UNION PLATFORM.

WHEREAS, The Union Convention, now in session at Vancouver, Washington Territory, deem it their duty, as representatives of the Union party, to clearly and unequivocally define the position they occupy in common with all Union citizens; therefore be it

Resolved, That the late rebellion against the legitimate authority of the United States, directed against the life of the nation, having been crushed, it becomes the duty of the representatives of the loyal masses to take such measures for the national preservation as will prevent a future expenditure of blood and treasure, and protect all law-abiding citizens in the enjoyment of their rights.

Resolved, That while we all earnestly desire such a regeneration of those who so persistently endeavored to destroy the nation during four years of rebellion, as would enable us to extend to them once again the right hand of fellowship, self preservation forbids us to trust them until they have manifested a sincere contrition for the past and proved by their future conduct that they have the welfare of the UNITED STATES enshrined in their hearts as their governing principle.

Resolved, That the bloody massacres of Memphis and New Orleans, as well as the general persecution of the Union men throughout the South, and the selection of notorious rebels for civil offices, prove that the temper of those who strive to destroy this great nation remains as yet unchanged. Beaten in their appeal to arms, they are now striving to acquire political power which would inevitably be used to accomplish our destruction.

Resolved, That we most heartily rejoice in the adoption of the thirteenth amendment to the Constitution, whereby slavery or involuntary servitude, except for crime, is forever destroyed, and cordially approve of the proposed amendment to the Constitution, known as the Fourteenth Article, believing that it contains principles essential to our national security, and future utility and welfare.

Resolved, That we heartily endorse and fully sustain the reconstruction bill passed by Congress as the last session, as it prevents those who have already labored to destroy the nation from re-acquiring power to renew the contest.

Resolved, That we urge Congress not to overlook the claims of the Northern Pacific Railroad. On its construction depends in a great degree the future prosperity of the entire North-West, and of the loyal millions who will inhabit it. We believe that it would develop resources, agricultural, mineral and commercial, of incalculable value to the United States, and that our delegate will devote his best energies to the accomplishment of this great enterprise.

Resolved, That in our opinion the Union members of the Thirty-ninth Congress have labored faithfully and zealously for the public interests and deserve the Nation's thanks.

THE SAME OLD SONG.

The declaration of the Copperhead Convention of Washington Territory that there is no obstacle in the way of harmony in our Government "save the factious course of a mutilated Congress," is quite like the complaint which that party made six years ago to the effect that the only obstacle in the way of harmony then was that its opponents were bent on resorting to the unconstitutional policy of coercion, or in other words, that they would not let Jefferson Davis and his compatriots alone. "All we ask," said these men, "is to be let alone," and their Copperhead allies taking this perfectly fair declaration as the basis of their argument, proceeded to arraign the Union party for causing the war. The only obstacle in the way of peace, as they thought, was the factious and unconstitutional course of loyal men in taking measures to suppress the rebellion. Had the rebels been allowed to have their way, there would have been no war. So now, if these same men who have been defeated in their criminal attempt to destroy this Government, were allowed to have their way, harmony would doubtless be restored. Hence it appears clearly enough to satisfy the Copperhead mind, that a "mutilated Congress," backed by the people who suppressed the rebellion, is keeping the country in a state of violent agitation and preventing the return of the era of tranquility and good feeling. The remedy is very simple indeed;—quite as simple as it was six years ago. Only grant what our Southern brethren demand, and the "only obstacle" is at once removed.

Of course they who talk about a "mutilated Congress" never find it convenient to consider how the mutilation occurred. It was perfectly proper in their view for the Southern members to quit their places as they did in 1860-61, and leave Congress a "mutilated" body. They who now bawdy this epithet had no objection then to this action, and none whatever to a "mutilated Congress." This term is of later invention. But it may be proper to remark to those who are employing it, since they are evidently laboring under no little confusion in regard to the subject, that the "radicals" in

Congress of whom they complain so bitterly are not responsible for this mutilation. The political friends of the Washington Territory Copperheads "mutilated Congress" some six years since. That being the fact, the friends of the Confederates have no cause to complain.

