# PUGET SOUND WEEKLY.

VOL. 1.

SEATTLE, WASHINGTON TERRITORY, SEPT. 24, 1866.

NO. 27.

**PUGET SOUND WEEKLY.**  
PUBLISHED EVERY MONDAY, BY  
**GEO. REYNOLDS.**  
SEATTLE, W. T.

### TERMS:

[INVARIABLY IN ADVANCE.]

For One Year, . . . . . \$ 4 00  
For Six Months, . . . . . \$ 2 50  
Per Month, . . . . . 50 Cents  
Single Copies, . . . . . 12 1/2 Cents

### ADVERTISING RATES:

One square (ten lines or less,) first insertion, \$ 2 00  
Each subsequent insertion 1 00  
Monthly advertisements inserted at liberal rates by special contract.  
Legal advertisements, advertisements from a distance and transient notices, must be accompanied by the cash.  
Notices of births, marriages, and deaths inserted free of charge.  
Legal Tender notes received at market value.

### A Good Shot.

"It is now," said Von Wyck, "many years since, in this very place where I stand, I ventured to take one of the most daring shots that was ever hazarded. My wife was sitting within the house near the door, the children were playing about her, and I was without, busied in doing something to a wagon, when suddenly, though it was mid-day, an enormous lion appeared, came up, and hid himself quietly down in the shade, upon the very threshold of the door! My wife, either frozen with fear, or aware of the danger attending any attempt to fly, remained motionless in her place, while the children took refuge in her lap. The cry they uttered attracted my attention, and I hastened towards the door; but my astonishment may well be conceived, when I found the entrance to be barred in such a way. Although the animal had not seen me, alarmed as I was, escape seemed impossible; yet I glided gently, scarcely knowing what I meant to do, to the side of the house, up to the widow of my chamber, where I knew my loaded gun was standing. By a most happy chance, I had set it in the corner close by the window, so that I could reach it with my hand; for the opening was too small to admit my having got in; and still more fortunately, the door of the room was open, so that I could see the whole danger of the scene. The lion was beginning to move, perhaps with the intention of making a spring. There was no longer any time to think; I called softly to mother not to be alarmed, and invoking the name of the Lord, fired my piece. The ball passed directly over the hair of my boy's head, and lodged in the forehead of the lion immediately above his eye, which shot forth, as it were, sparks of fire, and stretched him on the ground, so that he never stirred!"

There is a shop kept by an old maid in Southampton, England, in the window of which appear these words in large letters, "No reasonable offer refused."

An auction of hair of young girls who have taken the veil was recently held at a convent in Paris, when 800 pounds of hair was sold for £1,200.

### The Carolina Twins.

This strange freak of nature is the blending together of two colored girls in a manner more thorough than the link of the Siamese twins. In the case of the latter, a ligament about two inches and a half in diameter binds the twins together in the region of the stomach, and this ligament being the only point of connection between the brothers, the individuality of each is distinct, except in respect to this link. The Carolina twins, as this latter wonder is styled, are placed together, back to back, and instead of a mere ligament, the bodies are actually blended into one from the bottom of the trunk to a short distance below the lower ribs. Throughout the point of contact there is but a single spinal column. Above the connecting point the spine branches off, forming two distinct human beings, with separate stomachs, two hearts, two heads, the regular allowance of arms, etc. Below the point of contact there is the proper supply of legs for two persons; but in each, the nerves of sensation, which center in the spinal column, affect both girls precisely in the same degree, while there is independent action above the point of contact. To explain our meaning better, we would say that if a visitor were to touch Mills upon the toe, Christiana would immediately turn her head in response to the touch; while pinches upon the arm, or a touch on any part of the body above the point of contact, would be only felt by the person touched.

Except the part of the body where the twins are blended into one, and where one set of functions serve the purpose of both, there are but few points of difference between these strange children and ordinary humanity. Most curious among the exceptions is the fact, that, while the heart of one of the girls is in its proper place, that organ is upon the right side of the other. Their pulses never beat in common, there being a complete alternation in their beatings, and both working with the regularity of a pendulum. The girls are bright and intelligent for their condition in life. They sing, play, dance, read, write and converse, and do all that with sprightliness and good humor. They chat with each other almost incessantly when not otherwise occupied; and the two talk with different persons on different subjects at the same moment. They seem perfectly cheerful in their strangely blended condition, declaring that they know of no inconvenience resulting from it, and protest that they would be unhappy if they were separated, were such a thing possible.

The twins are about fourteen years old. They were born in Columbus county, North Carolina. Their father and mother were healthy, well-formed persons, and the mother gave birth to sixteen children, besides the strange pair whom we have attempted to describe. All their brothers and sisters were properly formed boys and girls. North Carolina, which was the birth place of these twins, seems to enjoy a sort of monopoly

of such strange natural productions. It will be remembered that the Siamese twins have made their home in that State.

**WANTED THE KNOT TIED.**—A correspondent "Down East," in a "matterful" note to the editor, relates the subjoined incident. Perhaps he didn't want it printed; but we run the risk for it is too good to keep: He says he was taking a sleighride with a very pretty girl, when he encountered a Methodist minister, a favorite gospel itinerant in all the region round about. He stopped him and asked hurriedly:

"Can you tie a knot for me?"  
"Yes," replied Brother B.,  
"I guess so; when do you want it done?"

"Well, right away," was the reply.

"Is it lawful though, here on the highway?" asked the brother.

"I never thought of that."

"I don't know," was the response made, just as a young briefless lawyer drove up, to whom the case was submitted.

"It depends on what kind of a knot he wants tied," was the decision.

"I want a knot tied on my horse's tail to keep it out of the snow!" shouted the wicked wag as he drove rapidly away, fearing lest the minister in his profane wrath should "fall from grace." At a safe distance he "slowed," and heard the lawyer demanding five dollars from the minister for professional services! Rather sharp practice, but his first case, and probably a knotty one.

A letter from a Brazilian officer describes some of the beauties of soldiering in South America: "Amphibious creatures are abundant. In my tent I have already killed four snakes. Every morning I find myself accompanied by a body guard of fifteen or twenty monstrous toads, which have quietly spent the night under the corners of the hides that serves me as a bed. Enormous alligators promenade regularly from lake to lake every night. In a Major's tent, the other day, one was killed that measured six feet in length, and an unfortunate Brazilian soldier was unexpectedly taken off his legs by one of these horrible creatures and carried into the nearest lake."

Advices from the Island of Caudin says that the Christian population have demanded certain measures of reform from the Turkish Government, which being refused, they had risen in arms and displayed the standard of the protecting powers. The Governor treats the Christians as rebels, and has sent for a reinforcement of Turkish troops. There has been some fighting, and the United States Consul has sustained damage.

It is affirmed that the shape of a kiss is elliptical. This must be derived from the sensation one experiences when enjoying the luxury, for it is certainly a lip tickle.

An aged bachelor being asked if he ever witnessed a public execution, replied: "No; but I once saw a marriage."

