Address, GEORGE STARRETT, WALLA WALLA, W. T.

Registered Bondsmen. In the Treasury Department writes a correspondent at Washington.

"BUCKSKIN BILL." An Old Story. A man with a buckskin blouse, a rifle slung over his shoulder.

I HEARD A GROWL. right a hind me. I turned round, and there was the biggest cougar I ever seen.

BUCKSKIN BILL. I've been here since '49. I thought I'd roll 'round, as things is dull.

P. B. Johnson Dissected. Folly and vice, by turns, do Johnson rule. Sometimes the knave prevails.

A World's Fair Not Wanted. Says the New York Sun, all the published accounts of the reception given at Delmonico's on Saturday evening.

The truth is, the people of this city do not want the proposed World's Fair.

Balm in Gilead. And now comes Prof. Lewis Swift, the Rochester astronomer.

James Redpath describes Davitt as the William Lloyd Garrison of Ireland.

A novel feature of the Funding Bill, as reported to the Senate.

It is a nip-and-tuck between Uncle Sam and Jay Gould, which shall run this little continent.

Lime juice, with water, sugar and spirits added, are used by many people for dyspepsia.

What is the Legal Fence. As the legislators of Indiana are now copying their brains as to what law or laws should be enacted.

New York—The town meetings prescribe what shall be deemed a legal fence in each town.

Delaware—Four feet with a ditch within two feet, is a lawful fence.

South Carolina—Fences must be six feet high, of wood or hedge.

Kentucky—All solid or strong fences five feet high, so close that stock cannot creep through.

Ohio—"A fence of whatever material, constructed in all respects such as good husbandmen ought to keep."

Illinois—"Fences four and a half feet high, of rails, timber, boards, stone or other things deemed equivalent thereto.

Wisconsin—"Fences four and a half feet high, &c. By act of 1878, barbed wire fence is defined as a legal fence.

Iowa—"Four and a half feet high, or fifty-four inches. Barbed wire fence is defined as a legal fence.

Texas—"Five feet high. Barbed wire defined as a legal fence.

Kansas—"Warm fences four and a half feet; turf, four feet with ditches, wire fences four feet apart.

Nebraska—"The legal fence is described as 'such a fence as good husbandmen generally keep.'

California—"The legal fence is described with great particularity. Wire, post and rail, brush, picket; ditch, pole and hedge wire fences not less than three separate strands.

Colorado, Montana, Arizona, and Utah—four and a half feet high.

New Mexico Idaho and Washington—four feet high.

Indiana—Any structure in the nature of a fence such as good husbandmen generally keep.

An entirely uncalled for slur on the STATESMAN appeared in a recent number of the Seattle Post.

We have branded this author a liar before. An authorized agent never missed rec: the line was in.

That the editor of the STATESMAN, in his official capacity of telegraphic correspondent of the Associated Press for the Pacific Coast and Territories.

Each planet, even the great Jupiter, is a pigmy compared to the sun; in fact, he will outweigh all of them combined by more than 700 times.

James Redpath describes Davitt as the William Lloyd Garrison of Ireland.

A novel feature of the Funding Bill, as reported to the Senate.

It is a nip-and-tuck between Uncle Sam and Jay Gould, which shall run this little continent.

Lime juice, with water, sugar and spirits added, are used by many people for dyspepsia.

TELEGRAPHIC! SPECIAL DISPATCHES TO THE STATESMAN—PER WESTERN UNION TELEGRAPH LINE.

A TERRIBLE COLLISION! Steamship Oregon Collides with a River Steamer and a Barge!

FOUR MEN DROWNED! Destroyed by Fire. A Robbery. Arrested. An Archbishop Resigns. The Rain.

AID ASKED FOR OREGON. Congressional Senatorial Caucus. New Post Office. A Harbor of Refuge.

THE WARRIOR STATESMAN! King Coffee on the War Path. Will the Lion Cough? Four Students are Burned to Death at a Massacre Ball, &c.

PACIFIC COAST. PORTLAND, Feb. 28.—Jack Sheppard was arrested for a robbery committed at Seaside.

Robbery. Henry Everding's store was entered the other evening by burglars and \$250 taken from the safe.

Disappeared in Smoke. SAN FRANCISCO, Feb. 28.—The large mercantile establishment of Moore & McLennan was destroyed by fire yesterday.

The Kallach Case. The testimony for the prosecution closed to-day in the Kallach murder case.

Terrible Collision. PORTLAND, Mar. 1.—A disastrous collision occurred on the Willamette river at 8:15 last night.

Archbishop's charge. The Archbishop's charge was read to-day in the cathedral.

SEARCHING IN THE RUINS. What children have escaped are cared for by the citizens.

San Antonio.—Gen. Ord will leave for the City of Mexico, as bearer of dispatches of some sort.

Heavy Storms. CHICAGO, March 1. The heaviest storm ever known here just passed over the lakes.

St. John's, N. F., Mar. 1.—The Brigantine Isabel was wrecked off the shore of Gait Island.

King Coffee on the War Path. LONDON.—Advices from the Gold Coast state that the Ashantes threaten an immediate attack.

Will the Lion Cough? Late dispatches from Durban disclose the fact that there is great danger that General Colley will be compelled to surrender.

Students Burned to Death. MUNICH.—At a masked fete of students of the Academy of Painting, the costumes of some students caught fire.

A. O. U. W. The principal matters decided by the recent session of the Grand Lodge are:

They are not notified when the balances are in their favor, and unless they discover it the money will remain in the department.

Report of G. L. of Pennsylvania, held in Philadelphia January 11th, 12th, 13th and 15th.

There are now 43 lodges in the interior of Oregon, Washington, Umbria, while several are ready to fall into marked increase during the last two months.

Bob Ingersoll says, an economical rich man is a curse and a pest. The country is blessed where the rich are extravagant, and the poor economical.

The legislature of Nebraska is called "the boy legislature." Only eleven years old, and forty are less than thirty-five years of age.

Woe to him that putteth the bottle to his neighbor's lips; but a great deal more to him who putteth it to his own lips. Whoa young man!

The present winter has finally silenced that oldest inhabitant, who has always been ready to tell of colds and cold-er nights. He gives it up. For which relief, much thanks.