It is the same old story over again. Every body is unconstitutional. The loyal people by whose sacrifices the nation was saved are the only obstacles in the way of the restoration of harmony. Men who shed their blood to prevent the disruption of the Union are denounced as traitors, and care is taken that censure shall not fall on those who are actually guilty of treason, and who fought to destroy the Union. The country is going to ruin, and consolidation which has been the cry ever since that faction was invented three-quarters of a century ago, is still presented as a bugbear. This party croaked in our ears in 1861 that the policy of coercion would inevitably lead to permanent separation; it insisted that the slaveholders' rebellion could never be put down; it declared that the emancipation was the death knell of the Union; it indignantly asserted that the policy of arming negroes to fight for the Government would be the ruin of the nation; it declared the war for the Union a failure and on that ground asked in vain for the people's votes; it proclaimed that the re-election of Lincoln would render the war interminable and dissolution certain—all these and other direful prophecies it uttered—yet what one of them proved true? And yet this detected, and exposed party, with its record of disloyalty and with its thousand falsified predictions confronting it, still continues its doleful croakings. What true man believes any one of its utterances?—*Oregonian.*

Some time since, when Mr. Perry, Secretary of the American Legation at Madrid, was in one of the Basque provinces, he heard a band playing their national airs. The Basques have preserved whatever is peculiar to them—their language, their customs, and many of their political rights, from the earliest period in which they are known to history. Their national music is claimed to be of the same antiquity. After the band had played several other airs, it struck up "Yankee Doodle," the very tune in every note, which is so familiar to American ears. Mr. Perry immediately claimed it as our national air. "It is one of our old tunes," said a gentleman to whom he spoke, "and I can convince you of the fact. For hundreds of years it has been a popular air among us." The gentleman afterwards made good his assertion by showing Mr. Perry a manuscript of great antiquity which contained the identical musical notes of "Yankee Doodle."

The President has nominated nearly every member of his clique of renegades for the Austrian Mission, and the place still remains unfilled. Doolittle would doubtless resign for the purpose of getting it were it not for two considerations. Of these the first is the knowledge that the Senate would never confirm him, and the second is that he is too mean to do his outraged constituents the justice of resigning the trust they have given him, and which he has so shamefully betrayed.

The internal revenue tax collected from the ten rebel States during the year 1866 was less by twelve millions of dollars than that collected from the little State of Rhode Island. So after all, this does not show any great amount of "taxation without representation."

Professor Dwight, of New York, has been studying up the history of impeachments, and he does not discover a single case in which the accused was suspended during trial. On several occasions the Commons asked the Lords to address the Crown for a removal from office of persons under impeachment, but the Lords uniformly refused, on the general principle that the innocence of a functionary must be presumed until he is found guilty.

The editor of the *Tribune* has microscopically examined the slab of petrified bacon found by S. H. Puget on the banks of the Carson river, and now in the Odd Fellow's cabinet at Virginia, and has no hesitation in pronouncing it a genuine petrification of genuine bacon, with the genuine hair (bristles) of the genuine hog.

"Boss, I want twenty-five cents," said a jour printer to his employer. "Twenty-five cents! how soon do you want it, Jake?" "Next Tuesday." "As soon as that? You can't get it. I have told you so often that when you wanted so large a sum of money you must give me at least four weeks time."

The murder of Dr. David Livingstone, the famous explorer, by the Caffres of South Africa, will excite universal regret. His heroic self-sacrifice and indomitable pluck have made his name a household word in this country as well as in England.

The editor of an Eastern paper, a cross old bachelor, says, "The reason why women do not cut themselves in two by tight lacing, is because they lace around the heart and that is so hard that they cannot effect it."

OVER MODEST.—A West End music dealer was lately overpowered by a fastidious young lady who wanted to purchase "Mr. Hood's"—a song of the—a gentleman's under garment.

A YOUNG LADY returning

to her country home, after a sojourn of a few months in the City, was hardly recognized by her friends. In place of a coarse, ruddy, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the

Circassian Balm, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or Gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all the impurities, kindly healing the same, and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. THE NORTHERN PACIFIC RAILROAD

In the present Congressional canvass, there is no subject of more vital importance to the interests of this Territory, politically, morally and socially, than that which relates to the building of the Northern Pacific Railroad.

The letter below shows that Mr. Flanders has not yet changed, that his convictions in regard to it were long prior to his being nominated, or ever thought of as the Union candidate.

The personal friends of the lamented Stevens were not confined to the political party to which he belonged when he was the Governor, and afterward the Delegate of this Territory; and his subsequent course when treason raised its standard, in rushing to the defence of the right and laying down his life for the preservation of the Union, has strengthened their attachment to him memory.