## OFFICIAL.

**LAWS OF THE UNITED STATES,**  
Passed at the First Session of the  
Thirty-Ninth Congress.

[PUBLIC—No. 97.]

AN ACT concerning certain lands granted to the State of Nevada.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the appropriation by the constitution of the State of Nevada to educational purposes of the five hundred thousand acres of land granted to said State by the law of September fourth, eighteen hundred and forty-one, for purposes of internal improvement, is hereby approved and confirmed.

SEC. 2. And be it further enacted, That land equal in amount to seventy-two entire sections, for the establishment and maintenance of a university in said State, is hereby granted to the State of Nevada.

SEC. 3. And be it further enacted, That the grant made by law of the second day of July, eighteen hundred and sixty-two, to each State, of land equal to thirty thousand acres for each of its Senators and Representatives in Congress, is extended to the State of Nevada; and the diversion of the proceeds of these lands in Nevada from the teaching of agriculture and mechanical arts to that of the theory and practice of mining, is allowed and authorized without causing a forfeiture of said grant.

SEC. 4. And be it further enacted, That the President of the United States, by and with the advice and consent of the Senate, shall be, and he is hereby, authorized to appoint a surveyor general for Nevada, who shall locate his office at such place as the Secretary of the Interior shall from time to time direct, whose compensation shall be three thousand dollars per annum, and whose duties, powers, obligations, responsibilities, and allowances for clerk hire, office rent, fuel and incidental expenses shall be the same as those of the surveyor general of Oregon, under the direction of the Secretary of the Interior, and such instructions as he may from time to time deem it advisable to give him.

SEC. 5. And be it further enacted, That in extending the surveys of the public lands in the State of Nevada, the Secretary of the Interior may, in his discretion, vary the lines of the subdivisions from a rectangular form, to suit the circumstances of the county; but in all cases lands valuable for mines of gold, silver, quicksilver, or copper shall be reserved from sale.

SEC. 6. And be it further enacted, That until the State of Nevada shall have received her full quota of lands named in the first, second, and third sections of this act the public lands in that State shall not be subject to entry, sale, or location under any law of the United States, or any scrip or warrants issued in pursuance of any such law except the homestead act of May twentieth, eighteen hundred and sixty-two, and acts amendatory thereto, and the acts granting and regulating pre-emptions, but shall be reserved exclusively for entry by the said State for the period of two years after such survey shall have been made: Provided, That said State shall select said lands in her own name and right, in tracts of not less than forty acres, and dispose of the same in tracts not exceeding three hundred and twenty acres, only to actual settlers and bona fide occupants: And provided, further, That city and town property shall not be subject to selection under this act: And provided further, That this section shall not be construed to interfere with or impair rights heretofore acquired under any law of Congress.

Approved, July 4, 1866.

[PUBLIC—No. 98.]

AN ACT granting lands to the State of Oregon, to aid in the construction of a military road from Corvallis, to the Acquianna Bay.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there be, and is hereby, granted to the State of Oregon, to aid in the construction of a military wagon road from the town of Corvallis to the Acquianna Bay, three alternate sections per mile from the unoccupied public lands, designated by odd numbers, and not more than six miles from said road: Provided, That the lands hereby granted shall be exclusively applied in the construction of said road, and shall be disposed of only as the work progresses; and the same shall be applied to no other purpose whatever: And provided further, That any and all lands heretofore reserved to the United States by act of Congress, or other competent authority, be, and the same are, reserved from the operation of this act, except so far as it may be necessary to locate the route of said road through the same, in which case the right of way is granted.

SEC. 2. And be it further enacted, That the said lands hereby granted to said State shall be disposed of by the legislature thereof for the purpose aforesaid, and for no other; and the said road shall be and remain a public highway for the use of the United States, free from tolls or other charges upon the transportation of any property, troops, or mails of the United States.

SEC. 3. And be it further enacted, That said road shall be constructed with such graduation and bridges as to permit of its regular use as a wagon road, and in such other special manner as the State of Oregon may prescribe.

SEC. 4. And be it further enacted, That the lands hereby granted to said State shall be disposed of only in the following manner, that is to say: When the governor of said State shall certify to the Secretary of the Interior that any ten consecutive miles of said road are completed, then a quantity of land hereby granted coterminous to said completed portion of said road, not to exceed thirty sections may be sold, and so from time to time until said road is completed; and if said road is not completed within five years, no further sales shall be made, and the land remaining unsold shall revert to the United States.

Approved, July 4, 1866.

AN ACT to create an additional Land District in the State of Oregon.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the President of the United States be, and he is hereby, authorized to establish an additional Land District in the State of Oregon, and to fix from time to time the boundaries thereof, which district shall be named after the place at which the office shall first be established; and the President shall be authorized hereafter, from time to time, as circumstances may require, to adjust the boundaries of any and all Land Districts in said State, and change the location of the Land Office from time to time when the same shall be expedient.

SEC. 2. And be it further enacted, That the President is hereby authorized to appoint, by and with the advice and consent of the Senate, or during the recess thereof, and until the end of the next ensuing session, a register and receiver of said Land District, who shall be required to reside at the site of the office, shall be subject to the same laws and responsibilities, and whose compensation and fees shall be respectively the same per annum, as are now allowed by law to other Land Officers in said State.

Approved, July 3, 1866.

## THAT ROAD QUESTION AGAIN.

A correspondent of the Washington Standard says:

"Now we think the people of one county have just as much right to a road as the people of another, if they can get it, whether it is a favorite one or not, provided it is had by honest means."

Exactly so! "provided it is had by honest means." That was all the people of King county asked. They were willing the decision for or against the Snoqualmie Pass, should be rendered upon its merits alone. "Honest means" were all they relied upon, and they scorned to use any other means. No unfair influences were used by them in any manner whatever, to bias the Commissioner in deciding. They gave no little supper, where, in a genial moment, under the influence of hospitality, the Commissioner's good nature and friendship could be worked upon to prejudice him in favor of their route. You got the decision in your favor—by what means you best know—and two thousand dollars more will be thrown away on a route that the Government has expended \$50,000 or \$60,000 upon, and that, too, without making a road over which even an empty wagon can pass in safety.

Again:

"Now does any sane [man] believe that Mr. Farnsworth pledged himself to John Denny to work out the Snoqualmie pass without first reviewing the Natches pass also? We say no."

The resolution does not assert that Mr. Farnsworth pledged himself to Mr. Denny "to work out the Snoqualmie pass" or to decide in favor of it either. It simply said that in his letter to Mr. Denny he virtually decided in favor of that pass, which is strictly true, as the language of the letter proves. Here is the letter, all excepting a statement of the time and expenses of making the exploration, which is omitted:

VANCOUVER, JUNE, 27, 1866.