A Senate Committee will investigate Chester A. Arthur's nativity. If it turns out that he was born in Canada, he is ineligible to the Vice-Presidency, and Bill English will take that position.

What a relief it is to turn from political editorials in exchanges to the calm, dignified statements to be found in the local notices of patent medicines. There is no lying in patent medicine advertisements.

Somebody has counted the rings of the big trees of California, and find that the tree has attained the respectable age of 2,000 years—almost as old as our oldest.

Wonder if there are any political rings when this old tree's rings were new.

A Clearfield county man laughed so excessively at the antics of a grand-child that he disarranged some of his internal fixings and fell over dead. This is a warning to people against having any grandchildren. They're dangerous.

In order to secure skilled workmen, the Ames Manufacturing Company has revived the old style apprenticeship, except that the term is only three or four years instead of seven. As things are now, as soon as a boy learns enough of a trade to earn his board at it, he sets up in business for himself.

Another feather in the cap of America and a proof of our superiority in seamanship. While other nations, during the month of October lost hundreds of vessels we, according to the Bureau Veritas, did not lose a solitary one. But then we are bowed in sorrow when we learn that these circumstances arise from the same reason that while sheep eat more than black ones—there are more of them.

The old Russian statesman, Gortschakoff, has finally retired. He is pronounced by the Prince German Bismark, the great statesman, since Richelieu. This is quite generous in Bismark, if only he didn't make a mental reservation in favor of himself. Evidently however he has never heard of William Pitt Kellogg and other great statesmen of that ilk that this country has produced.

We have been reliably informed, says the Mountaineer, by a gentleman who relayed a conversation with Captain ... that when the latter gentleman attempted to go to the ... that the channel up ... was closed with ... to the river.

The following letter has been received at the headquarters of the department of the Columbia at the U. S. district land office: EX-MANSION, Washington, D. C.

It is hereby ordered that the following tract of land situated in Washington territory, be and the same is hereby set aside and the same is reserved for the use and occupancy of the Spokane Indians. Com-

It is hereby ordered that the following tract of land situated in Washington territory, be and the same is hereby set aside and the same is reserved for the use and occupancy of the Spokane Indians. Com-

A New Corporation. ST. LOUIS, MAR. 3.—A corporation has been organized here for the purpose of forwarding grain, produce and all kinds of merchandise direct to European cities of New Orleans and the Gulf of Mexico.

Perchillan. 3.—The severest ... 60 years has ... with her ...

Foreign Missions Unions.

"The Folly of Sending Missionaries Abroad" was the subject discussed by the Rev. A. S. Gardner at the Bleeker Street Universalist Church. Foreign Missions, he declares to be an entire failure. With all the thousands of missionaries sent abroad and the million of dollars expended upon them, nothing had been accomplished. Conversions had been made among the poor and ignorant, but none among the intelligent of any country. The speaker thought that there was to much splurk in the orthodox religion; there should be more love. The work was impracticable and not in harmony with the fitness of things. What the pagans need is education, moral teaching and the supplying of their wants. More applications were made to the missionaries for bread during the famine in India than had ever been made to them for religious instruction. It was perfectly consistent, he said, for the orthodox with their belief to send missionaries to foreign lands. The only wonder was that they didn't send more of them. But the attitude of the liberal Christian was not so clear; they believe that as long as the heathen remains in a state of ignorance God in his mercy will care for him, yet they send a missionary to him, knowing that if the poor heathen does not believe it will prove his curse. The speaker gave a glowing description of the excitement over foreign missions a few years ago, when servant girls were induced to give a small portion of their small wages, and children were persuaded to go without sugar, and missionary rags were instituted, on the ground that a few rags might save a precious soul. There was no need of going far from New York to do missionary work. There are many pagans right here at home, and it is much better work with a short lever than with a long one.

Meteorological Record. By the kindness of Mr. I. Straugh we are enabled to place before our readers the temperature and rain fall for the four months of November, December, January and February. Meteorological record for four months ending February 28, 1881.

NOVEMBER. Highest barometer 30.85 in. Lowest " 30.20 " Mean " 30.325 " Highest temperature 72 " Lowest " 45 " 29 " 14 " Rain fall " 31.96 " 1.00 in.

DECEMBER. Highest barometer 30.80 in. Lowest " 30.20 " Mean " 30.09 " Highest temperature 72 " Lowest " 45 " 29 " 14 " Rain fall " 31.96 " 1.00 in.

JANUARY. Highest barometer 30.80 in. Lowest " 30.20 " Mean " 30.09 " Highest temperature 72 " Lowest " 45 " 29 " 14 " Rain fall " 31.96 " 1.00 in.

FEBRUARY. Highest barometer 30.80 in. Lowest " 30.20 " Mean " 30.09 " Highest temperature 72 " Lowest " 45 " 29 " 14 " Rain fall " 31.96 " 1.00 in.

NOTICE IS HEREBY GIVEN THAT

BY VIRTUE OF AN EXECUTION ISSUED out of the District Court of the First Judicial District, W. T., and to me directed and delivered for a judgment rendered in said court on the 12th day of January, 1881, in favor of F. W. Paine and J. C. Paine, Plaintiffs, and against G. W. Paine, Defendant, for the sum of \$1000 Dollars, with interest at the rate of one and one-half per cent per month, and \$75 costs and \$100 attorney's fees, and interest on said judgment so rendered, before me, and a decree of judgment so rendered has been duly entered upon the execution docket of said District Court, I have levied upon the following described real estate, to-wit: The South half of the Southeast quarter and Northwest quarter of Section Number 7, and North half of Northwest quarter, Section Number 17, and North half of Northwest quarter and Southeast quarter of Section Number 7, North of Township Number 33 East, and Range Number 33 East, situated, lying and being in the county of Walla Walla and Territory of Washington.

Notice is hereby given, that on SATURDAY, the 3rd day of April, A. D. 1881, at the hour of 2 o'clock P. M., of said day, I will sell at the right title and interest of said G. W. Paine and J. C. Paine, the above described real estate, at the Court House door, in this city and county of Walla Walla and Territory of Washington, at public auction, to the highest and best bidder to satisfy said execution and all costs.

Given under my hand this 23rd day of March, A. D. 1881. JAS. B. THOMPSON, Sheriff of Walla Walla Co., W. T.

