantly.

For goodness' sake change the name of the sheet.—Standard.

No, we won't do it! We intend it shall bear the infliction to the end of the present volume. It is the strongest proof we can

The Greek Mythology vindicated.

It is safe to say that the idea of the one God above all was prominent in the thought, the literature and the daily life of the Greeks, as it was among the people who whiten the path to Jerusalem with the bones of their crusaders, and build the cathedrals of Europe to protect and commemorate the relics which they brought back with them. In both cases there was an underlying belief in the God, a substratum of genuine divinity, down in the hidden depths of their consciousness which they were always seeking to bring up into the clear light of day. These semi-divine beings were the resting places, half way between heaven and earth, where the human soul, designing the first idea of the First Cause, but not yet strong enough for so bold a flight, stayed to nurture itself awhile for the final ascent.

The attitude of the mediaeval Catholic towards the patron saint of his family or city was just and precisely the attitude of the Greek toward his titular divinity. The lively imagination of the Greeks kept their Gods occupied meddling with human affairs, intermeddling with each other—very eccentric and undivine in their behavior sometimes, but yet ever going towards justice and virtue; while the sluggish and uncultivated temper of the mediaevals could find nothing for their divinities to do but to listen to their devotions, perhaps annually winking a doubtful recognition.

Homer takes the gods as the standard measure of the highest human virtue; and all things of good report among men were called like a God. The just appealed to the gods against unjust, the innocent against the guilty,

Administrator's Notice.

Territory of Washington
County of King.
Estate of Charles Plummer, deceased.

Offers his professional services to the inhabitants of Seattle and vicinity in the various branches of Medicine and Surgery.

Thankful for past patronage he hopes to merit a continuance of the same. April 5th, 1886. nol:tf

FR. N. H. MEDICAL OFFICE.

Dr. JULIEN PEREAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University, Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

Dr. PEREAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Astor Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco, Rooms No. 9, 10, 11, first floor, up stairs, entrance on either Montgomery or Sacramento streets.

Dr. PEREAULT's studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual Faculties are weakened, Loss of Memory ensues, Ideas are clouded, and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptoms are pimples in the face, and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PEREAULT, either in person or by letter, as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage, Gonorrhoea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

Dr. PEREAULT's diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfill our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures. Ladies suffering from any complaint incidental to their sex, can consult the doctor with the assurance of relief.

FEMALE MONTHLY PILLS.

Dr. PEREAULT is the only agent in California for Dr. BIRD'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PEREAULT, corner of Sacramento and Montgomery streets, Rooms 10 and 11, or Box 973, P. O. San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc. All communications confidential. nol:1y2

STOP THAT COUGHING.

SOME OF YOU CANT, AND WE SPITE YOU. You have tried every remedy but the ONE destined, by its intrinsic merit, to supersede all similar preparations. It is not surprising you should be reluctant to try something else after the many experiments you have made of trashy compounds foisted on the public as a certain cure; but

**NEWELL'S
PULMONARY SYRUP**

is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis, and Consumption. Thousands of people in California and Oregon have been already benefitted by the surprising curative powers of

**NEWELL'S
PULMONARY SYRUP**

and with one accord give it their unqualified approbation. We now address ourselves to all who are unacquainted with this, the great Panacea of the age, for the healing of all diseases of the Throat and Lungs, assuring you that

**NEWELL'S
PULMONARY SYRUP**

has cured thousands and it will cure YOU if you try it.

This valuable medicine is pleasant to the taste; soothing, healing and strengthening in its effects; entirely free from all poisonous or deleterious drugs, and perfectly harmless under all circumstances.

Certificates from many prominent citizens of San Francisco accompany every bottle of

**NEWELL'S
PULMONARY SYRUP.**

**FLORENCE
SEWING MACHINES.**

Copy of the Report of the Committee of Awards at the Fair of the

AMERICAN EXHIBITION, NEW YORK, 1885.

To the FLORENCE SEWING MACHINE CO., for the Best Family Sewing Machine.

Highest Premium! Gold Medal!

REASONS:

- 1st. Its simplicity and great range of work.
- 2d. The reversible feed motion.
- 3d. The perfect finish and substantial manner in which the machine is made.
- 4th. The rapidity of its working, and the quality of work done.
- 5th. The self-adjusting tension.

The "Florence" was awarded the First and Highest Premium at the State Fair of California, the only Fair on the Pacific Coast at which any two double thread Sewing Machines were exhibited in competition in 1885.

The FLORENCE received the only premium awarded by the Mechanics' Institute, of San Francisco, in 1864 and 1865, to any Sewing Machine. Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the FLORENCE has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficient, and its use is easily learned. Every machine sold is guaranteed in the full sense of the word. Send for Circulars and Samples of Work.

SAMUEL HILL, General Agent, 111 Montgomery St., San Francisco. 9ly