To Hon. John Denny:

DEAR SIR: After leaving your place last Saturday, I made the best of my way to Vancouver as fast as possible, and arrived here late last evening, but called on Mr. Downy at Steilacoom and informed him that I was ready to explore the Natches Pass through the Cascade Mountains, provided that he was ready, or that I would attend to it at some future

specified time during the present season, the day and time to be named by himself, which he declined to do until he could see Frank, and that Frank was then in Olympia—of course he meant Frank Clark,—and under such unfavorable auspices, and under the circumstances in which I was placed I thought it advisable to make the best of my way home at the least possible expense of time and money. Before parting with Mr. Downy he said that after consulting with Frank if they thought it advisable to explore the pass that he would so inform me, but I learned by Mr. Downy that there had been no action taken in Pierce county towards raising the money in order to entitle them to draw on the Territorial treasury, and after learning all these facts I about arrived at the conclusion that the whole thing rested upon whatever Frank Clark might think proper to do, and that he, Frank Clark, was the chief and principal dictator of the whole matter as far as Pierce county is concerned, and God only knows how he may dictate. I would advise you, however, to go on and raise the funds and commence operations and PUT THE ROAD THROUGH WITHOUT DELAY, but do not think that you will derive much benefit from Pierce county; this, however, you will keep private, as I do not wish to throw cold water on the enterprise.

With due respect,  
I remain yours,  
LEVI FARNSWORTH.

If the correspondent is at a loss to know how Mr. Denny got the impression that Mr. Farnsworth was going to decide in favor of the Snoqualmie pass, perhaps this letter will throw some light upon his benighted understanding. Mr. Denny "did not go on with the work" because he was not willing to commence it until Mr. Farnsworth had explored the Natches pass and made public his decision, and so wrote Mr. F., immediately, on the receipt of his letter. There was no "clashing" whatever in the course pursued by Mr. Denny. It was straightforward and honest. The contemptible insinuation of holding out inducements to Mr. Farnsworth, are not worthy of notice, as the integrity of Mr. John Denny is too well known to suffer from the insinuations of a petty slanderer. The correspondent raves like a man writhing under the accusations of a guilty conscience, and who, culprit like, would shift the odium off his own shoulders on to those of an innocent party. The whole weight of his wrath is hurled at Mr. Denny as the author of the resolutions, which is not the case, as the committee appointed by the meeting are the authors, and responsible for them. But enough of this. We only intend to give the facts in the case and let the public make their own deductions. At present we will make no comments on the letter, as it and Mr. F.'s report, and the disregard of the intent of the law authorizing the exploration, we shall give a thorough reviewing in future.

We would ask, however, why did Mr. Farnsworth urge Mr. Denny to go on with the work?

Simply because he was convinced that the Snoqualmie was the best pass in the Cascade Mountains, and the one to which it would be his duty to give preference. He declared, while here, to Mr. Terry, Mr. Yesler, Mr. Denny, and a number of other gentlemen, that he did not believe before he explored it, (the Snoqualmie) that there was "half so good a pass in the Cascade Mountains," and it is evident that in consequence of entertaining that view of the matter, he wrote the letter advising the immediate commencement of the work.

## SHIPPING.

San Francisco, 21.—Arrived, 20th, ship Coquimbo from Port Madison; 21st, bark George Washington, 13 days from Free Port; brig T. W. Lucas, 12 days from Utsalady.

Sailed—21st, steamer Orizaba for Portland.

San Francisco, 21.—Gold was quoted at 144 in New York yesterday. Legal tenders in San Francisco dull at 71½ buying and 71½ selling.

## EASTERN NEWS.

Chicago, 21.—By express orders from the President, clerks of the White House are forbidden to furnish the press with lists of appointments.

New York, 22.—The Herald's Montreal dispatch says: Gen. Meade left this city to-day, after receiving marked attention from the military authorities.

It is reported that the Fenian force is gathering on the Vermont border of this Province, and there is considerable excitement in Huntingdon, Canada.

Chicago, 22.—A Washington special says Secretary Seward is rapidly failing, and it is feared he cannot survive much longer.

Washington, 22.—The President has decided that in consequence of the pressure of public business, he will be hereafter obliged to decline receiving any committees or delegations whose object is to present programmes for removals and appointments.

Toronto, C. W., 22.—This evening the telegraph says the Government circular issued to country police magistrates, advises the seizure of arms in the possession of parties who they consider dangerous to the public peace, and suggesting that all persons known or suspected of having connection with the Fenians be vigorously prosecuted.

## SHIPPING.

San Francisco, 22.—Arrived, 21st, steamer Sierra Nevada, 54 hours from the Columbia river, 22d, bark Eathen Allen, 22½ days from Honolulu.

Sailed—22d, brig Franklin Adams, for Victoria.

I. M. HALL,  
ATTORNEY

AND  
COUNSELOR AT LAW,

## Tax Notice.

NOTICE is hereby given that the County Tax List for the year 1866 has been placed in my hands for collection. All taxes not paid before the first day of November, 1866, will be returned as delinquent, and ten per cent. added, and placed in the hands of the Sheriff for collection.

O. C. SHOREY,  
Treasurer of King county.  
Seattle, Sept. 3, 1866—n24:2m

## Dissolution.

NOTICE is hereby given, that the partnership heretofore existing between William & John Alexander, was dissolved by mutual consent on the 27th day of August, 1866. John Alexander will continue to manufacture brick at the old place, and will pay all debts contracted by the old firm.

JOHN ALEXANDER,  
WM. ALEXANDER.  
Seattle, Aug. 27, 1866—n7:4w

## WE THINK THERE IS

no Medicine so efficacious in removing humors from the blood as SCOVILL'S BLOOD & LIVER SYRUP. It is recommended by Physicians in all parts of the country, for the cure of Scrofula, and other diseases of the Cuticle. Pimples or Sores indicate that the system is out of order. Unless something is done to cleanse the blood of these impurities, the result may be a more serious disease, such as Scrofula, Syphilis, etc. Those who wish to find a most efficacious remedy, and yet have no confidence in Patent Medicines generally, will never regret a trial of Scovill's Blood and Liver Syrup. REDINGTON & Co., Agents, 416 and 418 Front St. San Francisco. Sept. 3, 1866—n24:6m

## Special Notice

The Best Remedy for Purifying the Blood, Strengthening the Nerves, Restoring the Lost Appetite, is FRENCH HAMBURG TEA. It is the best preservative against almost any sickness, if used timely. Composed of herbs only, it can be given safely to infants. Full directions in English, French, Spanish and German, with every package. TRY IT! For sale at all the wholesale and retail drug stores and groceries. EMIL FRENSE, Wholesale Druggist, Sole Agent, 410 Clay street, San Francisco no18;ly

## Notice.

NOTICE IS HEREBY GIVEN THAT at the July Term of the Probate Court of King County, W. T., the undersigned was appointed guardian of William Greenfield, and will proceed at once to take charge of all the property, both real and personal, of the said Greenfield, according to law.

PUGET SOUND WEEKLY.

MONDAY, September 24, 1866.