Notice is hereby given, that on SATURDAY, the 3rd day of April, A. D. 1881, at the hour of 2 o'clock P. M., of said day, I will sell at the right title and interest of said G. W. Paine and J. C. Paine, the above described real estate, at the Court House door, in this city and county of Walla Walla and Territory of Washington, at public auction, to the highest and best bidder to satisfy said execution and all costs.

...The Exchange Hotel has been closed. Mr. O'Brien and family having left for Portland to take charge of the Villard House.

DOUBLE WIRE.—In about two weeks the Western Union telegraph company will have a double wire in operation between this place and Portland.

COLLIER.—The O. R. & N. Company will soon have three colliers of a combined capacity of 7500 tons running between their coal mines and different ports on the coast.

WILL ROUTE.—Mayor McAuliff's saw mill in the Blue Mountains will soon resume work. Mr. McAuliff states that this year he has the finest and largest run of logs ever brought to his mill.

SAN FRANCISCO.—The Southern gentleman in San Francisco would not attend a reception given to King Kalakua because he is a "man of color." Great jeopohat and this in the 19th century! Let's increase our institutions of learning.

NEVER.—On Saturday last Mr. Thibault rode down the road between this place and the Wallula junction, to make a preliminary survey and see what changes will be necessary to complete the road to the standard gauge, which operation, it is thought, will be transformed in a very short time.

COMPLIMENTARY.—We acknowledge the receipt of an invitation to attend a social organization to be given by the truly sociable organization the Verein Entrecht, on the evening of March 5th. We have not forgotten the courtesy extended to us as the last one, and shall eagerly attend. Tickets including collation \$2.50.

WILL COME.—Ex-Governor Downey, of California, after visiting the different points of interest in Oregon will visit the Cascades and upper Columbia. He will probably visit our city and the country beyond. We hope our fair land will suit the distinguished gentleman and that he may be induced to become one of us.

MRS. THOMAS.—Mrs. Thomas, who is awaiting trial in our county jail for the killing of Ananias Shanks, seems to have entirely recovered from the shock of her husband's execution. She is now anxious to hear from her folks who live in Ray county, where, as she has not received a word from them since the execution of Thomas.

THROUGH TICKETS.—The O. R. & N. Company now sell through coupon tickets from Portland to any part of the United States and Canada. The new coupon tickets for sale at the company's office contain forms of through tickets equal to 14,300 and aggregating in value a quarter of a million of dollars.

RETURNED.—H. W. Mitchell, Esq., returned from (Calif. where he has been on business connected with the O. I. Company reports times dull but that a larger average than ever will be ploughed this year. The farmers will have wheat and grass and corn growing nicely. The roads are in a fearful condition and it takes the stage 24 hours to make the trip from Dayton to Colfax.

BLESS BROTHERS.—The Blue Ribbon Club held a large and enthusiastic meeting on Saturday evening last. The house was so crowded that parties stood up in the windows. The most interesting part of the evening's entertainment was the reading of the statutes by Hollon Parker, Esq. The gentleman was frequently cheered, and finally had to bow himself out amid deafening cheers.

NUMBER OF ARRESTS FOR FEBRUARY.—The city officials made twenty-five arrests during the month of February. One was arrested for smoking opium, one for keeping an opium den, four for drunkenness, two for indecent exposure, six for violation of city ordinances to keep sidewalks free from snow and ice, one for fast driving, seven for fighting, one for obstructing sidewalks and two for disorderly conduct.

NO BOTTOM.—Some residents of the upper country left here the other day for Dayton, on their way home, when their teams sunk deep into the "gentle mud" that prevails, we believe, in that locality, were unable to extricate themselves. Finally they were relieved by a party with a four horse team. There is one thing certain, and it is this: Men who do not subscribe for a paper must expect to be sucked in every now and then.

PROMISING.—Under this caption the Brooklyn Eagle of Feb. 5th has an article on Washington Territory given to a reporter of that paper by the Hon. N. S. Owings, Secretary of this Territory, who is visiting his brother Colonel John F. Owings, who resides in the city of Brooklyn. The article gives a very encouraging and flattering review of the fertility and resources of the Territory and not a word but is correct in every particular.

IN TOWN.—The ever welcome Dan Lyons of the Falouse Ferry on Snake river is in the city on business for a few days. He reports cattle having suffered severely during the winter but as an offset the grain crop the coming season will be excellent both in quality and quantity. The Falouse Ferry is in the best condition and emigrants will find every accommodation, and information respecting the great country beyond most freely given.

IMPORTANT.—The railroad company gives notice that on and after this date they will not delay the time of departure of their trains for anyone, and those who cannot get at the depot by six o'clock sharp will have the extreme pleasure of waiting for the next down train. The company also notifies all parties that they will carry passengers and freight, destined for Wallula, as far as the junction, the balance of the distance, about 1 1/2 mile, will have to be performed on foot.

RAIL AND WATER.—The sternions will leave Celilo instead of Ralock's as heretofore announced on account of the very low stage of the water, precluding the possibility of towing the wharf boat over the rapids. On Tuesdays and Fridays the steamer Gates will leave Celilo for Priest Rapids. On Tuesdays of each week the steamer Almada will leave Celilo for Lewiston also to Astorworth. The steamers Faxon and Spokane will run in the iron trade between Celilo, Unstilla and Astorworth. As soon as business will justify the Faxon will be put on with the Baber on the regular passenger route. It is estimated to connect with the Baber on the Baber will leave Walla Walla at 6 A. M. on Mondays, Wednesdays and Fridays and will arrive at Walla Walla on Tuesdays, Thursdays and Saturdays at 9 P. M.

HEAVY MORTGAGE.—The mortgage of \$6,000,000, given by the O. R. & N. Co. on personal and real property to the Farmers' Loan & Trust company, also a mortgage of \$5,000,000 in favor of the same company given by the Oregon Improvement company on their real and personal property, is now being recorded at the auditor's office. The magnitude of Col. Painter's task can be fully appreciated when the fact is taken into consideration that the printed instruments comprising 150 pages of closely printed matter, which undertaking will take Capt. Grim at least three weeks to complete. These mortgages through which the O. R. & N. Co. take possession and in whatever county the Oregon Improvement company holds property. It will cost at least \$1200. We sympathize with these companies as we often have such fees to pay.