The construction of the Northern Pacific Railroad to the headwaters of Puget Sound, was the great object of his life, from the time he received the appointment of Governor of this Territory until he fell at the battle of Chintilly; and we are well satisfied that he would rather have been instrumental in securing its completion than to have accepted the best and most lucrative position in the gift of the Government.

WALLA, W. T., April 23, 1867. C. CYNBER, Esq.—Dear Sir:—Having been informed that you are especially alive to the great importance of the Northern Pacific Railroad, and that you and others were desirous of ascertaining the position of Mr. Alvan Flanders, the Union nominee for Delegate, on this question, I am glad to state explicitly what his views are in regard to the matter.

In many conversations with Mr. Flanders in relation to the Northern Pacific Railroad, he has always taken the ground that the opening of the Northern route was of vital importance to this country; of such importance that all other questions become dwarfed by comparison, and that the duty of our public men was plainer in nothing than that they should devote their entire efforts to promote the building of the road.

Knowing such to be his views, and believing that the interests of the Territory demand more attention to the development of her resources, and less to the political issues of the day, I most fully endorse Mr. Flanders as one who, if elected Delegate, would devote himself to the advancement of this enterprise.

Washington Territory has not merely an interest in the building of the Northern Pacific Railroad; her whole future growth is bound up in it; and her representative

should have sufficient force and ability to make her wants known at Washington. Mr. Flanders possesses these talents in an eminent degree. Moreover, he is well known to the California Senators, having served in the legislature of that State with both Conness and Cole, and having been associated with the latter on the Union State Committee for several years.

Fully impressed with the necessity of the work, admirably qualified in character, capacity and address to impress his views upon others, and already on intimate terms with a number of the most influential members of Congress, Mr. Flanders is better prepared to represent the Territory on this question than any other that could be chosen. I am, sir, very truly yours, HAARD STEVENS.

TERRIBLE SHOOTING AFFRAY.—PASSENGERS BY THE NEW WORLD ON THURSDAY LAST FROM PORT TOWNSEND GIVE ONE OF THE PARTICULARS OF A TERRIBLE SHOOTING AFFRAY THAT TOOK PLACE IMMEDIATELY AFTER THE ARRIVAL OF THE NEW WORLD AT PORT TOWNSEND.

It seems that some seaman had employed Lawyer Tripp of that place, to attend to some business in relation to their wages, which he did. But on settling with the seamen some trouble ensued, the latter charging Tripp with swindling them. Mr. Tripp went from this place, on the Monday preceding the affray, on the New World intending to go ashore at Port Townsend. On arriving at the latter place, the seamen made certain hostile demonstrations towards Tripp, threatening, we are informed, to kill him. Not thinking it safe to land, Tripp went on in the New World to Victoria accompanied by his wife and brother-in-law, where he procured a double-barreled shotgun and his brother-in-law a revolver. Returning to Port Townsend last Thursday, he, in company with his wife and brother-in-law, went ashore. The seamen were on hand and on renewing their hostile demonstrations, Tripp is reported to have shot one of them with his gun and his brother-in-law another with his revolver. The brother-in-law is then said to have fired at a third wounding him in the head, while Tripp attacked him with the butt end of his gun. The wounding was instantly killed but the third, it is thought, will survive. There were a large number of persons standing on the wharf at the time of the affray, and the opinion seems to prevail that the homicide was justifiable. The seamen, it is said, were armed with clubs and were in waiting to attack him when the boat arrived.

PACIFIC COAST DIRECTORY.—Mr. Leigh Harnett, agent for this valuable work, passed down the Sound on Monday last on his way to Victoria. He informs us that his supply of the work was shipped to that city and that he will begin to deliver it to subscribers and to all who wish to purchase it, in a few days. We acknowledge the receipt of a copy. It is a most valuable work. The following is a general outline of the plan of the work:

The first part of the work contains the organization of the different departments of the Federal Government on the Pacific Coast, and the officers thereof, with a variety of useful data of a general character; the organization of the different States and Territories on the Pacific Coast, and the officers attached thereto, with appropriate references to the various departments of each; and a carefully prepared exhibit of the resources of the States and Territories included in the plan of the work. Part second embraces a gazetteer of the counties, cities, and towns of the Pacific Coast, the officers governing the same, with the address of each merchant, manufacturer, and professional residing therein. Part third includes a classified Business Directory, containing the name of each merchant, manufacturer, and professional in the States of California, Oregon, Nevada, the Territories of Washington, Idaho, Montana, and Utah, and the Colony of British Columbia, arranged under the head of the business or profession in which he is engaged.