**LIST OF PASSENGERS.**—The following named passengers arrived by the *Josie McNear* from Victoria on the 20th inst:

Mrs. C. C. Terry, Mrs. Butler, Miss Stuart, Mrs. Shorey, Mr. G. Kellogg and wife, Mr. Marks, J. Simon, B. E. Collard, J. Kennedy, R. King, J. G. Sterling, B. Longfellow, W. Gilliam and two Chinamen.

The "*Josie*" had 64 passengers from Victoria for ports along the Sound.

Mr. Wm. Perkins with a number of men is now at work opening a road to Ranger's Prairie. It is the intention to complete the road to that point in thirty days.

The officers of the steamer *McNear* will please accept our thanks for files of Victoria and New Westminster papers.

**TELEGRAPHIC.**

[SPECIAL TO THE WEEKLY.]

CALIFORNIA.

San Francisco, September 19.—Donahue, who shot Patterson in Walla Walla about a year ago, was arrested here to-day. The shooting was done in a barber shop, while Patterson was being shaved. Donahue was tried and the jury disagreed, and pending a second trial, he made his escape, and nothing has been known of his whereabouts since until it was ascertained that he had come to this city. He had shipped as a marine on board the *Vanderbilt*. He has the reputation of being a dangerous character. Patterson, whom he killed, was the man who shot Captain Staples of the steamship *Brother Jonathan* in Portland, a few years ago. He will be sent back to Oregon for trial.

SHIPPING.

Arrived—September 18th—Ship *Caroline Reed*, 12 days from Bellingham Bay with a cargo of coal; bark *Emily Banning*, 11 days from Bellingham Bay, with a cargo of coal. September 19—Bark *Huntsville*, 15 days from Port Ludlow, with a cargo of lumber.

Sailed—September 19—Bark *Rival*, for Puget Sound; bark *Pride of the Sea*, for Sydney.

Victoria 21.—The English ship *Belmont*, which sailed from Victoria for Toulon, France, Wednesday afternoon, came into collision the same night with an unknown vessel in the Straits of Fuca off Rooke harbor, and sustained serious damage. The stranger must have been cut down to the water's edge, as part of her deck load was seen floating by the *Belmont* after the vessels had separated. The *Belmont* struck the other just abaft the foremast, carrying away her own bowsprit and springing her foremast. The fog was very dense and the stran-

ger was lost sight of almost immediately. The *Belmont* was worked into Beeby Bay, where it was found that she was not making water, and the Captain came on to Victoria in a canoe for assistance. H. M. S. *Scout* was dispatched to the spot this morning. It is believed that the strange vessel was the ship *Rodoma*, laden with spars and lumber for China, which also sailed from her on Wednesday.

CALIFORNIA.

San Francisco, 20.—Arrangements are being made to give Queen Emma a suitable reception. A Salute of 21 guns from Fort Point will be fired, the Revenue Cutter *Shubrick* will proceed outside the harbor to meet the steamer *Sacramento*, bearing the distinguished visitor, fire a national salute, and then with the royal standard at her foremast, escort the steamer into the harbor. Information has been received that the Government will place the U. S. steamer *Vanderbilt* at the disposal of Queen Emma, for the purpose of conveying her home. The alleged case of cholera on board of the steamer *Moses Taylor* on her voyage from San Juan Del Sur here, is contradicted. Dr. Geo. Newton, who was acting surgeon, says no cholera symptoms were manifested by any of the passengers. There was as usual on the Isthmus steamers several cases of diarrhoea, and four deaths.

EASTERN NEWS.

New York, 18.—A forward movement of stocks is fully inaugurated, and gold is weak in anticipation of large receipts from European Governments; stocks quiet and firm.

The Irish Executive committee, headed by Dr. Lizzel, John Hogan, of Missouri, Col. O'Brien, and others of prominence, had an interview with the President this forenoon.

Toronto, 18.—The Bank of Upper Canada suspended payment this morning.

FOREIGN NEWS.

Paris 17.—A French circular says the recent changes in Europe are favorable to France. Prussia and Italy are drawn nearer in interests. Austria has now no hostile interest. The convention at Prague will be loyally carried out. The navies of the second class Powers assume the liberty of the Baltic and Mediterranean.

Paris, 17.—It is said that the Emperor has refused to allow the officers of the French army to hold office in Mexico, owing to the protest of the United States Government.

EASTERN NEWS.

Cleveland, 18.—The Soldier's Convention elected Gen. Gordon President, who said: Comrades, with an earnest and sincere desire to aid you in your effort to secure peace and prosperity over the country, I promise you my best efforts to discharge the duties you have imposed upon me.

Louis D. Campbell moved for the appointment of a committee on resolutions, and that there be

a National Executive committee appointed, which was carried.

Gen. Wool addressed the Convention, and congratulatory telegrams were read from Gen. Dix, Taylor, etc.; also the following telegram, which was received with loud applause.

Memphis, 16.—To the President of the Soldier's Convention at Cleveland: The soldiers of the late Confederate army met here to-day, and directed the undersigned to congratulate your Convention on your efforts to restore peace and quietude to the country, and to express their deep sympathy with your patriotic purpose; and further, to assure you that the Confederate soldiers are willing to leave the determination of their rights as citizens of States and of the United States to soldiers of the Union, and on our part we pledge security to life, person and property, and freedom of speech and opinion to all. A mass meeting will be held Tuesday night to give formal expression to their purpose and sentiments. (Signed,) N. B. Forrest, L. Settles, Galloway, Matthews, Duprey, and others.

The Convention appointed a committee who sent the following answer: Soldier's and Sailor's Convention at Cleveland, to N. D. Forrest, etc.: The National Union Convention assembled here are profoundly grateful for the patriotic sentiments expressed in your dispatch. We hail with pleasure every effort to restore peace and prosperity and brotherly affection throughout our country. War has its victories, but peace and Union are blessings for which we will manfully contend until harmony and justice are restored under the Constitution. Signed by Generals Grainger, Steadmen, Custas, Wool Crittenden and Governor Bromlette.

The Convention then adopted resolutions and an address to the people, and adjourned *sine die*.

Chicago, 19.—The New Jersey Legislature yesterday elected Alexander M. Cottle, of Camden, United States Senator, vice Stockton. The Democratic members entered a protest against the election, claiming that there was no vacancy, and that the law of Congress prescribing the mode of electing Senators is totally unconstitutional.

Washington, 19.—The Cabinet meeting to-day continued several hours, and was attended by all the members of the Cabinet excepting Mr. Seward.

The condition of Secretary Seward continues improving; he sat up a short time this evening, and his recovery is hopefully anticipated.

Caution.

ALL PERSONS ARE HEREBY CAUTIONED against buying or in any way becoming interested in any of the property, either real or personal, formerly belonging to the late firm of Williamson and Greenfield, Merchants, of Seattle, W. T., as the title of Joseph Williamson thereto is imperfect, and will be contested.

JOHN T. JORDAN, Guardian of Wm. Greenfield. Pacific Tribune copy, two months, and charge this Office.