WOOD RIVER.

One of the most promising Mining Sections of Idaho.

A CAPITALIST'S PARADISE!

Roads, Trails and Bonanzas—Principal Towns—Prospecting now, and in Early Days—Mineral Belts and Formations—First Practical Working of the Forest Camp—Lodges, Incent Districts, Etc., Etc.

Wood river and its tributaries drain a scope of country in northeastern Idaho 150 miles from north to south and 100 miles from east to west. Its principal supply of water is received from the south end of the great Saw Tooth range, and its eastern scraggy spur that takes off above Galena city, and forms the watershed between Wood river and Lost river. It is the only stream from the Henry Lake fork of the Snake river to the Boise river, a distance of four hundred miles, that cuts its way through the great lava beds to Snake river. From its head near Galena city its course is south southeast to the Boise crossing; from there to Snake river is a south westerly.

The first town on the river you arrive at is Bellevue, which is something over 5500 feet above the level of the sea. It was founded and located the first day of May, 1880, by a party of prospectors and miners working their way up the river. Eighteen miles up the river from Bellevue, in what is called the Upper Valley, at the junction of the Warm Springs and Trail Creeks with the main river, and on a high bar is located the town of Ketchum. Its situation is most central as regards to mines, timber and water power. Galena city is about 7500 feet above the level of the sea, and is the oldest town on the river.

MINERAL BELTS AND FORMATIONS. Wood river is divided by formations and characters of ores into three distinct sections. By far the largest veins and richest ores have been found on the west side of the river in the foot-hills of the Saw Tooth range. On the eastern slope of these hills, next to Wood river, and cut by all its western branches, runs what is called the Bullion and Warm Springs mineral belt. There are five different camps located on this belt, viz: Jacobs, Bullion, Deer Creek, Greenhorn and Warm Springs creek. It starts in near Jacob city and runs nearly north and south for over thirty miles to the head of Warm Springs creek, where it is cut off by a large belt of trachite. Formations of this mineral belt are quartzite, slate, black and magnesia lime, dikes of porphyry, and trachite with a narrow belt of granite running in the center of it.

A PECULIAR FEATURE. Of this belt is its hot springs coming out of the ground where the granite and lime comes in contact, and on every creek that cuts it. The ores are cube galena and carbonates; they carry some antimony and copper, and from 60 to 75 per cent lead; the veins are marked by large out-crops of iron and quartz on the surface; gangue of veins, quartz, iron and talc; ores run from \$100 to \$200 per ton in nearly all the mines on this belt. On the Camas Prairie or Wood river divide, about eight miles from Wood river, are situated what are called the Ornament mines. They carry the richest and only milling ores discovered on the river so far. Characters of ores, sulphurets, ruby and antimonial silver, malachite, and some chloride and native silver; per cent of gold generally small. Some of these ores run way in the thousands.

In Boulder and Lake creeks have also shown some fine paying ore. East from Ketchum about three miles, near Trail creek, is the Elkhorn mine. It is in calcareous shale, on some rolling hills. There were

RECOVERIES OF TONS

Of galena lying on the surface loose, which have since been shipped to Salt Lake and netted over \$100 per ton above expenses. The North Star has shipped some ore to Salt Lake, paying from \$80 to \$75 per ton over expenses. Jacobs or Mineral Hill, is the first on the west side of the locations made in 1873, and most of the subsequent locations were made in 1879. The most promising mines here are the Keystone, Jacobs, Star, Serberus, James Elliot, Scorpion and Katella. The ores of this camp are high grade; most of them ranging from \$80 to \$250 per ton. Ornament district, discovered by Haight, Edgington and Boyle, in August, 1880, is the latest discovery, and, strange to say, it is outside of Jacobs district; the earliest and easiest of access, of any camp on the river. The first piece of ore ever assayed from here, which was float rock, went nearly one

THOUSAND DOLLARS PER TON

In silver, and some few dollars in gold. The best mines discovered so far are the Ornament, Ohio South, Ohio North and Utah. These mines are in a contact vein between porphyry and granite, and are traceable by cropping and ore on the surface for over a mile. The Ornament shipped a lot of surface ore to Salt Lake that sold for over \$80 per ton. The majority of the mines on Wood river are held by men of little or no means. Had there been reduction works put up here last season ten men would be working on Wood river this winter to the one man there at present. Transportation expenses cut up all the profit on ores assaying less than \$80 per ton; it costs forty dollars per ton, from where you can load it on a wagon, to ship it to the railroad; from Kellen to Salt Lake seventy dollars per car; and five dollars per ton for sampling and assaying. This, together with sacks, tools, provisions and other living expenses, would leave the poor miner nothing at all. Consequently a large number covered up their holes last fall, and left to seek employment elsewhere.

FROM THE MOUNTAINS.—On Monday evening we received an unexpected visit from an old time mountain friend in the person of Mr. M. Storms, brother of Hon. Dan Storms of Waitsburg. He has been in the mountains for a number of years engaged in merchandising and mining and is now on a visit to his sick brother in Dayton, Ohio. He informs us that there are but two quartz claims being worked on in Warren's camp; on one "The Tramp" Charles Johnson is working and calculates to have 100 tons ready for crushing by Spring. It is estimated that it will net \$80 to the ton as 60 tons extracted the preceding winter reached that figure. N. R. Willey is working the William R. Knapp ledge and is getting out from 7 to 10 tons per week which will average \$60 per ton. During the trip out from Warren to Salmon river Mr. Storms had to travel 45 miles on snow shoes and being unwell he suffered severely and gave out several times but for assistance would have perished.

NEARLY READY.—The O. R. & N. Co., now has nearly all the machinery on hand for commencing work on the tunnels between Portland and the Dalles, which work will be begun in March, and expected to be completed in four months afterward. The line of railroad from Portland to Walla Walla will be completed this year. It is also announced that the Union Pacific will build this season from Ogden via Boise City and Baker City to connect with the O. R. & N. Company's line, and early in 1882 Portland will have direct railroad communication with the east. In 1883 when the Northern Pacific is completed a second line of communication with the east will be established.—For.

FRATERNAL SOCIETIES!

News and Incidents of the Orders and Associations—Progress of Various Organizations in the City—General News, Etc.

MASSONIC.