In 1804 a coal mine in Scotland, which could not be reached by water, caught fire. It burned for thirty years, baffling all the efforts made to extinguish it, until finally in 1834, an eminent engineer, M. Goldworthy Gurney, undertook the task of putting it out. He covered all the openings of the mine, leaving two holes, into one of which he forced steam mingled with the products of the combustion of a coke fire, which generated pure carbonic acid and nitrogen. In six weeks the fire was extinguished, and then a new difficulty presented itself—how to cool the heated mine, so that when fresh air was re-admitted combustion would not again begin. This was, however, effected by a spray of water with the jet of suffocating gas.

KING COUNTY UNION CONVENTION.

The Convention met on Saturday, May 18th, at the usual hour in Yester's Hall in Seattle, and was called to order by the Chairman, Mr. John Webster.

The committee on credentials made their report which was adopted.

On motion a committee was appointed to request Hon. A. A. Denny to address the Convention relative to the canvass for Delegate to Congress.

On motion, the Convention then proceeded to ballot for candidates, resulting as follows: For Representatives, L. B. Andrews and D. B. Ward; for Sheriff, L. V. Wyckoff; for County Auditor, I. M. Hall; for County Treasurer, O. C. Shorey; for Probate Judge, Thos. Mercer; for Superintendent of Schools, E. Carr; for County Commissioners, B. W. Pontius for Seattle Precinct, Martin Giveler for Mox La Fish and A. Gow for White River; for County Surveyor, H. J. Stevenson; for Coroner, S. Wetmore; for Wreck Master, R. H. Beaty.

On motion, the Chair appointed L. B. Andrews, L. V. Wyckoff and Dr. J. Settle a committee to confer with a committee from Kitsap county in relation to the nomination of a candidate for Joint Councilman.

On motion, L. B. Andrews, H. Van Asselt and S. P. Willis were appointed Central and Finance Committees for the ensuing year.

Moved and carried that the proceedings of the Convention be published in the Puget Sound Gazette and Pacific Tribune.

On motion, the resolutions of the Vancouver Territorial Union Convention were adopted by this convention.

After hearing the able remarks of the Hon. A. A. Denny, which were heartily endorsed, the Convention adjourned sine die.

J. W. WEBSTER, Chm.

L. B. ANDREWS, Sec'y.

Don't change your business every time you have the bines—change is not beneficial. If you are cheated, don't try to get even by cheating some one else; if you have made a bad bargain, don't stop trading, but make a better one next time.

If you get in a scrape, get out, and look closer next time—never be caught twice in the same trap. People may forget errors, but they have no sympathy for fools.

If you wish to be a leader, always go ahead; and remember that the smoother the route you pick out, the less complaining there will be among your followers.

And above all, Valtor, my boy, no matter what the circumstances, never be the first to go back on your friends. Be honest and faithful—God and good fortune will never desert you.

A man in Ohio walked on the ice twelve miles, obtained a marriage license, went back by the same conveyance the same day and was married in the evening. Such a persistent bridegroom as that chap deserves to be "hugged up warm."

To terminate a dog's suffering, a man in St. Louis struck it over the head with a revolver, which discharged a ball into his own body, killing him instantly. Says an exchange, what became of the dog?

A model returns upon a writ was made by a deputy sheriff in Indiana. It was: "Served the within, but was fit with bricks by the woman, so that I could not serve it."

A friend is so determined he will not have meat visiting in his kitchen, that he has decided to furnish a small house for his servant girls to do their courting in.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University, Queen's College, and Physician of the St. John Baptist Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Alimony Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs, entrance on either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age.

Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal. It is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in cancer, the germ of which is planted in early life, and the bitter fruit tasted long afterward: patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual Faculties are weakened, Loss of Memory ensues, Ideas are clouded, and there is disinclination to attend to business, or even to reading writing or the society of friends, etc.

The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and a sense of the body. Some of the most common symptoms are pimples in the face, and aching in different parts of the body.

From this disease, should apply immediately to DR. PERRAULT, citizen in person or by letter, as he will guarantee a cure of Seminal Emissions and impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage, Gonorrhoea, Gleet, Stricture, Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diploma are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfill our promises. We particularly request those who have tried this boasted doctor, and that advertised physicians, still worn out and discouraged, to call upon us.

Low charges and quick cures. Ladies suffering from any complaint incidental to their sex, can consult the doctor with the assurance of relief.

FEMALE MONTHLY PILLS. DR. PERRAULT is the only agent in California for DR. BLOTT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females.