**GRAEFENBERG**

**UTERINE CATHOLICON**

If faithfully used according to directions will cure every case of Diabetes, and greatly mitigate the troublesome effects caused by a relaxation of the out let of the bladder. It is a most successful remedy for gravel and other diseases of the Kidneys and Bladder, and for Female Diseases is unequalled. The CATHOLICON uniformly cures Prolapsus Uteri, Whites, all irregularities of the Monthly Turns, Suppression, Incontinence of the Urine, Bloating and Dropsical Swellings, and all Diseases of Pregnancy. The specific action of this medicine is immediate and certain upon the Uterine and Abdominal Muscles and Ligaments; restoring them to as healthy a state as those of childhood and youth, so that patients who have used the GRAEFENBERG COMPANY'S UTERINE CATHOLICON cannot sufficiently express their gratitude for the relief afforded. PUGET SOUND WEEKLY.

MONDAY, September 24, 1866.

OFFICIAL.

LAW OF THE UNITED STATES,  
Passed at the First Session of the Thirty-Ninth Congress.

[PUBLIC No. 94.]

AN ACT for the relief of the members of the thirty-seventh regiment of Iowa volunteer infantry.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there shall be paid to the members of the thirty-seventh regiment of Iowa volunteer infantry the same bounty provided by law, or which may hereafter be provided by law to soldiers enlisted into the volunteer forces of the United States during the year eighteen hundred and sixty-two; and in case any of the members of said regiment are dead or may die before the payment of said bounty, the same shall be paid to their representatives in the same order provided by law for the payment of bounty in other cases.

Approved, July 3, 1866.

[PUBLIC—No. 96.]

AN ACT making a grant of lands in alternate sections to aid in the construction and extension of the Iron Mountain railroad, from Pilot Knob, in the State of Missouri, to Helena, in Arkansas.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there be, and is hereby, granted to the State of Missouri, for the purpose of aiding in the construction and extension of the Iron Mountain railroad, from its present terminus at Pilot Knob to a point on the southern boundary line of the State of Missouri, every alternate section of land, designated by odd numbers, for ten sections in width on each side of said road; but in case it shall appear when the route of said road is definitely fixed that the United States have sold any sections or parts thereof, granted as aforesaid, or that the right of pre-emption has attached to the same, then it shall be lawful for any agent or agents to be appointed by the Governor of said State to select, subject to the approval of the Secretary of the Interior, from the lands of the United States nearest to the tiers of sections above specified so much land in sections or parts of sections, to be selected as aforesaid, as shall be equal to such lands as the United States have sold or otherwise appropriated or to which the rights of pre-emption have attached, which lands thus selected shall be held by the State of Missouri for the use and purposes aforesaid, and for none other: *Provided*, That the lands so located shall be within the Iron Mountain land district as now established and not more than twenty miles from the line of said road: *And provided, further*, That all mineral lands except those containing coal and iron, and any lands heretofore reserved to the United States by any act of Congress or in any other manner by competent authority for the purpose of aiding in any object of internal improvement, or for any other purpose whatever, be, and the same are, reserved to the United States from the operation of this act, except so far as may be found necessary to locate the routes of said railroad through the same, in which case the right of way only shall be granted, subject to the approval of the President of the United States.

Sec. 2. *And be it further enacted*, That there be, and is hereby, granted to the State of Arkansas, for the purpose of aiding in the construction and extension of a railroad from the point where the Iron Mountain railroad intersects the southern boundary line of Missouri, by the nearest and most practicable route, to a point at or near the town of Helena, on the Mississippi river, every alternate section of land, designated by odd numbers, for ten sections in width on each side of said road; but in case it shall appear, when the line of said road is definitely fixed, that the United States have sold any sections or parts thereof, granted as aforesaid, or that the right of pre-

emption has attached to the same, then it shall be lawful for any agent or agents, to be appointed by the Governor of said State, to select, subject to the approval of the Secretary of the Interior, from the lands of the United States nearest to the tiers of sections above specified so much land, in alternate sections, designated as aforesaid, as shall be equal to such lands as the United States have sold or otherwise appropriated, or to which the rights of pre-emption have attached, which lands thus selected shall be held by the State of Arkansas for the use and purposes aforesaid, and for none other: *Provided*, That the lands so selected and located shall in no case be further than twenty miles from the line of said road when the same shall be located: *And provided, further*, That all mineral lands, except those containing coal and iron, and any lands heretofore reserved to the United States by any act of Congress, or in any other manner by competent authority, for the purpose of aiding in any object of internal improvement, or for any other purpose whatever, be, and the same are, reserved to the United States from the operation of this act, except so far as it may be found necessary to locate the routes of said railway through the same, in which case the right of way only shall be granted, subject to the approval of the President of the United States.

Sec. 3. *And be it further enacted*, That the sections and parts of sections of land which shall remain to the United States within ten miles on either side of said road, and the even sections and parts of sections corresponding to the odd ones selected within twenty miles of the same, shall not be sold for less than double the minimum price of the public lands when sold, nor shall any of the said lands become subject to private entry until the same shall have been first offered at public sale to the highest bidder at or above the minimum price as aforesaid: *Provided*, That actual bona fide settlers under the pre-emption laws of the United States may, after the proof of settlement, improvement, and occupation, as now provided by law, purchase the same at the increased minimum price: *And provided, also*, That settlers under the provisions of the homestead law, who comply with the terms and requirements of this [said] act, shall be entitled to patents for an amount not exceeding eighty acres each, any thing in this act to the contrary notwithstanding.

Sec. 4. *And be it further enacted*, That the said railroads shall be, and remain, public highways, so far as the same may be constructed under this act, for the use of the Government of the United States, free of all toll or other charges upon the transportation of any property or troops of the United States, and at costs in all respects of said railroad companies; and the said roads are hereby required to be constructed within the term of five years from and after the first day of July, anno Domini eighteen hundred and sixty-six.