At the battle of Coruna, says a correspondent of the Freeman, fought in 1809, an English officer was badly wounded in the leg and left on the battle field. The next morning one of the enemy's pickets fired at him three times in succession, but in consequence of a defect in the flint gun was not discharged. The man was in the act of manipulating the flint, in order to make it "bite"—I think that is the correct term—when the wounded officer made a certain sign, by which he was at once recognized as a Mason. His assailant communicated with his commanding officer, himself a Mason, and by his orders the wounded man was conveyed to excellent quarters, and although exceedingly faint and prostrate from loss of blood he underwent the operation of amputation, and received such careful and skilled treatment that he perfectly recovered. When an exchange of prisoners took place he was restored to his country, and became the father of a family.

The Key-stone says: "The season has arrived for raising the danger signal. The news comes to us, from various quarters, of public installations of Lodge officers. What has the craft to do with the esthetic work of the public? Yet we read that about six hundred ladies and gentlemen, December 15, witnessed the installation of the officers of National Lodge No. 298, at the Masonic Temple, Chicago, a Past Grand Master losing the job."

There are four Masonic bodies in this city. Two Blue Lodges, Royal Arch Chapter, and Scottish Rite with about 180 members. The order is in a most flourishing condition. It is thought that the Masons will give a supper on the completion of the furnishing of their new hall.

L. O. O. F. There has been a "boom" in Odd Fellowship in Illinois during the past year. The 583 lodges of that jurisdiction have been at work, and Grand Secretary Nason thinks that he will be able to report a net gain of nearly 5000 members for 1880. The Veteran Odd Fellows are to visit Bay City Lodge No. 71, on Monday evening, 21st inst.

The "Degree Rituals" have finally been distributed. The degrees have been reduced from 5 to 3 in which degree the secret work is done.

A new lodge to be known as Walla Walla Lodge, has sent to the Grand Lodge for a charter. Several of our most prominent citizens have attached their names to the charter. A charter has also been sent for an encampment with a petition consisting of 20 names as charter members. The lodge here has about 90 members in good standing, and is considered to be one of the most flourishing institutions in the northwest.

The interest in the northwest has increased greatly in the past few months. The lodge here now has 47 members in good standing. The lodge will soon send out for new uniforms, on the arrival of which the lodge will have a parade. This lodge is composed of the best element in our city.

The Knights are now making arrangements to attach themselves to the Supreme Lodge Endowment Bureau. This institution is becoming very popular, and allows each member to take out an insurance policy of from \$2000 to \$10,000.

The Knights have hopes that a Grand Lodge will soon be instituted in the territory. A. O. C. W. A new lodge has recently been instituted here with a membership of 30, and promises soon to be a strong lodge.

The order in the northwest will soon reach the necessary membership to be set aside as a separate jurisdiction in this territory and Oregon.

The Upchurch Fund in California has reached the sum of \$861 35 up to the first. The total amount reported by Supreme Receiver Davis, from all other jurisdictions, was about \$1200, making to date a little over \$2100 in all, for this purpose.

Texas has about doubled its membership in the last year. It now has 22 lodges and 700 members.

Misouri is talking about having a Grand Lecturer.

The Overseer, speaking of the meeting of the Grand Lodge, S. K., says "it can justly call itself the S. K. of the A. O. U. W." As Supreme Master William Ross says, "the use of A. O. U. W. by the select Knights is unauthorized and illegal," it seems somewhat difficult to harmonize the two assertions. In California the Grand Lodge of the A. O. U. W. denies the right of the "S. K." to use the title of the order, and requests its members not to countenance the said "S. K."

GEN. JAS. McAULIFF.

A Biographical Sketch of our Present Mayor—Reminiscences of the Past.

A SON OF MALTA.

Figures as Hero in the Mexican and Subsequent Italian Wars.

Here is an individual of whom volumes might be written and much of his active, useful and eventful career be omitted. He is one of those many-sided men whose resolute, breadth of view and self-reliance, laid the foundation of the present North Western Empire of the Pacific. A merchant, patriot and mechanic, of indefatigable industry and push, such a man would carve his name deeply on the records of any community. In a new country like this, and among the diversified people who dwell in this ultima thule with its great variety and richness of resources, such a person as James McAuliff is a gem.

RIGHT MAN IN THE RIGHT PLACE. The difficulty of writing up the history of our citizens becomes apparent when we take into consideration the fact that they are too modest to have their names before the public in review of their past honorable careers. It is solely with the idea of honoring the names of those most deserving from obscurity that the sketches are now being published. We have so little data of our present subject that we can do but little more than state the fact of his existence among us. James McAuliff was born in Malta, on the 25th day of May, 1828 and is therefore nearly 53 years of age; his father was an officer in the British army, and both parents were born in Ireland. In 1847 he came to the United States, and after six years residence there crossed over to the United States in the 24 U. S. Infantry at Buffalo, N. Y., and served

with such credit that he was promoted "for his gallant service on the field." The Hon. S. Smith, now deceased, who was so well and favorably known to all our original settlers in the upper country was his companion throughout the war. In 1848 the regiment was ordered to California but passage being at that time very high, with Smith and others he was transferred to the 4th Infantry and was sent to Fort Grant, Michigan and Smith to Sackett's Harbor, N. Y. In 1852 he came with his regiment to California as Sergeant in Major Alvord's company where he met President Fremont, S. Grant, was Lieutenant and acting as Regimental Quartermaster. In 1855 Mayor McAuliff was discharged at the Dalles, Oregon and at once entered into the

MERCANTILE BUSINESS and built himself up such a reputation for honesty and straightforwardness that he was elected to serve as county treasurer for two terms. In 1859 he removed to Walla Walla and was elected to his old office as treasurer from 1862 to 1867; was sheriff from and a half year and a member of the Territory Legislature in 1864-5. He has been so repeatedly elected to the office of Mayor of Walla Walla that he is looked upon as a fixture for that position. He has served with credit to himself and the city for ten years and such is the confidence our citizens have in him that they would be willing to elect him another year.