On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. Perrault, corner of Sacramento and Montgomery streets, Rooms 10 and 11, or Box 973, P. O. San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

All communications confidential. WE THINK THERE IS NO Medicine so efficacious in removing humors from the blood as SCOVILL'S BLOOD & LIVER SYRUP.

It is recommended by Physicians in all parts of the country, for the cure of Scrofula, and other diseases of the Cuticle. Pimples or Sores indicate that the system is out of order. Unless something is done to cleanse the blood of these impurities, the result may be a more serious disease, such as Scrofula, Syphilis, etc.

Those who wish to find a most efficacious remedy, and yet have no confidence in Patent Medicines generally, will never regret a trial of Scovill's Blood and Liver Syrup.

STOP THAT COUGHING.

Some of you can't, and we pity you. You have tried every remedy but the ONE destined by its intrinsic merit to supercede all similar preparations. It is not surprising you should be reluctant to try something else, after the many experiments you have made of trashy compounds foisted on the public as a certain cure; but

NEWELL'S PULMONARY SYRUP is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis, and Consumption. Thousands of people in California and Oregon have been already benefited by the surprising curative powers of NEWELL'S PULMONARY SYRUP

and with one accord give it their unqualified approbation. We now address ourselves to all those who are unacquainted with the great Panacea of the age, for the healing of all diseases of the throat and lungs, assuring you that NEWELL'S PULMONARY SYRUP has cured thousands, and will cure YOU if you will try it.

This valuable medicine is pleasant to the taste, soothing, healing, and strengthening in its effects; entirely free from all poisonous or deleterious drugs, and perfectly harmless under all circumstances.

Certificates from many prominent citizens of San Francisco accompany every bottle of NEWELL'S PULMONARY SYRUP.

GRAFENBERG'S UTERINE CATHOLICON.

if faithfully used according to directions will cure every case of Diabetes, and greatly mitigate the troublesome effects caused by a relaxation of the outlet of the bladder. It is a most successful remedy for gravel and other diseases of the Kidneys and bladder, and for Female Diseases is unequalled. The Catholicon uniformly cures Prolapsus Uteri, Whites, all irregularities of the Monthly Turns, Suppression, Incontinence of the Urine, Bleeding and Dropsical Swellings, and all Diseases of Pregnancy. The specific action of this medicine is immediate and certain upon the Uterine and Abdominal Muscles and Ligaments; restoring them to so healthy a state as those of childhood and youth, so that patients who have used the GRAFENBERG COMPANY'S UTERINE CATHOLICON cannot sufficiently express their gratitude for the relief afforded. REDINGTON & CO'S ESSENCE OF JAMAICA GINGER.

This valuable preparation containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to nausea, caused by riding in a railroad-car, or by sea-sickness, or other causes.

It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc. SOLE AGENTS FOR THE PACIFIC COAST. no 52-1yr

Ahead of All Others is the "MARTHA WASHINGTON" HAIR RESTORER.

It is used by all and is acknowledged to be superior to any preparation in market. It keeps the hair soft and glossy. It changes the hair to its original color. It prevents the hair from falling out. It prevents premature baldness.

It makes old heads look young, and, in fact, it will do all expected of a good genuine Hair Restorer. Do not be humbugged by buying any other preparation. Try it, by all means try it, and you will never regret it.

Be sure to ask for the "MARTHA WASHINGTON HAIR RESTORER, and take no other. REDINGTON & Co., Sole Agents, 416 and 418 Front St., San Francisco. March 18, 1867. no2:1y

Know Thy Destiny.

MADAME E. F. THORNTON, the great English Astrologist, Clairvoyant, and Psychometrist, who has astonished the scientific classes of the Old World has now located herself at Hudson, N. Y. Madame Thornton possesses such wonderful powers of second sight, as to enable her to impart knowledge of the greatest importance to the single or married of either sex. While in a state of trance, she delineates the very features of the person you are to marry, and by the aid of an instrument of intense power, known as the Psycrometrope, guarantees to produce a like-like picture of the future husband or wife of the applicant, together with date of marriage, position in life, leading traits of character, &c. This is no humbug, as thousands of testimonials can assert. She will send when desired a certified certificate, or written guarantee, that the picture is what it purports to be. By enclosing a small lock of hair, and stating place of birth, age, disposition and complexion, and enclosing fifty cents and stamped envelope addressed to yourself, you will receive the picture and desired information by return mail.