Sec. 5. *And be it further enacted*, That the lands hereby granted to said States of Missouri and Arkansas shall be disposed of by said States for the purposes aforesaid only, and in manner following, namely: Whenever the Governor of either of said States shall certify to the Secretary of the Interior that any section of ten consecutive miles of either of said roads is completed in a good, substantial, and workmanlike manner, as a first-class railroad, and the said Secretary shall be satisfied that said State has complied in good faith with this requirement, the said Secretary of the Interior shall issue to the said State patents for all the lands granted and selected as aforesaid, not exceeding ten sections per mile, situated opposite to and within a limit of twenty miles of the line of said section of road thus completed, extending along the whole length of said completed section of ten miles of road, and no further. And when the Governor of said State shall certify to the Secretary of the Interior, and the Secretary shall be satisfied that another section of said road, ten consecutive miles in extent, connecting with the preceding section or with some other first-class railroad which may be at

the time in successful operation, is completed as aforesaid, the said Secretary of the Interior shall issue to the said State patents for all the lands granted and situated opposite to and within the limits of twenty miles of the line of said completed section of road or roads, and extending the length of said section, and no further, and not exceeding ten sections of land per mile for all that part of said road thus completed under the provisions of this act and the act to which this is an amendment, and so, from time to time, until said roads and branches are completed. And when the governor of said State shall so certify, and the Secretary of the Interior shall be satisfied that the whole of any of said roads and branches is completed in a good, substantial and workmanlike manner, as a first-class railroad, the said Secretary of the Interior shall issue to the said State patents to all the remaining lands granted for and on account of said completed road and branches in this act, situated within the said limits of twenty miles from the line thereof, throughout the entire length of the road and branches; *Provided*, That no land shall be granted or conveyed to said States under the provisions of this act on account of the construction of any railroad or part thereof that has been constructed under the provisions of any other act at the date of the passage of this act, and adopted as a part of the line of railroad provided for in this act: *And provided*, That nothing herein contained shall interfere with any existing rights acquired under any law of Congress heretofore enacted making grants of land to the said States of Missouri and Arkansas to aid in the construction of railroads: *And provided, further*, That should such States or either of them fail to complete the roads herein recited within the time prescribed by this act, then the lands undisposed of, as aforesaid, within the State so failing shall revert to the United States.

Sec. 6. *And be it further enacted*, That as soon as the governor of either of said States shall file or cause to be filed with the Secretary of the Interior maps designating the routes of said roads herein mentioned, then it shall be the duty of the Secretary of the Interior to withdraw from market the lands embraced within the provisions of this act.

Sec. 7. *And be it further enacted*, That nothing contained in this act shall be held as vesting in the State of Arkansas title to the lands herein recited for the trust purpose aforesaid, or authorizing said State to make any disposition of the same, until said State shall be restored in all respects to its former relation to the national government and be represented in the Congress of the United States.

Approved, July 4, 1866.

[PUBLIC—No. 99.]

AN ACT making an additional grant of lands to the State of Minnesota, in alternate sections, to aid in the construction of railroads in said State.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there be, and is hereby, granted to the State of Minnesota, for the purpose of aiding in the construction of a railroad from Hueston, through the counties of Fillmore, Mower, Freeborn, and Faribault to the western boundary of the State; and also for a railroad from Hastings, through the counties of Dakota, Scott, Carver, and McLeod, to such point on the western boundary of the State as the legislature of the State may determine, every alternate section of land designated by odd numbers the amount of five alternate sections per mile on each side of said road; but in case it shall appear that the United States have, when the lines or route of said roads are definitely located, sold any section, or part thereof, granted as aforesaid, or that the right of pre-emption or homestead settlement has attached to the same, or that the same has been reserved by the United States for any purpose whatever, then it shall be the duty of the Secretary of the Interior to cause to be selected, for the purposes aforesaid, from the public lands of the United

States nearest to the tiers of sections above specified, so much land in alternate sections or parts of sections, designated by odd numbers, as shall be equal to such lands as the United States have sold, reserved or otherwise appropriated, or to which the right of homestead settlement or pre-emption has attached as aforesaid, which lands, thus indicated by odd numbers and sections, by the direction of the Secretary of the Interior, shall be held by said State of Minnesota for the purposes and uses aforesaid: *Provided*, That the lands so selected shall in no case be located more than twenty miles from the lines of said road: *And provided further*, That no land shall be granted or transferred by the provisions of this act not included within the jurisdiction of the State of Minnesota: *And provided further*, That any and all lands heretofore reserved to the United States by any act of Congress, or in any other manner by competent authority, for the purpose of aiding in any object of internal improvement, or other purpose whatever, be, and the same are hereby, reserved and excepted from the operations of this act, except so far as it may be found necessary to locate the route of said road through such reserved lands, in which case the right of way shall be granted, provided the United States has yet in possession the title thereto.

Sec. 2. *And be it further enacted*, That the sections and parts of sections of land which by such grant shall remain to the United States within ten miles on each side of said road shall not be sold for less than double the minimum price of public lands when sold, nor shall any of said lands become subject to sale at private entry until the same shall have been first offered at public sale to the highest bidder at or above the minimum price as aforesaid: *Provided*, That actual bona fide settlers under the pre-emption laws of the United States may, after due proof of settlement, improvement, and occupation, as now provided by law, purchase the same at the increased minimum price: *And provided also*, That settlers under the provisions of the homestead law who shall make entries after the passage of this act, upon the sections numbered by even numbers, and who comply with the terms and requirements of said act shall be entitled to patents for an amount not exceeding eighty acres each, any thing in this act to the contrary notwithstanding.

Sec. 3. *And be it further enacted*, That the lands hereby granted shall be subject to the disposal of the legislature of Minnesota for the purposes aforesaid and no other; and the said railroad shall be and remain public highways for the use of the government of the United States, free of all toll or other charges upon the transportation of any property or troops of the United States, and the same shall at all times be transported at the cost, charge, and expense in all respects of the company or corporation, or their successors or assigns, having or receiving the benefit of the land grants herein made.

Sec. 4. *And be it further enacted*, That the lands hereby granted shall be disposed of by said State for the purposes aforesaid only, and in manner following, namely: When the governor of said State shall certify to the Secretary of the Interior that any section of ten consecutive miles of said road is completed, in a good, substantial, and workmanlike manner, as a first-class railroad, then the Secretary of the Interior shall issue to the State patents for all the lands in alternate sections, or parts of sections, designated by odd numbers, situated within twenty miles of the road so completed and lying coterminous to said completed section of ten miles, and not exceeding one hundred sections, for the benefit of the road having completed the ten consecutive miles as aforesaid: *Provided, however*, That the coterminous principle hereby applied shall not extend to such lands as are taken by the said railroad companies to make up deficiencies, provided that no land to make up such deficiencies shall be taken at any point within ten miles upon each side of the line of said roads. When the governor of said State shall certify

that another section of ten consecutive miles shall have been completed as aforesaid, then the Secretary of the Interior shall issue patents to said State in like manner for a like number; and when certificates of the completion of additional sections of ten consecutive miles of said roads are from time to time made as aforesaid, additional sections of land shall be patented as aforesaid, until said roads are completed, when the whole of the lands hereby granted shall be patented to the State for the uses aforesaid, and none other: *Provided*, That if said roads are not completed within ten years from the acceptance of this grant, the said lands hereby granted and not patented shall revert to the United States.

Sec. 5. *And be it further enacted*, That as soon as the governor of said State shall file or cause to be filed with the Secretary of the Interior maps designating the routes of said roads, then it shall be the duty of the Secretary of the Interior to withdraw from market the lands embraced within the provisions of this act.

Sec. 6. *And be it further enacted*, That the United States mail shall be transported on said road, under the direction of the Post Office Department, at such prices as Congress may by law provide: *Provided*, That until such price is fixed by law, the Postmaster General shall have power to fix the rate of compensation.

Approved, July 4, 1866.