Walla Walla Gun Club. A regular meeting of the Gun Club was held in Paine Bros' office on Tuesday evening with a fair attendance. Mr. Ed. Stone, secretary, read a communication from Critenden Robinson, of San Francisco, to the effect that he would use his best endeavors to ship the planned California quail here in exchange for the prairie chickens. The club did not deem it advisable to accept the offer and instructed Mr. West to return the Club's thanks, and also to inform Mr. Robinson that they would do all in their power to ship some chickens to California. Lieut. Wainwright was instructed to correspond with parties in Boise City in regard to Bob-white quail. A telegram from Mr. Morris Haller of Port Townsend, says,

INDIAN WARS his services have been called upon. In 1855 when the great Cayuse war broke out that winter, under a proclamation of Governor Curry of Oregon he took charge of Company B, Oregon Mounted Volunteers raised at the Dalles under command of Colonel now ex-Senator Kelley of Oregon. He was in this valley with his company during the winters '55-6 and on the bench land back of our city fought the Indians for four days and nights until the enemy left the field. For his conduct on this occasion he received the highest praise from both the governor and Col. Kelley. Since he has been in the country his fellow citizens have ever been ready to honor him by the imposition of high trusts, and in concluding we express the hope that they will show their future appreciation of such a sturdy pioneer by allowing their benefactions to become more numerous, and abundantly substantial.

SUIT FOR DAMAGES.—Jasper Howe has sued the city for \$5000 damages for injuries sustained by falling down the cellar of Dr. Day's building while in course of erection. If damages are allowed the cost will necessarily have to come out of the pockets of the tax-payers; and yet there are many who cannot and will not assist the corporation in their efforts to carry out their reforms. In the case of snow on sidewalks and more recently on signs there is a steady passive resistance to every improvement that bodes no good to the tax-payers. Years ago if a man fell into hole he would get up growing, and after cursing the authorities would go off, and that was the last of it. But now-a-days it is far different, a new class of people are filling up the city who will embrace every opportunity to sue the city for any injury they may sustain inside the city limits.

It is supposed that the usual prevalent high winds should blow down one of the signs and it should injure a man ever so little, he would be entitled to a suit for damages. The ordinances are not made in a foolish, uncertain spirit, but to be acknowledged and enforced, and every public spirited citizen will use his efforts to see them carried out. It will be far cheaper in the long run.

BRICK DENT.—John Crain was before Judge Lacy this morning to the extent of \$10 and costs. It appears that John Crain, Esq., who is a youth who in these degenerate days would be termed a hoodlum of the vilest stripe, prided himself chiefly on his superior muscle, and to make a satisfactory test of both pride and muscle he picked up a brick, and projected it against the head of an inoffensive morganian. From accounts at hand the brick sustained no other injury than being broken in pieces. As for the Chinaman's anatomy, it was not improved, at least he is not what we would call a "prettily white-haired boy of his race." John Crain, Esq., not having the requisite amount of "biting force" he was remanded to John Justice, and will, for the next week greatly improve the appearance of our streets. So ends the first Pain.

HEAVY LOSS.—LORDING O. KILBURN, writes to us from Olex, Wasco county, and says that the loss on cattle and sheep has fully equaled 80 per cent. of the total amount running at large. He says: "You can count dead cattle here by the hundreds, and sheep pelts are counted by the thousands. Vaney & Co. had 4800 and lost their entire stock; W. D. Roberts lost his band of 195 J. Hughes out of 1700 lost 1100; D. Randall out of 1900 lost 1500; C. Richmond out 2000 lost 1500, and many more that I might mention." From the above we judge that the "Olexian" experienced a much more severe winter than we of the fair Walla Walla.

WATSON'S ELECTION.—On Monday election of the Town Trustees of Waitsburg was held. Two tickets were put in the net. The "People's Ticket," consisting of W. Bruce, H. A. Preston, Martin Weller, J. Morgan and C. B. Hansford. The "Independent Ticket" was ornamented with the names of E. L. Powell, A. L. Bouville, M. J. Harkness, Geo. Kellicott and Wm. Fudge. The latter ticket, which was known as the "Olexian" carried the day by a 1-1 majority and wound up with a grand celebration.

RAILROAD NEWS.—A cargo of 700 barrels of iron for the O. R. & N. Co. arrived in Portland on March 23 from England.

Council Proceedings.

What our body did for the benefit of our Four Children.

Mayor McAuliff in the chair. Councilmen present: Jacobs, Chase, Thomas, Dorell and Welsh. Absent: Ankeny and Kuhlhauff. Minutes of the last meeting read and approved. The bills of Schwabacher Bros., \$34 47 and H. E. Holman, \$41 20 ordered paid. The report of the city surveyor on the building of side walks on Third street between Main and Elm streets, adopted. The report of committee on grading of Main street read and referred back to provision of proposals re-published as per provision of charter.

The report of City Marshal and City Justice for February rendered and referred to Finance Committee. A petition of citizens to open Rose street between 6th and 8th, received, and referred to city attorney. A petition of property owners to improve Touset street from Main to Baker, referred to Street Committee.

A petition of property owners to lay sidewalk on N. side of Main street between 7th and 9th streets, referred to Street Committee with instruction to report by ordinance. Ordinance No. —. To prohibit the obstruction of streets, alleys and sidewalks, or divert the waters of Mill creek, passed second reading. Ordinance No. —. To appropriate and appropriate the funds of the city, was on motion taken from the table and passed second reading.

Ordinance No. —. To prohibit the purchase of any article without order from committee was reported unfavorably upon, which report was adopted and the ordinance passed its second reading. Sundry bills received and reported to Finance Committee. The deed of Dr. Baker to the city on a certain fractional lot on Main street was taken from the table, read and accepted and was handed to the clerk to have same recorded.

Ordinance No. —. To appropriate \$1200 to D. S. Baker, passed 1st, 2d, and 3rd reading, and was carried. The Street Commissioner was instructed to use the lot purchased of Dr. Baker as a burial place for dead animals, and to divert the report of the city surveyor concerning the grading of 31 street from bridge to Elita referred to Street Committee. The matter of sidewalks from Birch to Dr. Newell streets on the E. side of 1st referred to Street Committee.

A committee of three was appointed to confer with J. Sheets and P. B. Johnson concerning the opening of Catherine street with instructions to report next meeting. Chase, Welsh and Jacobs, Committee. A communication from the surveyor was received concerning the survey of that portion of Alder street formerly Baxter street and further time granted.