REDINGTON & CO'S

Essence of Jamaica Ginger.

This valuable preparation containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to nausea, caused by riding in a railroad-car, or by sea-sickness, or other causes.

It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

REDINGTON & CO,  
SOLE AGENTS FOR THE PACIFIC COAST.  
NO 22—520

Ahead of All Others is the

"Martha Washington"

HAIR RESTORER.

It is used by all and is acknowledged to be superior to any preparation in market.

It keeps the hair soft and glossy.

It changes the hair to its original color.

It prevents the hair falling out.

It prevents premature baldness.

It makes old heads look young, and, in fact, it will do all expected of a good, genuine Hair restorative.

Do not be humbugged by buying any other preparation. Try it, by all means try it, and you will never regret it.

N. B.—Be sure to ask for the "MARTHA WASHINGTON" HAIR RESTORER, and take no other.

REDINGTON & Co. Sole Agents.  
416 and 418 Front St. San Francisco.  
Sept. 3, 1866—221—60

PUGET SOUND WEEKLY.

MONDAY, September 24, 1866.

A foreign correspondent says Napoleon is furious with the French officers for having refused as useless the breech-loading gun. He considered that Prussia beat Austria on account of the superiority of the needle gun, and that France would have encountered a like fate if she had been a party to the war instead of Austria. If we were to judge from the fighting done by the French in Mexico, she needs better soldiers as well as better guns.

GOLD MINES.—We have been informed that there are several men now mining on the Skagit river, with good success. A letter was received from the prospecting party a few days ago at Pen's Cove, brought by an Indian, who, on being questioned, stated that the miners were getting a great deal of gold, and described it as being found in rock. Such is the report, and we give it for what it is worth.

TWO MEN KILLED.—We have learned that a difficulty occurred, some week or ten days ago, between two white men, Harry Spittle, a Mr. Dolan, and some Indians, on the Snohomish river, and that the Indians killed both of the white men. We have not been able to learn the particulars of the murder, or whether steps have been taken to arrest the Indians.

It will be seen by reference to his advertisement in another column, that Mr. David Sires has opened the Pioneer Hotel at Port Townsend, as "Sires' Pioneer Hotel." Mr. Sires will keep a first class house, and will entertain his guests in a style not surpassed by any hotel on the Sound.

Attention is called to the advertisement of the Victoria House, at Victoria, in another column. Persons visiting Victoria, will do well to call at this House. They have just received a large assortment of goods, and will sell as cheap as any House in Victoria.

Congress has appropriated \$10,000 for making a survey of the Isthmus of Darien, with a view to the construction of a ship canal connecting the Atlantic with the Pacific ocean. The survey will be made a little south of the Isthmus of Panama.

We are again indebted to Stratman & Co., for files of Atlantic papers. If you want anything in the news line, send to Stratman & Co., and you will be certain to be suited.

The Douglas' monument is to have a base 50 feet high, a shaft of 40 feet, and a statue of 10 feet surmounting the whole. It is to be composed of white limestone.

Captain Finch, of the Anderson, will accept our thanks for favors.

The Coal Mines. [Communicated.]

The coal lands in the vicinity of Seattle lie in a southeasterly direction from the town, and distant about twelve or fourteen miles. The discoveries east of and nearest Washington lake are about twelve miles from Seattle, and are evidently the western out-cropping of the coal field, while the Squak or Mountain Dell district is the western, it being some five or six miles further from this place than the Lake Washington district.

The veins lie almost in a direct course east and west, and dip or incline northward at an angle of from twenty-five to forty-five degrees. There are a number of these veins of coal of various thicknesses from eight to sixteen feet, with alternate layers of sandstone, the sandstone having the same inclination to the north as the coal. Some of the veins are firmly imbedded in the sand-rock both above and below, while others have an out-cropping formation of a kind of slate or soft shale, filled very full of vegetable fossils of twigs, leaves, vines and ferns. Fossil shells of a marine character have also been found in the vicinity of the Mountain Dell district, showing conclusively that the sea has in the past covered not only all of our low and comparatively level country, but the mountain tops also. An examination of these various rock and coal formations, with their abundant fossils, is very interesting, especially to a person who has an acquaintance with the beautiful and interesting study of geology. We are informed that Messrs. Bagley, Settle, Whitworth, Ross and others, are engaged in opening a No. 1 wagon road, now more than half completed from Lake Washington to the mines in its vicinity, a distance of some three and a half or four miles. This road will cost not far from \$800, the expense of which is borne equally by the parties interested. As soon as this road is completed we may expect to see the coal in market, and selling, probably, at ten to twelve dollars per ton, and I have no doubt but a demand, owing to the superior quality of the article, will be created that will largely exceed the supply of the limited means of transportation. Public attention is, however, being directed to these mines, and the investment of capital in more extended methods of transportation, will fill the demand however largely it may increase.

There is no doubt but that these coal mines, lying at our very doors, as it were, will in a very few years, when proper attention has been directed to their development, prove a source of immense revenue not only to private parties, but to our county and Territory as well.

A proper presentation of facts to the Department, may in the future secure the location of a naval station in this vicinity. We are glad to see a spirit of determination, certainly commendable in the parties interested to prosecute the development of these our most important interests.

While San Francisco is hugging lovingly the illusion that she with her railroad across the continent and her steam lines to China and Japan will control the trade of the world, and collect tribute of both Asia and Europe, let us quietly, but with a determination and will worthy of the object, develop our superior coal mines and open our road through the Cascades, thereby securing the terminus of the Northern Pacific Railroad, and the attention of the

Government to our extensive naval facilities; and we, with our nearer lines to China and Japan, and our less distance across the continent, will share with the mistress of the Pacific, as she (San Francisco) claims to be, of levying tribute upon the commerce of the world, if indeed we do not out-strip her entirely in the next half century. MENTOR.

A far more startling proposition than that of laying a telegraphic wire from Europe to America is the formation of a submarine railway tunnel from England to France. This has been talked of for some years, but has hardly been regarded seriously until the present period. Borings are being made near Dover, Calais, and Boulogne; in order to ascertain the exact nature of the strata which would have to be pierced, it is proposed not only to tunnel from both ends, but to sink shafts in mid-channel, in order to draw up the excavated materials. Should the tunnel ever be completed, it will furnish an unbroken line of rail from London to Paris. The adventure is not as difficult as it might appear at first sight. The chalk and soft limestone rocks which constitute the white cliffs of Albion, dip far beneath the surface of the waters and extend into the interior of France. The character of these rocks will form no insuperable impediment to the rapid progress of the tunnel, whilst it is imagined that they will be yet sufficiently firm and resisting to oppose an effectual barrier to the encroachments of the sea.

AMERICAN NEWSPAPERS IN ENGLAND.—John Bright, in the course of a recent speech, made this statement, in substance, as follows: "He had recently seen a letter from one of the largest cotton spinners and manufacturers and merchants in Lancashire, in which he expressed his regret to find that among his workmen there was growing up a much greater interest in American politics than in the politics of their own country. The gentleman afterwards informed him, in corroboration of this statement, which he asserted to be literally true, that in his mill there were nearly as many American newspapers to be found as there were newspapers of their own country."

A PAINT MINE.—The Oregonian says: Mr. Thompson has discovered a ledge of good fire-proof paint, above the mouth of the Clackamas, in the Cascade range of mountains. Capt. Mills of this city has tested it, and is satisfied that eventually, when there is more of a demand for the article, that it will prove valuable. He says it is as good an article of mineral paint as he ever saw.

The Boise Statesman of August 30th, has the following: The official returns of Owyhee county, give Holbrook 675; Kirkpatrick, 691—Holbrook's majority, 126. The entire county and legislative Democratic ticket was elected by about the same average majority except Sheriff, A. C. Springer, Union, who had 629; G. W. Anderson, Democratic, 564—Springer's majority, 56.

FIRE LOSSES.—The losses by fire thus far during the year 1866, have been enormous, and they exceed the aggregate losses for any previous year. The reported losses of 1866 foot up \$44,286,000, whilst those for the entire year 1865 were \$43,139,000, and no previous year reported an aggregate over \$30,000,000.

Port Townsend Items.

A correspondent at Port Townsend has kindly furnished us the following items:

The District Court has just adjourned, after a session of three weeks, Chas. P. Darwin presiding. A large amount of business was disposed of. The most interesting case was that of Adams vs. McCalmon and others, or the Clallam County Vigilance Committee. Adams was banished by the Committee to Victoria, and commenced suit against it for \$25,000 damages. He obtained a verdict for \$2,000 and costs.

Six indictments were found, and, on trial, three of the parties were found guilty, two acquitted, and one refused to acknowledge the jurisdiction of the Court. The latter is an indictment against Capt. Gray of San Juan Island for false imprisonment and malicious trespass. The Captain refused to allow the Sheriff of Whatcom County to arrest him. The Judge ordered the Sheriff to bring him if it took all the men in the Territory to do it. The Sheriff then went with a posse to arrest the Captain, who informed him that he had seen the U. S. Attorney and made arrangements so that it was not necessary for him to appear. The sheriff and posse returned and found that Mr. Holmes had applied for a stay of proceedings, which the Court refused, repeating the order for the Captain's arrest. And so the matter rests at present.

Chas. Howard, found guilty of assault and battery and sentenced to three months imprisonment in the county jail and \$300 fine, the sentence not being satisfactory, broke from the Sheriff and took to the woods.

Thos. McCraan was sentenced to one year's imprisonment for forgery.

Another delinquent was sent to the county jail for selling liquor without license. This was in the case of the floating palace at Port Ludlow.

Port Townsend is improving. We are now blessed with a good hotel which this town has much needed for some time. Mr. Sires has fitted up the Pioneer Hotel in good style and with good taste and is well prepared to receive the traveling public. There is considerable whitewashing and papering going on, on the strength of the removal of the Custom House to this place next month. Property, however, has not gone up. Good building lots can be had at \$50 and upwards.

A son of F. W. Pettygrove exhibited in town a large panther that had been killed in his field on the night of the 18th inst. It measured 7 feet and weighed 140 pounds. It had carried off several sheep and the dogs had all lost their reputation for honesty.

THE COMAX COAL DISPUTE.—We understand that there is likely to be trouble in respect of the coal mine at Comox, which the Government recently sold to a San Francisco company. The original prospectors claim that they were legally in possession at the time of such sale, and have retained possession ever since, which they will insist upon maintaining. Mr. Landale, Mining Engineer, and some workmen, came up on the Active yesterday to represent the purchasers.—Chronicle.

Five priests were married in Naples in the month of April, one of them being a Franciscan monk. It is thought that these marriages will go on increasing.

SIRHS' PIONEER HOTEL, PORT TOWNSEND.

DAVID SIRE'S, Proprietor.

THE ABOVE WELL-KNOWN and popular House, having been thoroughly renovated, and newly furnished, is now prepared to accommodate guests with greater comfort, and in a more accommodating manner than any House in this city.

The House will be conducted on the RESTAURANT PRINCIPLE. BREAKFAST, from 6 to 11 o'clock. DINNER, " 12, 2 " SUPPER, " 5, 8 "

Persons arriving on boats, accommodated at all hours, day or night.

Connected with the Hotel is

A SPLENDID BAR

always stocked with the BEST WINES LIQUORS and CIGARS, in the market.—ALSO— one of Phelan's New Style Four Pocket

BILLIARD TABLES.

We would call the attention of passengers to the sign of the "Big Lantern," which is kept burning as long as the house is open. Sept. 24th, 1866. no27-1f

**FRENCH MEDICAL OFFICE.**  
Dr. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University, Queen's College, and Physician of the St. John Baptist Society of San Francisco.  
Dr. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms 9, 10, 11, first floor, up stairs, entrance on either Montgomery or Sacramento streets.  
Dr. PERRAULT's studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually result in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life of that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uterus on going to stool or making water, the Intellectual Faculties are weakened, Loss of Memory, Ideas are clouded, and there is a disinclination to attend to business, or even to reading, visiting or the society of friends, etc. The patient will probably complain of nervousness, Vertigo, and that Sight and hearing are weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptoms are rashes in the face, and itching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter, as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage, Gonorrhoea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.  
Dr. PERRAULT's diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.  
Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfill our promises. We particularly request those who have tried this boasted doctor, and who have been disappointed, to call upon us. Low charges and quick cures.  
Ladies suffering from any complaint incidental to their sex, can consult the doctor with the assurance of relief.

**FEMALE MONTHLY PILLS.**  
Dr. PERRAULT is the only agent in California for Dr. Bior's Female Monthly Pills. Their immense sale has established their reputation as a female remedy, approached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express any part of the world, secure from robbery or damage.  
Persons at a distance can be cured at once, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms 9 and 11, or to P. O. San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc. All communications confidential.

**FLORENCE SEWING MACHINES.**  
Copy of the Report of the Committee of Awards at the Fair of the **AMERICAN EXHIBITION,** NEW YORK, 1865.  
To the **FLORENCE SEWING MACHINE CO.,** for the Best Family Sewing Machine.  
Highest Premium! Gold Medal!

**REASONS:**  
1st. Its simplicity and great range of work.  
2d. The reversible feed motion.  
3d. The perfect finish and substantial manner in which the machine is made.  
4th. The rapidity of its working, and the quality of work done.  
5th. The self-adjusting tension.  
The "Florence" was awarded the First and Highest Premium at the State Fair of California, the only Fair on the Pacific Coast at which any two double thread Sewing Machines were exhibited in competition in 1865.  
The FLORENCE received the only premium awarded by the Mechanics' Institute, of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.  
Wherever the FLORENCE has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficient, and its use is easily learned. Every machine sold is guaranteed in the full sense of the word. Send for Circulars and Samples of Work.