The drainage of Washington Engine house referred to fire and water committee. The street commissioner was ordered to place barriers on Alder street near Mill creek to prevent travel as the place was dangerous. The Mayor gave notice to Council that he had been served with notice of complaint for damages, from Jasper Howe in the sum of \$5000 for bodily damage sustained by a fall into Dr. Day's cellar.

The following bills were ordered paid: Costs in Cooper case, \$14 75; F. P. Veldler, \$12; C. Kraft, \$12 75; D. C. Long, \$1; H. E. Holman, City Treasurer, \$120 63; Dr. Mauzey, \$5; B. Olmstead, \$17 50; J. Justice, \$2 50; A. Thibault, \$2; J. E. Brooks, for labor and repair on Mill creek, \$100 75; Sanderson Bros., \$6 75; Sam Jacobs, \$38; Short Bros., \$5; Ayers & Miller, \$10; John Berry, \$6; Ayers & Miller, \$32. Adjourned.

Walla Walla Gun Club. A regular meeting of the Gun Club was held in Paine Bros' office on Tuesday evening with a fair attendance. Mr. Ed. Stone, secretary, read a communication from Critenden Robinson, of San Francisco, to the effect that he would use his best endeavors to ship the planned California quail here in exchange for the prairie chickens. The club did not deem it advisable to accept the offer and instructed Mr. West to return the Club's thanks, and also to inform Mr. Robinson that they would do all in their power to ship some chickens to California. RAILROAD NEWS.—A cargo of 700 barrels of iron for the O. R. & N. Co. arrived in Portland on March 23 from England.

IT IS YOUR DUTY

To encourage and make your purchases where the most liberal advantages, both in regard to quality, quantity and prices are offered.

SCHWABACHER BROS.

NOW TAKE THE LEAD

In offering the best selection of Dry Goods, Fancy Goods, Clothing, Boots and Shoes, at prices that will insure a great

SAVING OF MONEY

To all purchasing at their Munnich Establishment.

WANT OF ROOM

COMPELS ME TO OFFER MY ESTIMATE STOCK OF Dry Goods, Clothing and Furnishing Goods, Boots and Shoes, Etc., Etc.

FABULOUSLY LOW PRICES!

IN ORDER To Make Room for an Immense Stock of Spring and Summer Goods soon to Arrive. Never in the History of Walla Walla

INDUCEMENTS!

Offered to Purchasers, at the Present Opportunity Affairs. COME ONE! COME ALL! EXAMINE MY STOCK, AND JUDGE FOR YOURSELVES. SPECIAL INDUCEMENTS IN Dress Trimmings, Clothing, Cloaks, Felt Skirts, Winter Gloves, Hosiery, Nubias, Scarfs, and Knit Goods, Etc.

F. F. ADA

29 MAIN ST., COR.

JAMES WHEELAN

Has a Splendid Stock of Saddles, Harness SADDLERY HARDWARE, &c. None but the Best Workmen employed. No trouble to show Goods, and I constantly invite the public to call and examine my stock before purchasing any where else.

VISALIA SADDLE

And all the Best California Trees are Used.

JAMES WHEELAN, WALLA WALLA. THOMAS QUINN,

MANUFACTURERS AND DEALERS SADDLES, BRIDLES, HARNESS, ETC. Brick Building, Main St., Walla Walla. I WILL KEEP AT ALL TIMES A FULL STOCK of Team and Buggy Harness, Saddles, Whips, Spurs, Halters, Collars, Curry Combs, Brushes, &c., &c.

And everything that is usually kept a first-class harness shop. REPAIRING neatly and promptly done. 3 of THOS. QUINN.

BEER! BEER! BEER! BEER!

CITY BREWERY

GREAT REDUCTION IN PRICES! Everybody Made Happy! FROM AND AFTER THIS DATE, I propose to sell and deliver within the city limits of Walla Walla, Beer by the Keg, FIVE GALLONS, FOR \$150 PER KEG! I am bound to sell, and keep pace with the times. J. H. STAHL, Proprietor.

COMING.—We have just received a private letter stating that Lieut. Schwaka, the Arctic explorer, will visit Walla Walla in the near future.

RAD ROADS.—Since the recent thaw the stages are not coming in on schedule time. The drivers inform us that the roads are in a terrible condition.

EPIDEMIC.—Dr. Cocoran informs us that the epidemic has left us. The only traces remaining are among horses that were severely attacked by the dreadful scourge.

O. R. & N. OFFICE.—Mr. Cannon, the train dispatcher, has just received a fine large oaken desk for his use, made at the O. R. & N. Co.'s works at the Dalles.

ALLEYS.—All the alleys in the city should be thoroughly cleaned before the warm weather sets in. The street commissioner should also see that all cellars are pumped dry before the stagnant waters breed malarial fever.

DIVORCE.—Judge Wingard has granted a divorce prayed for by Adelia Bockler with Robert Bockler, giving her the care of the two minor children, the fruits of the two incomes, and the grounds taken in the petition were neglect and cruelty.

EXTRA PAY.—The Secretary of War has decided that enlisted men detailed to act temporarily as Commissary Sergeants are allowed extra pay, at 35 per cent per day, for the time so employed as clerks in the Subsistence Department.

PERSONAL.—Mr. Wm. Murray, of San Francisco, made us a very pleasant call. Mr. Murray states that he has done more business this year than at any previous period; a fact that goes to prove that our merchants have no fears of "dull times."

HARD LABOR.—Privates Beven, of "K." company, and Davies, of "M." company, were sentenced to the late general court martial to four years of hard work on the rock at Alcatraz island, and to be dishonorably discharged after that time for disobedience of orders.

NEW TELEGRAPH MANAGER.—The new Western Union manager Mr. E. Bowler has taken his position at the office of the company. For a long time he has held a responsible position in the Portland office. We welcome him to our city for he is a number one gentleman.

AN OLD TIMER.—Father John B. Broulliet, a missionary to this country some 40 years ago, is at the present time in this city. The father is stationed at Washington, D. C., and is here on an inspection tour of all the Catholic Indian agencies. No doubt Father Broulliet realizes the old adage that "time works wonders."

IMPROVED.—In the upper country there lives an eccentric old farmer who found his cellar stairs hard to climb on account of the height of the steps. After a careful consideration he hit upon the device of nailing a piece of two inch plank on each, in order, as he said, to "bring them nearer together." He contends that he notices "a little tetch of improvement."

THEIR PAY.—Contractors in the Oregon Railway & Navigation Company's services receive \$95 a month; engineers, \$90, \$100 and \$125; brakemen, \$65; firemen, \$65. Mr. J. L. Hallett, the General Superintendent of Construction is paid \$5,000; riding bosses \$2,000 a year; Chinamen \$1 a day; themselves; white men, \$1 50 a day; four-horse team, \$4 a day; four-horse team, \$8 a day.

PARADISE LOST!

A Continuation of a Cilly Quarrel Among the Earthly Angels.

The arraignment of God Almighty on earth—so to speak—still continues before the judge of judges, Referee Langford. The examination of the witnesses is slow and tedious job, as the testimony has to be taken in writing. The witnesses for the prosecution have most all been examined. No facts of importance other than those we have already published have been elicited. Mr. Cilly, who probably received his name from that old medieval custom wherein persons were named after some striking family trait, has avowed under oath that for the past few years he has made a long and arduous journey of himself, and that he has yet to see the angel standing in his pathway. The group congregated in the referee's court is a MOTELY ONE.

Consisting in the first place of God Almighty patterned after the latest designs known to modern art, and guaranteed to relieve all willing and obedient appetites of surpluses, bac or marbles. The first person of the blessed Trinity seems to enjoy the testimony of the many simple minded persons who place so much confidence in his arrogant doctrines. Stated around the room is generally a dozen individuals from the hardy and hopeful young men to the tottering gray headed who will soon have to answer the last summons of his Creator, and last, but not least, are our legal friends Messrs. Crowley and Isham, who kill time during the tedious proceedings by alternately masticating fine law points and tooth picks.

Ainsworth Items.

Large gangs of men are daily going to the front.

The great car house which is 300 feet long by 50 feet wide is about completed.

Large gangs of men are going up the Yakima to take down the new drive of logs.

The "big jam" in the Columbia is broken, and the raft will be immediately driven to the saw mills.

There is a rumored activity in building matters. Eight or ten new buildings are now in progress of construction.

The advance party for the completion of location survey of the Pen d'Oreille division will start for the front immediately.

The disease of mumps is rapidly spreading in Ainsworth. The boys down there say that they can stand it as long as the cook holds out.

"My girl a Singer is," said Jones, "She sews up to high C, And when she warbles in the choir She paralyzes me."

"My girl is an American," said Smith from Boston town, "She swears by Plymouth rock and she Dots take the cake and crown."

"I have a darling," Robinson Spoke in tones eulogistic, "Among whose claims I merely state She is a good Domestic."

"How very queer," mused Brown alone, "A fellow quite erratic, 'I'll say my girl is kissing is Past running Automatic."

"How very queer," mused Brown alone, "A fellow quite erratic, 'I'll say my girl is kissing is Past running Automatic."

OFFICE OF THE PACIFIC MUTUAL Life Insurance Company.

OF CALIFORNIA.

SACRAMENTO, July 1st, 1880.

To ALL DESIRES OF SECURING THE BENEFITS OF LIFE INSURANCE.—The first consideration with applicants for life insurance is, or at least should be, SAFETY. Will the money paid out for the Policy be prudently invested? Are the affairs of the Company honestly and Efficiently Administered? When the Policy becomes a Claim, will it be Promptly Paid, and thus the object which induced the payment of the premiums be fully attained? These are queries naturally suggested and the character of the answers determines the course of the purchaser and the selection of his Company. In this connection, the Managers of the PACIFIC MUTUAL LIFE INSURANCE COMPANY respectfully beg leave to submit the following facts and statements regarding their Company:

1. Since its organization, A. D. 1868, it has paid \$57 death losses on policies amounting in the aggregate to \$202,572.

2. It has paid to Policy Holders, for Matured Endowments, Dividends, and Surrender Values, in Round Numbers, \$1,000,000.

3. Its losses have been paid PROMPTLY AND WITHOUT LITIGATION. No judgment arising from a policy claim has ever been rendered against it, and it has no suits of this character pending.

4. It has repeatedly been examined by SWORN EXPERTS, and most thorough and searching investigations made of its condition and business, and in every case its solvency and trustworthiness have been demonstrated.

5. Its Stockholders and Directors are widely known as among the most capable business men and ablest financiers of the State of California, and the integrity of their management is unquestioned.

6. The laws of the State, including the constitutional provisions affecting corporations, are of the most right character, such as to make the company one of the safest institutions of its kind.

Section 3 of Article XII of the New Constitution of the State of California, is as follows: Sec. 3. Each stockholder of a corporation or joint stock association shall be individually and personally liable for such proportion of all its debts and liabilities contracted or incurred during the time he was a stockholder, as the amount of stock or shares owned by him bears to the whole of the subscribed capital stock or shares of the corporation or association. The Directors or Trustees of corporations and joint stock associations shall be jointly and severally liable to the creditors and stockholders for all moneys embezzled or misappropriated by the officers of such corporation or joint stock association, during the term of office of such Director or Trustee.

7. Its policy contracts contain no restrictions upon residence or travel, and its forms of insurance are unusually attractive. The Low Rate, Deposit Endowment, and Mutual Investment Policies, are peculiar to this Company, and offer advantages to the insured which are not elsewhere, if equalled by those of any other Company.

8. When desired, Policies can be registered by the Insurance Commissioners of California, on the payment of a moderate fee; and a policy holder in the PACIFIC MUTUAL LIFE INSURANCE COMPANY OF CALIFORNIA has then the absolute guarantee of the State of California that the money held by this company against the contingency of his death is secured by bonds and mortgages deposited in the State Treasury. With December 31st, 1879, the Company closed its eleventh year, and in so doing affords the only instance on record in which a life insurance company in the eleventh year of its existence was enabled to pay its death losses from interest receipts; not only was this done but in addition thereto a considerable surplus remained. Believing ourselves entitled to the confidence and business of such as propose effecting insurance upon human life, we solicit their patronage, and pledge ourselves to discharge to the best of our ability the important and sacred trust devolved upon us.

CHARLES N. FOX, R. C. CLARK, JOHN DEERE, W. E. CLUNESS, W. R. CLUNESS, K. K. ALLEN.
